Chapter 441: Ninth level imperial beast master's three realm love disaster (Part 17)

When Luo Qing Chen saw Di Luo Feng, she was filled with incomparable joy!

As expected, the eyes of a Ninth Grade Imperial Beast Master was different!

He can tell with a single glance what was high end good, he really had unique eyes!

The Tengu that was following the low grade Imperial Beast Master felt unhappy since it was a medium grade spirit beast and it felt like its spotlight had been taking by a broken rabbit.

It suddenly jumped out with its mouth open, attacking in her direction.

Damn, it seemed like it could swallow her up!

Di Luo Feng gave a cold snort and a cold look appeared in his eyes. There was a strong wind that appeared behind him before azure light exploded in the air

There was a snow white divine beast that appeared behind him, the Snow Mastiff/

The Tengu took several steps back in fear and gave pitiful wails.

“The.....The number one divine beast.....” Those low grade Imperial Beast Masters were shocked and took several steps back, not daring to say another word.

The Snow Mastiff had white and azure light to its right and left as a “Qing”:word appeared on its forehead!

Aiya, it really was worthy of being the Snow Mastiff that I tamed, it really is different from low level spirit beasts.

That form, that aura, that power!

Di Luo Feng narrowed his cold eyes and turned without any expression. The Snow Mastiff gave a yawn and slowly followed behind him.

The azure light surrounded it and it raised wind as it became smaller and smaller. Then it jumped out and entered Di Luo Feng's sleeve.

Luo Qing Chen put her head against his chest as the wound on her foot kept bleeding.

It really hurt, but she couldn't make a sound.

He was a bit surprised as he stopped in front of a pharmacy.

The shopkeeper was a kind hearted girl and seeing the injured rabbit he was holding, she quickly came forward to bandage it.

He gently took the gauze from her hand and said, “No need, I'll do it.”

In the Other Shore Forgotten River in the dream realm, that young girl had carefully bandaged the rabbit.

The rabbit seemed to like it very much, as it silently laid by her side.

When he opened his eyes again, there was the panicked An Qiao Yu in front of him.

It was him who had given him the antidote that had fallen to the ground.

In that moment, his panicked eyes looked all around to see the white clothed girl.

But he found that she was silently lying on the ground not far away and she had already stopped breathing.

Over the years, he kept thinking.

How good it would have been if he didn't let her come to the Beast Mound, then nothing would have happened;.

She could still be the most powerful Ninth Grade Imperial Beast Master of the Hundred Beast Continent, she would still be alive.....

Luo Qing Chen looked up at Di Luo Feng's eyes and she was stunned.

Those eyes had a kind of despair in them that was completely dark, not revealing any light at all.....

The low grade Imperial Beast Master had said three years.....Could it be that since she had perished together with Yu Ruo Shui at the Beast Mound.....

It had already been three years.....

"I've opened this pharmacy for so long, but it is my first time seeing a man being this careful when wrapping up a rabbit's injuries." The shopkeeper on the side said with a faint smile.

"Un." Di Luo Feng softly replied.

He picked up her as a rabbit and left the pharmacy.

On the way, he gently patted her head, ignoring the looks of disbelief around him.

Luo Qing Chen looked up slightly and looked at his impeccable face with a trace of emotion as he walked through this crowded market.

It was a kind of.....

Loneliness.

Chapter 442: Ninth level imperial beast master's three realm love disaster (Part 18)

Calm Martial City, Di Manor.

Di Luo Feng's Manor.

He didn't go back to the Celestial Hall three years ago. He didn't know the meaning of going back, the meaning of being an Imperial Beast Master.

When he came in, he gave her to the maid Bijng'er and gave an order, "Separate a room for it."

“Yes.” Bing’er carefully took the rabbit and said, “Young master, the Luo Family’s second young miss came to find you again, do you think.....”

“Ask her to leave.....”

“I won’t leave!” Before Di Luo Feng could finish, Luo Ying Ning’s soft voice sounded out. She was standing under a tree not far away with her hands at her hips.

Luo Qing Chen turned her head and saw the appearance of that person.

She was wearing an aquamarine robe with her hair tied in a bun, as well as a gold covered hairpin placed through her hair.

She looked completely like a family’s young miss.

