Chapter 321: Cold destiny master's cherry blossom spirit (Part 25)

When she opened her eyes, she was surrounded by nothing as everything was dim. She felt that heaven and earth were one and she couldn't see the difference.

She slowly stood up and found that no one was around her, as it was filled with a deathly silence.

Looking at this, it was a bit similar to the Chaos Space, but there wasn't the bronze mirror or her large bed covered in lace.

[This is the Unbounded Land.] The system's voice slowly rang out, allowing her heart to calm down.

God! This is actually the Unbounded Land.

She herself naturally didn't know what this place was, but in the memories of the previous host, there were some impressions of this place.

It's said that this was a place that was independent of the three realms, a place abandoned by the gods. There was only a mysterious realm that connected this place to the outside world. It was a very dangerous and strange place.

The most terrifying thing was that in this place, whether it was a god, a Demon, demons, or Spirit Spell Masters, they couldn't use their spells at all.

Other than a person with an ancient divine weapon.....

When the lightning and flames clashed with Mo Bai Ci's Flashy Sword, it shattered the barrier and created a ripple in the three realms. A gap in the Unbounded Land was opened and they fell in.

It should be because of the powerful spiritual energy that scattered them.....

Luo Qing Chen looked down slightly and saw a faint golden light glowing on the Exquisite Ring in her hand. The shimmering light kept falling and in this dark Unbounded Realm, it was like a firefly.

The Exquisite Ring had this reaction, it seemed like the real Starlight Sword was in this place.

But the first task she had was to find Mo Bai Ci.

But what she didn't know was that some things were finally happening.

—

On the other side, in a fire cave of the Unbounded Land, Mo Bai Ci was currently trapped inside a glowing scarlet cage.

His face was a bit pale, but his eyes were clear, not having a trace of fear.

"In this Unbounded Land, even if you are the once in a thousand year Destiny Master chosen by the Stellar God, aren't you still a prisoner of the Demon Race?" A familiar voice came from the sky.

Yan Ruo Yao was wearing a light red robe, revealing her slender shoulders, with her long slender legs being covered in red gauze, looking very enchanting.

She had been a little demon that guarded the Unbounded World and because of this, she could use her spells at will in the Unbounded World.

Three hundred years ago, when she was in danger, she was saved by the Demon Race's fourth highness. Since then, she had been serving as Su Qing Xie's maid since.

Not only had he saved her, he had also taught her how to cultivate, allowing her to stand out among the little demons.

When she met her first heavenly tribulation, she was just a small demon and didn't even know what it was. Only when the heavenly thunder fell down, someone blocked it for her.

That person was the aloof fourth highness of the Demon Race, Su Qing Xie.

He actually blocked the heavenly tribulation for a maid.

She didn't kill anyone as a demon, so after her heavenly tribulation, she didn't cultivate the Demon Dao and became a cultivator.

As time passed, she was gradually moved by the mortal world and unknowingly fell in love with this man.

"I helped you pass your tribulation, how will you repay me?"

"If your highness has orders, Ruo Yao will pass through fire and water without hesitation."

"There's no need to go through fire and water, I need you to go to one place."

"Where?"

"The Void Residence."

That day, Su Qing Xie gave her the Empty Spirit Sword and sent her to the Void Residence to learn. He only had a single goal, to find the location of the Starlight Sword.

Although she wasn't willing to leave him, she wanted to do this for him.

Even if her body was destroyed, she wouldn't hesitate at all.

Chapter 322: Cold destiny master's cherry blossom spirit (Part 26)

"You really think that you can take the Starlight Sword?" Mo Bai Ci's cold voice spread inch by inch in this silent Unbounded Land.

"Of course!" Yan Ruo Yao bit her red lip and said, "You claim to be the only Destiny Master of the Heaven Falling Continent, but things are like this. You couldn't even guess my identity, you're not embarrassed to call yourself this?"

She never thought that Starlight Sword would fall into the Unbounded Land. If she knew this earlier, she wouldn't have gone to the Void Residence to get information. She could have stayed by Su Qing Xie's side, accompanying him in life.

This was her only hope in life, but why was it that she had inadvertently seen different emotions in the eyes of the man she loved the most.

She hated that her gently called Luo Qing Chen little cherry blossom demon. Such a lowly demon, she wasn't worth him calling her name.

