Chapter 401: Mister's childhood lover (Part 54)

The air was filled with a rich coffee smell that was sweet and fragrant.

Luo Qing Chen seemed to know at that moment that he wasn't there.

Because his figure was deeply engraved in her mind, looking so clear.

"Hello, are you mister Ji Chen?" The manager of the cafe came forward and asked in a respectful voice.

"How do you know?" Ji Chen pretended to be a dandy as he fixed his tie and said, "Could it be.....you're a secret admirer....."

"Ke, ke." The manager's face turned red and immediately cut him off, "Sorry mister Ji, it was director Ye who had me wait for you here."

"Director Ye?" Ji Chen gave a shrug and said, "He actually booked a cafe for me!"

"Yes." She took out two tickets and said, "Director Ye had me give you this, he still had something else to do!"

"I know! Help me pack up two cups of strawberry au lait." Ji Chen said to Su Lan beside him after taking the tickets, "You can order what you want to drink!"

"Blue Mountain coffee."

"Alright, it's a total of seventy eight yuan."

"Ah, it still takes money?" Ji Chen searched his pockets to find that he didn't have his wallet before he cleared his throat and said, "You can just get it from director Ye!"

"Sorry, mister Ji." The manager said with an awkward voice, "We don't take credit here."

Ji Chen looked at Su Lan with a frown and Su Lan quickly shook his head, "I didn't bring my bag....."

"I got it, I got it....." Luo Qing Chen couldn't help revealing an awkward smile seeing these two rich masters. She took out a hundred from her wallet and said, "Here."

Without knowing it, at that moment, the seven coloured bracelet slipped off her wrist.

"Aiya, it really is good having a little assistant." Ji Chen smiled as he patted Luo Qing Chen's shoulder, while his eyes sparkled.

After five minutes, the manager handed them the two drinks and said, "Please come again."

"I won't!" Ji Chen gave a snort. He pushed Luo Qing Chen while saying to Su Lan behind him, "You just wait for Ye Zhi Jin here, although I don't know if he'll come back."

After walking out of the cafe, Luo Qing Chen felt a bit disappointed.

In the end, they didn't meet.

She looked up at the wind chimes before a faint trace of sorrow appeared in her eyes.

Disappointment was like rain, falling down on the memories by the side of the road.

Memories sinking into the past and disappearing in reality.

—

At the large scale math seminar.

There were the elites of the country's math world here, every person had the word 'pride' written on their face.

The pride of being different from others.

Luo Qing Chen met Ji Chen's greatest rival, Li Sheng.

He was also the one who had taken first place at the math conference's last genius competition.

There would be a competition at the conference each year, with people coming up in pairs to duel and the loser stepping off.

Everyone only had a single chance to go on stage and the last person on stage was the winner.

"Ai, loser, we meet again." Li Sheng gave a cold snort, as he looked at him with a taunting smile, "I never imagined it, you could still get a ticket?"

A month ago, he had used underhanded methods to get all the tickets to this conference.

Then he sold them on the net with transactions that required real names, so he never thought that Ji Chen would get a ticket.

"Say that after you win this year, alright?" Ji Chen looked up with cold eyes filled with hostility.

Chapter 402: Mister's childhood lover (Part 55)

"You really won't give up without seeing the Yellow River." Li Sheng gave a shrug as he said to him with a look of disdain, "No wonder my Ning Qiu chose me in the end and not a piece of trash like you."

"Li Sheng!" Ji Chen grabbed his collar with eyes filled with rage.

"Don't fight." Luo Qing Chen quickly pulled him back and said to Li Sheng with knit brows, "Before the competition begins, no one knows the results. If you start bragging now, wait until someone slaps your face."

Luo Qing Chen knew that based on their simple interaction, there was something between the two of them.

Un, a woman!

"Ha, ha." Li Sheng patted his suit and looked at Luo Qing Chen with a cold gaze before looking at Li Sheng, "Good! Now you're starting to play with little girls."

"Based on your appearance, you should be Ji Chen's uncle! Thirty five.....Ah, you look like you're forty."

