Chapter 41: Cannon fodder counterattacking the indifferent campus king (Part 13)

There was a trace of surprise that flashed in Tang Yu's eyes as the girl in front of him suddenly became cold.

So cold that she didn't even spare him a glance. This kind of her and the her who had silently followed him for two years were completely different people.

"Luo Qing Chen, are you playing hard to get?" Tang Yu narrowed his eyes and said through slightly gritted teeth.

He didn't believe that a person could change this quickly. The previous her liked him that much, no matter how harsh his words were, she would always silently watch him from the side.

Seeing her silly appearance, he sometimes felt.....it was a bit cute.

Suddenly her felt he was a bit dumb. Why didn't he like this girl before, why was he dead set on Qian Fei Fei?

Perhaps people were like that. One would be rattled over something they couldn't obtain and they would have no fear when favoured.

When the day comes, the thing that loved you left, you would find that you've missed the most beautiful time and the person most suited for you.

"Toward you.....Ke, ke.....Do I need.....Ke, ke, do I need you!?" Luo Qing Chen's throat seemed like it was burning and it was incredibly itchy. When she finished the last part of her sentence, she almost roared it out.

Her head hurt so much and cold sweat was slowly dripping down her back. She raised her hand and placed it on her forehead.

Damn.....So warm.

At this moment, she didn't have the mood or the strength, she didn't want to talk to Tang Yu at all. She wanted to head home and take a hot bath, as well as drink a cup of 999 cold medicine.

“Wait a minute.” Tang Yu saw that she was turning to leave and his heart was a bit anxious. He directly reached out and grabbed her hand, feeling a slightly cool touch pass from his palm.

Luo Qing Chen felt like her head was heavy and took shakily took a step back.

Tang Yu’s other hand came out and firmly supported her. A soft voice sounded in her ear, “You don’t look good, I’ll send you home.”

It wasn’t a question, but rather an affirmation

Luo Qing Chen wanted to throw off his arm, but found that he was using quite a bit of strength and there was a faint anger hidden within.

Ya, system, what is he angry about?

[The more one can’t obtain something, the more one wants something. This is a common problem for humans.]

Damn, stupid humans!

[TL Note: But you’re a human too!]

Luo Qing Chen gritted her teeth and used all her strength to fling out, as she shouted, “Tang Yu, is there something wrong with you!”

Because she was feverish, her angry face had a faint red blush to it. With her lips slightly perked out, she had a cute appearance like she was being bullied.

Tang Yu didn’t know why, but he suddenly liked this person in front of him very, very much.

In the beginning, he had received Qian Fei Fei’s mission to wait for Luo Qing Chen at the entrance of the movie theater while she herself stopped Su Liang Chen.

As the representative of the physics class, when she was passing out the books for their self study period, she saw the text on Su Liang Chen’s phone that was signed by Luo Qing Chen.

The text message was very short and she instantly memorized it with her excellent brain!

No, definitely not! How could she let the two of them have a date.

She immediately called Tang Yu and had Tang Yu help her ruin their date.

She used the title of the physics class representative to use the physics teacher's name to call Su Liang Chen to the laboratory on the fourth floor, having him wait for the physics teacher there.

She knew he was an outstanding student, even if the physics teacher didn't come, he would wait.

But she never thought that when it was close to eight, he would choose not to keep waiting. He directly called the physics teacher, "Teacher, I'm busy today. If you're not in a hurry to do experiment A, can I come find you in the laboratory tomorrow instead?"

"Weren't we doing experiment A the day after tomorrow?" The teacher's old voice came from the other side.

Su Liang Chen was stunned. He narrowed his eyes and said, "Un, I remembered wrong. I'm sorry for disturbing you."

After he said this, he hung up and walked to the door.

But he never thought that the laboratory's door was locked from the outside.....

Qian Fei Fei outside the door gritted her teeth as she thought: If I can't obtain something, I won't let anyone else take it. Tang Yu, I believe you'll be able to woo Luo Qing Chen.

In such big rain, you just need to properly be a flower protector!

Chapter 42: Cannon fodder counterattacking the indifferent campus king (Part 14)

The rain was getting worse and worse, it didn't seem like it would stop at all.

Luo Qing Chen took a deep breath and shook her head to clear her mind.

Although Tang Yu wasn't bad, even a ghost knew that he would be willing to do all kinds of crazy things for Qian Fei Fei.

It was best to stay far away from dangerous people.

She blinked and the droplets of rain on her eyelashes slightly trembled. She prepared to charge into the rain.