“Big brother Luo Feng.” She pursed her lips and said, “Don’t chase me away.....”

Di Luo Feng’s eyes were cold as he said with slightly knit brows, “Young miss Luo, there isn’t anything to say between us.”

“There is! You have an inextricable relationship with the Luo Family.” Luo Ying Ning quickly came up and grabbed his sleeve as she said, “I’ve heard your master say that you have an engagement with the Luo Family.....”

When she said this, her voice became very small and there was a small look of indignation in her eyes.

She remembered when she first met Di Luo Feng, that was the beginning of a thousand year love in her eyes.

On a certain afternoon a year ago, she came out of the manor to play. She didn’t know she would encounter a medium level spirit beast and it was one that hadn’t been tamed yet.

The spirit beast’s attacks were very strong and she was pinned down right away, unable to move at all.

At that time, Di Luo Feng came out of the sky. Azure light softly surrounded her body and the spirit beast lost all ferocity, as it laid down on the ground.

To Luo Ying Ning, that sight was her entire life.

Di Luo Feng was like a hero that fell out of the sky, firmly protecting her behind him.

“Even if I have an engagement with the Luo Family, it isn’t with you and is with your little sister, right?” Di Luo Feng’s eyes were very cold, as if those eyes could freeze someone in that moment.

This marriage was arranged by his master and it was set when he was ten.

Who would have known that third miss Luo would get sick and be in a coma for over six years now.

He had never seen third miss Luo and could reject it at any time, but one phrase had appeared in his mind over the past three years.

“If there really is a day, I will just have to steal you then.”

That girl had said that if he really married the Luo Family’s third miss, she would steal him.....

This was a promise that was already set.....

“Big brother Luo Feng!” Luo Ying Ning’s face was a bit stiff as she said while biting her lip, “My little sister has been in a coma for all these years, father will definitely set a new engagement for you. The Luo Family has three daughters, my big sister has already married, so there is only me left.....”

She said what she was thinking in her heart.....

Over the year, she had mentioned this matter to her father many times. But her father was also in a hard spot, saying that the person the Celestial Hall’s head had set was her little sister.

Based on what could a sick person who had been laying in bed for six years could steal the man she fell in love with at first sight.

She wasn’t willing.....

Di Luo Feng said with a cold snort, “I, Di Luo Feng do not owe a single thing to your Luo Family, so why should I marry you? For an important thing like marriage, even if it means going against my master’s orders, who can force me?”

Chapter 443: Ninth level imperial beast master’s three realm love disaster (Part 19)

Having said this, he turned to leave. He didn’t even spare a glance for Luo Ying Ning standing there in place with tears almost coming out of her eyes.

The rabbit Luo Qing Chen was still being held as she felt her heart beating fast.

Di Luo Feng wasn’t this ice cold person in her eyes. On occasions, she would even see a warm sparkle in his eyes.

But now, whether it was his tone or his attitude, he kept people far away from him.

Also there was the Calm Martial City’s Luo Family’s third young miss.

She had heard Di Luo Feng mention that person before. She had thought that it was a joke, but she never thought that it was real.....

—

The maid Bing’er carefully put her in a side room before talking to herself with a confused look, “What do rabbits eat? Carrots or vegetables?”

The rabbit Luo Qing Chen said in her mind: I don’t want carrots or vegetables, I want meat.

She shook her ears, showing that she didn’t want it!

Without knowing it, Bing’er happily said to herself, “I knew that you would like it, I’ll go to the kitchen to take a look!”

.....

As expected, humans couldn’t guess a spirit beast’s mind.

She didn't want carrots or vegetables, she wanted to eat fish and meat.

With this determined heart, she seized the chance of Bing'er being away to get on her four limbs and quickly charged towards Di Luo Feng's room from memory.

On the way, she attracted countless gazes.

She jumped up and over the fence and landed in front of a table of delicacies. Her rabbit stomach began to gurgle.

When she was about to jump onto the table, Di Luo Feng picked her up and held her right in front of his face.

He narrowed his eyes and said, "You shouldn't run around while your foot is still hurt, the wound might open again."

Luo Qing Chen looked down at the blood on the bandage over her right foot and her rabbit ears slowly hung down.

A faint smile appeared on Di Luo Feng's face as he said to the housekeeper on the side, "Bring a medicine box over."

