

Quick T 2701

Chapter 2701: Silly and sweet: The lost granddaughter of the rich man (52)

“You, you, you, you, you.....” Tan Xiao was like a stuck cassette, not being able to say anything other than ‘you’ for a while.

It shouldn’t be! How was that possible!

Luo Qing Chen had clearly been at the Luo Manor fifty eight seconds ago, so why was she at the entrance of the hospital?

This was simply a fantasy? If he hadn’t read too many novels, he would have even doubted that she could teleport, alright?

“You what? What room number!” Luo Qing Chen’s voice was a bit anxious.

In this scene, she began remembering what happened in those drama series.

A doctor in a white coat would come out of the operating room and take off his mask to say to the family, “I’m sorry, we did all we could.”

No! Definitely not!

If it was really that serious, Tan Xiao’s voice shouldn’t have been like that.

“We’re.....on the twenty third floor.....” Tan Xiao took a deep breath before saying in a shaky voice, “Call me when you come up, I can.....”

“Tan Xiao.”

“Aiya!” Tan Xiao was scared by Luo Qing Chen’s voice and took a step back before taking a deep breath.

“Where’s Lu Jue Feng?” Luo Qing Chen watched him pat his chest and knitted her brows, “Your face doesn’t look well.....”

“Would it?” Tan Xiao’s lips twitched into a cold smile, “My world view has just been completely overturned in the last three minutes, alright?”

“How has it changed?”

“Young miss, first answer a very, very important question for me first.” Tan Xiao narrowed his eyes and solemnly took her by the shoulder, “Can you?”

“Ask!” Luo Qing Chen gave an indifferent shrug, “Acting all mysterious.....”

“Weren’t you just at the villa?”

“Yes.”

“And now you’re at the hospital?”

“Yes.”

“He, he.” Tan Xiao gave two cold laughs. Luo Qing Chen could see what he meant by the look in his eyes.

He then asked, “Young miss, you wouldn’t be telling me that you have supernatural powers like the heroine in novels, right?”

Luo Qing Chen suddenly felt that any explanation that she gave at this moment would be wrong since there was no good way to explain this.

So she decided to simply answer in a vague manner.

In the age of science, sometimes people wouldn’t believe the truth.

“Yes.” She said with a fearless smile, “What? Is there a problem?”

“He, he, he.....” Tan Xiao gave three cold laughs, “Teleportation?”

“Yes.” After Luo Qing Chen answered without thinking again, Tan Xiao’s expression was no longer that bad.

He just looked at her with eyes that believed in science, “I don’t believe a single word! Young miss must be fooling me with young master Ling!”

“It seems like you’re not a fool!” Luo Qing Chen looked at the clock on the wall, “It’s almost one, tell me which room number and you can go back first.”

“2310.” Tan Xiao pointed in front of him, “It’s the first room on the left.

“Un.” Luo Qing Chen gave a nod, “Go! You can come and pick us up tomorrow.”

“That’s fine.” Tan Xiao took off her coat and gave it to her, “The winter nights are cold, so don’t catch a cold. I’ll leave young master Feng to you tonight.”

“Got it.” Luo Qing Chen took the coat and said, “Be careful on the way back.”

“Relax!” He bit his lip and said, “I still have to settle accounts with Mo Ling! Young miss, I’m willing to accept it if you fool me, but I won’t take it if he tries to fool me!”

Chapter 2702: Silly and sweet: The lost granddaughter of the rich man (53)

“Eh.....”

“He must definitely be at the hospital!” Tan Xiao angrily looked forward and said, “Just you wait for me!”

Luo Qing Chen said goodbye to Tan Xiao with an awkward smile. She could already imagine his surprised look when he didn’t see Mo Ling at the gate of the hospital.

Standing outside 2310, Luo Qing Chen took a deep breath before knocking on the door.

There was no sound from inside. It was dark as there weren’t any lights on.

Since it was a VIP room, there should only be Lu Jue Feng inside.

"I'm coming in." Tan Xiao didn't close the door when he came in, Luo Qing Chen came right in.

There was a faint scent of alcohol in the air and she felt that this scent was better suited for her than perfume.

It numbed the nerves and made her heart beat faster.

"Lu.....Lu Jue....."

