Chapter 271: Proud actor emperor's best coupling (Part 37)

"Everyone, we'll end things here. I'm very sorry that my mind is too biased, so even if the next audition is good, I can't change the thoughts I have now." Director Hua came onto the stage and picked up the microphone to say to everyone who came to audition today, "I hereby announce that the male and female lead for «Half Smiling Summer» are Luo Qing Chen and Mu Hua Nian, thank you everyone!"

Luo Qing Chen looked at Mu Hua Nian and her lips curled into a faint sweet smile.

He still seemed to be stuck in his role, revealing an expression as Ye Xiao and not Mu Hua Nian.

Until Luo Qing Chen pulled on his clothes and said, "Quickly go back to the hospital, you're still injured."

In that moment, he finally reacted.

Luo Qing Chen looked into his eyes and couldn't stop her lips from raising.

Being too deep in a role in the future, it wouldn't just be her alone.

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

"Alright, we're going!" He softly held her hand and this time it was very careful and gentle.

It could be said that he had immersed himself too deeply into the character of Ye Xiao.....

Or his wounds were too deep and he didn't have the strength.....

In short, his palm was very warm. This tight hold felt pretty good.

On the way back, they went in Wan Zi's car, but without knowing why, the low fuel light turned on when they were halfway back.

"What is going on, I just added fuel a few days ago! There are people even stealing fuel now!" Wan Zi angrily said as his temper flared.

"Did you forget to fill it up!" You Zi knit her brows, clearly thinking that Wan Zi had been too excited by what happened lately and had forgotten about this.

Wan Zi heard this and seriously thought about it before saying in an uncertain voice, "Perhaps! The gas station is too far away from here, the remaining gas won't be able to take everyone there."

"Big brother Wan Zi, then you can send big sister You Zi back!" Luo Qing Chen looked at the large supermarket outside the window and said, "We can buy some things and eat lunch."

"Will the two of you be alright?" There was a bit of worry in Wan Zi's eyes. He looked at You Zi before looking at the pale faced Mu Hua Nian and saying, "You Zi is this fat, the car will use up all its gas. How about you go with them?"

Clearly he was worried about Mu Hua Nian's injuries and that if anything happened, Luo Qing Chen couldn't take care of it alone. But he had to use this reason which touched You Zi's bottom line!

“Fat! You actually called me fat!” You Zi angrily sat up from the shotgun seat before heavily sitting down, “I will definitely go with you to get gas today! If we can’t reach the gas station, it’s my fault!”

He had even said when they were dating——

No matter how much you eat, I will always love you!

But now, but now!

Time was always the essence of this matter! Before they were even married, he didn’t like that she was fat!

“Pu——” Luo Qing Chen heard what they said and couldn’t help revealing a smile.

Actually this was a very common thing in love.

It warmed the heart even more than «Entering Love».

“Alright, alright, alright.” Wan Zi’s face face revealed a helpless smile and his tone softened. He said to Wan Zi beside him, “If there’s no gas, you can stay in the car and I’ll push you to the gas station!”

“Alright! This is big brother Wan Zi! Ha, ha, ha——”

Laughter filled the car, but there was a hint of danger outside the car.

Before some things happened, one would feel that something was off. But you won’t deal with it and it will become a large disaster in the end.

Chapter 272: Proud actor emperor’s best coupling (Part 38)

When Luo Qing Chen and Mu Hua Nian got out of the car, drops of rain fell out of the sky.

The rain fell in her palm and was a bit cold.

Mu Hua Nian looked at her and put a hat on her head as he said, “I won’t take responsibility if you get sick!”

“I never said I wanted mister Mu to take responsibility!” She gave a slight wink before taking out the princess pink lace umbrella. She raised her hand and put it over his head with some difficulty before saying, “This is the proper method of combating the rain, alright?”

Mu Hua Nian’s expression changed slightly and his eyes lit up. His long slender fingers slowly took the umbrella from Luo Qing Chen’s hand and his lips pursed into a smile as he said, “Drink more milk in the future, that way your fighting method will become more beautiful!”

