### Chapter 311: Cold destiny master's cherry blossom spirit (Part 15)

His brows tightly knit and his eyes sparkled as he looked at the Star Monarch that understood him the most while saying, "It seems like if I don't find the Starlight Sword, you won't easily let me.....or my heart go?"

"You're joking, we've been together for this long already. If you can find the Starlight Sword, I won't make you stay in the Void Residence." The Star Monarch was the person who understood Mo Bai Ci the best in this world, he knew that he didn't want any fame and didn't want to stay in the Void Residence.

"The ancient divine weapon recognizes masters, the Exquisite Ring is the same. The Heaven Falling Continent is this big, it won't be easy to find it." The pink figure suddenly flashed in his mind and his eyes weren't as cold anymore.

"The last place the Starlight Sword appeared was in Dead Soul Sea Pond. If you look in that direction, you should find something." The Star Monarch looked at his thoughtful eyes and seized this chance to ask the doubt that he had for the last century, "Perhaps others don't understand you, but I do. I've always been very curious, why did the Destiny Master who doesn't care about the world fight against the Demon Monarch at Word Tide Bay a hundred years ago?"

Mo Bai Ci heard this and his body trembled. He suddenly felt that leaving this Star Monarch that had been with him for so long was a good thing.

At least there was no one that could see through his heart.

"As for the Starlight Sword, I know and I will bring it back to the Void Residence, but it is only the sword and not me."

"Ai, you really are unforgiving." The Star Monarch pretended to have a displeased look as he said, "Do you need a helper? If you just bring a small cherry blossom demon, I won't feel assured."

The ancient divine weapon, the Exquisite Ring recognized a master, so other than Luo Qing Chen using it, they wouldn't be able to find the Starlight Sword.

So, she had to go. This was one of the reasons why Mo Bai Ci was hesitant to agree.

The Star Monarch just wanted to ask casually since with Mo Bai Ci's power, a helper was equal to a burden.

But he never thought that he would actually ask for people!

"Other than the owner of the Exquisite Ring, I want two others." Mo Bai Ci's eyes sparkled, but different emotions could be seen in them.

"Who?"

"Li Jin Feng and Yan Ruo Yao."

Hall of Wisdom.

Luo Qing Chen didn't know how she got in bed, but it was already morning when she woke up.

Mo Bai Ci wasn't there like usual and Shao Qing was playing with the little mushroom.

She placed the moon white robe in front of Shao Qing and asked with a serious expression, "These clothes, where did they actually come from?"

"What origin could they have! They are just a normal set of clothes!" Shao Qing's eyes slightly looked away and his voice was a bit avoidant.

"You think I won't know if you don't say it?"

"I...." Shao Qing hesitated a bit. His master had never done something like this before, so this little cherry blossom demon must be a special person for him.

Then, she should know what his master did for her.

"Speak!" Luo Qing Chen saw him hesitate and quickly kept asking, not giving him a chance at all.

"Alright, alright, alright, I'll speak." Shao Qing looked at Luo Qing Chen and said each word honestly, "These clothes are called the Moon Cherry Blossom Robe, they were made by master Bai Ci during his hundred year isolation in the Spirit Tiger Mountain, so they were refined for a hundred years. Although I don't know why he made these female clothes, the uses of these clothes are not normal."

A hundred years ago, wasn't it after the battle of Word Tide Bay?

"Tell me the important part!"

"The first person to wear these clothes will become their master. Any spiritual energy that hits the clothes, the effects will be sent to master Bai Ci." Shao Qing looked at her confused eyes and kept explaining, "In other words, he will take all the damage that falls onto the person wearing this Moon Cherry Blossom Robe."

### **Chapter 312: Cold destiny master's cherry blossom spirit (Part 16)**

Luo Qing Chen heard this and felt a warm current run through her heart. Although she didn't understand what kind of person Mo Bai Ci was.

She felt it was very different than those people who cared about the world and justice.

"What are you talking about, acting so mysterious?" A cool voice slowly came from not far away.

Luo Qing Chen looked at the entrance and noticed Mo Bai Ci coming in.

"No....." Shao Qing quickly shook his head and said, "Nothing, nothing at all, what could we even talk about! Right.....Right!"

He even secretly touched her with his elbow as he said this while also winking at her.

Luo Qing Chen revealed a smile and followed along with a nod.

