Chapter 411: Mister's childhood lover (Part 64)

"Kacha, kacha." The shuttering sounds of cameras came from the corner.

At this banquet, how was it possible that there weren't gossip reporters?

But did Ye Zhi Jin really care?

He softly let go of Luo Qing Chen and took her hand, walking towards the door.

Su Lan not far away slowly came over. Her eyes were a bit red, but she still elegantly stretched out her hand towards Luo Qing Chen, "Hello, I am Su Lan."

Ye Zhi Jin's eyes were very calm, he wasn't worried about anything that Su Lan would say because there was nothing between them to begin with.

"Hello." She gave a slight nod, not really understanding why she suddenly blocked them.

"I am the daughter of one of Ye Zhi Jin's teachers at Cambridge. Although we've met before, I never introduced myself." There were a few tears in her eyes, but her heart was very calm.

Perhaps there were some things that one would know only after seeing it. No matter how hard you tried, there were the hearts of people that you couldn't get.

This was because their heart was filled with another person.

Su Lan had never seen Ye Zhi Jin like that before. It was also in that moment, she was relieved.....

"I know." She said with a faint smile, "Ji Chen mentioned you before."

"Un." She bit her lip and looked at Ye Zhi Jin, "You know that dad is overseas alone, so I should go and be with him.....I'll be saying goodbye today, alright? Senior brother Ye!"

"Alright, have a safe trip." His voice was as calm as water, having no ripples like usual.

This was because he knew that he couldn't have any hesitation in this matter at all.

A bit of hesitation would give the other side hope and once the other side had hope, they would be filled with endless pain.

He knew what he wanted from the day he understood the world and he always worked hard for his goal, always moving forward.

Even if he hits a wall, even if he breaks his head, he would walk into the darkness and never turn back.

After saying goodbye to Su Lan, he brought her away from the banquet hall in front of everyone. He completely ignored everyone's gaze and how important this banquet was.

This was because in his eyes, the girl that was standing by him right now was more important than anything in this world.

Including himself.

At the top floor of the Crown Hotel, the night breeze blew by bringing a faint begonia scent in the air.

It was October again.....

“Ye Zhi Jin.” Luo Qing Chen looked at his back, which was still as straight as before.

She remembered the military training from that year when he carried her like this, walking out of the mountain step by step in the rain.

He didn’t care about his wounds or his dripping blood.....

“Un?” He softly replied as his eyes filled with gentleness.

This was his first time feeling that staying on the skydeck of the Crown Hotel could give him such a beautiful night scene.

He had never felt this before.....

“You don’t have anything you want to ask me?” She pursed her lips as her clear voice rang in the silent night.

Seven years, an entire seven years. She had disappeared for seven years, but he didn’t complain at all.

How strong of a heart and mind did it require to make this kind of Ye Zhi Jin.

“I do!” He slowly turned and put his hands in his pocket. There was a loving look in his eyes as he looked at her with a faint smile, “Come here and I’ll tell you.”

Luo Qing Chen took a deep breath and walked towards him step by step.

She had already made up her mind, if he asked her about it, even if everything that happened seemed unbelievable, she would tell him the truth!

Ye Zhi Jin slowly raised his hand and patted her head as he said, “I want to ask, will you ever leave without saying goodbye again?”

Chapter 412: Mister’s childhood lover (Part 65)

She was stunned.

Her voice became stuffed and her eyes were filled with tears.

“Don’t be silent.” He revealed a warm smile and stroked his right hand on her face, as he lovingly said, “This question is very important, I’ll be afraid if you stay silent.”

“I won’t, I won’t, I won’t!” She desperately shook her head and bit her lips as she said, “I won’t leave and there will be no goodbye.”

She felt that looking into Ye Zhi Jin’s eyes, her heart was filled with pain.

After this long wait, he was just like before, silent as ever.

“Then that is enough.” He had a faint smile as his eyes sparkled like stars.

“But.” She seemed to think of something as she looked at him and said, “If you leave like this, will there be a problem at the anniversary banquet?”

