Chapter 2721: Silly and sweet: The lost granddaughter of the rich man (72)

"You." He raised his hand and patted her head, "Are you happy being naughty?"

Luo Qing Chen gave a very serious nod, "Happy! Very happy!"

"Have you chosen the card yet?" Lu Jue Feng's eyes had a faint dim glow in them.

"Un." Luo Qing Chen shook the card in her hand, "I chose it! Are there any orders, mister Lu?"

It should be because she said mister Lu that he couldn't help revealing a smile as he said, "Young miss, I still have some other orders."

"Ze, ze, ze....." Luo Qing Chen pretended to be annoyed as she shook her head, "You have quite a few things."

He suddenly stepped forward to her side and took her in his embrace, "Qing Chen, I didn't clearly hear what you said just now?"

She was surprised, mostly because she never thought that Lu Jue Feng would act this way. They were just a few centimeters from each other and it made her unable to prevent the blush from coming to her face.

"I.....I said....." Luo Qing Chen suddenly said with a faint smile, "Young master Feng is the most handsome person in the world, young master Feng is the most beautiful."

"Wu." His lips fell onto her lips without hesitation. It wasn't a lingering kiss, it was a deep and strong kiss.

"Ai!" When he gently let her go, she couldn't help complaining, "Didn't I praise you this time?"

"I've never seen such fake praise!" He said with a smile, "Let's go! Let's pick out a wedding dress."

"Wa! Stealing a kiss and changing the topic."

"It's an open kiss, alright?"

"It's clearly stealing a kiss....."

Seeing her purse her lips, he gently took her hand and said in a soft voice, "Truly good."

"Ah?"

"It's truly good to have you at my side....."

Going around for a thousand years, she felt that having this beautiful moment made it very worth it.

Time passed very quickly and their wedding scheduled for two months later came.

The white wedding dress, the bright diamond ring, the hall filled with guests, and the sincere vows.

An hour before the wedding, Gu Hong Fei went with her to the dressing room for the final preparations.

“You are the most beautiful bride I’ve ever seen.” Gu Hong Fei looked at Luo Qing Chen in the mirror, “Your relationship with young master Feng really is like a fairy tale.”

“That’s because you’ve only seen the ending and haven’t seen the beginning.” Luo Qing Chen gave a shrug before saying with a faint smile, “If you knew, you wouldn’t think it was a fairy tale.”

Assassinating before even meeting and pointing guns at each other when they first met.

This shouldn’t be called a fairy tale, but rather loving the one you wanted to kill.

“Ah.....” Gu Hong Fei blinked and said, “Could it be that your first meeting was very special?”

“Un.” Luo Qing Chen thought about it and said, “Quite special! But.....it can’t compare to you and Mo Ling.”

Hearing the words ‘Mo Ling’, Gu Hong Fei lowered her head in embarrassment.

“My relationship with him is one of guilt, it can’t be considered special.” Gu Hong Fei pursed her lips and said, “It’s really thanks to you that he at least doesn’t avoid me anymore.”

“Actually, he has good intentions.” Luo Qing Chen blinked and said, “He’s also worried that he can’t protect you and you can’t protect yourself.”

“But.....” Gu Hong Fei knitted her brows to look at her, “But young master Feng isn’t worried that he can’t protect you! You also can’t protect yourself.”

Luo Qing Chen shook her head when she heard this, “We’re different.”

Although she thought that if she didn’t have any abilities, Lu Jue Feng made the same decision as Mo Ling.

But she was indeed different from Gu Hong Fei since she could protect herself.

Chapter 2722: Silly and sweet: The lost granddaughter of the rich man (73)

Gu Hong Fei seemed like she still wanted to say something when someone came in from outside. It was her makeup artist.

“Young miss Luo, we have the rehearsal in half an hour.”

“Un, alright.”

She picked up the small crown from the table and put it on. She looked at the hesitant Gu Hong Fei to the side and said, “I have someone protecting me and I normally have people following me when I go out, but you’re different.”