“You.....” Ji Chen had a good mind, naturally he could understand the meaning in Luo Qing Chen’s words. He bit his lip and said, “Open your eyes, big brother is only twenty five.”

“Ze, ze, ze.” Luo Qing Chen deliberately looked him over before shaking her head and saying, “You really don’t seem like it.”

“You.....”

“Ai.” She cut him off and said with cold eyes, “Blaming your old age on other people looking young, you really are without grace. Of course, you’re calling a twenty year old like me an underaged girl, is there something wrong with your old eyes, or is it.....”

She paused before continuing, “I look too good!”

As soon as her voice fell, she didn’t look at Li Sheng’s face at all, she just dragged the stunned Ji Shen to the empty spot in front.

When she sat down, she said with a faint smile, “How about, was I handsome just now!”

“Stunningly handsome, alright?” Ji Chen looked at her with surprise and said, “Did you see how red with rage Li Sheng looked? With how passive you normally looked, I never thought that someone like you could be so powerful.”

Luo Qing Chen’s lips curled and said with a soft smile, “So Ning Qiu is.....”

“Ke, ke.” Ji Chen scratched the back of his head and said with an awkward look, “Past.”

“Oh.” Luo Qing Chen looked at his annoyed and angry expression and she couldn’t help saying with a smile, “I know, I can hear it.”

“Ning Qiu was my childhood friend.” After a while, Ji Chen drank from his strawberry au lait and leaned back as his eyes glazed over with memories. He slowly said, “I didn’t understand what love was back then and Ning Qiu was always by my side, so I felt that Ning Qiu should belong to me, always.”

When he said the words childhood friends, Luo Qing Chen slightly knit his brows. It was like the memories frozen deep in her heart suddenly shattered open.

Luo Qing Chen didn’t say anything, she just took her drink from the bag and took a sip as she silently listened to him.

“Then there was a national math competition and I went with Ning Qiu, where we met Li Sheng.....”

“You lost?”

“No, I won the competition.” Ji Chen said with a helpless smile, “But I lost her.”

“And then?” Luo Qing Chen said with a look of enjoying the gossip on her face.

“And then?” Ji Chen gave a casual smile and said with narrowed eyes, “Then Ning Qiu ran away with him.”

.....

The young man in front of her used a casual tone to explain it like it was unrelated to him, but she could tell from his eyes that his heart was filled with loneliness and pain.

Chapter 403: Mister's childhood lover (Part 56)

Luo Qing Chen didn't keep asking, the host had come onto the stage and began this national math conference.

At first there were all kinds of introductions and boasting.

It wasn't until the 'genius competition' began that everyone became excited.

Every person's ticket had a label and there was a number written on it.

The host pressed the number display on the stage and chose which numbers to come onto the stage.

There were no limits to problems, whether they were sequences or functions, they could appear as long as they were math questions.

This was a test of everyone's entire math skills.

Coincidentally, the first person chosen was Ji Chen.

"Ah, I'm about to be the first one." He had a relaxed smile and he didn't forget to tease Luo Qing Chen beside him, "Don't come onto the stage when your number is chosen, I can't bear to abuse you."

Ji Chen's smile was very warm. There was a feeling that with a single smile from him, it lit up the entire world.

Luo Qing Chen knew that he wasn't afraid of bullying her, but rather being bullied by her.

"The one who just came up was last year's runner-up, is everyone feeling pressure now!" The host was still boasting as he came forward.

The competition was about random questions, so there were two tablets on the side. Whoever could write the answer first was the winner.

The questions scrolled very fast. If the two of them wrote the answers within five seconds of each other, they would both pass.

It had to be said, Ji Chen really was good. Facing all kinds of different opponents, he still didn't lose.

Until—

Li Sheng came up.

Ji Chen had a very casual look, but Li Sheng was different.

Luo Qing Chen could feel the flames burning in Li Sheng's eyes, they were flames saying that he had to win.

“A powerful match is now about to begin.” The host excitedly said, as the tablets on stage lit up with questions.

