Chapter 2741: Asking about love in Jianghu: A medicine man without a heart (Part 13)

Feng Chen Yin's right hand holding the teacup trembled and there was a dim glow in his eyes.

He really was an indifferent person, but this indifference was different from an innate indifferent person.

Indifferent to love and not willing to owe anyone anything.

So even when he knew that he had to make this kind of request to Luo Qing Chen, he still couldn't bring himself to say it.

This kind of person in this situation, Luo Qing Chen strangely felt a bit of admiration.

"Sorry....." He softly said. His face was like snow and his eyes were like frost.

"I know that you want my blood to save a.....girl." Luo Qing Chen pursed her lips like she was acting arrogant, "I can agree, but I have one condition."

"What is it?" He slightly knitted his brows as he spoke in a soft voice.

The Jianghu was big and there were many things that he could do, but there were also many things he couldn't do.

But for some reason, when this woman in front of him said these business like words, his heart felt a bit better.

He didn't like owing anyone anything. If it wasn't for his big sister, after taking care of his revenge, he would have gone into the mountains.

It was as if there was nothing worth it in this world. When the snow filled the sky, his heart was even more blank.

There was no loneliness, it was just tedious.

But this cup of tea made him feel a bit warmer.

"You have to protect me. I am still young, so if you want my blood, you have to protect me." Luo Qing Chen looked at him with eyes as clear as water, but she couldn't see anything in those ink like eyes.

He really didn't put 'love' in his heart. When she said this, he seemed much more relaxed.

"Alright." After a long time, Feng Chen Yin looked at her. Although his voice was light, his eyes were as deep as a pool of water as he softly said, "I won't let you die if I'm not dead."

The ones that said this to her before most likely said it because of love and Feng Chen Yin.....said it because of responsibility.

"Do you know how much blood is needed to save.....her?" Luo Qing Chen didn't reveal the matter that Gu Dai Xiang was his big sister since there were few people in the Jianghu that knew their identity.

So that's why people thought that Feng Chen Yin killed Gu Liu Shang for the Refining Mountains and Rivers.

But facts weren't like this.....

He looked down at the cup in his hand, "One cup for seven days."

"Seven days?"

"Un." He said with a slight nod, "She was inflicted by the Seven Insects Seven Flowers Poison, so she needs the blood of a medicine man for seven days to cleanse it."

"Then you'll protect me after those seven days?" Luo Qing Chen blinked as she asked in an honest and unintentional voice.

"Alright." He seemed to hesitate before saying with a sigh, "Why do you want to follow me? I have a sea of blood of grudges and countless enemies, it's too dangerous to follow me."

"Then do you think there are more people that want to kill you or me?" Luo Qing Chen gave a helpless shrug before saying with a smile, "You want my blood, but I don't want your life. So there are more people that want to kill me than want to kill you."

He picked up the Falling Maple Sword with a helpless smile, "That makes sense."

"So hero Long Yin isn't willing to bring me around because I am a burden!" Luo Qing Chen rested her chin on her right hand and blinked as she looked at him.

Feng Chen Yin just shook his head, "I just feel that it's very strange. I want your blood, but are you following me to learn martial arts?"

Chapter 2742: Asking about love in Jianghu: A medicine man without a heart (Part 14)

Luo Qing Chen thought about it before saying, "Yes!"

Instead of speaking of promises, it was better for the relationship between them to progress a step.

"So, are you willing to take me as an apprentice?" Luo Qing Chen looked at him and asked, "We've never met, but I'm willing to save the person you love. Taking in an immortal medicine man as a disciple, it wouldn't be a disadvantage to hero Long Yin."

"I've never taken in a disciple before and don't know how to be a master." Feng Chen Yin said, "If you insist, then I have no objections."

"Then it's decided. Master, please accept....." Luo Qing Chen cleared her throat and said, "We are all children of the Jianghu, there's no need for such formalities!"

"Un."

"Then let's go find the girl in your heart?"

“Alright.” Feng Chen Yin softly said, “The place that she’s at is rather far from the Medicine King Valley, it’ll take at least three days by foot. It’s getting late, so let’s stay at the inn at the foot of the mountain for a night!”

Feng Chen Yin didn’t deny what she said. This only proved one thing, he didn’t care if she misunderstood something.

