Chapter 2691: Silly and sweet: The lost granddaughter of the rich man (42)

After the two schools merged, the students from Mubei all went to class at the noble school.

The noble school had plenty of classrooms, there were plenty of extra classrooms even with the students of Mubei.

But the distinction between rich people and commoners was very clear. There was a road that was separated and there was a very finely written plaque there that read: Commoner stop.

When Luo Qing Chen arrived at school, she had become the center of attention as soon as she reached the gate.

What did this richest man's granddaughter look like? What kind of personality would she have?

"Don't let people stand at the gates from now on." Tan Xiao raised his walkie talkie and said, "Blocking the path of our young miss, do you know the consequences?"

"Yes, young master Tan."

The school's broadcast system rang out with a very simple and concise announcement.

Announcement, announcement. If there are still people that are watching at the school gate, they will be expelled no matter which school they come from.

In an instant, the crowd of people at the gate disappeared like a 'flash mob'.

"You really are ruthless." Luo Qing Chen gave a shrug and said with a smile, "This really opens my eyes."

"Young miss is so honourable, naturally she can't compare with others." Mo Ling drove the car up to the school, "I'll go park the car, you guys can go with the young miss."

"Un."

-

After the morning 'scenery', Luo Qing Chen was very clear how different it was coming to school alone compared to coming to school with the four young masters!

The class that she was in was noble class one and this class were all filled with rich young masters and young misses from the business world.

Of course, they were all very careful when speaking to her. There were some ambitious people that said a few polite words to her, but after being coldly glared at by Lu Jue Feng, they couldn't say anything else.

As for the timid people, they didn't even dare walk by her.

The more status that a person had, the more they couldn't be offended. Luo Qing Chen was.....one of those people who couldn't be offended.

But the atmosphere was very uncomfortable for her.

After two classes, she looked at Lu Jue Feng sitting beside her with a bitter smile, "I'm going downstairs for a walk."

"Un." When he was about to stand up, Luo Qing Chen quickly said, "Don't, don't, don't, I'll go myself. With you there, it's like having a negative thirty ice cube around that will freeze all the people around me."

Lu Jue Feng thought about it. There shouldn't be any dangers in school. Only then did he say with a nod, "Un, call me if something happens."

"Relax!"

Luo Qing Chen had wanted to walk around downstairs and take a breath of fresh air. However, she never thought that she would bump into the two elders of the Fang Family who came to deliver a snack to Fang Xin Xin.

They had been like this before. They would deliver delicious food to Fang Xin Xin during recess even when the previous host and Fang Xin Xin were in the same class.

Fang Xin Xin would be too lazy to come down and get it, so she would send the previous host.

But each time the previous host was warned that she couldn't steal the snacks prepared for their precious daughter, but Fang Xin Xin had never even finished these before.

The previous host had never got to eat breakfast.

"Ze, ze, ze." Luo Qing Chen coldly narrowed her eyes and clapped her hand before heading in the direction of the two elders of the Fang Family.

When mother Fang and father Fang saw Luo Qing Chen, their faces sank and there were looks of anger in their eyes!

"You.....What are you still doing in school?"

Chapter 2692: Silly and sweet: The lost granddaughter of the rich man (43)

Fang Xin Xin's expression changed. She knew Luo Qing Chen's current identity, but her parents didn't!

Although she wanted to stand on the moral high ground and get the benefits she wanted, it would be more difficult to get them if she were to offend Luo Qing Chen.

"Aiya, mom, dad, big sister has been with us for many years, it's a good thing that she can come back to school." Fang Xin Xin's face completely changed from yesterday.

"But....." Mother Fang muttered, "Where did she get the money to pay the school fees?"

"Mom.....Actually....."

“Fang Xin Xin, your acting really is disgusting.” Luo Qing Chen crossed her arms and looked at her with a cold smile, “Do you really think that your ending will be any different from Chen Mei Mei’s?”

Before Fang Xin Xin could react, father Fang became unhappy.

He raised his right hand and angrily said, “You dare talk to Xin Xin like this, are you looking for a beating?”

