### Chapter 291: Proud actor emperor's best coupling (Part 57)

She gave a shrug and looked at the two in the room with a smile as she said, "You can keep talking. I'm going out with a friend to see a movie, so I'll be leaving first."

After saying this, she picked up her little bag from the couch and went out the door without even looking back.

"Oh, then go ahead!" Jun Meng Meng said.

"Movie?" Mu Hua Nian said.

"What, is there a problem?" Luo Qing Chen turned around as her expression changed slightly, looking at Mu Hua Nian on the bed with sparkling eyes.

"There's no problem!" Jun Meng Meng cut in and somewhat reluctantly said, "If big brother Hua Nian wants to see a movie, Meng Meng will take him there once he's recovered."

Humph! Mu Hua Nian had clearly lost his memory and her chance was here, but why did this girl come out of nowhere! She was so angry!

"Ke, ke——" Mu Hua Nian cleared his throat as his dark eyes lit up. He narrowed his eyes as he looked at Luo Qing Chen in her white wool sweater and said, "I've heard my father say that you are my fiancée?"

"So what?" She revealed a faint smile as she looked at Jun Meng Meng and said, "The girls you have an engagement with aren't just me!"

"Right, right!" Jun Meng Meng proudly stood up, blocking Mu Hua Nian from looking at Luo Qing Chen as she said, "Big brother Hua Nian can marry Meng Meng!"

"Oh——" He gave a thoughtful nod, as if he seemed to agree with Jun Meng Meng's statement.

"Ah?" Jun Meng Meng was so excited that she didn't react. She happily jumped up and looked at Luo Qing Chen with a proud expression before saying, "Did you hear it! Big brother Hua Nian said that he wants to marry Meng Meng, so you can just tell uncle Xia Bai and have him arrange another marriage for you!"

Luo Qing Chen heard this and pursed her lips. She nodded with an expression saying 'you're right' and said, "I got it, I'll be going on my date first, so I won't bother you!"

She turned and she moved slowly.

Her lips curled into a faint smile as she waited for that youth to call her name.

1, 2, 3.....

"Luo Qing Chen——"

She slowly turned around and looked at Mu Hua Nian who looked a bit anxious as he tried to get out of bed. Perhaps he moved too quickly and twisted his wound, but his face was a bit pale.

Luo Qing Chen knit her brows and looked at him as she said, “Don’t get down, there are still many tubes on you and it’s not convenient to get down. Just tell me what you want to say, I’ll be leaving in two minutes and nothing else.”

His eyes were a bit cold as he looked at Jun Meng Meng and had her sit down in the chair on the side.

Jun Meng Meng looked at him with an expectant look, as if waiting for her beloved youth to confess to me. She was so excited that she didn’t know where to put her hands.

“Ke, ke, big brother Hua Nian, speak, I’m listening!” Jun Meng Meng shyly lowered her head as a blush covered her face.

“Un.” Mu Hua Nian gave a thoughtful nod before looking at Jun Meng Meng and saying, “Before I speak to you, I have something I need to say to her first.”

Luo Qing Chen looked surprised as she looked at Mu Hua Nian.

Without knowing why, her heart began beating fast before he even said anything.

“Young miss Luo, you must come when I get married.” Mu Hua Nian’s lips curled into a loving smile as he looked at Luo Qing Chen and said, “Otherwise I’ll be very embarrassed if I don’t have a bride.”

!

After a while, a breeze came in the room to blow against her clothes as she said with a faint smile, “Alright.”

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

Un, mister Mu, your amnesia didn’t even last forty eight hours.....

The scene froze and they looked at each other with smiles, as if they could understand each other’s minds without words.

Leaving behind Jun Meng Meng with a stiff face.

It was like she still hadn’t reacted to what had just happened.

## **Chapter 292: Proud actor emperor’s best coupling (Part 58)**

Properly speaking, without the system, she really would have been tricked by Mu Hua Nian!

Why did she feel it was strange? It was because if Mu Hua Nian really lost his memory, the system would have set her affection to 0%.

But she never received this kind of notification.

So that youth must not have lost his memories.

