Chapter 2671: Silly and sweet: The lost granddaughter of the rich man (22)

“Good dogs don’t block the path.” Luo Qing Chen slightly raised her left hand, but this seemingly slender hand actually contained a large strength.

She pushed Chen Mei Mei and she couldn’t stand still as she fell to the ground.

“Aiyo.” There was a pained cry that rang out.

Luo Qing Chen narrowed her eyes before heading forward with a cold snort.

Chen Mei Mei couldn’t take her rage as she roared out, “Damn! Luo Qing Chen, you dare push me?”

Before Luo Qing Chen could reply, the people around all started strangely standing up for Luo Qing Chen.

“I say, Mei Mei, aren’t you too much! They just pushed you lightly and asked you to move aside, isn’t falling like this too fake?”

“He, he.....I also wanted to say that the sky was falling.....”

“What a joke! It’s like she’s the head of the school and she can stop others from enrolling in the school.”

.....

Luo Qing Chen was surprised that the other students would speak up for her.

But thinking about it, there was a reason for this.

Chen Mei Mei’s father was the owner of a small factory. Although she wasn’t considered very rich, she was still much richer than the other students.

The students would have to save money for two or three days to eat once at the snack stall by the school gate. Chen Mei Mei went there every day to eat while getting take out.

Because she had this bit of money, her ‘princess temperament’ had developed and she had established many enemies.

“You all.....good, good, good.....” Chen Mei Mei endured the pain in her butt and stood up. She pointed at Luo Qing Chen’s nose and said, “I want to see how long a poor person like you can act arrogant.”

As soon as her voice fell, she turned to leave without another word, limping off towards the classroom.

She wanted to tell Fang Xin Xin that this ‘picked up trash’ was back.

Actually, if it wasn’t for Fang Xin Xin insisting on Ye Qing, she would be quite popular in school.

She looked quite good and belonged to the class of petite girls. Adding in her delicate voice, naturally she would be able to get the care and love of the boys in class.

She enjoyed this feeling very much.

Rejecting them and still welcoming them, being liked by many people without making a choice.

She enjoyed the feeling of 'gathering thousands of admirers' while also approaching Ye Qing, trying to get him to notice her.

These girls would have one thing in common. The more that they can't get something, the more they wanted it and the things they get, they always discarded.

Chen Mei Mei almost ran back into the class and her thick bangs were covered in sweat. When she ran in front of Fang Xin Xin, her sweat even fell onto her homework.

Fang Xin Xin knitted her brows as her eyes filled with disgust, but when she looked up, her eyes had an innocent look in them, "Did something happen that you ran all the way here?"

"I.....I saw that Luo Qing Chen." Chen Mei Mei said while panting, "She was even wearing a fake Givenchy shirt, it really looked disgusting."

"What did you say?" Fang Xin Xin was surprised, clearly being unable to control her emotions.

How did Luo Qing Chen come back? Hadn't she already chased her out? Shouldn't that picked up piece of trash be living on the side of the road as a homeless person?

How was this possible? How could she appear at school?

The boys who cared about her usually heard her voice and all turned in her direction.

Her eyes trembled before she pursed her lips to say, "So what if she's back? I don't know anything! But as a student, she should be coming to class."

Chapter 2672: Silly and sweet: The lost granddaughter of the rich man (23)

Chen Mei Mei was clearly very dissatisfied with Fang Xin Xin's reaction. Others might not know about her hatred of Luo Qing Chen, but Chen Mei Mei knew!

Saying this now seemed very fake.

"Since you don't care, then I don't care either." Chen Mei Mei curled her lips and headed to her seat.

Fang Xin Xin gritted her teeth before grabbing her hand to say in a low voice, "Let's go out and talk."

Chen Mei Mei heard this and couldn't help giving a cold laugh in her heart, but she didn't show it on her face. She just said with a nod, "Ok!"

At the women's bathroom.

It was almost time for class, so there weren't many people here.

