

## Quick T 2661

### Chapter 2661: Silly and sweet: The lost granddaughter of the rich man (12)

He walked over step by step and his eyes became a bit blurred.

How was it possible.....How was it possible.....

-

The next morning, Luo Qing Chen went to the shopping mall to buy some clothes and some daily necessities.

In order to conform with the previous host's sweet fool style, all the clothes that she bought were lolita styled and it was very kawaii.

Although she felt very strange wearing these clothes.

There was a feeling that black and white was her style. Wearing a pink sweater was already enough, but this lolita style.....

If she didn't remember that the previous host yearned to wear these clothes, she wouldn't have bought them.

After buying her outfit, she went to the antique city to find the butler Chen Nan.

Speaking of this Chen Nan, he really was something. You couldn't meet him if you went to the antique city and only had the right to see him if you became a tea club member.

The membership price was one antique.

One antique was a hundred thousand RMB.

Expensive! Really expensive!

Luo Qing Chen was very unwilling to spend this money, but this was the best way to legitimately meet Chen Nan.

"I want this bracelet." Luo Qing Chen pointed at a brown coloured bell in the glass cover, "The one hundred and ten thousand one."

"Pa, pa, pa." There was a crisp clap that rang out.

Luo Qing Chen knitted her brows as she looked in the direction of this sound.

It was a middle aged man wearing a black suit that slowly came down from the second floor. His eyes were deep and he had a faint smile on his face.

Luo Qing Chen narrowed her eyes. There indeed wasn't this face in her memories and she couldn't think of it no matter how she tried.

But she felt that this person was important.

[He is Chen Nan.]

At the crucial moment, the system gave her a notification.

Chen Nan pushed up his gold rimmed glasses and said, "Miss has good eyes."

"Un humph." Luo Qing Chen looked up after hearing this and looked at Chen Nan with a confident look, "Mister Chen, I don't like beating around the bush. Buying things isn't about eyesight, but to have a private talk with mister Chen."

"What status do you have that you can talk with master Nan——" The two guards on the side were already waiting and their expressions turned fierce.

But before he could finish, Luo Qing Chen coldly looked at him and he closed his mouth in a bit of panic.

At the same time, Chen Nan raised his hand to cut off the security guard, "It's fine. I still have half an hour, is that enough, miss?"

"I don't need long." Luo Qing Chen looked up with a faint smile, "One minute is enough."

"Master Nan, be careful." The security guard on the side warned. Although the other side looked like a middle school student, this middle school student had a hundred and ten thousand RMB to buy an antique.

"A little girl, if I was afraid of danger, the name of master Nan should disappear in the annals of history!" As his voice fell, his eyes fell onto Luo Qing Chen, "Little miss, this way please."

It was a small gazebo surrounded in water that looked ancient and elegant.

Chen Nan wasn't in a hurry and brewed a pot of tea, "Little miss, please sit."

Luo Qing Chen sat down and took a sip of the tea, "Good tea."

"In mister L's eyes, this high grade tea is only used to soak the feet."

Luo Qing Chen was surprised as she could naturally understand the meaning behind Chen Nan's words.

Moreover, he should know her identity and her reason for coming here.

"Since mister Chen already knows, there's no need to beat around the bush." Luo Qing Chen put down the teacup and looked at him with cold eyes, "I want to meet mister L, oh, no.....it should be my grandfather."

### **Chapter 2662: Silly and sweet: The lost granddaughter of the rich man (13)**

"A little girl like you, you're quite bold." Chen Nan looked at her with a deep look, "It's not just the four young masters that want your life. It goes from mister L's brothers to his disciples."

"Is that so?" Luo Qing Chen put her hands in her pockets and looked at Chen Nan with an innocent look, "But I only want to see grandfather. A brave man knows no fear, uncle, what do you say?"

"Interesting." Chen Nan looked at her and said, "I can bring you to the Luo Manor, but you need to give me something."

"Tell me."

“Blood.” As soon as his voice fell, Chen Nan pulled a knife out of nowhere and looked at Luo Qing Chen with a dark look.

To be honest, she felt a bit of panic in her heart.