As he said this, he quickly walked towards Luo Qing Chen and was about to land a slap on her face.

She looked up with those cold eyes that had a trace of killing intent in them.

Those eyes made father Fang’s heart tremble. His right hand stopped before it was firmly gripped.

A white hand with slender fingers. A white uniform and a familiar smell.....

It wasn’t that she was familiar with it, it was the previous host.....

“You are not from our school!” Ye Qing looked at father Fang with deep eyes, “Beating people at our school, I’ll call the police.”

“Classmate Ye Qing, don’t.....Don’t call the police.....” Fang Xin Xin quickly said, “This is our family’s matter, you.....”

“Family’s matter?” Luo Qing Chen gave a shrug before looking at Fang Xin Xin with a smile of disdain and ridicule, “What a joke? When did you have the face to discuss ‘family’ with me?”

To Luo Qing Chen, Fang Xin Xin’s actions could be described with one phrase.

Shameless people could do anything.

“You.....” Fang Xin Xin endured her anger and calmly began speaking from the moral high ground.

She cleared her throat and said, “Right! You are different now! But my parents took you home from the orphanage and they treated you like a daughter. Now that you’ve found your parents, you’re this ungrateful to them, it really is shameful.”

“Pa, pa, pa.” Hearing Fang Xin Xin’s words, Luo Qing Chen couldn’t help clapping for her.

It had to be said, this move of advancing instead of retreating wasn’t bad.

It was a pity that Luo Qing Chen didn’t buy this.

“Oh? It seems like I’ve brought shame on myself!” Luo Qing Chen said with a chuckle, “Then how about I bring even more shame on myself?”

“You.....What do you want to do?” Fang Xin Xin never thought Luo Qing Chen would respond like this.

She thought that if she stood on the moral high ground and if they were in front of Ye Qing, she would definitely compromise.

But she never expected that not only did she not, she even.....

"I told you a long time ago what I wanted to do." Luo Qing Chen casually put her hands in the pockets of her uniform as she looked at Fang Xin Xin, "I guarantee that you and your parents will suffer a fate worse than Chen Mei Mei."

As soon as her voice fell, she turned around and didn't bother sparing this family another look.

"Luo Qing Chen!" Fang Xin Xin angrily roared before gritting her teeth, "You can't be so heartless, the heavens can see what people are doing!"

"Yes! The heavens can see what people are doing!" Luo Qing Chen coldly turned around and said one last sentence, "Don't you know in your hearts what your family has done?"

Chapter 2693: Silly and sweet: The lost granddaughter of the rich man (44)

The Fang parents still hadn't reacted yet and still looked at her with fierce looks.

It was as if they were still the high elders of the Fang Family that could abuse this girl they bought back from the orphanage at will.

It was a pity that this girl was no longer the girl from the past.

There weren't thousands of people that died at her hand, but there were hundreds.

Other than that person, she was very indifferent in every world.

She didn't have the pureness and kindness of the previous host, but in most cases, no one could bully her.

Those that could bully her all died and those that could protect her.....also died.

"Xin Xin, don't be polite with her. Saying all these things father doesn't understand, but you can be assured since father has acquaintances in the school." Father Fang looked at her with a ruthless look, "Threatening us, consequences? Father will bet that you won't be able to stay in this school for another day."

Father Fang's violent look really didn't create a single ripple in her heart.

At the same time, somewhere in the school building.

Lu Jue Feng and Tan Xiao watched it all happen. Tan Xiao put down the phone in his hand, "It's done."

"Un." Lu Jue Feng deeply knitted his brows as he replied, "I've already sent people to visit their neighbours. This family definitely will not have a good ending."

Although she looked so proud when she met him, thinking of being bullied by others for more than ten years, he strangely felt uncomfortable.

But no matter how uncomfortable he felt, it was not as uncomfortable as seeing another man standing by her side.

“Relax, anyone that bullies the young miss, their fate.....” Tan Xiao paused before saying, “Will be worse than death.”