"What is going on? Are you certain it's her?" Fang Xin Xin changed her pitiful voice to a low voice to ask Chen Mei Mei this.

"Of course it's her!" Chen Mei Mei said this as she didn't forget to angrily roll up her sleeve, "Look, she pushed me! I was even hurt!"

"She pushed you?" Fang Xin Xin knitted her brows with a bit of confusion in her voice.

Properly speaking, how could a cowardly person like Luo Qing Chen push people? It wasn't right.....

"I'm absolutely sure, alright?" Chen Mei Mei said in a very unhappy voice, "I don't know why little beauty Fang attracts all those men! There were people on duty that were speaking up for her!"

She would be angry whenever she thought about it. If a tiger didn't show off, she was treated as a sick cat.

Without knowing why, when people called her a beauty, she would feel very happy.

She didn't deliberately steal anyone, it was those boys that appreciated her beauty, that's why they insisted on following her, alright?

But all those people liking her couldn't compare to Ye Qing looking at her one more time.

So Luo Qing Chen couldn't appear at the school and Ye Qing couldn't see her!

She! Wasn't! Willing!

"Where is she now?" Fang Xin Xin lowered her head to ask, "I don't believe that she can come back to school without our family paying her tuition for her!"

"But.....I feel that she's become different." Chen Mei Mei suddenly remembered the look in Luo Qing Chen's eyes and strangely felt a bit afraid.

Those eyes seemed like she would be silenced if she said one more word.

The past Luo Qing Chen didn't have such eyes even if she was pushed into the ground.

"You just haven't seen her in a long time." Fang Xin Xin said with a cold laugh, "How can she be different? She's nothing more than trash in my eyes."

These words, this tone of voice, Fang Xin Xin naturally wouldn't let the boys who admired her see this.

Other than her parents and Chen Mei Mei, no one else saw her like this.

-

At the office.

When Luo Qing Chen went through the admission process, all the heads of the school gathered in the conference room.

Although she didn't bring the four young masters, just one call from Chen Nan was enough for everyone to bow to her.

"Young miss Luo, your enrollment process has been taken care of. All the school uniforms for all four seasons have been brought according to your measurements." The principal bent at the waist with cold sweat covering him as he said in a trembling voice, "If you need anything else, please tell us."

The rest of the heads of the school all followed the principal and said with smiles on their faces, "Please tell us....."

Luo Qing Chen who was sitting on the sofa had an awkward smile on her face. She really didn't like this kind of feeling, it felt very awkward.

It felt like she wasn't here to enrol, but rather to inspect the work of these people as a superior.

It was very, very strange.....

Chapter 2673: Silly and sweet: The lost granddaughter of the rich man (24)

After leaving the office, Luo Qing Chen wasn't willing to look back at all since the people standing there in neat rows made her panic.

The previous host was in class two. Since Fang Xin Xin went to school earlier than her peers and she went to school later, the previous host was in the same class as Fang Xin Xin.

Ye Qing was different, he was in class one.

Luo Qing Chen thought about it before heading towards class two.

But before she could get to class, she was stopped by some boys.

These boys were in the previous host's memories, they were the boys that loved Fang Xin Xin.

They used to frequently bully the previous host when she was in school. Why did she not let Fang Xin Xin off even though she was much younger than her! Saying that she was jealous of Fang Xin Xin's beauty!

When thinking of these scenes, Luo Qing Chen couldn't help cursing in her heart!

How could the previous host let Fang Xin Xin off more, there was nothing to let her off for in the beginning!

Why did these men like talking all this nonsense?

But she was no longer that Luo Qing Chen who was the previous host.

She put her hands in her coat and revealed a faint taunting smile.

"Yo! It really is you!" The boys looked over Luo Qing Chen with surprised looks.

The girl with yellow skin, dried hair, and chapped lips, why did she suddenly change?

The fair skin, soft hair, and pink glaze to her lips, she looked very beautiful.

Actually, this was thanks to the system who used the ten points to help her recover.

Or the years of exhaustion wouldn't have been undone so quickly with a few face masks.

