

## Quick T 421

### Chapter 421: Side story: A crush is a beautiful little thing (Part 3)

I never told her about the application form and only on the day school started when she called me to ask, I told her the truth.

She was very angry, I had never seen Bei Xiao Shi this angry.

I suddenly felt that I had unknowingly hurt her.

I would never forget the final words she said to me.

“Xu Ji Yuan, you bastard, you’re so selfish! Why were you so certain that I wouldn’t go to Martial Three High School?”

She hung up after saying this and after summer vacation, lost all contact.

I knew that she wasn’t angry because I went to Martial Three High School, rather it was because I didn’t tell her about the truth.

She felt that she wasn’t important.....

But I just didn’t want her to worry.

That day, I stood at the gates of Martial Three High School with the sun shining bright above me.

But I felt the warmth of the sun wasn’t even a millionth of her smile.

I always wanted to explain to her, but I never got a chance.

Until the high school basketball match when we met again. I didn’t know if she would come, but I was filled with hope and couldn’t fall asleep all night.

She was the same as always, the same kind of cute. But there was a cold look in her eyes.

I told myself that I had to win this basketball match. I wanted her to see the new me, the bright new me.

However, there was a dark horse that came from Dream One High School, Ye Zhi Jin.

His attack and defense were on the same level as me, the only scary thing was how accurate his three pointers were.

It was because of this that although their overall strength couldn’t compare to ours, the score was quite close.

In the second half, I changed the strategy and had people specially defend Ye Zhi Jin.

But I never thought that he didn’t even need to attack to sink those beautiful three pointers.

I was a bit worried, my team was also a bit worried.

They even used underhanded methods to knock Ye Zhi Jin down.

I was very angry. For a competition, we should win openly and lose with a conscience.

When it came to the last fifty seconds, I focused my mind and looked at my greatest enemy, Ye Zhi Jin, making my final preparations.

I've lost countless games in this life, but this was one I definitely couldn't lose.

And at that moment, I found that Ye Zhi Jin was looking at the friend seats to the side.

I followed his eyes and looked over, finding the swinging lamp above Bei Xiao Shi.

Ye Zhi Jin didn't even think as he threw away the ball as he ran in the direction of the falling lamp.

As for me.

I didn't even look at the ball in front of me.

At that moment, I only had her in my eyes. Suddenly the match was no longer important and it didn't matter if I won.

Everything was good as long as she was fine.

I was very happy that I could protect her. This should be the moment in my life when I felt the most handsome.

—

Afterwords.

In the future, I silently applied for the same university as her. She was very surprised when she saw me, but then she revealed a warm smile.

I liked this smile. From the first moment I saw her, there was this kind of smile on her face.

I hoped that I could use the rest of my life to protect this smile, letting her remain on her face forever.

The three years of regret from high school, let me redeem it with the rest of my life!

From now on, wherever she goes, I'll be there.

A crush is a beautiful little thing and I would use the rest of my life for this thing.

### **Chapter 422: Ye Zhi Jin side story (Part 1)**

I like you, never bothering you and never giving up. Silently keeping my distance as I keep my deepest love secret. —Ye Zhi Jin.

Since I understood matters, the three words Luo Qing Chen lingered in my mind, never wandering.

I didn't know how she did it, but she did it perfectly.

I always thought that she would be with me for a very long time, but I never thought that she would move.

It came so sudden that I didn't even get a chance to say goodbye to her, losing the only young miss childhood friend in my life.

I didn't have a choice in middle school.

But in high school, I had the choice.

I told mother that I wanted to enroll in Dream One High School and she was even more excited than me.

I think that having this kind of mother is also a kind of blessing in life.

She would never know how excited I was when I saw the class listings at the school entrance.

It was like the heavens were secretly helping me meet her again.

Moreover, it was right behind her.

Although I preferred being deskmates more.

When I accidentally heard her conversation with Bei Xiao Shi, I heard they were going to the clubs fair.

This was a chance to meet again, how could I not go?