Luo Qing Chen really admired this kind of man, she admired him from the bottom of the heart and even worshiped him a bit.

He didn’t explain and didn’t care if people misunderstood when it came to many things.

He just went his own path and did what he needed to do.

“Master can decide.” Luo Qing Chen looked at the blood stained clothes on her, “But I want to change my clothes. Although everyone in the world wants to find me, I can’t just send myself to them!”

Although she also felt that she was strong enough to protect herself from fights in the Jianghu.

Sending herself to others definitely wasn’t her style. Not to mention that she couldn’t use her abilities unless it was absolutely necessary.

The system liked making excuses and taking away her experience points.

“Un.” Feng Chen Yin’s eyes swept over Luo Qing Chen before taking out some clothes from his luggage.

The clothes were very new as if they were custom ordered, but they were for a man.

“You change first!” Feng Chen Yin handed her the clothes, “It should fit just right.”

Luo Qing Chen took the clothes. Although they didn’t seem very colourful, they were very soft.

She noticed after putting them on that these clothes should be for Gu Dai Xiang.

She suddenly found that some people had a soft heart under their appearance. But he was no longer willing to show this heart to anyone.

It took three hours to walk to the foot of the mountain from the Medicine King Valley. The sky had turned dark and there was a quarter moon that hung in the sky.

There was only one inn within a hundred miles of here. This inn was very deserted each day according to the previous host’s memories, but it was very festive tonight. It looked very lively, which gave people a strange feeling.

Feng Chen Ying came to her side and said in a low voice, “Follow closely.”

.....

She didn’t feel that nervous at first, but when he said this, Luo Qing Chen felt her hands being covered in a cold sweat unconsciously.

There were four large tables in the hall of the inn. Although not every table was filled, there were people at each table.

Luo Qing Chen didn't look closely and just took a quick glance. But she could clearly feel that when Feng Chen Yin brought her into the inn, everyone's eyes were on them.

"Ai, these two guests, are you planning on having a meal or renting a room?"

"Give me two rooms and prepare some dishes."

"There are many dishes, but there's only one room." The innkeeper said with a smile, "How about you two brothers make do?"

### **Chapter 2743 - 2743: Asking about love in Jianghu: A medicine man without a heart (Part 15)**

A white clothed youth opened his and seemed to say something to the pink clothed girl in front of him.

The other three tables had large men sitting there, so the scene seemed very strange.

Feng Chen Yin slightly knitted his brows. He wanted to turn around and asked Luo Qing Chen if she was willing, but the pairs of eyes staring at them made him decide not to act rashly.

"Un." Feng Chen Yin said with a nod, "One room then!"

"Alright!" The innkeeper turned to the waiter on the side, "Bring the two guests upstairs!"

"Guests, please follow me."

Standing at the door to the room, the waiter opened the door for them, "Two guests, please rest first. The dishes will arrive soon."

"Un." Feng Chen Yin gave a slight nod and said nothing else.

"Gezhi." The door slowly closed.

Luo Qing Chen was about to say something, but Feng Chen Yin made a gesture to tell her not to speak.

He carefully closed the windows before saying, "From entering the inn to entering the room, how have you felt?"

Feng Chen Yin asked her like a master talking to a disciple.

Luo Qing Chen thought about it before saying with a smile, "The people sitting at the four tables all had a soaring dragon mark on them. Even if that white clothed youth and the woman in the pink dress looked out of place, they should all be from the Soaring Dragon Gang."

"That's right." Feng Chen Yin narrowed his eyes and said, "The white clothed youth should be the Soaring Dragon Gang's leader, fourth young master Hua. The girl in the pink dress should be his....."

"Wife?" Luo Qing Chen casually guessed.

"....." Feng Chen Yin had a bit of a helpless look as he shook his head, "His follower."

"Such a beautiful girl is actually just a follower." Luo Qing Chen said with a smile, "It seems like fourth young master Hua's standards are quite high."

“He had one hundred and one followers that are all as beautiful as jade and flowers.” Feng Chen Yin said, “So he always brings a different girl out with him. He is ranked thirty seventh on the Sword Trial Mountain Villa’s rankings.”

“Scum!”

“What?”