Luo Qing Chen felt that Gu Hong Fei should understand if she explained like this. For their love, she didn’t have anything that she could say.

What she could do and should do, she had already done.

Although Gu Hong Fei was still a bit frustrated, she could understand Luo Qing Chen's words.

If you're afraid, then you can leave. If you want to be with him, you have to stay by his side without caring for anything.

"But when I look at you, I feel that I'm lucky." Luo Qing Chen narrowed her eyes and revealed a smile that was hard to hide.

When the dust settled, when happiness came, when everyone let down their guard, danger would still unknowingly come.

Yan Tong, this dangerous time bomb finally couldn't take it.

Although in the past two months, whether it was the underworld or the normal world, everyone did all they could to find Yan Tong.

It was like she had disappeared from this world and she couldn't be found no matter what.

Everyone felt that it was very strange, other than Lu Jue Feng.

He had indeed taught a lot to this disciple of his. Her espionage and counter espionage skills had already reached the level of perfection. To catch her was not an easy thing to do.

December 24th, Christmas Eve. The snow was falling hard.

To blend into the wedding, Yan Tong changed her normal style and wore a pink sweater with a black skirt.

She had light makeup and a wig on. The black sunglasses covered more than half her face, so no one could recognize her.

She was tightly holding the invitation card with eyes filled with killing intent under the sunglasses.

Her current identity was the only daughter of the real estate agent Chen Dong. Since Chen Dong drank too much last night and slipped and was now in the hospital, he could only let his daughter attend on his behalf.

This daughter wasn't known by many people at the wedding, so Yan Tong knocked her out and took her invitation.

Her clothes, sunglasses, bag, and shoes all belonged to the Chen Family's daughter.

During these two months of running, she had thought a lot. That man was that outstanding. It was because of his teachings that she was able to avoid the tracking of all those killers.

The scenes of him teaching her were still vivid in her mind. Although he never smiled and was very strict, he taught her seriously.

No one ever cared about her, even when she went to the hospital, but he would come.

But.....that had all changed.....

Why, why did it end like this between him and her!

It was all because of Luo Qing Chen. If Luo Qing Chen didn't appear, she would be the only one by his side.

No one could take that place!

All the things that belonged to her, if she couldn't have it, she would ruin it all!

All of it, everything, every single thing, on top of this ridiculous wedding would all disappear!

Yan Tong narrowed her eyes and her right hand touched the bomb at her waist before revealing a cold smile.

Since no one would let her go, she wouldn't let anyone go. Although she still didn't want to hurt Lu Jue Feng, she wanted Luo Qing Chen to die.

No! It should be more precise to say that she wanted her not to even leave a corpse!

Chapter 2723: Silly and sweet: The lost granddaughter of the rich man (74)

"Dong, dong, dong, dong - dong, dong, dong, dong - dong, dong, dong, dong, dong, dong, dong, dong, dong."

The wedding march rang out. She was wearing her white wedding dress, holding Luo Bai Wan's hand and slowly walking down this hall filled with flowers that was like a dream.

Lu Jue Feng was in a suit with the faint light falling onto his handsome face. He looked that handsome and imposing.

His eyes that were as deep as ink seemed very calm, but only he knew the joy and excitement hidden within.

"On this snowy day, this pair of lovers will become the most important and closest people in each other's lives....." Along with the melodious music, the host passionately started reciting these words.

But in this solemn scene, Luo Qing Chen could feel her eyes turning red. She didn't feel that these words were that ridiculous.

The flower girl in front of her was sprinkling the pink cherry blossoms which looked beautiful splashed on the white snow.

The two looked at each other and revealed smiles.

This road didn't seem long, but they wanted to reach the end sooner.

But.....

"It's so beautiful that I can't bear to destroy it." A low and dark voice rang out that shocked everyone present.

