Chapter 371: Mister's childhood lover (Part 24)

In one's youth, there would be one or two indulgences.

We had this qualification and this ability at that time.

—

Everyone knew what Ye Zhi Jin was thinking, he wanted to be at the same desk as Luo Qing Chen!

Naturally Gu Qing Nuo also knew about this matter.

When he heard Bei Xiao Shi loudly talking about how Ye Zhi Jin received zero points, his heart became unsettled.....

After that, there were two girls who had their "righteous discussion" like good students.

But changes in life needed a bit of pleasant surprise so people wouldn't have any regrets.

The teacher never thought that Ye Zhi Jin and Luo Qing Chen's parents would arrive at the same time and they would be holding hands, with a bunch of shopping bags in their other hands, like they had just finished shopping.....

Oh, no, it wasn't like, they had just finished!

There were plenty of people watching by the office door, as they discussed everything in small voices.

Luo Qing Chen and school hunk Ye's mothers look so young!"

"They're not just young, they're so beautiful....."

"But they seem like they know each other....."

"I also feel the same....."

—

"That, are the two of you Luo Qing Chen and Ye Zhi Jin's.....parents?" The teacher pushed up his glasses, looking at them with an awkward and surprised expression as he asked this.

"Yes!" The two parents nodded in confusion.

Luo Qing Chen and Ye Zhi Jin didn't have contact with each other because they went to different middle schools, but that didn't mean their mothers didn't have contact with each other.

The teacher didn't know that the mothers of these two parents were friends who had grown up together.

"This, do you two.....know each other?"

"Yes!" The two parents kept strangely talking at the same time!

Instantly, the teacher's expression became a bit awkward. He cleared his throat before looking at Luo Qing Chen and Ye Zhi Jin standing on the side and saying in a strict voice, "The most important thing children do in school is study, but student Ye's results on this month's math test wasn't good!"

"Ah, is that true?" Mother Ye looked at her son in surprise before saying in a somewhat excited voice, "You finally didn't get full marks!"

"....." The teacher knit his brows before continuing, "I might not have made it clear, but student Ye received zero points on the test! That's right, zero! It's zero points, do you understand?"

"Ah?" Mother Ye looked at him in surprise before looking at Luo Qing Chen's mom and asking, "How is Qing Qing's math marks?"

"It wasn't good before, but recently she's been getting full marks!" Mother Luo looked at Luo Qing Chen and asked in a loving voice, "Daughter, what did you get this time?"

"Un.....Not bad!" Luo Qing Chen stood there in a daze.

"Then that's great!" Mother Ye revealed a smile before looking at the teacher with a serious face and saying, "Teacher, you can just have Qing Chen sit at the same desk as my son. If they help each other, his marks next month will definitely become better!"

?!

The teacher's face turned dark and almost felt suffocated by his rage. He took a deep breath and said, "These two guardians, this suggestion....."

"Is this suggestion not good?" Mother Ye looked at her best friend and asked, "Baby, what do you think?"

"I think it's quite good!" Mother Luo gave a serious nod and showed her approval!

The teacher was filled with rage and it finally exploded. He raised his fist and stood up, as he roared, "Your children have a love rumour about them going around the school, do you know about this?"

Chapter 372: Mister's childhood lover (Part 25)

"Woah!" Mother Ye excitedly jumped up and looked at Ye Zhi Jin as she said, "You, you, you.....You....."

"This reaction is more like it!" The teacher pushed up his glasses and said, "To children right now, studying is more important....."

"Son! You've finally caught her!" Mother Ye came forward and her eyes sparkled as she patted her son's shoulder while saying, "Good! You didn't waste the worries of me and your auntie Lin!"

?

"Ke, ke, ke, ke, ke, ke." The teacher held his chest and took two steps back to fall on the desk, as his face was completely red.

Luo Qing Chen was a bit stunned. She then looked over at Ye Zhi Jin's mother in a daze.

Her stunning factor was not less than the teacher who was about to faint from rage!

“No wonder you wanted to live on campus! There’s promise. You two are childhood sweethearts, me and your auntie Lin have long.....”

“Peng!” There was a long sound behind them that cut mother Ye off.

Turning around, the teacher had fainted!