Before she said 'Feng', the dark room suddenly lit up.

Lu Jue Feng walked past her before looking at her with half narrowed eyes, "Didn't you go back?"

Although his expression was calm, Lu Jue Feng knew how fast his heart was beating.

The more clear he was, the more easily he would lose control of his emotions.

"I....." Luo Qing Chen was surprised before immediately regaining her composure, "I heard Tan Xiao say that you were hospitalized, so I came to see you."

"So you wouldn't come if I wasn't hospitalized?" He looked up with a faint sparkle in his deep eyes, watching her as he moved towards her step by step.

Luo Qing Chen trembled as she unconsciously took a few steps back. When her back hit the wall and she couldn't move back anymore, she looked up at Lu Jue Feng to say, "What are you doing? Speak if you have something to say, how is pressing someone against a wall something that a good man would....."

When she came to the latter half of her words, her voice became much smaller.

She didn't know if her cheeks were red because of the tense atmosphere or because of how awkward it was.

In short, her cheeks were burning and she could only look down, not daring to look into his eyes.

"I heard it."

"Wh.....What?"

Heard what? Pressing someone against a wall isn't what a good man would do?

"You said that you like Ye Qing." Lu Jue Feng suddenly approached her and gave a soft snort beside her ear, "It seems like the young miss' eyes aren't that good!"

When he said this, Lu Jue Feng's heart filled with discomfort.

But since she came to see him this late at night, it meant that she still cared about him a bit. If he gave up, it might be like Tan Xiao said, he would torture himself for life and wouldn't be willing to give up.

“Who said that I liked Ye Qing!” Luo Qing Chen looked up at Lu Jue Feng with serious clear eyes as she said word for word, “A certain person only heard the first half and not the second half, this is called being used out of context!”

“How did you know?” Lu Jue Feng was a bit surprised when he heard this.

What he was surprised about wasn't that Luo Qing Chen knew that he followed her, but rather he had left in the middle.

“It isn't important how I know.” Luo Qing Chen pursed her lips and proudly said, “The important thing is that I don't like Ye Qing.”

If it wasn't for the mission, she wouldn't have even met Ye Qing or gone to his birthday party.

“So.....” Lu Jue Feng looked into her sparkling eyes and narrowed his eyes before asking with a grin, “Who does the young miss like?”

He was looking forward to the answer, but he was also afraid of it.

He had never been this conflicted in his entire life.....

Losing was losing, but being thorough was worth it.

Chapter 2703: Silly and sweet: The lost granddaughter of the rich man (54)

She didn't know if the scent was too strong that it numbed her nerves, but she wanted an ending.

When faced with Lu Jue Feng's question, she probably.....only wanted to do one thing.

Luo Qing Chen's long lashes trembled and she moved as fast as she could to stand on her tiptoes to place a kiss on his cheek.

Then she quickly lowered her head and her right hand shyly touched her ear out of habit. She said in a soft and clear voice, “You.”

It was unknown how long it took, it was most likely only around three to five seconds! The room was silent and even a pin dropping to the ground could be heard.

When she raised her head slightly out of doubt, a cool pair of lips kissed her.

This feeling was like an explosion in her brain as her mind turned blank.

Wasn't it just a small kiss on the cheek? Why did it suddenly turn into such a passionate.....kiss?

Luo Qing Chen couldn't react as a certain person's right hand pulled her into his embrace.

The movement was very smooth, but the lips that kissed her still were firmly pressed, without any carelessness.

[Ding, affection has increased by twenty. Mission completion rate is now 100%.]

“Lu Jue Feng.” She struggled and because she used too much strength, she touched his wound.

He slightly knitted his brows. Although he stopped kissing her, he still didn’t let go of the hand at her waist.

“Attempted murder?” Lu Jue Feng looked down at her with dim eyes. His face was a bit pale as he said to her, “But it seems like you failed.”

“Does it.....hurt?” Luo Qing Chen was a bit nervous. He was wearing white casual clothes and there was a thick layer of gauze around his injury.

But even then, she could still see the blood coming out which was very shocking.

“What kind of pain is this?” He narrowed his eyes and said with a self-deprecating smile, “Do you know what real pain is?”

Even holding her now, it felt like he owned her. But when he thought about her conversation with Ye Qing a few hours ago, he would feel his heart tightening and that sensation of suffocation.