Pu, how excessive. He actually turned it back to call her short.

Please, speaking reasonably, she was one meter sixty eight, there was still a difference of twenty centimeters between them!

This, was it her fault?

But in the rain, he held the umbrella and she walked by his side.

This feeling really wasn't bad.

Because it was the afternoon, there weren't many people in the supermarket.

But they were still recognized by some people with sharp eyes.

"Ah, ah, ah, isn't this the Luo Mu couple from «Entering Love»?" A person from the crowd suddenly called out.

The hand of Luo Qing Chen picking out an apple trembled and it fell to the ground.

In that instant, the scene immediately exploded!

"God! Are they filming right now?"

"There's no camera, so they shouldn't be filming!"

"So.....so! They are currently.....dating? Oh my gad! This old woman's young heart!"

"I already said that they were an idol couple! This is a real couple! Unlike those people who always keep talking about love, they aren't real at all!"

.....

The sea of voices became louder and louder.

Luo Qing Chen just stood there in a daze. She wanted to look at Mu Hua Nian, but it was like a 'paralysis card' was cast over her and she couldn't move at all.

Until——

Mu Hua Nian took her hand and turned to where there were the fewest number of people, charging through.

The sounds of cheering, cries, and chasing sounded around them.

And she didn't seem to hear anything.

She could just hear the sound of the wind whistling by as they ran. She slightly looked up at that dazzling youth who was like a painting.

After three minutes, they happened to catch the elevator. It was a good thing that no one was there, so Mu Hua Nian instantly pressed the button for the seventh floor. He slightly knit his brows and his face became a bit pale.

"Did you twist your wound?" Luo Qing Chen saw his expression change and asked this in a worried voice.

"Pain, it hurts!" Mu Hua Nian pursed his lips into a faint smile and pointed at the movie poster in the elevator before saying, "So miss Luo must treat me to a movie as compensation."

“Ah?” Before Luo Qing Chen could react, the elevator door had opened and a strong popcorn scent filled their noses.

So there was a theater at the top of the shopping plaza.

But if they openly walked in like this, weren't they afraid of being recognized

Thinking of this, Luo Qing Chen quickly pulled up her hoodie and took out the sunglasses from her bag. She cleared her throat and said, “Mister Mu, you can buy the tickets. I'll be three o'clock of the ticket vendor waiting for you!”

After saying this, she pulled out her phone while walking off in that direction.

Mu Hua Nian revealed a gentle smile. Watching her back, a pampering look filled his eyes.

She promised she didn't take out her phone to play! She just wanted to check if the “Luo Mu couple” was really this popular!

No one recognized her before when she went out, so why did she feel like a star right now!

Chapter 273: Proud actor emperor's best coupling (Part 39)

When she clicked on the ‘Luo Mu couple’, the first piece of news that she saw scared her so much that her hand shook. She almost lost the hold on her phone and it almost fell to the ground like the apple from before.

The newest pieces of news were——

[The ‘Luo Mu couple’ appeared at South Moon Street's Much More Supermarket today!]

[‘Luo Mu couple’ back together, having a date in the supermarket, causing the crowd to explode!]

[Group tour to Much More Supermarket to meet the ‘Luo Mu couple’, quickly sign up!]

.....

WTF, what was going on? What kind of joke was this!

Luo Qing Chen quickly looked around and was prepared to tell Mu Hua Nian to leave, but she never thought that——

“Look, Mu Hua Nian!” A girl not far away buying orange soda suddenly screamed and everyone's gaze locked onto Mu Hua Nian.

Luo Qing Chen's heart went ‘gedeng’. She thought: If she was in front of a mirror, what would be reflected would definitely be a look of despair!

Mu Hua Nian also reacted and quickly took the ticket from the ticket vendor before moving in Luo Qing Chen's direction.

Seeing Luo Qing Chen softly shake her head, he didn't stop.

Seeing her shake her head even faster, he still didn't stop.

