

## Quick T 261

### Chapter 261: Proud actor emperor's best coupling (Part 27)

There was a dark glow in his eyes as he seriously looked at her. He came forward and gently wrapped the rope around her waist.

Luo Qing Chen looked down and seeing his slender fingers wrapping around her waist, her eyes couldn't help becoming a bit wet.

"Mu Hua Nian, how will you get down....." She bit her lip as her voice choked up slightly.

Without knowing why, she felt some fear in her heart. She looked into his eyes and the flames reflected in his dark eyes.

Her feet felt a bit weak.....

"I have my own ways, you leave first." His cool as water voice hit her ears and her hands trembled even more.

The flames were becoming stronger behind them, so he was a bit worried. There wasn't much time left, he had to quickly send her away.

"You just have to hold on tight, I'll bring you down." He knit his brows and softly pushed her to the window as he said, "Don't be afraid, bravely go down."

Luo Qing Chen took a deep breath and gritted her teeth. She looked into his eyes and said, "You can't lie to me!"

When she was about to climb down, she didn't forget to turn to look at him seriously as she spoke.

"Relax, I won't like to you, my Luo Mu couple." After saying this, he checked the rope before carrying her to the window, slowly letting her down.

Luo Qing Chen felt a weightless feeling come over her and she tightly held the rope, as she moved down step by step.

A four story villa, although it wasn't high, it also wasn't low. There was the back garden underneath which was filled with fragrant flowers.

A lot of smoke filled her nose, making her unable to stop coughing. But when she looked up at the deep eyes by the window, it was like she had taken a pill that steadied her heart.

It made people assured.

Until——

"Peng——" There was another large explosion and large amount of air came out of the second floor window, flying at Luo Qing Chen in the air.

"Si——" The rope twisted under the might of the air and most of it was torn off. Only a third of it was left and it looked very dangerous.

Luo Qing Chen trembled. She took a deep breath as her face turned pale.

What to do? Should she exchange for teleportation!

No, if she left, what about Mu Hua Nian!

But how could she help him if she stayed!

In a single second, her brain quickly turned. On the edge of life and death, she thought of many possibilities, many methods to stay alive.

But she really didn't want to leave Mu Hua Nian.

How could she escape alone, they already said they were the best couple!

But what she didn't know was that the man standing by the window on the fourth floor looked at her with a face of panic, afraid of the moment the rope would snap!

He didn't think at all as he quickly tied the rope to a hook by the window.

The hook was very sharp, it wouldn't hold up for more than ten seconds before breaking. Also the third of the rope remaining wouldn't last for long.

Luo Qing Chen pursed her lips and wanted to say something.

But she found that the heroic figure on the fourth floor didn't hesitate at all to—

Jump down!

He jumped to the left of where she was and when he was beside her, he grabbed her by the waist and let his body move under her, as he tightly held her.

The rope couldn't take the weight of the two of them and it instantly snapped.

He hugged her like this as he gave a sigh of relief while a faint smile hung on his lips.

As they fell down.....

### **Chapter 262: Proud actor emperor's best coupling (Part 28)**

In that instant, Luo Qing Chen's mind completely turned blank.

Her eyes were wide open as she looked at Mu Hua Nian in front of her. His eyes were as deep as the starry night, but it revealed a determination that couldn't be shaken.

After half a second.

"Peng——" A loud sound filled her ears and she felt her head jolt as they landed on the ground.

Pressed under her was the man with a pale face that had slightly knit brows and a faint smile on his face.

Luo Qing Chen took a deep breath and wanted to stand up, but she found that the other side was tightly holding her waist.

Moreover, it became tighter and tighter.

[Ding, affection has increased by ten. Mission completion rate is now 60%.]

Un, the feeling of hugging her was indeed not bad.

She didn't have time to care about the system notifications at all, as her heart felt like it was blocked and filled with pain.....

"Are you alright?" Her trembling voice cut through the silence.

Falling down from the second floor, it was impossible for him not to be injured.

Wan Zi and You Zi were stunned by everything.

Every action Mu Hua Nian made was just like in a movie, he was unbelievably handsome.