I finally had a chance to speak to her again at that time, but we had to meet Qiao Meng Tian.

The little sister that suddenly came to my house three years ago.

She always thought that my father had adopted her because of how he felt guilty about her mother, but actually she was my father's blood related daughter.

Which meant that she was my little sister from the same father, but with a different mother.

I told her about this during the military training.

She and Cheng Qian Zi both planned bad things and left Luo Qing Chen on the mountain the next day, so I told her everything.

This secret was to protect this little sister with the same father, but if this secret hurt my most important person.

I would rather give this up.

As expected, Qiao Meng Tian never waited for me since then. I knew that I had unintentionally hurt this little sister, but I felt that at least she wouldn't go astray because of thoughts she shouldn't have.

She wasn't that bad, she should have a better future.

High school tests are as easy as flipping my hand, but to become her deskmate, I decided to lower my monthly test scores.

But I never thought that this would make the teacher very angry, even calling in our parents.

I thought that I caused her to be scolded, but I never thought that her mother was shopping with my mother.

Moreover, I could tell from their eyes that they supported us!

Ha, ha, in that moment, no one knew how much happiness there was in my heart. It was like a flower could instantly bloom.

Later we became closer and closer. When I was on the basketball court, whenever I hit a three pointer, I would secretly look at where she was in the stands.

When I saw her clapping and cheering for me, my heart was filled with satisfaction.

If time could always stay like this, how good that would be.

I was willing to take this competition for her and see how proud she was of me.

But when I saw the light over her head, I knew that what I wanted to do wasn't to make her proud, but to always protect her.

In that moment, my mind went blank. There was only a single voice in my mind which was——

Grab her, grab her, grab her.

I didn't care if the lights hit me, just like how I didn't care if the branches in the mountain cut my skin.

To me, as long as she wasn't injured, anything was fine.

#### **Chapter 423: Ye Zhi Jin's side story (Part 2)**

But even working hard, I couldn't keep her.

I would never forget every word she said to me that night.

She asked me, did you believe in time travel?

Without knowing why, when she said this, my heart was filled with panic.

It was like she was going to leave me that night.

I was scared when I sent her home, scared when I said I believed, scared as I thought about holding her hand one last time.

But it slowly fell at the last second.

I said my final five words to her, "Good night, see you tomorrow."

But we never met tomorrow.

I never thought that I would separate from her, but you cruelly froze my world.

She disappeared.....without a single trace.....

No one in this world knew where she was and no one could find her.

Everyone beside me told me to forget her. If she was still alive, how could she not come find you and let you bear the pain of living alone.

But I.....didn't believe it.

Not a single word.

It was because she found the letter that she gave me, she never said she would be back.

But this letter had been with me through countless lonely nights, it was already my spiritual support.

I was like the grass growing in the darkness, endlessly waiting for the warm sunlight.

Until I found the seven coloured bracelet.

It was the present I gave her.

My mind recalled our youth at school. Her faint smile, every scene was something that I could never forget.

Those memories were deeply imprinted in my mind, never being shaken.

I felt like I was going crazy at that moment.

My mind was blank and there was only a single path in front of me connecting to the seminar.

I saw her handwriting here. In front of my eyes was her at sixteen standing at the board, writing down the answer.

That confidence, that cuteness, that time, that beauty.

I desperately called Ji Chen, again and again, until my hands were trembling, but he never picked up.

Only when night fell did he finally pick up.

I went straight to the topic and asked him where Luo Qing Chen was.

But that call was hung up and it went to voicemail when I called again.

No one in the world knew just how anxious and worried I was in that moment.

My heart was like an ant in a burning pot, devouring my entire mind.

But it was a good thing I knew that she was going to the anniversary banquet.

I didn't hesitate at all as I desperately ran there.

When I opened the door, I felt like my entire world was filled with colour again.

Everything around me seemed to freeze in that moment.

There was only her in my eyes, she was like a dazzling light. Even standing there, she lit up my entire world.

