Chapter 361: Mister's childhood lover (Part 14)

When one was young, they never had any hesitation in doing things and never cared about the consequences.

Luo Qing Chen and Bei Xiao Shi never thought that Cheng Qian Zi and Qiao Meng Tian would work together against them.

[Host, host.] The system's voice rang out, making her open her eyes with difficulty.

The ground was very wet, so she was very cold.

She rubbed the back of her head as she stood up with difficulty.

This time she had been negligent.

It wasn't for any other reason that she let down her guard, it was because the hated supporting female leads were just first year high school students in the end.

By law, they were still minors.

She never thought that first year high school students could have such heavy hearts to actually plan something that could take someone's life.

Luo Qing Chen looked around. The sky was gradually getting dark and it was drizzling a bit.

The things in her bag had already been taken and it seemed like it was past six based on the colour of the sky.

The most important thing was first finding Bei Xiao Shi.

Properly speaking, if she didn't have to find Bei Xiao Shi, she could have already exchanged for teleportation, alright?!

"Xiao.....Xiao.....Shi." She called out, finding that she could barely speak.

She rubbed her forehead, it felt a bit warm.

She went in the direction they headed out in and after walking for a bit, she found Bei Xiao Shi in the rain.

Luo Qing Chen quickly went over and helped her up before slapping her face.

Her eyes suddenly opened up and she shouted, "Who's hitting me!"

"Scared.....Scared me.....to death." Luo Qing Chen let out a long sigh of relief as her heart calmed down.

"What is going on?" Bei Xiao Shi looked at her before shaking her head and saying, "Alright! Don't talk, you can't say anything anyway. In the end, we were plotted against by those two bitches."

After that, Luo Qing Chen raised her thumb, showing her agreement.

“But the one who hit me was not Qiao Meng Tian!” Bei Xiao Shi knit her brows in confusion, “She was in front of me the entire time!”

“There.....were.....”

“Oh.” Bei Xiao Shi cut her off again, “They found other people?!”

Luo Qing Chen raised her thumb again to show her agreement!

Bei Xiao Shi, this friend, she simply understood her heart!

“Damn! Plotting little % ¥% ¥ !” Bei Xiao Shi said with a cold snort, “What do they gain from doing this? If we don’t come back by six, the instructors will still take attendance! Pei, trash!”

Luo Qing Chen heard this and a look of worry appeared in her eyes.

Since their plan was this thorough, then as for the instructor.....

—

“Where are students Luo Qing Chen and Bei Xiao Shi?” The instructor looked at Qiao Meng Tian as they asked this.

Qiao Meng Tian panicked a bit as the bag in her hand accidentally fell down.

Cheng Qian Zi quickly said, “Instructor, classmate Luo Qing Chen wasn’t feeling well, so classmate Bei Xiao Shi helped her back to the dormitory.”

“Nonsense!” The instructor looked very angry, but he didn’t doubt them as he angrily said, “You should report to me if you don’t feel well and not return to the dorm by yourself! These two students are receiving a mark of zero for survival training!”

“We will tell them!” Cheng Qian Zi looked very serious as she spoke to the instructor.

Qiao Meng Tian took a deep breath. She suddenly looked up and looked into Ye Zhi Jin’s eyes.

She quickly looked away, not daring to look at the inquisitive look in his eyes.

“Alright, today’s training ends here! Everyone can go take a break! Everyone should rest well, tomorrow night is the military song party!”

“Yay!” Everyone felt very happy, except.....

Ye Zhi Jin.

Chapter 362: Mister’s childhood lover (Part 15)

“What to do, I feel like Zhi Jin definitely knows something.” Qiao Meng Tian looked at the two empty spots and she couldn’t help panicking.

Actually she regretted it very much. When Cheng Qian Zi’s big brother Gan sent her snacks, she thought of this revenge.

She didn't know how to escape the attention of the instructors and teachers, but this survival training gave them a chance.

Of course, Qiao Meng Tian was involved because she had accidentally heard their plan.

"Che——" Cheng Qian Zi gave a cold snort of disdain as she said, "If you tell anyone, let me tell you——"

"Meng Tian." When they came to the end of the corridor, Ye Zhi Jin narrowed his eyes and he looked right at her.