After half a month, Mu Hua Nian was released from the hospital. Although she was still angry about Mu Hua Nian pretending to have amnesia, but because of his ‘life saving grace’, she chose to forgive him!

Time passed very quickly and their two families were busy announcing their wedding after he was released from the hospital.

On their wedding day, they hit the hot searches again.

#Luo Mu couple's prince and princess palace#

#S City's two large families connecting in marriage#

#Luo Mu couple gets married in Paris#

#Entering Love#

#The importance of choosing the right couple#

Three months later, they came back from their honeymoon and director Hua called them!

It had to be said, director Hua really kept what he said at the auditions, he really was an insistent fellow.

Luo Qing Chen felt that Mu Hua Nian always had a yearning for acting, it was like a dream to him.

In the end, after their discussions, they decided to film «Half Smiling Summer».

They thought that it was just a promise to director Hua, while also fulfilling the dream in their hearts.

But they never thought that this campus drama would bring them to the peak of their acting career.

The overbearing and persistent Ye Xiao and the strong and kind Xia Qian.

Every youth that passed had their footsteps left behind.

They loved, hated, fell, and were hurt, but on the long path of life, they never loved anyone other than each other.

In the end, «Half Smiling Summer» won eight awards at the Golden Awards. That included best male lead, best female lead, best script, and best director.

The starry night of the entertainment industry seemed to light up for them that year.

After this series finished airing, Luo Qing Chen gradually faded away and left the entertainment industry. She didn't like the impulsive circle and she always felt that it was like when she saw «Entering Love» for the first time, just too fake.

And Mu Hua Nian entered the film industry, never filming another romance film after «Half Smiling Summer».

Most of his films were in depth movies like «Earth Shaking Rebellion», «Doomsday Train», «Psychological Crime Professor», and other movies.

Each one brought in box offices of over a hundred million and were all major successes.

He used his overwhelming acting skills and his heaven defying handsome face to give the audience another perception.

Three years later, he was at the Golden Horse Awards.

When the picture froze on his image, he just revealed a faint smile.

He didn't shed tears, he didn't act cool, he just had a gentleman's smile as he walked onto the stage.

His speech was very short, but it touched everyone's heart.

"I said with Ms Mu that when I became an international film emperor, I would go home to be a house husband and stay with her. I thank everyone who cared and supported me and I hope that my works will leave beautiful memories with you all."

After this speech was over, everyone understood Mu Hua Nian's meaning!

An acting emperor worth over five billion was retiring for love, this was a scene that had never happened before, but it really happened.

His voice on stage was very calm, not having any excitement or unwillingness. He just lovingly looked into the camera, like he was looking at her.

This was Mu Hua Nian, a proud and warm man!

### **Chapter 293: Proud actor emperor's best coupling (End)**

Film emperor Mu retired and he lived a leisurely life.

Luo Qing Chen and his goal in life was, squander their family property and travel the world!

Whenever they went to another city, he would take a picture for her.

He said that that way he could see how she grew!

Ten years later, Luo Qing Chen looked at all the pictures before looking at herself in the mirror.

She really wanted to take the Beauty Pill out of her storage space and eat it!

After dinner, Mu Hua Nian seriously organized the pictures. He wrote the dates on the back of every one of them and carefully put them into an album!

Luo Qing Chen pursed her lips and charged to an old trunk downstairs. She took out a pair of rabbit pyjamas and bounced away.

"Ms Mu, why are you like this? Didn't you stop wearing this a long time ago?" Mu Hua Nian looked up and was a bit surprised to see her wearing the clothes from ten years ago. Could it be that this girl wanted to act like a student recently?

"Mu Hua Nian, I'm asking you!" Luo Qing Chen sat in front of him and shifted the stack of photos, as she asked in a serious voice, "Why is it that when we go out, you only take my picture and not let me take your pictures!"

"Ms Mu looks just too good!" He gave a soft laugh and reached his right hand to rub her slightly wet hair. He blew it with a blowdryer from the cabinet as he said, "It'll look better after being blown."

Luo Qing Chen pursed her lips and looked at him with an aggrieved look, "But you always look at my young photos, so you must have some deviations when you look at the present me!"

