#### Chapter 501: Power user military commander's number one agent (Part 33)

"Reporting to the commander, although the brothers are injured, they have full control of the base!" Xu Zhan's voice came from Du Jiu Sheng's communicator. He said in a low voice, "Very good!"

They would win, they would definitely win!

He gently took Luo Qing Chen's hand and firmly held it as he headed for the third floor.

If you want to fight, come then!

Du Jiu Sheng wasn't afraid, Luo Qing Chen also wasn't afraid!

But what they never thought was that the third floor of the virus testing site was completely different from the first two floors.

There was an incomparably long hallway that they couldn't see the end of.

"If we keep going, I feel like we're leaving the shadow organization's base." Luo Qing Chen knit her brows as she felt a bit uneasy.

"There's a door." He narrowed his eyes as he looked at the crystal door in the distance, "It seems like this should be Murong Xi's most important place."

"In other words, the other half of the Destiny Life Map is here?" Luo Qing Chen was a bit surprised. Mister X was actually being this serious in playing this game.

He even exposed the location of the Destiny Life Map.....

"Perhaps this isn't a good thing!" Du Jiu Sheng gave a soft push and the door slowly opened.

This didn't seem like a decisive battle, but rather a banquet.

What entered their eyes was a large ice cellar that seemed to be around five to six hundred square meters.

Mister X standing in the center with Zuo Yu Chen and Luo Zi Jun on his sides.

They were surrounded by blue lasers that would spell death by touching them.

"We really haven't met in a long time my junior brother." Mister X was wearing a grey plaid suit and he looked like an elegant gentleman.

If Luo Qing Chen didn't know how terrifying the shadow organization was, she wouldn't believe that this person was the leader who had killed countless people.

"Let's end master's death today!" His cold eyes narrowed as he looked at Murong Xi and his voice had no warmth at all.

Before Zhi Qing had appeared, his senior brother had been an elegant and composed gentleman. He always did things slowly and carefully, never holding a grudge.

He never thought that this person would turn evil from love.

“Let’s end Zhi Qing’s death today!” Mister X gave a shrug as his lips curled into a smile, repeating Du Jiu Sheng’s words.

Only he had changed the name.

“Zhi Qing’s death wasn’t anyone’s fault.” He looked at him with cold eyes and said, “It also can’t be the reason why you killed master!”

“Who told him not to give me the Destiny Life Map!” Mister X scratched his head in annoyance and his voice trembled as he said, “If he gave it to me, I wouldn’t have watched as my beloved died in my arms! Do you understand that kind of despair?”

“He did it for your good!” Du Jiu Sheng’s voice was ice cold as the heat around them began to slowly drop. He took a deep breath and looked at him as he said, “You and I both know what the real use of the Destiny Life Map is!”

After a while, mister X slowly said, “I don’t care about this life, but no one can take her life.”

As his voice fell, he raised his right hand and the red ring on it was covered in a fireball that flew out in their direction.

Du Jiu Sheng knit his brows and he quickly pulled Luo Qing Chen behind him, as ice slammed into the fireball coming at them.

The red and blue powers collided in the air. Mister X gave a cold snort as he said to the two beside him, “Go, my favourite agent and puppet.”

Zuo Yu Chen looked at Luo Qing Chen with a smile and said, “Today I will let you see what is the real number one agent.”

He had been waiting for this day for too long. The number one title belonged to him, no one could steal it!

**Chapter 502: Power user military commander’s number one agent (Part 34)**

Luo Qing Chen jumped back, moving very quickly. Zuo Yu Chen approached with a deep killing intent in his eyes.

Her lips had a faint smile as she looked at him and said, “You aren’t even as good as me as a sniper, so Zuo Yu Chen, what position do you have in the shadow organization?”

Taunting was the best method to make people reveal flaws!

She was facing two people right now, so one had to be taken care of as soon as possible.

However she knew clearly that what she said was the last thing Zuo Yu Chen wanted to hear.

Therefore, it worked very well!