"Zhi.....Zhi Jin." Qiao Meng Tian looked at his eyes and swallowed a mouthful of saliva in fear before saying, "It.....It wasn't me."

Instantly Ye Zhi Jin without saying anything else, turned and wildly ran down the stairs.

Without knowing why, his heart was filled with a bit of fear, a fear that he never felt before.

Luo Qing Chen were in the third instructor's car, which was headed for mountain three.

The rain was falling quite heavily and it was completely dark.

Ye Zhi Jin took his bag and a coat, as he began running in the direction of the mountain.

"Zhi Jin....." Qiao Meng Tian ran into the rain while panting, watching his back as she said while crying, "Really.....Is this really that important?"

She knew that Ye Zhi Jin had only treated her as a little sister, she also knew that there could never be love between them.

But she still had to try, right?

Even if it was underhanded, even if her methods were extreme, she still had to try her best.

To make sure that the one beside him was always her.

His cold voice rang out slowly mixing with the rain, "She is my dream, a dream that I never want to wake up from in this life."

After saying this, he charged into the mountains in the rain.

—

It was hard to walk in the mountains at night. Luo Qing Chen had asked for a compass and a flashlight from the system and was slowly heading forward.

"To be honest, your luck is quite good! You actually found a flashlight and a compass in this broken place?" Bei Xiao Shi looked at Luo Qing Chen beside her with a surprised smile as she said, "Did you also pick up some biscuits!"

System, calling system, give me two biscuits! I want to act cool.....

[Ding, two biscuits have been given, they are in the left hand pocket.]

“Ke, ke——Ke, ke——” She shook her head and cleared her mind before she took out a biscuit from her pocket to give to Bei Xiao Shi, “For.....You.....”

“Damn!” Bei Xiao Shi took the biscuit with an open mouth before saying, “You’re simply a god!”

“Un, ke, ke.” She gave a slight nod, as her head felt like was being burned by flames.

Being soaked in rain while having a cold, it really didn’t feel good.

“It seems like your condition is quite bad, we should quickly.....Ah——”

Because of the slippery roads from the rain and the fact they couldn’t see under their feet, they accidentally slipped.

“Xiao Shi.....” Luo Qing Chen tightly gripped her arm as she said while biting her lip, “Hang on tight!”

The rain was falling harder and large drops began falling from her long lashes. Her consciousness was gradually fading and she couldn’t get a stable foothold with how wet it was, so she was slowly being pulled down by Bei Xiao Shi.

When she was about to fall, a pair of powerful hands grabbed her waist and pulled her into an embrace.

One of the hands firmly grabbed Bei Xiao Shi and pulled her up.

Chapter 363: Mister’s childhood lover (Part 16)

Luo Qing Chen felt her vision turn dark as she fell into a warm embrace.

There was a faint grass scent on his body and mixed with the smell of dirt around them, it smelled quite good.

She could hear the conversation between Bei Xiao Shi and Ye Zhi Jin beside her.

“”Your hand is injured, how about I carry baby Qing Chen!”

“No need, you just be careful.”

“But you’re bleeding so much.”

“It’s fine.”

No one knew just how happy he was, being able to carry her like this while walking.

He wished that the path was a bit longer, just a bit longer was fine.

But reason beat his feelings because she was burning up.

It was unknown how many times branches cut the wound on his feet, but he didn’t feel any pain at all.

Every time the girl on his back softly breathed into his ear, his heart would skip a beat.

Luo Qing Chen was in the emergency room with an IV drip when she opened her eyes, Bei Xiao Shi was beside her.

Ye Zhi Jin was in the bed next to her, also getting an IV drip.....

“Wa, you woke up faster than him.” Bei Xiao Shi made a “shh” sign as she said in a soft voice, “The doctor said that he had gone into shock from losing too much blood, but now his situation has stabilized.”

“What.....What do you mean by losing too much blood?” She spoke in a very soft voice as her eyes filled with confusion.

“You don’t know this, but there was a deep wound on his arms when he carried you. But he didn’t care at all and carried you to the infirmary. He fainted as soon as he saw you being put in a bed. The ground was covered in blood, this treasure was terrified!” Bei Xiao Shi grabbed her arm and asked, “What kind of relationship do you have! School hasn’t even started that long! Love at first sight?”