At that moment, I used all my strength to tightly hold her.

It was like only holding her like this could stop my heart from trembling, driving away the fear.

Seven years of endless waiting, everything had become worth it at this moment.

I secretly swore in my heart that in the future, I would always be with her.

If there was a day she wanted to travel through time and space, I would go with her.....

Because no matter what world or time it was, as long as she was by my side, nothing else mattered.

Waking up in the morning with you and the sun together, that is the future that I want.

#### **Chapter 424: Little theater side story**

The warmth over the years slowly flows in a river, making the closed heart skip a beat.

There were times when I heard the sounds of flowers blooming.

—

[The «Childhood Lovers» chapter has ended and welcome to our mister childhood friend Ye!]

“Hello system.”

[As expected, the system likes this kind of man!]

The “man” Ye Zhi Jin fixed his suit and looked up.

[Alright! Now let’s enter the usual ten question interview, are you prepared?]

“Un, system, please ask!”

[“First question: Did you ever bully your little childhood friend when you were young?”]

“Frequently.....I was young and naive, I liked using that kind of method to get the attention of the person I liked.”

[Aiya, it’s really too much!]

“Thinking about it now, I really regret it! I should have spent all that time treating her well!”

[.....] The system didn’t like this opening and the system had already eaten dinner!

[“Second question: What do you usually do when it comes to love rivals?”]

“The only one that was a bit strong was Gu Qing Nuo, so on the basketball court, I used the handsome three pointer to beat the enemy!”

[La, la, la, la, la, la, the system also felt it was quite handsome!]

[“Third question: Who is the person you hate the most in this world?”]

“Cheng Qian Zi.”

[Un, the system also really hates her! She really is quite bad!]

[“Fourth question: What is the thing you regret the most?”]

“I didn’t go with her on that so-called time travel.”

[“Fifth question: What is the funniest thing?”]

“Eh, funniest.....” Ye Zhi Jin thought about it before saying, “Ji Chen told me that he had a little assistant and said I couldn’t steal it from her, saying that I had to respect first come first serve. I feel he doesn’t know what a childhood friend is!”

[Pu, ha, ha, this system is dying of laughter!]

["Sixth question: What was the most exciting thing for you?"]

“Exciting, there were quite a few things. The most exciting thing was on the mountain and I was carrying her, I could faintly feel her breathing on my neck. That feeling was enough to forget all the pain.”

["Seventh question: What was the warmest thing you’ve ever done?"]

“There are quite a few things.....”

["Pick one, pick one!"]

“Making date buns!” Ye Zhi Jin said with a faint smile, “Because you couldn’t buy those buns, so I could only make them myself. At first they were quite ugly, but I slowly got better by continuing to make them.”

["This system has to say, the host really has strange tastes!"]

“.....I feel the same.....”

[Pu, this system will tell the host!]

“Don’t! The system might not exist in the future!”

[Sorry, this system is still a baby.....]

["Eighth question: Many people wanted to ask this. During the seven years when she was gone, what allowed you to keep waiting?"]

“Love.” His answer was simple and concise, not using any extra words.

[.....] The system had been fed more dog food and it was so fast!

["Ninth question: What was the most interesting thing after you got married?"]

“She liked changing the photo in my wallet, one each year and they never repeated themselves.....”

["Tenth question: Is there anything you want to say to her?"]

“No matter how beautiful time is, we will meet again. I’m willing to spend that time with you until our hairs turn gray.”

[Such beautiful words! The system is envious of the host, the system also wants a childhood lover!]

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 8/100]

## **Chapter 425: Ninth level imperial beast master’s three realm love disaster (Part 1)**

[Biu, biu, biu, welcome the system back!]

“Un.” She softly replied with a gentle look in her eyes.

[Does the host want to see the world after you died? Yes/No.]

“Yes.”

The bronze mirror filled with the familiar smoke as the scene gradually cleared.

There was no one in the hospital corridor.

Ye Zhi Jin was lying in the hospital bed with a stack of photos in his hands.