It turned out that he was obsessed with the word ‘like’.

If caring was a disease, he had a terrible feeling that he was about to die.

“Then let me go first!” Luo Qing Chen slightly knitted her brows. She looked at the IV not far away, “You haven’t even finished your IV. Didn’t Tan Xiao say that your wound was infected?”

“I won’t.”

“You.....” Luo Qing Chen looked at the person who used to have a calm and indifferent look who had now become arrogant and stubborn. Why did she have an urge to beat him up!

If you were injured or sick, shouldn’t you obediently take your shots, your medicine, and your IV injections?

So willful.....No.....Why was he being so childish?

“Unless you say that you don’t like Ye Qing at all.” The current Lu Jue Feng had almost completely stopped suppressing his emotions.

He said and did whatever his heart wanted.

“I didn’t like Ye Qing in the first place, alright?” Luo Qing Chen helplessly gave a shrug, “I only learned today that you are this kind of Lu Jue Feng.”

“What? Do you regret choosing me over Ye Qing?”

“Childish.” Luo Qing Chen gave a soft snort, “But it’s quite cute.”

“Cute?” Lu Jue Feng said with a helpless smile, “What is cute about this?”

“It’s just very cute!” Luo Qing Chen pursed her lips into a smile, “This cute mister, you’ve already asked your questions, can you obediently get your IV now?”

Chapter 2705: Silly and sweet: The lost granddaughter of the rich man (56)

“Why is this person so crude?” Lu Jue Feng’s left hand slid across the screen to pick up as his right hand still gently held her hand.

His eyes were calm and had faint affection in it.

“Young master Feng, don’t say anything first and listen to me!” Tan Xiao’s voice was deep on the other side, “Young miss, young miss, she.....”

When he arrived at the Luo Manor, he immediately went to find Mo Ling’s room to accuse him.

Daring to work with the young miss to lie to him, that was just too much!

But when he arrived at Mo Ling’s room——

“Mo Ling, come out!” Tan Xiao knocked on the door with an angry look, “Rushing back before me, are you done acting!”

The door to Mo Ling’s room opened. He came out in a bathrobe as he wiped his wet hair, “Why are you making all this noise in the middle of the night?”

“You.....You were taking a shower?”

“Un.” Mo Ling’s eyes swept over him, “Weren’t you at the hospital? Why are you back?”

“Didn’t you send the young miss to the hospital? That’s why I came back!” Tan Xiao looked at him while leaning on the door, “Stop pretending, alright? Young master Ling, I always felt that you wouldn’t do something as boring as this, but I never thought.....”

“The young miss isn’t in her room?” Mo Ling knitted his brows, “What are you talking about?”

“Room?” Tan Xiao saw that Mo Ling’s expression didn’t seem like he was joking and his expression became serious. He asked in a confused voice, “So when I called you earlier, you and the young miss really were at home?”

“Where else?” Mo Ling gave a shrug and said with a helpless smile, “Should we be at the hospital?”

!

Hearing Mo Ling’s serious tone, Tan Xiao felt that he wasn’t well.

He unconsciously pinched his face and it did hurt.

Since it wasn’t a dream, just what had he experienced?

Could it be.....Could it be that the young miss really.....had superpowers?

-

After Tan Xiao told Mo Ling of this matter, Mo Ling didn’t believe it at all.

Although Luo Qing Chen’s expression was a bit strange when she went into her room, he had watched her go into the room.

She shouldn't be at the hospital like Tan Xiao said, unless she immediately went to the hospital after entering her room.

Therefore, to clear up this incident, Tan Xiao decided to call Lu Jue Feng to tell him his guess!

But before he could say a single word, Lu Jue Feng cut him off.

"She is with me." Lu Jue Feng coldly said, "Do you need something? If not, I'm hanging up."

"Wait, wait, wait, wait, wait!" Tan Xiao quickly stopped Lu Jue Feng from hanging up before loudly saying, "I suspect that the young miss is someone with superpowers like in the novels!"

"What?" Lu Jue Feng was in disbelief at Tan Xiao's words.

Although his thoughts were normally a bit unrestrained, he wouldn't say something like 'the young miss has superpowers'!