"Yes, young master."

Luo Qing Chen gave two strong taps of her foot and Di Luo Feng slowly put her in a chair to the side as he said, "You want to eat this?"

She heard this and her eyes lit up. Her ears kept flickering up and down which looked quite funny.

"I know that you aren't a normal rabbit since you are a spirit beast, but....." Di Luo Feng revealed a doubtful look, "Do spirit beast rabbits like eating meat and fish?"

Luo Qing Chen didn't say anything and pointed at the table with her front paws as she looked at the dishes on the table.

Di Luo Feng saw this and couldn't help revealing a smile that hadn't appeared in a long time. He picked her up and put her at the table before saying, "What do you want to eat?"

Luo Qing Chen raised her rabbit claw to grab a leg and then she ate it with relish.

Un, this meat is delicious and has a nice chew.

Di Luo Feng gave a soft laugh as he looked at her with sparkling eyes, "So low level spirit beasts like to eat their companions."

?

Luo Qing Chen's actions instantly paused.

Rabbit leg.....

Di Luo Feng saw her stop and narrowed his eyes to say, "Your ability to understand human words is quite good."

If it was trained well, perhaps it could become a divine beast.

She awkwardly swallowed the meat in her mouth. She wanted to put it back, but she didn't let it go and kept eating it.

After all, she was a human and not a rabbit. No matter what it was, she was just someone in rabbit skin.

Not to mention that she was still a spirit beast if she was a rabbit, she wasn't a normal rabbit!

It wasn't eating its companion.....

Chapter 444: Ninth level imperial beast master's three realm love disaster (Part 20)

In the following days, it implemented its plans!

How to make the Ninth Grade Imperial Beast Master of the Hundred Beast Continent to make her believe that she as a rabbit was the Luo Qing Chen that fought the three divine beasts with him!

The plan was very complete, but it was very hard to implement them!

Moreover, there were many stumbling blocks!

For example, Luo Ying Ning.

That girl really wouldn't give up, she came to the Di Manor every day.

When Di Luo Feng said he wouldn't see her and she couldn't enter through the main door, she jumped over the wall.....

She always liked to throw the rabbit Luo Qing Chen into strange corners as she ran to talk to Di Luo Feng.

Luo Qing Chen completely understood a phrase now.

That was: Putting a hot face to a cold ass.

Di Luo Feng always picked up her who had been thrown in a corner and then ran somewhere else.

Then the housekeeper came forward and stopped Luo Ying Ning.

Until one day, when Luo Ying Ning threw her into the water, she realized something.

Spending these days in the Di Manor, she didn't learn anything, but she had become ten times fatter.

She had turned from a little rabbit to a giant rabbit that was half a foot taller than humans.

Luo Qing Chen called out in anger! It was bad enough she had been turned into a rabbit, but now she was being bullied by this young girl, she really couldn't take it!

The moment she was thrown into the water, she grabbed Luo Ying Ning with her two front paws. She called out in shock as she fell into the water with a splash.

Then she sunk right down.

After all, she was just too heavy.

When Luo Qing Chen felt she was about to leave this world, an azure light surrounded her.

“Peng!” She flew out of the bottom of the water and landed into Di Luo Feng’s embrace.

Di Luo Feng slightly knit his brows, as it seemed like it was difficult to hold her.

Luo Ying Ning was saved by the housekeeper. Seeing how she looked while trembling, Luo Qing Chen was much happier!

Bullying this baby rabbit.....Come, keep going!

When they returned to Di Luo Feng’s room, he took a large towel and slowly helped her dry up.

He did this while doubtfully saying to himself, “No matter how low level a spirit beast is, it should have a special ability.....But why is it that other than getting fat, you’re not evolving at all.....”

She almost cried when Di Luo Feng said those words. She looked over herself in a mirror and she was so fat that she didn’t even seem like a rabbit anymore.

She didn’t know what breed she was, it just looked quite strange and quite ugly.....

How could she be that fat and ugly.....

Di Luo Feng lazily laid down on the bed and looked at her as he said, “I wonder if we were still in the Other Shore Forgotten River, would the rabbit that she raised be as big as this?”

Luo Qing Chen heard this and her fat body moved as her ears fell down.