“Luo Qing Chen!” He roared out as his eyes turned bloodshot. He quickly took out the two daggers at his waist and charged out at her.

At the same time, Mister X’s fireball flew out at Du Jiu Sheng.

They jumped to the side at the same time, as if there was a tacit understanding.

Luo Qing Chen pulled out a blood red nine section whip from her waist. This was the previous host’s most powerful weapon and although it was her first time using it, when she held it, she could feel its power.

She raised her right hand and the nine section whip’s force hit the back of Zuo Yu Chen’s hand. He tightly knit his brows and gave a cry of pain as he took two steps back.

He bit his lip before using his tongue to lick the blood from the back of his hand, as his eyes focused more.

He raised his dual daggers and once again charged at Luo Qing Chen.

Luo Qing Chen’s cold eyes narrowed as she raised the nine section whip, forcing him into the blue lasers. She said with a cold laugh, “Isn’t this more interesting?”

Zuo Yu Chen passively rolled along with the whip and he accidentally touched the laser with his thigh, causing it to burn.

Du Jiu Sheng who was fighting to death with mister X looked in Luo Qing Chen’s direction and he knit his brows.

He knew that she didn’t like fighting, so this kind of dangerous fight could end even quicker.

Entering the laser array, Zuo Yu Chen’s expression was a bit pale. He stared right at Luo Qing Chen and wanted to make a move, but there were some scruples.

Luo Qing Chen’s lips curled into a faint smile.

She knew that the chance to take his life was here.

She raised the nine section whip in her right hand and it passed through the lasers to arrive in front of Zuo Yu Chen.

Zuo Yu Chen dodged left and avoided the nine section whip, but he found that the blade in Luo Qing Chen’s left hand didn’t fear the lasers and directly stabbed at the artery on his neck.

There was a burnt scent that filled the air because her left hand was touching the laser.

Zuo Yu Chen had already calculated that Luo Qing Chen wouldn’t be able to attack if he dodged left because his position would be covered in lasers.

But what he never expected was that she didn’t care at all and put her hand through the laser, stabbing him.

The lasers burned very quickly and in less than three seconds, the bone on her wrist could be seen.

Her face was a bit pale, but there was a confident smile on her lips, "Not everyone can be called the number one agent, at least....you can't."

As her voice fell, she watched as he clutched his neck and fell in front of her with a pained expression.

His eyes were filled with unwillingness, anger, and hatred.....

But it was mostly filled with shock.....

He never would have thought that Luo Qing Chen would use this self harm method to kill him.

He had underestimated her, she was indeed powerful, but he had admired her before.

"Si, si." When Zuo Yu Chen fell to the ground, his body touched countless blue lasers and he instantly began to burn.

This kind of death truly was terrible.

#### **Chapter 503: Power user military commander's number one agent (Part 35)**

When Luo Qing Chen took care of Zuo Yu Chen, Du Jiu Sheng and mister X had entered the moment before death.

The red and blue energy kept clashing and the entire ice cellar shook the entire time.

This powerful energy made them unable to move at all.

"Du Jiu Sheng, do you know how much I envy you?" Mister X's eyes were filled with flames as he looked at him, "But if Zhi Qing even liked me a bit, I could do anything in this world for her!"

In the past, he was clearly the one who found Zhi Qing, but the one Zhi Qing loved wasn't him.

She said she would never forget this life saving favour!

Why, why did she like someone else?

Why, why didn't she like him.....

"The matters of love can't be forced." His eyes were ice cold as he looked up and said, "You have already fallen to your heart demon, there is no cure for you."

"I don't need anyone to save me, I can die!" He roared into the sky with laughs of extreme rage before saying, "I knew that I couldn't save her, you're right, we don't need to lie to ourselves. You and I both know what the real use of the Destiny Life Map is."

Du Jiu Sheng's eyes trembled when he heard this. He unconsciously looked down at Luo Qing Chen in the blue lasers and his heart filled with a bit of panic.