“Luo Qing Chen.” Tang Yu called her name. Before she could take a step into the rain, he gave his umbrella to her and he instantly became drenched. He bit his lips as he said, “If you don’t want me to send you back, then take this umbrella.”

She knit her brows and looked at Tang Yu. She suddenly felt that this person was not as bad as she thought.

Although the previous host’s death was indirectly caused by him, if he didn’t put his life down to save her in the first place, the previous host wouldn’t have liked him that much.

Perhaps life was an endless cycle.

If you liked him, he didn’t like you. If you loved him, he liked you. If you left him, he loved you.....

[Ding, affection has decreased by five. Mission completion rate is now 10%.]

What is this!? WTF???

I only felt that Tang Yu wasn’t as bad as I thought, why did the affection decrease! System, I’m already very cold, can you not pour more water over my heart?

I’m! Not! Hot!

[System notification: The male lead is nearby.]

What? He actually came!

Luo Qing Chen never thought that the system would tell her this. Or perhaps she never thought that Su Liang Chen would be nearby.

She looked away and pushed back the umbrella. She ran into the rain and bit her lips as she called out in an aggrieved and stuffed voice, “Su Liang Chen, I know you’re here. Even if the entire world doesn’t know, I will know! I’m telling you, I like you, so much that I’m dying of it.....”

“Qing Chen, he can’t be.....” Tang Yu ran into the rain after her, holding up the umbrella for her.

“You knew? Why do you know?” Luo Qing Chen narrowed her eyes and turned around. She looked into Tang Yu’s sparkling eyes in the rain, “Even if you don’t say anything, I can guess most of it.....”

“Qing Chen.....” He slightly looked up. In the thick darkness, the rain kept falling.

She couldn't see what expression he had, but she could feel the restlessness in his heart.

After a while, he directly said in a soft voice, "You all like him that much?"

"Please take off the 'all', your Qian Fei Fei isn't worthy of being matched with me." Luo Qing Chen gave a cold snort. She looked into the dark night as she said in a hoarse voice, "Su Liang Chen, listen to me, I, Luo Qing Chen will love you till the end of the world.....If you take a step back, I'll take a step forward. You better run over, otherwise you will be caught by me one day....."

After the final word, her voice couldn't make another sound.

"Hong long!" A loud boom of thunder rang in her ears. She turned around and her eyes had a calm that normal people wouldn't usually have as she looked at Tang Yu, "Go back and tell Qian Fei Fei, I definitely will not let her off."

After saying this, Luo Qing Chen turned to leave. Her hands went into her pockets and her waist was straight, not showing any signs of weakness.

Tang Yu was frozen on the spot. Seeing this kind of her, there were ripples in his heart that he had never experienced before.

In the night, there was a young man drenched by the rain, but there was a faint smile on his face. One of his feet was hobbling and what fell from his palm was not just rain, but rather a mixture of rain and blood.

Chapter 43: Cannon fodder counterattacking the indifferent campus king (Part 15)

She didn't know how she even walked home, she just knew that she was drenched on the way back. When she arrived home, everything turned dark in front of her.

Lying in bed, it was like her forehead was on fire and there was worried voices of her parents in her ears. In front of her eyes was a night filled with demons and spirits..

In her dream, she was wearing a long red robe and she was standing in a dark palace. The candles were burning bright around her, letting out a green light.

All the demons and spirit bowed to her, as a demonic light bloomed from between her brows. She raised her hand and the light went out, sending the demons and spirits scattering.

Luo Qing Chen suddenly opened her eyes and sat up, finding that she was soaked. She touched her forehead and it was no longer warm,

Mrs. Xu quickly ran in after hearing this. Seeing that she was awake, she asked in a worried voice, "My baby, are you better?"

"Un, much better." Luo Qing Chen nodded before saying, "Where's dad?"

"Your dad didn't sleep all night staying with you. Your fever only went away in the morning and he went to sleep." Mrs. Xu gave her some medicine, "Drink it first, mom has already asked for a day off for you."

"Mua, thanks mom." Luo Qing Chen sent a kiss and her heart was filled with happiness.

With this kind of parents, she was willing to stay in this ivory tower forever, being a baby that never grew up.

"I only have one daughter, what are you thanking me for." Mrs. Xu's face filled with a mother's love. She helped her change into new clothes as she said, "Your teacher is very funny, she even asked if our daughter had been dating anyone recently."

"Puchi——" Luo Qing Chen almost spat out the medicine in her mouth. Her eyes opened wide as she asked, "She.....She.....Why did she ask that!"