"Un humph——" He gave a grunt. His brows were tightly knit and there were beads of sweat on his head as he said with slightly pursed lips, "I'm alright, just a few bones should be broken."

"Ah——" Everyone was shocked.

You Zi and Wan Zi quickly came over with anxious looks on their faces, not knowing what to do.

Luo Qing Chen softly bit her lip. Looking at him not caring about his injuries at all, she felt even worse.

How could there be someone who wasn't afraid of death and jumped from the fourth floor to save her, just to catch her as she fell in the air and not to let her be injured at all?

And he was the one who saved her and he gave her affection.....

When they came to the emergency room of the hospital, she was still thinking of this question and her heart wouldn't calm down.

When the red light dimmed, everyone's heart skipped a beat.

Luo Qing Chen was the first to rush over. Her long lashes kept trembling as she looked at the doctor and said, "Doctor, is the patient.....alright?"

"Alright?" The doctor laughed with his mask on before saying, "Three broken ribs and one of them stabbed five millimeters into his lung....."

.....

Before the doctor finished, Luo Qing Chen's tears fell down.

The doctor with his mask on saw her appearance and quickly said, "It's just five millimeters, isn't it just a poke? What are you crying for....."

Luo Qing Chen didn't say anything as she bit her lip and her tears couldn't help falling out.

Three broken ribs, it definitely must have hurt!

"Alright, alright, it's no big problem, you can go in and see."

After that, Luo Qing Chen didn't even turn back as she ran into the patient's room.

When she came in, she was shocked by the youth in the bed.

In order to avoid hurting his wounds, he could only lie sideways on the side of the bed. His face was a bit pale, but his eyes were still penetrating.

“Mu Hua Nian.” She walked over step by step with soft steps. She slightly pouted her lips and said, “When will you be able to save the beauty without being injured.”

Mu Hua Nian wanted to raise his hand, but it was like he opened his wound again as he knit his brows and his face became even more pale.

Luo Qing Chen was stunned and quickly ran to the side of his bed. She looked at him while biting her lips and said, “What do you want, I’ll help you.”

After that, his bandaged left hand grabbed her hand and firmly held it.

He said, “This.”

When his eyes saw the pair of snow white hands tightly holding his hands, his lips curled into a faint smile.

[Ding, affection has increased by ten. Mission completion rate is now 70%.]

### **Chapter 263: Proud actor emperor’s best coupling (Part 29)**

Early next morning, Luo Qing Chen found herself on a sofa when she woke up and there was only her in the room.

There was a note on the table by the sofa, written in powerful and neat words.

— I’ve gone to get a CT scan to make sure nothing else is hurt. If you wake up, go eat breakfast first.

???

When did the proud young master become the caring little prince?

Isn’t this change a little too fast!

[It isn’t fast, the host’s affection has already reached 70%.]

Luo Qing Chen was scared. She felt it had been a long time since she heard the system and didn’t know what to say.

But it was good, she had some questions to ask.

System, yesterday’s fire, was the culprit.....Xia Xing Ge?

[Yes, she hired someone to set the fire.]

Damn, I knew it was her. Not daring to go face to face, only knowing how to make small moves from behind! That really is Xia Xing Ge’s style!

[What is the host planning?] The system felt that the host wanted to complain about someone and suddenly felt a bit excited.

What else can I do? I'll go straight forward and won't hide. Tell me Xia Xing Ge's home address.

[The host wants to find the original host's real father Xia Bai?]

It's all fine, even the mother is fine.

[Xia Bai has been hospitalized for the past few days for myocardial infarction, he's currently in a high class room in the city's number one hospital.]

Ha, ha, ha! Her father is in the hospital and she was in the mood to participate in whatever «Entering Love». This kind of person isn't worthy of being surnamed Xia.

She stood by the window and was in a daze. Her left hand softly touched her moonstone bracelet and she muttered through gritted teeth, "Xia Xing Ge, you should return your identity to me."

After an hour, she came to the so called number one hospital.

But the VIP room wasn't easy to enter, so she had to dress up.