It was fine to do a paternity test, but there’s no need to be this direct.....

“You.....”

“Don’t panic.” Chen Nan picked up an apple from the table, “I just wanted to peel an apple.”

Luo Qing Chen blinked before revealing a helpless smile, “It turned out that mister Chen was planning on helping me.”

“The master is already old and I know what he is thinking.” Chen Nan pushed up his glasses, “But that is on the premise that you are real.”

“If I was fake, do you really think Lu Jue Feng would spend that much effort to kill me?” Luo Qing Chen gave a cold laugh as a dark glow appeared in her clear eyes, “Wouldn’t it be overkill?”

“That is true.” Chen Nan looked at his watch before slowly standing up, “So although I’m 90% sure, I still want that 10% assurance.”

“Right now?”

“Yes.”

People wanted immediate results for things that they had already decided on.

Half an hour later, she had her blood drawn in a VIP room.

Chen Nan looked at the doctor on the side and gave him a lock of hair, “I want the result in half an hour.”

“Alright, master Nan.”

“You.....” Luo Qing Chen looked at the doctor’s tube of blood and lock of hair with a surprised look before turning to Chen Nan, “I have this much hair, why do you need my blood?”

“It’ll be done faster.” Chen Nan looked at his phone as he casually replied, “Not to mention, young person, drawing some blood is good for your health.”

Good for your body, your uncle!

“Then why did you take mister L.....grandfather’s hair and not his blood! Wouldn’t this be faster?” Luo Qing Chen seriously refuted, but.....

Chen Nan slowly looked up at her, “Because the old master is an old man. Old people are anemic, so it’s not good for his health.”

.....

Good, good, good, you’ve already said everything, what else was left for her to say?

Half an hour later, Luo Qing Chen's report came out. The results weren't very satisfactory because there was only a 70% chance that she was his blood related granddaughter.

Normally speaking, whether they were related or not was either 99% or 0.1%.

70% was considered an awkward number.

But might be because they used his hair and the fluctuation of the paternity test was high.

"It seems like the results aren't very good." Luo Qing Chen crossed her arms, "But they shouldn't be that bad either."

"70." Chen Nan didn't hide it from her. He ripped the report as he looked at her and said, "Tidy up and head to the Luo Family with me tomorrow. The old master should be very happy and can't wait to see you."

Luo Qing Chen knitted her brows as she looked at Chen Nan with a doubtful look, "Why do you believe me this much?"

Chen Nan was surprised before revealing a smile after a long time, "A girl with such beautiful eyes wouldn't lie."

#### **Chapter 2663: Silly and sweet: The lost granddaughter of the rich man (14)**

Without knowing why, Luo Qing Chen felt that Chen Nan saying these words were to win her over.

But this was also normal. In this situation, with clear disputes between various factions, what smart people should do was win people over to their side.

"Un humph." Luo Qing Chen revealed a smile, "I like your compliment."

As soon as her voice fell, she fixed her clothes and said, "I'll be leaving first if you don't need anything. I'll see you tomorrow at the antique city."

"No need, I'll send a driver to pick you up." Chen Nan said with a smile, "You will be the young miss in the future. You don't need to find others, you only need others to come to you."

"Ok!" Luo Qing Chen gave a shrug, "Royal Empire Hotel."

"Oh?" Chen Nan looked at her with a deep look, "I'm really curious how you survived Yan Tong."

Moreover, this seemingly innocent and harmless girl dared to live at the Royal Empire Hotel.

Wasn't it under the same roof as Lu Jue Feng?

Luo Qing Chen revealed a faint smile when she heard this, "Luck is a kind of strength as well."

This was her ability, so there wasn't a need to say everything.

After she left the hospital, the doctor who had done the paternity test for Luo Qing Chen was going over the material. He suddenly found that there was still a bit of hair from the test left and a bit of the hair he had cut tonight was gone.

“It’s over.....”

“Doctor Lin, what is it?” A nurse on the side saw his pale face and asked, “Did something happen?”