After that, her eyes fell onto the three bags in Mo Bai Ci's arms. Her eyes looked down slightly as she asked, "What are you holding?"

"It's for you." He gave the bags to her, which had a slight blue glow at the opening.

Her eyes had a bit of confusion in them. She took the bags and looked at them, seeing the words one, two, three written on them.

"Can it be opened?" She looked up slightly at him with a faint smile and said, "It can't be some secret spirit spell, right....."

Mo Bai Ci shook his head and said, "Three days later, you'll be going to a place with me. The bags should be used if you ever encounter some kind of danger."

Actually he didn't want her to go, but only the owner of the divine weapon can use that divine weapon to find the Starlight Sword.

But she was still weak and although she had the Exquisite Ring, it wasn't enough to make him feel assured.

"Going where?" She saw a bit of worry in his deep, bottomless eyes.

It seems like the place he wanted to go wasn't some good place.

"Dead Soul Sea Pond."

For the next hour, Mo Bai Ci told her the story and asked her for her opinion.

"The Dead Soul Sea Pond is the most terrifying place on the Heaven Falling Continent, whether one is a cultivator, a demon, or a Spirit Spell Master, their power will be cut in half once they enter." Mo Bai Ci said while looking at her.

"Ke, ke——" Luo Qing Chen cleared her throat as she looked at Mo Bai Ci's indifferent face and said, "For someone like me with weak spiritual energy, for it to be cut, it doesn't seem to make any difference for me."

Luo Qing Chen's meaning was: She definitely had to go, alright?

The four words Dead Soul Sea Pond made people's hairs stand, so if something happened, wouldn't her trip to this world be over?

"Have you thought it through?" Mo Bai Ci narrowed his eyes and looked into Luo Qing Chen's eyes as a different kind of emotion appeared.

Of course, only he understood this kind of emotion.

"I've thought it through! I'll go with you!" Luo Qing Chen's lips pursed into a smile as she said, "After all, comparing the Dead Soul Sea Pond to the Void Residence, it's unknown which place is more dangerous."

How the previous host was tortured to death in this place, it left a deep impression on her.

"Relax, I will protect you." Mo Bai Ci's eyes sparkled as he looked at her and said, "You just need to find the location, you can leave the rest to me."

His eyes were very determined. When he said these words, it was like an oath, a very special oath.

“Being with the Destiny Master that appears only once in a thousand years on the Heaven Falling Continent, is there a need to be anxious.” Her expression changed slightly as her eyes cleared and she said with a faint smile, “I believe in you.”

She could clearly sense Mo Bai Ci’s body trembling, as a sparkle appeared in those deep eyes.

He only left a single sentence: Rest early.

As well as— —

### **Chapter 313: Cold destiny master’s cherry blossom spirit (Part 17)**

This was Mo Bai Ci’s second night of restlessness in a thousand years, the first time was when he faced his personal calamity.

He only had to close his eyes and his mind would be filled with that sweet smile. It was like a warm breeze that was being blown into his heart without any warning.

Ah, so this was what it felt like to have your heart moved.

A hundred years ago, the love disaster of his life was only an illusion.

But right now, he knew that everything wasn’t over yet.

For him, this was only the beginning.....

—

Three days later, it was the morning to set off to the Dead Soul Sea Pond.

Luo Qing Chen had prepared everything and walked to the main hall.

She was holding the Moon Cherry Blossom Robe, determined to return it to Mo Bai Ci.

But when Mo Bai Ci saw her, his brows tightly knit as he said, “You’re not wearing it?”

“I.....” Luo Qing Chen bit her lip and said, “I heard Shao Qing.....”

“Wear it.” He didn’t even give her a chance to speak, as he looked at her with serious eyes and said, “

Actually, she didn’t know that he was actually a bit dissatisfied deep down.

A person who didn’t care about this world had his first gift rejected, it created faint ripples in his heart.

As soon as his voice fell, he walked out. He didn’t forget to say something before leaving: You have to wear it.

She thought about it for a long time in the side hall, but finally she placed the Moon Cherry Blossom Robe in her bag.

In the end, she couldn't do it, she couldn't let someone else take the pain for her. This kind of feeling of letting someone's life be placed on her body, it wasn't easy to accept.

She only knew before setting off that it wouldn't be just her and Mo Bai Ci alone on this journey to the Dead Soul Sea Pond.

There was also Li Jin Feng and Yan Ruo Yao.