Each picture was a picture of her.

She couldn't stop her eyes from turning red.

Those photos were the ones she had put in his wallet each year and each one had a note from her on the back.

He must have——

Known it all and seen it all!

He slowly sat up on the bed he was lying in and properly stacked the photos in his hands.

One by one, placed in order of date.

When he reached the earliest one, he reached the picture that had stayed in his wallet during those empty seven years.

The picture was a bit yellow and his rough hands slowly stroked it, like it was a treasure.

The bronze mirror changed to him silently lying on the bed.

There were tears in the corner of his eyes as a stack of photos was placed on the nightstand by his bed.

He softly muttered something before slowly closing his eyes, as the life monitor beside him gave a “beep” sound.

The bronze mirror gradually blurred and left only a single sentence.

“Cruel miss childhood friend, I'm coming to find you, alright?”

“Alright.....” She mouthed this word in front of the mirror.

She took a deep breath and adjusted her mind.

[The following is a summary of the previous mission. Host, please properly look over it.]

Ding, fixing the system’s mistakes.

[There is something the system has to say, although it feels a bit repetitive.....]

“What?”

[Because of how special the next world is, the host will get the Exquisite Ring again.]

“.....” Luo Qing Chen rolled her eyes at the system and said, “Can’t you just give me the Exquisite Ring?”

[The host can accumulate the necessary exchange points and exchange for it!]

“So, I can use the Exquisite Ring in every world after exchanging for it? Including.....modern worlds?”

[Of course not.]

“Ha, ha, then just let me borrow it indefinitely!” Luo Qing Chen gave two cold laughs, showing that it wasn’t worth it!

[Host please sit tight, entering the next world.]

### **Chapter 426: Ninth level imperial beast master’s three realm love disaster (Part 2)**

Un, to put it simply, it’s another story of love and killing.

The Hundred Beast Continent, it was a continent filled with magical spirit beasts.

Other than spirit beasts, there were normal people and Imperial Beast Masters.

The Imperial Beast Masters were separated into north and south factions. It’s said that the ancestors of those factions were lovers, but it was unknown why those two separated and even became hostile with each other.

The south faction only had men and the north faction only had women.

The male lead was the most powerful Imperial Beast Master of the south faction and the previous host was the most powerful Imperial Beast Master of the north faction that had taken half his glory.

Both of them were Ninth Grade Imperial Beast Masters.

On the Hundred Beast Continent, the two of them were once in a thousand year——

Miracles!

Because for hundreds of years, there were only four Ninth Grade Imperial Beast Masters on the continent and that included the two founders of the north and south factions.

As for the supporting female lead Yu Ruo Shui, she was the only disciple of the former host.

Her talent wasn’t bad, becoming a Fourth Grade Imperial Beast Master at the age of fifteen, but she couldn’t reach the fifth grade no matter what.

The previous host told her that being an Imperial Beast Master was already an opportunity in this world. For hundreds of years, the north and south factions only had a few hundred people, so she shouldn’t worry too much.

Yu Ruo Shui listened at first, but when she met the supporting male lead An Qiao Yu, she decided to become the best Imperial Beast Master.

One day, she would stand by his side in the light.

An Qiao Yu, the male lead’s junior from the same sect, a Seventh Grade Imperial Beast Master.

Although he was two level lowers than Di Luo Feng, he was an outstanding existence in the Imperial Beast Master world.

However, An Qiao Yu had fell in love with the former host at first sight.

It was in the Ink Card Forest and they were surrounded by the number four divine beast of the Hundred Beast Continent, the Snow Phoenix.

The previous host raised the Splendid Flashy Orb and faced the fierce Snow Phoenix without any fear.

Her eyes were cold and she used her powerful Imperial Beast Energy to make the Snow Phoenix submit, becoming her spirit beast.

At that time, the south faction had only sent An Qiao Yu and lost the chance to tame this spirit beast.