"What do you want?" Luo Qing Chen narrowed her eyes with a faint cold glow to it as she released a faint chill.

These people had bullied her in the past and now that they were here, if she didn't properly teach them a lesson, that would be letting down her current status.

These people looked at each other. One of them came forward and pointed at Luo Qing Chen's nose, "Who let you come back to school? You're so scheming and want to harm our pure Xin Xin, how can you not be embarrassed coming back?"

This man's tone was very petty and each word was filled with disdain, as if he really was someone protecting a flower.

"I hurt her?" Luo Qing Chen gave a cold laugh, "Did you see it?"

"I....."

The man was clearly a bit stunned, but then there was a delicate voice that answered.

"Could it be that you didn't hurt me?"

Fang Xin Xin came from not far away. She deeply knitted her brows and looked very distressed.

But in Luo Qing Chen's eyes, she was just a little villain willing a human's mask.

Pretending? Acting? Was this not disgusting?

"Don't you know if I hurt you or not?" Luo Qing Chen narrowed her cold eyes and looked at her with a cold smile, "I swear that if I hurt you, I won't have a good death. But if it's the reverse, you won't have a good death, alright?"

The thing that these villains were most unwilling to do was swear because their dirty hearts were timid but greedy.

They were most afraid of making oaths because they think that they will come true.

Chapter 2674: Silly and sweet: The lost granddaughter of the rich man (25)

Fang Xin Xin's face was clearly a bit pale and her lips trembled. There were countless words that were stuck in her throat, but she couldn't say a single one.

Why did this Luo Qing Chen feel different after coming back? Not only did she become beautiful, those eyes were cold and even filled with.....killing intent.

Chen Mei Mei who was standing beside her saw this and came out to say, "You, you, you.....I'm warning you, don't be so arrogant! You need tuition and parents to come back to school. Do you have tuition? Do you have a family? Ha, ha, ha, ha, ha!"

Her laughter was very sharp and had a trace of madness.

All the blood in her body seemed to be boiling, which was the remaining anger suppressed in the previous host's heart.

Luo Qing Chen coldly looked up and walked towards Chen Mei Mei step by step. When Chen Mei Mei saw her like this, she couldn't help moving backwards.

"You.....Don't you come over here!" Chen Mei Mei said with a bit of panic, "Otherwise.....don't blame me for being impolite!"

The main reason was because she had experienced Luo Qing Chen's strength at the gate just now. Seeing the cold eyes filled with killing intent, her heart couldn't help trembling.

But she had to act like a young miss on the surface and use her prestige to suppress the enemy.

"Come." Luo Qing Chen gave a cold laugh, "I want to see what your impolite looks like."

As soon as her voice fell, the dogs led by the big man came in front of Chen Mei Mei and Fang Xin Xin.

They didn't have any fear, rather they looked down on her. They looked down at Luo Qing Chen and said, "Brother doesn't hit woman, don't force me."

"Brother Wang is right, you can't bully Xin Xin!"

"That's right! We are Xin Xin's protectors!"

When Luo Qing Chen was about to show off, there was a person that appeared in front of her.

He wasn't wearing the school uniform, but was wearing a pink dress shirt. He had a cold look in his eyes.

"You are.....Tan Xiao?" Because she had met him before, Luo Qing Chen recognized him just from his back.

The men were startled by Tan Xiao's sudden appearance and couldn't help taking a step back.

"Young miss, I came late. Uncle Nan is already dealing with the merger of the two schools, so I came by to pick up my uniform." When Tan Xiao looked over, his eyes had a touch of gentleness to it.

When she first met the four of them, Luo Qing Chen felt that Tan Xiao was the most gentle and charming young master.

He would always have the faint scent of perfume that wasn't the scent of flowers, but it smelled good.

"Merger?" Luo Qing Chen was surprised as she focused on this word.

Tan Xiao waved his hand and said, "Young miss, don't worry about these small things."