"No matter what your goal is, I will not let you leave here alive today." He narrowed his cold eyes and layers of ice came from his blue ring, suppressing mister X's flames bit by bit.

"Go, my number one agent." Mister X gave a cold laugh as he calmly controlled Luo Zi Jun.

Luo Zi Jun's blood red pupils turned as she took out red guns from both sides.

"I will let you taste the feeling of loss." With a cold snort, the red ring trembled slightly.

Luo Zi Jun ran off in Luo Qing Chen's direction and Luo Qing Chen had just defeated Zuo Yu Chen.

When she wanted to help Du Jiu Sheng, she turned to see Luo Zi Jun heading towards her.

She narrowed her eyes as blood dripped down from her wrist drop by drop, but her eyes were filled with determination.

Luo Zi Jun had a strange smile on her face as she raised the guns and pulled the trigger without hesitation.

Luo Qing Chen raised her nine section whip and cut down the two bullets. She jumped out and attacked from behind Luo Zi Jun.

But she never thought that when Luo Zi Jun charged into the blue lasers, she would turn her gun back to shoot at Du Jiu Sheng.

There were 'si, si' sounds that filled the air, as the lasers burned her body, but she didn't feel any pain at all.

At this moment, Du Jiu Sheng and mister X's battle had reached their climax, so it was impossible for him to block Luo Zi Jun's bullet.

She gritted her teeth and leaped out towards her.

"Xiao Qing." Du Jiu Sheng's anxious call came from not far away.

"Peng, peng, peng, peng." There were four gunshots that rang out. Her thigh was pressed down on the laser as she tackled Luo Zi Jun and burning sounds came from her bone. Her face was pale as bean sized beads of sweat appeared on her head.

Luo Zi Jun's body had many places covered in blood, but her battle strength didn't decrease at all.

She slapped the ground and broke free of Luo Qing Chen's grapple to stand up. She raised her hands and pulled the trigger as she aimed at Du Jiu Sheng!

"No!" At the last second, she used all her strength to charge in front of Du Jiu Sheng and tightly hugged him.

"Peng, peng, peng, peng." Four bullets hit her at the same time as blood splattered out.

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 504: Power user military commander's number one agent (Part 36)**

"Xiao Qing!" Du Jiu Sheng took back all his power and he didn't care about the flames hitting his body.

He reached out his hands and tightly held the girl in front of him.

At this moment, her face was as pale as paper and blood dripped down the corner of her mouth, but her eyes were still as bright as ever.

"I'm.....I'm fine....." She shook her head to make her consciousness more clear. Her heart was beating fast, like it was about to jump out of her throat.

"Don't talk." Du Jiu Sheng raised his right hand and the blue ring glowed, sealing up her wounds that kept bleeding.

Although the bullets were still in her, at last it could stop her body from going into shock from bleeding out.

"Ha, ha, ha, junior brother, you never thought a day like this would come." Mister X spread his hands and looked at her with a gaze of victory, "Do you know that I specially created the heart for this puppet agent? As long as her head and body are still connected, she will fight to the last drop of blood."

Luo Zi Jun who was a puppet agent heard this and her lips curled into a strange smile.

"Destiny Life Map....." He knit his brows and looked at Mister X, "It's here, right?"

"Yes!" He confidently gave a shrug. With a wave of his red ring, there was a circular platform that rose in the center of the room.

Mister X elegantly took the other half of the Destiny Life Map from the platform and said to Du Jiu Sheng, "I knew that you would bring the other half, hand it over! Junior brother, you've already lost."

"That is.....not certain." Du Jiu Sheng's eyes turned dark and the surrounding temperature dropped. The blue ring trembled as the ice cellar began to shake.

The center platform fell down and a large hole appeared.

There was cold air that came from the hole and the bottom couldn't be seen.

Mister X was clearly surprised as he knit his brows and said, "You....."

"Are you surprised why I knew there would be a secret room in this place!" He looked up and said, "It's because I knew that there wasn't a corpse in Zhi Qing's plot at the cemetery."