Although she had maintained herself well, looking like a twenty year old even after turning thirty, when she reaches forty, it would be a big change!

Mu Hua Nian would be looking at pictures of her when she was in twenties.....

"Ms Mu, I feel that you haven't changed at all, you still look beautiful." His gently helped her blow her hair, as he had a pampering smile while coaxing his princess.

Actually, he had taken all those photos of her because he wasn't willing to miss even a single second with her.

No matter how many years, no matter the changes, there was only one he loved.

The more important reason was that.....

If there was a day he left this world before her, at least he could look at her to pass the rest of life with.

But if she left first, he didn't want to leave any memories for her.

He didn't want her to worry, he just wanted her to take care of herself.

Over ten years later, he was diagnosed with a severe illness and left this world without any pain.

Her heart felt sad, but she didn't feel that much pain.

Because they had a good life. He had said to her that she couldn't cry at his funeral.

Un, Mu Hua Nian, she did it.....

But when she was going through his stuff and saw the piles of letters, she couldn't help breaking into tears.

Each letter was very short, but it was a strong blow to one's heart.

The first day after I'm gone.

Mr Mu, please keep smiling. I will be watching you from the distance.

The second day after I'm gone.

Your legs aren't good anymore, so whether it rains or not, don't go out.

The third day after I'm gone.

I've put your pictures in my beloved box, you can't secretly look at them!

.....

The hundredth day after I'm gone.

Ms My, you should have forgotten by now! Start a new life, I will be waiting for you at the next intersection.

“Sorry, Mu Hua Nian. Without you, this world no longer has any meaning!” She narrowed her eyes as the system’s voice rang in her ears.

Farewell my family’s proud mister Mu.

#### **Chapter 294: Mu Hua Nian’s side story (Part 1)**

I love you, I forgot myself and used all my strength. ——Mu Hua Nian.

Un, I admit that I have been a prideful person since I was young.

At least when it came to insulting people, I never had a match.

Until the day the person who brought me to a dead end appeared.

It made me realize the truth of an idiom in this world.

——Meeting one’s match.

The first time we met, she was sitting in front of me with a large pair of sunglasses. She was clearly a small person that didn’t have any fame, but she acted like she was first rate star.

This was a bit like me.

Wan Zi had me form a fake couple with her, but my heart rejected it.

But without knowing why, when she spoke, I really wanted to agree.

It could be the sarcastic tone to her voice, or it could her voice.....

Was very good to listen to.

Then I used my best skill, insulting people.

But I never thought that her reaction would be so fast.

Not only did she immediately respond, her words were very well thought out that people couldn’t refute them.

As expected, she was a match.

I felt that arguing with someone like this was very interesting. I also knew that this person had left a different mark in my heart.

Although it wasn’t love at first sight, it made me want to approach this girl.

That night, I sat down in front of my computer as soon as I got home. Wan Zi told me that she wanted my QQ today, so I was waiting for her to add me.

But after a full two hours, she finally hesitantly sent a friend request.

Anger!

Reject!

Then there was a bit of regret.....

She didn't give up and the sunflower profile picture popped up again.

Half anger!

Rejected again!

Then she seemed to get angry.

I couldn't help revealing a smile in front of the computer before clicking accept.

This was our meeting at first. It was a very boring meeting, but it was the happy start of our team.

Then on our path, we developed a tacit understanding. From silently watching other while doing nothing to becoming the most dazzling couple.

Although I didn't say anything, my heart unknowingly filled with happiness.

Seeing the annoyed appearance of her ex boyfriend, only the heavens knew how much I wanted to pick up the microphone and sing a song of joy.

Un, I admit! This kind of feeling is satisfying and exciting.

If I had to mention when my heart was moved, it should be that wonderful waltz!

As well as that Seven Coloured Champagne match after.

My opponent was Gu Liu Sha. The director wanted me to let him win, but I knew that it was impossible to redo this scene.

Because no one could drink it a second time. Perhaps I can, but Gu Liu Sha definitely can't.

I drank cup by cup as I looked at her not far away with blurred eyes. She looked right at me with clear and focused eyes, like I was the only one in her world right now.