Other Shore Forgotten River, how distant and familiar that name was.

After being a rabbit for so long, she almost forgot that she used to be a Ninth Grade Imperial Beast Master worshipped by the people of the Hundred Beast Continent.

After that, he looked up and rubbed her ears as he said, “You have to learn something.”

To evolve a special ability, it required fighting! That was the so-called awakening in battle!

The next morning, when Luo Qing Chen was still sleeping, Di Luo Feng carried her out into the courtyard.

With a wave of his right hand, the Snow Mastiff came out from behind him. With a roar, the blue sky suddenly changed colours.

.....

After that, she woke up from her dream and she was standing in front of the number one divine beast that she had tamed, the Snow Mastiff.

Chapter 445: Ninth level imperial beast master’s three realm love disaster (Part 21)

System, system!

Luo Qing Chen’s first reaction was to call the system. After all, seeing the Snow Mastiff looking like it wanted to eat her, her little heart was really beating fast.

[The system can't help the host. Di Luo Feng just wants to help the host awaken your ability as a low level spirit beast!]

Damn, what ability can I awaken?

[The host is a fat and ugly rabbit that only knows how to eat, you can't awaken any abilities at all.]

.....

So angry! Although she wanted to argue with the system, she had to solve the biggest problem in front of her first!

The Snow Mastiff! If it wasn't for Di Luo Feng hitting its weak spot, she as a Ninth Grade Imperial Beast Master would have been powerless against the number one divine beast!

Wasn't this asking her to die!

The Snow Mastiff charged in her direction while the youth was covered in azure light, waiting for the final moment to make a move.

The rabbit Luo Qing Chen had her eyes tightly closed and her ears were high up over her head as she kept trembling.

When the Snow Mastiff was only a few meters away from her, it actually lied down and rolled around twice in front of her.

Not only was Luo Qing Chen stunned, even Di Luo Feng standing on the side revealed a sparkle in his calm eyes.

The number one divine beast of the Hundred Beast Continent when faced with a low grade rabbit—
It was acting cute!

The "Qing" letter on the Snow Mastiff's head loomed. She saw this letter and her eyes turned wet.

Di Luo Feng waved his right hand and blue light sparkled around, as the Snow Mastiff slowly disappeared.

It seemed to look back with each step before it finally disappeared.

"I think that you won't be able to awaken an ability....." Di Luo Feng said with a slightly surprised look, "If she saw this, she would feel that you were very cute....."

As an Imperial Beast Master, this was his first time seeing a spirit beast without a skill.

The most important thing was that the Snow Mastiff didn't attack it.

Perhaps some things were already destined.....

The next morning, Luo Qing Chen was basking in the sun beside the window when An Qiao Yu from the Celestial Hall suddenly arrived at the Di Manor.

To be honest, the supporting male lead An Qiao Yu was the one she hated the least after all these worlds.

Because his appearance rate was just too low!

“Senior brother, have you been well recently?” An Qiao Yu didn’t seem to change. He was still wearing the same white robe and the tear mark by his eyes were quite eye-catching.

“Un.” Di Luo Feng said with a slight nod, “Did master have you come?”

An Qiao Yu said with a shrug, “You really are powerful, you guessed it in one guess.”

“Just tell me if you need something.” There was a slightly rushed look on Di Luo Feng’s face. It was time to eat, the rabbit should be hungry.

An Qiao Yu gestured as he said, “Two things.”

“If you keep hesitating, I’m leaving.”

“No, no, no.” An Qiao Yu quickly grabbed his hand and said, “I’ll talk, I’ll talk.”

He cleared his throat and continued, “The first thing is that there have been strange things occurring near the Beast Mound. You know that the Beast Mound is suppressing the heavenly beast that can’t be tamed, the Emperor Contract.”

“Un, I’ve personally taken a look over the past few days.” He walked over to where Luo Qing Chen was basking in the sun as he said, “The second matter?”

“Wa, such a large rabbit!”

Di Luo Feng’s cold eyes narrowed as he glared at him, so he quickly returned to the topic, “It’s related to your engagement to the Luo Family’s third young miss.....Master’s meaning is that you can cancel the engagement.”

After a while, his soft as water voice slowly said, “We’ll talk about this another day.”