Luo Qing Chen slightly knitted her brows as she turned to look at Yan Tong.

Since the guests were on the sides, there was no one else on the red carpet other than her, Luo Bai Wan, and the two flower girls.

Yan Tong was in the right position, being less than three meters in front of her.

It seemed like Lu Jue Feng really taught her well, her skills weren't bad.

Lu Jue Feng who was standing in front deeply knitted his brows and was about to run to Luo Qing Chen.

The bodyguards all around started running towards the middle and each one of them had guns in their hands.

"Don't move." Yan Tong lifted her sweater and bit her lip as she said, "If you take another step, I will bury everyone here with me."

The bodyguards didn't see the explosives on Yan Tong and a few of them still moved forward.

Luo Qing Chen and Lu Jue Feng said at the same time, "Don't move."

In this dangerous situation, Luo Qing Chen couldn't help revealing a smile. Lu Jue Feng who was behind her tightly knitted his brows.

She was this dazzling in this moment, as if everything around her lost its colours.

In his eyes, there was only her, her, and her.

"Young master Feng....." In this situation, the bodyguards broke out in a cold sweat.

If Luo Bai Wan was injured, no one could afford the consequences.

"TATP." He knitted his brows as a cold glow appeared in his eyes.

The bodyguards didn't understand as they asked in a trembling voice, "What?"

"A type of explosive." Luo Qing Chen put Luo Bai Wan behind her, "Of course that's the abbreviation, its common name is triacetone triperoxide."

Yan Tong was surprised. When Luo Qing Chen easily said the name of the explosive, she strangely felt nervous.

She clearly came with the determination to die together, why was she feeling nervous?

It was as if Luo Qing Chen's aura completely suppressed her that made it hard for her to breathe.

"Xiao Qing....." Luo Bai Wan wanted to stand in front to protect his granddaughter, but Luo Qing Chen firmly stopped him.

"Grandpa, relax." She narrowed her cold eyes and said, "She isn't qualified to hurt you."

Chapter 2724: Silly and sweet: The lost granddaughter of the rich man (75)

"He, he." Yan Tong gave a cold laugh before her tone became more sinister, "Do you think your three legged cat kung fu can do anything against a bomb?"

It really wasn't her underestimating Luo Qing Chen. Who could use their body to stop a bomb in this world?

She came to die with her, so she had no way out.

On the path to the Yellow Springs, if she brought the Luo Qing Chen that she hated the most and buried plenty of people with her, it was worth it!

"Un humph?" Luo Qing Chen gave a snort when she heard this, "Then you are right."

"Si." The guests around them took a cold breath, but they couldn't shout out.

No one wanted to be the one that stood out.

"Then I'll help you." She slowly lifted the lighter that she had already lit. Her final look was a deep look at Lu Jue Feng.

But his eyes didn't even look at her. From beginning to end, it had been on Luo Qing Chen in her white wedding dress.

Hatred, endless hatred. She hated this world for being unfair, hated it for not getting what she wanted.

"Die!"

Highschool date...

——Space and time freeze.

Everything around her was frozen at that moment. She narrowed her eyes and released Yan Tong's mind, but she still restricted her movement.

"You....." Yan Tong's face instantly turned pale as her eyes almost popped out.

She couldn't move. No matter how much she wanted to light the bomb, she couldn't move at all.

Luo Qing Chen was too lazy to care about her. Her eyes fell onto Tan Xiao not far away and narrowed her eyes to release the control on Tan Xiao.

That included his thoughts and his movement.

She already had the level five space and time freeze, so many restrictions that had been impossible before had been released.

She didn't use her special powers not because it was weak, but she disdained using her powers against certain people.

But Yan Tong's actions would cause many casualties, so she didn't have a better choice.

"What.....What is this situation....." Tan Xiao looked around in a panic, almost fainting on the spot.

But it was a good thing that he experienced Luo Qing Chen's fifty three second trip to the hospital before that it was easier for him to accept this second time.