Their eyes fell onto her at the same time.

Although there were emotions in both pairs of eyes, they were very different.

Li Jin Feng narrowed his eyes as he looked at Luo Qing Chen not far away. She had changed the cherry blossom robe that she normally wore, changing into a moon white robe. Her long strands of hair fell to her waist and there was a white cherry blossom jade crown on her head.

Her face was bright and elegant, but it wasn't like the hundred years where she stayed by his side and she only had him in her eyes.

Now she stood by the cold and proud Heaven Master, looking like quite a match.

Different emotions filled the depths of his heart. A girl he had pampered for a hundred years had suddenly changed into a different person one day.

She suddenly became dazzling, out of reach.....

She became cold.

The gaze she looked at him with no longer had the same determination. It was like these eyes falling onto him were filled with.....indifference.

As for Yan Ruo Yao, hatred, unwillingness, jealousy, and all kinds of emotions filled her heart, but she couldn't act on these feelings at all.

After all, who on the Heaven Falling Continent could move against someone beside Mo Bai Ci.

"Setting out from here, it'll take around three days to reach the Dead Soul Sea Pond riding on our swords." Mo Bai Ci's cold voice came out, interrupting everyone's thoughts.

"Sir Bai Ci really thinks that this whatever Exquisite Ring can help us find the Void Residence's sacred item, the Starlight Sword?" Yan Ruo Yao's voice was filled with a bit of disdain, but she still looked serious as she asked this.

"Un." Mo Bai Ci simply responded.

It was a single word, but it was filled with strength.

The Star Monarch heard this and added, "The Stellar God said that ancient divine weapons have a kind of sensing power. To find the Starlight Sword, we have to have another divine weapon to draw it out or it'll be like finding a needle in a haystack. Ruo Yao, do you understand?"

"Yes.....Ruo Yao has been rude." Yan Ruo Yao quickly lowered her head, admitting her mistake in an unwilling voice.

### **Chapter 314: Cold destiny master's cherry blossom spirit (Part 18)**

This journey of life and death, it was different from the moment they set off on their journey.

Due to the relationship between the flying sword spell and the spirit spells, Mo Bai Ci was half a day faster than Li Jin Feng.

Yan Ruo Yao stood on Li Jin Feng's sword, constantly urging him to go faster.

"Ruo Yao, even if we use all our spiritual energy, we can't catch up to Mo Bai Ci, do you understand?" Li Jin Feng could feel the beads of sweat on his forehead. Even his hand controlling the flying sword was trembling a bit.

"Un humph?" Yan Ruo Yao said with a soft snort, "It seems like the gap between first and third on the spirit spell ranking really is quite big."

That girl had stolen a hundred years of pampering from her, based on what could she come back in less than three month to find another mountain to rely on after she had stolen back what was hers.

Moreover, it was the Destiny Master Mo Bai Ci that no one had ever approached before.

Whether it was her background or her identity, she was countless times stronger than that little demon.

This demon who had only cultivated for a hundred years, what right did she have to compete with her!

Li Jin Feng heard this and didn't respond to her at all. He just controlled the sword forward and flew in the direction of the first checkpoint.

It was already the middle of the night when they arrived and almost all the guests in the inn were asleep.

There was a servant that showed them to their room. He said that in the evening, there was a young master with the surname Mo that prepared the room for them.

Since there were only two rooms, he had only left one for them.

Li Jin Feng was surprised, his first reaction wasn't whether he was in the same room as Yan Ruo Yao.

Rather Mo Bai Ci was in the same room as her.....

At the same time, inside another room

Luo Qing Chen couldn't fall asleep no matter how she turned in bed. The light of the moon shined onto her white face through the window, as a faint cherry blossom scent filled the air.

She didn't know that Mo Bai Ci sitting not far away from her had a heart even more in chaos compared to her.

"Sir Bai Ci, are you asleep?" She moved slightly as her clear voice rang through the silence.

After a while, he slowly said, "What is it?"

She touched the three pouches in her sleeve and asked in a confused voice, "For the three pouches you gave me, when should I open them?"

"When the blue spiritual energy sealing them is gone, you can open it." There was a faint trace of emotion in his voice.

Luo Qing Chen heard this and her heart unknowingly fell into a bit of chaos. Only by tightly holding the three pouches could she let her heart calm down.

The next morning, they found out when they set off that Li Jin Feng had left two hours earlier than them.