As soon as his voice fell, he took out a tablet and scanned Chen Mei Mei's face with it, "In ten minutes, I will let you experience what it means to have no money to pay the tuition."

Chen Mei Mei was first surprised since this person looked good. She was someone who was attracted to handsome guys in the first place.

But his words were strange, as if something earth shattering would happen in five minutes.

"This big brother, you don't know how bad this woman behind you is." Fang Xin Xin saw that things were going unexpectedly, so she came out with a slight blush on her face, "She isn't a good person, don't be fooled by her....."

Chapter 2675: Silly and sweet: The lost granddaughter of the rich man (26)

In this situation, it wasn't just the two girls who were paying attention to Tan Xiao, Luo Qing Chen's eyes were also on him.

He gave people a bright, handsome, and unrestrained feeling. He had a pink dress shirt with a coffee brown coat and a diamond stud on his right ear.

He would narrow his eyes from time to time, revealing a smile that could captivate thousands of girls.

But no one knew that behind his smile was coldness.

"You're right, this handsome man doesn't seem to be from our school!" Chen Mei Mei pursed her lips and said, "Could it be that she did something shameful that he came out to protect her!"

If she heard correctly, he had just called her 'young miss'.

In this era, weren't the people who were called young miss the people from nightclubs?

Thinking of this, it made sense. After Luo Qing Chen was kicked out, she would have no choice but to sell her body since she had nowhere to go.

Making a bit of money by selling her body and coming back to school with fake goods to show off.

It would be seen through right away.....

"I don't like wasting words with this kind of useless trash." Tan Xiao still had the smile, but his eyes were already colder.

It was like the autumn wind in October, it suddenly became cold.

"You.....What did you say?" Chen Mei Mei's face turned red and she bit her lip, "Don't think that you can do whatever you want just because you are handsome. This is our school, please leave?"

"He, he, isn't this backwards?" Tan Xiao said with a smile, "This will be my school soon, but it will never be your school."

"Damn!" Chen Mei Mei put her hands at her hips and said with a red face, "Is there something wrong with you? I'm wearing the school uniform, alright? Open your eyes and see it clearly! Oh, that's wrong, how could someone that fell in love with Luo Qing Chen have any eyes."

"Mei Mei, don't say this. We're all classmates, this isn't good." Fang Xin Xin still wanted to leave a good impression on the very handsome Tan Xiao. After all, this person's handsome looks were comparable to Ye Qing's.

"Xin Xin, you're too kind." Chen Mei Mei looked at her and honestly said, "For someone like Luo Qing Chen, if you don't teach her a lesson, she will keep pestering you and hurt you."

"I.....I'm not wronged at all....." She lowered her head and said in a delicate voice, "You should leave the school! If the teacher sees you, you will be chased out....."

Hearing Fang Xin Xin's words, Luo Qing Chen gave a cold laugh in her heart.

This was her first time seeing this white lotus that wanted to die and she did it this well.....

"Chased out?" Tan Xiao looked at his watch, "You'll understand who these words will apply to in just ten seconds."

"You.....What do you mean!" Chen Mei Mei was a bit anxious as she put her hands at her hips, "Explain if you have the skills!"

"Ten, nine, eight, seven.....Three, two, one, zero." Tan Xiao put his hands in his pocket and said with an elegant smile, "Classmate, your phone is ringing."

Because she was too focused, Chen Mei Mei's phone rang twice before she reacted. As soon as she picked up, her father's roaring question rang out.

Since she was young, her family conditions had always been good, so this was her first time being yelled at by her father like this.

Chapter 2676: Silly and sweet: The lost granddaughter of the rich man (27)

"Chen Mei Mei, just what did you do? Do you know what kind of person you've offended?"

"Dad, I.....I didn't!" Her voice trembled a bit. After all, she was still a high school student and she would want to cry if she was yelled at by an elder.

Father Chen on the other side said, "Dad is about to run and our family's going to be sold off. You, it's my fault for spoiling you too much normally that you actually.....Ai....."

With a long sigh, Chen Mei Mei's father hung up.