To be honest, although she didn’t like Li Sheng, he was indeed a math genius.

But compared to Ji Chen, he couldn’t keep up.

The sharp-eyed people under the stage could tell that Ji Chen was solving the questions faster than Li Sheng.

Although Li Sheng could always catch up in five seconds.

But the further back he went, the more Ji Chen had the advantage.

Li Sheng knit his brows and deliberately said, “When Ning Qiu left you, it wasn’t because she loved me, it was because she had my child. Right, I took advantage of her drunken state to knock her up.”

Li Sheng’s voice was very soft, but he knew that Ji Chen beside him heard him.

He had written half the answer on the tablet, but he knew that he couldn’t keep going.

Ji Chen didn’t even think as he threw a punch at Li Sheng, using all his strength.

Maybe his past already faded and perhaps he no longer loved Ning Qiu, but the rage in his heart had festered and it would explode one day!

“Peng!” Li Sheng fell to the ground. He wiped the blood from the corner of his mouth with a smile as he looked at Ji Chen and said, “You’ve lost.”

The host quickly pulled them apart and made a ruling.

He had lost last year because he saw Ning Qiu at the competition last year and he still lost this year because of Ning Qiu.....

Ji Chen turned over and looked at the unfinished question on the tablet. He revealed a helpless smile before looking at Li Sheng, “Is the taste of victory really that good?”

After saying this, he turned and walked off the stage.

“It is!” Li Sheng roared out, as his eyes turned bloodshot, “As long as I can beat you, Ji Chen, it is good!”

Chapter 404: Mister’s childhood lover (Part 57)

There were some things where winning wasn’t winning and losing wasn’t losing.

Too much attachment will trap your thoughts and you will never escape.

—

Ji Chen sat down beside her and his gaze was a bit off. He wasn’t as helpless as before and rather he felt like he had let go.

“Alright, next we invite number thirty four to come up for the challenge.”

Luo Qing Chen looked down at her ticket and found it was her number.

But Ji Chen grabbed her hand and shook his head with a faint smile, "Don't go, you aren't his match."

"How do you know that I'm not his match!" Luo Qing Chen said with a smile, "You don't believe in me!"

"The question I had you do last time isn't even at the same level as the one I gave you last time." Ji Chen's eyes sparkled with a look saying that he wasn't willing to let his little assistant be bullied.

"Are you here number thirty four? Are you planning to give up?"

"Here!" Luo Qing Chen suddenly stood up, attracting everyone's attention.

She didn't forget to look down at Ji Chen and say in a soft voice, "If I win tonight, you have to bring me to the Crown Group's anniversary banquet tonight."

After saying this, she turned to move up to the stage.

She left behind her back, causing Ji Chen to reveal a look of pity.

Ke, ke, was she supposed to be his partner?

No matter how he thought of it, he felt a bit excited.....

It was like during this long time, it was a feeling he hadn't felt in a while.

It was very strange.....

"Ai, this really is funny." Li Sheng looked at her and his eyes were filled with disdain, "Don't blame me for bullying a little girl. I'll give you ten seconds, you can answer first."

"Oh, alright." She picked up the tablet pen and turned to look at the screen with a soft laugh.

The questions appeared on the screen.

Looking up, lifting her hand, and putting the pen down.

This took less than three seconds.

"There's still seven seconds." She turned to look at Li Sheng and gave a shrug, as her expression didn't change at all while she said, "You've already lost."

"Si——" The crowd was filled with an uproar.

A girl that seemed incredibly young actually defeated last year's champion in less than ten seconds of going onto the stage.

People were simply shocked, as whispers began to pass through the conference hall.

Li Sheng looked at the screen in panic before turning to the host, "This doesn't count. I was just going easy on her, I never thought that she would take advantage of this."

"This....." The host said with some difficulty, "Perhaps this isn't too....."

“It doesn’t matter.” Luo Qing Chen cut off the host with a faint smile before looking at Li Sheng and saying, “My master said that respecting the old is good moral character, it doesn’t matter.”