“It’s over, it’s over, it’s over.” Doctor Lin bit his lip and said, “I need to take a vacation. No matter who comes looking for me, don’t tell them where I went.”

“Al.....Alright.”

At the same time, at the Royal Empire Hotel.

Lu Jue Feng didn’t sleep that night, but there wasn’t any exhaustion in his eyes.

Especially when he answered the phone, he didn’t feel tired at all.

“Ding dong.” The doorbell rang.

He slightly knitted his brows as he went forward to open the door.

At the door was Yan Tong who also hadn’t slept that night.

“Young master.....” Her voice trembled a bit as her eyes were bloodshot.

But there was no fatigue under the heavy makeup.

This was a spy that was a tool for killing people. Even if she was tired, she would never show it.

“Come in.” Lu Jue Feng’s voice was calm, as if it was almost impossible to see any emotions in his deep eyes.

Yan Tong took a deep breath and walked in.

When she came in, she smelled the faint scent of cherry blossoms. As a spy, she was very sensitive to smell.

Someone was here and it was a woman.....

How was this possible? Lu Jue Feng never made contact with any women.

Even if there were thousands of flowers, not a petal stuck to him.

There were many people that approached him, going from daughters of rich businessmen to school flowers, but his eyes had never remained on a single person.

It was even more impossible.....that someone entered his room.

Without knowing why, there was a feeling of unease that appeared in Yan Tong’s heart.

In the past, Lu Jue Feng was very cold to her, but at least she felt that she was special.

Because she could stand by his side and become his most useful helper.

But this time, she had failed and couldn’t kill the target. She was afraid that she would leave a bad impression on him.

So even if her wounds hurt, she couldn't wait to come here.

"Young master, give me another chance." Yan Tong lowered her head and said, "I will definitely succeed this time."

"No need." Lu Jue Feng had a faint glow in his eyes, "Even I don't have this chance."

#### **Chapter 2664: Silly and sweet: The lost granddaughter of the rich man (15)**

"Wh.....What?" Yan Tong said in a shocked voice, "Did something happen?"

"The butler has already reported to the old master that he found her."

"What....." Yan Tong was stunned before her lashes trembled, "Doesn't master Nan not participate in these matters?"

"It's impossible for him to turn a blind eye when things are exposed." Lu Jue Feng put his hands in his pocket and looked out the window, "He's been with the old master all these years, so he understands the old master better than us."

"Then what do we do?" Yan Tong was clearly a bit panicked. After all, that girl had already seen her appearance that day.

If she went to the Luo Family, would she.....

"Wait and see." Lu Jue Feng looked up and said, "It's impossible to do anything right now."

"Why?" Yan Tong bit her lips, "Shouldn't this matter be resolved as soon as possible to avoid future problems?"

Yes, Yan Tong was right.

But he didn't know why his heart was.....unwilling.

In order to protect mister L and the Luo Family's wealth and status over the years, his hand had been stained with quite a bit of blood.

But this was the first time that no matter what the reason was, he didn't want to kill her deep down.

But he couldn't admit to this strange feeling, he couldn't admit it.....

"Butler Nan has already taken her to the VIP hospital where the old master goes for his check up. I guess that it should have been for a paternity test."

"So she really is the old master's granddaughter?" Yan Tong's eyes were filled with shock. After all, there were many people like this in the past and most of them were fake.

"Can't we see the result?" Lu Jue Feng calmly looked up and said, "She'll be heading to the Luo Manor tomorrow, go and prepare."

Yan Tong knitted her brows and only said a few words after a long time, "Yes, young master."

After Yan Tong left, there was only Lu Jue Feng left in the room.

He sat down on the sofa and his slender finger slid across the sofa, feeling the faint aura left on it.

The faint smell of cherry blossoms.

That person, the one that came into his room and fought him and the one who took the photo of the target.

Were they the.....same person?

Why did he hope in his heart that they were the same person?

-

The autumn wind brought a touch of coldness. Luo Qing Chen didn't think it was too late, but when she arrived at the entrance of the hotel, there were three Porsches and a long Lincoln waiting.

Chen Nan came out of his car first and was followed by a dozen security guards in black suits.