“It’s.....It’s nothing.” Luo Qing Chen said with an awkward smile, “Hometown dialect!”

“Un.....” Feng Chen Yin didn’t really care as he kept asking, “Did you see anything else?”

Luo Qing Chen sat down on the chair and made some tea as she said, “Every room on the second floor is lit, but the doors and windows are tightly closed, so it shouldn’t be easy.”

“No, there’s one room that wasn’t lit.”

“You’re talking about the innermost one?”

“Un.”

Luo Qing Chen knitted her brows and asked in a doubtful voice, “Since there was such a room, why didn’t they tell us about it?”

“It doesn’t mean that no one’s there if it isn’t lit.” Feng Chen Yin sat across from her and narrowed his eyes, “There are people that don’t need lights in this world.”

“You’re saying.....” Luo Qing Chen said in an understanding voice, “The person inside is blind.”

“Yes.” He took a sip of the tea, “Although you are a medicine man, the Medicine King Valley was always the fastest place to gather information in the entire Jianghu. You should be able to guess who is living in that room.”

“Blind Wolf.” Luo Qing Chen bit her lip and said, “But I didn’t hear a wolf cry.”

Blind Wolf, ranked ninth on the Sword Trial Mountain Villa’s rankings. Whether he was sleeping or eating, there would be a wolf by his side.

In his world, his wolf was his eyes.

### **Chapter 2744 - 2744: Asking about love in Jianghu: A medicine man without a heart (Part 16)**

“Fool.” Feng Chen Yin’s eyes relaxed a bit as he revealed a faint smile, “Blind Wolf’s wolf has already learned human nature. It exists to protect Blind Wolf, so it wouldn’t howl casually.”

“Then how do you know?” Luo Qing Chen was still a bit obsessed with the strange loving ‘fool’ when she heard this.

But in Feng Chen Yin’s eyes, he really just felt that his disciple was a bit not smart.....

“Because when I came up the stairs earlier, I saw some footprints that didn’t belong to a human.” Feng Chen Yin explained, “These footprints led all the way to that room.”

“So powerful.” Luo Qing Chen put her hand on her cheek as she looked at Feng Chen Yin with a smile, “It seems like the number one ranked hero Long Yin was this insightful!”

“.....” Feng Chen Yin helplessly narrowed his eyes as he looked at her, “I’m seriously teaching you about the Jianghu.”

“I know! I’m also seriously praising master!” Luo Qing Chen said with a smile, “Moreover, didn’t you say that you would protect me? I don’t need to know these things.”

“Be serious, there are always accidents.....” Feng Chen Yin slightly knitted his brows, “It’s better for you the more you know.”

“You won’t keep your promise!” Luo Qing Chen pretended to put her hand down heavily on the table, “I haven’t even saved the person in your heart you! You already want to break your promise!”

“Qing Chen.....”

“Not listening!”

“What if I die?” His voice was calm without even a single ripple.

Looking into her dark eyes, there was a bit of indescribable emotion.

Luo Qing Chen didn’t say anything. Her nose stuffed up a bit and her eyes turned a bit red.

It was because he was too calm about the word ‘death’ that she couldn’t react.

That person before did all he could to live and wanted to be with her for a long time.

But Feng Chen Yin.....was different.....

“How could I live long if you die.....” She bit her lip as her eyes trembled.

Feng Chen Yin was slightly taken aback as if he felt that his words were too heavy.

The woman in front of her was still a little girl. Although the Jianghu was big, she had already endured far too much.

“So I will do my best to teach you everything that I can teach you.” Feng Chen Yin softly said, “It was my fault, my words were too heavy.”

“No, not at all!” Luo Qing Chen looked aside and pretended to be arrogant if she said, “If you die one day, I will collect your body and then kill the person who killed you.....”

“You don’t need to take revenge for me.....” Before Luo Qing Chen could finish, Feng Chen Yin cut her off, “If someone can kill me, that means their martial arts are better than mine and you won’t be their match. If a hundred people surround me, you won’t be able to take revenge on all those people.....”

“Ke, ke.....” Luo Qing Chen cleared her throat and interrupted him like Feng Chen Yin had interrupted her, “If it’s the latter, then I can’t do anything. But if it’s the former.....I can take them as my master and let them protect me!”