Luo Qing Chen heard this and she looked at Ye Zhi Jin’s pale face, as she couldn’t stop her eyes from misting over.

She felt that her mister childhood friend was a silent and infatuated knight.

She pursed her lips into a faint smile and said, “We are childhood friends!”

That’s right! Childhood friends.

In order to get Gu Qing Nuo, the previous host never established a relationship with Ye Zhi Jin in front of others.

Not a single person knew that they were childhood friends, they used to have such a good relationship.

But now she wanted everyone to know that they had the best past.

“What?” Bei Xiao Shi called out in shock, causing the fingertips of the youth in the bed to the side to tremble.

“What are you doing? Ke, ke.....be quiet!” Luo Qing Chen knit her brows and explained, “It’s normal that you don’t know. I moved in middle school, so I never came in contact with him since then.”

“Xiao Shi is stunned!” Bei Xiao Shi excitedly covered her mouth and said, “You’re actually childhood friends with the school hunk! Damn, you really are good! I thought that you would always be the weak baby Qing Chen!”

“Who’s weak!” Luo Qing Chen gave a soft snort. There was a cold look in her eyes as she said, “As for Cheng Qian Zi, I’ve already thought of a good way to take care of her.”

The so called I will not offend anyone if they don’t offend me, but I will double the repayment if they offend me.

This phrase had been passed down through the ages, it wouldn’t be wrong.

“Right, right, right!” Bei Xiao Shi said while nodding, “Don’t let me see her again, otherwise I’ll be so angry that I’ll want to slap her!”

“You still want to fight!” A faint smile appeared on Luo Qing Chen’s lips. Her eyes narrowed as she said, “Against this kind of people, she definitely wouldn’t be afraid of bodily harm. She definitely doesn’t fear fighting and nothing good will come to you.”

Bei Xiao Shi heard this and her eyes lit up as she said, “Baby Qing Chen, why do I feel like you’ve changed? You look so handsome when you were speaking just now!”

“.....”

Chapter 364: Mister’s childhood lover (Part 17)

As for the ‘strict consequences’ of the survival training, the school kept all rights to deal with it. The main thing now was reorganizing the dorm assignments.

Cheng Qian Zi and Qiao Meng Tian were put into another dorm. When Luo Qing Chen headed back, they were already gone.

When she wanted to take the next day off and not go to military training, the instructor was already feeling guilty, so he very happily agreed!

Luo Qing Chen thought that was right. If it wasn’t for her wit, she would have been sent up to see god.

The instructor would have been responsible, he might have been locked up several years.

—

After buying breakfast at the canteen, she knocked on the door of the infirmary.

There was a faint scent of alcohol in the air. Ye Zhi Jin was leaning in the bed with a magazine in his hand. There was a warm breeze from the window and the curtains were weakly being blown, with the scent of grass after the rain coming in from outside.

If you thought this scene was pleasant, you would be wrong.

This was because the tables on the left and right were covered in breakfast, there were at least a hundred buns.....

Everyone infatuated in you would appear when you need it the most.

Perhaps when you deliver breakfast and your gazes beat, it could make your heart beat and weave a beautiful love story.

Luo Qing Chen put the breakfast in her hand behind her and walked forward.

Ye Zhi Jin raised his head mechanically before looking back down.

But the moment he looked down, he suddenly raised his head and nervously took off his headphones while saying, “Did you rest well?”

Her face looked much better than yesterday, but she did have a cold and a fever from being soaked, so she should be resting. Why did she come here.....

Although he thought this, he couldn't help feeling happy.

"For that kind of cold virus, as long as I take some medicine, I'll be like a normal person." She casually sat down in the chair on the side and looked at his pale face as she said with frown, "How could it be like someone who went into blood shock, needing to rest for a while."

Ye Zhi Jin heard this and a blush covered his pale face. His heart was a bit happy, something that the girl in front of him would never understand.

"Then....." After that, he changed the topic as he looked into her clear as water eyes and said, "I'm hungry."