Overnight Luo Qing Chen and Ye Zhi Jin became famous in the school.

Although school hunk Ye was already a famous person.

The rumours were passed many times through the school and soon, they became more and more outrageous.

The teacher had to rest at home for a while, so the retest after the monthly test had been delayed.

Until a certain autumn afternoon. The teacher came into the classroom with a thick coat and although his face was a bit pale, his mental state was not bad.

“Ke, ke.” He cleared his throats before saying to the students, “There are two matters, one good and one bad. Which one do you want to hear first?”

“Bad news.” A rather high energy boy raised his hand and said, “First bitter than sweet!”

“The bad news is that my body hasn’t been good in the past few days, so the retest will be delayed. Second, the next monthly test will be here soon, so you better study properly. As for the rankings, the ones that are at the top at the end of the semester will be put together. Those of you who don’t like studying, after the classes are remade after this month’s test, you might not be in the focused class anymore, so you have to think properly!”

“Woah.” The rather high energy boy raised his hand again, “Teacher, it’s only been two month and we’re already being put into good and bad classes, it really does feel like school.”

“You’re affecting my mood, so be quiet.” The teacher threw a piece of chalk which hit right in the center of the boy’s head, being incomparably accurate!

“Lue, lue, lue.” Although the boy was unwilling, he obediently sat down and closed his mouth.

“Then teacher, what is the good news?” Another rowdy boy raised his hand.

When he raised his hand, he didn’t forget to slap the boy from before.

The teacher rolled his eyes at him before saying, “The good news is that the annual basketball game is about to begin. You can come register with me to participate and there will be rewards.”

“Teacher, I’ve heard the seniors say that our high school is always the first one out in the basketball game!”

“.....” The teacher’s face twisted, “So! We will wash our past shame with blood this year! In short, we have attached great importance to this basketball game, so every boy in our class who is over one meter and seventy five centimeters has no choice but to participate!”

—
In one's youth, there would always be a moment where one felt a strong collective honour.

Not afraid of setbacks or losing. One could grab the hands of one's companions and continue forward.

Chapter 373: Mister's childhood lover (Part 26)

A week later, the basketball game arrived.

Dream One High School was very unlucky in drawing the strongest in S City, Martial Three High School.

That school was rather famous for their talent in sports, they had been the champions of S City for several years now.....

With the third years not being able to participate and the second years being beaten last year, the main force for this basketball game will be the first years.

As the tallest and most handsome, Ye Zhi Jin and Gu Qing Nuo were confirmed as the main forces for this year's basketball game.

All the girls of Dream One High School when they heard this news, the seats would all be filled when these two male gods competed!

This morning, Bei Xiao Shi who had never talked to her deskmate bought Ye Zhi Jin a cup of milk tea.

Ye Zhi Jin was stunned, but her next action was to pat Luo Qing Chen's shoulder.

She turned and looked at Bei Xiao Shi. She saw Bei Xiao Shi smile as she said, "Can you help me save a place at the basketball game tonight?"

Everyone competing could bring a friend to cheer for them, showing off their might!

"Sorry." Ye Zhi Jin said with an awkward smile, "I'm saving....."

"Alright! Don't say it." Bei Xiao Shi cut him off and helplessly spread her hand as she said, "Love is more important than friends, I understand!"

"But I do have my doubts." Luo Qing Chen looked at Xiao Shi and said, "You don't seem like someone who cares about the basketball game!"

At least the Bei Xiao Shi she knew wouldn't care about asking Ye Zhi Jin to save a place for her.

"This....."

"I'll help you save a place." When Bei Xiao Shi was stuttering, Gu Qing Nuo turned around and looked at her with a good looking smile as he spoke.

"Eh....." Bei Xiao Shi cleared her throat and said, "Wouldn't your Qian Zi kill me!"

"No, she's going with a friend." Gu Qing Nuo revealed an awkward smile. Finally looked at Luo Qing Chen and said, "Deskmate, you two have to properly cheer for us!"

“This!” Luo Qing Chen looked at Ye Zhi Jin and said, “You two also have to play well!”