If he cancelled it, wouldn’t the last thought in his mind disappear?

Already said it.....Stealing him away.....

Chapter 446: Ninth level imperial beast master’s three realm love disaster (Part 22)

An Qiao Yu revealed an awkward look and he scratched his head as he said, “When senior brother goes to the Beast Mound, do you need to bring me? I am your helper.”

“No need.” He said with a soft snort, “I don’t need any help!”

“Senior brother!” An Qiao Yu revealed a hurt look as he said in an aggrieved manner, “I am still a Seventh Grade Imperial Beast Master, many people still worship me!”

“When you reach the ninth grade, we can go together.” He slowly picked up the fat rabbit as a lonely look appeared in his eyes.

He finally stood at the top, but he was this lonely. It was like there was no one in this world who could share his joy.....

“Aiya, senior brother. There is only a single Luo Qing Chen in this world, don’t think.....” An Qiao Yu instantly realized he had said the wrong thing and quickly apologized, “Sor....Sorry, senior brother.”

What he didn’t know was that when he said long forgotten words.

The rabbit and the youth were both stunned.

After a while, he said, “It’s fine, you can leave now.”

“Senior.....We haven’t seen each other for so long, you’re not letting me stay a night?” An Qiao Yu said to him with a smile, “I want to.....”

“Roar!” A snow white Snow Mastiff came out and looked at An Qiao Yu with a face of killing intent.

“Stop, I’ll leave.....I’ll leave, alright?” An Qiao Yu swallowed a mouthful of saliva and disappeared without a trace.

After a while, his cool voice slowly sounded, “Let’s go eat first!”

Luo Qing Chen followed behind him, as she watched the deep sadness that was imprinted on his back. She couldn’t help feeling sad.

He seemed to really miss her.....

Indeed he missed her very much, he almost wildly missed her.

When they entered the dining hall, Luo Qing Chen saw that young girl ago, Luo Ying Ning!

Since the day they fell into the water together, she hadn’t come in a long time.

Now that she was back, she was definitely up to no good.

“Big brother Luo Feng.” Luo Ying Ning happily came forward to grab his arm when she saw him, “I’ve heard that father has already agreed to you not marrying my little sister who is sick in bed. Then.....can you marry me?”

Luo Ying Ning’s words completely changed Luo Qing Chen’s world views. Was Di Luo Feng’s rejection not thorough enough or did this person not understand the meaning of other people’s words.

“Does young miss Luo not understand my words or is there really a problem with your brain?” Di Luo Feng said with a cold snort, “I would rather marry the third young miss that has laid in bed sick for six years than you. Is that clear enough, is that straightforward enough?”

Luo Qing Chen called out in her heart when she heard this: Damn, Di Luo Feng, these words are just too handsome! There really is a tacit understanding!

Rejection was the best way to protect the other side. Although she didn’t see Di Luo Feng really want to protect Luo Ying Ning, at least a simple rejection could save quite a bit of trouble!

“Humph!” Luo Ying Ning said while covering her tearful face, “I will definitely make you marry me!”

The rabbit Luo Qing Chen shook her ears twice as her eyes filled with happiness.

Luo Ying Ning saw her ears shaking and picked up a stone from the ground to throw at her.

There was an azure glow that blocked this for her and the stone was sent back in the opposite direction.

“Peng!” It slammed back into Luo Ying Ning’s head!

“You, you, you.....You broken rabbit!” She gritted her teeth and stomped out in an angry manner, “I definitely won’t let you off!”

After saying this, she turned to run out of the Di Manor.

Di Luo Feng knit his brows and said to the maid beside him, “From now on, have people guard every wall. Do not let her back in.”

“Yes, young master.”

Chapter 447: Ninth level imperial beast master’s three realm love disaster (Part 23)

After lunch, Luo Qing Chen leaned her head on Di Luo Feng’s stomach as she ate the watermelon Bing’er brought over.

Di Luo Feng was looking through the beast controlling books, seriously reading through them.

It seemed like Di Luo Feng was someone who worked hard, unlike her....Oh, no, unlike the previous host.

As a Ninth Grade Imperial Beast Master, the previous host had used her talent and combat abilities to reach the top. She couldn’t remember the previous host reading any books at all.....