"I thought you were used to it." Luo Qing Chen said with a laugh, "How about it, do you admire your young miss?"

"Damn, damn, damn, this is too exciting!" After Tan Xiao reacted, he became extremely excited.

He suddenly looked up at Luo Qing Chen and asked, "You called it teleportation last time. Is it space freeze this time?"

"That it is!" Luo Qing Chen gave a shrug and said with a smile, "Although it's not this name, the meaning is the same."

"So I can move freely in your space?"

"Of course."

"Why me!"

"Because you already suspected me! Then you might as well completely suspect me." Luo Qing Chen narrowed her eyes and said, "Take that thing off her and destroy it."

"Oh, right, right, right!" Tan Xiao immediately went over to Yan Tong's side and snatched the lighter from her hand. He blew it out and closed the lid before saying, "Yan Tong, you really were wrong this time."

Knowing each other for so many years, he felt a bit of pity in the end.

"Let me go! Just what kind of person are you?" Yan Tong's face was covered in panic and her voice couldn't be trembling more. She screamed like she was going crazy, "You monster, let me go!"

"I say, don't you read fantasy novels!" Luo Qing Chen lifted the white veil and looked up with pride in her eyes, "Don't you know about supernatural powers?"

Chapter 2725: Silly and sweet: The lost granddaughter of the rich man (76)

The snow was frozen in the air. Yan Tong almost went crazy as she didn't dare believe everything that happened.

Luo Qing Chen had a calm expression with a faint smile on her face. She just very calmly looked at Yan Tong in front of her.

Seeing her eyes go from anger to fear, from fear to being dazed, from being dazed to going crazy.

"Ha, ha, ha, ha, ha, ha....." Yan Tong laughed as she said, "Supernatural powers, supernatural powers.....This is truly interesting.....I should have known it! Ha, ha, ha, ha, you should have used your supernatural powers when I first met you, right.....Teleportation.....Ha, ha, ha, ha....."

"Young miss, what do we do about this?" Tan Xiao felt very scared seeing Yan Tong like this. He gave a gulp and came to Luo Qing Chen's side.

"What are you coming over here for?" Luo Qing Chen said with a helpless smile, "Grab her, I'll release this time and space freeze."

"I.....I....." Tan Xiao looked at Luo Qing Chen with a bit of fear, "I'm a bit afraid of how crazy she is!"

"She can't move."

"But she can move after you release the space freeze."

"Pu." Luo Qing Chen couldn't help laughing, "You already took away the lighter, what are you still afraid of?"

"Oh, right....." Tan Xiao came forward and said, "Young miss, you have to protect me!"

"That depends on my mood." She gave a snap with her right hand and everything around returned to normal.

Tan Xiao tightly held Yan Tong. After thinking about it, he didn't forget to act as he shouted, "Stop struggling, stop!"

"Ha, ha, ha, ha, ha, ha, ha! It's over.....it's over.....finally back.....So terrifying, so terrifying, it really was terrifying." Yan Tong said to herself as she entered a state of madness.

Lu Jue Feng slightly knitted his brows and came to Luo Qing Chen's side as quickly as possible, protecting her and Luo Bai Wan behind him.

"How about it, young master Feng? It's my merit this time!" Tan Xiao handed the crazy Yan Tong to a bodyguard and said, "Shouldn't you praise me!"

"It's a big achievement." Lu Jue Feng had a bit of doubt in his eyes, "But you didn't seem to be that close just now....."

In just a second, Tan Xiao had grabbed Yan Tong and took the lighter from her hand.

Was he hiding his power or was it.....that something happened in that second that he didn't know about?

"Yes.....Yes!" Tan Xiao desperately blinked at Luo Qing Chen, "I was just hiding my powers."

"Eh.....Yes!" Luo Qing Chen's lips twitched into a smile, "I saw it just now, he was hiding it quite well!"