"Dad, I....." Chen Mei Mei wanted to say something, but there was only the dial tone from the other end.

She looked at Tan Xiao with a terrified look as she asked with trembling lips, "You.....What did you do?"

"Our young miss can't be bullied at all." Tan Xiao looked at his slender fingers as he said, "The factory that your father opened was built with borrowed money from a company called 'Dream Loans'."

"What about that? My dad pays them back on time each month, isn't it normal to get a loan to open a factory?" Chen Mei Mei almost screamed this out because although her father borrowed money, the factory was profitable each year and they never lost money.

So she was still the little princess of the family and lived a pretty good life.

"Yes! You're right." Tan Xiao gave a shrug, "But so what? Ten minutes ago, our Luo Group officially bought out 'Dream Loan' for three times the asking price and withdrew all the original loans given to you, as well as stopped all other companies from selling raw resources to your factory."

"You.....What do you mean by this?"

“My meaning is that there isn’t a single company in the world that is willing to sell raw resources to your factory anymore.” Tan Xiao looked up with a smile, looking down at her as he said, “Isn’t this easier to understand?”

Luo Qing Chen didn’t know if Chen Mei Mei could understand Tan Xiao’s meaning, but she could understand.

He closed off all paths for Chen Mei Mei’s family and only left a path of death for her.

A dark and endless path of death.....

“No.....Impossible.....You can’t do this.....What does my father’s factory have to do with you?” Chen Mei Mei cried as she said, “How can you do this, you can’t do this. I’ll call the police, I’ll call the police.”

“Oh, right! Your little sister should be suffering from a rare type of diabetes and she has been on the list for the latest drug trial tests that mister L invested in to support charity and scientific research.” Tan Xiao didn’t care about what Chen Mei Mei said at all as he looked up to say, “Your little sister was removed from that list five minutes ago and a new patient took your little sister’s place after two years of waiting.”

“What did you say?” Chen Mei Mei’s feet went limp and she collapsed after hearing this.

Since it was a rare type of diabetes, the medicine had to be imported and it was very expensive.

Her family had planned on giving up on treatment a few years ago, but they found that a philanthropist was buying foreign medicine for free for people with no money. It was considered a kind of study for them.

Thousands of people signed up, but there were only ten spots for free medicine.

Luckily her little sister was on that list of ten.

The foreign medicine was very good and her little sister’s condition had been stable over the past two years, so their family no longer worried about it.

After all, it wasn’t their money being spent and someone was taking care of her little sister, so who wouldn’t be happy.

But now that spot was suddenly taken by someone else.....

Wasn’t this letting her little sister.....die?

Chapter 2677: Silly and sweet: The lost granddaughter of the rich man (28)

Luo Qing Chen didn’t know if Chen Mei Mei understood what Tan Xiao said, but she did.

Although she didn’t show any emotions on the surface, she trembled deep down.

This Tan Xiao was completely different from how he looked on the surface. It was like a demon wearing an angel’s face, his heart couldn’t be seen through at all.

“Impossible.....Impossible.....” Chen Mei Mei was about to go crazy.

She was very unwilling to face everything that happened. She hoped that it was false, that it was all false.

But then there was a call that shattered her fantasy because it was a call from the hospital.

“Hello miss Chen, your little sister has lost her right to participate in the free trial of the new drugs at our hospital after two years. Please come to the New Life Charity Medical Research Center at nine in the morning to pick up your little sister. I want to express my deepest.....”

“Scram!”

She almost roared this out before running away like a madman.

No one stopped her, or rather no one dared to stop her.

The faces of the remaining men were very ugly and their feet kept trembling.

Fang Xin Xin on the side couldn't completely react. She bit her lips as tears welled in her eyes.

She was very afraid and wanted to run very much, but it was like there were large boulders tied to her feet.

It shouldn't be like this, she shouldn't fear Luo Qing Chen.....

“What are you doing?” Before Fang Xin Xin could react, there was a boy in a clean white school uniform that came from around the corner.