Mrs. Xu was also confused, "I also asked her this. She said that she received an anonymous letter saying that you were dating someone from the science class. She didn't believe it at first, but you both took the day off, so she was suspecting that you two snuck off to go on a date!"

Damn, that hateful Qian Fei Fei, this small report came right on time.

No, why did Su Liang Chen also take the day off!?

When Mrs. Xu saw her frowning, she revealed a righteous look of protecting her daughter as she said, "Baby, don't worry, I seriously replied to your teacher. I said that my daughter couldn't leave her bed with a forty degree fever. Whoever wrote that letter is just too immoral! It's clearly someone who can't eat the grapes and complains the grapes are sour!"

Seeing her mother righteously sticking out for her, Luo Qing Chen couldn't help laughing. Mothers are really great.

But she still had her doubts in her heart. Why did Su Liang Chen take the day off?

Tang Yu must have appeared because of Qian Fei Fei's instructions, then.....

Ye Yu Xi slightly knit her brows. She desperately tried to remember Su Liang Chen's address. It was the Golden Manor Yard.....something, something.

Hey, system! System, do you remember!

[If the host wants a detailed address, you can exchange for it!]

Your head is filled with ideas of taking my points! In! Your! Dream!

Isn't it the Golden Manor Yard! Isn't it enough to just stand at the intersection! She didn't lack experience doing something like this!

In the afternoon, Luo Qing Chen used the chance of her parents sleeping to sneak out of the house in a coffee coloured rabbit eared sweatshirt.

She used her phone to find the location of the Golden Manor Yard. She headed to the bus and headed off to her target location.

But when she came to the gate of the Golden Manor Yard, she was stunned in place.

There were many chocolate coloured duplex mansions. Male god Su was not just handsome, 182 centimeters tall, and has good grades, he was also very rich!

Wasn't this the legendary tall, rich, and handsome man!

Chapter 44: Cannon fodder counterattacking the indifferent campus king (Part 16) (To make more tears flow)

It seemed like one needed a card to open the door. There were four guards just for the door, it seemed like they took security very seriously.

Luo Qing Chen turned her head and went to the burger shop next door to buy some fried chicken. After getting takeout, she took a deep breath and walked over to the guards.

"What are you doing!" The first guard came forward to stop her, looking a bit fierce.

"Takeout delivery, can't you see!" Luo Qing Chen raised the bag in her hand and spoke with a cold snort.

"Which building and what number?" A second guard also came over, asking a question that was very technical!

Luo Qing Chen was stunned. Ya, these guards are quite smart!

It doesn't matter, I'll just randomly pick one!

"Building 7, number 301!" Ye Yu Xi's eyes lit up as she spoke.

When she said this, the third and fourth guard all walked over with a look of disbelief.

They seemed to be whispering something and Luo Qing Chen couldn't hear what.

But she was relatively confused. Even if there was a problem with the number she gave, it shouldn't be this big, right!

System, what are they discussing for so long?

[The Golden Manor Yard's building 7, room 301 is a haunted room. Five people died there four years ago and it hasn't had anyone living there for a year now.] The system was very clearly looking down on someone's IQ.

My god! What kind of luck is this! Why can't I have this kind of luck when I'm buying lottery tickets! This treasure was wronged, but this treasure won't say it!

"That, I might have spoken wrong. I think it should be building 8, room 301." Luo Qing Chen quickly changed what she said.

"Oh." The guards seemed to believe it, but the second guard still asked with a straight face, "What is the name of the person who made the order?"

Damn, why is he still asking who ordered it!?

"Su.....Su Liang Chen!" There was no choice, she could only do this.

"Go check it out." The second guard spoke to the third guard behind him,

"No need." There was a familiar voice that came from behind the gate. That clear as water voice was especially good to listen to.

He put his wrapped up right hand into his pocket and revealed a faint frown. The face of the girl in front of him was a bit pale and she wasn't wearing enough clothing. After being soaked yesterday, why did she run here instead of staying home and resting?

Luo Qing Chen awkward raised her hand and said with a smile, "Hi....."

Seeing Su Liang Chen, the guards opened the gate and didn't make it hard for Luo Qing Chen.

Luo Qing Chen came beside him and lowered her head, wildly looking around.

“You go first.” Su Liang Chen narrowed his eyes as he looked at her and spoke.

“Ah.” Luo Qing Chen didn’t know why he wanted her walk ahead of him, but she still did it. She walked in front of him.

He let her move in front of her because he didn’t want her to find out his foot was injured.....