The supporting female lead Yu Ruo Shui fell in love with An Qiao Yu at this time. Although he was powerless when facing the Snow Phoenix, at least he could protect people.

Which included the former host's disciple, Yu Ruo Shui.

Some people wished to gradually lose themselves, losing everything, even losing themselves.

After the Ink Card Forest, Yu Ruo Shui kept working hard to improve her level.

But she never thought that she wouldn't be able to improve no matter what.

The previous host told her that Imperial Beasts took talent, but she didn't believe it.

In the end, Yu Ruo Shui used abnormal means to open the Dark Beast Pavilion.

She stole the forbidden spell of the Imperial Beast World, the Bloodthirsty Subduing Beast Spell.

When she used this forbidden spell to raise herself to a Fifth Grade Imperial Beast Master.

An Qiao Yu came to the north faction and asked for the hand of the head in marriage, he wanted to marry the previous host.

Yu Ruo Shui naturally didn't agree. She planned everything to kill the previous host.

Other than being able to tame divine beasts, Imperial Beast Masters also had some spells.

It wouldn't be easy to kill the previous host.

She used the normal secret techniques of the Dark Beast Pavilion to make a poison.

It was colourless and tasteless. She fed it to her daily.

Since the previous host only had her as a disciple, all her daily needs were taken care of by Yu Ruo Shui and she had never doubted her.

Until the day the poison killed her did she realize what kind of person her disciple was.

It was a pity that everything was too late.

Then Yu Ruo Shui used the Bloodthirsty Subduing Beast Spell to reach the seventh grade before confessing to An Qiao Yu.

In the end, An Qiao Yu accepted Yu Ruo Shui.

Since then, the two of them lived a happy life together.

### **Chapter 427: Ninth level imperial beast master's three realm love disaster (Part 3)**

Now everything went back to three years ago.

When she had just tamed the Snow Phoenix.

Everything had gone to the beginning.

But in the memories of the previous hosts, there wasn't any trace of the male lead Di Luo Feng!

She stood on the Jade Terrace and her eyes fell onto Yu Ruo Shui who was cultivating not far away.

Yu Ruo Shui was quite beautiful, with her fine hairs tied in a bun. She was wearing an aquamarine robe, which looked refined and elegant on her.

But right now she should have fallen in love with An Qiao Yu at first sight.

Or perhaps she had already opened the Dark Beast Pavilion.

"Master, you're up!" Yu Ruo Shui came forward with a smile.

Luo Qing Chen gave a slight nod. She looked at her with ice cold eyes as she said, "I've found that recently your ability to control beasts has become better."

Yu Ruo Shui showed a bit of panic in her eyes, but she shyly grabbed her hands and said, "It's master's teachings that are good. Many people envy Ruo Shui for being able to have such a powerful master!"

"Is that so?" Luo Qing Chen gave a soft laugh before looking into her eyes, "I'll be heading to the south faction's Celestial Hall tomorrow, do you want to come?"

Her eyes instantly lit up as she looked at Luo Qing Chen and said, "Yes, yes! Wherever master goes, I'll also go."

"Why are you this excited?" Luo Qing Chen raised a brow, as she revealed a teasing look.

Since Yu Ruo Shui had already learned the Bloodthirsty Subduing Beast Spell, she had already turned dark.

No, it should be said that she was already someone with thoughts hidden deep inside her.

Facing this kind of supporting female lead that didn't go right against you, wasn't this a bit interesting?

She couldn't slap her right in the face, but slyly slapping her was the best method.

"Ke, ke." Yu Ruo Shui cleared her throat, "Ruo Shui has been at the Jade Terrace for too long, Ruo Shui was too panicked."

Her expression and tone were all right, even the host Luo Qing Chen couldn't see anything wrong.

"Un humph." She gave a soft snort and walked off in the other direction with a slight whip of her sleeve.

She left the panicked Yu Ruo Shui behind as she couldn't help muttering in her heart: Does she know?

When she returned to her room, Luo Qing Chen laid down on the bed and played with the little chick spirit pet on the bed while having the same conversation with the boring system.