In that instant, my heart kept beating fast. I thought that this was the heartbeat of a first love.

What determined it in the end was when I saw Gu Liu Sha looking drunk as he went to find her.

When I saw that he wanted to get back together with her, my heart was filled with nervousness and fear.

I was afraid that the couple that belonged to me would foolishly agree! I was so afraid that when I pulled the glass shards out of my hand, I didn't feel any pain at all.

But it was a good thing that she didn't agree! She didn't even let him touch her.....

I was very happy. Happy that she didn't go back to the past, happy that I had this chance to become the only man by her side.

## Chapter 295: Mu Hua Nian's side story (Part 2)

Then we suddenly became popular, becoming the couple that everyone wanted.

Although I didn't say anything on the surface, I was exploding with happiness deep down!

I secretly made a Weibo smurf and liked all the posts that said that we were compatible.

Then I disliked every post that said that we weren't compatible, what kind of eyes did those people have?

I'm not compatible with her, then is Gu Liu Sha compatible with her? What kind of joke was that!

Clearly we are a perfect couple, alright?

Then we experienced a trial by fire.

Although my fall wasn't light, I still felt that it was worth it.

That was my first time hugging her. Although it was in a time of danger like this, the moment I fell to the ground while hugging her, my heart was filled with an unprecedented joy.

Un, I could rightfully hold her.

Un, it really was good!

But she wasn't very good, actually secretly 'dating her ex' when I was in the hospital for my injuries.

Ke, ke, alright! Changing the words, it's actually going to the audition for «Half Smiling Summer»!

Did she not know that Gu Liu Sha had been invited to audition as the male lead?

After Wan Zi told me about this, I didn't even go get a CT Scan.

I changed my clothes and headed to the auditions! Someone actually wanted to steal my couple, it couldn't be allowed!

I felt that I came at just the right time. In that moment, I felt that she really needed me.

When she saw me, her eyes turned a bit red. Actually, it made my heart hurt a bit.

I didn't like seeing her cry. Although I enjoyed this feeling of her caring about me, I didn't like seeing her unhappy.

If crying meant that she cared about me, I was willing for her to not care about me at all.

But I seemed to still let her get hurt!

When that large van charged at her, my mind was completely empty.

There was only a single thought, nothing could happen to her. Even if I were to die here, nothing could happen to her.

But when I was lying on my hospital bed, I seemed to see her.

No, rather it was like I was dead.....and she was also dead?

But why can't she see me?

I was very anxious, I wanted her to see me, but she couldn't see me at all. Her eyes were filled with pain and despair.

In the end, she kissed me on the bed and I didn't feel anything.

Ah, so her kiss was actually this useful.

The future me seemed to vaguely hear her reading fairy tales to me.

Her voice was very good, it always made me feel assured when I heard it.

I really wanted to wake up, but I couldn't wake up no matter what.

I tried again and again to break through the darkness, but I failed every time.

In the end, she and I were about to collapse.

Then on the hundredth day of my coma, she finally broke down in tears as she hugged me.

I have never seen this Luo Qing Chen before, looking that weak.

Her voice was so penetrating, breaking through my ears layer by layer.

Finally I broke through the darkness.

I wanted to tease her after waking up, but I found that she didn't fall for it at all.

She actually had me be in the same room as a strange person and then went on a date?

Humph, I won't take it!

Finally on the thirteenth hour of pretending to lose my memory, I couldn't keep pretending any longer.

It wasn't for any other reason.

The reason was because he really wanted to hold her.

He really.....

Missed her.

The years passed and we were all the same. I was willing to spend my entire life with you when there was nothing.

Because I care, so I got jealous. Because it's you, that I liked it.

## **Chapter 296: Little theater side story**

The system has heard that someone has taken many blades and summer jobs, expressing special joy!

Glazed Tile: I also feel this system isn't that good, let's change it next time!

System: The system was wrong! The system is very cute, obedient, and good!

—

[Ke, ke, it's time for the ten questions, this time this system will ask some special questions for everyone! First let's welcome our film emperor, the proud mister Mu!]

"Hello everyone!"

["First question: How did it feel when you became a film emperor?"]

"Very good."