Seeing her desperately shaking her head, not only did he not stop, instead he moved faster!

God! Has this person's brain been hit by a train! If he openly walked towards her like this, wasn't he also exposing her?

"That, that, Luo Qing Chen! Luo Mu couple!"

When the high pitched screams came again, the smile of despair on her face completely disappeared.

Mu Hua Nian instantly grabbed her hand and flew towards the ticket gate.

Everyone in the theater surged forward, but because they didn't have a ticket for the showing, the security guard blocked them at the door.

One of the fans who had just bought a tub of popcorn threw it in Luo Qing Chen's direction and said, "You have to have popcorn on a date!"

Luo Qing Chen revealed an awkward smile and took the popcorn, as she said with a nod, "Thank you—"

They ran for a bit and when they finally stopped, they were standing in front of theater seven.

"What did you buy?" Luo Qing Chen took the ticket and saw that it was for a youth love movie «That Year».

The last row and the final two tickets. It was probably because someone had refunded their tickets that they could buy these.

"It's about to start, let's go in."

"Wait——" Luo Qing Chen pointed at the light in the theater and said, "Wait until it's dark."

If they didn't wait and walked in like this, they probably wouldn't need to see the movie!

It had to be said, she really wasn't comfortable with this overnight fame.

"Peng——" After thirty seconds, the theater dimmed.

In that instant, Luo Qing Chen felt her world disappear!

Damn! The previous host has night blindness! She has no way to adapt to darkness after strong light!

Mu Hua Nian softly pulled her and she didn't react.

He pulled again and she finally took a step.

"What is going on, do you feel uncomfortable?" He saw that she had a blank look and slightly knit his brows.

It can't be she caught a cold from the rain, right.....

"No....." She innocently blinked before saying with a faint smile, "I can't see.....I seem to have.....night blindness."

“Seem.....seem to?” Mu Hua Nian heard her uncertain tone and looked stunned.

This girl actually didn't even know she had night blindness? How did she grow up like this!

“Just wait.....I'll adapt.....Ah——”

Before she even finished, the other side picked her up and walked forward.

God! He was still injured, how could he carry her like this!

Chapter 274: Proud actor emperor's best coupling (Part 40)

Only when they came to their seats did he softly put her down.

His face was very pale, so he probably should have pulled his wound.

He slightly pursed his lips and looked at her as he said, “Can you see the seats?”

Using the light of the big screen, she could see his pale as snow face. Her heart filled with pain and discomfort.

In that instant, she seemed to slightly understand what kind of person Mu Hua Nian was.

He was that kind of person where if he had to make a choice of whether to be hit by a bullet or let her be hit by a marble.

He would choose the latter without any hesitation.

He would rather be destroyed than to let her feel any pain. Burying everything in the bottom of his heart and only trying to do his best for you.

Right, he was that kind of person.

In that instant, she felt her eyes mist over. She took a deep breath and raised her hands to hold him.

Since she had known him, it was her first time hugging him in this kind of atmosphere.

She softly pressed her face beside his ear and said in a choked voice, “Thank you Mu Hua Nian. Although you won't say it, having you is truly good.”

[Ding, affection has increased by ten. Mission completion rate is now 90%.]

Mu Hua Nian was frozen on the spot, even forgetting to reach out to hug her back.

Rather it was his heart that responded to him.

Putong.

Putong.

Putong.

It kept getting faster and stronger, giving off a bit of warmth.

She just gave a soft laugh and left his embrace. She looked at him with clear eyes and teased, “Pu, mister Mu, your heart is beating two hundred times a minute....Wu——”

Before she even finished, the other side’s right hand had taken her waist. A faint light flashed in those deep, dark eyes, as they met gazes.

His lips curled into a dazzling smile and after that, his cool lips softly pressed against her lips.

In that instant, her face turned completely red and it quickly spread to the tips of her ears.

Her heart was like a little deer that didn’t want to live, it kept bouncing around.

