Chapter 281: Proud actor emperor's best coupling (Part 47)

The VIP room Mu Hua Nian was in was very luxurious, whether it was security or concealment, it was all very professional.

If Xia Xing Ge wanted to approach his ward, she had to spend some capital.

Other than brother Li, she also know someone else called Bai Zi.

Bai Zi was even stronger than brother Li, at least he had a bit of brain.

He first blew up a trash can on the first floor, causing panic. Xia Xing Ge used this panic to knock out a doctor and to take his clothes to go to Mu Hua Nian's room.

Before this, her assistant had already told her Mu Hua Nian's room number.

With an explosion on the hospital's first floor, all the guards had ran over to provide support for where the explosion was.

At this time, there was no one in the corridor to the VIP ward.

Xia Xing Ge couldn't help feeling that shooting this seriously injured patient was going incomparably smoothly.

The air was filled with a faint scent of formalin as Xia Xing Ge put her hands into the pockets of the white coat.

There was a revolver that was full of bullets in her pocket.....

At the end of the corridor was a sign.

[VIP intensive care unit, unauthorized people are not allowed.]

Xia Xing Ge looked at the white coat on her and muttered with a shrug as she revealed a smile, "I'm not unauthorized, I'm a 'doctor' who saves people's lives! Ha, ha——"

Her sinister laugh echoed in the silent hallway. She raised her hand and pushed open the door to the intensive care unit.

0520 – Mu Hua Nian.

Everything was about to end and she was about to become the queen of the entertainment business like she deserved.

What Mu Hua Nian, what Luo Qing Chen, they could all die! These little stars who were like ants, how could you live in this world and steal her things.

Everything was hers, everything belonged to her.

When she opened the door to room 520, she could see Mu Hua Nian lying in the hospital bed.

There were all kinds of equipment attached to his body. With the moon shining in from the window, she could see his white and handsome face, with his long lashes softly lying over his eyes, looking like he was asleep.

A shame, a real shame. This kind of face was soon about to see the king of hell.

Xia Xing Ge gave a cold snort and walked over to the hospital bed in her heels.

In the silent room, other than the life support machine making 'di, di, di' sounds, there was only Xia Xing Ge's sharp footsteps.

"Da, da, da." Each step seemed to carry a grandeur like she thought she was a queen.

She silently stood by Mu Hua Nian's bed and her lips curled into a wide smile as she said to herself, "You, your eyes aren't good enough. If you liked me, Xia Xing Ge, perhaps you wouldn't have met this kind of punishment! But you had to love that trash!"

The person in the bed didn't move like he was in a deep sleep and couldn't hear anything.

"No reaction?" Xia Xing Ge pretended like she understood as she said, "It's a pity, even if you wanted to regret it, you don't have a chance!"

After saying this, she quickly took the revolver from her white coat and pointed it at Mu Hua Nian's head as she roared, "Die!"

As soon as her voice fell, she pulled the trigger without any hesitation.

When she thought that she would see blood splatter.

Hua——

In that moment, it seemed like everything around her froze.

A white figure appeared in the hospital room with eyes filled with ice cold killing intent.

[Ding, 500 exchange points has been taken. Successfully exchanged for teleportation (One time use).]

Chapter 282: Proud actor emperor's best coupling (Part 48)

Luo Qing Chen slightly raised a brow, looking at this ruthless girl who was like a ghost and her lips curled into a cold smile.

She revealed a grin and softly said, "Mind control."

[Ding, successfully exchanged for mind control in storage space. Mind control (one use) lasts for twenty four hours.]

She slightly knit her brow and the bullet appeared in front of her face.

She slightly lifted her hand and grabbed the bullet in her hand.

If she was a bit late, the bullet would have pierced his skull.

If she was a bit late, she couldn't save this youth that was willing to die to protect her.

If she was a bit late, everything that Xia Xing Ge had done would have hurt her in the end.

It was a pity that she didn't have the chance.