"It's true!" Tan Xiao didn't know how to explain it. He just stomped his foot and weakly said, "When I called the young miss, she was still at home, but less than a minute after I hung up, she was at the hospital!"

How terrifying, how incredible, how shocking.

He found this incredible when he said this since this matter couldn't be explained by anything else other than 'superpowers'.

Lu Jue Feng looked at Luo Qing Chen when he heard this before saying with a faint smile, "If the young miss really has such a powerful ability, that is a good thing."

Chapter 2706: Silly and sweet: The lost granddaughter of the rich man (57)

Although he didn't know if Tan Xiao was telling the truth, it wasn't important right now for Lu Jue Feng.

Right now, he just needed to make sure that the person by his side was the one he wanted with him the most.

Whether she was from Mars, Saturn, or another planet, it wasn't important.

Let alone, he didn't think that Tan Xiao was speaking the truth.

After Lu Jue Feng hung up, Luo Qing Chen looked over and blinked before saying, "Did he say that I had superpowers?"

"Un."

"Then why aren't you surprised at all?"

"Surprised?" Lu Jue Feng looked up with a smile, "Why would I be surprised?"

Luo Qing Chen put her cheek on her left hand as her right hand tapped on the hospital bed and she said, "Wouldn't people in a science believing world be very surprised by superpowers?"

"So you have them?" He narrowed his eyes, looking at her with scrutiny.

Luo Qing Chen was surprised before tilting her head and blinking, "Guess."

PCTG

Lu Jue Feng gently squeezed her nose and said, "I'm not guessing."

"Why?"

"Because whether you have them or not isn't related to whether I like you or not."

It wasn't something he cared about, it was something he would never care about.

Luo Qing Chen revealed a faint smile as a satisfaction that no one could understand filled her eyes.

She liked this feeling very much. Having someone love her without caring about her status, without caring about a thing.

Liking was liking, it was pure and beautiful.

It was as if there was a bit of sweetness to the smell of alcohol in the air.

Spring went and autumn came, the white tea was fragrant. It's good just having you.

-

On that night when she felt that everything was very sweet, quite a few things happened.

For example, Tan Xiao who had always been bold locked himself up in his room, tightly wrapped up in his blankets as his mind tried to sort out all the thoughts.

He was someone who believed in science and was known as a math genius. When he picked up a Rubik's Cube for the first time, he was able to solve it with just a few looks.

After a few times, he could assemble the Rubik's Cube in just one minute if it was broken.

Once this person encountered something that went against science, they would be very conflicted. Especially if they didn't see it with their own eyes.

In the dead of night, he suddenly stood up and muttered, "It can't be that I'm schizophrenic, right!"

Then he nodded to himself and laid down before decisively saying, "Un! I'll go see a psychiatrist tomorrow."

Of course, other than this lighthearted and fun matter, there was something else.

It was Yan Tong.

This hospital was also where Chen Nan had taken her for her check up. Yan Tong, whose heart was already filled with jealousy, would never believe that Luo Qing Chen was mister L's granddaughter even if she died.

There had been many faces over the years, it was impossible that she was real.

Leaving Lu Jue Feng's side over the past few days had given her time to investigate this matter.

As expected, the heavens paid off those that worked hard and she really found some clues.

For her, even a little clue was enough for her to confirm her thoughts.

It was said that the doctor who did the check up for Luo Qing Chen went on vacation the same day. No one knew the reason, but how could there be such a coincidence in this world?

There had to be someone playing tricks behind this.

It was to make Luo Qing Chen mister L's granddaughter, but the truth must be.....

She wasn't, she definitely wasn't!

In the middle of the night, Yan Tong went from the sick ward to the duty room of the medical staff.

The nurse on duty today was the one that had been on duty with the doctor that day, Xu Ying.

Chapter 2707: Silly and sweet: The lost granddaughter of the rich man (58)

"Doctor Lin hasn't been around recently and I feel much more comfortable." Xu Ying looked at the handsome doctor Liang Feng on duty today and felt much better.

She had been on duty with doctor Liang Feng recently, so she hoped that doctor Lin wouldn't come back.

That way she could keep seeing this handsome guy instead of that bald head!

"Ha, ha!" Liang Feng looked at her with a smile, "It's my honour as well being able to be on duty with a pretty nurse."