What is the affection of the male lead for the previous host?

[Negative 10%.]

!

She tightly squeezed the little chick spirit pet in her hand as her expression froze.

The little chick spirit pet let out a cry of pain and she let it go.

Is there a mistake? I can accept it if it's zero, but why is it negative?

[Because on this Hundred Beast Continent, the previous host took half his fame. She became a stumbling block for him being called the 'strongest Ninth Grade Imperial Beast Master'!]

He's my stumbling block!

God! So angry!

Why doesn't he reach the tenth grade if he has the skills!

Luo Qing Chen angrily threw the little chick spirit pet on the ground and closed her eyes to sleep.

—

The next morning, Luo Qing Chen opened the door to see Yu Ruo Shui already waiting outside.

She really seemed quite anxious, like she couldn't wait to see the person in her heart.

She slowly ate her breakfast and had Yu Ruo Shui wait an entire three hours before heading off.

With how far the Celestial Hall was and how weak Yu Ruo Shui was, if Luo Qing Chen didn't take her, she could only walk there.

She was rather relaxed, but Yu Ruo Shui couldn't hold on.

Three days later, she looked at her with a tired face and said, "Master, can we fly there!"

#### **Chapter 428: Ninth level imperial beast master's three realm love disaster (Part 4)**

"My mood hasn't been good lately, I can't fly." Luo Qing Chen didn't have any pity and said this with a cold face.

But when she thought about how the previous host ate poison for three years and finally died, she felt very uncomfortable.

She wanted her to fly, in her dreams!

“Aiya.” Yu Ruo Shui looked at her with big watery eyes and said, “Who has upset master, Ruo Shui will help you beat them.”

Aiya, can we stop doing this! Do you have to be this fake?

“Ah!” There was suddenly a cry from the noisy market.

Luo Qing Chen knit her brows and quickly headed over.

When she came to the scene, she was surprised.

There was a large black bear standing in the middle of the street biting someone’s hand, looking quite fierce.

“Master, master, it’s a Black Bear spirit beast.” Yu Ruo Shui took two steps back in fear, finding a place to hide herself.

She was only a Fourth Grade Imperial Beast Master, she couldn’t win at all against a large beast that was at a higher level.

“Ze, ze.” Luo Qing Chen gave a cold snort as her eyes filled with disdain.

What kind of broken disciple was this, why did the previous host even take her?

It was fine if she was just useless, but she even had a deceitful heart!

She simply couldn’t even compare to the little chick on her bed, alright?

Luo Qing Chen waved her right hand and the Splendid Flashy Orb lit up as she jumped into the sky.

Instantly, there was an azure light that flashed in front of them, as an azure clothed robed appeared in the sky,

The aura of that person was very powerful and he had a face that seemed to be carved out with an axe, as well as snow white skin. His bright eyes narrowed slightly, creating an expression that was the most bewitching thing in the world.

He had an orb in his hand that was equal to hers, but his was flashing with azure light.

Instantly, the azure light suddenly spread and attacked the Black Bear.

Aiya, she wanted to show off her might after coming to this world for the first time, how did she meet her match in the middle of this!

No, definitely not!

She waved her right hand and the Splendid Flashy Orb filled with white light, as it attacked the azure light.

“Peng!” The two glows slammed into each other in the air.

The Black Bear was hit by the powerful spells and its teeth opened, releasing the person it was biting.

At the same time, the azure and white light flew at the person falling in the air, firmly catching them.

“Woah!” The Black Bear roared into the sky and looked at the people standing in the air, as its eyes burned with flames.

Luo Qing Chen saw this and the Splendid Flashy Orb lit up with white light. Her Imperial Beast Energy was released and she tried to tame the Black Bear.

But what she didn’t know was that the azure light converged and stopped her Imperial Beast Energy!

Damn! This person is trying to start something!

Instantly, Luo Qing Chen looked up and swept out with her right hand, as the Exquisite Ring on her finger lit up.