After that, space and time freeze ended.

There was a soft gasp. Xia Xing Ge took a step back with tightly knit brows.

Didn't she fire it? Why did nothing happen?

No matter, it's the same if she shot again!

"Deng——" Instantly the light turned on and every corner of this room could be clearly seen.

"What? Does young miss Xia have no choice but to kill someone?" Luo Qing Chen gave a cold snort as she looked at her with cold eyes and said, "It really is the same as before!"

In the previous host's world, she had been sliced into a pool of blood and didn't wake up again.

Right now, not only did she want to kill her, she also brought in Mu Hua Nian.

"You....." In an instant, Xia Xing Ge's face turned as pale as paper. She looked at Luo Qing Chen who had appeared out of space and her right hand holding the revolver started to tremble intensely.

Impossible, how is she here? How could she possibly disappear from the abandoned factory and appear her!?

Im.....Impossible.....

"Me?" She looked into Xia Xing Ge's eyes and her lips curled into a faint smile.

"You.....You must have been here for a long time.....pretending to be a ghost, right!" She quickly pointed the revolver at Luo Qing Chen and said in a trembling voice, "You came right in time. There are five bullets to send you to heaven!"

One really found what one wasn't expecting, there wasn't a need to waste effort.

But why was her heart completely unsettled.

"You are certain there are five bullets left in that revolver?" Luo Qing Chen's eyes turned cold and her aura became very strong.

She was casually leaning against the wall with the moon shining behind her. There was a wind that blew that caused a chill that froze everyone.

"You....What do you mean?" Xia Xing Ge tightly knit her brows and cold sweat dripped down.

Could it be that illusion was real and she had already shot, but the bullet had disappeared?

"Un humph——" Her face slightly changed and her clear eyes filled with killing intent. She slowly lifted up the bullet on her fingertip as she looked at Luo Qing Chen and said, "One of the bullets in your gun is here with me."

Xia Xing Ge saw the bullet in her head and her heart seemed to jump into her throat.

In that moment, the only thing she could think of was that she had to do one thing.

That was to aim at Luo Qing Chen and—

Fire!

“Luo Qing Chen, whether you’re acting like a ghost or are a ghost, I Xia Xing Ge will take your life today! What can you do to me?” She gritted her teeth and angrily roared out, “Die!”

Luo Qing Chen slightly knit her brows, as that revolver with only four bullets quickly changed direction under Luo Qing Chen’s control.

That revolver defied the laws of physics as it floated in the air and turned to face Xia Xing Ge.

Chapter 283: Proud actor emperor’s best coupling (Part 49)

“Young miss Xia Xing Ge, don’t you know that ghosts are the most terrifying things in this world?” Luo Qing Chen’s eyes filled with an extreme chill.

She first looked at the camera above her and instantly the camera was destroyed.

Actually Xia Xing Ge had already tempered with this camera and it didn’t record anything.

Then she tightly knit her brows and all the scalpels in the medical cart flew up.

Instantly they quickly flew at Xia Xing Ge, forming a circle around her neck, stopping only five millimeters away from her.

“You.....” She swallowed with difficulty and one of the scalpels grazed the skin on her neck.

A red mark and a faint line of blood appeared.

“Me?” Luo Qing Chen looked up with her arms crossed and walked over step by step.

In the end, she was standing on the other side of Mu Hua Nian’s bed, looking at her with a faint smile as she said, “Xia Xing Ge, you can’t kill me, but if I want to kill you, it’s as easy as stepping on an ant.”

Without knowing why, seeing Xia Xing Ge with a face as pale as paper and cold sweat dripping down, she was feeling very satisfied.

If it wasn’t for her, Mu Hua Nian would still be safely standing in front of her.

They would be holding hands and happily walking along with their lives.

But Xia Xing Ge had ruined everything, so how could she let her go?”

“No——” Xia Xing Ge roared out. The blades around her neck had cut her skin from her strong trembling and there was the sound of blades cutting skin that cut through the silence.