The warm sun fell onto his chestnut hair and with a breeze, it gave him that bright handsome feel.

“Classmate Ye Qing.” Fang Xin Xin called out in surprise before rushing over to Ye Qing and hiding behind him, “I'm a bit afraid, they are people from the underground.”

Ye Qing knitted his brows as he looked in the direction Fang Xin Xin was looking. When he saw Luo Qing Chen, those beautiful eyes revealed a faint look of pleasant surprise.

“Qing Chen?” Ye Qing shook off Fang Xin Xin's hand and walked towards Luo Qing Chen.

She narrowed her eyes to look at Ye Qing in front of her. The words Sunshine Boy were the best words to describe him.

He didn't need to do anything, just standing there gave him a youthful feel.

“Eh.....” Luo Qing Chen pursed her lips and wanted to say something, but Tan Xiao already stood in front of her and looked at this man to say, “No one is allowed to easily approach our young miss.”

Although Tan Xiao had a smile, his eyes had a slight chill in them.

Ye Qing could feel his hostility, but he couldn't understand what he meant by 'young miss'.

“That.....” After a while, Ye Qing explained, “I am Qing Chen's classmate. I never had a way to contact her and I don't know why she suddenly dropped out.....”

“The young miss dropped out because she was to go to a noble school, but since she liked it here better, our old master decided to.....” After a pause, he slightly curled his lips, “Starting tomorrow, Third Mubei High School will be merged with the noble school.”

“What?”

“What did you say?”

“Mer.....Merged.....”

Everyone gave a surprised cry when they heard Tan Xiao’s words, including Luo Qing Chen who was very surprised.

Merging two schools wasn’t a small matter. She never thought that with a single word that she wanted to remain at Third Mubei High School, it would decide the fates of the two schools.

Chapter 2678: Silly and sweet: The lost granddaughter of the rich man (29)

Due to how sudden this matter was, Luo Qing Chen didn’t go to her classes in the morning and went back to the Luo Manor to ask about the merging of the two schools.

When she arrived at the house, she bumped into Lu Jue Feng who was coming out. Behind him was Yan Tong who had once wanted to take her life.

“Young miss.” Lu Jue Feng spoke first, “Shouldn’t the young miss be at school right now?”

Without knowing why, seeing her face made him think about the scene of her reaching her hand out to grab Mo Ling’s hand last night.

They.....unexpectedly became so close so fast.....

“I have something I want to talk to grandfather about.” Luo Qing Chen was too lazy to talk to him since seeing Yan Tong made her unhappy.

There was no need for a reason to like and hate a person.

Not to mention, Yan Tong wanted to kill her, alright? Although she had been entrusted with this by others, she couldn’t hate Lu Jue Feng, so there was nothing wrong with hating Yan Tong.

Of course, Yan Tong also hated her.

A girl who had appeared out of nowhere wanted to be protected by the person she admired the most, this was a sacred violation in her heart.

Of course she would be unhappy.....

“The old master isn’t home.” Yan Tong looked up with a hint of coldness under the heavy makeup, “I’m afraid that young miss has come back for nothing.”

“Un humph?” Luo Qing Chen narrowed her clear eyes that were filled with extreme coldness to look at her, “Is me coming home considered a wasted trip? Could it be.....that someone doesn’t want me to come home?”

She still hadn't settled accounts for what happened when she first came to this world. If it was because she didn't want to involve Lu Jue Feng, it would be impossible for this person to appear in front of her again, alright?

"You....." Yan Tong's face was a bit pale and her eyes trembled as she knew that she said something wrong.

But she couldn't take it. She couldn't help saying a few more things and becoming enemies with her.....

"Lu Jue Feng, watch over your people." Luo Qing Chen gave a cold laugh, "I have a bad temper and if some words slip out, you should know who will die."

Her tone wasn't light or heavy, but each word was filled with power that made people shiver.

"Did you hear this? You aren't qualified to speak in front of the young miss in the future." Lu Jue Feng coldly looked at Yan Tong and said, "Leave."