When she walked to a gazebo, Su Liang Chen called to her, “Come back.”

He leaned against the vermillion pillars of the gazebo and put his hands into his pocket before closing his eyes. The sun fell down onto his long lashes, giving it a kind of silent beauty.

Luo Qing Chen looked at his beautiful appearance and faint smile appeared on her lips.

In this moment, he seemed to be glowing.

“Classmate Su, yesterday.....” Luo Qing Chen’s face had a slight blush as her hands kept moving around.

“I thought that even if I didn’t send a message, you would understand. It seemed like I was overestimating your intelligence.” Su Liang Chen turned his head and looked at her with cold eyes.

Seeing his cold expression, her heart was filled with discomfort.

If she was really overthinking it, why did he still go to the movie theater yesterday?

“So, you didn’t come last night, right?”

“Do you not know if I went or not? Did you see me there?” Su Liang Chen was very direct, answering her question with questions.

Ah, so he’s pretending to be aloof! Whether you came or not, of course this host knows. Although my system is sly and useless, affection can’t trick people. With the system, although I might not have the world, this host is still very clear on whether you came or not!

Her eyes lit up and she suddenly had an idea!

It was commonly known as, goading someone into action!

Chapter 45: Cannon fodder counterattacking the indifferent campus king (Part 17)

“That’s right, how could school hunk Su like someone!” Luo Qing Chen pursed her lips and said, “I know! Last night’s rain really made me see things clearly, Tang Yu isn’t that bad of a person!”

As soon as her voice fell, Luo Qing Chen felt a coldness in the air. The boy leaning against the pillar knit his brows before he walked to her step by step with a faint anger in his eyes.

This person only has this bit of patience? She was swearing in the rain last night, saying that she loved him. It hadn’t been twenty four hours and it already changed?

Was Tang Yu that gentle and exceptional that it made her emotions change this quickly?

“So, classmate Luo has a new love?” His hands crossed over his chest and he didn’t seem like he was stopping.

He came forward and she moved back.

Only when there was a wall behind her and she couldn’t escape anymore did he finally stop.

His right hand slapped onto the wall and he directly ‘wall slammed’ her.

Luo Qing Chen’s heart froze and her breathing became tense. Her eyelashes fluttered as she looked at Su Liang Chen.

He was very close to her, so close that she could clearly see his white cheeks. He had deep eyes, slender eyelashes, a high nose, and thin lips.

Everything was just that handsome, that good looking.

“Ke, ke.” She cleared her throat and slightly shook her head. She dispelled the ‘soul mesmerizing curse’ male god Su used and slightly lowered her head to say, “How is he a new love, it is an old love. Me liking Tang Yu isn’t a matter of a day or two, I’ve already waited for over two years. Now that he is being good to me, it can be considered confirmed.”

“What?” Su Liang Chen’s voice was ice cold. He narrowed his eyes and looked at her with a gaze of interrogation.

Luo Qing Chen knew that he was mad, but without knowing why, she was secretly happy.

“The most exciting thing in this world is when the person you never had a chance with actually falls in love with you.” She looked up at him with clear eyes filled with incomparable determination.

“Then you can go be with him!” His breathing couldn’t remain calm anymore and he finally showed a bit of emotion.

Why was his heart filled with anger and a bit of unwillingness. He had never been interested in this kind of thing before and completely ignored it. It wasn’t that no girl had ever been this forward, it was that his cold eyes had been enough to stop them each time.

But facing her, it was a bit hard to control his emotions.

“Go.....Go.....Wu.....” She hadn’t even finished when a rushed and gentle kiss landed on her soft lips.

She was frozen on the spot and her face quickly turned red. Her mind completely blanked, as her heart and all the blood in her body kept jumping up and down.

She unconsciously closed her eyes. When the anger of the person in front slowly disappeared, he finally let her go.

“Do you still want to go?” Su Liang Chen narrowed his eyes and looked at the girl in front.

Her breathing was a bit fast and her eyes fluttered to show her nervousness. She shyly lowered her head, making her especially cute.

[Ding, affection has increased by forty. Mission completion rate is now 50%.]

Damn, system, you really do have heart! I’ll definitely be better to you in the future!

[.....]

Su Liang Chen saw that she didn’t speak. Seeing her dry lips, he remembered this girl was still sick, so he turned to go to the supermarket next door to buy her a drink.

But before he even took a step forward, she called out to him.

“Su Liang Chen.” Her sweet voice called his name. She reached out her right hand to grab the black band on his shirt and softly pulled him towards her.