After that, her eyes became bigger and she didn’t dare move at all.

She just bit her pale lip as she looked at Luo Qing Chen and said, "If you kill me, my parents won't let you off! Let me tell you, I am the only daughter of Xia Bai of S City's four great families. If I die, Luo Qing Chen, your entire family will be buried!"

She was the pearl of her father's hand and her mother's treasure. She had been pampered since she was young and had received whatever she wanted.

But now she was actually being controlled by this evil technique.

No, she wouldn't submit. But she was afraid, very afraid.

The scalpel in front of her could pierce her throat at any moment and take her life.

So the only thing she could do was use the Xia Family to threaten Luo Qing Chen.

Only her father Xia Bai could threaten this strange girl with this evil technique.

But she never thought that Luo Qing Chen would smile when she heard this.

This was a faint smile, but it was very chilling.

She raised a brow as she looked at Xia Xing Ge and said, "Before you die, I should tell you something!"

She had already investigated this matter in the past dimension.

But in this world, she should still let her know!

After all, wasn't it very satisfying?

"You.....What do you want to say?" Luo Qing Chen's current eyes filled her with extreme fear.

She had known her for this long and never seen such a terrifying ability from her. It was like her eyes came from hell.

"You've never doubted why I look so similar to Xie Wan Yue?" She gave a soft snort and slightly pursed her pink lips. A pair of clear eyes watched as Xia Xing Ge's eyes kept growing bigger.

Being overwhelmed in fear wasn't exaggerated at all.

"You.....I.....No....." She desperately shook her head and the scalpels pierced her skin, as drops of blood came down.

After that, Luo Qing Chen's cold voice rang out, "Because I am her real daughter."

Chapter 284: Proud actor emperor's best coupling (Part 50)

"Impossible!" Xia Xing Ge roared out with all her might and it was this roar that caused one scalpel to enter her throat.

Her wide eyes were staring right at Luo Qing Chen and her pupils widened as blood came out of her mouth.

It seemed like that scalpel had pierced her artery.

So painful! Why? The one who should die was clearly Luo Qing Chen, so why was it her?

She glared at the person in front of her, but she couldn't do a thing.

What greeted her was the stone path to hell.....

Luo Qing Chen's eyes didn't have the slightest bit of sympathy. She just raised a brow, like she was watching something dirty in human skin seeking death.

In her eyes, this thing wasn't worth being called human.

She slightly looked down at the handsome young man in the bed with tightly shut eyes.

Her heart suddenly twisted.....Un, it's still quite painful.

After that, she looked at Xia Xing Ge whose eyes had rolled back and was still bleeding. She used her mind to control space and knit her brows as she said, "You're not worthy of dying here."

As soon as her voice fell, it was like Xia Xing Ge was blown out of room 520 by a gust of wind before falling down.

There were a few scalpels scattered by her side, as well as a revolver.

Blood scattered all over the floor. It formed a strange red spider lily that died the white brick floor.

Her body twitched before her eyes rolled back and her life was lost.

Luo Qing Chen didn't go out because she disdained taking another look at her.

At this time, she would rather have a doctor or the police come to look over Mu Hua Nian.

He was sleeping very sound. His skin was white as snow and it was so handsome that it mesmerized people. When taking a breath, there was still that unique scent of his.

The faint grass smell.....

She slightly pursed her lips and all her coldness disappeared. Looking at the pale face and long lashes, her nose sniffed as a tear almost came down.

She took a deep breath and raised her head, letting her tear return to her eye.

"Beng, da, beng, da." Urgent footsteps came from the hall.

It seems like people were rushing over.

Luo Qing Chen unwillingly looked at Mu Hua Nian in the bed, as she softly raised her right hand to touch his slightly cold face.

"Mu Hua Nian, I'm waiting for you....." Her voice was a bit choked up. She closed her eyes and slowly leaned in for a kiss.

Just a soft touch and she immediately left.