"Yes....." Yan Tong bit her lip. Although her heart was very unwilling, she had to lower her head.

"Wait." Luo Qing Chen crossed her arms as she narrowed her eyes to look at Yan Tong, "Did you apologize? If you don't apologize and want to leave, then don't think about staying in the Luo Family."

She suddenly felt that she was an 'evil supporting female lead' who was bullying the 'kind' female lead.

But there was no absolute kindness in this world. From Yan Tong's perspective, Luo Qing Chen's actions were very aggressive.

But to Luo Qing Chen, she thought that revenge was her style.

"I apologize to the young miss." Lu Jue Feng's voice was cold and clear, but Luo Qing Chen saw that his eyes weren't cold at all. Rather, there was a very special emotion in them.

It was unclear, indescribable, and he wasn't willing to admit it.

Yan Tong didn't refute because she knew that when Lu Jue Feng spoke like this, it meant that he was close to getting angry.

Even if she wasn't willing, she clenched her fists and said, "Sorry young miss, Yan Tong can't speak well. Young miss, please don't be angry."

"Oh." She coldly replied before giving a shrug, "But I don't accept it."

If all apologies could be exchanged for forgiveness, then how cheap death would be.

If it wasn't for Yan Tong, the previous host wouldn't have died.

She was aiming at Lu Jue Feng, but that didn't mean that she was a real fool and everyone could be let off.

Chapter 2679: Silly and sweet: The lost granddaughter of the rich man (30)

"It's normal that the young miss doesn't accept it." Lu Jue Feng looked at her and said, "But it's not worth it getting angry at a servant."

As soon as his voice fell, he coldly looked at Yan Tong and said, "You're still not leaving?"

"Yes, Yan Tong will leave."

She hated it, her heart was filled with hatred. But she couldn't do anything since she couldn't do anything against Luo Qing Chen's identity.

After seeing Yan Tong leave, Luo Qing Chen gave a soft snort, "Un humph? It seems like mister Lu Jue Feng really cares about his subordinates!"

"The young miss is thinking too much." Lu Jue Feng looked up slightly and said, "I'll send the young miss back to school."

"No need, I just came back from school." Luo Qing Chen knitted her brows and said, "Grandfather wants to merge the schools?"

"It has already been done."

.....

Didn't the people from the Luo Family do things too quickly! Just like a bolt of lightning, everything had been taken care of before she could react.

"Grandfather really is persistent....." Luo Qing Chen said with a helpless smile, "Isn't it the same wherever you go to school?"

"Of course not." Lu Jue Feng's expression changed, "We were instructed to protect you. The old master is already old and his heart isn't good. He should be receiving happiness, but a single loss would be hundreds of times more painful than before to him."

"Eloquent words." Luo Qing Chen gave a cold laugh, "Then is that why you wanted to kill me before?"

"Should I admit it or apologize?" Lu Jue Feng knitted his brows and said, "You are different from what I imagined."

This was a strange feeling of wanting to get closer, but he wasn't willing to admit it.

"Everyone in this world is different." Luo Qing Chen said with a faint smile, "You're also very special! Mister Lu Jue Feng."

The atmosphere became a bit awkward because they tried testing each other in the open and in the dark. After a few seconds, Lu Jue Feng slowly said, "The old master is at the Sky Group, I'll take you there."

"No need." Luo Qing Chen thought about it and her thoughts came in an instant. She cleared her throat and said, "I'll go shopping with you. Aren't you responsible for protecting me?"

"....."

Even though Lu Jue Feng never went shopping with girls, even if he was unwilling in his heart.

He couldn't disobey the orders of the young miss at this moment.

Not to mention that although he didn't want to admit it, he knew very well in his heart that he strangely wanted to protect her.

Perhaps it was Luo Bai Wan's orders, or perhaps.....there was no reason.

Only he wanted her to pay more attention to her before the other three.

This feeling was strange, so strange that he felt that he wasn't like himself.