“This young miss, what is your master’s name?” An old man under the stage pushed up his glasses as he asked Luo Qing Chen.

“Ji Chen.”

As soon as he voice fell, she turned to face the screen as her clear eyes lit up.

Perhaps she didn’t know it, but this action from her on stage had moved Ji Chen’s heart.”

“I’ll let you be arrogant for a bit.” Li Sheng gritted his teeth as he looked at her and spoke.

Then more questions appeared on the screen.

Luo Qing Chen always wrote the answer when Li Sheng had calculated it.

Every time she did this, she allowed Li Sheng to catch her within five seconds.

As time passed, Li Sheng became more and more unfocused and Luo Qing Chen had to wait longer and longer.

When it came to the twentieth question, Luo Qing Chen looked at Li Sheng with his face covered in sweat and his messy hair and said, “Sorry, I don’t want to wait any longer.”

After saying this, she wrote the answer on her tablet right away and ended the competition.

Chapter 405: Mister’s childhood lover (Part 58)

Instantly the crowd was stunned.

This girl who seemed to be seventeen-eighteen on the stage, she showed no fear at all when facing last year’s champion.

The most terrifying thing was that she could solve the question so fast, with no need to write her process and directly answer the question.

Einstein once said: Just write the answer and not the process because the process is in the mind and there’s no need to write it.

“You.....” Li Sheng looked at his empty tablet and his face was red as his eyes turned bloodshot.

He grabbed his chest and slowly raised the tablet in his hand, as he prepared to charge at Luo Qing Chen.

When Luo Qing Chen wanted to go up and punch him, Ji Chen pulled her back and placed her behind him.

God damn! Who’s blocking the anger in her heart.

She didn’t know why, but when she looked at Li Sheng, she wanted to slap him!

It was because he was too embarrassing, a dog that was all bark and no bite!

One could frequently see boys like this in their youth. They spoke crude words, acted crude, and still felt that they were handsome!

Actually in a girl's heart, it was unknown how annoying these kinds of people were.

In her heart, a real handsome guy was someone who silently stood there like a warm breeze.

"I don't believe it, I don't believe it....." Li Sheng wildly shook his head and held his chest as he roared with a fierce expression, "Impossible, definitely impossible! You must be working together, impossible....."

He was Li Sheng, Li Sheng who had beaten Ji Chen!

The math genius!

How could he lose to a little girl! Impossible, it was definitely impossible!

"Resorting to accusing someone of cheating when you're not good enough, are you shameless?" Li Sheng gave a cold snort. He grabbed Luo Qing Chen's hand and walked off the stage.

At that moment, everyone's eyes were on the math genius girl. She was that dazzling, that stunning.

—

At the same time, Ye Zhi Jin had returned to the Other Shore Cafe after his meeting with Ethan.

Su Lan was still waiting for him, but she was a bit distracted. Tonight was the Crown Group's anniversary banquet and she knew that he didn't need a date, but she still wanted to be his date.

"Ji Chen went to the conference?" Ye Zhi Jin ordered a cup of coffee before sitting down in front of Su Lan.

He got used to drinking coffee over the years, drinking when he slept, drinking when he couldn't sleep.

He felt that if he drank more, he could numb his mind as much as possible and not think about things.

"Un." Su Lan looked up with a faint smile and said, "He said that you would come, so he had me wait here."

After all these years, Su Lan found that she didn't understand Ye Zhi Jin as much as Ji Chen.

There was no one by Ye Zhi Jin's side and she had all those chances, but she could never enter his heart.

"He does quite understand me." Ye Zhi Jin looked at his watch and calmly said, "It's almost time for the anniversary banquet, I'll send you home."

To Ye Zhi Jin, Su Lan was just the daughter of his professor and nothing else.

"Zhi Jin." Su Lan pursed her lips and said, "I want to go to the anniversary banquet with you."

"It's a company celebration, outsiders can't come." His tone was very calm. In his calm as ink eyes, there wasn't even a sparkle.

“But I.....”

“Ai, who dropped this bracelet! It’s so beautiful, it’s rainbow coloured! It’s a pity that there’s a mark in this red part.....”