"Ah?" Luo Qing Chen looked over and pointed at the buns on the table as she said, "You.....Why aren't you eating!"

Un." His eyes went to the bun in her left hand and said, "I wasn't hungry earlier, I'm hungry now....."

Perhaps some people wouldn't believe it, but if it was something that one cared about bought, it would be very delicious.

For example, her breakfast.

Luo Qing Chen was a bit surprised, as her eyes lit up a little.

She felt that Ye Zhi Jin looked very good like this, a good looking that no one hated.

Perhaps, Gu Qing Nuo was better than Ye Zhi Jin in many things like that infectious smile or his way of talking.

But in her heart, a hundred Gu Qing Nuo couldn't compare to a single Ye Zhi Jin.

This was because there was an excessive look of protection and waiting in his eyes.

Luo Qing Chen revealed a faint smile and gave the breakfast in her hand to Ye Zhi Jin as she said, "I don't know if your taste has changed already."

Before what he loved the most were milk buns and bean paste buns, she didn't know if he still liked it after three years.

[Ding, affection has increased by ten, mission completion rate is now 70%.]

He was a bit surprised. His pale face revealed a faint smile as he looked at her and said, "I have never changed."

The thing he liked, the face he liked, the.....person he liked.

Chapter 365: Mister's childhood lover (Part 18)

The moon and stars were in the night, it was the military song party.

Luo Qing Chen didn't want to participate, but Bei Xiao Shi said that if someone were to act in front of her, she would slap them.

Very good! This was just like Bei Xiao Shi.

In Luo Qing Chen's memories, the military song party was everyone in a circle, listening to the soldier big brothers sing «Green Flowers of the Army».

But when she arrived, she found that this party was very different.

It wasn't the soldier big brother singing, rather the students had borrowed the soldier big brother's guitar and were just singing with each other.

The people on the stage had glasses and ordinary faces, but their song was quite good.

After their song, Luo Qing Chen gave a hearty applause.

"This batch of students should be honoured, this is the thirtieth anniversary of our military training....."
The instructor said this while someone brought a piano up.

"Today, we will be singing «Green Flowers of the Army» together!"

"Boo——" Everyone booed this!

"Instructor, be a bit more creative!"

"That's right, it's the thirtieth anniversary! Change, change!"

"Ke, ke." The instructor cleared his throat and awkwardly said, "Our military training camp only has one instructor who knows how to play the piano and he only knows how to play «Green Flowers of the Army»!"

"Boo——" There were more boos.

"Xiao Shi." Luo Qing Chen's eyes lit up as she looked at her and said, "Do you know how to really take revenge?"

"How!" Bei Xiao Shi became excited and turned over to say, "Tell me, I'll go through soup and fire just to....."

"Wait, wait, stop, stop." Luo Qing Chen said with a faint smile, "Watch the eyes."

After saying this, she suddenly stood up and said, "Instructor, I can play."

System, calling the system!

[Ding, five hundred exchange points have been taken. Successfully exchanged for piano playing skills (Only usable in this world)!]

It really was a sensitive system. Can this skill be used forever next time?!

[A copy of the host's desired piano score has been put in the host's mind!] Faced with this unreasonable request, although the system couldn't agree, it could give something else.

Good, good!

"Woah!" In an instant, everyone's gaze fell onto Luo Qing Chen.

Those eyes focused on her made her tremble, as a suffocated feeling came from deep within.

This was the feeling of the original host.

Whenever the past her received this kind of gazes, they were always criticizing her.

If it wasn't Cheng Qian Zi, it was other girls who like Gu Qing Nuo.

She was afraid of being the center of attention because she couldn't take those criticisms that were hard to listen to.

Luo Qing Chen reached out her hand and placed it on her chest, as if telling the original host of the body to relax and leave everything to her.

In the future, no one would bully her again.

Definitely not.

"Good! That is the spirit of a soldier." The instructor gave her a satisfied nod and said, "Come up."

Cheng Qian Zi's lips went crooked and she rolled her eyes, as she looked at Gu Qing Nuo not far away.

She thought that he would be looking at her, but she never thought his eyes would be on the girl in front of the piano.