There was a faint grass scent that filled the air, it seemed to be coming from his clothes. This scent was the same as when they first met, it wasn’t like powerful colognes, it was fresh and fragrant.

His kiss was very soft, sweet, and gentle, causing her to get lost in it.

Finally her legs gradually became weak and she couldn’t stand still.....

Mu Hua Nian tightly held her as his cold lips unwillingly left her lips. A pampering look filled his dark eyes and he teased her back, “Does miss Luo know how fast her heart is beating now?”

Luo Qing Chen raised her right hand to feel her heartbeat. Her large eyes sparkled as she looked at him, “My.....My heartbeat.....is still alright!”

Without knowing why, seeing her red faced and looking very shy, there was a flower of happiness that bloomed in his heart.

Actually he was even more nervous than her right now.

After all, this was his, Mu Hua Nian’s first kiss, alright?

His first time kissing a girl was with the girl in his heart, this feeling was truly good.

“Is it really.....still alright?” He slightly raised a brow and his handsome face slowly approached her, causing her heart to beat wildly again.

“Sit down——” Luo Qing Chen softly pushed him away and escaped. She sat down in her seat and said in a serious voice, “Focus on watching the movie, we’ve already missed quite a few scenes!”

“Alright, my Luo Mu couple?” Mu Hua Nian’s deep eyes sparkled, before he corrected himself in a bewildered tone, “No, my girlfriend.”

Chapter 275: Proud actor emperor’s best coupling (Part 41)

After the moving, Luo Qing Chen was thinking: Her head was filled with chaos and she was thinking of what Mu Hua Nian had said, as well as the kiss just now.

That scene, she couldn’t forget it even if she desperately shook her head.

So much so that when she walked out of the theater, she couldn’t even remember the names of the male and female lead!

This was the legendary waste of a movie ticket!

–

When they came to the hall, they found that it was already dark outside.

Not only had the rain not stopped, it had become a large storm.

There were even less and less bystanders on the street.

Luo Qing Chen slightly knit her brows and felt a chill behind her, like someone was watching them.

An unsettled feeling filled her heart.....

She believed in her sixth sense, she didn't know if it was because she was the host or not. She found that every time she felt unsettled, something big would happen.

Moreover, it was never anything good.

In two black vans not far away, people had binoculars currently watching Mu Hua Nian and Luo Qing Chen at the first floor entrance.

Brother Li took a breath of his cigarette and picked up his phone to call Xia Xing Ge.

“Hey, according to what you said, we have already found Luo Qing Chen and can move at any time. But there's a man by her side, so I'm afraid of changes.” Brother Li had an evil smile. There were scars all over his face, making him look very shocking.

Xia Xing Ge on the other side gave a cold snort and said, “I had you steal the fatty's gas to make sure all the strong people are gone. Mu Hua Nian is injured, there's no need to fear him.”

She was looking at the email director Hua had sent her yesterday that said: «Half Smiling Summer» female lead audition.

But this afternoon, the newest entertainment news had announced that the leads for «Half Smiling Summer» had already been set.

Luo Qing Chen and Mu Hua Nian.

She gritted her teeth and thought that it was just hype.

But she never thought that director Hua would actually confirm this news!

This lead role was clearly hers, so how did it become Luo Qing Chen's!

She didn't agree, she hated that woman. She had to make her disappear from this world.

As long as she died, this lead role would be hers and Gu Liu Sha would be hers.

“I saw the photos in the newspapers two days ago, he was quite heroic at the villa.” Brother Li looked at Mu Hua Nian and forcefully took a breath of his cigarette.

“What does a gangster like you know!” Xia Xing Ge gritted her teeth and angrily roared, “That Mu Hua Nian just lied about it to become popular. I beg you to use your brain a little, he won’t die just from falling from the second floor! To become famous, what kind of thing can’t a little star do!”

“A little girl like you is saying I have no brains?” Brother Li became angry.

After the villa matter from last time, he had spent a lot of manpower to avoid the police.