Lu Jue Feng didn't reply. Tan Xiao saw his tightly knitted brows and then looked at Ye Qing beside Luo Qing Chen before saying, “Does young master Feng care about this?”

“No.” Lu Jue Feng was calm on the surface, but he was going all out to suppress his emotions. He shook his head and said, “What's there to care about when it comes to normal classmates?”

“Ze, ze, ze.” Tan Xiao raised his right hand and shook it, “This Ye Qing isn't a normal classmate, at least he knew the young miss since the beginning.”

“They know each other?” Lu Jue Feng's brows couldn't help raising as he felt even more uncomfortable.

It was like there was a stone on his heart that made his breathing stop.

“The school hunk of Third Mubei High School. I heard that Fang Xin Xin quite liked him, but he.....”

“He what?”

Tan Xiao couldn't help finding Lu Jue Feng's nervous, but desperate to suppress expression funny.

He cleared his throat and replied, “He approached the young miss instead. I'm not clear what the particular situation is.”

“Ye Qing.” Lu Jue Feng looked at the youthful young man under the sunlight with a cold look in his eyes.

At the same time, Ye Qing standing beside Luo Qing Chen spoke, “The school has its own rules and class is about to start. The people who aren't related should leave quickly!”

“Whether father leaves or not is not something a brat like you can dictate. Father is telling you.....”

Before father Fang could finish speaking, there were several large men standing behind the Fang couple.

This scared father Fang until his tongue turned soft. That arrogance from before was gone without a trace and he could only stand there shivering.

“You.....You.....You.....”

“Mister Fang Zhen, we suspect that you've embezzled public funds and have smuggled contraband products.” One of them looked at him and said, “Please come down to the police station with us.”

Chapter 2694: Silly and sweet: The lost granddaughter of the rich man (45)

“No, no, you must have made a mistake.....” Fang Xin Xin immediately came forward and desperately shook her head as she said, “You can't cover the heavens with one hand like this!”

With Chen Mei Mei's tragedy yesterday in front of her, she had already done all she could to stop it. She definitely couldn't allow this kind of thing to happen again.

“You finally said something right.” Luo Qing Chen gave a shrug and a cold laugh, “I can cover the heavens with one hand.”

Ye Qing knitted his brows as he looked at her with a bit of doubt. But she didn’t care about this at all.

She just casually looked at Fang Xin Xin like this was an easy victory for her. She also knew that after this look, she might never see Fang Xin Xin again.

Perhaps she would be like Chen Mei Mei, disappearing from her world.

She didn’t use any effort or methods, she just used her identity to easily get revenge for the previous host.

The several large men took the two elders of the Fang Family away along with Fang Xin Xin.

There were one or two people who passed by, but they all quickly left.

After all, there was something exciting to watch, but if you took one too many looks.....you might bring disaster to yourself.

The students of Mubei might not know Luo Qing Chen’s status, but the people of the noble school were clear on it.

They didn’t want to cause trouble for themselves or their families.

The more status a person had, the more they knew who they couldn’t offend and the.....smarter they were.

She ignored Fang Xin Xin’s wild cries and even ignored Ye Qing’s gaze.

From his knitted brows just now, she knew that this youth didn’t understand the previous host and understood her even less.

“Classmate Qing Chen.” When she had taken a few steps, Ye Qing caught up.

“Do you need something?” Luo Qing Chen stopped and turned to look at him.

Ye Qing was surprised before scratching his head with a smile on his face, “It really is good that you could come back to school.”

“But the way that you looked at me should have been filled with doubt!” She didn’t like hiding things. Since they were talking face to face, it was better to be honest.

Ye Qing didn’t expect Luo Qing Chen to be this direct, so he stuttered, “I just heard about your identity.....It’s also good like this, it’s better than living in someone else’s home.”

He knew that Luo Qing Chen didn’t have a good life in the Fang Family, but he couldn’t help her.

He could only occasionally comfort her and talk to her.

Now she had found her family and had become someone with status.

He should be happy for her, but why did he feel uncomfortable and find it hard to approach her?