As soon as her voice fell, she seriously looked at Feng Chen Yin's eyes. This was the first time there was a special emotional change in those bottomless eyes.

At that moment, she could see it.

This calm world's number one swordsman, when she had said this, there was a look of disappointment in his eyes.

Even he didn't understand why he would feel disappointed.

After a while, he said with a bitter laugh, "That is also good."

### **Chapter 2745 - 2745: Asking about love in Jianghu: A medicine man without a heart (Part 17)**

Hearing him say this, Luo Qing Chen couldn't help feeling a bit hurt.

She looked into his eyes and cleared her throat, "Let's not talk about this anymore! But master, you said that this inn is filled with customers, that can't be a coincidence!"

Feng Chen Yin's eyes lit up a bit as he looked at Luo Qing Chen, "This is a small store, there are only four rooms. There's only two other rooms other than us and Blind Wolf. In this situation, the people living here are only here for one goal."

His eyes were very beautiful. With the flickering candle in the night, it reflected against his face.

"What goal?"

"To ask about you?"

Luo Qing Chen blinked her eyes in surprise, "So you know who the people in the other two rooms are?"

That powerful? Why did it feel like he was a godly fortune teller.

"We are in the second room to the right." Feng Chen Yin's expression changed as he said, "The first room on the left should be people from Mount Emei. Although they are from the Jianghu, you can still smell the scent of perfume and makeup from them."

"Mount Emei's people?" Luo Qing Chen pursed her lips and said, "They are all female!"

"Un! I know one of them, so it could be considered a chance encounter." Feng Chen Yin continued, "The second room are people from the Mount Hua Faction. Mount Emei and Mount Hua's people have a good relationship and call themselves righteous."

"He, he." Luo Qing Chen couldn't help laughing, "If they were righteous, why would they look for an immortal medicine man like me!"

"Righteous." Feng Chen Yin gave a cold laugh, "There's no righteousness in this world, they are all wolves in sheep's clothing."

"It seems like you understand very well." Feng Chen Yin said, "Sleep early after dinner."

“Are we in a rush tomorrow?” Luo Qing Chen pursed her lips and said, “Master really is anxious to save the person in your heart!”

She said these words deliberately. She didn’t know if he would understand or if he would explain or hesitate.

But Feng Chen Yin hesitated.....

After around three seconds, she could still see it.

“Go to sleep early because if you sleep late, you won’t be able to sleep long.” Feng Chen Yin’s brows moved slightly, “Since I know their identity, they should also know my identity.”

“But they don’t know my identity!” Luo Qing Chen looked at him and said, “They.....don’t know.....right?”

“I’m not sure about that.” Feng Chen Yin slowly raised a hand to touch her head, “Go sleep first.”

“Alright!” Luo Qing Chen gave a yawn, “Master, call me if something happens!”

“Sleep well.” Feng Chen Yin took the lamp further away and the light in the room dimmed.

Without knowing why, even though the inn was dangerous, she felt strangely relaxed when she heard his words.

It should be that she didn’t sleep well in the secret room last night, so she felt very sleepy the moment that her head touched the pillow.

After a while, she entered her dreams.

When she woke up again, it was already midnight. It wasn’t that Feng Chen Yin woke her up, but rather she was awakened by the sound downstairs.

Rubbing her eyes, she saw a glass of water appear in front of her. Feng Chen Yin looked at her and said, “You were woken up by the noise?”

“Un.” She took two sips before saying, “What happened? Why is it so loud?”

“It’s the people from the Soaring Dragon Gang and Mount Emei that are arguing.” Feng Chen Yin put a coat over her, “Get dressed and let’s go take a look.”

“Alright! Alright!” Luo Qing Chen nodded and said, “I like watching the most.”

#### **Chapter 2746 - 2746: Asking about love in Jianghu: A medicine man without a heart (Part 18)**

“I say, old nun, just forget it! You know what kind of things your Emei is.” One of the large men from the Soaring Dragon Gang said, “Saying that you’re a righteous sect, who doesn’t know——”

“You villain, stop speaking nonsense!” The Mount Emei sect master Divine Red Sleeve Nun said, “Our Emei is a righteous sect, you can’t slander us like this.”