["Did it feel good being high up!"]

"Eh. I felt very good because I could finally stop acting and I could finally stay by Ms Mu's side!"

["Oh."] The system replied in a very cold voice.

["Second question: When you're at home, do you do the chores or does she?"]

"She never did any chores!"

["Then did you do the chores? Ya! What a good man!"]

"Eh? It was the four maids....."

["Oh."] The system responded in a cold voice again.

It really was different with money!

["Third question: I've heard that you liked traveling, so which city was your favourite?"]

"Andorra."

["Why?"]

"The night sky in that place is very beautiful. Also there was no need to go out, we could stay in bed all day."

["Pu, the system feels dirty."]

"It's the system who isn't pure."

["Oh."]

["Fourth question: As usual, who is the person you hate in this world?"]

"Xia Xing Ge."

["Yi, it's actually not the supporting male lead for once."]

"Although the supporting male lead has a crippled mind that can't compare to me, his eyes were not bad before."

["Fifth question: When did she make you the most angry?"]

"Can I say it?"

["Be assured! This conversation will never be known!"]

"When I woke up and pretended to lose my memory, she didn't believe it at all! I was really angry, but I still kept my smile!"

["Oh, that was because of this system! This system also remembers that you proposed, right?"]

"Right! Wasn't it handsome!"

["Handsome, stunning!"] The system excitedly clapped its non-existent hands.

["Sixth question: When participating in «Entering Love», did you think that Xia Xing Ge and Gu Liu Sha were very fake?"]

"Compared to the couple that had already separated and was still playing couple, I looked down on them more! That is a very disrespectful thing to do to love."

["Seventh question: Did you like the love story of «Half Smiling Summer»?"]

"I didn't really like it. If the male lead was confident enough and strong enough, he wouldn't have let Xia Qian stay in a foreign country for that long."

["Eighth question: The future films you made were all spy films or intellectual films, why weren't there any love films?"]

"Ms Mu would get jealous and it is terrifying when she gets jealous. I remember a time that I made a rather romantic drink advertisement (with a female lead) and one day she bought all the drinks I endorsed from a nearby supermarket, completely filling my study....."

["So terrifying....."] The system could imagine it!

["Ninth question: What do you think was the happiest moment?"]

"The days that I could be by her side. We liked to watch TV at eight after we finished eating dinner, we liked playing airplane chess together, we liked building blocks, we liked playing puzzles. Although they were small things, I felt very happy."

["Tenth question: Do you want to say something to the little girls who liked the Luo Mu couple?"]

"It didn't matter if we became popular or not, but you gave us a direction to work hard in. Thank you for liking us, Luo Mu forever."

—

Ms Mu, there is something I want to say to you.

Before meeting you, I never thought of getting married.

After meeting you, I never thought of anyone else.

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 6/100]

### **Chapter 297: Cold destiny master's cherry blossom spirit (Part 1)**

"Welcome back!" The system's voice slowly rang out.

"Un." She softly replied. She walked over to lie on the bed and felt that she was missing something!

"System, give me a floor lamp!"

[It requires 100 exchange points.]

"Exchange!"

[Ding, one hundred exchange points have been deducted. The host has successfully exchanged for a high grade floor lamp.]

In an instant, two bright floor lamps appeared in front of her. It had a warm light that felt very comfortable.

When she comes back next time, if there were enough exchange points, she would definitely exchange for something good to decorate her little home.

[Host, this is the Chaos Space!]

"The Chaos Space can still be a small home! Why not!? Other than a prideful system and a mirror that likes to blow out smoke, what else is there?" Luo Qing Chen didn't mind, but the system still minded for her!

[The host doesn't seem emotional this time!] In the past, she was either very sad or very angry, yet she was quite calm today!

"I'm very tired alright? For this kind of world with all kinds of special situations, this treasure is very scared, alright?"

[Oh! The system has no other way!]

"!"

[Does the host want to add the 100 base points from the large novice gift bag?]

"No need!" Luo Qing Chen decisively rejected it.

Those hundred points could reverse the plot, how could something so important be casually used.

[It's good that the host is happy!] The system showed a non-existent cold expression!