Why was it that everyone was good to that little demon, even this cold and proud Destiny Master in front of her wasn't an exception.

"Is that so?" Mo Bai Ci's lips curled into a faint smile as he looked at her and said, "If you really think it is like you said, the person in front of you should be Luo Qing Chen. But you can't find her now, right?"

Even if this was the Unbounded Land, he had his ways to stop her from finding Luo Qing Chen.

Before coming here, he had placed a barrier around her. Unless he was dead, Yan Ruo Yao would never be able to find her.

He already knew everything.....

Yan Ruo Yao's identity, the location of the Starlight Sword.

Although he couldn't calculate Luo Qing Chen's destiny, he had used three hundred years of cultivation to beg the Stellar God to divine her heavenly disaster.

A little cherry blossom demon with low level spells couldn't pass this disaster.

The only method was for him to take it for her.

Everything in this world had cause and effect. If he wanted to pass a disaster for someone, he would need to suffer twice as much as she would from this disaster.

"You....." Yan Ruo Yao's eyes stared right at Mo Bai Ci as she said, "You calculated my identity? Im.....Impossible!"

"There isn't anything that I can't calculate in this world, there are only things I want to know and don't want to know." Mo Bai Ci's cold eyes narrowed as he looked at her and said, "If you're not related to her heavenly disaster, I wouldn't waste time divining the destiny of a person like you."

"You already knew?" Yan Ruo Yao suddenly trembled as she looked at him in disbelief and said, "Then why didn't you kill me in the Void Residence and you allowed me to come to the Dead Soul Sea Pond."

It wasn't that she didn't think Mo Bai Ci couldn't divine her destiny, but when he wanted to bring her to the Dead Soul Sea Pond, she began to doubt the abilities of this Destiny Master.

If he really could calculate her destiny, he would have locked her up in the Void Residence. He wouldn't have brought her to this Unbounded Land, which was like releasing a tiger back into the mountains.

Mo Bai Ci's face was as calm as water, as a sparkle flashed in his deep eyes. His moon white robes were that clean.

"Will you speak!" Yan Ruo Yao angrily bit her lip as she said, "Don't think that I don't have any methods! I will make you speak!"

As soon as her voice fell, she softly waved her right hand. Red lotuses sprouted out of the ground and came up, tightly wrapping around Mo Bai Ci.

The red lotuses gripped tighter, like they were about to shatter his body.....

But his face was calm, as his brows just slightly knitted and he spat out a mouthful of blood.

If he could protect her, this small injury wasn't anything.....

Chapter 323: Cold destiny master's cherry blossom spirit (Part 27)

On the other side, Luo Qing Chen kept moving forward. She was following the guidance of the Exquisite Ring, as she wanted to find Mo Bai Ci as soon as possible.

She wanted to use teleportation, but the system told her that this place was outside the three realms, so she couldn't use this ability.

When she walked around a corner, she could hear the sounds of footsteps around her.

Although it was faint, in this place without a single sound, she could clearly hear it.

She slowly raised the Exquisite Ring, waiting for that person to approach.....

In the blink of an eye, she quickly attacked. The power of the Exquisite Ring sent the person approaching five meters away.

Luo Qing Chen slightly knit her brows as golden light sparkled on her hand. When she came closer for a look, she recognized who it was.

"Qing Chen." Li Jin Feng held his chest as he stood up with difficulty.

Her palm had been very light. Although it had sent him flying, she didn't use any spiritual energy and just blew him away.

"Where's Yan Ruo Yao?" Luo Qing Chen said with a slight frown, "Wasn't she with you?"

Without knowing why, she kept thinking of the calm expression Yan Ruo Yao had when the fire and lightning fell down.

As the seventh ranked Spirit Spell Master of the Void Residence, she was considered someone who had seen quite a bit.

Although the situation was very dangerous, she wouldn't be stunned by her fear.

The only possibility was that she knew this would happen.....

"I don't know, I was pushed by a strong force and arrived here." There was a trace of excitement in Li Jin Feng's eyes, as he had a feeling that something that belonged to him suddenly returned to his side.

Although this place was the Unbounded Land, he didn't have Yan Ruo Yao by his side and she didn't have Mo Bai Ci.

How coincidental this was.....

If it was always like this, it would be quite good.

“Oh.” She softly replied and didn’t plan on staying as she continued walking forward.