“Master Divine Nun is right, you can’t slander them!” Mount Hua Faction’s eldest brother Hua Yu came down the stairs and looked at the number one beauty of Emei, Fang Rou before saying, “My Mount Hua Faction are on the same path as Emei, we definitely won’t allow you to speak this kind of nonsense.”

This time, the Mount Hua Faction had come to the Medicine King Valley to find the immortal medicine man. The Mount Hua Faction’s sect master was seriously ill and without the blood of the medicine man, he wouldn’t last more than three months.

The eldest disciple Hua Yu came down the mountain as soon as he heard about the immortal medicine man, looking for them to save his master’s life.

But he never thought that before they reached Medicine King Valley, it would be destroyed by the various forces of the Jianghu and the immortal medicine man would disappear.

“Ai! Isn’t this Hua Yu, the eldest disciple of the Mount Hua Faction?” Fourth young master Hua waved the fan in his hand, “The Mount Hua Faction, the leader of the four great sects. An indomitable man, why is he speaking up for an old nun! Could it be because.....”

His eyes fell onto Fang Rou as he said, “A hero feels bad for the beauty?”

“Fourth young master, don’t speak nonsense! You can insult me, but you can’t insult miss Fang!” Hua Yu raised the sword in his hand, “Or don’t blame me for being impolite.”

“Ze, ze, ze, you’re getting angry out of shame?” Fourth young master Hua revealed a smile, “It’s a pity! Kindness and love has no repayment. My subordinates have told me that miss Fang Rou went to the capital not long ago with another man. Does young master Hua know about this?”

Fang Rou was surprised. Although she was surprised, her eyes became much more gentle.

Divine Red Sleeve Nun looked at her with a sharp look and Fang Rou quickly looked down without daring to say a word.

“Xiu.” Hua Yu drew his sword and angrily looked at fourth young master Hua, “Truly a petty person!”

“Ai, ai, ai!” Fourth young master Hua saw that he was really about to make a move and quickly said, “Young master Hua, don’t be excited. If what I said was wrong, you have no reason to draw your sword at me. But if what I said was true.....”

“Then the relationship between miss Fang Rou and the number one swordsman on the Sword Trial Mountain Villa’s rankings really isn’t normal.” Fourth young master Hua narrowed his eyes to look at a certain room on the second floor. There was a dim glow in his eyes.

“You can talk about me, but you can’t talk about others.” Fang Rou suddenly looked up and said each word with a firm power as she looked at fourth young master Hua, “It’s normal for people in Jianghu to act when they encounter injustice. I am a very open person, don’t judge a gentleman with your petty heart.”

Luo Qing Chen crouched by the window as she watched their conversation on the first floor. There was a hint of doubt that flashed in her eyes.

The Sword Trial Mountain Villa’s number one swordsman, if she remembered correctly, that was.....

“Master, are they talking about you?” Luo Qing Chen was surprised as she looked at the indifferent looking Feng Chen Yin beside her, “Wa! Master, you have a Jianghu love!”

“Your mind really is filled with strange things.” He sat down beside her and narrowed his eyes to say, “It was just that a bunch of thugs were robbing a woman, so miss Fang and I rescued them at the same time.”

“And then?” Luo Qing Chen looked up, “Based on miss Fang’s expression, you shouldn’t have met just once!”

### **Chapter 2747 - 2747: Asking about love in Jianghu: A medicine man without a heart (Part 19)**

“Un.” Feng Chen Yin helplessly shook his head, “Because we were heading to the same destination, we traveled together for some time.”

“It seems like this journey has allowed master to enter the heart of Mount Emei’s number one beauty!”

“Da, da.” There was a cold finger that tapped her head, “What are you thinking!”

He didn’t care about relationships between men and women, traveling with Fang Rou was no different from traveling alone.

But his disciple liked to turn his words into dead ends that made him very helpless.

“Aiya!” Luo Qing Chen touched her forehead with a proud look, “I was just thinking, do you prefer the person who needs my blood or do you like this miss Fang Rou who would lower her head for you?”

This question was a trap. It was because the more Feng Chen Yin didn’t answer, the more she wanted to know.

Feng Chen Yin wanted to say something, but he was interrupted by the sound of swords downstairs.

Hua Yu started fighting with fourth young master Hua. The inn that was already cramped became a mess in just a few moves.