"Right, right! I already sensed that there was danger, so maybe I have the ability to predict the future in my bones." Tan Xiao still hadn't recovered from the space and time freeze, so he thought that he was in a fantasy novel world.

"Ke, ke." Luo Qing Chen cleared her throat and used her eyes to tell him that it was enough!

"In short, thank you." Lu Jue Feng's voice was very sincere. He had always acted aloof and almost never thanked anyone sincerely.

But what Yan Tong did just now made him feel helpless for the first time in his life.

He couldn't protect her, that kind of useless feeling. He never wanted to experience it a second time.

It was a good thing there was Tan Xiao. It was a good thing.....that he protected her.....

Luo Qing Chen could feel Lu Jue Feng tightly holding her right hand, using that kind of force.

Fingers intertwined, it was very warm.

Chapter 2726: Silly and sweet: The lost granddaughter of the rich man (End)

The wedding was delayed for two hours before progressing like normal.

Although everyone was surprised by Yan Tong's appearance, luckily there was no danger.

Giving their vows and exchanging rings. He kissed the back of her hand and told her that he would protect her for the rest of her life, never allowing her to be injured.

The bouquet fell and landed right in Gu Hong Fei's hands.

She was surprised by this. Luo Qing Chen revealed a smile as a faint sparkle appeared in her eyes.

Happiness, when everyone had this, it was the happiest time, right?

After the wedding ended, Tan Xiao's group laughed as they caused trouble in the bridal chambers.

Everyone was there except Yan Ze.

At the police station, Yan Tong was locked in the innermost cell.

It was because she kept resisting when she was detained that there were many places on her body that were injured.

Yan Ze used his connections to sit right in front of Yan Tong.

Her hands were cuffed and there were traces of blood on her wrist.

"Tong Tong.....are you alright?" Yan Ze wanted to hold her hand, but he didn't in the end.

Yan Tong didn't like others touching her, so he never dared to go for it.

But then Yan Tong took the initiative to grab his hand as she muttered while smiling, "Xiu, xiu, xiu, space and time freeze! Ha, ha, ha, isn't it amazing! So envious! Why do others have it and I don't....."

"Tong Tong.....what are you saying....." Yan Ze was completely stunned as he looked at Yan Tong in disbelief.

She.....She.....Was she.....crazy?

"Who are you! Why did you appear here? Are you here to teach me teleportation?" Yan Tong's eyes filled with a sparkle as she said, "I want to learn, I'll take you as my teacher if you teach me."

"Tong Tong.....I.....I'm Yan Ze!"

"Who is Yan Ze!" She suddenly fearfully hid in the corner and covered herself as she said, "Don't come over.....I don't have supernatural powers.....Don't hit me.....Please....."

Yan Ze's fingers trembled. He wanted to say something, but it was stuck in his throat and he couldn't say a thing.

He could only come forward with gentle steps until he was in front of Yan Ze and he carefully rubbed her head.

That night passed like that.

-

The story afterwards.

After Luo Qing Chen and Lu Jue Feng got married, they lived a life of leisure.

Lu Jue Feng gradually started taking over Luo Bai Wan's business, while Luo Qing Chen played games and watched dramas at home.

Also.....staying away from her little fan Tan Xiao.

Tan Xiao came to find her 24/7 whenever he had free time. Lu Jue Feng even felt the urge to beat him up as he felt he was getting more and more annoying.

But having someone in this world who knew her secret wasn't a bad thing.

For example, when she and Tan Xiao were in the study alone, she would use her thoughts to ask for a book.

Of course Tan Xiao would start screaming causing the bodyguards to knock on the door.

As for Yan Ze and Yan Tong, because Yan Tong didn't hurt anyone at her wedding, she wasn't given the death sentence.

Adding in the fact that she had mental problems, she was only sentenced to three years.

Yan Ze left the Luo Family, no longer being one of the four young masters. He rented a room that was closest to the prison that Yan Tong was in.