Because she successfully took a nurse's uniform with the system's help, she avoided everyone's gaze and came to the VIP room.

It had to be said, the VIP room really was extravagant! If it wasn't for the scent of ethanol in the air, she would have thought that she was in a high class hotel.

After walking around, she saw Xia Bai's name on room 2520.

The moment she came in, she thought that she had entered some presidential suite.

A large two story room with state of the art equipment and nurses caring for you twenty four hours of the day.

Xia Bai was sitting on the large bed in the middle and his wife Xie Wan Yue was sitting beside him. Xia Bai's complexion was quite good and he was looking at the forty inch LCD TV in front of him.

When Luo Qing Chen opened the door, his eyes fell onto her.

Shock, confusion, panic, and disbelief.....

Xie Wan Yue also had the same expression. She was trembling a bit as she slowly stood up and nervously swallowed a mouthful of saliva before saying, "You....."

Before she even finished, a nurse on the side cut her off.

"Hey, what division are you from? What is your name? Why do you look unfamiliar?"

"People who aren't related, please leave first." She slightly looked up with a cold look in her eyes. Her voice had no ripples, it was as calm as water.

"Quickly, call security." The nurse saw that she didn't have a name tag and she was acting this arrogantly, so her first reaction was to call security.

If anything happened to mister Xia, the people in the room couldn't afford the consequences.

"No need——" Xia Bai raised his hand and stopped her. His eyes were burning as he looked at the people in the room and said, "You can all leave first, me and my wife will talk to her alone."

"Mister Xia....."

"Get out——"

"Alright, if anything happens to mister Xia, please call for us." The nurses looked at each other before leaving.

Luo Qing Chen wasn't surprised why Xia Bai and Xie Wan Yue were shocked, she understood the moment she saw Xie Wan Yue.

This was because she almost looked the same as Xie Wan Yue.

### **Chapter 264: Proud actor emperor's best coupling (Part 30)**

This wasn't strange, it was why even though the previous host investigated secretly, Xia Xing Ge was able to find out.

If it was said that it wasn't strange for people to be similar in the world, there were many stars that looked the same, not to mention normal people.

Xia Xing Ge naturally didn't think too much when she saw the previous host, but when the previous host investigated her and the Xia Family, naturally she could connect them together.

—

"You are....." Xie Wan Yue's voice was trembling. She was wearing a white dress which covered her slim figure, with a white golden crown holding her black jade like hair. It gave her a scholarly look that was graceful and powerful

Luo Qing Chen narrowed and closed the door, as she walked towards Xie Wan Yue step by step.

This was a face that had gone through the passage of time, but it was similar to hers.

"I am your daughter." Luo Qing Chen didn't beat around the bush at all, as she looked at Xia Bai and said, "I know that mister Xia is a part of the four great families of S city, so you definitely won't believe me easily, even if me and mother are very alike."

Xia Bai didn't say anything, as his eyes sparkled like he wanted to keep listening to what she said.

Actually, she didn't know that he was very nervous.

"Let's find a doctor and do a DNA test!" Her brows jumped up slightly as she revealed a faint smile

Why waste words when things could be taken care of with two drops of blood.

It wasn't too late to say everything else after the results came out.

After a while, Xia Bai took the special phone by his head and he spoke as soon as the call was connected, "Have director Jin come find me."

—

What Luo Qing Chen never expected was that her and Xia Bai's DNA test was performed in front of her. Since this room was the newest VIP room, as long as there were skilled people, it could be easily done. No need to wait or delay things.

Normally DNA tests would take seven days and it would take two days even in special circumstances.

But to Xia Bai, it only needed two hours for the results to come out.

The analysts looked at each other before nodding to director Jin.

After three minutes, the printer sounded and one of the analysts gave the report to director Jin.

Director Jin was very surprised when he saw this report, but he didn't say anything else as he gave this report to Xia Bai.

Actually, as a giant in the business circle, how could he have not seen through their expressions.

When he reached out to take the report, he could feel his heart beating strongly in his chest.

There was a red alert on the life monitor by his bed.

The report said: According to the blood test, there was a 99.99% chance they were father and daughter.