“With Ji Chen, there’s no problem!” Ye Zhi Jin’s style changed and he said with a raised brow, “But how did you become Ji Chen’s assistant?”

He vaguely remembered what Ji Chen had said to him yesterday, first come first serve.

He couldn’t help finding it funny when he thought about it. If it was first come first serve, it didn’t apply to Ji Chen.”

“Ke, ke.” Luo Qing Chen gave a shrug before saying, “This matter, it’ll take a while to explain.”

Ye Zhi Jin wasn’t interested in why she disappeared for seven years, rather he was interested in how she met Ji Chen.

His childhood friend really didn’t know things.

“You mustn’t keep it short, give me all the details.” Ye Zhi Jin revealed a faint smile and his ink like eyes bloomed.

Under the night like this, it really looked good.

—

The next morning, Luo Qing Chen woke up to see the entertainment news popping up on her phone.

Today’s headline: Crown Group’s president Ye Zhi Jin confession at the anniversary banquet.

Major breaking news: Just who is the sweetheart of the single noble Ye Zhi Jin?

Entertainment news: Seven years later, childhood friends reuniting!

.....

!

It seemed like the internet really was the center of information.

In just a single night, the media could even find pictures of her and Ye Zhi Jin from high school!

She suddenly got out of bed and quickly called Ye Zhi Jin.

Not answering!?

She quickly sent him a text message.

(Did you see the news? —Luo Qing Chen.)

“Ding ling.” A cell phone rang.

“What, you slept so late last night, so why are you up so early today?” Ye Zhi Jin’s warm voice came from the phone and she felt that warmth filling her heart.

It was like it had been a while since she heard this gentle voice, it was filled with nostalgia.

What she didn't know was that for Ye Zhi Jin on the other side, under his calm voice, his heart was filled with ripples.

"Did you see the news?" She cleared her throat and asked it again!

"Un." He softly replied, "You're quite photogenic."

"I....." Luo Qing Chen said with a stunned look, "I didn't mean that, alright? I meant....."

"Qing Chen." Ye Zhi Jin's gentle voice cut her off, "I'll hold a press conference later, can you promise me one thing!"

Without knowing it, when he said this, Ye Zhi Jin's heart was filled with a strange nervousness.

"What is it?"

"No matter what I say at the press conference, can you not be angry with me?"

"What would I be angry about!" Luo Qing Chen said with a soft laugh, "I'm just afraid that this sudden news might affect you or the Crown Group."

After all, she was someone who had suddenly fallen out of the sky.

Ye Zhi Jin's gentle voice sounded in the phone, "Silly, this isn't important to me at all!"

Chapter 413: Mister's childhood lover (Part 66)

After hanging up, Luo Qing Chen unconsciously turned on the TV.

Ye Zhi Jin was already holding the press conference. He was wearing a coffee coloured suit with a faint glow in his eyes.

This glow seemed to pierce through the TV and shine into her eyes.

Ye Zhi Jin still hadn't said anything and just stood there as the reporters kept asking him questions.

"Mister Ye, how are you related to the girl in the photo?"

"Director Ye, is she from a rich family that your family set you up with or is she a normal person?"

"May I ask, it's said that you've always turned down Su Lan, is it because of this girl?"

"Is it true that you used to go to the same high school?"

"Director Ye, her name is Luo Qing Chen, right?"

"Director Ye, please tell me, is this all for hype or is there an unspeakable relationship between you two?"

.....

Ye Zhi Jin heard this and his eyes turned cold.

He took the microphone and said in a voice as calm as water, "I am holding this press conference for nothing else other than to say one thing." He looked into a camera and slightly knit his deep eyes as he said, "I am getting married to miss Luo Qing Chen at the end of the month and all students of Dream One High School can stay in the Crown Hotel for free with their student ID. Thank you everyone."

After saying this, he slowly stood up and left the reporters in an uproar.

From beginning to end, he had appeared for less than a minute.

Luo Qing Chen in front of the TV instantly burst in tears.

What she had just heard had made her angry.....