Chen Nan took the lead and said, "Congratulations to the young miss on returning home."

Then there was a loud and powerful chant.

"Congratulations to the young miss on returning home."

!

Luo Qing Chen felt like there were a row of crows flying over her head! Why did this feel so strange!

It was strange and embarrassing!

"He, he.....He, he, he....." Luo Qing Chen gave two dry laughs and touched her ear before getting in the car.

When she passed by Chen Nan, Chen Nan didn't forget to add, "The old master will definitely like the scent of cherry blossoms on the young miss' body. The madam also liked cherry blossoms in the past."

Luo Qing Chen took a light sniff of her own body.

This was clearly the pink lolita dress that she bought being from the cherry blossom series, so it had a cherry blossom scent to it.

"I'll have to ask mister Chen to give me more advice in the future." Luo Qing Chen revealed a faint smile. With the pure look in her eyes, it was hard for people to see her personality.

It's alright for the young miss to call me butler or uncle Nan in the future." Chen Nan lowered his head a bit, "Your status will be higher than anyone else other than the old master in the future."

### **Chapter 2665: Silly and sweet: The lost granddaughter of the rich man (16)**

In front of the full length mirror on the thirty third floor, Lu Jue Feng's left hand was in his suit pocket while he sipped the coffee in his right hand. He was silently watching everything that was happening in front of him.

She said that we would meet again.

That person is her, or why would she take the picture?

But if it was, how could a normal high school student have such good skills?

-

The Lincoln drove for around forty minutes before reaching the Luo Family villa. There were uniformed security guards on the left and right.

When she got out, they said at the same time, "Welcome home, young miss!"

This feeling was like the raising of the five star flag when she was younger.

Were they ready to fight for the cause?

Ready at all times!

"Young miss, please." Chen Nan opened the door and helped her out of the car.

The feeling he gave her changed a bit. He wasn't just a bit more polite than when they first met.

It seemed like he was right. From this moment forward, her status would be higher than anyone else in the Luo Family.

"Un." Luo Qing Chen gave a slight nod, but her heart was as calm as water.

But you have to show timidity, joy, and excitement!

To be fair, if it wasn't for her being an actress before, she really didn't know how to act.

The silly and foolish personality was too different from her personality, so it was very to reveal herself.

"Is it Xiao Qing?" An old man in a black and white taichi outfit pushed up his reading glasses. Before he had time to pick up his cane with his right hand, he rushed over to her.

Actually with just a simple look, Luo Qing Chen who had read countless people could see that he was very similar to the previous host.

Because their eyes were all very beautiful.....

"Yes, old master." Chen Nan came up first and Luo Qing Chen followed him.

Other than the uniformed security guards all around, there were the four young masters standing behind Luo Bai Wan.

Mo Ling, Lu Jue Feng, Tan Xiao, and Yan Ze, along with their own people standing behind them.

Standing behind Lu Jue Feng was Yan Tong. When Luo Qing Chen looked at Luo Bai Wan, her eyes also fell onto Yan Tong for three seconds.

She could feel Yan Tong's eyes filling with fear before she shrank behind Lu Jue Feng.

Luo Qing Chen gave a cold laugh in her heart before coldly turning her eyes away.

"Grandfather." Luo Qing Chen stood in front of Luo Bai Wan with a sweet smile on her face.

“It’s good you’re back, it’s good you’re back.” Luo Bai Wan gave people a very kind feeling, completely different from the image of the world’s richest man that she had.

He seemed like a normal grandfather who looked at his granddaughter with loving eyes.

“Everyone worked hard to find the young miss this time.” He took Luo Qing Chen’s hand and said, “Everyone present can go to uncle Nan to get a hundred thousand as a reward.”

“Thank you, old master.” There was another excited response.

Luo Qing Chen’s heart skipped a beat. Rich people really were rich people, a hundred thousand was the same as ten dollars in their eyes.

“Xiao Qing! Let grandfather take a good look.” He gently patted the back of Luo Qing Chen’s hand, “Let’s go in and talk, the wind’s strong outside so you might catch a cold.”