"Hee, hee." Xu Ying covered her mouth and revealed a shy smile, "But it feels like being on the night shift makes people feel a bit afraid....."

"Don't be afraid." Liang Feng came up to her and took her hand, "I have a black belt in Taekwondo, it's more than enough to protect you."

As he said this, his right hand took Xu Ying's waist.

Xu Ying shyly leaned up against him as the flames of passions seemed to wildly burn around them.

It was at this time that the door to the office suddenly opened.

"The woman stays, the man can scam." Yan Tong's voice was very cold, not having a trace of warmth.

The thick makeup, the flaming red lips, the strong aura of a female spy.

"Ah!" Xu Ying's face turned pale and she hid in Liang Feng's embrace out of fear.

Liang Feng had seen many people and naturally knew that this person couldn't be messed with.

This was a special air force hospital and all the VIP rooms were filled with rich people, so security was very strict.

Someone that could come here in the middle of the night clearly wasn't a normal person.

He could feel his legs turning soft and his hands went cold. But what he said earlier about being a black belt in Taekwondo still rang in his ears and running away now would hurt his dignity as a man.

Besides, he could clearly see that this little nurse was interested in him and it wasn't a problem to sleep with her.

Liang Feng cleared his thoughts in just a few seconds and decided to grit his teeth, to brave it out.

"Who are you?" Liang Feng pointed at Yan Tong, "This is the doctor's office. If you mess around, don't blame me for being impolite."

"He, he, with just you?" Yan Tong came to Liang Feng's side with extreme speed and grabbed his neck with her right hand. There was a cold look in her eyes as she looked at him and said, "I might not have said it clearly just now, so I'll repeat it again."

"You, you, you....."

"Scram or die."

Liang Feng's face was red and he started begging for mercy in extreme pain, "Let.....Let me go.....I'll scam.....I'll scam."

"Humph." Yan Tong suddenly flicked her hand and angrily roared, "Scram!"

Liang Feng almost crawled out of the room without even sparing a glance to Xu Ying.

In the face of life and death, this handsome guy became very ugly, not even hesitating to abandon the girl that he promised to protect earlier.

"Ah.....Ah.....Don't come over here." Xu Ying cried as she moved backwards, "Don't kill me, don't kill me. I'll give you all my money.....All of it....."

"I don't want your money and I don't need your lowly life." Yan Tong took a dagger from her leather boots and lifted her chin, "I just want a few answers."

"Tell me, tell me....." Xu Ying kept saying in a trembling voice, "I'll definitely.....definitely tell you everything.....I won't miss a single word."

"Humph! Very good." Yan Tong sat at the desk and looked down at Xu Ying, "Where's that doctor Lin right now?"

Chapter 2708: Silly and sweet: The lost granddaughter of the rich man (59)

"Lin.....Doctor Lin....." Xu Ying was too frightened to speak. She came back to her senses after a few seconds and said in a trembling voice, "He.....He's on vacation."

“When did he go on vacation?” Yan Tong’s eyes had a faint glow as a hard to hide smile appeared while she kept asking, “What was the reason for his vacation?”

“I.....” Xu Ying did her best to remember before biting her lip to say, “Miss.....I don’t remember the specifics. But I remember that there was a distinguished guest that came to our hospital for a paternity test that day.”

“And then?” Yan Tong impatiently grabbed her shoulder and roared, “And then what happened?”

“I remember him saying that it was all over and then he said that he would take a vacation. No matter who came for him, I shouldn’t tell them where he went.” Xu Ying anxiously said, “But.....But I really don’t know where he went.....”

Yan Tong didn’t reply and quickly left the room.

It seemed like she was right, Luo Qing Chen really wasn’t mister L’s granddaughter. Someone must be helping her for some purpose.

She had to quickly collect evidence and bring that evidence in front of Lu Jue Feng. She had to tell him that the one he protected wasn’t the young miss of the Luo Family.

She approached mister L, the Luo Family, and even him for some purpose.....

She took out her phone and dialed a special number. As soon as it connected, she said, “Check all the people who came for paternity tests at the air force hospital in the past month, I want all the information tonight. Then.....deal with that nurse.”

The rain was falling heavily, as if the sky was about to change colours.