Luo Qing Chen could tell that Xia Bai's eyes had reddened and Xie Wan Yue couldn't stand up any longer, as she sat down.

After a while, he came back to his senses and said to everyone, "Today's matter, I want to sign an agreement with all of you and you will receive rich rewards from the Xia Family. From this moment on, forget everything. If today's matters are spread, you will know the consequences. The things that I Xia Bai can do will definitely implicate even your descendants."

Luo Qing Chen heard this and was a bit surprised. Xia Bai had the aura of a business giant, just a few short words scared everyone into nodding, not daring to refute him at all.

But no matter what, she had taken the first step in connecting with her real parents.

This was at least considered a wish of the previous host. In another dimension, she was murdered before she could even meet the Xia couple.

### **Chapter 265: Proud actor emperor's best coupling (Part 31)**

When Luo Qing Chen left the room, she turned back and could still see Xie Wan Yue crying.

She didn't go forward to hug her like in the movies, she just silently stood not far away, looking at her with the care for one's mother.

So a display of affection was not hugging each other, just looking at each other.

—

That night, a package came to the place she rented and the sender was Xia Bai.

She couldn't help laughing in her heart. He really was someone with power, it was too easy for him to find someone in this city.

There were two things in the box: A letter and a black bank card.

When she saw the letter, she was stunned. He really was an old person, he liked using a pen to write letters.

But it was right, how could the cold text of a cell phone express the same amount of emotion as strokes written.

The contents of the letter were simple.

Qing Chen, I am your father who has never taken responsibility. Even with my information network that spreads over the country, we actually let you leave us. I will take care of everything within three days and bring you home. Use the bank card to transition over the next three days, don't force yourself to do anything. Your mother and I will pick you up soon. —Xia Bai.

Finally something happened that made her feel everything was progressing smoothly.

Taking the black card she had never seen before, she shined it under the light as her lips curled into a faint smile.

Early next morning, she wanted to go to the hospital, but she received a call from You Zi that was related to work.

She hesitated a bit before sending a message to Mu Hua Nian on QQ.

When QQ opened and she saw A Big Tree, she was stunned!

A Small Flower: Big sister You Zi wants me to go to the set of the TV series «Half Smiling Summer», she said that there was a role for me. Film emperor Mu, I have to go film now, rest up properly. When I'm done, I'll bring you lunch. O(∩\_∩)O

Ding dong——

When she wanted to put her phone back into her pocket, the other side responded making her take it out again!

A Big Tree: Humph! Remember to bring an umbrella, there are thunderstorms today. If you make the sofa in the room wet, you'll have to pay before you become a film empress. (˘\_˘)#

Aiyaya! Truly proud. His words don't represent his mood, when would he fix this flaw!

A Small Flower: Understood! What do you want to eat for lunch? ㄟ(ˊωˋ)ㄎ

A Big Tree: We'll talk after you come.

Your friend A Big Tree has logged off.

Pu, alright! You're powerful!

Luo Qing Chen put the umbrella beside her into her bag as a sweet smile appeared on her lips.

This feeling, it really wasn't bad.

But half an hour later, it wasn't that good anymore.....

Because at the set of «Half Smiling Summer», she saw the person she least wanted to see.

Gu Liu Sha.

He, he! His luck really wasn't bad. He had left right before the villa was set on fire and he had safely avoided this crisis.

He really had good luck!

You Zi saw that her expression wasn't good and quickly pulled her to the side to say, "You should know about «Half Smiling Summer», right? It's a television series adapted from a webnovel with a high IP traffic, today you'll be auditioning for the female role. Whether you can keep this up and instantly become famous will depend on this chance."

"So, Gu Liu Sha is here to audition for the male lead?" Luo Qing Chen's eyes turned cold. Looking at the figure among the staff, her heart filled with dissatisfaction.

She really wasn't willing to see this person. Can't we just be far away from each other and take care of ourselves?

### **Chapter 266: Proud actor emperor's best coupling (Part 32)**

Rather Gu Liu Sha was dressed in a white dress shirt, a dark red bowtie, and gray trousers. He had a smile on his face, looking like a blooming flower.