“Yes.” Luo Qing Chen gave a slight nod, “It’s all over now.”

Actually, she wanted to establish a good relationship with Ye Qing since the previous host’s wishes hadn’t been fulfilled yet.

But without knowing why, her heart rejected it. She wasn’t willing to approach and didn’t want to interact with him.

First they weren’t from the same world and second.....she didn’t want anyone to misunderstand.

But the task wasn’t completed yet and if it affected the special world, she couldn’t bear this pain.

This time, she had to reconsider.

“It’s really good seeing like this!” Ye Qing revealed a gentle smile, “Today is my birthday and I’ve booked a venue tonight. I hope that you can come.”

Chapter 2695: Silly and sweet: The lost granddaughter of the rich man (46)

“Your birthday?” Luo Qing Chen’s expression changed as she suddenly had an idea.

Ye Qing said with a nod, “It’s a small bar that my big brother opened. I invited some friends that I normally hang out with. I don’t have any female friends, so if.....if you don’t mind, you can come and have some cake.”

If it was before, Ye Qing would have felt proud when he said these words.

Although he wasn’t considered very rich, he didn’t have to worry about money.

But he couldn’t compare to the current Luo Qing Chen. He who could look down was now looking up.....

“I don’t mind.” Luo Qing Chen said with a faint smile, “What time?”

“Seven.” He was surprised by Luo Qing Chen’s quick response before quickly saying, “I’ll come pick you up after school.”

Luo Qing Chen had a gentle look in her eyes. It was as if there was a certain someone that appeared in front of her eyes and although it was faint, it was strangely warming.

“Alright.” Luo Qing Chen pursed her lips and said, “We’ll go together after school.”

Since it had to be done, it should be done sooner. She only had 30% affection right now, so Lu Jue Feng shouldn’t care so much even if he knew about this.

Things had to be done decisively and hesitating would only make things worse.

Husband and Wife are of the Same Mind

-

That night, Luo Qing Chen packed her things and looked out the window.

There were thick clouds that looked like it was about to rain.

She kept feeling a bit uneasy, but she didn't know what it was.

"Young miss, let's go back!" Tan Xiao reached his hand out to take her backpack, but Luo Qing Chen said in a surprised voice, "I have an appointment tonight, you can go back first! I'll go back by myself later."

"Where?" A cool voice rang out that made her heart skip a beat.

She could feel the chill that was coming from Lu Jue Feng, as well as an indescribable anger.

"A friend's birthday party." Luo Qing Chen turned over with a smile, "You go back first, I'll protect myself."

He looked up and their eyes met.

Those deep as ink eyes had an indescribable feeling that had a bit of sadness and loneliness.

It was silent all around. Yan Ze had left early because of something and Tan Xiao and Mo Ling were on the side without saying anything.

Some people weren't willing to admit the feelings in their heart and some people weren't willing to face the feelings in their heart.

Until—

"Qing Chen....." Ye Qing called her name from the door and everyone's eyes fell onto Ye Qing.

Only Lu Jue Feng's eyes were still on her.

As dark as ink and as bright as the stars.

"Be careful by yourself." He calmly said, "Come back earlier."

There was a strange tenseness in his heart. He slightly gripped his right hand as his slender fingers turned white.

No matter how hard it was, he still suppressed his feelings at this moment.

"Un." She took a deep breath and said with a nod, "Relax."

As soon as her voice fell, she no longer looked at his eyes and quickly turned away. She felt her nose stuffing up a bit as her heart felt very uncomfortable.

She felt like she had hurt someone and that person was the last person she wanted to hurt in this life.

Those starry eyes contained too many things that made it hard to see through, but she could feel the sadness that he was conveying to her.

Chapter 2696: Silly and sweet: The lost granddaughter of the rich man (47)

When she gradually disappeared from sight, Tan Xiao slowly said, "How about it, should we follow them?"

“Of, course, we’re, following.” Lu Jue Feng said through gritted teeth word for word. It was almost as if he couldn’t control his emotions anymore.