Cheng Qian Zi held her chest! So angry.....She was so angry that she was even trembling a bit.

Luo Qing Chen's lips curled into a faint smile as Ye Zhi Jin's figure appeared in her mind.

A beautiful piano tune slowly drifted out. It was pure music, there was no singing.

"Humph, what is so good about piano music, isn't it incomplete without any singing?" After the first verse was over, Cheng Qian Zi gave a cold snort and spoke in a voice of disdain.

If she wasn't tone death, why wouldn't she sing!?

"That.....Are there any students who know how to sing this song!" The instructor felt a bit awkward as he asked this.

"I do."

"I do."

Two voices came in different directions, attracting everyone's gazes.

Chapter 366: Mister's childhood lover (Part 19)

"Damn! Why do I feel like I'm smelling the scent of gunpowder from our school's two school hunks chasing after a single girl....."

"This scene, why does it seem like a movie?"

"Ai, what is that Luo Qing Chen! She doesn't look bad, but she's not a shocking beauty!"

“That’s right, ah, ah, ah, is it worth it for these two male gods?”

.....

There was gossip that came from the crowd.

Ye Zhi Jin picked up the guitar from the ground and sat down. He plucked a few notes and drew a cheer from the crowd.

“Since this student knows how to play an instrument, we’ll have him!” The instructor looked at Gu Qing Nuo and said, “There’s still plenty of time to perform later.”

Gu Qing Nuo still wanted to say something, but since he was already at a disadvantage, he gave a shrug with a smile and said, “Whatever.”

Returning to his seat, Gu Qing Nuo’s gradually deepened.

It was unknown when Cheng Qian Zi who had been in front of him moved to his side.

She kept complaining, “Qing Nuo, you shouldn’t get close to that girl, she’s not anything good.”

“Cheng Qian Zi.” He angrily called her name before saying, “I’m asking you, put away your temper a bit, alright?”

He had felt that Cheng Qian Zi was a bit overbearing, but they were still childhood friends, so he could only bear with it.

But how fierce she was now made her a bit hard to look at.

“Qing Nuo.....” Her eyes were stunned and were filled with a bit of pain. She bit her lip and said, “You’ve never been this fierce with me before.....”

Gu Qing Nuo had been beaming with light since they were young, but he was also always the center of attention for girls wherever he went.

And she was his childhood friend, standing in an important place that people were always jealous of.

She had always been proud of this because in his mind, the three words Cheng Qian Zi were special!

“Alright, I’m going to the washroom.” He knit his brows. When he stood up, the harmonious sound of the piano and guitar slowly came from behind him.

Following it was the youth’s gentle and soothing voice, entering his ears and making his anxious heart even more unsettled.

——

I always held your hand when we were young.

Only hoping that I could be by your side protecting you.

——

I accidentally cut my hand when I was protecting you.

This small wound made your heart bleed.

— —

We became further and further apart after we grew older, being split to different sides of the world.

When could we ever meet again, seeing that familiar smile?

[TL Note: These are the lyrics to the song 我们小时候 by Tank, which I personally quite enjoy and recommend everyone to listen to once.]

.....

With Ye Zhi Jin's soothing voice accompanying Luo Qing Chen's piano playing, lips couldn't help curling into a smile.

The students couldn't help clapping their hands. Luo Qing Chen couldn't help feeling that she was the little girl following by school hunk Ye's side.

Following his steps and coming to a tacit understanding between them.

When the song was over, the fangirls unconsciously cheered for them.

Ye Zhi Jin had a faint smile as his eyes sparkled with light.

He never thought that Luo Qing Chen would play this song, this song that he liked.

She looked up slightly and seeing his eyes focused on her, her face couldn't help turning red.

Some feelings had been set a long time ago and when the time came, they would bear fruit.

He put away the guitar and gave a slight bow before walking down.

Based on the memory of the previous host, when Gu Qing Nuo showed off, he would be very high profile.

But Ye Zhi Jin was different. He was always calm and silent, putting all his thoughts in his heart, giving people the feeling like he was as calm as a spring breeze.

She, like this kind of youth.

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

Chapter 367: Mister's childhood lover (Part 20)

The military training field trip ended like this!