In the previous host’s memory, Gu Qing Nuo and Ye Zhi Jin should be good at basketball. Although it wasn’t certain that they could beat Martial Three, at least they wouldn’t be slaughtered!

—

When Luo Qing Chen and Bei Xiao Shi arrived at the basketball court, it was filled with people and they were all cheering.

There were even some people who didn’t get spaces who were sitting on small boards in the stairway.

“Damn, so it feels like this to be stared at.” Bei Xiao Shi held Luo Qing Chen’s hand and said, “Why does it feel like everyone is targeting you?”

“Un.” She looked up slightly and said with a faint smile, “I’m used to it.”

Ye Zhi Jin was walking in front of her, moving very slowly like he was deliberately waiting for her.

She could feel this feeling and her heart couldn’t help feeling warm.

“Ai, I say, why is this Dream One High School crowd so full?” Martial Three’s members had already changed uniforms and deliberately came out from the side, looking at them with looks of disdain as they said, “You look not bad, but your body, it’s like butter, don’t you think so, ha, ha, ha, ha——”

“Why don’t you take a look at yourself? You look like a barbarian, who knows how old you guys are.” Bei Xiao Shi snappily said while rolling her eyes and giving a cold snort.

“Little girl, what did you say?” That person heard this and raised a fist like he was prepared to fight.

“Wang Gang, don’t embarrass yourself.” But right after that, a beautiful voice came from behind.

Chapter 374: Mister’s childhood lover (Part 27)

“Cap.....Captain!” The one called Wang Gang jumped to attention and rubbed the back of his head as he said, “I’m just scaring them, how could I dare really make a move!”

Xu Ji Yuan looked at him before his eyes fell onto Bei Xiao Shi.

His facial features were fine and he looked handsome, releasing an elegant aura from himself. There was no way for Wang Gang from before to compare to him.

Bei Xiao Shi avoided his gaze in a panic. She pursed her lips and walked forward to her saved seat.

Luo Qing Chen looked at Xu Ji Yuan and her memories kept turning. After three seconds, she thought of the person in front of her.

Bei Xiao Shi’s first love.

No, it can’t be called love, it could only be considered unrequited love.

“So you asked Ye Zhi Jin for this seat just to see Xu Ji Yuan!” Luo Qing Chen sat down and looked at the red faced Bei Xiao Shi, as her lips couldn’t help curling.

Xu Ji Yuan was their middle school classmate, but they hadn’t been in the same class.

During middle school, there weren’t any handsome guys in school. Or to put it more mildly, the handsome guys hadn’t developed yet.

Xu Ji Yuan’s one meter and eighty centimeter height had been the focal point of everyone in school.

Adding in the fact that he was good at basketball, he was the idol worshipped by many girls.

Of course, that didn’t exclude Bei Xiao Shi.

Their first encounter came from a beautiful accident.

Bei Xiao Shi had the same character as before, being straightforward and cute.

She and Xu Ji Yuan met at a KTV. Bei Xiao Shi was singing with a few friends and became particularly excited after drinking a few too many cups.

When one was young, KTV was a place where they could relax.

When they left, because she had left her cell phone in the box, she ran back to grab it.

When she charged in, she slammed into Xu Ji Yuan who had just booked this room.

Bei Xiao Shi told her that she would never forget that moment, the sound of her heart beating fast.

Although she didn’t follow Xu Ji Yuan, that didn’t mean she didn’t know who he was.

After all, a person popular in school, she would have seen him once or twice.

She heard that when they collided, Xu Ji Yuan didn’t forget to tease her with a few words.

Bei Xiao Shi felt like her face was burning at that time and kept bowing her head to apologize.

Not only did Xu Ji Yuan give her phone back to her, he also stopped the hot headed people he was with from bullying her.

This matter should have ended here, but Bei Xiao Shi found after getting home that there was an extra name in her contacts.

That’s right, it was Xu Ji Yuan.

—

“Ke, ke.” Bei Xiao Shi gave two coughs before saying, “I’m not someone willing to give up, you know that.”

“He has a girlfriend?” Luo Qing Chen looked at the other side’s seats and there was a beautiful girl wearing a white dress leaned over, whispering in his ear.

Bei Xiao Shi knit her brows and said with an unhappy look, “Perhaps!”