If it wasn’t for the money, he wouldn’t be helping her with this matter.

“Ke, ke——” Xia Xing Ge awkwardly cleared her throat before saying, “In short, they just want to seem more sweet and loving, but this is just for the public to keep the fame of their couple. To seem like they are a loving couple who fly together in disasters. Not to mention, how long have they known each other?”

Could it be that in front of life and death, Mu Hua Nian could give up his life to save her?

He, he——

Stop playing! She, Xia Xing Ge didn’t believe it.

“Alright, I’ll help you with this last order. Remember to pay the money on time, or I won’t show you any mercy!” Brother Li started the van and a “wu wu” sound rang on the empty streets.

He found his position and waited for the green light to see Luo Qing Chen and Mu Hua Nian crossing the road.

Without any hesitation, he stepped on the gas and charged in Luo Qing Chen’s direction.

Chapter 276: Proud actor emperor’s best coupling (Part 42)

The headlights covered her entire line of sight. There was no one at the crosswalk other than them.

Wing blew past her and blew away the umbrella in her hand, as the rain instantly soaked her.

The car charging at her was very fast, so fast that she almost couldn’t see anything.

Her mind was completely empty.....

She just heard a cold voice calling, “Qing Chen——”

Un, this seemed to be his first time calling her name and not miss Luo.

When he called her name, it sounded that warm and beautiful.

After that, she felt a strong force lifting her into the air.

“Peng——” A loud noise filled her ears and a warm pair of powerful arms tightly held her. They went around the car and finally slammed to the ground on the other side.

The entire process took less than three seconds.

She witnessed that when that youth was faced with a speeding car, he didn't hesitate to hold her and block it for her.

When she recovered, in front of her was a handsome face with knit brows and an incomparably pale face.

His hands were lying flat on the ground like he didn't have the strength to hold her anymore.

She felt every cell in her body tremble as the rain fell onto her back, head, and hands.....

She raised her trembling hands as she put them on Mu Hua Nian's neck.

After that, used all his strength to tightly hold her. He looked at Luo Qing Chen lying over him and his lips curled with difficulty into a smile.

Actually she didn't know how much he wanted to hug her like this. Lying on a warm bed, putting him on her and hugging her with all his strength.

But.....as his eyes blurred and his eyelids became heavier, he soon couldn't hold her any longer.

Suddenly, he was unwilling.

Suddenly, he couldn't let go.

Suddenly, he didn't want to say goodbye, he didn't want to give her to anyone in this life.....

But.....

"Luo Qing Chen." He was panting as he softly said her name beside her ear, "There is something I never said....."

"Don't speak, don't speak, I beg you....." Her voice was trembling with despair as the air filled with the scent of blood.

She didn't want to hear it. She was afraid that another word would twist her heart in pain.

She was afraid, very afraid. She was afraid that if she heard the end, she wouldn't be able to hear this cool as water voice again.

"Don't be disappointed, I do get jealous." When Mu Hua Nian said the last two words, almost no sound could be heard.

Because he didn't have any strength left.....

Luo Qing Chen trembled, as memories crashed on her like waves.

—

"Are you jealous?"

"Will you be disappointed if I say no?"

—

It wasn't some confession or some I don't want to leave you, rather it was seven words between them that only they could understand.

He really didn't want her to be disappointed. These words had been in his heart for too long and finally in the last moment of his life, he could finally say them.

He was so unwilling, why couldn't the person to stay by her side in this life be him!

Luo Mu, Luo Mu, he wasn't willing to have this kind of ending with her. He wanted to be with her for a long time, being very happy with her.

But it seemed like the heavens weren't willing to give him this chance.

"Peng——" Luo Qing Chen wanted to say something, but she felt someone hitting the back of her head. Her vision blacked out and she lost all consciousness.

Chapter 277: Proud actor emperor's best coupling (Part 43)

It was the same dream that kept appearing in her mind.

The long red robe, the jiggling beads, and the hall filled with bowing ghosts.