Heart Signal 2 (Chinese Version): My thoughts on Episode 10 – FINALE

-

The next morning, in room 2310.

Luo Qing Chen didn't know when she fell asleep. She had been on the sofa by the bed, playing with her phone as she watched Lu Jue Feng.

She had just fallen asleep like this.....

When she woke up, she was lying on the bed alone in the VIP ward.

Lu Jue Feng wasn’t there. There was a bowl of porridge, a few side dishes, and a note by the bed.

There were beautiful words written on the paper: Remember to take a shower and have breakfast after you wake up. I’ve gone to take care of the discharging procedures.

Luo Qing Chen looked at the note and her lips couldn’t help revealing a faint smile.

This feeling really was good. The warm sun and the warm person would make her smile.

But then she felt a bit of doubt.

Discharge procedures? Why would Lu Jue Feng do that himself? Could it be that he had to do it himself since Yan Tong hadn't been by his side lately?

She had acted arrogantly last night and asked about Yan Tong, but he patted her head with a smile and said, "Could it be that you haven't noticed that she hasn't appeared in a long time?"

It seemed like she had wronged young master Feng of the four young masters!

But things weren't like this.....

Xu Ying died. She jumped from the twentieth floor and died right away.

There were no signs of a struggle in the office and it seemed like she killed herself.

But at the same time, there was a month of reports that went missing from the office computer.

"What is it?" Lu Jue Feng looked at the superintendent on the side and asked, "Is it suicide or homicide?"

"Young master Feng." The superintendent replied, "We're not certain right now, but the information mentioned by young master Feng has been taken."

"The paternity test results?" Lu Jue Feng knitted his brows as he fell into thought.

It seemed like there was someone investigating Luo Qing Chen.

Just who was it? Daring to investigate Luo Qing Chen under his nose.

Did they not want to live anymore?

Chapter 2709: Silly and sweet: The lost granddaughter of the rich man (60)

After eating breakfast, Lu Jue Feng came to pick her up.

It felt like she was the patient instead.....

"Did you sleep well?" Lu Jue Feng picked up her coat from the sofa and put it on her before saying, "It's snowing outside, don't catch a cold."

.....

Luo Qing Chen looked at him with a helpless look, "This seems like something I should be saying to you....."

"You are the young miss." He revealed a faint smile and a pampering look in his eyes.

"Un....." Luo Qing Chen pretended to be disappointed before giving a shrug, "So it's just because I'm the young miss that mister Lu Jue Feng is protecting me?"

Deliberate words needed a surname along with the name.

"It's because you are my family's little girl." Lu Jue Feng said this while buttoning up her coat, "Let's go."

Taking Lu Jue Feng's car, Luo Qing Chen didn't forget to keep asking him about his wound.

He said with a faint smile, "When I was working under the old master, I was injured many times, but nothing was as serious as this."

#ONEPIECE1085 ADDITIONAL SPOILERS OF 085

"Why?" Luo Qing Chen knitted her brows and said, "Is it because it's a gunshot wound?"

"Because of you." He said with a helpless smile, "After all, if it's not serious, how could I get the young miss to come see me?"

He had that faint smile as he said these flirting words that everyone could understand.

There were snowflakes floating outside the window, but the atmosphere here was warm.

She picked up a little doll hanging in the car with a smile, "I never thought that young master Feng would like this thing."

"Everyone has it. Tan Xiao customized it and said that this is our doll."

"Ah?" Luo Qing Chen flipped the doll around, "It's you! It's no wonder it looks so familiar!"

"If you like it, I'll have him make you one later." Lu Jue Feng's right hand gently patted her head with a loving look in his eyes.

"No." Luo Qing Chen pursed her lips, "I want this one, give it to me!"

Lu Jue Feng looked into her clear sparkling eyes and nodded with a smile, "Alright!"

-

At the same time, in a certain room in a hotel.

After a night of investigating, Yan Tong had finally found the results of Luo Qing Chen's paternity test.

70%!

It was no wonder that doctor ran away.

It turned out that he had to run away because Luo Qing Chen wasn't mister L's granddaughter.

It really was exciting news. The Luo Family would change this time.

Also Lu Ju Feng.....Young master Feng.....That was her young master Feng, she wouldn't let anyone take him away.