It had to be said, Di Luo Feng seriously reading a book was quite mesmerizing, so charming that her two long ears swayed on his stomach.

“Giant Bunny.”

?

What kind of situation was this, don’t give people random nicknames, alright? Moreover, this name didn’t sound good at all.

She suddenly stood up with four limbs on the ground as she angrily looked at him.

“Normally speaking, a low level spirit beast wouldn’t be able to understand human speech and you’re a spirit beast with such low innate talent.....” After saying this, Di Luo Feng paused before seemingly correcting himself, “No, it should be said that since I became an Imperial Beast Master, I have never seen such an unqualified spirit beast!”

“Dong!” Luo Qing Chen angrily stomped her back foot and the whole sofa trembled!

A rabbit would do three things when they were angry, stomping their foot, digging into the ground, or biting someone!

She was currently doing the first step!

Di Luo Feng’s brows slightly released and a deep sparkle appeared in his eyes as he said, “You are the complete opposite of her.”

He knew from a young age that the north faction had an Imperial Beast Master with great talent. He didn't believe it back then, since in his eyes, even if an Imperial Beast Master had talent, they couldn't reach the top without working hard.

At the age of ten, in order to seal the Emperor Beast, the north and south factions lowered hostilities and worked together.

It was also in that year that he had met her in a hurry.

At south faction at that time, she was playing in a sea of flowers. When she raised her hand, the light around her began to change.

She went up two grades at once.....

He was simply stunned in that moment. Once really could advance as an Imperial Beast Master with just talent.

It was also because of this that the young him formed some jealousy towards her.

Then he began to train hard, he wanted to use his own effort and talent to become the youngest Ninth Grade Imperial Beast Master of the Hundred Beast Continent.

However, she who had the talents of countless Imperial Beast Masters had reached the ninth grade a year before him.

The memories of the past appeared in his mind and his heart became even more lonely.

Luo Qing Chen saw him stop talking and when she was about to lie down, his cool voice rang out again.

"She was a Ninth Grade Imperial Beast Master with endless talent and you are a Giant Rabbit with no other skills than eating." He softly rubbed her ears as he said with a smile, "But without knowing why, I feel that while you are the opposite of her, there are some similarities....."

She found a corner and raised her front paws to dig. When the cotton of the sofa was filling the sky, Di Luo Feng raised his hands to hold her.

In that instant, she felt her heart beating quite fast.

There was a strange aura around him that was a bit cool, making people's breaths stop.

He said with a soft laugh, "You wouldn't be biting next, right!"

She hadn't seen him smile in a long time, or rather he hadn't smiled in a long time.

It was probably because of her.....

Thinking of this, her heart was no longer filled with anger.

She leaned in against his embrace and closed her eyes.

Chapter 448: Ninth level imperial beast master's three realm love disaster (Part 24)

After a while, Di Luo Feng stroked her head and muttered, "Giant Rabbit, I want to share a secret with you."

In these three years, no one had known this secret and he had never shared it with anyone.

But now, he wanted to share this secret with this rabbit that had no abilities, not even being able to talk.

Perhaps he really was too lonely.

Or perhaps he missed her too much.

She followed him into an underground ice cellar.

There was a faint azure light on the door of the ice cellar which should be an enchantment that he set.

The stairs were circular and laid with aquamarine tiles, leading the way down.

The temperature around them became cooler until they stopped outside a crystal door.

Di Luo Feng slowly picked up two jars of wine from the side and walked in.

As soon as she went in, Luo Qing Chen felt her body burn like her entire body was boiling without stop.

After three seconds, she slowly saw that there was an ice coffin in the middle of the large crystal hall.

There were all kinds of spirit beasts in the crystal cages around them, including the Snow Phoenix and the Snow Qilin.

Luo Qing Chen was naturally very familiar with them because they were all spirit beasts she tamed when she was a Ninth Grade Imperial Beast Master.

Since ancient times, when spirit beasts recognized a master, it would be hard for the spirit beast to survive if the master died.

Unless a kind-hearted person adopted them, but even then they couldn't become their master after adopting them.

After a while, Di Luo Feng's slightly desolate voice sounded in the air, "Three years, an entire three years. Will you still return and fulfill our promise?"

He slightly leaned over and carefully groomed the face of the person lying in the ice coffin.