"Ding ling." Her phone rang.

She picked up and found that she couldn't say a word. There was only his soft breathing, gentle and quite comforting.

"Miss Luo Qing Chen, can I come find you now?" His cool voice broke the silence in the phone.

"Un." After a while, there was her soft voice that rang out filled with expectation and emotions.

The starry night waited for the night sky, the kite waited for the wind, the most suitable thing for love is companionship.

Mister Ye used a different kind of waiting to give her his complete companionship.

That mister childhood friend who had been with her since he understood things, he had spent a long time waiting.

Waiting for the flowers to bloom, waiting to slowly return.

—

On the eve of the wedding, she easily got Bei Xiao Shi's phone number through Ye Zhi Jin.

After asking, Bei Xiao Shi who had been her classmate was actually starting graduate school.

And it was actually for a very famous graduate school, so this news had surprised Luo Qing Chen.

The two met up at a cafe and the moment Bei Xiao Shi saw Luo Qing Chen, she broke out in tears.

Before meeting, she kept telling herself that she couldn't cry, she definitely couldn't cry!

That heartless person was finally back, she had to be very relaxed in front of her and give her a hug with a bright smile!

But she never thought that she would still break out in tears.....

And it was complete wailing.....

"Aiyo, you're crying like this, people will think that I stole your man!" Luo Qing Chen quickly gave her a handkerchief, "You're already this old and you're still crying like this....."

"Where did you go? Even if people evaporate, it wouldn't be like this!" Bei Xiao Shi angrily looked at her and said while crying, "Do you know that to find you, Ye Zhi Jin specially asked acquaintances from intelligence agencies of other countries to find your location? But there was never any information at all, nothing, nothing. In the end, I didn't even dare look in his eyes since there was nothing other than despair."

Chapter 414: Mister's childhood lover (Part 67)

"Un." She nodded as she looked at Bei Xiao Shi, speaking in a serious voice, "From now on, I won't go anywhere....."

"That would be best!" Bei Xiao Shi took the handkerchief and wiped her tears, "But you're about to get married, you and my old deskmate will definitely be happy."

"I know." She took a sip of coffee, "I never thought that you would get into grad school."

She gave a shrug and said in a relaxed manner, "I wanted to make myself a bit stronger and then if I had some fame, it would be easier to find you, so I went all out with studying!"

Luo Qing Chen heard this and was a bit surprised. Faced with this Bei Xiao Shi who cried and smiled at her, it seemed like reversing time seven years ago was worth it.

"So strong, my Bei Xiao Shi....."

"Ding ling." Luo Qing Chen still wanted to say something when Bei Xiao Shi's phone rang to cut her off.

When she took the call, her expression changed.

She gave two nods and then said, "Don't be nervous, I'll be back soon."

"What is it?" Luo Qing Chen saw Bei Xiao Shi reveal such a serious expression, so she felt that this matter must be serious.

"I need to go back to school." She knit her brows and said, "Our school hasn't been calm lately, there's already been two girls who have died....."

Luo Qing Chen heard this and spat out a mouthful of coffee. She coughed twice before saying, "What is going on?"

"The girl who is my roommate received a death threat today, so she is very afraid and I need to go back." Bei Xiao Shi knit her brows and said with narrowed eyes, "Baby Qing Chen, I feel that this matter is related to someone....."

She thought about it and then still planned to tell Luo Qing Chen her guess.

"Who?" Luo Qing Chen slightly knit her brows.

"Cheng Qian Zi."

When Bei Xiao Shi said those three words, Luo Qing Chen decided that she had to go to the university to see what happened.

The person who caused her to lose seven years of her life had finally appeared!

This matter from all those years ago should have a satisfying ending.

On the way, Bei Xiao Shi told her her speculations. Luo Qing Chen felt that it wasn't wrong and it was very likely.

The two girls who had died all used to be Gu Qing Nuo's girlfriend and Bei Xiao Shi's current roommate was his current girlfriend.

"So Gu Qing Nuo is also a student at your university?"