On the high stage, the young girl's red lips were curled into an enchanting smile. Flowers bloomed all around and flowers appeared wherever she went. Killing gods and buddhas as she met them.

The scene changed and it was that youth's back.

Every word he said to her, that little pride that was different from the rest, and how he used all his strength to protect her.

And how he always liked to talk back.....

But why was it that the last seven words he said to her were so sincere!

Why.....

At least give her a chance to say something back, alright?

That youth was as dazzling as the sun, catching everyone's gaze wherever he went.

Was he.....still alive?

[Host, host.] The system's voice sounded in her ears.

But she couldn't open her eyes.....

She felt that her body was very heavy, like it was about to sink down.

Where am I? Am I dead? Where's Mu Hua Nian?

[Not yet, but soon. As for the male lead.....]

System! Speak!

[The host can see for yourself.]

The system's voice fell and a white scene appeared in front of her eyes.

This was a hospital.

She was in a corner, watching the things happening in this world.

In the VIP emergency room, almost all the doctors and nurses of the hospital were in chaos.

President Mu Dong Zhi of the S City's giant Mu Group was anxiously waiting outside the surgery room. The man who had been calm and gathered now had completely red eyes.

Beside him was his wife whose eyes were already swollen from crying, who was also Mu Hua Nian's mother.

She looked very young and looked distinguished no matter what she wore.

But in this moment, she ignored everything as she fell to the ground, praying to the heavens.....

Speaking of this, she had been with Mu Hua Nian for this long and she had almost forgotten his other identity.....

S City's 'young master' had become her couple. For her, he charged into danger again and again.

But this youth didn't seem to care at all. He didn't care about her identity, didn't care if she was a good match for him at all.

He didn't even care that she was just a little star, he used his life to protect her.....

In a person's life, would they really be able to meet this kind of person? One who normally argued with you, but when true danger came, he didn't hesitate to stand out at all and protect you.

Not letting you be hurt even in the slightest bit.

She thought that Mu Hua Nian was probably this kind of person!

Luo Qing Chen did her best to calm her heart and took a deep breath before continuing forward. She was just a spirit and could pass through everything, while nothing could see her.

She knew that this was the system's work.

But when she arrived in the emergency room, her heart was filled with pain.

This man with a face like a sculpture.

This man with deep eyes.

This proud and gentle man.

At this moment, his eyes were tightly shut and his face was as pale as paper. There were all kinds of machines attached to him as he silently laid there.

It was like he was a cursed prince, waiting for her the princess to kiss him awake.

The surrounding doctors kept trying to save him, filling him with epinephrine. But the youth kept lying on the bed, not reacting at all.

Even the life monitor kept getting faster, as his cranial and blood pressure kept decreasing.

Until——

The monitor made a clear sound——

Di—————

Chapter 278: Proud actor emperor's best coupling (Part 44)

“No!” She roared out before charging forward, as she placed her spiritual lips onto the youth's lips.

She thought that even though she was Cinderella without her glass shoes, she would try everything to kiss the prince awake.

After that, the scene in front of her shattered like glass, bit by bit, layer by layer, until it all broke apart.

She forcefully opened her eyes and for a second, her eyes were an enchanting red colour.

But suddenly her eyes returned to their normal clear state.

She was currently tied up in a large tank of water with more water dripping down over her, already reaching her neck.

Her eyes turned cold and she looked around her, finally looking at the camera in front of her.

At this moment, Xia Xing Ge was in a five star hotel for dinner and personally watching this 'live broadcast' of someone drowning from her notebook.

At this moment, her heart was filled with incomparable excitement. She had finally reached this day.

She took a chalice as she said to the live feed with a grin on her red lips, “Die quickly! When you die, everything will be mine. You shouldn't live in this world, how could a lowly person like you live in this world? You're as low as an ant!”

Of course, Luo Qing Chen couldn't hear what she was saying.

She gritted her teeth and slightly moved her hands, but she found that her hands and legs were tightly bound, so she couldn't move at all.