Even though he did his best, it seemed like his care was a current that couldn’t be stopped as it slammed into his heart.

He almost.....couldn’t take it anymore.....

-

She took Ye Qing’s car. It was a normal SUV that wasn’t considered expensive, but it wasn’t cheap either.

With a normal person’s identity, Ye Qing was already considered quite good. He was able to have his own car when he was a high school student.

The familiar song “So You Were Also Here” was playing in the car. The atmosphere was good, but she couldn’t relax.

Leaning against her right hand on the window, she watched the rain fall as she felt a bit depressed.

Ye Qing’s birthday party was held in an elegant small bar. Half of it had been booked for his birthday party.

The other half had been booked an hour ago, but no one came.

Husband and Wife are of the Same Mind

Other than a few of his good friends, the rest were all classmates.

“Come in! Just be casual.” Ye Qing thought that Luo Qing Chen would feel awkward, so he didn’t forget to say something to let her relax.

Actually, her mind wasn’t here at all.

“Isn’t this the Luo Family’s young miss?” One of the students from the previous noble school came forward with a smile, “I didn’t have time to greet young miss Luo today. Do you know Ye Qing?”

“Un.” Luo Qing Chen nodded, “You chat first, I’m going to the washroom.”

“Eh.....Alright.” That person clearly felt Luo Qing Chen ignoring him, but he didn’t dare flatter her anymore.

Standing in front of the sink, the cool water on her skin made her feel more awake than she had ever felt before.

But she had to pretend to be confused.....

When she came out, she didn’t go look for Ye Qing. She sat at the bar and ordered a Blue Enchantress cocktail.

The faint scent of the sea with a bit of sweetness.

Ye Qing sat beside her and ordered an orange flavoured cocktail called 'Wandering Life'.

"Let's have a drink?" He looked over with dim eyes as he looked at Luo Qing Chen, "You still haven't wished me happy birthday yet!"

"Un." She said with a smile, "Happy birthday."

"What about a present?" Ye Qing said with a silly smile, "Can I ask for a present?"

In this atmosphere, if a boy asked a girl for a present, it was easy for a person's mind to go wild!

But she could see through Ye Qing's eyes and she was certain that her mind didn't go wild.

After so many worlds, even if she wasn't 100% accurate in judging people, she was still 90% accurate.

Ye Qing liked the previous host, she could see this through his eyes. But he had never expressed his feelings and she didn't know why that was.

Was it because the previous host's identity was too humble or was it something else.....

She didn't know and she didn't want to know.

"What present do you want?" She drank all the alcohol in her hand, "Tell me and let me think about it....."

"You."

The two of them looked at each other. Luo Qing Chen narrowed her eyes to look at him and saw the burning anticipation in his eyes.

Un! She wanted to say and pretend she was drunk since it was easier to say nonsense when she was drunk.

"Un." Luo Qing Chen ordered another glass of alcohol before chugging it down, "I do like you....."

[Ding, affection has increased by fifty. Mission completion rate is now 80%.]

Before she could say the word 'but', there was a terrifying notification that appeared in her mind.

She naturally knew that Lu Jue Feng was nearby, but what was this? Why did he suddenly give her this much affection?

Chapter 2697: Silly and sweet: The lost granddaughter of the rich man (48)

"You.....What did you say?" Although it was noisy, Ye Qing had still clearly heard what Luo Qing Chen said.

There was a deep joy and an unprecedented excitement deep inside of him.

"Wait." Luo Qing Chen raised her hand and looked around herself.

The light was alternating from bright and dim, but there wasn't the familiar voice.

"You.....What are you looking for?" Ye Qing looked at her with a confused look as a disappointed feeling filled his excited heart.

“Didn’t you say that there was a booking today?” Luo Qing Chen slightly knitted her brows, “Where are the others?”

“How do you know?” Ye Qing was a bit surprised since he didn’t know that much about the bar himself.

His cousin told him that he still had to do business and it was rare that someone would want to make a booking. It was quite a lot of money and they wouldn’t be loud.