Three years ago, after Zhi Qing died, Murong Xi took her corpse and put it in an unknown place.

"So what!" He was a bit angry. That was the secret between him and Zhi Qing, how could Du Jiu Sheng know.

"The thing in your hand isn't the Destiny Life Map....." He looked up and said, "The Destiny Life Map should be by Zhi Qing's side!"

"Shut up, you aren't qualified to say her name!" Mister X roared in rage as his eyes filled with flames.

"Murong Xu, there is something you don't know." His deep eyes sparkled as his lips curled, "When you get angry, you will definitely reveal your flaws."

In an instant, he suddenly stood up. He raised his hand and the ice turned into seven swords, shooting out in Mister X's direction.

Mister X's right hand was covered in fire as he used all his strength to block this attack.

It was like Luo Zi Jun received some orders, as she charged at Du Jiu Sheng.

Luo Qing Chen knit her brows as she looked at the bottomless hole in front of her. She watched Du Jiu Sheng desperately fighting not far away and she knew what her goal in coming here was....

Since she had to fight, she would never retreat.....

She used all her strength to wave her nine section whip and grabbed Luo Zi Jun's waist.

Jumping out, she fell into the bottomless hole.

"Luo Qing Chen!"

#### **Chapter 505: Power user military commander's number one agent (Part 37)**

She could hear Du Jiu Sheng's heartrending cry, as she lost all her weight and she put Luo Zi Jun under her.

With a "peng!" sound, the two hit the ground and she used Luo Zi Jun as a human sandbag.

Although she had a human sandbag, her situation wasn't that good as she broke several bones.

The worst thing was that the ice seal blocking the wounds had broken.

She didn't feel the pain coming from her body, but her eyelids kept falling.

So tired.....

At the same time, Du Jiu Sheng took back his ice swords and the power ice energy attacked mister X's flame shield.

Without Luo Zi Jun, he didn't have anyone else to help him.

After that, a sharp ice hammer hit his stomach. He suddenly fell to the ground and spat out blood, but his lips curled into a smile.

"You've lost." His eyes were cold as they had a faint worry in them.

Silly Xiao Qing, you have to hold on.....

"Junior brother, you think that you've won?" Mister X gave a cold laugh as he roared while spitting out blood, "I did all these things to let you taste the separation of life and death. Didn't you say that you wouldn't get caught up in a relationship? What about now?"

Du Jiu Sheng bent over and picked up a bloody pistol from the ground as he said, "Master, I'm sending Murong Xi's life now."

When he was about to pull the trigger, Mister X said while laughing, "I wanted to send my number one agent into the Life Continuation Pool, but I never thought that she would jump in."

Du Jiu Sheng's wrist trembled as his eyes revealed a look of panic, "Master's.....Master's Life Continuation Pool?"

“Isn’t your senior brother powerful!” He looked at him and said, “Even if you kill me now, as long as she dies, I will be able to revive. I’ve already built the genetic code from the blood she left at the organization, Du Jiu Sheng, you’ve lost!”

The Life Continuation Pool was something their master had brought from another world. A small bottle with power injected could turn into a river.

The main use of this thing was rebirth.

People died naturally, it was the same for power users. They would grow old and die, but if they wanted to forcefully stay in this world, they had to go through rebirth.

Using someone else’s life to continue on living.

“I will bring her out.....” After a while, he raised the gun and pointed it at mister X’s head, “You will never live——”

“Du Jiu Sheng, I just want to see you lose the person you love the most, I have nothing else I want.....”

“Peng, peng, peng, peng, peng.” He fired five times as his eyes filled with blood red killing intent.

Mister X fell down in front of him with the same strange smile as before.

Du Jiu Sheng closed his eyes and his blue ring filled with power. He bit his lip and jumped down into the hole without another word.

“Peng!” Luo Qing Chen heard a loud sound and turned around, seeing Du Jiu Sheng falling down.

“You.....” She looked at him and said, “Is he dead?”