Luo Qing Chen wanted to say something, but there was a loud wave of cheers that filled the stands.

“Ye Zhi Jin! Ye Zhi Jin! Ye Zhi Jin!”

“Gu Qing Nuo! Gu Qing Nuo! Gu Qing Nuo!”

After the two waves of cheers, Luo Qing Chen shook her head with a smile and said, “Why do I feel there is a bit of internal conflict between these fans!”

As soon as her voice fell, the beautiful girl in the white dress raised her microphone and shouted, “How about we support our school hunk!”

Martial Three High School’s students were like a coordinated team as they shouted, “Xu Ji Yuan! Xu Ji Yuan! Xu Ji Yuan!”

There was another male student who added, “The school flower and school hunk are together, Martial Three must win!”

Chapter 375: Mister’s childhood lover (Part 28)

Luo Qing Chen could feel Bei Xiao Shi’s body tremble beside her, as a hurt look appeared in her eyes.

She rarely saw Bei Xiao Shi like this. She felt that when a cheerful girl was hurt, it seemed even more painful.

This was because she must feel really bad.

The referee blew the whistle and the match began.

It had to be said that Martial Three High School really was the championship team that had won many years before, this team was very good at both offense and defense.

If Dream One High School didn’t have Ye Zhi Jin and Gu Qing Nuo, the score would have been pulled apart already.

Ye Zhi Jin’s three pointers were very accurate, with a high accuracy of over 80%.

With every three point shot, there would be a passionate cheer from the crowd. In that moment he was the center of the attention.

Only, he wasn’t the only one.

Luo Qing Chen looked at him on the court before looking around, it was like there were eyes watching every move that he made.

That dazzling.

It had to be said, although Gu Qing Nuo became a scumbag at the end of another parallel world, he was still good at basketball.

Moreover, the tacit understanding he had with Ye Zhi Jin was not bad.

But the rest of them were just too bad, they couldn't even keep up in basic endurance.

When it was half time, Gu Qing Nuo roughly laid out some tactics which Ye Zhi Jin agreed to.

Luo Qing Chen gave him water before asking, "Can you guys win?"

"Hard to say." Ye Zhi Jin looked at the score before saying in a cool voice, "The hardest part isn't that we're behind by ten points, the hardest part is that our team's physiques can't match theirs."

"What about the bench?"

"No....."

Luo Qing Chen didn't keep asking since Ye Zhi Jin said it wasn't possible, it meant it wasn't possible.....

"Qing Chen." He turned to look into her eyes and asked, "Do you hope that we can win?"

"Of course!" Luo Qing Chen didn't forget to add, "For the honour of the school!"

"If we win, can you do something for me?" His eyes were sparkling a bit, like he was yearning and hoping for something.

Luo Qing Chen was surprised, but she revealed a smile after and said, "Alright."

Although she didn't know what it was, the feeling of being chased by the male god.

Was really good!

After half time, the other side took out their two substitutes and their original team came onto the court.

There was still a difference of ten points, but with Gu Qing Nuo's encouragement, everyone found the strength to keep fighting.

Xu Ji Yuan as the team captain had changed their tactics in the second half. He specially sent four people to shadow Ye Zhi Jin and Gu Qing Nuo, making them unable to use all their strength.

But Ye Zhi Jin's three pointers had reached a level that surpassed humans, not giving them a single chance and scoring with each shot.

After half time, the match had begun to heat up. The cheers came in waves that were bigger than the last, almost everyone was cheering Ye Zhi Jin and Gu Qing Nuo's names.

Xu Ji Yuan never thought that even with four people shadowing them, not only could he not stop them from scoring, he actually gave the normal teammates many more chances with the ball.

After several rounds, the two sides had pretty close scores. Ye Zhi Jin three a backwards three pointer and evened the score.

At this time, there were still fifty seconds before the end. Whoever could score first would win.

The teammates quickly passed the ball and the ball landed at Ye Zhi Jin's feet. The only person blocking him right now was Xu Ji Yuan.

The audience held their breath, waiting for the final conclusion of the match.

But the more silent it was, the clearer Ye Zhi Jin could hear the “gazhi” sound.