“Ha, ha, ha——” Brother Li laughed as he watched Luo Qing Chen in the water tank and said, “This girl really doesn't look that bad. I thought that she was already dead, otherwise I would have let the brothers test her out.”

“Big brother, how about we go one back and one forward?” A yellow haired punk looked at Luo Qing Chen in a mesmerized manner, his drool almost falling down.

“Damn you!” Brother Li's fist slammed into the yellow haired punk's head and he angrily said, “What right do you have to share a woman with father?”

“Yes, yes, yes, big brother is powerful, this little one knows my mistake.” The yellow haired punk sucked up the pain and immediately lowered his head to apologize. His voice was a bit hesitant as he asked, “How about we stop the water first and let big brother enjoy yourself?”

Brother Li took a breath of his cigarette before saying with a smile, “I promised that young miss Xia that this won’t waste her time. The money she gave father is enough for father to get a nice water bed and call some girls to have some fun!”

“Big brother is right, big brother is right!”

Luo Qing Chen tightly knit her brows. Hearing their vulgar words, her stomach couldn’t help churning.

The water flowed quite quickly and already reached her lips in a short minute.

Her lips curled into a dangerous smile and she took a deep breath as she slowly closed her eyes.

Want to kill her, come!

Xia Xing Ge, do you have the ability?

The rage in her heart burned as it swallowed all her reason.

How could there be such a venomous supporting female lead, coming to kill her again and again. Did she really think that she was easy to bully?

After a minute, when the water passed Luo Qing Chen’s head, the water tank was completely filled.

Brother Li laughed and the yellow haired punk beside him also laughed.

Xia Xing Ge on the other side of the feed also laughed

Their laughter was quite loud, open, and free.

But——

But did they not know that this laughter would send them off to hell?

System, I want to exchange for teleportation!

Chapter 279: Proud actor emperor’s best coupling (Part 45)

The starry night was beautiful, it only appeared in darkness.

This night, she was destined to be alone.

Her mind was filled with memories of him, as her heart ached from those memories.

It turned out that remembering happy memories was true pain.

She used five hundred points to exchange for teleportation, but she found that she didn’t have——

A place to go at all.

She could only lie in the little room she rented as teardrop after teardrop fell down.

She could only heard the sharp sound from the hospital in her ears.....

So her heart could feel this much pain and be this numb.....

She didn't know why she was still alive and she couldn't find a good reason to keep living.

It seemed like only hatred could keep her going, only hatred.....

[Host.....]

Don't call me!

This was a hysterical cry from the bottom of her heart.

Could it not talk to her. Could it turn back time, back to the first day they met.

As the warm wind blows, everything goes back to the beginning.

She really had many, many things she still wanted to say to him. She wanted to tell him that if he said he wasn't jealous, she would be very disappointed.

Because she liked him.....

She liked that he was clearly warm, yet he acted to proud.

She liked how he clearly wanted to be good to her, but he would never admit it.

She liked how he clearly could have had the best girl in the world, but he chose her.

[Host! The male lead isn't dead.....] The system couldn't take her thoughts anymore and told her the results!

Stop shouting.....What? Could it be that the life support machine I heard in the hospital was an illusion?

[No, the male lead's heart did stop in that moment.] The system honestly explained.

Un, could it be that my kiss woke him up?

[.....The system feels it should be that the male lead's will to live is excessively strong!] It actually used the system's ability to read the male lead's thoughts on the verge of death.

It really was the end, but at that moment, his mind was filled with Luo Qing Chen.

The smiling her, the playful her, the confident her, the cute her, the shy her.....

Only her.....

So he's fine, right?

[No, his head suffered a heavy injury. He might not wake up in his entire life.....]

A.....vegetable?

She couldn't help trembling, but her heart was much more settled.

At least he was still alive, right?

As long as he was alive, everything was unknown right now. As long as he was alive, she could still work hard.

Can't she do it? That youth risked his life to save her.

Wait for her, she would come.

Her eyes turned cold and a chill scattered from her, which seemed terrifying like it could freeze everything around her.