“Un.” He slowly stood up and limped over to her. He grabbed her cold fingers and said, “Truly a foolish Xiao Qing, what are you doing trying to die with her.....”

“Ke, ke.” She took a deep breath and coughed before saying to him with a faint smile, “It isn’t dying together, I’m not dead yet!”

Seeing him before dying really wasn’t bad!

“You won’t die.” He gently patted her head. He looked at the Life Continuation Pool that formed a river in front of him and his eyes turned deep.

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 506: Power user military commander’s number one agent (Part 38)**

“What place is this? I just threw a rock into the river and it instantly disappeared.....” She bit her lip and said, “Are we unable to get out.....”

She was not someone who was afraid of death, she was just very unwilling to die like this.

It seemed like there were still many things to be said, like after being through many dangers with him, she didn’t spend that many peaceful days with him.....

So what if she was unwilling.....

“We’ll definitely get out.” He looked around and finally noticed a crystal ice coffin to the right.

The ice coffin was covered in dark red light, so it should be protected when the Life Continuation Pool rose, not causing any harm.

As for the person inside.....

He knit his brows as he moved forward. The blue ring on his right hand touched it and the dark red light disappeared.

Now that Murong Xi was dead, as long as his power was touched by someone with the same power, it would lose all its use.

Du Jiu Sheng lifted his hand and opened the crystal ice coffin.

The person lying inside was 30% gentle and 70% cute. Her body was very clean, one because the Life Continuation Pond had a property of preserving corpses and two, because Murong Xi must have put in a lot of effort.

Zhi Qing laid there silently with her eyes closed with half the Destiny Life Stone in her hands.

Du Jiu Sheng reached out and took it.

In that instant, he remembered when these brothers had first met Zhi Qing.

He didn’t believe in love at first sight in this world at that time, he didn’t even think there was love and hate in this world.

He just focused on cultivating his powers, becoming the strongest power user in the world.

And his senior brother Murong Xi was his complete opposite. He was an elegant and calm person, but he longed for love.

To him, Zhi Qing’s appearance was the destiny of his love.

He smiled at that time, not caring about it. A blue light sparkled on the ring on his right hand as he cultivated his powers.

He even only saw Zhi Qing a few times when she came to their master’s place.

He just gave a nod each time and nothing else.

Until Zhi Qing had accidentally fallen into the water while fishing and he saved her life.

All their lives had changed from that one life saving favour.

He gave a sigh and when he closed the ice coffin, a letter fell out.

There were four letters written on it: Dear Du Jiu Sheng.

He had never seen this letter before, this was his first time.

He quickly opened the letter. The contents were very simple, he read through the ten lines and gave another sigh.

It turned out Zhi Qing falling into the water.....was intentional.

At the end of the letter, she said, "Sorry Jiu Sheng, it was my selfishness that caused brothers to turn against each other, it is right for you to reject me. I will always put this love in my heart and never show it....."

Du Jiu Sheng put the letter back in the ice coffin and tightly closed it.

He took the Destiny Life Map in his hand and walked over towards Luo Qing Chen.

"Ke, ke." She gave two coughs before looking at him and saying, "She.....is.....Zhi Qing?"

An agent's body was really strong. She was this heavily injured, but she could still keep her consciousness.

"Un." He said with a slight nod, "Xiao Qing, give me the other half of the Destiny Life Map."

Luo Qing Chen was stunned before taking out the other half of the Destiny Life Map from her clothes. She said with a faint smile, "We completed the mission in the end, it's worth it even if we die here!"

"I won't let you die." He gently patted her head as he looked at her with eyes filled with pain.

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 507: Power user military commander's number one agent (Part 39)**

Du Jiu Sheng held the two pieces of the Destiny Life Map in his hands as his eyes lit up. The moment he put them together, he read the formula that his master had taught him.

"Life ends and rebirth grows....."

Luo Qing Chen who was leaning on the wall to the right was suddenly filled with panic. She saw a red light flash before everything turned dark and she lost consciousness.

It was easy to leave first, the one who remained was the one filled with true pain.