After that, a cry came from outside the room before the door was ripped open.

But other than Mu Hua Nian who laid on the bed without moving, there was no one else.

[Ding, 500 exchange points has been taken. Successfully exchanged for teleportation (One time use).]

The system's voice rang in her head and she had returned to the bed of her little room.

Without knowing why, her heart had sunk down.

This was her first time using powers to kill someone.

It was different from being the little princess. It was normal to kill people there because everyone had spiritual energy, just separated into high and low.

But here, there were laws and killing a person was a large crime.

But thinking about it, if she didn't have the ability, it wouldn't have been easy to kill Xia Xing Ge.

It's all the system's fault. She felt that she was very weak, could it give her the Exquisite Ring in the next world?

Wouldn't she be able to summon storms with a wave of her hand?

[The host is dreaming.....]

I'm a bit tired. Let's wash up and go to bed!

Chapter 285: Proud actor emperor's best coupling (Part 51)

Early next morning, it wasn't the sun or her alarm that woke her up.

Rather it was a call from the police station.

The reason was that brother Li had seen the news from the hospital yesterday and out of fear, he had turned himself in.

In his confession, he had described all the strange things he had seen.

Pointing everything at Luo Qing Chen.

He was clearly the kidnapper, but he still had the face to say that he was a victim.

After an hour, at the police station.

"Hello, young miss Luo, I am Lin Hao Ran with the C Unit serious crimes division." It was a very simple introduction.

Lin Hao Ran was very young, being around twenty years old, but his position wasn't low.

"Hello." She was wearing a blue and white combination that made her look like a high schooler.

This her was very different from the Luo Qing Chen that appeared on TV.

“According to Li Si’s report, he abducted you to an abandoned factory twenty kilometers away, but you disappeared into thin air. Was there this matter?” Lin Hao Ran looked a bit awkward as he asked this, feeling that something was off.

“Is something wrong with you?” Luo Qing Chen narrowed her cold eyes and looked at the officer in front of her as she coldly said, “As a public officer, what are you doing all day taking the public’s money?”

“This.....”

“As for what kind of person Li Si is, I believe that you can find everything without asking me, he can do everything from killing to arson. He kidnapped me and as a police serving the public, not only did you not come save me, you’re asking me this kind of stupid question. Don’t you feel stupid?”

She slightly raised a brow as she said every word with strength.

Lin Hao Ran trembled as he never thought that the other side would give him this kind of answer.

But the problem with the question had been revealed.

“As a police officer, I have to ask these routine questions.....” Lin Hao Ran was clearly lacking in confidence. The main thing was that Li Si had been so focused and agitated when he said that Luo Qing Chen had disappeared out of thin air.

It even made him believe it a bit, so he called her to the police station to question her.

“If I was killed by Li Si yesterday, would you go to his house to ask about me?” Her eyes sparkled with a look of disdain as she looked at this young police officer.

“Alright!” Lin Hao Ran nodded in an apologetic manner. He put a piece of paper in front of Luo Qing Chen and said, “Did you go to the VIP ward of the first hospital yesterday?”

Luo Qing Chen narrowed her eyes and looked at this paper, before her lips curled into a faint smile.

It wasn’t because the newspapers contents were new, rather ‘today’s headlines’ was something that people couldn’t help find funny.

[Strange! The best film empress Xia Xing Ge was murdered at the hospital yesterday!]

[A well planned explosion that allowed one walk on the path of death!]

[Film empress Xia Xing Ge passes away at the age of twenty four!]

[Xia Xing Ge wanted to kill someone, but strangely found herself dying under scalpels!]

She gave a shrug and looked at Lin Hao Ran as she said, “Whether I went or not, can’t you just tell from the security footage?”

This simple word made Lin Hao Ran unable to say anything.

He had checked all the cameras in the hospital and other than the broken one in room 520, the other cameras didn’t catch a trace of Luo Qing Chen.