"Un." Bei Xiao Shi said with a nod, "He is also a graduate student."

Luo Qing Chen slightly knit her brows and said, "With his face, in a place like university where one can freely date, he should be very popular!"

"Un." Bei Xiao Shi kept nodding as she said, "He's the school hunk."

"Got it." Luo Qing Chen put her cheek against her hand and leaned back in the taxi seat as her eyes turned cold.

"Do you think that my guess is wrong?" Bei Xiao Shi said with a frown, "Although I've heard that Cheng Qian Zi comes looking for Gu Qing Nuo all day, she wouldn't be cruel enough to kill two girls, right....."

"I think that she's the one!" Luo Qing Chen asked, "Did the police investigate her?"

"I'm not too clear on that. She had been investigated, but the police never found any evidence." Bei Xiao Shi said.

"If there's no evidence....." Her eyes lit up as she said, "We'll make evidence."

There was no one in this world who understood Cheng Qian Zi better than her.

She could hire people to kill others at the age of sixteen, so it was as easy as flipping her hand for her to kill anyone now.

Chapter 415: Mister's childhood lover (Part 68)

(I went to South Ocean University with Bei Xiao Shi. I have something to do, so I'll be back a bit later. — Luo Qing Chen.)

Taking her phone, she quickly sent a text to Ye Zhi Jin before entering South Ocean University with Bei Xiao Shi.

When she entered the campus gates, she felt that the atmosphere was strange. The campus was not as noisy as usual and there were only a few people scattered along the path with vigilant looks in their eyes.

"Isn't it very deserted!" Bei Xiao Shi said with a shrug, "Something like this has happened in the school and the murderer hasn't been caught, so everyone is cautious. There are many local parents who are picking up their kids."

"Un, let's go to your dorm first!" She gave a slight nod, not making any useless guesses.

When they arrived downstairs at Bei Xiao Shi's dorm, there was a figure that they hadn't seen in a while, Gu Qing Nuo.

He was still the same as the past, with his casual white shirt and his faint smile, he could enamour any girl.

"Ying Ying, are you alright!" Bei Xiao Shi came forward and looked over the so-called death threat before knitting her brows.

At the same time, Gu Qing Nuo's eyes fell onto Luo Qing Chen.

His eyes turned cold and he only came back to his senses after a while as he said with a faint smile, "Long time no see."

He had seen her figure in the news yesterday and now he was seeing her.

After all these years, she was still with Ye Zhi Jin. Thinking of the past, why wasn't his heart moved before!

Only, that girl didn't give him even the slightest bit of a chance. Thinking about it, there was a bit of regret.

"Un." She nodded with a faint smile, "I think we shouldn't catch up in this kind of situation."

"Eh." An awkward look flashed in Gu Qing Nuo's eyes as he said, "Alright."

Luo Qing Chen gave a slight nod and walked forward to take the death threat from Bei Xiao Shi's hands. There were a few red words written on it.

(You're not worthy of your current love, death is waiting for you.)

"Did the girls who were harmed before receive the same death threat?" Luo Qing Chen looked over at Bei Xiao Shi and asked.

"Yes." Bei Xiao Shi nodded with a serious look, "The police said so."

"Un, I got it." She immediately looked over at Gu Qing Nuo and asked with a faint laugh, "You really never suspected her?"

Her question was very straightforward, getting right into the topic without avoiding it at all.

"I feel that she isn't that kind of person." After a while, Gu Qing Nuo said with knit brows, "There are many people at school who like me, we can't rule out the other possibilities."

"Of course." Luo Qing Chen narrowed her eyes and gave a soft laugh, "There have been many people who have liked you. The way you neither accept or reject them akes many people still have hope in their hearts."

“Qing Chen.....” Gu Qing Nuo’s expression changed and a different emotion appeared in his eyes.”

“Alright.” She took a deep breath and said, “I’m here to help, not anything else. I have a way to make the killer appear.”

“That.....” Ying Ying’s terrified eyes looked at Luo Qing Chen and asked, “Do I still have to stay away from Qing Nuo!”