Every action was very serious.

He lifted his hand and gently stroked the cheek of the girl lying in the ice coffin, as a faint mist appeared in his deep eyes.

An ancient saying said that a serious man was the most handsome in this world. Seeing his slightly pursed lips, his white skin that was comparable to the ice coffin by him, and the sparkle in his deep eyes, it was a face that one could never forget after seeing.

Luo Qing Chen jumped forward two steps and stood in front of the ice coffin. When she saw the person inside, she took a step back in fear.

He had actually brought.....her corpse back.....

No wonder he didn't go back to the Celestial Hall and built a manor in this Calm Martial City.

So it was for this ice room.....

"Are you afraid?" He looked at the rabbit her and there was despair in his eyes as he softly said, "If I knew that I would love her this much, I wouldn't have broken the Other Shore Forgotten River world because at least there was her there."

Luo Qing Chen would never forget the time when she was a rabbit and she heard this passionate confession from Di Luo Feng.

She just felt her heart skip a beat and she really didn't understand him.

She thought that he had a strong sense of competition and treated her as a stumbling block on his path as an Imperial Beast Master. Even if the affection kept increasing, she never saw any love from him.

But seeing this Di Luo Feng today, she remembered his anxious "don't come over" back at the Jade Wood County. She remembered when he went to the Beast Mound first just to protect her from being hurt.

And now, he actually brought her corpse back for an obsession that no one could understand.

Before she even reacted, Di Luo Feng pressed his hands on the ice coffin and kissed the pale face and the bloodless lips.

The lashes trembled and the breath froze as the air lingered.

[Ding, affection has increased by ten. Mission completion rate is now 70%.]

Chapter 449: Ninth level imperial beast master's three realm love disaster (Part 25)

Luo Qing Chen just felt her mind instantly turn blank.

At the same time, the spirit beasts around them excitedly roared out.

"Peng!" All the spirit beasts charged at their cages and Di Luo Feng stopped himself from kissing the girl in the ice coffin.

He slightly knit his brows as his eyes sparkled, shining through the layers of defenses in her eyes.

In that instant, all the spirit beasts charged around the fat Giant Rabbit and formed a circle as they laid down.

There was the faint Qing letter that shined on their foreheads.

Di Luo Feng looked at the rabbit in disbelief before looking at the girl in the ice coffin, as his slender fingers began to tremble.

He softly said, "You....."

Di Luo Feng saw this and with a wave of his right hand, he put the spirit beasts back in their cages.

Luo Qing Chen kicked off and turned to run.

This feeling seemed to be quite strange.

Before she could run, Di Luo Feng tightly held her from behind. His arms were trembling as he held her and his cool breath landed on her furry ears, causing her heart to skip a beat.

“Don’t run.....Don’t run.....” His cool voice slowly sounded as he muttered in his ears with an excited tremble, “It’s good that you’re back. No matter what you’ve become, it’s good that you’re back.....”

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

He finally knew who she was.....

She suddenly felt that being a Giant Rabbit by his side was letting him down, but Di Luo Feng didn’t care at all.

From that moment forth, the Di Manor became the rabbit’s home!

He built a new room for her that was filled with plush carpet, as well as all kinds of carrot and vegetable ornaments.

That’s right, he even had Bing’er go to the tailor shop to make many clothes for her.

All kinds of different things.

Di Luo Feng said that she who had been a Ninth Grade Imperial Beast Master was quite tragic to not have any clothes after being turned into a rabbit!

Today, Luo Qing Chen was wearing a custom made red rabbit robe as she basked in the sun in the Di Manor garden.

As a Giant Rabbit who hadn’t awakened anything, her position was above all in the Di Manor.

The ‘all’ even included the owner of the Di Manor, Di Luo Feng.

Before it was Bing’er who sent her fruits and played with her.

But now young master Di did everything himself and he felt it was a very fun thing to do.

“Luo.....Giant Rabbit! The sun is so strong, you’re not afraid of getting heat stroke?” Di Luo Feng came over with an umbrella as his eyes filled with care.

Luo Qing Chen shook her head. Her ears were high up as she jumped into Di Luo Feng’s embrace.

Di Luo Feng caught her with one hand, but he quickly knit his brows. He threw down the umbrella in the other hand and caught her with both hands.