Could it be that Li Si was acting to lessen his own crimes?

“Lin Hao Ran——” Before he could keep asking questions, the chief of the police station roared out in rage, scaring him into quickly standing up.

“Report! Number 17814 Lin Hao Ran is here!”

Chapter 286: Proud actor emperor’s best coupling (Part 52)

The police chief angrily came out, looking angrier than normal.

He first looked at Lin Hao Ran with a dissatisfied look and said, “Who told you to bring young miss Luo down to the station!”

!

After that, he quickly changed his expression, looking like a kind old man.

He bowed to Luo Qing Chen and said, “Hello young miss Luo. Your father wants me to safely escort you back. For a place like this police station, other than me.....No, even me.....If any officer wants to take you in, you can just ignore it!”

Father? Luo Qing Chen lightly knit her brows. It seemed like Xia Bai already knew about this matter.

She wondered how he would react to Xia Xing Ge, the ‘daughter’ he had raised for twenty years dying.

But based on the police chief’s attitude towards her, it seemed like Xia Bai still cared about her.

“Officer Lin.” She gave a soft laugh and looked at Lin Hao Ran as she said, “The future is unknown.”

After that, she decisively turned around and didn’t look back.

She left a stunned Lin Hao Ran.....

This was his second time seeing the police chief since coming to this station.

And he was even cursed at.....

It was all his fault, he must have been reading too many modern cultivation novels.

As soon as he encountered something strange, his mind would think of abilities like ‘teleportation’ and ‘passing through time’.

“Pa, pa——” He slapped himself twice before muttering, “In a lawful society, I have to care less about modern cultivation!”

At the entrance to the police station, there was a long black Lincoln waiting for her.

When they saw her come over, two bodyguards in black quickly came over and bowed to her as they said, “Young miss, the old master had me come pick you up.”

“Un.” Luo Qing Chen gave a slight nod and entered the car.

They went very fast, going through different streets and entering the bustling city.

Finally they stopped in front of a detached villa.

“The old master wanted the young miss to have a new environment, so it took three days to move. We’ve made the young miss wait.”

She gave a slight nod before walking in.

Xia Bai and Xie Wan Yue were already in the living room waiting for her. They were in very formal dress, like they were welcoming an important person as they came to greet her.

In this situation, Luo Qing Chen didn’t feel like meeting her parents at all.

Rather it was a bit.....

Awkward!

She gave a slight bow before sitting in front of them.

Xia Bai rubbed his hands on his knees for a while, like there was too much sweat in his hand and he wanted to wipe it off.

“Qing Chen, welcome home.” Xie Wan Yue was much less nervous this time compared to Xia Bai.

She revealed a faint smile as she looked at this person that seemed to be carved from the same mold as a young her, causing her eyes to mist over.

“Un welcome home.” Xia Bai also nodded before saying, “I’ve already investigated the matter with Xia Xing Ge and brother Li has been taken care of. You can be assured.....in the future.....father will protect you.”

“Alright, thank you.” She nodded as she replied in a soft voice.

Without knowing why, although Xia Bai was covering it up well, Luo Qing Chen could see a slight pain in his eyes.

The daughter he had raised for twenty years, although they weren’t together much and that daughter wasn’t that filial.

To suddenly lose her, his heart still felt a bit of pain.

This was human emotion and she didn’t mind it that much.

But she cared very much about Xia Bai’s next words.

Un, perhaps she didn’t just care, rather she had an impulse to jump out of the sofa!

Chapter 287: Proud actor emperor’s best coupling (Part 53)

“Qing Chen, you might not know this, but our Xia Family had an engagement with the Mu Family over ten years ago.” Xia Bai said with a bit of difficulty, “Although you and the young master of the Mu

Family have never met, we've heard that he was in a car accident and is heavily injured in the hospital. No matter what, we should go see him. As for the engagement, we can decide after seeing him, what do you think?"