He looked to the left and found that there was a lamp that suddenly fell, with this lamp being right over Luo Qing Chen’s seat.

Chapter 376: Mister’s childhood lover (Part 29)

Luo Qing Chen seemed to notice something as she looked up and was frozen on the spot.

On a psychological level, this was called a frozen mind, which was that when people met danger, their mind couldn’t react at all and they couldn’t muster any strength at all.

Many car accidents happened like this, it wasn’t because the victims didn’t have time to run, but rather because they couldn’t move at all!

“Qing Chen!”

“Xiao Shi!”

In the blink of an eye, Ye Zhi Jin threw away the basketball in his hand and charged towards Luo Qing Chen.

At the same time, completely ignored the match and charged to grab Bei Xiao Shi.

“Peng!” The lamp slammed down into the seat and shattered glass flew all over.

The scene fell into chaos and several girls who hadn’t been pushed away suffered varying degrees of injuries.

“It’s fine, it’s fine.....” Ye Zhi Jin held the trembling her as he patted her back and whispered into her ear.

He knew that she was very afraid.

“I....I’m fine.” She took a deep breath and tightly clenched her trembling hands. She looked up and said, “Where’s Xiao Shi?”

Ye Zhi Jin looked to the side and saw Bei Xiao Shi being tightly held by Xu Ji Yuan, not being hurt at all.

“Relax, she’s fine.” His cold and gentle voice rang out, causing her tense heart to slowly calm down.

There was such a major accident on scene, so the basketball match was stopped.

To be on the safe side, Luo Qing Chen, Bei Xiao Shi, and the other girls who were injured were sent to the hospital to get checked on.

She leaned back in the hospital bed with her brows slightly knit as she felt a bit unsettled.

She felt that there was something wrong with this accident, but she couldn’t tell what.

System, calling the system.

[The host wants to ask if it was an accident or caused by someone, right?]

Right!

[The host has the space time mirror in your storage, you can take it out to find what happened.]

Alright!

[Ding, the space time mirror has been taken out of the spatial storage.]

There was a mirror that slowly appeared in her right hand and it was surrounded by bright glass beads, looking very luxurious.

Luo Qing Chen waited as the image in the mirror slowly cleared.

Cheng Qian Zi had come into the basketball court a day before the match with some hoodlums and had tampered with the lights.

There were faint voices coming from the mirror, so she covered herself with her blanket and went closer to listen.

“Little sister Qian Zi, we’ve helped you do a big favour this time, so you have to properly thank us!”

“Qian Zi, look how much big brother Kun cares about you!”

“Alright, big brother Kun is the best!” Cheng Qian Zi narrowed her eyes and said, “That Luo Qing Chen thought that I would end it with the matter last time, but he, he, she is too naive. It’ll be too late for her.”

No one could steal Gu Qing Nuo from her in this world, no one at all!

“But, I don’t know when this light will fall.” One of the hoodlums looked up and said, “If it doesn’t fall tomorrow, it’ll be a waste.”

“It will fall, the heavens have eyes! It’s best if it kills her!” Cheng Qian Zi gave a cold snort as a sinister look appeared in her eyes.

Next it was a scene of Cheng Qian Zi at the basketball court looking anxious. She kept calling out in a soft voice, “Fall, fall faster, faster!”

Until the moment the lamp collapsed over Luo Qing Chen, her lips curled into a wide arch.

It was the smile of a victor, sinister and evil.

Chapter 377: Mister’s childhood lover (Part 30)

She slightly knit her brows and a cold look appeared in her eyes.

After the military training matter, she thought that it was over since she took her small revenge at the night of the military song party.

She never thought that this matter would keep going!

As expected, some things would happen eventually and people's natures were hard to change.

"What are you doing, why are you wrapped up in your blankets?" Ye Zhi Jin's cool voice came from beside the bed and scared her into dropping the mirror onto the ground.

System, take.....back the mirror.

[Ding, the space time mirror has been retrieved.]

"Co.....I'm cold!" Luo Qing Chen said with a serious expression.

Ye Zhi Jin looked up at the air conditioner and knit his brows in confusion, "You're....cold? Then I'll get another blanket from the doctor!"

"Get what!" Luo Qing Chen threw the blanket aside and said, "I'm getting out!"