He wanted to wait for her. At least that foolish Yan Tong would finally hold his hand.

-

At the Luo Villa.

Luo Qing Chen stood in front of the new room and entered 7520 three times, but it showed that it was wrong three times.

Then a text arrived.

(The password is 1314. ——Lu Jue Feng)

Luo Qing Chen quickly sent a reply in front of the door.

(Why do you keep changing the password! Do you have a secret! ——Luo Qing Chen)

"Di, di."

(Yes! ——Lu Jue Feng)

(What secret? ——Luo Qing Chen)

(75201314. ——Lu Jue Feng)

Chapter 2727: Side story: Can't I regret it? (1)

I walked through mountains and rivers, wasting my life as I went. Only when I met you did I feel that my life wasn't wasted. ——Lu Jue Feng.

The three words 'Luo Qing Chen' meant a target in my dictionary.

Because there have been many people called these three words over the years. I didn't think that it was that pleasant at first (but later I felt that it was the most beautiful three words in the word).

90% of these people weren't called that name, but to go from a commoner to a princess, they had to use this name to enter the Luo Family.

Of course, they were all fake.

Some did it for money, some did it for fame, some came to take lives.

These people suffered different fates, but they couldn't escape the punishment of the Luo Family.

So over the years, I had become very numb to these things. The new target didn't come themselves, but were noticed by people through unknown channels.

This kind of person was the most terrifying.

So my first instinct was to spare myself the trouble. Mister L's body wasn't good, especially his heart. He already had two surgeries and he couldn't handle it.

He was kind to me, so his life was the most important thing to me.

It was better for this person that gave hope and possible disappointment to not appear.

The mission I gave Yan Tong was not to kill her, but to make her retreat like everyone else.

Unless she refused, then Yan Tong would kill her.

But I never thought that a normal high schooler would make Yan Tong fail and even injure her.

Although she wasn't outstanding among spies, it was more than enough to deal with a normal person.

After going to the hospital, I handed Yan Tong to Yan Ze and went back to the hotel alone to plan this matter out.

I never thought that I would meet her again so soon.

I didn't know how she came into my room or how she opened the bedroom door.

I just knew that when we fought, the flames in my heart filled me with excitement.

It was like facing a match, as if I had found my meaning to life.

She never would have known that when she held the pistol to my head and talked to me in that calm tone, how much my heart jumped.

At that moment, I still didn't know she was Luo Qing Chen.

Or rather, it wasn't considered love at first sight. But the lingering throbbing deep in my heart would never dissipate.

When we met again, she had become the real young miss Luo through uncle Nan.

I knew that when she entered the Luo Family, not a single one of the four young masters could touch her.

Of course, I had already given up this idea. During this time, I did all I could to suppress my feelings.

In fact, I wanted to see her tell mister L that I sent people to assassinate her. Perhaps then the throbbing in my heart wouldn't be that deep.

But she didn't say it and looked at me with an indifferent look.

Those eyes seemed to burn me away, making me want to look at her without being able to control it.

It was an intellectual and emotional struggle. Those that had never experienced it would never understand.

The first time that I felt that I couldn't take the flames in my heart was when she grabbed Mo Ling's hand.

My heart skipped a beat before speeding up. It was as if the world dimmed and lost all its colour.

Then there was a long time where my thoughts were stuck. There was no sound around me and it was very dark, making it very uncomfortable.

It turned out that this was what it felt like to care about someone, it really was hard to bear.

But I thought that I could endure and persist.

Chapter 2728: Side story: Can't I regret it? (2)

My heart still wanted to get closer, but it became restless when I wanted to move.

Going to the mall and going shopping with her, seeing how dazzling and strong she was, but the light in her eyes was so clear.

I seemed to enjoy watching her walk in front and following behind her.

Seeing her buy things, seeing her eat things, I really liked this feeling. It was as if I wouldn't be bored living like this for the rest of my life.