“You really can’t listen to the truth.” Fourth young master Hua patted the dust off his white clothes, “How about you ask your miss Fang Rou if it’s true.”

“Shut your mouth!” Hua Yu glared at him. He strangely felt a deep hostility towards the three words “Feng Chen Yin”.

He even hated it more than this fourth young master Hua in front of him!

From the first day he met Fang Rou, he liked her very much.

He liked the gentleness in her eyes, he liked every gesture that she made.

Mount Hua and Mount Emei were on the same side, he was the one who was right for her.

That person who killed and stole, using a secret technique to become the number one swordsman, how could he compete with him?

Therefore, when he heard fourth young master Hua say these words, his heart felt rather uncomfortable.

“Stop fighting!” Fang Rou whipped her ribbon to stop their fight before coldly saying, “Many thanks to young master Hua for standing up for Fang Rou, but Fang Rou is open and doesn’t need to argue with this villain.”

“Oh? You keep saying villain, villain, then let me ask you.” Fourth young master Hua looked at her with a deep look, “Did miss Fang travel with hero Long Yin a few months ago?”

“Yes.” Fang Rou directly admitted it, “But it’s very normal for people to travel together in the Jianghu, why are you making a fuss over it?”

“Ha, ha, ha, ha! It’s good that you admitted it!” Fourth young master Hua looked at the black faced Hua Yu with a proud look, “Did you hear that?”

“You’re seeking death!”

“A motley crew, do you really think you are heroes?” There was an old voice that rang out before a wolf howled.

Blind Wolf slowly came down from the second floor with an azure wolf beside him. The air in the inn suddenly turned ice cold.

It had to be known that Blind Wolf and Divine Red Sleeves Nun were bitter rivals in the Jianghu. No one knew where their grudge came from.

But this resentment had reached the point where either one had to die.....

“Rou’er, come back.” Divine Red Sleeves Nun heard this and immediately called Fang Rou back to her side.

Blind Wolf’s martial arts weren’t weak. Other than the Divine Red Sleeves Nun who was his match and Feng Chen Yin who was stronger than him, the others weren’t his match.

One could imagine just how good his martial arts were before he became blind.

### **Chapter 2748 - 2748: Asking about love in Jianghu: A medicine man without a heart (Part 20)**

“Senior Wolf.” Even if fourth young master Hua was unreasonable, he wouldn’t dare cause trouble in front of him.

“Humph.” Blind Wolf gave a cold snort, “Everyone is here for the same reason, there’s no need to hide it.”

It was because Blind Wolf’s words were too direct that everyone revealed awkward looks.

Seeing that no one spoke, Blind Wolf continued, “Since everyone is so direct, let’s have the hero on the second floor come down!”

Luo Qing Chen's heart skipped a beat. Although a medicine man didn't have a heart, the nervousness was still clear.

"Don't be afraid." Feng Chen Yin narrowed his eyes as he looked over, "I'm here."

"I'm not afraid." Luo Qing Chen gave a shrug and said with a smile, "After all, the number one swordsman in Jianghu is my master, what am I afraid of?"

"Senior Wolf's ears really are good." Feng Chen Yin's cool voice slowly rang out as he came down from the second floor.

Luo Qing Chen followed behind him. Her eyes were as calm as dust, without a trace of nervousness.

She actually wasn't nervous. Looking in the distance, the woman named Fang Rou was clearly more nervous than her.

"Young master Feng?" She softly said as a faint glow appeared in her eyes.

"Rou'er." The Red Sleeved Divine Nun heard her words and said in a low voice, "Have you forgotten what master has taught you?"

"Rou'er hasn't forgotten....." Fang Rou took a deep breath, "Love is a poison, but Rou'er and young master Feng aren't—"

She explained with her mouth, but her heart rejected this explanation.

"Don't say it to your master, it's fine if you know in your heart." The Red Sleeved Divine Nun didn't say anything else and coldly looked at Feng Chen Yin in front of her.

She couldn't comment on this person that wasn't righteous or evil, but he killed Gu Liu Shang and took away the peerless Refining Rivers and Mountains. In the eyes of a righteous person like her, she would always look down on him.

"That is natural." Blind Wolf moved his ears, "I'm blind, but my heart isn't."