"I heard the servant say that they arrived quite late last night, so why did they leave so early this morning?" Luo Qing Chen stood on the Flashy Sword, asking in a confused voice.

Mo Bai Ci heard this and softly said, "The feeling of wanting to win."

As his voice fell, he flew in another direction. He changed his direction and flew towards the snow capped mountains.

This was the legendary Snow Mountains, where snow women and other low level spirits lived.

One thing worth mentioning was that this mountain was very high, so unless one had top grade flying sword spells, they couldn't fly over it.

After all, there was a large period of time where one had to fly at a ninety degree angle and the mountains were very cold, so normal Spirit Spell Masters would fall off since they had weak bodies.

That was no invincible armour.

However, that was only for normal Spirit Spell Masters. For a god like Mo Bai Ci, flying over the snowy mountains was just like flying over the land.

He used a barrier to protect Luo Qing Chen and like there was no mountain at all, he flew over the snow capped mountains.

Only when they reached the peak, he stopped and the Flashy Sword slowly fell down.

Luo Qing Chen looked up at the scene in front of her and was so stunned she couldn't say a word.

### **Chapter 315: Cold destiny master's cherry blossom spirit (Part 19)**

The blue sky without a single cloud matched the ground below, as the endless mountains were covered in white snow.

After that, the sky changed as it created beams of white light. There were clouds of different colours that kept changing. Some were silver, some had strange glows that masked the light of the stars and moon, and some were very light like streamers made of light.

The beautiful and ever changing display made Luo Qing Chen freeze on the spot, forgetting where she was, forgetting who she was with.

She just knew that she was surrounded by this magnificent sight. On these snow capped mountains, she saw this scene that she had never seen before.

"How did you find such a beautiful place?" Luo Qing Chen revealed a faint sweet smile as she looked over at Mo Bai Ci who had his hands crossed.

Mo Bai Ci looked over at her when he heard this and said, "Many years ago, I specially came to this place to find a material for the Moon Cherry Blossom Robe and found this place."

"It really is beautiful." Her eyes sparkled with excitement as she looked at the beautiful sky and her lips curled into a faint smile.

[Ding, affection has increased by ten. Mission completion rate is now 60%.]

Using 30% of his spiritual energy to fly up the mountain in exchange for a smile for her, it really seemed worth it.

He just wanted to share it with her, the place he considered the most beautiful in the world.

"I thought that you wanted to take a shortcut to pass them." Luo Qing Chen couldn't help feeling satisfied when she heard the system telling her about the affection increase.

He really was a strange person. He always had a calm face, putting everything in his heart.

Bad at expressions and speaking, only being cold and proud.

No one knew what he was thinking and no one knew that under his cold and proud appearance, his heart actually burned passionately.

"Fool, they just went two hours early." Mo Bai Ci revealed a faint smile and raised the Flashy Sword as he said, "They couldn't beat us even if they traveled all night."

"So our sir Bai Ci has this kind of confidence!"

"Just a bit."

On the peak of the Snow Mountains, the snow scattered and she didn't feel cold at all.

She looked at the youth in front of her with serious eyes. He was wearing a moon white robe with his hands crossed. He turned to look at her eyes and his lips revealed a ghost of a smile.

The rest stop this time was a temple that was hidden deep in the mountains. After they passed through the mountains behind the temple, they could reach the Dead Soul Sea Pond.

As Mo Bai Ci expected, they indeed arrived ahead of Li Jin Feng who set out earlier.

As expected.....

Having high attainments in spirit spells was having confidence.

This temple was called the 'Peace Temple', it was a temple filled with incense in the middle of the mountain. The only famous part about this temple was that the abbot Master Void was a famous expert.

There were many people who came, but Master Void didn't see many people each day. It isn't those who arrive first who could see him, but rather it depended on fate.

Mo Bai Ci landed in this secret land and walked towards the temple with Luo Qing Chen following behind him.

Until—

"Hey, who are you two? Master Void is no longer seeing guests today, please go back!" The two monks at the door stopped them.

The surrounding people heard this and came closer.

"These two people are just outsiders, they don't understand the rules at all!"

"That's right! Scram, scram, scram, the master isn't seeing guests anymore today, he needs to rest."

"The two are this young, they are probably here to find Master Void to divine their marriage, it really is a waste of the master's time!"

.....

Everyone kept accusing them of various things like they were a possessed crowd.