His mood was quite good today. It was a good thing that the heavens were helping him and he could meet the girl he couldn't forget again.

At the same set, he was auditioning for the male lead and she was auditioning for the female lead.

If they both passed, this campus drama might be the chance for him to bring her back to his side.

On the way to the set, he still hadn't come to terms with what he had done yesterday.

But when he saw her, he was very certain that his actions yesterday were completely correct.

Last night, he opened a bottle of 82 red wine and after drinking half of it, he called Xia Xing Ge.

He told her——

He wanted to break up!

Xia Xing Ge cursed into the phone and said every bad thing she could say. He didn't listen to the things before that, he only listened to the final thing she said.

"Gu Liu Sha, let me tell you. If I have a way to make you popular, I can also crush you. You just wait."

"Alright, I'm waiting."

After saying this, he hung up the call and blocked all of Xia Xing Ge's contact information.

Without knowing why, his heart was filled with comfort.

When he saw Luo Qing Chen this morning, his mood was even better!

"Number seven, Luo Qing Chen auditioning for the female lead Xia Qian."

"Coming, director." You Zi pulled Luo Qing Chen who was unwilling and muttered, "Act properly."

Luo Qing Chen slightly knit her brows and unwillingly walked onto the stage.

She had received a script from You Zi on the way. This time they were testing two scenes.

One of them was the dying scene of the male and female lead, which was the one she was acting out.

The male lead died because he was cut down saving the female lead from bad guys, so there was a moment between the lovers before his death.

The script went like this——

Male: I won't be by your side from now on. You must.....You must take care of yourself.

Female: No.....Don't go. What should I do if you leave.....

Male: You will meet a better person. When you meet them, don't forget me!

Female: No, Ye Xiao, I can't live in a world without you.

After that, the female lead broke down in tears while holding the male lead and roared into the sky, "God, I hate you!"

(End)

"Alright, get ready——"

"Wait a minute, director." Luo Qing Chen raised a hand and said with an awkward look, "Director, when I fell out of the villa filming the variety show two days ago, I sprained my right hand, so I can't hold the auditioning male lead."

When she used the words 'auditioning male lead', she clearly defined her relationship with Gu Liu Sha.

Want this treasure to hug him, in his dreams!

Director Hua who was a well known director naturally knew about the fire at the villa two days ago. She nodded and said, "Then let's have Gu Liu Sha lie on the floor and we'll prepare a pillow for him."

"Alright!" The assistant on the side agreed.

Gu Liu Sha slightly knit his brows. There was an unpleasant feeling in his heart as he unwillingly lied down on the pillow.

Luo Qing Chen loved to be in his embrace and listen to his sweet words before.

But now she wasn't even willing to act in an audition!

It's all Mu Hua Nian's fault. If he didn't appear, there would only be Gu Liu Sha in Luo Qing Chen's eyes!

Thinking of this, his fists unknowingly clenched.

When everything was prepared, director Hua called into her loudspeaker, "3-2-1, action!"

### **Chapter 267: Proud actor emperor's best coupling (Part 33)**

Gu Liu Sha laid down on the pillow and he lovingly looked at Luo Qing Chen as he said, "Xia Qian, from.....now on I won't be by your side anymore. You must.....You must take care of yourself."

When Luo Qing Chen heard this, she felt her stomach churn. These kinds of words from Gu Liu Sha made people unable to not fill with discomfort.

She wanted to answer, but found that when she looked at Gu Liu Sha, she really couldn't say a thing.

The only thing she wanted to do was——

Raise her hand and slap him!

She took a deep breath and spoke in a voice like a robot, not even comparable to a normal person.

Or perhaps her voice right now was the same as her system.

"No, don't, go. What, should, I, do, if, you, leave....."

She was using words rather than sentences to act.

Director Hua instantly knit her brows. She wanted to cut off Luo Qing Chen, but Gu Liu Sha kept acting with a loving look on his face, so she didn't say anything.

"Xia Qian, you will definitely meet.....a better person." Gu Liu Sha's eyes were currently filled with tears and they were a bit red. He gritted his teeth as he continued, "When you meet them.....don't....."