Feng Chen Yin just looked up slightly and softly said, "I just wanted to watch the fun. If there's nothing else, then I'll return to my room first."

He didn't dare leave Luo Qing Chen in the room alone, but he was afraid that someone with the eyes would be able to see through her identity. He could only leave their line of sight as soon as possible.

"Wait." Fourth young master Hua narrowed his eyes and looked at Luo Qing Chen. He waved his fan and said with a smile, "I never thought that hero Long Yin would have a woman by his side! It seems like the number one beauty of Mount Emei will be heartbroken!"

He was a man who had been with countless flowers, so he could see through a girl wearing male clothing with a single look.

Moreover, it was such a beautiful woman.

"What did you say?" Fang Rou was surprised and couldn't help speaking.

Fourth young master Hua seemed to have grabbed something and said with a wide smile, "It seems like miss Fang really is heartbroken? It's fine, you still have me, I'm very sympathetic to women."

Hua Yu was filled with rage again and raised his sword once more, "You shut up for me!"

"Ze, ze, ze, this play really is fun to watch." Fourth young master Hua flicked his hair, "I wonder, who is this peerlessly beautiful little sister who dresses like a man that is sharing the same room as hero Long Yin?"

In an instant, everyone's eyes fell onto Luo Qing Chen.

Disguised as a man and in the same room. In this world, people would look down on it.

Luo Qing Chen wanted to say something, but Feng Chen Yin cut her off.

Feng Chen Yin unconsciously protected her behind him and coldly looked up to say, "She is my wife."

[Ding, affection has increased by ten. Mission completion rate is now 20%.]

### **Chapter 2749 - 2749: Asking about love in Jianghu: A medicine man without a heart (Part 21)**

There were times when lying was disgusting and there were times where lying filled one with joy.

For example, now.

Luo Qing Chen was visibly surprised. When her hands didn't know what to do and went back, Feng Chen Yin took her hand and raised it as he looked at them, "What? Do I need to report my family matters to young master Hua?"

"Un, as expected." Fourth young master Hua looked at Luo Qing Chen with a meaningful look, "Hero Long Yin's eyes really are good."

Luo Qing Chen's eyes were very dim. It was because Feng Chen Yin's words were too warm that her face couldn't help revealing a blush.

"What?" Fang Rou who was standing not far away was completely stunned, looking at Feng Chen Yin with a look of shock.

His eyes didn't even fall on Fang Rou, he just carefully protected the person behind him.

"I'm afraid that some people really are heartbroken!" Fourth young master Hua's words didn't let people go. There was still a playful look in his eyes.

"You lowly villain! If I don't teach you a lesson, I'm letting down the title of eldest brother of the Mount Hua Faction!" In an instant, Hua Yu angrily brandished his sword and charged in fourth young master Hua's direction.

Fourth young master Hua didn't fear him and drew his sword with the beautiful woman beside him.

The most awkward person was Fang Rou standing on the side. Her eyes fell onto Luo Qing Chen from time to time, the woman standing behind Feng Chen Yin.

She seemed very weak, hiding behind him as she was completely protected by him.

This girl was different from her. She thought.....that at least she was better than her.

Fourth young master Hua and Hua Yu fought very hard, going from inside the inn to outside the inn. Neither side showed any intentions of stopping.

Feng Chen Yin narrowed his eyes before taking Luo Qing Chen's hand and walking to the side.

There were many disputes in the Jianghu and he wasn't willing to get involved.

"Have you rested enough?" He turned over with a touch of gentleness in his eyes as deep as water.

Luo Qing Chen didn't know why, but his eyes changed from the moment that he took her hand.

"Is master planning on setting out?" Luo Qing Chen pursed her lips and said, "But you haven't rested!"

"It's fine." He said in a soft voice, "It's fine as long as you rest enough. They don't seem to want to stop and the sword is blind. It's dangerous for you to stay here any longer."

"Alright." Luo Qing Chen said with a nod, "I'll go and pack up."

Luo Qing Chen accidentally bumped into Blind Wolf's wolf when she turned around. It sniffed a few times before giving a howl.

She moved sideways and quickly left the wolf's range.

But she felt that wolf staring right at her and kept walking towards her.