“No.” Her eyes lit up as she said with a faint smile, “You have to be glued to him and show as much love as possible. Moreover, you need to do something crazy.”

In her eyes, even though there were over a hundred girls at South Ocean University that liked Gu Qing Nuo, there was only Cheng Qian Zi who could do something like murder.

Her experiences and methods went beyond age and mind.

Chapter 416: Mister’s childhood lover (Part 69)

The weather forecast said that it would rain tonight.

And at this time, it was two in the afternoon and the sky was clear with the sun shining down.

The desolate campus had become noisy after it was filled with colourful balloons.

Gu Qing Nuo was wearing a black suit with a large bouquet of roses in his hand, kneeling in a sea of balloons as he proposed to Zhang Xiao Ying.

This scene was so sweet that it unconsciously made people’s lips curl up.

Luo Qing Chen who wasn’t far away looked out the window of the classroom with her telescope and slightly narrowed her eyes.

“Qing Chen, is there really no problem?” Bei Xiao Shi was a bit worried since the enemy was hidden and they were out in the open.

“Relax.” She said with a nod, “Leave it to me.”

Her telescope slowly stopped at a corner in the end and her eyes turned cold as she revealed a faint smile.

Some things were finally about to end and some people would receive their miserable endings.

—

Eight at night, Zhang Xiao Ying received a text from Gu Qing Nuo and rushed out of the dorm.

There was already a drizzle in the sky and the temperature had dropped.

Zhang Xiao Ying softly stroked the invisible earphone in her right ear and walked to the library with her umbrella up.

As the time approached, she walked into the library and slowly closed her umbrella.

What she didn't know was that right after.

"Peng!" The library's doors suddenly closed and the lights that were on instantly dimmed.

The person standing in the dark raised their right hand and stabbed the knife in their hand at the person who came in.

The blade softly nicked skin before someone grabbed Cheng Qian Zi's hand and said, "Qian Zi, it's over....."

"Dida." The lights in the library lit up and Luo Qing Chen's clear voice slowly rang out, "That's right, it should be over."

Cheng Qian Zi's eyes were dazzled by the light before she looked up at the person in front of her. There was a bit of blood coming from his neck and his brows were tightly knit.

"Qing.....Qing Nuo....." Cheng Qian Zi shook her head in fear and said, "No, why.....why is it you?"

"It's me." He looked at Cheng Qian Zi in front of him with ice cold eyes.

Cheng Qian Zi was looking at the blood on his neck as she said with a pale face, "Sorry Qing Nuo, I didn't want to hurt you.....Sorry.....I just wanted....."

"Wanted to kill me, right?" Zhang Xiao Ying walked out from behind Luo Qing Chen and coldly asked this.

"Right." Cheng Qian Zi glared at her as she said in a trembling voice, "It's you.....It's you.....All you dirty people, how can you be with Qing Nuo? You're not worthy....."

"Whether they are worthy of me isn't related to you at all!" Gu Qing Nuo stared at her with cold eyes that didn't contain any warmth at all.

"Qing Nuo, we are childhood friends! I have been by your side since kindergarten, grade school, middle school, and high school." She bit her lips as she pointed at Luo Qing Chen and said, "If it wasn't for Luo Qing Chen, we would have been together forever! Forever....."

"Enough!" Gu Qing Nuo roared out and looked at Cheng Qian Zi with a fierce look as he angrily said, "No matter who appears in this world, I will never like you, Cheng Qian Zi. Whether it is the past, the present, or the future!"

"Qing Nuo.....You.....Why are you like this to me, I'm the one who is good to you!"

"You're good to me?" Gu Qing Nuo gave a cold snort and narrowed his cold eyes as he said, "In my eyes, you are the world's most disgusting and ugly person. A person like you is never worthy of love and no one will ever love you."

Like the rain outside the windows hitting the glass, Gu Qing Nuo's words slammed into Cheng Qian Zi's heart one by one.

The most painful thing was this!