Since Cheng Qian Zi and Qiao Meng Tian were both underage, they just received a strict warning about what happened at the survival training this time.

After all, there was no one hurt, no confessions, and no evidence.

At best they could just be lying and there was no way to punish them.

Bei Xiao Shi was very dissatisfied with this decision, but the school had suppressed this matter, so there was nothing they could do!

Luo Qing Chen didn't care since she couldn't control their punishments.

But there was a big change with the rumour of Dream One High School.

"Have you heard? School hunk Gu's desk mate is school hunk Ye's childhood friend!"

"Is that true? Where did you hear that? Isn't Ye Zhi Jin's coupled with Qiao Meng Tian?"

"Who knows, wasn't this coupling all spread from Qiao Meng Tian? School hunk Ye had never admitted it before!"

"Then that means that Cheng Qian Zi must also be fake!"

"Ha, ha, who knows, who knows!"

.....

At this time, the two girls gossiping didn't know that there was someone who they were discussing not far behind them.

Cheng Qian Zi tightened her fist and muttered through gritted teeth, "Luo Qing Chen."

On the other side.

"Achoo!"

?!

Was someone cursing her?

Luo Qing Chen sniffed her nose and touched her ears out of habit.

After that, the person beside her handed her a note.

Because this was supplementary class after school, the English teacher's mood was already quite irritated. He wrote on the board while not forgetting to say, "The students that are taking advantage of me writing something to do small things, don't think I don't see you!"

In everyone's youth, they would do small things while the teacher was writing on the blackboard.

But no one knew why they had been found out.

Only one day when you stood at the podium and looked down on your students would you realize that you really could see everything.

Luo Qing Chen's hand trembled, almost dropping the note on the ground.

When she opened it, she saw Gu Qing Nuo's beautiful writing.

(Is your cold better? ——Gu Qing Nuo)

Luo Qing Chen shook her head and slipped this note into her desk.

"I think that you've all reviewed enough that you'll all get perfect on the first test of the first month, right!" The English teacher gave the stack of papers in his hands to the students in the first row and said, "Tonight's homework, it's two pages of practice problems. They are all introductory questions, so it won't take that much time."

"Ai——" Pitiful cries rang out.

At every high school, every teacher felt that they didn't give much homework, but when all this homework was added together, it meant staying up until twelve every night.

Then they had to get up at six in the morning and head to school with big panda eyes.

When she sat down, she saw the breakfast and cold medicine in her desk.

"Morning." Gu Qing Nuo beside her saw the cold medicine and said to her with a bright smile, "Eat the medicine and get better."

"Thank you." Luo Qing Chen gave a slight nod. She picked up the breakfast and took two bites before she couldn't help revealing a smile.

Because this breakfast had confirmed her thoughts.

Sometimes what you saw and heard was not the truth.

Perhaps you're following behind a person and never stop following his footsteps, thinking that everything beautiful is related to him.

But you'll find after stopping that the person who cared about you had always been behind you.

Silently watching with far eyes, giving you the deepest love.

Chapter 368: Mister's childhood lover (Part 21)

Ye Zhi Jin never mentioned the cold medicine to her, but she knew that only her childhood friend would know what flavour of buns she would like.

The buns weren't bought, he made them himself.

Date flavoured buns.

The first month's exam was getting closer and the students were all reviewing.

Sometimes when she was in this atmosphere, she felt that she wasn't a space transmigrator, but rather just a normal high school student.

Spending their youth together, yearning for the future.

—

But there were always stumbles on the path of youth, like her physics score was just too——

Tragic!

When she wanted to shamelessly exchange with the system, Ye Zhi Jin told her that there was still salvation.

Luo Qing Chen thought that she could use this chance to interact with the male lead and she didn't even need to take the initiative, so why not!

Actually there was a kind of feeling that she never had before, a feeling of being protected as soon as she got here.

As the test approached, the library was always filled with people.

In the memories of the previous host, Ye Zhi Jin was definitely someone with value, one of the top scorers!

He was always in first place with full scores on all tests in middle school, so Dream One High School never thought that he would come to their school.

This was because the high school was very far from the middle school, so many middle school students would test for other high schools or choose to live on campus.