Without knowing why, there was a bad feeling in her heart and it kept growing stronger.

Whenever she had this kind of feeling, something bad would always happen.

And now, she felt fear. She was afraid that this feeling was a premonition of death.....

“Qing Chen, don’t randomly walk around.” Li Jin Feng quickly came over and grabbed her sleeve as he said, “This is the Unbounded Land which is like a dark space. The unlucky souls that have fallen in this place, not a single one has ever lived.”

“So?” Luo Qing Chen’s eyes were cold as she flicked her sleeve. She looked at Li Jin Feng and said, “Are you planning on sitting here and waiting for someone to save you?”

She really didn’t like this man in front of her. Sometimes the caring man was even more annoying than the cruel villain.

“Sir Bai Ci’s abilities are higher than yours and mine, not to mention he is the Destiny Master. This trip of death, he must have calculated it.” Although Li Jin Feng wasn’t willing, he had to recognize Mo Bai Ci’s skills.

After all, the title of number of Spirit Spell Master of the Void Residence wasn’t a boast.

“Li Jin Feng, did you forget what you just said?” Luo Qing Chen said in an extremely cold voice, “This is the Unbounded Land, he can’t use any spells at all!”

After saying this, she followed the Exquisite Ring’s guidance without turning back.

Only the unsettled feeling in her heart kept growing stronger.

Li Jin Feng was right about one thing.....

This death trip, Mo Bai Ci must have calculated it. Then why did they fall into this trap and fall into the Unbounded Land?

Chapter 324: Cold destiny master’s cherry blossom spirit (Part 28)

At the same time, in the fire cave.

The youth’s moon white robes had been dyed red with blood and drops of blood kept falling down like water.

His eyes were tightly closed and his beautiful frosty face was as pale as paper.

The vines of the flame lotuses had already penetrated his meridians and entered his bones.

“Good.” Yan Ruo Yao looked at Mo Bai Ci and her lips kept trembling in anger. There was a red lotus orb that was the same colour as blood that appeared in her right hand as she looked at him and said, “You forced me to do this.”

He had his head down, but when he sensed that red lotus orb, his lips curled into a faint smile.

Finally, it was time for the disaster.

The dim fire cave was lit up by the red lotus orb. There were a hundred and one large holes on the roof of the fire cave, which had a strange feeling to it.

The red lotus orb slowly rose in Yan Ruo Yao’s hand, only stopping when it reached the biggest hole.

The air was filled with killing intent, as Yan Ruo Yao read the curse that Su Qing Xie gave her. After a few seconds, the red lotus orb slowly opened and quickly began to turn.

“Hong long——” After that, a blood red light fell down in Mo Bai Ci’s direction.

The air was permeated with a rich blood smell, but on the lips of the youth covered in blood, his smile became even stronger.

He moved his lips without making a sound, “One.”

“Mo Bai Ci——” Yan Ruo Yao saw that he took the sacred blood flame of the Blood Demon Hall’s sacred object, the Red Lotus Orb without any reaction and didn’t look like he was going to beg for mercy at all.

With the might of this orb, if this person wasn’t Mo Bai Ci, they would have already been turned into ashes.

Why, why did everyone in this world want to protect Luo Qing Chen?

Moreover, they even used their lives to protect her.....

Was one Luo Qing Chen worth it?

She tightly gritted her teeth as the red light in her hand became stronger. She raised her right hand and activated the Red Lotus Orb again.

Instantly, another beam of blood red light fell down onto Mo Bai Ci.

“Un humph——” He gave a groan as his primordial spirit began to fade.

“Two.....” He thought this word because he no longer had the strength to say it.

“Mo Bai Ci, if you give me Luo Qing Chen and the Starlight Sword, I can let you and Li Jin Feng return to the Void Residence.”

Silence.....deathly silence.....

“Alright, then you can take her place in going to hell.” Yan Ruo Yao took a deep breath as her eyes became bloodshot.

She slightly raised her hand and the Red Lotus Orb quickly turned again. One hundred and one red glows gathered together before falling down on Mo Bai Ci.

He closed his eyes as his hanging heart finally fell down.

Actually he didn't know if he could block the Red Lotus Orb's sacred blood flame a third time, he just knew that this Red Lotus Orb was her heavenly disaster.

And he definitely wouldn't let her take it.....