Luo Qing Chen broke out in laughter deep down: Call me a Giant Rabbit again!

“You really are big!” Di Luo Feng let out a soft laugh as he carried her into her room. He kept shattering minds as when he passed by the housekeeper and Bing’er, their eyes were filled with disbelief.

They were in disbelief over two things. One, the normally ice cold and aloof young master Di who rarely spoke was speaking this much! Two, why did he always like to talk to that super fat rabbit!

Of course, no one dared to mess with this rabbit.

Since Di Luo Feng learned of Luo Qing Chen's identity, he never went back to the ice room. But he never thought that when he forgot to close the door that night over how excited he was.

There would be an uninvited guest that went in.

Chapter 450: Ninth level imperial beast master's three realm love disaster (Part 26)

That evening, the sky was dark red like there was some bad omen that was brewing.

She was lazily lying on the plush carpet, but when she saw the dark red in the sky, there was a sparkle in her eyes.

Di Luo Feng walked in with a few cherries and said, "There's no watermelon today."

Luo Qing Chen didn't look over and kept looking at the sky. Di Luo Feng nodded when he saw this and said, "Master sent a letter today, he wants me to go to the Beast Mound tomorrow."

She turned her head and her front paws grabbed his leg, as her furry ears trembled.

Although she couldn't talk, he understood what she was thinking.

She wanted to come.....

After a while, it was like Di Luo Feng understood what she meant as he softly patted her head and said, "Sorry, I can't bring you."

Luo Qing Chen jumped out of his embrace and stomped down hard with her back foot.

Di Luo Feng looked at her with a pampering look. He picked up the scissors on the side and carefully cut her nails that were a bit long as he softly said, "Relax, nothing will happen!"

"Peng!" Luo Qing Chen stomped down again.

A warm look appeared in Di Luo Feng's eyes as he said with a soft smile, "How good would it be if I could also become a Giant Rabbit."

Luo Qing Chen trembled as her breathing became a bit fast.

Di Luo Feng seemed quite interested in becoming a spirit beast.

She softly laid down by his side and let him gently cut her nails and brush her hair. She was thinking that she definitely had to go tomorrow.

It was a pity that she never thought that Di Luo Feng would use a sleeping incense, making her sleep until noon of the next day.

Beast Mound, how could she get to the Beast Mound. With how she moved now, she might not even reach it in half a month.

[Host, you have the system! After becoming a Giant Rabbit, it doesn't mean you can't use exchange points!]

Right! System!

I still have 1900 exchange points, right?

[Yes, host!]

I want to exchange for a teleport, right now, immediately!

[Ding, 500 exchange points has been taken. Successfully exchanged for teleportation (One time use).]

Luo Qing Chen appeared at the Beast Mound right after that. The sky was dark red and a sinister wind blew, blocking the horizon.

Di Luo Feng was in the air with the Azure Ink Orb glowing in his hand. The Snow Mastiff by him roared out as the sky changed colours.

The Beast Mound exploded like a volcano as it shattered in layers from the bottom. The sky darkened and filled with an intense killing intent.

In an instant, the heavenly beast Emperor Contract broke the barrier. Its rage was incomparably strong and a blood soaked aura covered the Beast Mound.

He closed his eyes and his Azure Ink Orb filled with light. In an instant, he summoned all the spirit beasts of the Beast Mound to tightly surround the Emperor Contract.

"Roar!" The Emperor Contract roared as it flew out as smoke without form.

Countless spirit beasts couldn't take this powerful force and were forced back/

Only the Snow Mastiff remained.

It was covered in blood as it engaged in an intense fight with the ancient heavenly beast.

Di Luo Feng raised his right hand and called it back as he came forward alone.

He wasn't willing to sacrifice this number one divine beast with two masters here.

That contained her memories.....

The Emperor Contract felt the blood soaked aura and roared into the sky as it attacked in Di Luo Feng's direction.

He knew that without the help of the Ninth Grade Imperial Beast Master Luo Qing Chen, he couldn't seal this heavenly beast.

He looked up and raised the Azure Ink Orb in his hand, as he muttered with a faint smile on his lips, "I can't seal you, then I'll die with you."

Luo Qing Chen's heart trembled, as this scene seemed so familiar.