While the azure and white light clashed in the air, she attacked the Black Bear in the chaos.

For a Ninth Grade Imperial Beast Master like her with the Exquisite Ring, the Black Bear couldn’t take a single hit.

The azure light froze and the white light took this chance to tightly surround the Black Bear.

After a few seconds, the Black Bear was subdued by the white light and it slowly became smaller, finally becoming the size of her palm.

Luo Qing Chen gave a proud snort and looked at the bewitching youth in front of her as she said, “You let me win!”

[Ding, affection has decreased by ten. Mission completion rate is now -20%.]

?!

[System notification: The other side is the male lead.]

Di Luo Feng? Why didn’t you say that earlier!

## **Chapter 429: Ninth level imperial beast master’s three realm love disaster (Part 5)**

#I’m most afraid that it will become silent#

Di Luo Feng.....

“Senior brother, why did you move so fast!” An Qiao Yu caught up. He was wearing a white robe with a tear mark mole by his eye and an extraordinary aura.

Yu Ruo Shui visibly trembled as her eyes slightly lit up.

She wanted to move forward, but she didn’t dare.

“Un.” Di Luo Feng softly replied, as his eyes fell onto Luo Qing Chen.

The girl in front of him looked to be around seventeen-eighteen, with clear eyes. The Imperial Beast Orb in her hand was flashing with white light.

He didn't dare believe that this kind of girl was a Ninth Tier Imperial Beast Master.

“Miss Luo.” An Qiao Yu immediately came forward with a smile and he said to her, “We meet again.”

“Un.” Luo Qing Chen gave a mechanical response. She matched gazes with Di Luo Feng, not showing any fear.

An Qiao Yu scratched his head and awkwardly looked at the two youngest Ninth Tier Imperial Beast Masters on the Hundred Beast Continent and said, “Why does it feel like there is a strong gunpowder scent between you two.....”

“How could that be?” Luo Qing Chen said with a soft laugh when she heard this, “Di Luo Feng, I've long heard your name.”

“I don't dare.” Di Luo Feng slightly looked up with his sparkling eyes and softly said to Luo Qing Chen, “A lucky meeting.”

His lips had a faint smile as he honestly looked at her.

Ai.....If it wasn't for the negative twenty, she would have thought that Di Luo Feng would fall in love with her at first sight.

His eyes were especially good looking, covered in layers of light, like there were stars glowing inside his black eyes that were calming and warm.

“Xiu.” When she was inside her own world, there was a flash of golden light above her.

“Golden Swallow.” When Luo Qing Chen looked up, the Golden Swallow had dropped a letter in her palm.

The one who wrote this was her master, who was also the head of the Jade Terrace, Dugu Wang Yue.

The number three divine beast, the Snow Qilin has appeared. Quickly come to Other Shore Village, the south faction's people are already here.

She slightly knit her brows. There was a flash of light in her right hand as the letter was turned to ashes.

“It seems like head Dugu has already been notified?” Di Luo Feng had sharp eyes. Just with a single glance, he could see it from her face.

Luo Qing Chen nodded with a bit of worry on her face.

In the previous host's memories, when she subdued the number four divine beast, the Snow Phoenix, she had almost lost her life.

Now it was the third ranked Snow Qilin, it was a bit.....too.....

[Why is the host hesitating, the negative twenty affection will let you bravely charge forward!]

Can you not talk if you don't need anything?

"Don't worry." Di Luo Feng gave a soft laugh and looked at An Qiao Yu behind him, "My master dares to let my junior disciple, a Seventh Grade Imperial Beast Master go, there shouldn't be much danger."

"Un humph?" Luo Qing Chen helplessly shook her head and said, "Did you ask your junior brother what he was doing when the Snow Phoenix appeared in the Ink Card Forest?"

There was the smell of gunpowder that filled the air again.

An Qiao Yu's expression changed when he thought of that scene and he said to Di Luo Feng, "Senior brother, the Snow Phoenix was just too strong back then. Just a single blast of flame from it and I almost wasn't able to return to your side."