That youth had protected her that well, how could she be injured?

When they walked out, they saw Bei Xiao Shi room across the way. Xu Ji Yuan was asking the doctor about the situation and the young miss school flower was standing there with an unwilling look on her face.

Luo Qing Chen pursed her lips and stuck her head in to take a look.

Bei Xiao Shi was very silent, an unprecedented silent.

"Hey, aren't there a lot of handsome guys in your Dream One High School?" The school flower young miss patted her arm and said with an unwilling voice, "Why do you have to hook our Martial Three High School's school hunk!"

"Ze, ze, ze." Luo Qing Chen softly dusted her clothes and said to the school flower young miss, "Don't be crude!"

"You....."

"Ke, ke." She cut off the school flower young miss and said, "Everything follows the order of first come first serve, you understand!"

After saying, she didn't forget to look at Bei Xiao Shi before turning to walk out the door.

Ye Zhi Jin was following behind her. The school flower young miss saw that it was the handsome guy from the basketball game landing all the three pointers, so she immediately revealed a smile.

She never thought that Ye Zhi Jin would seriously look at her and say, "First come first serve is very important!"

?!

Who did she offend? Why was everyone saying this to her!

Who was this little girl!

She looked over and found that Xu Ji Yuan looked up at this girl from time to time, but he didn't notice her at all!

Although they hadn't known each other for long, they were publicly recognized as a couple by everyone in school.

When they left the campus together, it would draw the sounds of discussions.

To be honest, she quite liked this feeling! She also thought that Xu Ji Yuan felt differently about her!

But when she saw him not care about the game at all, not care about his safety to save a girl from the other side.

She suddenly felt that she.....wasn't that important.

—

When they walked out of the hospital, Ye Zhi Jin followed her while asking the same question, "Are you really alright?"

"Big brother childhood friend, you've already asked this three times!" She turned and looked at him with a sweet smile as she said, "This isn't like our silent and dull school hunk Ye!"

"Un.....Un." Ye Zhi Jin heard this and his eyes sparkled as he said, "In the beginning.....I'm not some school hunk!"

"Puchi." Luo Qing Chen couldn't help breaking out in laughter, "The important part is the silent and dull!"

He was a bit stunned as he looked into her clear eyes and at her sweet smile, feeling quite satisfied.

The street was filled with people walking around and the sunlight fell down on their bodies. The soft breeze blew through their clothes and there was a faint begonia smell in the air.

October, it was the season when begonias bloom.

If this picture could freeze, how perfect that would be!

Chapter 378: Mister's childhood lover (Part 31)

The basketball game incident received a lot of attention. The cut marks on the basketball lights confirmed that it was no accident.

But there were no cameras in the basketball court, so the perpetrators couldn't be found for now!

As for the match between Dream One and Martial Three, the score was tied, so they both went through.

It was like Dream One had bloomed after that, being the king among the other high schools.

Ye Zhi Jin's three pointers still came out of the sky.....

In the end, after a month of games, the finals were here.

History was quite shocking sometimes. The two teams of the final were Dream One and Martial Three who had competed in the beginning.

This time they didn't have friend seats, rather they went to the second row instead

The reason was very simple, Gu Qing Nuo took Cheng Qian Zi instead.

Bei Xiao Shi coldly looked at the friend seats and angrily said to Luo Qing Chen beside her, "What to do? I can't control the energy inside me and I want to go beat Cheng Qian Zi! Tell me, do you think it really was her who caused the incident last time?"

"Girl, girl, your male god is looking at you." Luo Qing Chen's eyes turned cold as she looked at Cheng Qian Zi in the friend seats and said, "Un, it was her."

She wanted to fight back, but the enemy didn't do anything and she wasn't willing to do something like framing others.

A person had to have a kind heart, or at least have a clear conscience.

With a whistle, the game began.

The sides clashed and the score was very close, with cheers erupting across the court.

Sweating while exercising on the field would always attract screaming, that is the youth we once experienced.

Bei Xiao Shi beside her went all out to cheer Xu Ji Yuan's name, attracting some strange gazes.

Luo Qing Chen looked at Bei Xiao Shi with an awkward smile, "You're on the wrong side, you should have gone to the other stands."