Ye Zhi Jin’s body trembled and his deep eyes sparkled as it scattered layer by layer.

He wildly charged at the source of the sound and slowly picked up the seven coloured bracelet.

His mind kept turning as he tried to recall this bracelet.

Chapter 406: Mister’s childhood lover (Part 59)

That winter, she had her first birthday since they reunited.

He didn’t know what to give her even after thinking for a long time. He had asked many people and did a lot of research, even going to forums and searching on Baidu.

In the end, after receiving all the unrealistic opinions, he thought about it and gave her a handmade bracelet.

He could still clearly remember the expression she had on the day she opened the present.

It was a pleasantly surprised glow that appeared in her eyes.

Seeing his favourite girl revealing this kind of moved expression, he felt especially proud in the depths of his heart.

Then during a gym class, she had accidentally fallen. The red crystal was scratched and he went with her to many stores, but they all said that it couldn’t be fixed and could only be repaired.

So she leaned in with a smile and said, “Life needs to be a bit imperfect for it to be complete!”

At that time, she was wearing the red and blue uniform with a sweet smile on her face.

The gentle sunlight penetrated through the leaves and shined down on her white face.

It was incomparably beautiful.....

“Director Ye, do you have any orders?” The manager saw Ye Zhi Jin and quickly ran over to ask this.

“Immediately bring out all the surveillance footage for today, right now, immediately.” He took the bracelet and tightly held it in his hands, as a flash of light shined in his dark night.

Seven years, she had been gone for an entire seven years.

Everyone had said that she was certainly dead, but he never believed it. He would never believe, even until the day he died, he would never believe it.

“Yes.....Yes, director Ye.” The manager quickly went off looking very nervous.

“Zhi Yin, what is it?” Su Lan saw his cold face and asked in a concerned voice.

She had never seen him look so agitated, whether it was at Cambridge or in this country. No matter what large scale deal he had, he was always calm when he didn't and didn't have a single fluctuation in emotion.

"Don't speak." He took a deep breath. His eyes had been on the seven coloured bracelet the entire time, never leaving it.

Ye Zhi Jin felt that when he held this bracelet, he could feel a faint warmth coming from it.

The warmth from her.

He was afraid that if someone else spoke to him, it would break this beautiful dream.

He was afraid that this was all a dream.

After all these years, he had dreamed out countless encounters with her. He had been so excited and happy in his dreams.

But the moment he woke up, he knew that everything was just in his mind.

For half an hour, he sat in front of the screen watching the monitor. His slender fingers were prepared to press the pause button the moment she appeared.

She had short hair that were put in curls. She was wearing a yellow goose feather coat and her eyes were as clear as water.

Time hadn't left a single mark on her face. She was still the past Luo Qing Chen, she hadn't changed at all.....

Every gesture she made was that moving.

Su Lan stood by him in a daze, watching his red eyes as her heart began beating fast.

She had never seen this Ye Zhi Jin before. In her eyes, Ye Zhi Jin had always been cold and calm, never showing his real emotions because of anything.

This was her first time in all the years that she had known him to see this kind of indescribable emotion in his eyes.

So, some people weren't naturally cold, it was just that the people they were facing were not the ones they cared about.

Chapter 407: Mister's childhood lover (Part 60)

"Go back by yourself, I still have something to do." He picked up his coat and left the cafe without even turning back, as he charged towards the seminar.

During this time, he called Ji Chen's cell phone again and again, but he never picked up.

His mind went back to yesterday when he played basketball with Ji Chen, thinking of the person Ji Chen mentioned.

His assistant.....

When Ye Zhi Jin arrived at the seminar as quickly as he could, there were only a few scholars left and staff scattered around.

“Hello, did mister Ji Chen come here today?” Ye Zhi Jin grabbed a scholar and asked.

The scholar nodded and said, “He did, but he left.”

“He didn’t get first place?”

“No.” The scholar heard this and it was like he was explaining a supernatural phenomenon as he said to Ye Zhi Jin, “There was a dark horse at today’s math genius competition, it was simply amazing.”