Of course, she still had to give Luo Qing Chen some stimulation before that.

Since she had appeared, her entire life had completely changed.

She enjoyed the envious gaze of many girls, being able to stay by Lu Jue Feng's side and enjoying a life above others.

But since Luo Qing Chen appeared, she started feeling fear. She felt that she was being restrained, afraid that she would tell others about the assassination.

She was afraid that Lu Jue Feng would take care of everything and then turn her into a ghost.

So when Lu Jue Feng had her leave, although she wasn't willing, she thought about it carefully.

If she wanted to solve this matter, she had to investigate Luo Qing Chen.

She didn't believe that a granddaughter could be found in a sea of people, the possibility of fakes was too great.

It was a pity that mister L didn't know the truth.

Then it was up to her to uncover the dirty truth!

-

It was early winter on the campus. The white snow scattered on the campus looked so beautiful.

Luo Qing Chen leaned against the window and her lips couldn't help revealing a faint smile.

It was at this time that sheets of A4 paper started raining from the sky. It was as if it was floating down from a certain roof.

Chapter 2710: Silly and sweet: The lost granddaughter of the rich man (61)

Luo Qing Chen slightly knitted her brows, feeling a bit uneasy.

At this time, Mo Ling came to her side, "Something happened. Where's young master Feng?"

"When we came to school, he received a call and went out for something urgent." Luo Qing Chen pursed her lips and asked, "What happened?"

"Your identity has been deliberately spread by someone with other intentions." Mo Ling tightly knitted his brows, "Let's go to the VIP break room first."

Before she could react, the entire matter had spread all over the school.

The people in the class who had acted humble now looked at her with looks of disdain and disgust.

"Let's go first." She narrowed her eyes. Her eyes were calm and her heart was even more calm.

This was her first time walking in the corridor outside without anyone making way for her.

There were even some people who wanted to have fun and deliberately blocked her way.

"Yo! Isn't this the Luo Family's young miss?" A blond haired girl said, "Why is it only 70%?"

"You You, you're wrong! Didn't you see the report?"

“Of course, ha, ha, ha.....Eh.....”

Mo Ling came forward without hesitation and grabbed the blond haired girl. His eyes were filled with killing intent as he looked at her, “If you say one more thing, don’t blame me for being impolite.”

“Let.....Let me go.....”

Mo Ling’s right hand came back and then coldly grabbed her neck.

Luo Qing Chen could feel the chill that was coming from Mo Ling. Although he was usually cold, he wouldn’t do something like this.

“You! Good, good, good, good!” Xia You You’s face turned red and she put her arms on her hips, “I don’t care if you four young masters still want to play pretend, but the facts are there! I’ll wait to see the results!”

Mo Ling ignored her and took Luo Qing Chen’s arm before heading forward.

The trip from the classroom to the break room wasn’t long, but it made her feel the coldness of people.

She even saw Ye Qing’s figure among the crowd, but he looked away when he saw her looking at him.

Luo Qing Chen didn’t care, rather she felt more at ease.

She felt a bit of guilt towards this young man, but now.....it really had disappeared with the first snow.

The noble school had a break room just for the four young masters. When Luo Qing Chen and Mo Ling arrived, Yan Ze and Tan Xiao were already there.

“You guys are finally here.” Tan Xiao quickly came forward and said, “What is going on here? Just what is this?”

Tan Xiao put the copied report on the table, “Young miss, we believe you. But can you tell us whether this result is fabricated or not.....”

“That’s not fabricated.” Luo Qing Chen casually found a sofa chair to sit down on and tapped the table with her right hand out of habit, “That’s the result when uncle Nan took me to the hospital for a test.”

“What.....” Yan Ze said in a surprised voice, “Then.....Then you aren’t the old master’s granddaughter?”

“I am!” Luo Qing Chen said in a very calm voice, “Who told you I wasn’t!”

The truth was the truth, the lies were lies.

Luo Qing Chen could guess who was playing tricks. Since that person wanted to play, why not play with them all the way.

“Kou, kou, kou.”

“Who?” Tan Xiao narrowed his eyes. He got up and opened the door.

It was a familiar figure that entered his eyes. He said in a surprised voice, “Hong Fei?”