"I wanted to, but there were no spaces!" Bei Xiao Shi spread her hands with a helpless look on her face.

This fierce competition made people excited, but the desire to win sometimes took over people's minds.

A member of the Martial Three team deliberately slammed down Ye Zhi Jin and then stepped on his elbow.

The referee blew his whistle and raised a red card.

Xu Ji Yuan tightly knit his brows, quickly moving over to Ye Zhi Jin to help him up before looking at the teammate who committed the offense with cold eyes.

It was right to want to win, but using underhanded methods, even if they won, it would be filled with shame instead of pride.

"Sorry." Xu Ji Yuan looked at Ye Zhi Jin and said in a sincere voice.

"It's fine." Ye Zhi Jin knit his brows as he looked in Luo Qing Chen's direction, shaking his head.

Luo Qing Chen trembled as her heart was moved.

When he was hurt, he didn't think of himself, rather he wanted her to not worry.

His teammates all ran over and seeing his red arm, someone asked, "Are you alright?"

He shook his slightly trembling hand and looked at them as he said, "It's fine, keep going."

Ye Zhi Jin didn't shoot anymore three pointers, rather he kept passing to Gu Qing Nuo to have him dunk instead.

"Hua!" With the sound of the whistle, the match was over.

The score was miraculously even, so the match entered the most heated stage.

The three point shots.

Each team sent out someone to shoot three pointers until there was one team that missed who were considered the losers.

This method was very simple and the most fair.

Chapter 379: Mister's childhood lover (Part 32)

The court became incomparably silent, as everyone held their breaths and waited for the final result.

Martial Three sent out Xu Ji Yuan and Dream One sent out Gu Qing Nuo.

They could substitute people at any time. As long as they got it in, they would win.

Luo Qing Chen knit her brows and looked at Ye Zhi Jin on the side, as her heart filled with worry.

There was only one reason why he didn't go up, his arm was really injured.

With the draw, Martial Three chose to shoot first. Xu Ji Yuan was very stable, sending the ball accurately into the hoop.

Gu Qing Nuo took a deep breath and bounced the ball twice before raising it to aim.

Cheng Qian Zi on the side shouted out, becoming the center of the attention.

"Be quiet." Gu Qing Nuo knit his brows as his lips parted slightly.

In this critical moment, every word decided the accuracy of the shot. Both of them were focused at 120%, not daring to relax at all.

The two went back and forth until Xu Ji Yuan failed, as the ball bounced out of the hoop and didn't go in.

Gu Qing Nuo took the first deciding point of the match.

The crowd was silent as everyone became incredibly nervous.

There was a clear figure in his mind that created ripples in his heart.

After that, he turned to look at Luo Qing Chen in the stands. His lips curled into a handsome smile as he said, "Desk mate, if I land this ball, help me with my math after this!"

"Ai—" These words from Gu Qing Nuo created an uproar in the crowd.

The crowd discussed this with whispers, being filled with jealousy and envy.

The jealous people included Cheng Qian Zi. She turned to stare right at Luo Qing Chen and she looked like she was about to explode.

That expression was not something that a high schooler could reveal.

And the envious people were the gossipers.

“My god, why is Luo Qing Chen’s life so good! Creating scandals with school hunk Ye, while also being desk mates with school hunk Gu!”

“So envious, she must have saved the galaxy in her last life!”

“The most important thing is that she seems to be very smart, getting full marks on every math test.”

.....

Un, it was all because of the system, it wasn’t related to her at all.

Speaking of her achievements, she was a bit ashamed!

Five seconds later, Luo Qing Chen looked up and wanted to say something, but there was a ‘heaven shaking’ change that developed on the court.

Ye Zhi Jin quickly charged forward and took the ball from Gu Qing Nuo’s hands. Without another word, he turned and created a beautiful perfect arc.

Three point shot!

Gu Qing Nuo was stunned in place, not coming back to his senses.

“Woah!” In an instant, the court exploded.

“God!”

“Is there a need to be this handsome!”

“Damn, this old woman’s young heart!”

Ye Zhi Jin’s actions even stunned Luo Qing Chen.