“Right, right, right.” Another scholar came over and said, “She looked quite young, but she was very good at math. She didn’t even need to think for any question and could directly write the answer.”

“Look.” The first scholar pointed at the words that Luo Qing Chen had left on the screen, “This was done by her, quite powerful. Li Sheng was so shocked that his heart gave out on him and he was sent to the hospital!”

Ye Zhi Jin took a deep breath and slowly turned around, looking at her writing on the screen.

This was indeed her writing. Her writing had always been a bit round, especially cute and easily recognizable.

After a while, he looked up and slid his right hand’s finger across the screen while muttering, “You’re finally back.”

—

On the other side, at the amusement park

Li Chen felt a bit depressed, but he didn’t know where this was coming from.

He just felt a bit annoyed. Although Luo Qing Chen had beat Ji Chen, her answering speed had far surpassed his.

He felt a bit annoyed. He felt that he couldn’t compete with a little girl in the domain that he took the most pride in, which was very embarrassing!

“What did you bring me here for?” Luo Qing Chen was confused.

“Ke, ke.” Ji Chen cleared his throat before looking at her and saying, “I don’t accept this.”

“What don’t you accept!” Luo Qing Chen rolled her eyes at him and said, “I helped you slap that Li Sheng’s face, not only are you not thankful, you don’t accept it?”

“I just don’t accept it!” Ji Chen pointed at the ride in front of him with pouted lips and said, “I like thrills the most, I love things like roller coasters and pirate ships!”

“Oh!” Luo Qing Chen looked at him with crossed arms and said, “What does it matter to me! Didn’t you agree to bring me to the banquet?”

Why did it feel that this person not only didn't feel grateful to her, but rather he was going against her?

"The banquet hasn't started yet! Play with me for a bit!" Ji Chen softly pushed her shoulders and walked in the direction of the 360 degree coaster.

They sat down, fastened their seatbelts, and the ride slowly moved forward.

"Xiao Qing, you can cry if you're afraid, big brother will protect you!" Ji Chen reached out to pat his head, as he spoke with a righteous look on his face.

"I haven't ridden this one before." She pursed her lips and said, "I don't know if I'll be afraid or not."

"Woah!" Ji Chen looked at her with an excited gaze, "Then that is great!"

Actually he just wanted to get some face back in some domain.

In his eyes, girls should be delicate! Even if Luo Qing Chen was a genius in math, she had to scream on the roller coaster!

But who would have thought——

When the ride was over, Luo Qing Chen never screamed once.

And he had screamed the entire time.....

Chapter 408: Mister's childhood lover (Part 61)

"Damn, are you even a girl!" Ji Chen looked at her as he panted, "Aren't you too calm!"

Luo Qing Chen looked at Ji Chen with a confused gaze and said, "This is very terrifying? Then when cultivators fly in the sky all day, wouldn't they die from fear!"

It wasn't like she hadn't been in a cultivation world before. This kind of roller coaster with its speed and turns, it simply wasn't on the same level, alright?!

Ji Chen heard this and reached out his right hand to touch Luo Qing Chen's forehead, "Xiao Qing, read less web novels, it's easy to get led down the wrong path!"

"Pu." Luo Qing Chen revealed a faint smile as she said, "Stop being stingy! We've already ridden the roller coaster, can you take me to the banquet now?"

"Why do you want to go to the banquet?" A confused look appeared in Ji Chen's eyes as he looked at her and said, "Could it be that you are a spy sent by our competitors?"

"Ah?" Luo Qing Chen didn't understand how this person's brain was wired at all.

Could it be that people who were good at math all had different thoughts from normal people?

"Ke, ke." She cleared her throat and she did the same thing as Ji Chen, as she put the back of her hand on his forehead, "Vice director Ji, you should read web novels less, it's quite easy to become paranoid!"

“Alright! You’re quite eloquent, you definitely don’t have the calm of someone who learns math.” He looked down at his watch and said, “I’ll bring you to change clothes and then we can go to the banquet.”