It was known that the Blood Demon Hall's sacred object, the Red Lotus Orb could only be used once every thousand years and it was split into three attacks.

The Stellar God told him that when the Thousand Year Old Cherry Blossom Spirit used the ancient sacrifice spell to seal the Demon Monarch, she was destined to be baptized by the Red Lotus Orb.

This was her heavenly disaster, she could never avoid it.

But today he used this abnormal method to help her take her heavenly disaster.

"No——" A heart rending cry came from the distance.

After that, there were cherry blossoms all around them, as a rich cherry blossom scent filled the air.

"Don't come over!" He used all his strength to cry out from the bottom of his heart.

The Exquisite Ring on her hand was covered in golden light as she instantly charged in front of him.

The red lotus vines that had trapped him touched the golden light and quickly retreated.

In the blink of an eye, he quickly grabbed her and protected her under him.

"Peng!" The third blood red light fell onto his body.

Chapter 325: Cold destiny master's cherry blossom spirit (Part 29)

"Three....."

"Mo Bai Ci." Luo Qing Chen tightly bit her lip, as beads of tears kept falling down her eyes.

She really didn't want to cry, she really wanted to become strong, she really wanted to protect the person she cared about.

But why.....Why couldn't she do it no matter how hard she tried.....

"In the name of the gods, the person I care about, never being disturbed by the world and never worrying about the future....." His cold voice rang in her ear word for word. After he read these words, Luo Qing Chen was covered in a faint blue light.

It was a good thing that he could protect her in the final moment.....

Finally, finally he used all the power in this lifetime at the final moment to take the three beams of light from the Red Lotus Orb for her.

After he said this, his eyes turned dark and he lost consciousness.

In this life, this was his first time ever losing consciousness.

But without knowing why, his heart was incomparably calm. The feeling of taking the disaster for her, it really was good.....

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

“Ruo Yao.....” Li Jin Feng charged in. Seeing Yan Ruo Yao in the red robes, his eyes were filled with disbelief.

Yan Ruo Yao trembled when she saw Li Jin Feng and her heart became a bit unsettled, but her expression was the same look of indifference.

She slightly looked up and softly said, “You can’t run. You don’t have any powers at all in this Unbounded Land and you can’t leave at all.”

There was some feelings in her heart when she faced Li Jin Feng since she had experienced love with this man before.

But her heart was very clear who she really loved.

She loved Su Qing Xie. She was willing to do anything for him, everything she did willingly.

Luo Qing Chen took a deep breath and tightly hugged the youth in her embrace. His eyes were tightly closed and his long lashes were touching his white skin. It was a peaceful picture, how beautiful it was.

But her fingers slid across his bloody robes and her heart couldn’t help filling with pain. His breathing was already very weak, like his primordial spirit could scatter at any moment and turn into ashes.

“Whether we can leave or not, it is not something you can say.” After that, her eyes turned cold. Her eyes were so cold that they seemed like they could freeze someone.

She slowly stood up and the Exquisite Ring on her hand covered in Mo Bai Ci’s blood began to grow even stronger.

“Take him away first.....” Luo Qing Chen said to Li Jin Feng beside her in a soft voice with knit brows.

“You.....Alright.....” Li Jin Feng knew that he was just a mortal in this Unbounded Land. Not only could he not do anything, he would even cause her trouble.

After that, she jumped out. She used the power gathered by the Exquisite Ring to attack in Yan Ruo Yao’s direction.

“Overestimating yourself.” Yan Ruo Yao put away the Red Lotus Orb and the surroundings turned dark instantly.

Luo Qing Chen gave soft snort and extinguished the golden light of the Exquisite Ring. She turned in the other direction and slowly fell to the ground.

She instantly cast a spell of the cherry blossom race. The sky was filled with countless cherry blossom petals, which blocked the faint light that came from the fire cave.

In an instant, the surrounding fell into darkness.

“Luo Qing Chen!” Yan Ruo Yao knew that she had been fooled as she roared out in rage. Even if she lit up the fire cave again, Luo Qing Chen would have already disappeared.

She was very clear that she could escape this quickly without Yan Ruo Yao chasing her because of the spell he had chanted before he had fainted.

It was a kind of protective barrier.....

Why was there this kind of person in the world? His body was shattered and covered in wounds, but he insisted on protecting you, not letting you be injured at all.

Even if he was close to death, he would chant this final spell, even if his primordial spirit scattered.