Even she was scared by herself. It was unknown why she had such a unique aura and this aura kept getting stronger and stronger with each world she went to.

[Host.....the male lead is in danger.]

WTF, did you just say that he escaped danger?

[The supporting female lead noticed you disappeared and received news the male lead isn't dead yet. Since she can't find you, she wildly ran to the hospital to kill the male lead and force you to appear.]

An icy mist filled her eyes and her lips curled into a smile that didn't seem to belong to her.

A terrifying feeling was found in that coldness, like she could kill someone in the next moment.

Xia Xing Ge, if you want to die, I'll support you!

Chapter 280: Proud actor emperor's best coupling (Part 46)

At the same time, the two people who had wide smiles in front of the water tank suddenly had the smiles fall off their faces.

It turned into confusion, doubt, shock, and fear.

"Boss.....She.....Is she really dead?" After five minutes, the yellow haired punk looked pulled on his boss' clothes as he said, "That.....Why didn't the corpse float up!"

"Are you an idiot! Didn't you tie her up? How could she float up!" Brother Li swallowed his saliva and was a bit afraid. But he used everything he could to convince himself that the girl was definitely still inside.

"Boss....."

Brother Li kicked the yellow haired punk and said, "Go and take a look for me. If she's dead, pull her out."

"Boss.....I only tied her arms and legs so she couldn't stand up." The yellow haired punk's voice trembled as it filled with fear, "How could she not float up....."

Brother Li swallowed with difficulty, as he took a pistol out of his pocket. He pointed it at the water tank as he roared out, "Even if you can hold your breath underwater for ten minutes, I'll send you to heaven now!"

"Peng, peng, peng, peng, peng——"

After that, he pulled the trigger and fired five times in a row.

The shots rang out and water splashed in all directions.

But the terrifying thing was that the water in the tank was completely clear, without a trace of blood.

Now even Xia Xing Ge at the five star hotel began to panic a bit.

Through the screen, she could feel an eerie and terrifying sensation.

She gathered her mind and held her breath as she looked into the tank. Although it wasn't close, she couldn't see anything floating in the water at all.

"Pei——" Brother Li spat on the ground and walked in the direction of the water tank.

As he came closer, he found that his feet couldn't help trembling.

Until——

He was standing in front of the water tank and he couldn't take the fear in his heart any longer, as he fell to the ground.

Brother Li didn't lack people killed in his life, but that was all in a situation where they faced off with blades and guns. For someone with blood on their weapon, their heart would always be filled with a bit of fear.

Not to mention when something that was impossible appearing in front of them.

In this large tank, not mentioning a person, even the ropes tying them up had disappeared.

Ghost.....A ghost.....A ghost.....

He sat on the ground and moved a few steps towards the door. His feet had no strength and he couldn't stand up at all.

The yellow haired punk that had followed him had already ran off and in this large abandoned factory, there was only him alone.

The wind blew with a trace of coldness and strangeness.

The camera behind him was still working and when Xia Xing Ge saw brother Li's face, she knew that Luo Qing Chen was gone.

Impossible, how could she be gone!

This didn't conform to common sense, it went against all logic. How could she escape in a situation where she had to die.

No, she didn't believe it.

"Ding ling——" Her phone rang and cut off Xia Xing Ge's thoughts.

"Hey, big sister Qing Ge, I received some news that Mu Hua Nian is still alive. If he wakes up and investigates brother Li, he'll know about big sister's involvement." The voice of one of her assistants came from the other side of the call.

Xia Xing Ge had sent her to the hospital to wait for the latest news.

After all, only a dead person's lips could be relied on.

"Damn! I'm going to the hospital now." Xia Xing Ge gritted her teeth as a fierce look appeared in her eyes.

In this murder, not a single one of them died!

Since Luo Qing Chen had disappeared, then she would take care of the seriously injured Mu Hua Nian.

After saying this, she took out a revolver from her bag and a sinister smile appeared on her lips.