Without knowing why, she felt that Luo Bai Wan was cautious when talking to her. It was like suddenly picking up a treasure and being afraid to lose it.

“Alright, grandfather.” Luo Qing Chen gave a quick nod as her eyes sparkled.

This foolish and sweet granddaughter, she asked herself if her performance was good! She wondered if she would get extra points from the system!

#### **Chapter 2666: Silly and sweet: The lost granddaughter of the rich man (17)**

Every part of the large living room was carefully designed and there was a faint fragrance of cherry blossoms in the air.

It wasn’t the smell from her, but the smell in the room.

Other than Luo Bai Wan and Chen Nan, there were the four young masters and a few people they brought.

From the moment that she entered the Luo Manor, Luo Qing Chen’s eyes had never fallen on Lu Jue Feng.

Since he wanted to kill her?

Since he had a spy follower?

Since he didn’t care about her?

Then she wouldn’t look at him. Playing hard to get was not something that only the supporting male lead knew how to do.

Facts proved that Luo Qing Chen had succeeded.

Because the moment that he saw her, Lu Jue Feng was certain that the girl who entered his room was her.

He was 100% certain. Even though she hid her eyes and voice very well, he was still certain.

“Xiao Qing, don’t blame grandfather.” Luo Bai Wan sat down and quickly explained, “It’s not that grandfather wasn’t searching for you all these years, but it’s been too long. Even your father.....”

When he said this, his voice was no longer as dignified and had a touch of sadness.

“Grandfather, I understand.” Luo Qing Chen gave a sigh. Her tone was a bit flat as she said, “Life and death, I’ve seen it clearly living in another person’s house all these years.”

She hadn’t seen Fang Xin Xin’s family yet, but they would meet soon.

“Relax! As long as grandfather is here, no one in this world can bully you!” Luo Bai Wan’s voice regained his dignity and he said to the four young masters, “From this day forth, you four will be responsible for following the young miss and keeping her safe.”

Lu Jue Feng wasn’t surprised, but Yan Tong was.

She only had mixed feelings in her heart at this moment. There was a bit of fear and a bit of.....jealousy.

The man that she worked so hard for to finally stand by his side was actually going to protect another woman.

This feeling ignited the flames of jealousy in her heart.

“Yes! Old master!” Not a single one of them hesitated as they answered at the same time.

Luo Qing Chen finally looked at Lu Jue Feng because she knew that he was also looking at her.

In his suit with his chiseled face and a pair of deep eyes that had a dazzling glow along with those cool lips. It was unknown if he didn’t love or he had never loved anyone before.

“Uncle Nan, arrange Xiao Qing’s school.” Luo Bai Wan patted her head and said, “These four are in that high school, so grandfather can be assured.”

The four of them were dressed formally. Although they looked to be around seventeen to eighteen, they gave people an old feeling.

Still in high school?!

“I’ve already made arrangements at the noble high school.” Chen Nan replied, “When young miss has finished resting, she can go there at any time.”

“Eh, that.....” Luo Qing Chen pursed her lips and said, “I still want to go to my old high school.”

After all, there were things that hadn’t been handled yet. She couldn’t just let Fang Xin Xin’s family off, right?

This was not her style!

“Can you tell grandfather the reason?” Luo Bai Wan cared about her mood and asked in a concerned voice, “The noble high school is just a small school under your grandfather. You can change it however you want!”

Hearing Luo Bai Wan say this, Luo Qing Chen couldn't help thinking that the previous host would have definitely be happy to hear this, receiving this kind of familial love.

### **Chapter 2667: Silly and sweet: The lost granddaughter of the rich man (18)**

In the previous host's world, she had never felt familial love up to the moment that she died.

"It's not that!" Luo Qing Chen shook her head, "I just feel that my old school is more comfortable. Anyway, the college entrance exam is coming soon, so I'll go to grandfather's school when university comes."

Luo Qing Chen's words caused the four young masters not far away to reveal doubtful looks. That was because if she entered the noble school as Luo Bai Wan's granddaughter, she would have the absolute aura of a rich family young miss and would be pampered by everyone!

But why did she reject this?