With a step, she directly went for a kiss.

Kissing me, how can I not return it!

[If the host wants to kiss someone, is there a need for an excuse!]

You! Leave!

Chapter 46: Cannon fodder counterattacking the indifferent campus king (Part 18)

The sunlight fell onto their faces and a warm wind blew through their clothes. There was a faint grass fragrance that filled the air.

So harmonious, such a good fit.

“I like you.” Her right hand slowly let go of the band and she looked right at him. She didn’t look away, she didn’t panic, she was just calm and serious!

“I know.” Su Liang Chen had a faint smile as he spoke, “You’ve said it many times.”

“So, do you like me?” Luo Qing Chen asked.

Su Liang Chen took back his right hand. Her eyes looked to the side and saw the gauze over it.

“You’re hurt?” Luo Qing Chen saw that his right hand was bleeding a bit and said in surprise, “Did you take the day off because of your hand?”

“Un.” His voice was very soft, as if he didn’t care about himself being injured at all.

Luo Qing Chen mind turned before she said, “Did you not make it in time to the movie theater because you were injured?”

“Un.” Su Liang Chen limped over to the bench in the gazebo before sitting down.

“Your foot is also hurt. Just what happened?”

“I wasn’t careful when jumping off the roof, I didn’t land properly. It seems like I need to review the physics material on gravity and air resistance again.” Su Liang Chen said as he shrugged his shoulders, “But I really want to know, why were you so certain that I was around last night?”

Because, because I have a system! The system was shamelessly deducting your affection for me!

[Host, if you say this, he will definitely think there is something wrong with your head!]

Che, you think I'm a fool! I was saying this to you! Shameless, do you understand shameless? Taking advantage of the misery of others to repay debts!

Luo Qing Chen looked into his eyes and cleared her throat before saying, "Our hearts are connected!"

"This reason is not quite illogical." Su Liang Chen looked at her slightly raised lips and said, "I'll tell you after next week's tests."

"Tell me what?" Luo Qing Chen was stunned, clearly forgetting what she had just asked him.

"Forget it if you've forgotten!"

"Don't." She tried her best to remember and it seemed like she had asked if he liked her or not.....Her eyes instantly lit up, "I will do my best to get close to your score."

"There's no need for that." Su Liang Chen said with a faint smile, "I will never force someone to do something they can never do."

Ah. System, his meaning is that I will never be able to reach him, right?

[Very clear!]

Humph! System, you should have something that can make someone's intelligence really high, right!

[No.] How could it have something like that!

.....

"You're looking down on me!" Luo Qing Chen pouted her lips, looking like she had been aggrieved.

"It's not looking down, it's just recognizing the fact. First get out of the bottom fifty and then we'll talk."

Luo Qing Chen was stunned. Male god Su had not been idle, he even knew that she was in the bottom fifty.....

He thought: Since she appeared in front of him, he silently paid attention to her achievements. It was all reasonable, it was indeed bad. As a science student, even if he casually took one of her tests, he would still get twice her grade.

He really didn't know what she had been doing for the past few years in high school. Could it be she really spent all that time liking Tang Yu?

Thinking of this, he didn't know why his heart felt depressed and uncomfortable.

"You just wait and see! In the next test, I will make you sing praises!" Luo Qing Chen stomped her foot on the ground.

Even if he was at the top, he couldn't bully her this openly!

What could the bottom do? With bad grades, her parents were hurt and her teacher didn't care for her, so she was also very desperate!

She couldn't help feeling that everyone at the bottom were definitely wingless angels in a past life!

Chapter 47: Cannon fodder counterattacking the indifferent campus king (Part 19)

For the next week, Luo Qing Chen worked hard to study. She was a bit careful, not telling anyone at all!

Oh, of course, that doesn't include her system!

System, I've found that I can still work hard in math, but my english won't do! Do you have some kind of memory cube that can let me quickly memorize english words!

[Yes, Memory Bread. It requires two hundred points.] The system's cold, mechanical voice rang out.

God, system, you're raising the price! Why is the piano skills only one hundred and this Memory Bread two hundred?

[Rareness. This Memory Bread is a second grade item. Host, do you want to exchange for it: Yes/No.]

Good people will be bullied! Fine, fine, fine! Can I amaze everyone without exchanging for it?

[Ding, two hundred exchange points have been deducted. The host has successfully exchanged for one hundred pieces of Memory Bread (Can only be used in this world).]

How is this Memory Bread used?

Seeing the pile of bread that suddenly appeared in front of her, Luo Qing Chen was a bit stunned.