Chapter 326: Cold destiny master's cherry blossom spirit (Part 30)

Castle Sacred Land.

Li Jin Feng didn't know how he ran here, he just knew that he should run in the opposite direction while carrying Mo Bai Ci, running to the end of the Unbounded Land.

Heaven and earth met here, connecting everything. This castle was built at the intersection of the starry skies.

He finally stopped and looked at this blood coloured castle, as his heart couldn't help skipping a beat.

The sound of footsteps slowly approached. Was it Yan Ruo Yao or.....

“It's me.” Luo Qing Chen stepped out of a red lotus bush, as the light of the Exquisite Ring in her hand poured out. It was like it could sense something and golden light spread in all directions.

“Qing Chen, you scared me.” Li Jin Feng let out a long sigh of relief before saying, “I thought it was.....”

He didn't know why Yan Ruo Yao became like this, but he suddenly found that he was a bit afraid of her.

In this Unbounded Land where he couldn't use spells, he was that useless.

“Don't speak that much.” Luo Qing Chen looked up slightly to look at the dark castle, as she pursed her lips and said, “She will find us soon, we need to quickly find the Starlight Sword.”

“The Starlight Sword is here?” Li Jin Feng looked at her in surprise and said, “How do you know?”

“There's a reaction from the Exquisite Ring.” She looked at the youth peacefully sleeping covered in blood and slowly said, “When we were in the Dead Soul Sea Pond, no matter how I searched for it, there wasn't a resonance between ancient weapons. But once we came to this Unbounded Land, I didn't even need to search and I got such a large reaction.”

Luo Qing Chen looked around before heading towards the castle. The ring on her hand kept sparkling, like it was finding the best way to resonate.

Li Jin Feng followed closely behind, as his clothes were already soaked in the blood of Mo Bai Ci on his back. He always thought Mo Bai Ci was a powerful person, but he never thought that Destiny Master

revered by the people of the Heaven Falling Continent would be unable to calculate his own state in the Unbounded Land.

“I always feel that it is impossible that sir Bai Ci couldn’t calculate his current state. Before we set off, did he tell you something or give you something.....” Li Jin Feng’s voice was soft, but Luo Qing Chen still heard it.

She suddenly stopped as she remembered the three bags he gave her before leaving.

“Did you think of something?” Li Jin Feng saw her eyes lit up and suddenly asked this.

Luo Qing Chen took the three bags Mo Bai Ci gave her from her chest and a layer of mist couldn’t help filling her eyes.

There was no longer the light blue spiritual energy sealing them. She pursed her lips and opened the bags in order.

When she opened the first bag, her clear eyes instantly turned red.

“What is written on it, tell me!” Li Jin Feng saw her biting her lip and couldn’t help becoming anxious for her.

She didn’t respond and opened the second bag.

After that, the third one.....

For a while, it was like the air around them was frozen. She looked at Mo Bai Ci with his pale face and his body covered in blood and she couldn’t help feeling a bit stunned.

She felt her hand holding the bags begin to tremble, as tears fell from her eyes the entire time.

No, she couldn’t cry, she couldn’t be weak.

Some things are destined to happen.

Some people are destined to meet.

But there is a person desperately trying to change heaven’s will, to go against destiny.

Willingly giving up everything to exchange for the peaceful life of the person that filled his mind.

Chapter 327: Cold destiny master’s cherry blossom spirit (Part 31)

“Qing Chen.....” Li Jin Feng softly called out to her, cutting through her thoughts.

Just what was written in those three bags that made her this stunned.....

He was a bit jealous in his heart, but there was nothing he could do.

“There is nothing at all in the bags.” Her eyes narrowed and she looked around before saying, “We need to find another path!”

She took a deep breath and suppressed the emotions in her heart. After all, Mo Bai Ci couldn't hold on much longer. She was afraid that his primordial spirit would scatter in front of her at any moment and turn to ashes.

There was a powerful black energy outside the castle, it seemed to be energy that came from the depths of the Unbounded Land.

"Ha, ha, ha, the Castle Sacred Land is a place you can come to?"

A strange laughter came from outside the castle, being filled with coldness and killing intent.

"Come this way." The Exquisite Ring in her hand guided them forward and they moved very quickly. With the light of the Exquisite Ring, they quickly came to the center of the castle.