Luo Bai Wan nodded without any hesitation, "Alright, alright! As long as Xiao Qing is happy, grandfather can agree to anything!"

Being alone gave him fame and fortune, but in the end, it was only family members that could be with him for the rest of his life.

When he turned around, he no longer had a family.

So this granddaughter that had come out of nowhere had become the center of Luo Bai Wan's heart.

After a brief talk, Chen Nan brought Luo Qing Chen to her room and then went to deal with some urgent matters.

Oh, that's wrong! It should be more accurate to say that the entire third floor was her room.

From the outer room to the inner room to the bedroom, every piece of decoration was noble and magnificent.

It seems like Luo Bai Wan had carefully prepared to welcome her.

"I am Juan Juan, I will be responsible for taking care of the young miss' daily necessities in the future." A little girl in twintails introduced herself, "There are four people in charge of the young miss' daily life, so there are three others other than me."

"Four.....Isn't four a bit too much?"

Although he was the richest man in the country, this wasn't an ancient palace! There was no need to be this luxurious.

"This.....It should have been eight....." Juan Juan counted with her fingers and said, "One person in charge of dressing the young miss, one person to help the young miss bathe, one to help the young miss eat....."

"Wait, wait, wait....." Luo Qing Chen gave two dry laughs, "Then what stopped the original eight plan?"

"It's because butler Nan said that this was the young miss' first time in the villa, so too many people would disturb the young miss' rest."

"He's very reasonable." Luo Qing Chen gave a solemn nod, "Although I'm not eighteen yet, I'm also not a child, there's no need for all these people to take care of me. Go and tell uncle Nan that I'm fine alone."

"Ah....." Juan Juan looked a bit awkward, but she didn't dare go against her orders. So she could only say with a nod, "Alright, young miss."

"Then go and find him, I'll look around by myself." Luo Qing Chen's expression changed, "Come and call me when it's time to eat."

"Alright, young miss."

Seeing Juan Juan leave, Luo Qing Chen laid down on the sofa and took out her phone to check the time.

When she looked up, there was a cold face that appeared in front of her.

"Aiyo." She was a bit scared and it was clear the other side had also been a bit scared.

"You....."

"Young miss, I am Mo Ling." Mo Ling's voice was very cold, as if he was born to be cold.

He didn't talk much, but it would be important when he spoke.

"Eh....." Luo Qing Chen sat up and touched her ear, "Do you need something?"

"Although this is a bit rude, I hope that the young miss will not go back to your previous high school." Mo Ling's eyes were deep. Luo Qing Chen couldn't see through them, she could tell that he had something that he was hiding.

### **Chapter 2668: Silly and sweet: The lost granddaughter of the rich man (19)**

"I want to know the reason." Luo Qing Chen very casually patted the seat beside her, "You can sit and talk."

After all, he was the one that would protect her. Even if Mo Ling was cold, he still had to do it.

But what he said wasn't what she wanted to hear.

"I'm sorry, I can't say it."

He looked into her eyes very seriously when he said this. The moment that Mo Ling met her gaze, she could see a faint sparkle in his eyes.

Could it be that he was thinking of someone? That person should be the reason for his concealment.

"Alright! Since you are sincere, I'll also tell you the truth." Luo Qing Chen bit her lip and said, "I want to go back to the same high school to take care of some things I haven't finished yet. Just like you, I have my own private matters."

"I can do them for you."

“There are some things that only have meaning if I do them myself.” Luo Qing Chen’s expression changed slightly, “Actually, grandfather didn’t say that you needed to come with me. You don’t need to follow me.”

Actually she wasn’t worried about any danger since her skills were good. Then there was the fact that this wasn’t a special world, so she had all the abilities that she should have.

Danger.....didn’t exist.

“Since the old master wants us to protect you young miss, we have to follow you.” Mo Ling slowly stood up and gave a bow, “Mo Ling has intruded today.”

Luo Qing Chen was surprised. Before she could think of what to say, Mo Ling turned to leave.

In a hurry, she didn’t even think as she grabbed his wrist, “Wait.”