She never thought that this young would use the most special method to give her an unprecedented shock.

Perhaps he used this three point shot to tell his love rivals that the person called Luo Qing Chen was his woman.

Not overbearing, cold, or wild.

He used this silent and special method to express his thoughts.

Bei Xiao Shi beside her had her mouth open and she couldn’t help sighing, “My desk mate, this action is too handsome!”

On the court, the referee was stunned for a bit before ending the game.

There were the big words “Dream One High School” on the LCD screen.

All the students stood up and broke out in cheers.

This was Dream One High School’s first time winning the basketball championship.

This feeling was a sense of pride the school had never felt before and it exploded in the hearts of every student.

This was a so-called shared honour!

Chapter 380: Mister’s childhood lover (Part 33)

After the match, Cheng Qian Zi quickly made a call.

Luo Qing Chen narrowed her eyes as she pulled Bei Xiao Shi beside her.

Bei Xiao Shi immediately understood and the two followed her.

Cheng Qian Zi never thought that someone would follow her, so she was quite at ease when she met Liang Kun.

“Qian Zi, you made big brother Kun wait so long!” Liang Kun said with a terrifying smile, “When will you let big brother Kun have a taste of a little student?”

“Ai—” Cheng Qian Zi’s eyes revealed a bit of panic, but she quickly revealed a graceful smile as she said, “I will find you a better one that will definitely satisfy you!”

Liang Kun stuck out his tongue and snorted a few times, before touching his bearded chin with his rough hands and saying, “Qian Zi, you better not disappoint big brother Kun and his brothers, you’ve promised me this many times. Even if I can’t eat you, you should give me some other sweets, right?”

“Of course, I am big brother Kun’s little sister, of course I’m always thinking of you.” Cheng Qian Zi lowered her head with a smile as her eyes revealed a fierce look.

Bei Xiao Shi heard this and rolled up her sleeve to charge over, but Luo Qing Chen stopped her and whispered, “Fooled, what do you gain from going over now? At best you’ll just ruin her plan. But for someone calculating like her, naturally she would think of a second plan.”

“Then what do we do, we can’t just wait for them to take care of us, right!” Bei Xiao Shi was trembling from her rage. She bit her lips and revealed a look of rage as she looked at Cheng Qian Zi not far away.

“So what if we wait for her?” Luo Qing Chen revealed a faint smile as she said to Bei Xiao Shi, “Did you forget what we talked about before? For a person like Cheng Qian Zi, what kind of thing will hurt her?”

“Gu Qing Nuo?” Bei Xiao Shi knit her brows and said with pursed lips, “But what does she want to do? Based on what they did before, it seems like they’re always targeting you.”

“You’re not dumb if you can think of this!” Luo Qing Chen patted her head and said, “I can guess most of it.”

She narrowed her eyes and looked at Cheng Qian Zi in front of her with a cold look in her eyes.

Perhaps she had experienced quite a bit, but she could guess most of what this kind of person was thinking. How terrifying she was couldn't compare to Cheng Qian Zi of the other plane.

—

That night, the members of the basketball team held a party to celebrate their victory.

Luo Qing Chen received a text message from Gu Qing Nuo, asking her to buy a couple bottles of Coke from the convenience store behind them.

The cell phone number was Gu Qing Nuo's, but she knew who was the one who really sent the text message.

Luo Qing Chen shared her speculations with Bei Xiao Shi whose eyes almost popped out when she heard it.

"She.....She wouldn't be that ruthless, right!" Bei Xiao Shi didn't dare believe that a high school girl would be so calculative.

But there would always be a few irregularities in this world. Her being this calculative was inherent and unrelated to her age, she was just this dirty to begin with.

"Un, it should be this. Let's observe the situation step by step." Luo Qing Chen looked at her and said, "Let's keep in touch."

"But....." Bei Xiao Shi was a bit worried as she looked at her and said, "If your guesses are right, you'll be in danger by going alone! I think her big brother is someone from a gang....."

"If you don't enter the tiger's den, you can't lure out the tiger." Luo Qing Chen gave a soft laugh as her eyes turned cold and she said, "I've already guessed their plans, so if something really happens to me, I won't need to keep going, don't you think?"