She knew seven years ago that cruelest way to punish Cheng Qian Zi in this world was not to let her die, rather to let her be deeply hated by the person she loved the most. Letting all her deepest desires pop like a bubble.

Chapter 417: Mister's childhood lover (Part 70)

"Di, du, di, du, di, du." After a while, there were the sounds of police cars outside the library.

Luo Qing Chen knit her brows and was a bit surprised.

Cheng Qian Zi was taken away by the police for intentional murder and there was enough evidence this time.

She could tell that in her eyes, there was no hatred, love, loss, or fear, just endless despair that swallowed her bit by bit.

Luo Qing Chen looked into the sky filled with rain and felt comfort fill her heart.

The person who caused her to lose seven years was finally getting what she deserved.

"I'll send you back!" Bei Xiao Shi said in a worried voice as she looked into the rainy night.

"I think there shouldn't be a need." She fell onto a familiar figure not far away and the corners of her lips curled into a faint smile.

Perhaps happiness was like this. When turning the corner, there was someone waiting for you.

Time kept flowing, even if the seas dried and the world ended.

Sitting in Ye Zhi Jin's Porsche, Luo Qing Chen slightly knit her brows as she said, "You called the police?"

"Un." Ye Zhi Jin gave a slight nod before saying with a serious face, "If you meet this kind of situation in future, miss Ye has to tell your mister Ye. He is very cowardly and will be afraid."

When he knew that she wanted to go to South Ocean University, he had a good idea of what she wanted to do.

He used an afternoon to find a friend at the police station to understand the case and the range for suspects were quite small.

Although he wasn't sure of the murderer, in order to protect her, he used his network and easily dispatched the police force.

He waited for her for an entire seven years, he wouldn't let any accidents happen and hurt her.

"Puchi." Luo Qing Chen the last eight words and couldn't help laughing. She wanted to say something, but when she looked into his honest eyes, they were stuck in her throat and she couldn't say anything.

After a while, she pursed her lips into a smile and said, "Don't be afraid, I'll protect you!"

"I am afraid, there is no sense of safety." Ye Zhi Jin drove the car while saying this.

“Then what will it take for you to have a sense of safety!”

“Si——” A sudden braking sound filled the empty streets.

Ye Zhi Jin took off his seatbelt and leaned in towards her. His left hand stroked her face and stopped a millimeter from her lip. His gentle voice slowly came out, “You want to know?”

She felt her body tremble and the blush spread from her cheek to her ears. The quiet surroundings allowed her to hear her own heartbeat, beating so fast.

“I.....Can I say now?” She pursed her lips and pulled out these words from her mouth.

Ye Zhi Jin leaned in close. His long lashes fell over his white skin, looking so quiet and good.

“It seems like no.....” When his voice fell, he closed his eyes and his cool lips fell onto her lips. He rolled around, gentle and delicately, invading into her from inch to inch, but also passionate and deep.

After a while, when the rain finally stopped hitting the window, he slowly and softly let her go.

She gradually calmed her breathing and proudly said, “I already said no and you’re still asking me.....”

This reaction made her feel even more shy and her face became more red.....

“Sorry Qing Chen.....” His deep eyes filled with sparkling light and his lips curled into a beautiful arc as he said, “I’ve waited too long for this day.”

Chapter 418: Mister’s childhood lover (End)

Seven days later, it was her scheduled wedding.

A pure white wedding dress and beautiful music. Twenty three years of love was finally blooming.

The priest read vows, they exchanged rings, and then promised to be together until they grow old together.

He finally got his wish in marrying the only person in the world that he wanted to marry.

His childhood sweetheart, Luo Qing Chen.

Time finally didn’t let him down and didn’t leave him alone in this life.

One afternoon after the wedding, Luo Qing Chen took his wallet from the desk on his study and planned to change the photo inside!

She never thought that when she picked it up, a piece of neatly folded paper would fall out.

Opening it, she found that it was what she had written in her notebook in that final English class.

She felt her fingers begin to tremble and she accidentally opened it, revealing the words written on it.