“It’s nothing.” She shook her head, “I drank too much and recognized the wrong person. There are some words you shouldn’t take to heart.”

She could see Ye Qing’s eyes dimming and when that sunny face was filled with a sad look, one couldn’t help feeling pained for him.

But she couldn’t do anything. There would be mistakes no matter how this matter was handled. However, she wasn’t a saint and she had her mission and her punishments.

She could provide a bad end for the ones that bullied the previous host, but she couldn’t take these emotions.

She felt uncomfortable using this opportunistic method to complete the task, but this was the only way.

“So can I ask who the person Qing Chen wants to confess to is?” Ye Qing revealed a helpless smile before touching the back of his head and saying, “I just think that person is very lucky, so I wanted to ask.”

“Lucky?” For the first time, she felt that she was facing Ye Qing with her true self.

She just curled her lips into a faint smile, “If you want to say the word ‘lucky’, I should be luckier than him.”

Looking into each other’s eyes, Ye Qing couldn’t through the glow in her eyes, but he knew very clearly.....

Other than being friends, there was no other relationship between them.

-

At the same time, at the West Pond Bridge.

The rain poured down and there weren’t any pedestrians on this bridge. Lu Jue Feng stood in the center, letting the rain fall down on him.

He closed his eyes and he pressed his right hand gently on his heart. It really did hurt.....

“Your face doesn’t look good, did your wound open again?” Tan Xiao quickly caught up and opened an umbrella over him, “Say something! Just what is happening?”

When Lu Jue Feng left the bar clutching his chest, he was worried so he followed along and he left Mo Ling to take care of the young miss.

It seemed like something was really happening.....

“Can’t you already guess what is happening?” His left hand tightly held the guard rail as they turned white.

It really hurt, this feeling of suffocation. No matter how desperately he told himself ‘I don’t care, I don’t care’, it didn’t work.

It was like a slow poison that eroded his heart bit by bit. Without knowing, the poison had spread all over him and there was no cure.

“Young master Feng.....” Seeing his pale face and his sad eyes, even the extroverted Tan Xiao looked at him with a serious look and said in a low voice, “I don’t even recognize you like this.....”

“I don’t even recognize him either.” Lu Jue Feng laughed at himself, “But I’m more awake than I’ve ever been.”

Chapter 2698: Silly and sweet: The lost granddaughter of the rich man (49)

“But the young miss seems to like.....” Tan Xiao said with a sigh, “The way that you treated her before, it’s normal that she doesn’t like you.....But there’s no point in torturing yourself like this!”

He had never seen Lu Jue Feng hurt because of a matter like this. He didn’t even know how to comfort him.

“It’s quite good.....” In the rainy night, he suddenly laughed at himself before saying with a sad look in his eyes, “This kind of torture can at least tell that ignorant self in my heart something.....”

“What?”

“How much I love her.”

“Young master Feng, you.....”

“Let me go alone.”

“Ai.....Alright!” Tan Xiao knew that it was useless to say anything else in this situation, it was better for him to go alone.

.....

The drizzle fell and the cold wind blew.

Lu Jue Feng walked alone on that empty street with the cold rain hitting his wound.

My Call For Questions From You. And Your Help.

His wound tore open and the blood fell with the rain drop by drop onto the ground, but he didn’t care.

Perhaps it was because there was another pain that overshadowed everything, overshadowed all his pain.

It turned out that liking someone was like this, it was a blessing even to torture yourself.

Lucky to be by her side, to protect her.....

It was unknown how long he walked, but his mind filled with chaos. Everything in front of him blurred and he couldn't see reality.

Lu Jue Feng felt his eyes go dark as he lost consciousness.

-

When he opened his eyes again, he was surrounded by white figures and there was the smell of alcohol in the air.

Lu Jue Feng's expression changed and Tan Xiao and Yan Tong beside the bed helped him up. He waved his hand and knitted his brows as he said, "What time is it?"