“Change clothes?” Luo Qing Chen looked down at her yellow goose feather coat and said, “Doesn’t my clothes look good?”

She had spent quite a bit of money to buy it and it was the system’s money!

[What is the host calling the system for?]

Nothing, go away!

[.....]

She had to admit that Ji Chen was a rich person, he could casually walk into a brand store and the staff could call him by name!

“Mister Ji, welcome.”

“Un, pick a rather fresh evening dress for this young miss.” Ji Chen looked over Luo Qing Chen and looked at her figure, “The smallest size!”

When he said this, Luo Qing Chen felt her face begin to burn!

“Alright!” The sales staff revealed a sweet smile before looking to Luo Qing Chen and saying, “Miss, please follow me.”

The sales staff showed her several evening dresses that fit her skin and figure, but finally her eyes landed onto a cute medium length dress.

She raised a brow and said with a smile, “This one then!”

After she changed clothes, she slowly opened the curtains and came out with a faint smile.

The instant Ji Chen saw her, he felt his heart beating faster.

She wasn’t a beauty that one would think of as a school flower with a single glance, but taking a few more looks, one would feel that she looked quite good.

She was wearing a Kerrey Nordling skirt with a short shawl on her shoulders, that matched with a medium length chiffon skirt, a beautiful bow on her waist, and layers of lace that decorated her beautiful skirt. Adding in her curled hair, she looked very cute.

“Young miss Xiao Qing, I dare to guarantee that you will be the most beautiful light at tonight’s banquet.” Ji Chen had a smile as he looked into her eyes, while ripples formed in his heart.

—

After they finished buying clothes, the driver was already waiting outside the shop.

She sat in the back, as her breathing became tense and her palm was filled with cold sweat.

Ji Chen took out his cell phone and muttered with a shocked expression, “Ye Zhi Jin must be crazy, he called me three hundred times in a single afternoon. Was he kidnapped?”

The phone rang again.

The moment he picked up, he heard Ye Zhi Jin's anxious voice, "Where's Luo Qing Chen?"

Chapter 409: Mister's childhood lover (Part 62)

When everything returns to the beginning, will you still be the boy from before?

I am still waiting, waiting for the most perfect ending, placed in the warm midsummer.

—

"Ah?" Ji Chen was stunned. He turned to look at Luo Qing Chen beside him and his voice was filled with confusion, "You're asking about my assistant?"

"Where are you now.....Du....."

"Hey, hey, hey." Ji Chen knit his brows and looked at his cell phone, "It's out of battery!"

Luo Qing Chen looked up and her breathing was a bit fast. She turned to look at Ji Chen and muttered, "What were you talking about?"

"That fellow Ye Zhi Jin called me over three hundred times just to ask me one thing, where's Luo Qing Chen?" Ji Chen looked at her with an inquisitive gaze as he said, "You know each other?"

"He knows....." She slightly knit her brows and her eyes misted over.

Ji Chen knew that something was wrong, so he didn't say anything, but there were ripples in his heart, like there was a bit of fear.

At the Crown Group anniversary banquet's entrance, everyone with some form of fame in S City had arrived.

Ji Chen softly pulled her hand and whispered in her ear with a smile, "Although I don't know what has happened between you and Ye Zhi Jin, since you're here, you should bravely face him!"

"I have always been brave!" Luo Qing Chen gave a soft laugh and walked forward.

No matter what the future held, as long it was him in front, she could ignore everything and bravely move forward.

The banquet hall was very big and every important person had brought their children, wanting to seize this chance to build a firm foundation for their careers.

To put it simply, marriages.

Of course, the biggest goal tonight was the Crown Group's president, Ye Zhi Jin.

Luo Qing Chen looked around and it was like the ancient red mansion.

All kinds of girls were showing off and open back dresses were common.

There weren't many people who were wearing normal evening gowns like her.....

“Ji Chen, long time no see.” A man in a chic suit came over followed by a girl.

The girl didn’t seem that old, but she dressed quite mature.

“Hello director Li.” Ji Chen gave a polite nod.