Mo Bai Ci didn't say anything and calmly looked at the door in front of him.

After that, the large doors were slowly opened.

### **Chapter 316: Cold destiny master's cherry blossom spirit (Part 20)**

The one who came out was an old man in a tattered robe. Although his hair was completely white, his eyes were very bright and clear.

He took a few steps forward and when he saw Mo Bai Ci, he directly knelt down.

In that instant, everyone around them took a breath of cold air.

The Master Void that everyone praised, towards a youth that didn't even seem like he was twenty.....

He was actually kneeling down!

"Let's go in and speak." Mo Bai Ci leaned over and picked him up before heading into the temple.

He left behind all the shocked commoners who hadn't recovered yet.

"Sir Bai Ci....." Inside the temple, the Void Master looked like he was about to cry. He never thought that he would see him again in his life, after an entire hundred and twenty one years.

Only after did Luo Qing Chen know that back then Mo Bai Ci saved a seven year old child, giving him a pill and teaching him some spirit spells that allowed him to have more power and vitality than others.

It was another lonely and cold night. There were many rooms in the Peace Temple, so he didn't need to sleep in the same room as her.

Without knowing why, there was a strange emotion that appeared in his heart.

Could it be that this was the so called disappointment?

This was his first time feeling this emotion and he really didn't like it.

They thought that Li Jin Feng would arrive earlier since they left early, but they never thought that they would only see them rushing in the next morning.

Their faces were completely pale and they were trembling, like they had stepped out a thousand year old ice prison.

"Apologies sir Bai Ci, we're late." Li Jin Feng was no matter what was still the third ranked Spirit Spell Master of the Void Residence, even after several years of being idle, he still had some understanding of important matters.

Yan Ruo Yao unwillingly bowed her head, but she didn't say anything.

Mo Bai Ci calmly looked over them, "If we set off today, your bodies can't take it and won't be able to go."

"I can do it." Li Jin Feng slightly pursed his lips as a determined look flashed in his eyes.

He didn't add 'us', meaning that if Yan Ruo Yao didn't want to go, it wasn't related to him.

For a Spirit Spell Master of the Void Residence, being able to participate in searching for the sacred object was a high honour.

For Yan Ruo Yao whose heart only cared about face and appearance, she didn't understand him at all.

She just wanted to be ahead of Mo Bai Ci, not caring about the danger of passing through the Snow Mountains, just to satisfy her own vanity.

But how could she know that with his spiritual energy, it was impossible for them to pass through the Snow Mountains.

The two wasted all their energy and spent double the time to pass through the Snow Mountains.

And she didn't care about him at all, rather she kept urging him to go faster and calling him useless.

This was Yan Ruo Yao, his past life's lover, the lover he searched hundreds of years for in this life.

They were lovers in their past life, so they were also bound in this life.

But why did his heart keep thinking of the girl who spent a hundred years with him, happily passing their time together.

She cared about his every action, caring about everything about him.

But now, they were getting further and further apart. She was no longer the little cherry blossom demon who followed by his side.

"I.....I'll go as well." Yan Ruo Yao gritted her teeth and forced out these words with difficulty.

This was a chance, her chance. How could she be willing to stop in a place like this.

No, definitely not.....

### **Chapter 317: Cold destiny master's cherry blossom spirit (Part 21)**

Mo Bai Ci nodded and didn't say anything else.

The Dead Soul Sea Pond was willed with deep swamps which contained terrifying low level poisonous bugs. Although there things could be protected against with spiritual energy, it was a long distance and they couldn't keep using their spiritual energy.

The strange thing was that none of the poisonous insects bit Luo Qing Chen once.

Therefore Yan Ruo Yao jealously said, "Sir Bai Ci, since we are traveling together, you have to treat us equally."

The meaning of her words were clear, she thought that Mo Bai Ci had given a kind of pill or artifact that allowed Luo Qing Chen avoid poisonous beings, therefore she wasn't being harmed by the poisonous insects.

"Of course." Mo Bai Ci said in a cold voice, "But if Qing Chen isn't willing to hand it over, I can't do anything."

Yan Ruo Yao heard this and was stunned, as her eyes filled with disbelief.....

Mo Bai Ci's meaning was that there was a poison evading pill, but it was Luo Qing Chen who gave it to him and it wasn't something he gave her.