"It's midnight." Tan Xiao gave a deep sigh, "You, if it wasn't for me sending people because I was worried, fainting on that bridge in this weather, the trucks wouldn't have been able to see you on the ground!"

Tan Xiao's voice was filled with reproach, but being a brother for so many years, he naturally didn't want to see him torture himself like this.

"She went back?" Lu Jue Feng didn't hear anything and just asked about Luo Qing Chen.

The more clearly he saw his heart, the more excited and agitated he became. The more he wanted to know everything about her and the more he wanted to receive her care.

That was the truest portrayal of his heart right now.

"Don't worry, young master Ling sent her back." Tan Xiao pointed at his wound, "I urge you to take care of yourself! An infected wound is very serious. If you didn't have a good body, you would have been infected a long time ago."

"Young master Tan is right. Young master, why are you hurting yourself like this?" Yan Tong couldn't contact Lu Jue Feng, so she could only call Tan Xiao. She never thought that such a big thing would happen.

"I think that I told you clearly that night at the hotel." Lu Jue Feng's eyes suddenly turned cold as he looked at Yan Tong, "If you don't leave, then don't blame me for telling mister L who tried to ambush the young miss at the square that day."

"Young master." Yan Tong's face instantly turned pale. She was very unfamiliar with this Lu Jue Feng.

It was as if they never knew each other before. Was that woman really that important?

No, no. He said that he was only protecting Luo Qing Chen because she was mister L's granddaughter, it wasn't for anything else.

It wasn't for anything else.....

Chapter 2699: Silly and sweet: The lost granddaughter of the rich man (50)

"Go." Lu Jue Feng looked up at her with extremely cold eyes, "Not to mention that the old master has already started investigating this matter. If you are thinking about doing something, no one can save you."

"Alright, alright." Tan Xiao knew that the atmosphere wasn't right and Yan Tong even wanted to let out aggrieved tears. He quickly said from the side, "Yan Tong is also worried about you, you shouldn't....."

"Don't hurt her if you're worried about me." Lu Jue Feng narrowed his cold eyes and looked at Yan Tong with a faint sparkle in them, "I won't let anyone harm her."

Since he could see through his heart, then he should torture himself more openly and there was no need to hide it.

Yan Tong still wanted to say something, but she found that her words were stuck in her throat and she couldn't say a single thing.

Jealousy, unwillingness, anger, and helplessness filled her heart.

"Yan Tong." Tan Xiao gave a sigh, "Leave first! I'll stay with him. Call me if something happens to you."

"But....."

"You can't do anything here!" Tan Xiao gave a shrug and said, "He doesn't need you."

Yan Tong unwillingly bit her lip as her eyes filled with tears, but she still slowly turned around. It was like her feet had huge boulders on them and she didn't want to take a single step forward, but she had to.

But she wouldn't give him, she would never give up. No matter what, she couldn't leave him!

She couldn't.....

After Yan Tong left, Tan Xiao helped Lu Jue Feng get a bottle of water before sitting on the sofa looking at him.

Those sharp eyes were still filled with majesty, but there was a bit of gentleness in his eyes.

"Ke, ke....." He cleared his throat and said, "As someone who has been there before, now that you are in this situation, it's best to stay away from your 'love tribulation' person."

Lu Jue Feng knitted his brows, "What does that mean?"

"You should stay away from the miss for now to calm your heart. Wait until....."

"I don't want to."

Before Tan Xiao could finish, Lu Jue Feng had already rejected his suggestion with incomparable firmness.

Stay away from her? That was already impossible.

How to steal her? He still hadn't thought it through.

But to give her up.....that was impossible.

The only uncomfortable thing was that it still hurt a bit too much.

His heart that had been sealed for a long time started throbbing, stabbing his heart before he knew what love was.

But even then, he was still willing to accept this pain.

"Ai, why are you so stubborn?" Tan Xiao looked at him with a helpless look, "Is torturing yourself like this really that interesting?"

"It is." His left hand gently lifted his IV and he said with a charming smile, "At least it can get her to care."