After that, the image in the bronze mirror change.

[The host will understand when you accept the previous host's memories!]

"Oh." A cold face!

[With the special characteristic of this plane, the host won't live for more than three seconds. Unless.....]

"The Exquisite Ring?" Luo Qing Chen showed that she was a bit excited!

Although she hated the system very much, but in a world with powers, it wouldn't send her to death with a 'mortal's body'!

[Yes, the host can take the Exquisite Ring to help the host live! At the same time, finish the hidden task.]

"Alright! Goodbye system!" Although she didn't know anything about this world, she was very clear on the might of the Exquisite Ring! This was definitely a good thing!

[.....]

Importing memories.....

## **Chapter 298: Cold destiny master's cherry blossom spirit (Part 2)**

It seemed like a story of putting the cart before the horse and it was quite bleak.

The Full Spirit County was the dividing border between good and evil on the Heaven Falling Continent, being between the Blood Demon Hall and the Void Residence.

The one guarding the Full Spirit County was a thousand year old Cherry Blossom Spirit. A hundred years ago, in order to guard this place that belonged to the spirits, there was a fierce battle with the Demon Monarch at Word Tide Bay.

Of course, it was not just her alone. There was also the only Destiny Master of the Void Residence, Mo Bai Ci.

The battle ended with the previous host's ancient sacrificial spell and her final goodbye.

A white light soared into the sky and after the battle, there were cherry blossoms that filled the sky.

The cherry blossoms fell for three days and all creatures at the Word Tide Bay slept for three days, including the previous host and the male lead.

The previous host woke up and returned to her state a thousand years ago, losing all her memories.

She had turned into a weak Cherry Blossom Demon.

Actually, the previous host was hit by the backlash of the ancient sacrificial spell, being sealed by nine layers of spiritual energy.

This Cherry Blossom Demon would have been able to peacefully spend her life in the Full Spirit County.

But no one expected her to meet the supporting male lead, Li Jing Feng, who was the Void Residence's Spirit Spell Master.

Li Jin Feng was very excited when he met the previous host because of her unique cherry blossom scent. He told the previous host that he was her previous life's lover.

He told her that he had formed a pact with her and had come to find her.

The previous host couldn't remember and Li Jin Feng thought that she had forgotten him, so he wanted to take her back to the Void Residence.

Li Jin Feng was very good to the previous host. For a place where cultivators lived like the Void Residence, there were many cultivators who looked down on a small demon like the previous host.

Cultivators didn't have high foundations and although they couldn't compare to the powerful Spirit Spell Master, compared to a small demon, they were definitely much stronger.

Although the previous host was protected by Li Jin Feng at the Void Residence, she was bullied by quite a few cultivators.

Although it wasn't life threatening, those mean words could still hurt her heart.

Not to mention that the previous host was a little demon without any memories.

But it was a good thing that with Li Jin Feng's pampering, the previous host's life at the Void Residence wasn't very bleak.

Gradually, she also developed feelings for Li Jin Feng.

Until a certain day a hundred years later, Li Jin Feng suddenly changed.

The previous host knew why, it was because Li Jin Feng found that the previous host wasn't his past life's lover at all.

He was wrong.....

Li Jin Feng's lover from a past life was the seventh ranked Spirit Spell Master, Yan Ruo Yao.

A hundred years ago, Yan Ruo Yao was still a cultivator wandering the mortal world. She had accidentally wandered into the Full Spirit County populated by demons and she ate a cherry blossom fruit that bloomed every hundred years, causing her body to have a strange cherry blossom scent.

That made Li Jin Feng recognize the wrong person.

Only when Yan Ruo Yao passed her seven tribulations and met with Li Jin Feng at the Void Residence, telling him the truth did he finally realize that he recognized the wrong person a hundred years ago.

To recognize each other a hundred years later, how moving, how touching, how it made one cry.....

But the previous host who was a fake had a worse ending.

Not only was she laughed at by the people of the Void Residence, she was also hated by Yan Ruo Yao and chased out by Li Jin Feng.

The previous host was very lost when she came down the mountain, like how a person was always good to you suddenly changed.

This kind of feeling, it filled her heart with pain.