Before Mo Ling could even say anything, there was a system notification that appeared in her mind.

She was caught off guard.....

[Ding, affection has increased by ten. Mission completion rate is now 10%.]

There were times that caring was a show of good feelings.

Moreover, this kind of display was intense.

Because those feelings that were suppressed in the heart would become more and more out of control.....

Lu Jue Feng was standing in the circular area on the fourth floor. Looking from this direction, he could see where Luo Qing Chen and Mo Ling were.

He narrowed his eyes and personally watched her grab Mo Ling’s hand.

His heart skipped a beat at that moment and the feeling was unbearable.

He wasn’t willing to admit he cared, but it was clear by his fingers that they were white from being clenched.

He shouldn’t have cared. This was a person that he ordered to kill and even wanted to personally kill.

Because Luo Qing Chen was surprised when the notification rang out, Mo Ling quickly turned to ask, “Young miss, is something wrong?”

“My meaning is.....I can talk to grandfather about you staying at the noble school.” Luo Qing Chen pursed her lips, “Although this identity will mean that I will be in some danger, I think that there are enough people to protect me.”

“No need.” He softly said, “Thank you for your understanding.”

Luo Qing Chen didn’t say anything else. Mo Ling gave her a feeling that he didn’t like to talk much.

For this matter, he had already said enough.

“Un.” Luo Qing Chen nodded without saying much else.

“Then Mo Ling won’t disturb the young miss’ rest.”

“Go do your things!”

After Mo Ling left, Luo Qing Chen looked around, but she couldn’t find anyone.

She put her hand on her chin and muttered, “Did he leave?”

What she didn’t know was that Lu Jue Feng didn’t leave. He just used a pillar to hide himself when he saw her looking around.

He was a bit surprised. What is she looking at? It can’t be that she’s looking for him, right.....

### **Chapter 2669: Silly and sweet: The lost granddaughter of the rich man (20)**

At seven, the Luo Family held a feast.

Yes! It was a feast and not just a meal.

It was like a dinner party with rows of white tables that were covered in delicacies.

After counting it, there were at least a hundred dishes here.

To be honest, she had been to many worlds and she had seen rich and poor.

But this Luo Family was really.....exaggerated, alright?

But just because it was arranged like a banquet didn’t mean that it was a banquet.

Because other than Luo Bai Wan and her, there were only butler Chen Nan and the four young masters at the table.

The others all stood in the back and weren’t qualified to sit.

“Grandfather doesn’t know what you like to eat.” Luo Bai Wan looked at her with a gentle smile, “I had the top chefs in each country cook their best dishes. If you have a favourite, then I’ll have them make it from now on.”

Luo Qing Chen’s lips twitched as she revealed a dry smile, “Alright.....”

“It’s a happy occasion that the young miss can return today. When confirming your identity, uncle Nan might have been rude in some ways.” Chen Nan raised his cup as he looked at her, “A glass of red wine to apologize.”

“Humph, this person! You actually dared to be rude to my granddaughter.” Luo Bai Wan scolded, “If it wasn’t for you bringing Xiao Qing back, it wouldn’t be as simple as a cup of wine.”

“Yes, yes, yes!” Chen Nan quickly admitted his mistake with a smile, “The old master is right.....”

“Grandfather, don’t make it hard on uncle Nan.” Luo Qing Chen took a sip of the juice. Her eyes were still as clear as water, but there was a smile on her lips as she turned to Lu Jue Feng and slowly said, “Compared to some people, uncle Nan really was polite to me.”

In fact, she had left out a few words when she said this. It should be 'compared to someone who wanted to kill her'.

Lu Jue Feng's expression didn't change, but Yan Tong standing behind him paled.

In the heart of Luo Bai Wan, this granddaughter that had come out of nowhere was his treasure.

He could give her the best of everything and he would never let off anyone that wanted to kill her.

"Who! Who dares to be rude to our Xiao Qing! Grandfather will be the first one to not let him off!" Luo Bai Wan's eyes became extremely sharp.

To be honest, he would really do this.

Without knowing why, Luo Qing Chen quite enjoyed this feeling.