"I've heard that the Full Spirit County has a Xian Gu Family that is good at alchemy and because that it is common to see poisonous insects in a wet place, therefore it is natural for them to come up with a pill that resists poisonous insects." Li Jin Feng's eyes fell onto Luo Qing Chen, as different emotions appeared that almost couldn't be hidden anymore.

Luo Qing Chen nodded with a faint smile and said, "You're right."

Last night, Mo Bai Ci already planned on injecting spiritual energy into her to deal with the poisonous bugs of the Dead Soul Sea Pond.

But she shook her head with a smile. She took out a bottle of pills and gave him one before saying, "It's not bitter, it's quite sweet. If you like it, you can eat a few more!"

Mo Bai Ci didn't eat more, but the poisonous bugs didn't enter his body at all, which kept the Xian Gu Family's fame.

Of course, these pills were given to her by the little mushroom! It had to be said, at this moment, it was quite useful.

Hearing what Li Jin Feng said, Yan Ruo Yao was feeling very awkward in this situation. She looked at Luo Qing Chen with wide eyes before twisting her lip and said, "I don't want it."

"You say it like I'm willing to give you one." Luo Qing Chen gave a cold snort. She didn't care that the other side was a Spirit Spell Master and directly complained about her!

"Ruo Yao, don't be rude." Li Jin Feng angrily said as a bit of anger appeared in his eyes.

Although Yan Ruo Yao as a mortal was a bit aggressive, she was still a cute girl.

But now.....

When she returned to the Void Residence to find him and tell him that she was his past life's lover.

He was very excited and immediately chased out the little cherry blossom demon he had pampered for a hundred years.

Yan Ruo Yao also told him that the little cherry blossom demon must have lured him in, causing him to make a mistake.

Back then, Li Jin Feng believed her words and had no attachment for a little cherry blossom demon like Luo Qing Chen at all.

He even forgot that during these hundred years, when he went from an unknown Spirit Spell Master to being third ranked, she had constantly encouraged him and always looked at him with eyes of belief.

A hundred years.....

To Spirit Spell Masters like them, it wasn't considered long, but it also wasn't considered short.

"You....." Yan Ruo Yao bit her lip in an aggrieved manner and it was like tears were about to fall out of her round eyes.

This was his first time being fierce with her since they had reunited. Before, no matter how unreasonable and excessive her requests were, he had never said anything to her.

But now he was doing it because of a weak little demon?

If she didn't have the Exquisite Ring, how could she have won at the spirit spell conference!

A lowly demon like her, that would simply be wishful thinking!

### **Chapter 318: Cold destiny master's cherry blossom spirit (Part 22)**

That night, they spent it in the Dead Soul Sea Pond.

There were beasts and insects all around them, but Mo Bai Ci placed a giant barrier around them.

They hardly slept and they were only half a day from the center of the Dead Soul Sea Pond.

But the Exquisite Ring on Luo Qing Chen's hand didn't resonate at all.

"Ai, it can't be that someone is addicted to making fake goods and even tried impersonating a divine weapon?" Yan Ruo Yao looked at Luo Qing Chen as she spoke with a voice filled with a trace of disdain, but she didn't show everything.

“Oh——” Luo Qing Chen nodded like she suddenly understood before saying, “Are you saying that there is a problem with the Star Monarch’s eyes? Or are you saying to want to test the might of an ancient divine weapon?”

“You.....” Yan Ruo Yao wanted to argue back, but she found that everything she could say was wrong and she would be at a disadvantage.

In just three months, what had Luo Qing Chen experienced that changed her this much.

She still remembered the pitiful appearance she had three months ago when Li Jin Feng chased her off. That pitiful appearance she had, it really filled her heart with joy when she saw it.

But now.....she had actually become this sharp.....

Mo Bai Ci silently looked at her and seeing her happy appearance, he couldn’t stop a flash of joy appearing in his heart.

Without knowing why, while he wasn’t in full bloom, he never thought that one day, he would feel emotions because of another person, feeling the same feeling they felt.

Moreover, he didn’t hate this kind of feeling.

The next morning, they set off towards the center of the Dead Soul Sea Pond.

They passed through the thorns and the swamp to head to the center.

A large group of ancient trees was tightly gathered together, blocking their view layer by layer.

Their surroundings were dark and there was no natural light at all.

“Is there any sensation from the Exquisite Ring?” Mo Bai Ci slightly knit his brows as a trace of worry appeared in his eyes.