The previous host thought of Li Jin Feng and finally snuck to the Void Residence three months later to sneak a peek at Li Jin Feng.

She never thought that she would be caught by Yan Ruo Yao and locked in a secret room.

The previous host was constantly tortured, abused, shamed, and cursed at by Yan Ruo Yao.

Finally on the seventy seventh year, all the blood in her was taken by the supporting female lead and she died in the secret room.

This hellish seventy seven years made the previous host forget all her love. She came to the bronze mirror being filled with endless hatred, bringing the host Luo Qing Chen here.

Her hope was just to live a good life.

Un, she was a kind girl.....

But Luo Qing Chen as the host wasn't that kind.

### **Chapter 299: Cold destiny master's cherry blossom spirit (Part 3)**

When she sorted out the previous host's memories, she understood why it was seventy seven years and three months before her death.

The time right now was the three months the previous host was kicked out of the Void Residence.

If it was a year earlier, she would have thrown away Li Jin Feng without even looking back!

Calling him a scumbag wasn't too appropriate, since he did persist in matters of his previous life.

Saying he was affectionate, pei! This word, at least in Luo Qing Chen's eyes, he wasn't worthy.

A hundred years of gentle treatment changing to a cruel abandonment and seventy seven years of painful torture.

She even felt that it wasn't worth it and anger for the previous host.

"Save me, save me!" A sweet and cute voice entered her ears.

What is going on? Why did something happen as soon as she came!?

Luo Qing Chen's eyes lit up and she ran in the direction of the cries for help.

She looked down and saw the Exquisite Ring in her hand, as her heart filled with a bit of confidence.

But this was a spiritual energy word, so it was only a bit of confidence.....

And this confidence was quite shallow.

When she ran into the Hot Spring Inn of the Full Spirit County, she saw an ugly black furry person bullying a little mushroom demon.

He stomped it under his feet, like he would swallow it up!

"Big sister, please save this little mushroom!" The little mushroom saw her and its cute round mouth opened, as it shook its big mushroom head, crying as it begged her for help.

"Hey, hey, this black furry monster, let go of the little mushroom!" Luo Qing Chen carefully stepped forward and said after taking a deep breath, "Based on how you're dressed, you should be from the Blood Demon Hall!"

The Full Spirit County were filled with very cute little demons, cute and innocent.

The person in front of her was covered in killing intent, he definitely wasn't a kind person.

"Ai, where did this little sister come from, she really is cute." Su Qing Xie's lips curled into an evil smile as he looked at Luo Qing Chen not far away and said, "How about you follow me back to the Blood Demon Hall, our hall will properly pamper you."

"In your dreams!" Luo Qing Chen gritted her teeth. The Exquisite Ring on her had lit up with a faint golden light, as if it was aware of the other side's powerful might.

"Oh?" Su Qing Xie raised a brow and turned into human from that black furry monster. He put down the little mushroom demon in his hand as he walked step by step towards Luo Qing Chen.

It had to be said, Su Qing Xie who turned into a human didn't look bad.

But the sense of danger wasn't reduced at all!

[Host, quickly run. You can't beat him.]

Oh my god, I know even if you don't tell me!

"You.....Don't come over." She cleared her throat and took a step back as she said, "This is the Full Spirit Country, the Void Residence isn't far from here. If you don't leave, aren't you afraid that the Void Residence's people will catch you?"

"Catch me?" Su Qing Xie's lips curled into a strong smile as he said, "The people of the Void Residence who can catch this one, there really aren't many."

As soon as his voice fell, Su Qing Xie turned into a black mist that charged at Luo Qing Chen,

Although she was a little cherry blossom demon without any power, it was better than the little princess world where she had begun as a mortal!

She jumped back and used all her spiritual energy, escaping Su Qing Xie's attack with great difficulty.

In that instant, several cherry blossoms fell around them.

"No bad, you're reaction is quite good." Su Qing Xie said with a faint smile, "I'm coming again!"

After that, the black fog condensed and charged at her again.

God damn it, I don't care! It's death either way, I'm going all out!

She raised the Exquisite Ring on her right hand and when she was planning to fight to the death on the first day in this world.