Tan Xiao heard this and he trembled before waving his hand, "Good, good, good! I finally feel that Mo Ling is right. Love will make a person crazy, silent, and terrifying! Truly crazy."

"But I feel that it's quite good." Lu Jue Feng narrowed his eyes and said with a grin, "At least now I know what I want."

Tan Xiao didn't say anything else and silently walked to the door. He took out his phone and called Luo Qing Chen's number.

He wanted Lu Jue Feng to not feel bad, so it was best for him to stay away.

But now it seemed that it was almost impossible for Lu Jue Feng to stay away from Luo Qing Chen.

Then why not give it a try?

Either he was a sinner or a matchmaker. In short, he would 'go down in history', so it wasn't a waste doing this!

Chapter 2700: Silly and sweet: The lost granddaughter of the rich man (51)

At the same time, Luo Qing Chen laid on the sofa in her room, strangely feeling uneasy.

Only Mo Ling sent her back today, the others weren't there.

But she was absolutely certain that Lu Jue Feng had been around when she was at the bar.

But he didn't send her home. That 50% affection really made her uneasy.

It was clearly something to be happy about, but she felt like there was a large stone on her chest which was an indescribable feeling.

At this time, Mo Ling came in with a cup of hot milk.

"Juan Juan wanted to send it up, but I was already bringing you a vitamin." Mo Ling gave it to her, "This will help you."

“I’m not drunk.” Luo Qing Chen took the milk while putting her cheek on her right hand and took a sip, “Is young master Feng back?”

“No.” Mo Ling said in a deep voice, “Young miss, don’t worry, nothing will.....”

Before Mo Ling could finish, his phone rang perfectly.

The caller was, Tan Xiao.

“Hello?”

“Young master Ling, is the young miss home?”

“The young miss is beside me.” Mo Ling looked at the time, “It’s this late, is there something important going on?”

If it was something, he would go. Their mission was to protect Luo Qing Chen and they didn’t need her to do anything.

“Un.....” Tan Xiao hesitated a bit before saying, “Give the phone to young miss. I called her, but she didn’t pick up.”

Mo Ling could hear the hesitation in Tan Xiao’s voice, but he didn’t say anything and gave the phone to Luo Qing Chen.

Luo Qing Chen was surprised, but she still took the phone, “Hello, I’m here.”

Without knowing why, when she knew that Tan Xiao wanted to talk to her, she felt that it should be related to Lu Jue Feng.

Moreover, this feeling.....was very strong.....

“I’m at the air force hospital’s VIP room. Young master Feng.....”

“Hospital? Did.....Did something happen?” She felt her heart skip a beat before it started to beat wildly.

This kind of sudden call from the hospital was the most terrifying because it was only ever bad news and never good news.

Tan Xiao could hear the slight tremble in her voice and his lips couldn’t help raising, “The lung is affected by the wound’s infection and the doctor said that it would be very dangerous tonight.....”

Then there were only ‘du, du, du’ sounds from the other side.

Luo Qing Chen instantly hung up and looked at Mo Ling. She put down the milk in her hand and said, “I’ll go to my room to get something.”

“Ah?” Mo Ling was surprised. Although he didn’t know what they talked about, this conversation really didn’t make sense.

They were at the hospital and if something happened, shouldn’t Luo Qing Chen have him take her to the hospital?

Why was she going.....to her room?

“Un.....That.....You, you.....You do your thing!” As soon as her voice fell, Luo Qing Chen turned and entered the room.

The door closed behind her.

She picked up a coat and took the phone as she closed her eyes.

There was a faint blue light around her before she was teleported to the area around the hospital’s VIP ward based on her memories.

It was already midnight and there wasn’t anyone around. The lights fell onto her and it slowly made her shadow longer.

It seemed like.....she forgot to ask which room.

She took out her phone and called Tan Xiao.

“Hey, which room are you in? I’m at the entrance to the hospital.”

“Wh.....What?” Tan Xiao’s face turned pale.

Please, the hospital was at least half an hour from the Luo Manor even if you drove a race car, alright?

What was going on!?