"Aiya, the child has just come back and you're hitting her with all these things!" Xia Wan Yue knit her brows. The man of her house just cared too much about his brothers.

Seeing that his brother's son was hurt, he wanted to think about something something for him!

"Sorry, I'm too anxious....." Xia Bai clearly knew that for Luo Qing Chen who had just come to the Xia Family, this matter was too rushed, so he quickly apologized.

Mu Family's young master, wasn't it Mu Hua Nian?

Pu, do middle aged people not care about entertainment gossip? It seems like the so called 'Luo Mu couple' only existed in the little sister circle!

"It's fine dad, let's go now!" Luo Qing Chen nodded with a smile and said, "But I need to change my clothes, otherwise we'll lose our status."

Hearing such obedient words, Xia Bai's heart filled with warmth.

Xia Xing Ge had never said such warm words to him before, she had never even learned the word 'respect' before.

Now that his blood related daughter who he had never looked for had come back to him, not only did she not blame him.

Rather she was this warming, this educated, and this polite!

"Good, good, good." Xia Bai nodded with a bit of excitement and said, "You really are my good daughter....."

—

After washing up, she experienced what was a rich person's dressing room.

It really was dazzling, all major brands, all of the same kind.

In the Xia Family's villa, a single dressing room was over a hundred square meters. This was the same feeling as bringing all kinds of brand name stores home.

It was no wonder, this kind of life was ultimately the reason why Xia Xing Ge lost of everything.

After two hours, she and Xia Bai went to the hospital to see Mu Hua Nian.

Because of what happened last night, Mu Hua Nian's VIP room's guards had been increased.

Two platoons of officers stood outside, looking very impressive.

Luo Qing Chen followed behind Xia Bai as she walked into room 520.

Her heart still skipped a beat.

Pushing open the door, the first thing she saw was Mu Hua Nian's father Mu Dong Zhi. Compared to a few days ago, he was much more exhausted.

But his straight body still had the style of S City's number one giant.

"Old Mu——"

"Old Xia——"

When the two saw each other, they called out to each other. But if one looked carefully, they would have noticed.

Everything they wanted to say was in their eyes.

This was perhaps the deep bond they had as brothers after several decades. This kind of emotion that came from the passing of time was something that couldn't be described.

But when they looked at each other, they knew what the other side was thinking and what they wanted to say.

Luo Qing Chen didn't say anything, she just moved past Mu Dong Zhi and came to the side of Mu Hua Nian's bed.

He seemed no different from last night, just silently laying there, looking like he was sleeping.....

Like if she softly called him, he would wake up.....

"Mu Hua Nian....." She knit her brows and softly bit her lip as she said, "The sun comes out after the rain, when will you wake up? I miss you very much....."

Chapter 288: Proud actor emperor's best coupling (Part 54)

Although the two elders didn't understand why Luo Qing Chen would say this when she saw Mu Hua Nian, but they still secretly shed a tear.

After a few hours, they finally understood.

So Luo Qing Chen and Mu Hua Nian were the current popular 'Luo Mu couple' of the entertainment industry.

It was their fault as old men who only cared about their business, not caring about the lives of these young people.

If they knew earlier, perhaps many things would have been different.

—

Time passed very quickly, just like water flowing, many things gradually settled like dust.

Brother Li went crazy and Bai Zi died.

It's said that the two of them were rivals and they fought each other when they were in jail.

Brother Li beat Bai Zi to death in a frenzy and kept saying while beating him, “Pretending to be a ghost, I’ll beat you to death, I’ll beat you to death.....”

Other than that——

Because Xia Xing Ge used brother Li and Bai Zi to kill Luo Qing Chen and Mu Hua Nian, even her strange death didn’t allow her to escape from having her name tarnished.

Most people thought her death was ‘punishment from hell and a deserved one’.

As for Gu Liu Sha.....

There was a certain ‘detective’ that brought up everything that had happened between the three of them at the Central Film Academy.

And so, everyone knew that Gu Liu Sha was a scumbag!