In that instant, he didn't want to say the words "forget me" because he was that unwilling to have her forget him!

Luo Qing Chen knit her brows. The final sentence appeared in her mind and she couldn't say it no matter what.

Until——

"Humph, humph, humph, what is this acting?" Director Hua was visibly angry, but she was still a professional director. Even though she was dissatisfied, she didn't curse out at them.

You Zi saw this and quickly came forward to apologize, "Sorry director Gua, she just escaped her death two days ago, so she might not have recovered yet."

Luo Qing Chen saw You Zi's humble appearance and couldn't help feeling a bit bad.

But what could she do? She couldn't say a single loving word to Gu Liu Sha at all, she was very desperate!

"Un." Director Hua's expression wasn't good, but she still politely nodded to You Zi as she said, "Then if there is a chance next time...."

"Director please wait." When Gu Liu Sha heard this, he immediately jumped off the ground and looked at director Hua while saying, "It could be that I was too into it that Qing Chen couldn't act properly. Isn't there another scene to choose from? Can you give us another chance and try that script?"

He didn't want to act in this TV series with someone random! The only person he wanted to act as a couple with was Luo Qing Chen and no one else!

Director Hua hesitantly rubbed her chin as she looked at Gu Liu Sha and Luo Qing Chen.

She was very clear on the matters of the industry. Even if one wasn't a Starry Night employee, they knew most of what happened between Luo Qing Chen, Gu Liu Sha, and Xia Xing Ge.

Although she was a first class director in the country, she had become famous with the quality of her TV series. But since there was a chance to become popular, might as well give them another chance.

After a while, director Hua said with a nod, "Alright. Assistant, give them the other script and we'll perform again in five minutes. You shouldn't make any mistakes because of your lack of acting skills! This is a special chance!"

"That, director." Luo Qing Chen couldn't listen anymore. She didn't want this role at all.

It wasn't because she was giving up, but rather because she would rather take the next chance than to face Gu Liu Sha.

But what she never thought that when she was prepared to decline, a nice sounding cool voice came from behind her.

"It isn't because her acting skills aren't good enough or the script is lacking, it's because she can't stand the auditioning male lead!"

### **Chapter 268: Proud actor emperor's best coupling (Part 34)**

Luo Qing Chen felt her heart skip a beat and it was like her blood was boiling.

That familiar voice. She.....wouldn't have imagined it from missing him, right!

Mu Hua Nian came forward with difficulty, holding a heart shaped lollipop that he softly tapped on her head as he said, "My Luo Mu couple, what are you in a daze for?"

"You....." Her eyes lit up as it filled with happiness and worry.

She was happy because he had actually suddenly appeared.

She was worried about his wounds.....

“Relax, it’s nothing.” His expression slightly changed as his lips curled into a smile.

“Are you jealous looking at Gu Liu Sha?”

“If I said I wasn’t, would you be disappointed?”

“.....”

The reason he appeared here was because Wan Zi had spilled the beans when he called him!

When he found out that Luo Qing Chen would be auditioning for the campus drama «Half Smiling Summer», he knew that she definitely would meet Gu Liu Sha who would be auditioning for the male lead role!

He couldn’t sit still or lie still!

There was someone who wanted to use the fact that he was injured to steal his Luo Mu couple!

He! Wouldn’t! Allow! It!

Isn’t it just breaking a few ribs? The audition wasn’t a martial arts contest, he could endure the pain!

When the two of them were immersed in their own world, everyone around them became excited!

“Ah, ah, isn’t that Mu Hua Nian!”

“Damn, it really is! Luo Mu couple!”

“I just said to my girl the other day that the Luo Mu couple has real couple interactions!”

.....

Many of the crew were fans of the Luo Mu couple, so it wasn’t exciting just seeing Luo Qing Chen.

But when seeing them together, it ignited their hearts and caused them to explode!

The reporters who just wanted some gossip instantly became excited.

“Film it, film it, immediately send it off. Have the title say: The Luo Mu couple is together again and are expected to film «Half Smiling Summer».”