A white fog quickly wrapped around her. The other side used their spiritual energy to pull at her waist and she flew several dozen meters away from her original location.

"Su Qing Xie, if you don't want to die, immediately disappear." A cold voice entered her ears.

She slightly looked up to see the figure in clothes as white as snow and her heart skipped a beat.

### **Chapter 300: Cold destiny master's cherry blossom spirit (Part 4)**

"Damn, Mo Bai Ci." Su Qing Xie took two steps back and knew it was bad.

After a few seconds, his lips curled into a faint smile as he said, "The future is long. Little cherry blossom demon, we will meet again!"

Other than his sealed father, there was no one who was Mo Bai Ci's match. Naturally there was no reason for him to fight it out.

After saying this, he turned into black fog and disappeared into the distance.

"Ya, thank you big sister cherry blossom and big brother white clothes!" The little mushroom demon bounced over, as the colourful mushroom cap on its head bounced up and down, looking very cute.

Mo Bai Ci leaned over and rubbed its head while saying, "Don't go to such a far place by yourself. This Hot Spring Inn is very close to the Blood Demon Hall and the barrier is very weak, understand?"

Because of special geological reasons, the Full Spirit County didn't have any barriers. But if anyone from the Blood Demon Hall invaded, the Void Residence could sense it and provide help.

"I know, big brother white clothes!" The little mushroom demon reached out its little round hands to rub its head as it spoke in an honest voice.

Mo Bai Ci gave a slight nod before slowly standing, looking over at Luo Qing Chen not far away.

There was a faint touch of emotion in his eyes, but in less than a second, his eyes that shined like the stars twinkled again.

Luo Qing Chen just felt her heart skip a beat. She narrowed her eyes and looked at this man in front of her.

He was wearing a long white robe and there were large lotus patterns on his white robes. There was a white silk bundle that was wrapped up to his deep blue hair and his dark eyes were like ink that couldn't be dissolved.

It was like those dark eyes could see through the world, looking like cold stars. He was very handsome with skin as white a snow, like a rare piece of work from the hands of god, rarely seen in this world.

"You as well, come here less."

She suddenly came back to her senses. Looking at the youth in front of her, the ancient black mark on her ear made her heart skip a beat.

"That—" Luo Qing Chen's eyes slightly lit up as she said, "I've heard that the Void Residence's Destiny Master's spiritual spells were extraordinary, I wonder if...."

"Alright." He softly said, as a faint glow appeared in his eyes.

"You know what I want to say?" Luo Qing Chen's eyes filled with a bit of surprise, but she suddenly understood, "Oh, you are the Destiny Master, you can calculate a person's thoughts."

Ah, wasn't it the same as wearing the 'emperor's new clothes' in front of him?

[TL Note: A Danish fairy tale reference, basically means naked.]

He knew everything that she was thinking!

His eye slightly narrowed and neither confirmed or denied it, he just softly said, "I was closed up at the Spiritual Tiger Mountain and have just come out. If you want to go there, you can come with me."

Everyone in the world said that the only Destiny Master of the Void Residence was cold and proud, never taking a spiritual pet or a disciple.

Seeing him today, he seemed to be different from the rumours!

The previous host's memories didn't have any impressions of Mo Bai Ci, only knowing the rumours of the land. It's said that he was a genius that could be met once in a thousand years.

System, so the male lead's affection for the previous host is zero?

[No, it's 30%.]

So back then, in that battle, the male lead's heart was moved.....

Oh, no, it was enchanted.

"Bring this little mushroom too!" The little mushroom demon bounced over, as it used its round hands to grab Luo Qing Chen's pink robes and said, "Little mushroom is very fun!"

Luo Qing Chen picked up the cute little round mushroom demon and her lips slightly curled as looked at Mo Bai Ci while saying, "Can we?"

"Alright." He softly said. He raised the sword in his right hand as he chanted his spiritual spell, causing an azure smoke to come from the Flashy Sword in his hand.

He slightly raised his left hand and a white smoke went around her waist, softly pulling her onto the Flashy Sword.

She hugged the little mushroom and stood firm, as a faint smile appeared in her eyes.