Feng Chen Yin immediately stood in front of her and narrowed his cold eyes, "Does senior Wolf need something?"

"Ke, ke." Blind Wolf cleared his throat, "Nothing."

As soon as his voice fell, he gave a gesture and his wolf retreated.

It should be because Blind Wolf suddenly blocked her that Feng Chen Yin wasn't assured in letting Luo Qing Chen go pack up alone, so he went with her.

"Was I.....recognized by his wolf?" She felt a bit of unease in her heart since a wolf's sense of smell was different from a human's.

"It's possible." Feng Chen Yin coldly narrowed his eyes, "Let's go."

"Un."

Luo Qing Chen followed Feng Chen Yin out of the inn.

The sun was already rising and Hua Yu and fourth young master Hua were still fighting.

Feng Chen Yin led a horse and carefully put her on the horse's back. He looked up slightly at her and said, "Don't worry, I won't let anything happen to you."

The wolf with the big head had appeared in front of her and came closer step by step, it should have scared her.

"Of course I'm not worried!" Luo Qing Chen looked away while acting proud, "I still have a use for master now!"

"....." Feng Chen Yin wanted to say something, but he was interrupted by a soft voice.

Fan Rou's eyes had been on Feng Chen Yin the entire time. Even if there were two in full swing fighting because of her, her eyes had only been on Feng Chen Yin the entire time.

"Is young master Feng leaving?" Fang Rou softly bit her lip and said, "Last time young master Feng helped me save the commoner, Fang Rou hasn't shown her gratitude yet....."

"It's just traveling in Jianghu, there's nothing to worry about." Feng Chen Yin's eyes were cold as he spoke in a soft voice, "Miss Fang doesn't need to worry about this."

As soon as his voice fell, he gave a slight nod and wanted to head forward with the horse.

"That." Fang Rou called out to stop him again, "Young master Feng, this is the jade pendant that I received in the western region, it's useful in resolving poison. I want to give this to you to thank young master Feng for saving my life."

"No need." Feng Chen Yin was very decisive. Although his reply was polite, one could hear the coldness in his voice.

Actually, Luo Qing Chen could feel the happy feeling in her heart.

Although Feng Chen Yin sounded very indifferent, at least he treated her differently from others.

Of course, she also knew the reason why. It was because she was the immortal medicine man.

Feng Chen Yin wanted to use her blood to save Gu ai Xiang, or he would be just as indifferent to her as he was to Fang Rou!

"Is hero Long Yin planning on leaving?" An old voice slowly rang it. It was followed by a wolf howling into the sky.

Feng Chen Yin tightly knitted his brows as an extreme chill filled his eyes.

Fourth young master Hua and Hua Yu stopped fighting because of the wolf's howl. Both side were injured, but they weren't fatally injured.

Hua Yu's eyes fell onto Fang Rou again, but he found that she was standing so close to Feng Chen Yin.

The raging flames burning in his heart became even more intense!

"Senior Wolf, you might as well say what you want to say." Feng Chen Yin's voice was very cold as he softly said, "As for where I'm going, I don't need to report this to everyone!"

“Hero Long Yin naturally doesn’t need to report where you’re going to us.” Blind Wolf revealed a smile and slowly said, “But you should leave the person on the horse behind.”

Fourth young master Hua couldn’t help smiling when he heard this. He waved his fan and said, “I never thought that senior Wolf would be able to tell that hero Long Yin’s wife is a beauty without even seeing her! Ha, ha, ha, I’m dying of laughter.”

“Peng.” There was a palm with strong internal energy that flew in the direction of fourth young master Hua.

Fourth young master Hua blocked it, but he was injured by the force and forced back several steps.

“You.....”

“The Soaring Dragon Gang has some fame in the Jianghu. Did your father not teach you to respect your elders when going out?”

Fourth young master Hua bit his lip and reached out to wipe the blood from his mouth. Although he didn’t accept it in his heart, he knew that he wasn’t a match for Blind Wolf.

But even if he wasn’t, that didn’t mean that Feng Chen Yin wasn’t.

“What a joke. A senior like you wants hero Long Yin’s wife to stay behind. Is this the rules of the Jianghu you speak of?” Fourth young master Hua said word for word. Although he couldn’t win in terms of martial arts, he wasn’t weak when it came to words.