"God, there's actually this kind of place in the world." Li Jin Feng looked at the center of the castle in front of him and was frozen on the spot.

There were rows of lotuses that came out of the ground, creating long vines that rose into the sky and rushed into the clouds without stopping.

At the center was a bottomless abyss that seemed like one would be shattered to pieces as long as they fell in.

"Does the tallest vine hide the secret realm that is the way out?" Li Jin Feng's eyes lit up, as he watched the faint barrier of light, while saying this to Luo Qing Chen beside him.

"You think you can leave?" After that, Yan Ruo Yao had already caught up to them.

She stood among the red lotuses in her red dress, looking sinister and terrifying.

"Take him away first." Luo Qing Chen's eyes turned cold as she softly pushed Li Jin Feng.

Li Jin Feng gritted his teeth as he carried Mo Bai Ci on his back, while climbing up the vine of the red lotus.

After that, Luo Qing Chen turned around and looked at Yan Ruo Yao with cold eyes as she said, "Then you have to have the skills!"

"I will have you die under the red lotus flames today." After saying this, Yan Ruo Yao quickly charged forward to attack her.

Luo Qing Chen knit her brows and tightly clenched her fists as her eyes filled with determination.

If you want to fight, she would fight you!

Although she was just a little cherry blossom demon, with the Exquisite Ring, she wasn't helpless in the Unbounded World even if she couldn't use spells.

Although she was weak, she could still block a few hits.

Yan Ruo Yao's attacks were fierce, all being fatal blows. She desperately dodged everything just to give them more time to run away.

But she was still injured in the end.

She was leaning against the lotus vines as blood dripped out of her mouth. Her head was covered in sweat and she couldn't stop panting.

She saw that Li Jin Feng was about to climb out of the barrier and her heart fell halfway.

Yan Ruo Yao looked at her in disdain and said with a cold snort, "I only wanted your life to begin with."

As soon as her voice fell, she raised the Empty Spirit Sword and prepared to land the final blow on Luo Qing Chen.

She looked over slightly and the golden light of the Exquisite Ring reached a peak, as the vines behind her became a bit warm.

Her lips curled into a very faint smile as she raised a brow and said, "You're certain?"

After saying this, she closed her eyes and raised her right hand. The golden light of the Exquisite Ring filled the area and a faint light blue light came from the red lotus vines.

That light became stronger and stronger.....

Until she raised her right hand and pulled the Starlight Sword out of the vines, pointing it at Yan Ruo Yao as she said, "It's a pity, you don't seem to have this chance!"

Chapter 328: Cold destiny master's cherry blossom spirit (Part 32)

Yan Ruo Yao didn't retreat, as she bit her red lip and said, "I just want your life."

She hated her, she was filled with limitless hatred. Even though Su Qing Xie said she definitely mustn't hurt her, she still wanted her to die.

Moreover, it even made her want to kill her more.

Based on what, why did the man she loved for so long want her to let her go.

In her eyes, Su Qing Xie had never done this before, this was the first time.....

In the blink of an eye, Luo Qing Chen raised the Starlight Sword and large amounts of power filled her.

"Qing Chen." Li Jin Feng was standing at the red and white barrier as he shouted, "Come up quickly."

After that, Luo Qing Chen swept out with the Starlight Sword and a giant sword energy swept across the red lotus flames, causing all the surrounding flames to fly back half a meter.

She jumped forward and grabbed a vine to climb up without any hesitation.

She wasn't a saint, if there was a chance to run, why would she stay!

Yan Ruo Yao immediately reacted and flames filled her hand. She urged the red lotus flame forward as she roared in rage, "Since it's like this, none of you are allowed to leave!"

After saying this, the red lotus flames spread in all directions, spreading up the vine inch by inch from the bottom.

Her brows knit as she focused on climbing up.

“Xiu——” Countless waves of flames began flying up towards her.

It brought the burning heat, it brought the aura of death.

The sea of flames were reflected in her bright eyes. She looked up, looking at the distance between her and them.

There’s no time.....

“Take it——” Luo Qing Chen threw the Starlight Sword in her hand at Li Jin Feng as she said, “Leave!”

“Pipa——” As soon as her voice fell, the flames charged forward to snap the vine and heat as hot as flames came from her palm.

She closed her eyes as the flames burned the vine and she felt her body lose all support.

But the instant she was about to fall into the abyss.