I will wait, in the short future, I will always be waiting. Of course, I have a limit and I’ll stop waiting on that day. The limit is.....a hundred years.

She felt her tears flowing out, dripping down her cheeks and landing on her hand.

Her hand was trembling as that piece of paper slowly fell to the ground.

She looked down as the silent youth walked in front of her. He leaned down to pick up the piece of paper and looked at her with calm as water eyes as he said, "Mrs Ye, why are you looking at my private things! This was written by my first lover, you're not allowed to peek."

He used his hands to softly wipe her tears before slowly folding up the paper and putting it in his pocket.

"Sorry Ye Zhi Jin, I made you wait for me for seven years." She lowered her head, saying the word that she had never said to him.

She really was sorry. No matter what the reason was, she threw him away for an entire seven years.

"No, it should be ten years." Ye Zhi Jin patted her head and looked at her with a deep look, "The three years of middle school also count. So, Mrs Ye owes me ten years, you have to return them to me....."

"How....."

"It can be calculated in the next life, but there will be interest." Ye Zhi Jin said with a thoughtful nod, "The interest should be very high to make up for my loss over those ten years....."

"Ye Zhi Jin....." She looked up into his eyes and said, "I have no chance to return to the moment we first met, but I will do my best to be with you for the rest of my life. Until we grow old, never breaking our vows."

"Alright." He nodded without any hesitation as he softly took her in his embrace. His eyes were filled with pampering as he said, "Deal!"

—

In this life, they stayed together and protected each other for several decades.

She left ten days earlier than Ye Zhi Jin, but these ten days to Ye Zhi Jin was as long as ten years.

The day he passed away, he laid in bed as the talk they had in the study flashed in front of his eyes. His old voice slowly came out as he muttered, "You said that you owe me ten years, but you left before me by ten days. The current me.....completely understands what a day feeling like a year means. Cruel miss childhood sweetheart, can I go find you?"

That was the last thing he said as the life monitor by the bed made a beep sound and flatlined.

Ten years in the next life, he didn't know if she could remember. Hopefully she would return it to him.....

—

All encounters in the world are long term reunions and all departures in this world come eventually.

I will be here waiting for you to slowly return to me.

Chapter 419: Side story: A crush is a beautiful little thing (Part 1)

The entire dorm knew that I liked Bei Xiao Shi, almost to the point I could give up everything.

Only Bei Xiao Shi didn't know about it.

I wasn't tall when I was young, it wasn't until the second year of middle school that I soared into the sky.

My height came from my father and my face came from my mother, I never had any pimples.

Because of this, I was even beaten by my mother. She didn't care about her face mask, she was just afraid that there was something wrong with my sexual orientation.

When I first met Bei Xiao Shi, it was the first year of middle school.

When I started middle school, I was mocked by the other boys of the same grade for being short.

They liked to push me into the dirt and ruin my uniform.

Bei Xiao Shi was quite popular at that time, her carefree personality made her feel like a big sister in middle school.

One afternoon, I was being bullied by classmates. They seemed to be enjoying bullying me.

Because I didn't fight back.....

Or rather the me from that time couldn't fight back!

I saw a girl with a pigtail walk over while eating a popsicle.

There were two tall girls who were by her who seemed even taller than the classmates bullying me.

I watched as she walked into my sight with the light behind her and that sight was the brightest light in my life.

She dropped the popsicle on the head of the boy bullying me and looked at him as she said, "Learning to bully people in the first year of middle school, perhaps you'll be killing and setting fires when you grow up!"

The male student was a bit afraid when seeing her, but he still reacted, "What does a little girl like you care? You really think that you're a big sister!"

Right after that, Bei Xiao Shi put the male student's head in the mud without another word.

She stepped on this 'dish cloth' and looked at the other male student that was prepared to help, raising her hand to slap him.

To be honest, this was quite handsome.....

Other than that, it had to be said that Bei Xiao Shi really was a weird girl.

I was still wondering after all those years how she was that strong.

The enemy's momentum was stopped and when the two tall girls came out, the boys immediately surrendered and begged for mercy, "Big sister Bei, we are just small people. We were wrong, we were wrong, we won't dare in the future."