"If it was like this, I really should thank that divine beast." Di Luo Feng's eyes lit up slightly as he revealed a faint smile.

After that, with a flash of azure light, he jumped onto his sword and flew off in the direction of the Other Shore Village.

Luo Qing Chen's expression changed slightly before she chased after him.

"Master." Yu Ruo Shui saw Luo Qing Chen disappear and she was shocked.

She quickly grabbed An Qiao Yu's hand beside her and she shyly said with a flushed face, "Young master An, can you take me with you?"

### **Chapter 430: Ninth level imperial beast master's three realm love disaster (Part 6)**

An Qiao Yu was surprised as he was frozen in place.

He thought: Who is this person! Why did she come up and grab me.....

No wonder senior brother always said that north faction women couldn't be provoked.

It's trouble!

Of course the Ninth Grade Imperial Beast Master was different.....

"Stop, stop, stop." An Qiao Yu pushed her hand away and said, "This miss, do we know each other?"

Yu Ruo Shui was stunned, as she looked at him with a bit of sadness and said, "Young master An saved me back in the Ink Card Forest....."

"Oh!" An Qiao Yu suddenly understood as he said, "You are miss Luo's disciple!"

Hearing the first half of his words, Yu Ruo Shui had an expectant look.

Hearing the second half of his words, Yu Ruo Shui's expression froze.

She was called Yu Ruo Shui! Why was it that the person she cared about only remembered her as Luo Qing Chen's disciple!

“Un, I am Yu Ruo Shui.....” She looked down in disappointment, as a bit of aggrievement and hatred appeared in her eyes.

“Oh, hello, hello.” An Qiao Yu gave a few polite nods before a flash of blue light appeared in his hand and he said, “If there’s a chance in the future.”

After saying this, he disappeared with a flash of blue light.

Actually An Qiao Yu was a bit angry.

His sword control technique was worse than his senior brothers, normally he could only catch up if he went all out.

Now he had lost so much time because of this strange person!

Other Shore Village.

Di Luo Feng indeed moved quite quickly, so fast that Luo Qing Chen could only barely catch up by moving faster.

“You really are a Ninth Grade Imperial Beast Master, your spells aren’t that bad.” A look of praise flashed in Di Luo Feng’s eyes. After all, in order to pull away from her, he had used all his power to control his sword.

“Many thanks for your praise.” She looked around and said, “But the situation here is worse than I thought.”

The ‘Other Shore Village’ sign at the entrance was crumbling and there wasn’t a single person on the street.

It was silent around them with a cold breeze blowing through.

“The Snow Qilin’s strongest power isn’t its spiritual energy, but rather its ability to create dreamscapes.” Di Luo Feng knit his brows and a faint azure light appeared around the Azure Ink Orb in his hand, as he walked forward.

Luo Qing Chen heard this and quickly followed Di Luo Feng.

When they came to the market of the village, their expressions changed.

The street was filled with people that had blurred eyes and smiles on their faces, walking around aimlessly.

“Are they in dreams?” Luo Qing Chen narrowed her eyes and revealed a serious expression.

“Un.” Di Luo Feng gave a slight nod, “The Snow Qiling has already controlled this village. What is its goal, what does it want to do?”

“Can you break the dream realm to wake up the villagers?” Luo Qing Chen slightly pursed her lips and asked this.

“Miss Luo.” He looked at her with a faint smile and said, “We are all Imperial Beast Masters, naturally I can’t do what you can’t do.”

!!!!

Couldn't he have answered with a few simple words, why did he have to say so much!

As the only male Ninth Grade Imperial Beast Master of the Hundred Beast Continent, couldn't he be a bit colder?

"Then we can only break this and make it show itself." Luo Qing Chen looked up and the Splendid Flashy Orb in her hand filled with white light. She wanted to use force to break this enchantment!

"Don't!" Di Luo Feng's slender fingers softly grabbed her orb and accidentally touched her finger.