Abandoning the girl that you had the best time with for your own stardom and not hesitating to get together with Xia Xing Ge because of her family backing.

If had to be known that once you were tagged as unfaithful in the entertainment industry, it was very hard to turn this around.

Of course, there was something to be happy about.

Wan Zi and You Zi were getting married, holding their ceremony in the beautiful Sanya City.

Although Luo Qing Chen didn’t go, she had sent a gift and a card.

The card had two names on it, Luo Qing Chen and Mu Hua Nian.

She didn’t know why she did this, but she at least wanted to include his name in the warming things she did.

At least this way it felt like he was by her side.

It was the twenty seventh day of his coma

It had entered fall and was gradually getting colder. She quite liked fall, as she put on a light yellow coat.

This man who always liked to speak proudly hadn’t spoken to her in a long time.

She thought that if he saw her dressing this ‘cool’, he would definitely say to her, “It depends on the figure if you care about style instead of keeping warm. Where does young miss Luo have the confidence that you’ll turn heads on the street?”

Un, thinking of this, she couldn’t help revealing a faint smile.

It was like she understood him quite a bit.

It was the fifty second day of his coma.

She helped him bring several long sleeve shirts from home. She had also bought a bouquet of baby’s breath when she passed by a flower shop.

Although he was in a coma, when she slept in the hospital room, she could still smell the faint scent coming from him.

The doctors said that if he didn't wake up after a month, there was a lower chance of him waking up.

But even if it was low, wasn't there still hope?

It was the seventy fifth day of his coma.

The weather was gradually getting colder and she had a large cotton sweater as she sat by his bed.

She was no longer scared of the occasional flutters of the life monitor. His heart rate jumped up and down before finally stabilizing.

But there were no signs of him waking up and time kept passing.

She felt that she almost couldn't help on any longer. She wished for him to wake up and return to his side.

Even if it was only in this world.....

Chapter 289: Proud actor emperor's best coupling (Part 55)

It was the ninety eighth day of his coma.

The doctor shook his head when he came in and didn't say a word.

Mu Dong Zhi gave a deep sigh when he came in and tears kept coming out of his wife's eyes.

She looked at his sunken expression and it seemed like everyone had given up hope on Mu Hua Nian lying on the hospital bed.

Endless despair filled the air.

"Isn't he.....Isn't he still here? You....Why are you all crying?" Luo Qing Chen tightly gritted her teeth and looked up at everyone in front of her, as tears dripped down her eyes.

It was like she was the only person in the world who believed, believing that this youth who used his life to protect her would still wake up.

But she was still very afraid.

So afraid that she didn't even dare ask the system. Ask it if Mu Hua Nian would ever wake up.

Because she was afraid of the answer.

It was the hundredth day of his coma.....

Today the clouds covered the sky. The weather forecast said that there were two typhoons coming in.

She didn't like this kind of weather, feeling that it made her feel very weak, coming close to collapsing.

After that, she slowly stood up and closed the curtains, blocking the rain and wind.

At 9:50.

She was sitting by the bed, habitually reading Andersen's Fairy Tales, talking to him.

"There once was a very beautiful mermaid and she fell in love with a prince. In the end, for the prince, she lost her life, but she never regretted it....." As she said this, she became choked up and couldn't continue.

The music box on the table slowly turned as it played its soft music.

The crisp bells were very beautiful to listen to.

She slightly raised her hand and softly poked his forehead with her fingertip as she said, "It can't be that you.....were a mermaid in your past life and you came to save me, the prince, right!"

The room was silent.

Yes, how could there be someone to reply to her!

But, why wasn't there someone to reply to her?

"Mu Hua Nian." Her eyes turned red and her left hand held his slightly cold fingers. She said in a choked up voice, "Wake up.....I'm begging you.....You've been asleep for too long....."

Once upon a time, those warm hands had firmly held hers.

But whenever there was danger, he was the first one to protect her no matter what.