There was a cold hand that grabbed her. The tips of his fingers were still stained in blood, but it seemed like he was using all his strength to hold onto her.

“Mo Bai Ci.” Luo Qing Chen looked up at Mo Bai Ci in disbelief.

He had jumped down from Li Jin Feng’s back, using his other hand to tightly hold onto the sharp blade of the Starlight Sword.

Li Jin Feng was holding onto the handle above. Just like this, the three of them were held in midair like a ladder.

“Don’t let go.....” His eyes were slightly open, as his star-like eyes sparkled with light. His lips parted slightly as he let out this soft voice, that was as cold and beautiful as always.

“Let go——” She could feel the blood dripping down onto her hand.

It was like her heart was being stabbed as she watched his pale face, like it would disappear at any moment.....

“She only wants me to die.....” She closed her eyes and forced herself to calm her voice.

“You really.....Ke, ke.....” He said with a soft sigh, “Want me to let go?”

Luo Qing Chen’s heart skipped a beat. Seeing his slightly knit brows, she thought that he changed his mind to let go of her hand.

After all, he was the Heaven Falling Continent’s only Destiny Master.

After all, his life was about the Void Residence and caring about the world.

After all, he couldn’t give up the chance to escape just for a little cherry blossom demon.

She desperately nodded, as she let the tears fall, like she was saying goodbye.

“Alright.” He nodded as he looked at her tears. His lips curled into a smile as he said, “I’ll come with you.”

After saying this, the hand holding onto the Starlight Sword’s blade let go. Using the force of the fall, he softly took her in his embrace.

He held her like this as they fell into the bottomless abyss.

As they fell, three pieces of paper fell out of her chest, each one having a single letter written on it.

It read——

I.

Love.

You.

.....

Chapter 329: Cold destiny master’s cherry blossom spirit (Part 33)

Sorry Luo Qing Chen, my heart never had the world or the people.

It always only had you.....

—

Bottomless abyss, no difference between life and death.

She closed her eyes and felt the power of her body condensing, like she was breaking a giant seal. She was filled with that kind of warmth.

Her mind was filled with the scenes of the Word Tide Bay battle from a hundred years ago.

The sky was filled with cherry blossoms, covering half the sky, causing it to dim.

It was the righteous battle of guarding the Full Spirit Country, which should have been a hard battle alone.

But she never thought that this white clothed youth would suddenly appear, reversing everything.

He was the number one Spirit Spell Master of the Void Residence and the only Destiny Master of the Heaven Falling Continent, Mo Bai Ci.

That day, his clothes were as white as snow and his face seemed to be a reflection on the mist. The only thing that could be seen was his ink like hair that flowed in the wind, as he raised his hand to form a picturesque scene.

She was a bit stunned, not knowing who this youth was or where he came from.

All she knew was that he stood in this half light half dark barrier, looking incredibly good.

The Demon Monarch couldn't take it in the end and took out the Red Lotus Orb to die with the world.

Mo Bai Ci wanted to sacrifice his life to stop it, but he found that the cherry blossom petals that filled the sky mesmerized him.

After that, before he could even react.

That young girl in the snow cherry blossom robes had already chanted the ancient sacrificial spell, as a dazzling white light cut through the sky.

Cherry blossoms rained down as the youth tightly knit his brows and lost all consciousness.

—

As memories churned in her mind, a large amount of spiritual energy gathered in her.

There was a stream of hot blood that filled her, as a cherry blossom glow sparkled around her.

“Peng—” In an instant, all the spiritual energy gathered at the crown of her head. She tightly knit her brows as she used all her power to break the barrier

She suddenly opened her eyes and found that she was in the center of the Dead Soul Sea Pond.

There was no one around her, there were just faint traces of light blue spiritual energy that surrounded her.

Luo Qing Chen felt her breath stop and she said without a sound, “Mo Bai Ci.....”

She looked around her, this place should be the real world.

So the red and blue barrier at the top of the red lotus vines was not the secret realm that connected to the outside world.

The real tunnel was the giant bottomless abyss they fell in.

Only with sacrifice could one not die.

“I never thought that you would find the secret realm!” Yan Ruo Yao's voice came from not far away. As the little demon that protected the Unbounded Land, she was the only person who could casually come out.

Luo Qing Chen knit her brows. Her long moon white robe was already soaked in blood.