Luo Qing Chen looked down and saw the Exquisite Ring was the same, not changing at all.

“You’re certain it’s this place?” Luo Qing Chen knit her brows. Although she knew that whether it was the Star Monarch or Mo Bai Ci, they wouldn’t make a mistake with the location of the Starlight Sword.

Then why was there no reaction from the Exquisite Ring?

“Ha, ha, ha, the Void Palace only sent you four to the Dead Soul Sea Pond to find the Starlight Sword, isn’t this a bit too hasty.”

Not far away, a familiar voice came from the sky and the Demon Race’s aura appeared in the sky.

“Demon Race’s fourth highness!” Li Jin Feng raised the sword in his hand and pointed it at Su Qing Xie.

It was like a battle between good and evil was about to begin.

Su Qing Xie was wearing a fire red robe, making him look as elegant as a fire lotus. He slightly pursed his lips and looked at Luo Qing Chen with a deep smile as he said, “Little cherry blossom demon, I said that we would meet again!”

“Qing Chen, you know him?” Li Jin Feng’s eyes were filled with confusion. Didn’t she spend the last hundred years with him in the Void Residence? How did she know the Demon Race’s fourth highness?

“What does it matter to you?” Luo Qing Chen raised a brow with a soft snort, as her words were as simple as could be.

She didn’t want to say a single more word to this kind of man.

“Su Qing Xie, the last time we met was an accident.....” Luo Qing Chen’s eyes narrowed as she looked at Su Qing Xie and said, “This time, I’m afraid it’s not that coincidental!”

Yan Ruo Yao heard this and a hint of jealousy that others couldn’t see flashed in her eyes.

After that, it was like she had caught Luo Qing Chen’s tail as she said with a smile of disdain, “So you were actually related to the Demon Race!”

“What a joke! A small demon like me is related to the Demon Race, then are you related as well?” Luo Qing Chen gave a cold snort, as she spoke with strength, treating each word as a gem.

### **Chapter 319: Cold destiny master’s cherry blossom spirit (Part 23)**

“Ke, ke——” Su Qing Xie cleared his throat when he saw this. He looked at them like he was seeing a joke as he said, “Do you need some time to solve your internal problems? I’ll wait for you.”

“Your goal for coming here, you think we don’t know?” Mo Bai Ci had his arms crossed as a cold look appeared in his eyes.

“You really are the once in a thousand year Destiny Master, naturally you can calculate everything.” Su Qing Xie said with a soft laugh, “But so what?”

After that, his eyes fell onto Luo Qing Chen and a sparkle appeared in his deep, dark eyes.

“What so what?” Li Jin Feng raised his sword and said, “You think that you can run away alone?”

“Why would I want to run?” Su Qing Xie raised a brow and said, “Could it be that you don’t know that as long as you Spirit Spell Masters are in this Dead Soul Sea Pond, your strength will be cut in half?”

Li Jin Feng tightly knit his brows. Naturally he knew this, but he didn’t want to show any weakness to this Su Qing Xie.

It was because of what he had just said: Little cherry blossom demon, I said that we would meet again!

Without knowing why, there was a hard to describe emotion in his heart.

After that, the sword in his hand was already flying out in Su Qing Xie’s direction.

Su Qing Xie’s lips curled into a faint smile as he said, “Overestimating yourself.”

After saying this, he took out a flame like zither and the zither was completely surrounded in a blood red glow.

“Guang dang——” He softly stroked the zither strings and a strange sound echoed out.

Mo Bai Ci's expression changed slightly, as he moved to Luo Qing Chen's side with his quickest speed. There was a light blue glow that appeared on the slender fingers of his right hand, as he softly tapped them on her forehead.

In an instant, Luo Qing Chen felt a powerful spiritual energy protecting her, as the strange sound became softer.

At the same time, Li Jin Feng felt the sound of the zither entering his skin and reaching his blood. He used all his spiritual energy to suppress it, but he could still feel its power.

"Xiu xiu——" In the blink of an eye, his sword had already reached Su Qing Xie.

He just gave a soft snort as he used one hand to play the zither while using the other hand to fight with him.

After several rounds, Li Jin Feng's forehead was covered in beads of sweat, but he didn't stop at all as he continued to attack.

Until——

"Peng——" Su Qing Xie landed a palm on his chest and sent him half a meter away.