At the same time, in a dark room in the Luo Manor.

Yan Tong clenched her fist as she looked at the mirror on the dressing table. Her phoenix eyes were completely bloodshot.

Anger, jealousy, unwillingness, and layers of darkness lingered in her heart that made it hard for her to breathe.

She couldn't help blaming herself. If she had succeeded that day, the girl named Luo Qing Chen would never have appeared in front of mister L.

Then Lu Jue Feng would still be cold and alone, he wouldn't need to protect anyone and only she could remain by his side.

Why! Why was she so negligent that day! It was just a bit more and she could have killed her!

The more Yan Tong thought this, the more the flames in her heart burned. After struggling countless times, she looked up at the mirror and firmly bit her lips as she muttered, "Give me one more chance and I will kill her. This time, I will definitely succeed."

Chapter 2680: Silly and sweet: The lost granddaughter of the rich man (31)

As someone close to Lu Jue Feng, Yan Tong naturally had her own subordinates.

Although their combat skills weren't as good as hers, they still had numbers. They could still find a chance to kill a person.

Before carrying out the plan, Yan Tong sat in front of the mirror whispering to herself, "Young master Feng, I won't disappoint you this time. I definitely won't let you be under anyone else."

Downstairs at the Wanda Mall, Luo Qing Chen was in a lotus pink suspender skirt with an orange cap on her head.

Beside her was Lu Jue Feng who was in a suit and gave off a very formal feel.

He wanted to kill her, it made sense to torture him a bit!

Moreover, the affection hadn't increased in so long. This little brother really was.....heartless!

Lu Jue Feng looked around and slightly knitted his brows.

There were too many people in this mall. Now that Luo Qing Chen's identity was known by the entire business circle, to reach mister L's current position, he didn't have a lack of enemies.

He was a bit worried about coming to this kind of place.

He even felt that it was ridiculous that he had this feeling. He had given the order to kill this person before, but now he had been ordered to protect her.

What was more terrifying was that.....he began strangely worrying about her safety.

"It's really been a long time since I've been in such a lively place." Luo Qing Chen pursed her lips and said, "I have a lot of things to buy, will mister Lu be able to carry them all? Tan Xiao said that I could call him if I needed anything....."

"No need." His eyes were deep and had a faint glow that people couldn't see, "I'm enough."

[Ding, affection has increased by ten. Mission completion rate is now 20%.]

He also didn't know why, but when 'Tan Xiao' was mentioned, he felt very uncomfortable in his heart.

It was as if this brother had become his enemy.

When everyone was supposed to go and deal with the school merger business together, Tan Xiao had said that he had something else to do first.

Was it.....to find her?

He naturally wasn't that kind of person that flattered his new master, he only had one reason for doing this.

He wanted to get to know her and nothing else.

The system's notification wouldn't lie. Under that calm face, there were waves that were stirring in his heart.

At that moment, Luo Qing Chen seemed to have a slight understanding of what kind of person Lu Jue Feng was.

He was different from all the other people she had met before. If she had to describe it in words, it would be.....wildly trying not to fall in love with anyone.

She didn't know if he had any affection for any other girls before she appeared.

But this kind of person, what would they become like after they fell in love with someone?

Even she was a bit curious.

But it really was a bit hard.....

-

After an afternoon of shopping, Luo Qing Chen thought that Lu Jue Feng would be following her with bags, but that didn't happen.

Everything she bought was specially transported and they would be neatly arranged in her room before she arrived back at the manor.

It's no wonder he didn't need Tan Xiao's help!

Seeing Lu Jue Feng who wasn't tortured at all, Luo Qing Chen felt a bit annoyed!

If it wasn't for the system notification, she really thought that he didn't want Tan Xiao to come to save him trouble and not because.....

Not letting him come because he wanted to be alone with her.

"Did you buy enough? Young miss." Lu Jue Feng looked at Luo Qing Chen who was a bit angry and his lips curled into a smile that he didn't even realize himself.

Very faint and a gentleness that had never been seen before.