She wouldn't understand that under my cold appearance, there was a throbbing heart.

This throbbing heart saw its true appearance when she was in danger.

I never thought that I would get injured by someone, whether it was big or small.

As a person who lived in the black and white, I admitted that I was selfish. In my eyes, my life was more important than anyone else, but at the moment of life and death, I blocked the bullet for her without hesitation.

That was the truest voice in my heart, I desperately wanted to do this.

It was a good thing that she was fine, it was a good thing that I still had a chance to say.....the things deep in my heart.

But I never thought that Ye Qing would appear at the right time.

It caught me off guard and I panicked.

He was a hero that saved a beauty and he invited her to his birthday party. He would always have a smile as he looked at her with deep affection in his eyes.

I had a feeling like I was sinking into the sea and the feeling of suffocation surrounded me, making me unable to breathe.

If I recall the most painful time in my life, it should be the day of Ye Qing's birthday party.

The rain fell heavy and her confession was ear grating.

I vaguely remembered walking aimlessly in the rain, step by step like I was a zombie. I didn't know if there was any meaning in living on.

Why should I live? If someone else held her hand, why should I live.....

If I didn't kill her when I found out about her and protected her, would the ending have been different?

If I could bravely express my feelings, if I could domineeringly keep others away from her, would the ending be different?

If.....If.....

But there were no ifs in this world. My mind was blank at that time and there was only one sentence that entered my mind like a curse.

She didn't like me, she didn't like me, she didn't like me.....

Again and again.....

I didn't know who brought me to the hospital, I just knew that this black and white world had turned completely black that night.

But when I was faced with my heart, I was more sure of what I wanted.

It didn't matter if you torture yourself to death, it was fine as long as she was there.

That was what I thought at that time, but I never thought that the heavens would give me a surprise, an unexpected encounter.

She said that the person she liked was me. Just like a person who you had a crush on for many years telling you that she also liked you.

Other than excitement, there were countless other emotions that couldn't be described by words.

That night, I used all my strength to hold her tightly and I repeated in her ears again and again——

'I regret it, I regret it, I regret it.'

Can't I regret it? As long as she didn't leave me, as long as she was by my side, anything was fine.

Really, anything was fine!

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 41/100]

Chapter 2729: Asking about love in Jianghu: A medicine man without a heart (1)

It was quiet all around without any sound.

She was used to this feeling, she should have returned to the Chaos Space

It seemed like they had encountered an accident on their last trip.

The super long train in the C Country was buried in deep snow because of an avalanche.

She lost consciousness immediately and never woke up.

Lu Jue Feng had always been by her side! She could feel him tightly holding her the moment that she sank into darkness. He was muttering in her ear, "Don't be afraid, don't be afraid."

[Does the host want to see what happened after you died?]

Luo Qing Chen thought about it before saying with a nod, "Alright."

She still wanted to take a look, just for the bit of thoughts in her heart.

She hoped that when she left this place in the future, she could really meet that person.

Recalling something that happened in these millions of years.

Office Of The Bar Confidant

[Alright.]

The bronze mirror gradually cleared and countless lives were buried under the snowy mountain.

Without knowing how long passed, this scene never changed and still showed the same white scenery.

?!

"What is this?"

[It's because this lasted a long time after the host died!]

.....

"Then why did you let me see, see, see this!" Luo Qing Chen angrily said, "Hurry up and end it, I don't want to see you anymore!"

[Irritable host!]

[The following is a summary of the previous mission. Host, please properly look over it.]

Name: Luo Qing Chen

Mission completion rate: 50%

"You, you, you....."

(The 6000 experience will not increase and will drop to 5000.)

"WTF?" Luo Qing Chen was surprised, standing there blinking and blinking.

She really had completely forgotten that the previous host wanted to be a painter, but taking away a thousand points, wasn't that too much!

The bronze mirror continued showing the rest without slowing down and the system acted dead without saying a thing.