"Ai, look, it's Ye Zhi Jin!"

"So handsome, he truly is handsome."

"Do you think that he'll look at me if I go and talk to him?"

"So embarrassing, don't go!"

"I also feel that a male god can only be admired from afar. I'm so jealous of Luo Qing Chen!"

.....

Luo Qing Chen heard their whispers and her lips couldn't help curling into a smile.

She looked up slightly and locked gazes with his dark eyes.

"If you get distracted, there really is no hope." Ye Zhi Jin's expression changed slightly as he tapped the score on her test.

Luo Qing Chen picked up the eraser from the table and covered up the large 'sixty points'!

It had to be said, after the military training, she rarely saw Qiao Meng Tian and rarely saw her come looking for Ye Zhi Jin.

She really had to ask the question in her heart!

"Ai, why didn't your little sister come find you recently?" Luo Qing Chen looked at him with a faint smile.

Ye Zhi Jin was helping her write some test questions while casually answering, "I'm living on campus."

"Ah?!"

This answer had completely exceeded the realm of her expectations.

Living on campus!

He pushed the textbook in front of her and said, "Physics isn't like other subjects, there are some things that have no use in memorizing and some are very useful....."

"Wait a minute." Luo Qing Chen cut him off as her eyes filled with confusion, "Why are you living on campus?"

No wonder Ye Zhi Jin had been sending her home lately, causing rumours to fill the school. At this rate, the parents even needed to be called in!

Ye Zhi Jin was surprised. He wanted to say something, but he found that he couldn't say it. In the end, he gave the most generic answer, "It's too far going home, it wastes too much time."

Actually what he wanted to say was: I'm not assured letting you go home alone.

Since the matter from last time, he felt a bit afraid.

It was better for him to pick her up before and after class, that way he didn't need to worry about her getting home safely.

After all, when it came to 'being safe on the road', taking action made him feel safer.

Chapter 369: Mister's childhood lover (Part 22)

The day of the monthly exam was almost here and her relationship with Gu Qing Nuo was very limited, only passing notes.

But one had to mention Bei Xiao Shi, the amount of notes she gave was no less than Gu Qing Nuo.

"It's the test tomorrow, are you nervous or excited?" Bei Xiao Shi softly poked her back with her ballpoint pen, "Have you made any progress in math and physics that you fear the most!"

When this was said, Bei Xiao Shi looked over at Ye Zhi Jin at the same table and gave a teasing smile.

Luo Qing Chen slightly knit her brows and tapped her pen on her forehead, "You just worry about yourself! Don't be at the bottom."

"I've heard that seats will be placed based on high and low scores, putting good and bad grades together so they can teach each other." Bei Xiao Shi whispered in her ear, "You have to test properly, that way we'll be lucky enough to be at the same desk."

"You're thinking it too beautifully." Luo Qing Chen turned back and couldn't help trembling when seeing the word physics.

Speaking of this, couldn't physics be replaced with math? She was very confident in her math skills, alright?!

—

Every student who entered high school would have to experience their first monthly test.

The teacher said that this monthly test was especially important, but everyone knew that it was just the beginning of a bunch of tests.

On the third day after the monthly exams, the first year's results were all put on the red board at the downstairs glass display.

First place: Yang Xue – 1032.

.....

Ninth place: Luo Qing Chen – 980.

.....

Luo Qing Chen kept going down, but she didn't see Ye Zhi Jin's name on the first page at all.

Until she reached the second page.

Sixty second place: Ye Zhi Jin – 900.

"What is this situation, Ye Zhi Jin who has always been first actually only got 900 this time?"

"It can't be the rumours of falling in love that caused his grades to slip, right!"

"Ah, ah, ah, still so handsome, being able to get 900 even when dating. I practiced all day and I only got 620, god really is unfair!"

"Are you sure you're not playing on your phone while practicing?"

.....

Luo Qing Chen knit her brows as she was filled with confusion. With Ye Zhi Jin's previous results, even if he did slip, it wouldn't have slipped this much.

Dream One High School was a focused high school, so in the freshmen group, the results of the students were quite good.

900 would be considered at the top at other schools, but it wasn't even in the top fifty at Dream One High School.