[Put it on a list of words from the English textbook and then eat it.]

Eat.....Eat.....Eat? WTF? How many do I have to eat!

[However many words you want to remember, is how many you need to eat!] The system completely ignored her collapsing emotions!

She let out a long breath and fell back down. Looking at the bread in front of her, she forced out a faint smile. To get closer to Su Liang Chen, in order not to break up at their high school graduation, she needed to work hard!

After a night of 'working hard at eating' Luo Qing Chen never wanted to think about eating bread for the rest of her life!

Giving a yawn, she put on her bag and prepared to leave.

She went to the kitchen and she suddenly trembled. The breakfast on the table was actually milk and.....bread!

"Baby, go to school after you finish eating!" Mrs. Xu saw that she was in a rush to leave and brought the milk and bread to the door, preparing to place them in her bag.

"Ou——" Her stomach churned and she waved her hand as she said, "Mom, I'm very full."

After saying this, she charged out the door, getting as far away as possible from the bread!

There was a new round of tests this morning. Luo Qing Chen came to the school early and knocked on the door to the teacher's office.

She handed in a copy of the «transfer application»!

That's right, she wanted to transfer from the liberal arts class to the science class!

Teacher Duan pushed up their glasses and honestly looked over Luo Qing Chen's application request. Finally their eyes fell onto the final sentence.

"I promise that if I am given the chance to participate in the science test, I will go from the bottom fifty of the year to the top fifty of the year! I will make the school approve my request and transfer to the science class!"

"Student Luo Qing Chen, this is a large matter, you can't make it as easy as choosing carrots or cucumbers! You have to clearly think this through!" Teacher Duan took a look at Luo Qing Chen's past grades. Perhaps she was right, she wasn't suited for liberal arts.

"Yes, I have clearly thought it through." Luo Qing Chen said with a nod, "I hope teacher Duan can let me give it a try! I hope that my grades can increase, for my own future and for the honour of the school!"

[The host is truly unscrupulous when it comes to achieving your goal.] The system's cold voice cut in, scaring her half to death.

Damn, I was being all righteous and you suddenly cut in! You scared this treasure to death!

"Alright." Teacher Duan heard her blood boiling words and couldn't help excitedly say, "But today is the day of the test. Your places have already been set according to the liberal arts class, but I will speak to the teacher in charge! Student Luo Qing Chen, you have to work hard!"

"Thank you, teacher Duan." She gave a ninety degree bow as a deep smile appeared on her face.

Su Liang Chen, I have been working hard in your direction. Do you see it?

If there are a thousand steps between us, since you're willing to take the first step towards me, I'll take the remaining nine hundred and ninety nine steps towards you!

Chapter 48: Cannon fodder counterattacking the indifferent campus king (Part 20)

Luo Qing Chen looked left and right from her position and finally looked at a position in the left right, revealing a smile in her heart.

Her luck was really good, she was actually in the same classroom as Su Liang Chen.

Ah, looking at a male god taking a test is a bit distracting.

Su Liang Chen saw her looking around and revealed a slight frown. Not checking your exam identification and your supplies before an exam, what are you looking around for!

Luo Qing Chen saw him reveal a slight frown and pursed her lips. She thought: I'm just looking around, is there a need to be this fierce! You won't lose a piece of meat from being looked at!

He saw her aggrieved look and couldn't help finding it funny. His lips mouthed out: Be good.

Luo Qing Chen could read his lips and turned back to sit straight forward, waiting for the tests to be handed out.

What was also a coincidence was that Qian Fei Fei was also in the same classroom. She saw the interaction between Luo Qing Chen and Su Liang Chen and gritted her teeth. She secretly took out her cell phone and pressed the camera button.

The first test was english. Luo Qing Chen had made herself eat all that Memory Bread, now she was going to take back what she deserved.

However, that was not the case.

Indeed the topic wasn't hard, but with each question, her stomach churned in discomfort.

It should be because she ate too much bread.....

Her left hand went over her stomach and her right hand lifted the pen to write the words one by one, as beads of sweat covered her forehead.

It really was painful!

She took a deep breath and blinked as she concentrated her mind to write down the answers.

"Teacher, I want to hand in my test." Right when Luo Qing Chen reached the fourth page and saw the reading and comprehension questions, there was a cool voice that came from behind her.

She suddenly looked up at the clock on the wall. It had been less than an hour.

Even if he was powerful, he couldn't have answered all the questions!

The old invigilator narrowed his eyes and seriously said, "Let me look it over."