At this moment, her eyes were filled with a death like determination.

She tightly gritted her fists and her strength was so powerful that all the strange red lotuses around them began to lose their colour.

She turned around and her eyes were filled with a murderous chill. She looked up at Yan Ruo Yao in front of her and said, “And now?”

“Now?” Yan Ruo Yao’s red lips curled as her eyes filled with a blood red colour. She slightly raised the blood red Empty Spirit Sword as she looked at her and said, “Next year on this day will be your death anniversary, alright?”

As soon as her voice fell, she jumped out with her sword pointed at Luo Qing Chen, bringing with it anger and killing intent.

“Peng, peng——” There was only a giant sound.

The young girl flicked her sleeve and a powerful spiritual energy sent Yan Ruo Yao flying.

Chapter 330: Cold destiny master’s cherry blossom spirit (Part 34)

“Ah——” A pained scream filled the air.

Yan Ruo Yao was sent flying several meters, as a sweet taste appeared in her mouth and she spat out blood.

“You.....” Yan Ruo Yao’s eyes popped out as she looked at Luo Qing Chen in disbelief.

No, how is this possible.....

How could she have such powerful strength.....

This was the Dead Soul Sea Pond, with the barrier of the Demon Race’s fourth highness Su Qing Xie, anyone who wasn’t a Demon that stepped into the Dead Soul Sea Pond would only have half their spiritual energy.

At this moment, she felt that her strength in the Dead Soul Sea Pond was weak.....

“It isn’t that your spiritual energy is weak.” Luo Qing Chen not far away narrowed her eyes at her and said with a cold snort, “It’s because in front of me, you’re very weak.”

“What did you say?” Yan Ruo Yao stood up holding her chest, as her right hand trembled while holding the Empty Spirit Sword. She kept panting as she said, “Die.....”

“Peng, peng——” With another soft flick of her sleeve, Yan Ruo Yao was slammed to the ground again.

The air was filled with a strong cherry blossom smell, as endless amounts of cherry blossom petals filled the sky.

“Do you have anything else to say?” She coldly said as she looked at Yan Ruo Yao on the ground without a trace of warmth in her eyes.

Yan Ruo Yao’s head was dizzy from the palm and she almost fainted. She gritted her teeth and forced herself to stand as she said, “You.....You aren’t.....Luo Qing Chen. Just who.....are you?”

“As someone from the Blood Demon Hall, could it be you don’t know how the Demon Monarch was sealed a hundred years ago?” She looked at Yan Ruo Yao with narrowed eyes, speaking each word in a soul chilling frosty voice.

“How do you know, your age.....” Yan Ruo Yao took a cold breath as she stared at her.

The battle of Tide Word Bay, although she was a mortal back then, she had heard many people mention it when she returned to the Void Residence.

It’s said that the strongest Thousand Year Old Cherry Blossom Spirit of the Full Spirit Country used an ancient sacrifice spell to seal the Blood Demon Hall’s strongest Demon Monarch.....

“Back then, I was the one who sealed the Demon Monarch!” She suddenly looked up with ice cold eyes and said, “So I didn’t have any power.”

Now, all her power had returned to her, but the youth that had fought with her had disappeared.....

“Ha, ha, ha, ha——” Yan Ruo Yao laughed into the sky as blood poured from her seven orifices.

Yan Ruo Yao’s face was completely twisted at this moment, like someone who had been completely broken, without a single bit of strength to resist.

“But so what?” She openly laughed while shouting, “Mo Bai Ci is already dead, don’t you know that?”

She trembled. She felt her heart being pressed down by a boulder as it became hard for her to breath.

It felt like she was about to suffocate.....

“It seems like you don’t know based on your expression!” Yan Ruo Yao’s red lips curled, revealing a strange smile as she said, “Otherwise what would the scattered blue light around you be?”

“Yan Ruo Yao——” Her voice trembled a bit and instantly, the Exquisite Ring in her hand exploded with golden light.

She had only felt anger when she received the previous host’s memories, but she had never felt hatred.

But in this moment, her heart was filled with rage.

Using hatred to cover weakness and fear.....

After that, the golden light of the Exquisite Ring attacked Yan Ruo Yao without any hesitation.

Yan Ruo Yao used all her spiritual energy to form a barrier, but it was instantly shattered.

The golden light cut across her arteries.

Blood flew out in all directions.....