“Quickly, quickly, we’ve already taken the photos! We need to be the first to send this out!”

.....

Director Hua’s expression changed slightly. She had contacted Mu Hua Nian’s agent Wan Zi yesterday, but she had confirmed that Mu Hua Nian couldn’t come audition because of his serious injuries.

But now even though his face was a bit pale, he was here in a white dress shirt and a black overcoat.

Among the crowd, he was that dazzling.

After that, Wan Zi came out from behind him, and walked over to director Hua. After saying a few things which could be considered a greeting, he asked the director if Mu Hua Nian could be given a chance.

Director Hua agreed without even thinking since the best topic to use right now was the 'Luo Mu couple'.

If they could film this campus drama together, the search rate for it would definitely explode!

But as for Gu Liu Sha who was already half considered as the male lead, he couldn't control the flame burning in his heart. He charged at Mu Hua Nian and he sent a punch out.

Mu Hua Nian reacted quickly. In the moment he was going to be hit, he quickly turned and dodged the blow.

Perhaps he wasn't careful of his wound, but sweat appeared on his forehead and his face turned pale.

After that, when Gu Liu Sha lost his center of gravity, he grabbed Luo Qing Chen's hand and pulled her behind him.

Luo Qing Chen felt her body tremble and her heart skip a beat as an unspeakable feeling appeared in her heart.

Perhaps it as a different kind of feeling!

Gu Liu Sha's target was clearly him, but his eyes and heart would always be worried about her alone.

After escaping his current danger, the first thought he had was her safety.

Un, the proud mister Mu being cautious, it really was moving.....

### **Chapter 269: Proud actor emperor's best coupling (Part 35)**

When Gu Liu Sha was about to send out a second punch, Wan Zi had already charged out to jump him. The burly Wan Zi had pressed him on the ground and subdued him.

"Daring to cause trouble at my set! Gu Liu Sha, why don't you ask around the circle what kind of person I, Director Hua am!" Director Hua threw the script to the ground and pointed at Gu Liu Sha as she roared out.

She thought of herself as a good director! It's fine if you can't act, but you can't act out!

On her set, there was no acting out!

It was because of this that the newcomers director Hua liked all worked hard and understood gratitude after becoming popular.

Gu Liu Sha on the stage wanted to struggle a bit, but with how strong Wan Zi was, he couldn't stand up at all even if he used all his strength.

Only when director Hua roared out in rage did Wan Zi let him go.

Gu Liu Sha bit his lips and stood up with difficulty. This is because he had used too much strength in struggling and he didn't normally exercise as a pretty boy, so he was covered in sweat and panting when he stood up.

For his own path to stardom, he gritted his teeth and took a deep breath before looking at director Hua with an apologetic expression while saying, "Sorry director Hua, I lost my head."

"Humph——" Director Hua only gave a cold snort and didn't pursue this topic. She rolled her eyes at him and said in a bad tone, "You can audition with Xu Shuang Shuang later."

To put it more bluntly: Learn from your mistakes.

Gu Liu Sha was still this year's hottest male lead. Seeing his ex become a couple with someone else, it could be understood that he felt bad.

"Thank you director." Gu Liu Sha replied before silently walking off the stage.

Although he was walking away, he didn't forget to glare at Mu Hua Nian and this was a gaze filled with killing intent.

If he had a blade in his hand, he would have definitely charged at Mu Hua Nian without any hesitation.

At this time, there was only Luo Qing Chen and Mu Hua Nian left on stage.

Director Hua looked at the assistant and the assistant brought a script onto the stage.

This was a pair of lovers who separated because of a mistake. After going through many trials, they reunited and solved this misunderstanding, opening their hearts on a bridge.

The male lead was cold and caring, the female lead was kind and strong.

Whether it was the male lead or the female lead, they were both characters with soul. With a large contrast in beginning and ending personalities, this was a very strict test of one's acting skills and integration.

After all, some things couldn't just depend on one's acting skills. It also required one to become one with the character, which could be considered a real interpretation.

A coincidence was that although this scene was different, the male and female lead were doing the same action, which was that the female lead was holding the male lead.