Although he was at the top of the school, he shouldn't be able to finish this quickly. This test was this year's most difficult one.

With everyone watching, Su Liang Chen stood up and brought his test to the front of the class.

Luo Qing Chen was confused as she watched him pass her. What was the school's top's head made of?

After that, she shook her head a bit to avoid her thoughts from running away. Her stomach also began hurting even more and she quickly looked down to fire off more words.

After she finished writing the last letter, Luo Qing Chen let out a long sigh of relief. She looked at the clock and found there was still half an hour left.

Her next subject was physics. In her current condition, she would most likely fail that test

But if she handed in her test now, she didn't have enough time to buy some medicine. After all, the pharmacy was just too far away from their school.

After an intense psychological battle, Luo Qing Chen decided to sit there without moving, preserving her physical strength!

"Everyone, stop writing! Stand up and hand in your papers!" The old invigilator's voice sounded through the classroom. Luo Qing Chen who had almost fallen asleep almost jumped up in fright.

After handing in their tests, there were some students who went out to relax and some who decided to take out their notes to review.

Luo Qing Chen sprawled over her desk, thinking about her 'bread life'!

She narrowed her eyes and planned to take a small nap, but a bottle of medicine suddenly fell down and made her quickly sit up.

"Eat some medicine first. There is no warm water around here, so you can only drink some mineral water. Drink a bit less." He opened the bottle of medicine and his slender finger took out two pills which he placed in Luo Qing Chen's hand.

Luo Qing Chen was stunned as she looked at him in a daze and took the medicine in a robotic manner. There was a layer of mist that clouded her eyes.

So he had already seen that she wasn't feeling well, so he handed in his test early to buy medicine for her.

Why did her heart feel so touched.....

Chapter 49: Cannon fodder counterattacking the indifferent campus king (Part 21)

“Stop looking, take the medicine first.” Su Liang Chen almost seemed like he couldn’t stand being stared at by her, causing his face to blush and he turned away in embarrassment.

Luo Qing Chen swallowed the pill and drank two mouthfuls of water. She said with a smile, “Thank you, but is it really alright? Your english.....”

“Even the half hour test will be higher than yours, you can relax.” He said with a faint smile.

“That is not certain.” Luo Qing Chen gave a proud snort and said, “We’ll see the results when the public list comes out.”

“You’re that confident?”

“Of course!” Luo Qing Chen’s head turned back and she spoke like she had suddenly thought of something, “If my english scores are better than yours, you have to promise me something!”

Su Liang Chen wanted to reject at first. After all, if her scores on the National College Entrance Exams weren’t bad, she could enter H University, but it would require her to spend quite a bit of time on studying. But after thinking about it, he felt there was no harm in agreeing.

After all, it was impossible for her score to be better than his.

“Tell me.” His eyes lit up as he looked into her eyes and spoke.

Without knowing why, he felt that her eyes were especially good looking. It was a kind of beauty that came from a pair of bottomless clear eyes without the slightest bit of impurity.

“A date!” Her eyes were filled with expectation and her lips had a faint smile. Those slightly curved lips made the hearts of anyone who saw it skip a beat.

Su Liang Chen was glad they were in the classroom right now. If it was any other place, he couldn’t have guaranteed he could have suppressed the little beast in his heart and would have kissed her!

He gave a soft sound of agreement. Although it was soft, she had clearly heard it.

Un, my heart is filled with joy!

Qian Fei Fei behind them had seen everything. She put the cell phone she shouldn't have had in the test room deep into her pocket and her lips revealed a cold smile.

After eating the medicine, Luo Qing Chen felt much better. Although she wasn't great at physics, she had put in quite a bit of effort. There were around two questions she didn't know, but she smoothly finished the rest.

The tests lasted for a total of three days. Since it was close to Chinese New Year, the teachers stayed overnight to mark the tests.

On the fourth day, the school released the ranking list.

Luo Qing Chen had a high 148 in english, being first in their grade. Overall, she was ranked 48th among the science class of the same year.

Looking at the list, smiles kept breaking out on her lips. She was very satisfied with these results!

However, the anonymous letter the school office received made her feel like the world wasn't that great anymore.

It was a very long letter, but it could be summarized in a single sentence. She had cheated!

The whistleblower had included a picture of her and first place Su Liang Chen whispering before the exam. This whistleblower had been thorough.

In the principal's office.

"Student Luo Qing Chen, before there is any investigation, the school shouldn't suspect you, but your test results are just too different from your results last time. Not to mention your physics score, your english score....." The principal had a troubled look inside his golden framed glasses.