“This is my daughter, Wan Yue.” He gently pushed the girl behind him, “Quickly greet director Ji.”

“Hello.” Ji Chen’s tone was very calm, it wasn’t the dazzling glow from before, rather it was much more polite.

“Last year when my daughter saw director Ji, she told me that I had to bring her along this year.” There was an expectant look in director Li’s smile.

He didn’t give up on showing off his daughter even with Ji Chen’s indifference, completely ignoring Luo Qing Chen beside him.

“Un.” When Ji Chen was looking a bit impatient, another person came over.

“Hello director Ji, this is——” Director Wang came over with his son and looked at Luo Qing Chen before saying, “She really seems young, is she your girlfriend?”

“Eh, no.....” Ji Chen was stunned by the question, almost blurting this out.

“Ah.” Director Wang said with an understanding smile, “Then she must be a little sister. She looks this good, does she have a boyfriend yet?”

“Hello, I am Wang Da Shan.”

Luo Qing Chen almost broke out in laughter.

If this wasn’t a high class anniversary banquet, she would have thought that it was an uncle bringing his son to buy underage girls!

“Hello director Wang, she’s not.....”

“Peng!” The entrance of the banquet hall was slammed open.

At that moment, it attracted everyone’s attention.

Chapter 410: Mister’s childhood lover (Part 63)

I’ve thought countless times about how we would meet again.

But I never thought that when I met you, I didn’t know how to react.

“Quickly, director Ye is here.” The surrounding people charged in the direction of the door, hoping to steal this chance. They wanted to leave an impression on this youth.

Luo Qing Chen stood there watching him come over step by step.

His goal was very clear, not stopping for even a second as he firmly walked towards her.

Wang Da Shan on the side took a card out of his pocket and gave it to Luo Qing Chen, "You can contact me if you have the chance....."

Before he even finished, Ye Zhi Jin arrived in front of her. His starry eyes were sparkling, like he could see through her at any moment.

The memories passed by in front of his eyes like clips of a movie, vividly showing the past.

Their first meeting.

At the club registration fair, he turned to look into her clear eyes and said in a soft voice, "Let's go."

From their first care.

On the basketball court, he took the basketball from Gu Qing Nuo and without another word, he turned and with a beautiful arc, he landed the three pointer!

From their first confession.

In the text, he nervously typed the words. (I like you. ——Ye Zhi Jin.)

From their first separation.

After a while, his cold and beautiful voice rang in the air, "Good night.....See you tomorrow."

Now he was standing in front of her and the seven years seemed like a cycle. He wasn't afraid of waiting, he was just afraid of waiting without hope.

Endless, until the end of time.

"What is going on with you....." Ji Chen saw that neither of them were speaking and there were a bunch of people just watching them. He suddenly spoke and broke the silence.

"I'm back....."

"Peng!" Before Luo Qing Chen could finish, she was pulled into a warm embrace.

She could feel the strong beating of his heart, that panic and that heat.

"It's good that you're back." His cool voice rang in her ear and he was slightly choked up, "Nothing else is important, it's good that you're back....."

He had thought that meeting like this would only appear in his dreams, but god had given him a big present, making him so panicked that he didn't know what to do.

"Ye Zhi Jin." After she tried to say she was back, her emotions instantly collapsed.

He didn't blame her or hate her. There was even a pleading tone in his voice saying that as long as she was back, nothing else mattered.

Why was there this kind of Ye Zhi Jin in this world, he was completely different from all those reunions in TV shows. He wasn't cold or aloof, there was only a single thought in his mind. As long as she was back, nothing else mattered.

“Luo Qing Chen.....Really, it's good as long as you're back.....” He used all his strength to tightly hold her, as if he wanted to bring her into his body. He said in a soft voice, “Can you tell me how long you'll be gone next time you time travel? I will wait.....I'll always wait.....It's fine as long as you come back.....”

Countless lights fell onto them. He didn't care about the words or gazes of other people.

He knew that in the moment he hugged her, all the icy moments of the past seven years turned into warmth and filled his hert.