She didn't even think as she ran towards the class. She wanted to see his report card to see which subjects he didn't do well in.

"Xiao Shi." Luo Qing Chen looked at the empty space behind her before asking Xiao Shi, "Where's Ye Zhi Jin?"

"Oh, he was just called to the office by the teacher." Bei Xiao Shi gave the report card on the table to her, "This is your report card. Did you see which place you are in the grade?"

Luo Qing Chen heard this and didn't respond. She looked at Ye Zhi Jin's report card that was placed under his physics textbooks.

She suddenly grabbed it and found that when she flipped it over, her eyes trembled.

Suddenly there was a strange feeling that filled her, that brought bitterness and warmth.

“What, you’re shocked at his perfect score?” Bei Xiao Shi didn’t see anything wrong and asked her this.

Luo Qing Chen put down the report card and ran in the direction of the office.

Bei Xiao Shi picked up the report card with a confused look before her face filled with shock.

She suddenly stood up and shouted, “God, Ye.....Ye, Ye Zhi Jin got.....zero in math?”

While running, everyone’s attention fell onto her, but she didn’t care at all.

That elegant and silent youth was suddenly called in for a lecture for being imperfect because of her.

Ye Zhi Jin, wanting my gaze doesn’t mean stopping your brilliance.

—

She was panting when she reached the office door and stood there.

The conversation inside made couldn’t help making her eyes a bit red.

“Teacher, I have nothing to say!” Ye Zhi Jin stood there with his deep eyes.

“You.....You have to study properly, you are this year’s biggest hope!” The teacher said in an unyielding manner, “You have always received full points in math, so even if your grades slip, it shouldn’t have reached zero points!”

“Teacher, there are many things that can suddenly become bad in this world.” Ye Zhi Jin looked forward with a serious face and said, “For example, even Einstein could come an idiot in a single night!”

“You.....” The teacher grabbed his head and his face was red from anger. He angrily roared out, “Student Ye, this is an insult to studying!”

???

“Puchi.” When this was said, Luo Qing Chen standing at the door couldn’t help laughing.

How was this an insult?

“The one at the door, come in for me!”

.....It’s over!

Luo Qing Chen shrank back her neck as she softly pushed open the door, saying with an awkward smile, “Hello teacher.”

“Oh, it’s Qing Chen!” The teacher’s tone became gentle. He cleared his throat and asked, “Do you need something?”

“That.” Luo Qing Chen looked at Ye Zhi Jin and said, “I am the representative for our math class, so when I heard our classmates say that classmate Ye didn’t do well and was called to the office, I just.....I came to watch.....Look, oh, no, to see what the situation was!”

She was a little flustered when she said this, since it was a bit difficult to lie.

“This is called not doing well?” The teacher was trembling as he threw Ye Zhi Jin’s test on the table and said, “Every answer is written in the next question, this.....This is simply a challenge to the authority of teaching!”

“Ah.” Luo Qing Chen looked at this and nodded before looking at Ye Zhi Jin, “How can you be so careless!”

It was like a light bulb popped up above Ye Zhi Jin’s head, as he looked at the teacher and said, “Our math class representative has always had full marks, so if I’m the same desk as her, I won’t be as careless next time!”

???

Luo Qing Chen and the teacher revealed the same stunned expression.....

Where did this suggestion come from? It’s not related at all, alright?

When the teacher didn’t know what to say, there were two girls who came in. They seemed to be here to hand in papers, but they were gossiping quite loudly!

“Ah, look, isn’t that the rumoured couple?”

“Right, right! They were finally noticed by the teacher!”

“Dating before becoming adults, ai, they really are bad.”

“They were caught this time.....”

.....

The words of these girls were completely different from normal people, they seemed quite targeted with each word sounding ugly.

The teacher’s face turned dark and he roared at the two girls, “Did you know when you came in? What did you come in for?”

“We.....We.....” They were first year high school students, so their face turned white in fear after being roared at by the teacher.

They looked at each other before immediately running off.

Luo Qing Chen looked at the teacher with a gaze of praise before saying with an awkward smile, “Teacher, those kinds of rumours, you can’t.....”

“The two of you, immediately call your parents!”