"I....."

"Principal." When Luo Qing Chen wanted to speak, Su Liang Chen directly cut her off.

It caused her face twisting with anger to be instantly frozen.

Su Liang Chen cleared his throat and said, "According to the anonymous letter, it should have said that I gave student Luo Qing Chen the answers, but my english scores this time wasn't as high as hers. Moreover, she only lost two marks and this should be lost

on the composition portion. The english teacher should know best what level her composition is at.”

“This.....is indeed reasonable.” The principal thought about it and nodded.

“Then again.....” Su Liang Chen took the picture from the desk and narrowed his eyes as he said, “From the angle of this picture, it should have been taken by the student who was sitting two desks behind student Luo Qing Chen. Thinking about it, shouldn’t she have brought a cell phone into the test room?”

Luo Qing Chen on the side couldn’t help swallowing a mouthful of saliva. Making this kind of accurate analysis in this kind of situation and finally putting the heart of the matter on the person who took the picture, this was truly amazing!

Chapter 50: Cannon fodder counterattacking the indifferent campus king (Part 22)

Fifteen minutes later, the principal called the person who was two seats behind Luo Qing Chen’s seat to his office.

The legendary perpetrator, Qian Fei Fei.

Of course she wouldn’t admit it even if she was beaten to death. She firmly played the fool to the end, saying she had never seen this picture before!

“Student Qian Fei Fei, have you really never seen this picture before?” The principal asked her again.

“Principal, I’ve said that I haven’t. It must be some hero who couldn’t stand these people cheating, so they bravely turned them in!” Qian Fei Fei crossed her arms across her chest, turning her eyes into the sky.

Pei, her words were this incredible. Speaking this kind of nonsense, doesn’t her conscience hurt?

[Of course it doesn’t. Then again, her english scores has always been good and with the host passing her this time, her heart is filled with anger.] The system explained with a rare patience.

So what if it’s filled with anger! You can’t do well and you blame me!?

“Ke, ke.” Luo Qing Chen said after clearing her throat, “I have an uncle who works in the crime lab at the police station. Since you’ve never seen this picture before, it shouldn’t have your fingerprints on it, right?”

#The host will lead you into the field of science, rationally solving this case#

When Qian Fei Fei heard this, her expression instantly changed. How could a little girl in this school possibly think of something like fingerprints? Naturally she didn't put on gloves when handling this picture.

"What, you have nothing to say?" Luo Qing Chen looked at her and said, "Bringing a cell phone into the test room is a big offense. Qian Fei Fei, are you prepared?"

No matter how arrogant and overbearing Qian Fei Fei was, she was still a student. Being pressed down by Luo Qing Chen's words and being stared at by the principal.

After a few seconds, she completely surrendered.

"Principal, I admit that I took this picture!" Qian Fei Fei glared at Luo Qing Chen and pointed at her while saying, "But this person was definitely cheating. Principal, think about it. With her trash grades from before, how could she have suddenly gotten such good grades!"

Damn, you're trash, your entire group is trash! System, was this person's brain fried by lightning before?

[.....]

"Principal." Su Liang Chen had been watching from the side and finally spoke when Qian Fei Fei finished speaking, "Can you punish her now."

He really was fast, decisive, and ruthless.

Male god Su's meaning was very clear, that was to punish Qian Fei Fei!

"Un, I understand." After a while, the principal said with a nod, "She does need to be punished, but since student Qian Fei Fei didn't use her cell phone to cheat, it will be a small punishment. She'll just be lectured by her teacher."

"Principal!" Qian Fei Fei instantly blew up with anger and said through gritted teeth, "I don't believe that if you give Luo Qing Chen another test, she will be able to complete it! She would only get around thirty-forty points and that is if it was all multiple choice!"

A person who was trash in the past had stolen her male god just because she was a bit pretty, she was unwilling.

Do people all look at outer appearance? Shouldn't they all look at what's on the inside?

“Then let’s compete.” Luo Qing Chen turned over with her hands on her lips as she had a smile of incomparable confidence on her lips, “We’ll be in the same room and we’ll write the same english test, with it being broadcast to the entire school. Do you dare?”

“What is there to fear, would I be afraid of academic trash like you?” Qian Fei Fei said with a cold smile on her lips.

This suggestion to Qian Fei Fei was simply too perfect. She wanted to see how could Luo Qing Chen cheat when being watched by everyone!

Punishment and lectures were fine, but as long as she won, all her face would come back to her!