There was a sweet taste in his mouth as he spat out a mouthful of blood.

Mo Bai Ci slightly knit his brows. He used the short amount of time Su Qing Xie fought with Li Jin Feng to create a barrier.

He slowly walked to Li Jin Feng's side and helped him up.

"You really are the number one Destiny Master." Su Qing Xie couldn't help sighing as the fire in his eyes lit up. His lips curled as he said, "But even so, being in this Dead Soul Sea Pond, it's not certain that you can be a match for me."

"Then let's give it a try." After that, he raised the Flashy Sword. The sword energy covering him was a light blue that scattered the attacks of the blood red zither.

In a match between experts, the sky filled with wind and leaves. He moved slightly and instantly ninety slashes had appeared in the blink of an eye.

Instantly, the Dead Soul Sea Pond's ground began to tremble.

Su Qing Xie's zither's sound gradually weakened, but he refused to back down.

That day at the Hot Spring Inn, when he brought the little cherry blossom demon away, he almost couldn't hold back the urge to attack him.

But now that they were at the Dead Soul Sea Pond, facing a Mo Bai Ci with only half his power, how could he back down again.

"Spiritual Sword Flying Feather." Mo Bai Ci pursed his lips as his eyes filled with killing intent.

## Chapter 320: Cold destiny master's cherry blossom spirit (Part 24)

In an instant, Luo Qing Chen could feel a crack appearing in the barrier around her. It split apart bit by bit before it shattered into thousands of pieces.

"Mo Bai Ci." She raised her right hand and a faint golden light appeared on the Exquisite Ring.

She knew that in this Dead Soul Sea Pond that halved his power, he was already using all his might.

When she was about to jump out to help, she found that her hand was being tightly held.

[Ding, affection has increased by ten. Mission completion rate is now 70%.]

She looked over slightly and saw Mo Bai Ci standing beside her.

His face was a bit pale, but the sound of the zither had completely disappeared.

"Relax." He could see a bit of worry in her eyes. Although his voice was calm, there was a trace of panic.

A fire red feather floated down from the sky, bringing a scalding heat with it.

Luo Qing Chen slightly knit her brows. Since Su Qing Xie had appeared, the surrounding temperature kept increasing.

Now she could feel a scalding force that was hitting her.

"Sir Bai Ci." Li Jin Feng held his wound as he watched the trees turn red. There was a look of worry in his eyes as he said, "Just what is happening....."

"Hong long——" A burst of lightning fell from the sky, splitting where they were standing in half.

"There is an enchantment barrier here." Mo Bai Ci's brows knit as he took Luo Qing Chen beside him into his embrace.

Enchantment barrier.

This meant that this was not the real center of the Dead Soul Sea Pond, but rather an illusion made by someone.

Why was it like this, it felt like they were walking into a trap. Perhaps there was a path that was guiding them to their doom.

Li Jin Feng stood by Yan Ruo Yao as the lightning rained down without stopping. He used his spiritual energy to create a barrier, hoping that it could protect her.

But this was the Dead Soul Sea Pond and he was injured, so this barrier didn't last long before it was shattered.

He put her behind him, but his eyes were on Luo Qing Chen not far away.

She firmly stood by the side of the man with powerful spiritual energy. These two white figures stood in the flames, looking very suited for one another.

It was right, she no longer needed his protection. The hundred years together had scattered like smoke.

In her heart now, he, Li Jin Feng shouldn't be anything.....

Luo Qing Chen looked into the sky and accidentally saw Yan Ruo Yao's face. There wasn't a single trace of panic in her eyes, rather there was a deathly kind of calm in them.

This kind of strange gaze made Luo Qing Chen's heart skip a beat. She never feared Yan Ruo Yao, but in this moment, she could see endless coldness in her eyes.

"Don't look." Mo Bai Ci placed her head into his chest.

He knew that certain things had to be experience, he just hope that everything that he had divined would come true.

Just to make sure she never had a disaster in her life.

After that, a faint blue light flickered around Mo Bai Ci. Large amounts of spiritual energy gathered around the Flashy Sword, as it charged at the flame red sky.

"Hong long——" A large sound accompanied the large impact that it created.

In an instant, everything turned black in front of her. During this time, she felt someone tightly holding onto her hand, pulling her into a warm embrace, as a faint cherry blossom scent filled the air. The Exquisite Ring in her hand exploded with golden light, creating a dazzling glow.