Director Hua didn't forget to say, "Luo Qing Chen's hand is still injured, so you can just lie on Mu Hua Nian and he can hold you."

"No need director, my injury has just healed!" Luo Qing Chen revealed a sweet smile.

This left everyone stunned.....

This included Gu Liu Sha whose face was completely red. He knew in this moment that Luo Qing Chen wasn't really hurt and that she just didn't want to touch him.

She took a deep breath and looked down at the script in her hand.

The system's voice slowly sounded, breaking into her thoughts.

[Host, do you want to exchange for acting skills?]

No. If the other side is Mu Hua Nian, I don't seem.....to need to act.

Because the feeling was real!

She believed in herself and Mu Hua Nian.

### **Chapter 270: Proud actor emperor's best coupling (Part 36)**

After three minutes, they had pretty much memorized the script and were prepared to perform.

The script went as following——

Scene: The girl was on the sofa watching TV when the boy walked over, naturally resting his head on the girl's thighs. The girl hugged him and softly covered his eyes before they began talking.

Male: Have you been well these past few years? Without me here, were you very lost?

Female: No, the current me is much stronger than before.

Male: Oh? How so?

Female: I get up each morning to make breakfast for myself, squeeze myself in on the subway, I can only lower my head and apologize when being scolded by others, I have to kill the mice at home by myself, and even have to fix my own broken pipes. Even if I fall on the way to work, I have to endure the pain and stand up, going to work even if I'm bleeding. I'm most afraid of being fired, being in a foreign province, since I'll be on the street next month.....”

Scene: The boy couldn't take it anymore and his cold finger touched her lip.

Male: Xia Qian, you're already back by my side.

When Luo Qing Chen finished reading this scene, she only realized she was crying when she touched her face with her finger.

Only now did she realize what was life as acting and acting as life.

When Mu Hua Nian's gentle voice rang in her ears, she had already completely fallen into Xia Qian's character.

She was that Xia Qian who had been spoiled.

And Mu Hua Nian was that Ye Xiao who always thought about her.

After the scene, there was no sound at all. Everyone had been infected and moved by the complicated emotions they had demonstrated in just a few minutes.

Xia Qian had relied on Ye Xiao too much before, so after she left Ye Xiao, she realized just how good it was being held in the palm of his hands.

And as for Ye Xiao, he found that he wouldn't meet another girl like Xia Qian. She stayed with him in his worst times and had left when he reached his peak.

The misunderstanding from back then had been completely cleared.

Eighteen years of love, so simple and beautiful.

"Pa, pa——" After a while, director Hua slowly stood up and clapped for them.

She already had her answer. Luo Qing Chen and Mu Hua Nian were Xia Qian and Ye Xiao, only they could display this kind of intoxicating «Half Smiling Summer».

After that, applause erupted from the crowd.

In that moment, everyone was looking at them.

Luo Qing Chen gave a bow as she revealed a somewhat embarrassed smile. She couldn't stop the joy filling her heart.

This was the first time she didn't exchange for a skill and used her true strength to do something.

Of course, it was a good thing that the other side was Mu Hua Nian.

If the other side was Gu Liu Sha, even if she exchanged for the acting skills, she wouldn't be able to say a single word.

Many people had seen Luo Qing Chen's two performances, so they began to gossip about it.

"So it wasn't that Luo Qing Chen wasn't good at acting, just the other side was wrong person."

"That's right! I've heard people in the industry say that Gu Liu Sha and Luo Qing Chen dated during their four years of university. After graduation, in order to climb higher, Gu Liu Sha gave up Luo Qing Chen and hooked up with Xia Xing Ge!"

"Damn, is this true! He normally looks like a cute guy, but I never thought he was this kind of person!"

"Be quiet, the industry is like this, full of fake idols. There are some that look good, but actually it is all acting. I feel like this is the reason the Luo Mu couple became this popular, it's because they are real."

.....

Gu Liu Sha under the stage heard the discussion around him and he clenched his fists even tighter.

He refused to believe it, a four year love actually couldn't compare to the coupling on a trash variety show!