"Scram." Bei Xiao Shi gave a cold snort and kicked one of the boy's butt.

The boys ran off in fear.....

Bei Xiao Shi clapped her hands and got rid of the mud in her hands. She looked at the popsicle on the ground before saying with a shrug, "It really is a waste of a popsicle."

At the same time, she casually reached out to me, wanting to help me up.

I would never forget that moment in that life, the moment when I looked up at her.

A pair of clear eyes that sparkled, the white skin with a few beads of sweat, and those lips curled into a smile.

I timidly reached out my hand and grabbed her cool palm as I stood up.

She just honestly looked at me and said, "Why didn't you fight back? Just fight back if you're ever being hit, I'll take responsibility for whatever you break."

She would never know that my heart skipped a beat in that moment. It was like hope shined into my heart and the warm sunlight pierced the darkness, warming me like no one had ever done before.

The me of that time knew that she was my only savior.

For this savior, I was willing to work hard all my life, putting in all my effort for the rest of my time.

Chapter 420: Side story: A crush is a beautiful little thing (Part 2)

However when I was truly shining, looking back, I couldn't see her anymore.

In the second year of middle school, I shot up in height and it felt like all the oppressed feelings suddenly exploded.

Adding in my face that bloomed, I instantly turned from someone that others shoved into the mud to a youth that caught the whole school's eyes.

I seemed to be living a different life. I started receiving love letters and when I walked through the school yard, there were girls who whispered behind my back, "Wa, Xu Ji Yuan! So handsome!"

But this kind of me couldn't make her take another look at me. I even opened every love letter, but I never found one that was written under her name.

She didn't care about me at all.

Perhaps she had already forgotten about me.....

That was right, I was that normal back then, how could she remember me!

But I had to have her remember me, right?

I began my series of plans.

[Guide on approaching Bei Xiao Shi.]

I deliberately practiced taking shots when she walked through the school yard after school. I had to be handsome even if I missed, at least it could attract cheers from the crowd of girls.

But it always seemed like she walked blindly past me with a girl called Luo Qing Chen, not staying for even a second.....

Un, so angry!

I began studying harder to try and change classes. Finally I got into the top ten for a midterm exam and I had the right to change classes with the teacher. There was no focused class during middle school, so class changes all depended on the teachers!

However the first day I changed to her class, while I got the attention of all the girls, she was the only one who was happily talking to her deskmate Luo Qing Chen about something. She didn't even take a glance at me and just gave a mechanical clap.

Un, so angry!

In the following days, I did all kinds of things to attract her attention, but they all——

Failed!

Failed!

Failed!

I almost felt that when the heavens closed the doors on me, they silently helped me by leaving a window open.

At KTV, I met her.

The first thing I saw when entering the room was her phone. I did the craziest thing in my life and put my phone number in her contacts.

Then I called myself.

I wanted to chase her down, but she slammed into me when she ran into the room.

She didn't know how nervous I was at that moment.

The friends beside me didn't tease me because of the crash, but rather because the other side was her.

It was because they knew that I liked Bei Xiao Shi.

Finally, god didn't let me down. I completed the first step towards approaching Bei Xiao Shi and I became her friend.

Or perhaps, it was a step deeper than friends.

Above friends and not yet lovers.

When she said that she wasn't gentle enough, I said that I felt it was rather good.

When she said that her grades weren't good enough, I said that I felt it was rather good.

When she said that she's become a bit fatter, I said that I felt it was rather good.

Just like this, I walked into her life and did my best to achieve what I wanted.

We agreed to go to the same high school and the same university.

But on the day of submitting the application for the high school test, I broke my word.

It was because my mother broke her leg that year.....

My father worked overseas all year round and couldn't come back frequently. I was an only child, so I had to take this responsibility.

Dream One High School was very far from my house and I wouldn't have been able to take care of my mother.

For my family, I gave up the dream of going to the same high school as her.

And I also lost her as a——

Good friend.