If she knew earlier, she would have drawn a few pictures. It really is annoying.

There are currently four items in the spatial storage (4/5): [Exquisite Ring], [Nine Section Moon Whip], [Phoenix Dance Sword], [Universal Medicine Box].

“What? S grade mission? Does this increase the difficulty?”

[It isn't an increase in difficulty, it's just that the plot is more complicated.]

“Then doesn't that increase the difficulty?”

[It is if the host says it is!]

[The memories are being injected, please seriously look over them and don't be lazy. If you don't completely understand them, the host can spend exchange points to inject the memories again.]

“Want to secretly take my exchange points? In your dreams!”

Chapter 2730: Asking about love in Jianghu: A medicine man without a heart (2)

She went over the story for a very long time since it was a very long story.

There were many small branches. Luo Qing Chen didn't know which ones were important and which ones weren't.

The previous host had lived a life without worries since she was young. Her father was a grand scholar in court and her mother was a master embroiderer, who specially sewed clothes for the empress and the concubines.

She had a big brother who had a frail body. Although this big brother couldn't protect her normally like other big brothers, he was still good to her.

The status screen showed that Feng Chen Yin was the male lead. The first time that the previous host met him was when she was five.

The male lead sold his body to bury his mother and was bought into the Luo Family to be a housekeeper.

But since he was a servant and he didn't flatter people, he was normally bullied by the people who had already formed groups.

There was one time when he was beaten until he was covered in blood in the heavy snow. The previous host walked over with soft steps and stood up for him.

The previous host had only been five and Feng Chen Yin was twelve years old.

Since that day, because of the previous host, the people in the manor didn't dare bully Feng Chen Yin.

After all, the Luo Family's young miss was loved. No one dared to bully anyone the young miss protected.

Feng Chen Yin didn't talk much, but when he met the previous host in the Luo Family, he would say in a deep voice, "Young miss."

Those days lasted for a year until the Luo Family was involved in disputes in the Jianghu, so their whole family was targeted.

The two elders tried their best to protect the previous host, but when the heavily injured housekeeper pulled the previous host from a pile of corpses, she only had a single breath left.

The housekeeper followed the orders of the master Luo and took the previous host to the Medicine King Valley to find Medicine King Shen Qing Feng for help with his last breath.

Shen Qing Feng shook his head and said, "There's no way to recover unless..."

"Unless what?"

"She becomes a medicine man."

Medicine man, as the name suggested, was someone who cultivated medicine. This was the ultimate secret technique of the Medicine King Valley. Out of a thousand medicine men, nine hundred and ninety nine of them couldn't live past ten years.

The remaining one would become the most previous immortal medicine man.

Medicine men were not different from normal people, except that they had no life and no heart.

Since she became a medicine man, her previous memories no longer exist. Some medicine men never even knew that they were medicine men.

They had feelings and thoughts, they could be happy and sad.

Ten years, the previous host stayed in the Medicine King Valley for ten years.

Her life didn't disappear, but became even stronger.

Shen Qing Feng was overjoyed since after eight hundred years, there was finally another immortal medicine man born from his hands.

The previous host looked lively and cheerful, not caring about the world, but she already knew everything in her heart. Other than indifference, there was only indifference.

It wasn't because she was born this way, but because the partners that she played with died one by one.

They would be fine the day before, but then they would suddenly die the next day.

Once, twice, or thrice might be a coincidence, but seven times, eight times, and nine times definitely wouldn't be.

The previous host knew her identity and knew that after the ten years hurdle was passed, she would be the immortal medicine man.

Either a short life or eternal life.

How ridiculous it sounded.....

Paper could never hold back the flames. Shen Qing Feng had already hidden the matter of the immortal medicine man very well, but there was nothing that could be hidden forever in this world.

It didn't take long before the bright and dark forces of Jianghu learned of this matter.

The bloody storm was about to start.