But now, no matter how she held those hands, those hands didn't react at all.....

The storm outside became bigger and the sound of rain splashing became deafening!

She suddenly felt that her heart was very empty, like there was a place that didn't belong. Thinking back, there were faint expectations in her heart.

She hoped that one day, the youth in front of her would suddenly open his eyes and look at her.

Even if it was a single look.....

People always said that death was a painful and terrifying thing, life was always filled with beauty.

But at this moment, she fully understood that it was the most painful being left behind.

"Mu Hua Nian, if you don't wake up, I won't like you....." She tightly held his hand and leaned over his chest as she kept trembling.

Tears fell onto the back of his hand. In the silent room, there was only her crying voice that sounded heart rending.

After a long time, he still didn't react to her.

She cried until she had no strength to hold his hand when she felt a warm feeling from her fingers.

She saw that hand tighten in her grip, as a cool as water voice entered her ears——

“Who are you?”

Chapter 290: Proud actor emperor’s best coupling (Part 56)

Luo Qing Chen: She didn’t understand Mu Hua Nian’s ‘who are you’ at all.

In that instant, there was only one thing that appeared in her mind!

Mu! Hua! Nian! Spoke!

After a full hundred days, he had finally woken up from her crying.

While she was filled with excitement, the doctors had already performed a full body exam on him.

But he also seemed to be shocked.....

“Who are you people?!” His voice wasn’t as gentle as before, rather what was with this confused look?

Luo Qing Chen suddenly reacted to what Mu Hua Nian had just said to her.

Who am I? Who was she?

Aiya! Did he have memory loss or did his brain go bad from sleeping too much!

“Hua Nian, do you feel uncomfortable anywhere?” Mu Dong Zhi leaned over and asked with a worried look on his face.

Although his father’s face looked tired, one could tell from how his brows relaxed that he was very excited.

“Who is Hua Nian?” Mu Hua Nian knit his brows, looking confused.

“Doctor, what do you think? What is wrong with my song?” Madame Mu quickly went over to the doctor who checked Mu Hua Nian.

The doctor gave a thoughtful nod before checking while saying, “There’s no blood clots in the brain, so it should be temporary memory loss caused by the hippocampus.”

“Then doctor, when will he be able to get his memories back!” Luo Qing Chen was a bit panicked. Her 90% affection, would it all be swept away by this ‘amnesia’?

“This depends on the recovery rate of the patient. Some patients recover after a nap and some take a year, or even ten years. There are some who never remember.” The doctor honestly said, “But that shouldn’t affect his daily life!”

Luo Qing Chen had never heard such ‘nonsense’ in her life!

But at least he was awake, right?

But without knowing why, she felt that something was strange, but couldn’t think of it for now.

Next morning, Luo Qing Chen didn’t welcome back Mu Hua Nian’s memories, rather a rare guest had come.

The S City's four great family's Jun Family's daughter, Jun Meng Meng.

It's said that she liked Mu Hua Nian since she was young, but Mu Hua Nian didn't feel anything for her, so she gave up in the end,

Now she suddenly heard that Mu Hua Nian had lost his memories, so naturally she wondered if this was another opportunity for her.

"Big brother Mu Hua, do you really not remember me? I am your cute Meng Meng!" Jun Meng Meng innocently blinked her large watery eyes, looking at Mu Hua Nian in an aggrieved manner.

It was like she had suffered a lot when he had been in a coma.

"Ah——" Mu Hua Nian slightly knit his brows as he said, "Is that so?"

"Of course!" Jun Meng Mueng shook his white hand and said, "You said that you would take me as your wife when you grew up!"

She pouted her lips and her light blue dress slowly fluttered in the wind from the window. It was like she was the heroine, waiting for her beloved youth to say to her 'then marry me'!

Luo Qing Chen leaned against the window as she watched this scene. There were no waves in her heart at all and she even felt like laughing.

Because just now, she realized why she felt it was a bit strange!