Beneath her simple appearance, she had a slightly black bellied heart.

Seeing Yan Tong's look of panic and seeing Lu Jue Feng's eyes as deep as ink.

"Relax, grandfather, I'm afraid no one would dare do it now." Luo Qing Chen said with a smile, "I think that this abalone with sea cucumber and the salt and pepper prawns are quite good."

"Alright, alright, alright. I'll have the chefs that made those two dishes cook for Xiao Qing every day."

"Alright, grandfather."

The banquet looked happy on the surface, but in reality.....

How many people were afraid, unsettled, and very unhappy about her sudden appearance.

But so what?

The current Luo Qing Chen was someone that had a status higher than everyone other than Luo Bai Wan in the Luo Manor.

After showering, she went back to her room.

She began sorting out the rest of the previous host's things. A drawing board and a few sketch papers that all had the same person.

Ye Qing.

Luo Qing Chen slightly knitted her brows as she felt a bit troubled.

It's easy to take care of the Fang Family, but confessing to Ye Qing really was hard.

### **Chapter 2670: Silly and sweet: The lost granddaughter of the rich man (21)**

The best way is to confess as soon as possible.

For example, if she drank too much and confessed, she could say that it was because she drank too much.

Anyway, the previous host only wanted to express her feelings and didn't say that she wanted to take any chances.

-

The next morning, when Luo Qing Chen woke up, Juan Juan was already waiting outside for her.

There were ten hangars full of clothes that appeared with Juan Juan. From dark to bright colours, from light to dark.

Luo Qing Chen was really scared by this layout. She had seen rich people and she had often been rich.

But it was her first time seeing this kind of 'overwhelming' rich person.

The price tags were still on the clothes. Luo Qing Chen casually flipped through them and they were all five figures and above.

Please! Did you have to be this exaggerated!

"This....."

Juan Juan looked at her with a full smile, "The young miss can choose anything you like, Juan Juan will immediately iron it for you."

"No.....That....." Luo Qing Chen gave two dry laughs before saying, "I wear a uniform to school."

"Uniform....." Juan Jaun was a bit confused, "The young masters don't wear school uniforms, so I thought that the young miss wouldn't want to wear a uniform either."

"They are at the noble school, we are different." Luo Qing Chen casually took out a white dress shirt and a grey skirt before saying, "I'll wear this first and get a uniform after I arrive at school."

"Alright, young miss."

When she went out, she spent nearly half an hour begging Luo Bai Wan to let her go to school herself.

It was better for the four of them not to show up since they stood out too much.

If the school was blocked before she even saw Fang Xin Xin?

Luo Bai Wan deeply doted on this granddaughter that he had just found. Although he still felt that she was being wrong, since she strongly requested it, he had to reply.

Who told him to only have her as his granddaughter?

-

When she stood in front of Third Mubei High School again, Luo Qing Chen could feel her heart beating fast.

These should be the feelings from the previous host. She loved, hated, and feared this place at the same time.

She was still finally back. She wasn't killed by the male lead and was standing here.

Since she had asked the car to park a hundred meters away, she was alone when she stood in front of the school gates.

The one on gate duty was called Chen Mei Mei and Fang Xin Xin's best friend at school.

Normally she also called out to her.

So when Chen Mei Mei saw her, she came up in front of her without a single word, "Ai, why are you still coming to school? Didn't you already drop out because you couldn't afford the tuition?"

Chen Mei Mei's voice was very sharp along with a hint of disdain.

This sharp voice wasn't the same as Fang Xin Xin. Fang Xin Xin's voice was more of a delicate voice and although it was uncomfortable to listen to, it wasn't considered disgusting.

"What? Do I have to report to you if I re-enroll?" Luo Qing Chen put her hands in her navy blue coat and replied with a smile, "When did you get so much face?"

"You....." Chen Mei Mei never expected Luo Qing Chen to talk back to her. She could always order Luo Qing Chen around before and she would just accept it.

This was what Fang Xin Xin told her. As long as she had Luo Qing Chen do something, Luo Qing Chen would do it. She would even eat sh\*t if she told her to.