Sorry, Du Jiu Sheng, she failed to survive in the end.

"Xiao Qing, Xiao Qing!"

Who was calling her with this cold voice that had a sliver of warmth.

She suddenly opened her eyes and her head was covered in sweat.

But she felt that there was no pain at all and her breathing became normal.

She carefully touched her wounds, but she found that they had completely healed.

"What happened?" She turned over to look at Du Jiu Sheng with a bit of fear, "You used the Destiny Life Map?"

Even now she still didn't understand what the real use of the Destiny Life Map was.

But she at least knew that it could quickly heal her wounds.

“The bullets have been taken out, it’s good that you’re fine!” Du Jiu Sheng’s voice was very soft, it didn’t sound as charming as before.

But his face seemed good and he didn’t seem injured.

Seeing that Du Jiu Sheng was fine, she also calmed down.....

No wonder mister X was desperate in getting the Destiny Life Map, the energy of this thing really was terrifying.

But everything was over, they had won.

As long as they walked through this strange water, they could get out!

There were many things she wanted to say. When they got out, she would definitely say them to him!

“The time set by Murong Xi is coming, the water of this pool will soon fill this entire room. We must move through the Life Continuation Pool before that.” Du Jiu Sheng softly picked her up and placed a soft kiss on her forehead, “Silly Xiao Qing.....thank you.”

“Thank me for what?” She doubtfully looked up and said, “Did you become silly from using the Destiny Life Map, silly.....Jiu Sheng.

After she said the final three words, she couldn’t stop herself from laughing as she said in an embarrassed voice, “It seems like calling you sir head is more comfortable.”

He gave a soft laugh and softly flicked her forehead. He looked at her with unwillingness as he said, “It’s better to call me Jiu Sheng!”

The cycle of reincarnation, nine lives.

“It seems like it’s my first time calling you by your name.” There was a faint smile on her lips as she said, “Du Jiu Sheng, your name really sounds good.”

He was stunned as he looked into her sparkling eyes and his heart skipped a beat.

He forcefully took her in his embrace and tightly hugged her.

“What.....What is it.....” She was scared by his sudden action and her lashes trembled, “Sir head is quite sentimental, we can talk about whatever we want to talk about after getting out.”

After a while, he slowly let her go as he looked at her with a pampering gaze, “I’ll carry you out.”

“Carry me out?” Luo Qing Chen knit her brows in confusion, “This pond must have problems, it should be made with mister X’s power, so it isn’t easy to traverse.”

“Truly a foolish Xiao Qing.....” He bent down and said, “I’m not afraid of power users and with the Destiny Life Map, I can definitely traverse this river.”

He definitely could because the person he was carrying was her.

For her, he would definitely do it.

After a while, she jumped onto his back as her heart filled with panic and her breathing became faster.

She didn't know why she felt like this, but she really was.....very afraid.....

There was a fear that came from the bottom of her heart...

#### **Chapter 508: Power user military commander's number one agent (Part 40)**

Du Jiu Sheng picked her up and softly said, "Still quite light, you need to eat more in the future."

After saying this, he walked forward into the Life Continuation Pool.

"Du Jiu Sheng." Luo Qing Chen tightly held his neck and kissed the ancient mark on the back of his ear before saying, "Can we really get out?"

He trembled slightly before carrying her even higher, "We definitely can....."

"I believe you." She took a deep breath and buried her head into his neck, "I believe you....."

"Silly Xiao Qing....."

"Wait a minute." She leaned on his back and listened to the strong beating of her heart, "When we get out, will you make good food for me?"

"Alright....."

"When we get out, can you give up being the sir head?"

"Alright....."

"Because I feel it's dangerous!"

"I'll listen to you....."

"When we get out, will you confess to me?"

".....Alright!" While he carried her, a tear fell down as he said, "It's a promise."

No one knew how much he wanted to do everything she said.

He always thought that if he ever married someone, he would definitely respect her.

Because he didn't like flirting like others, he didn't like wasting time on this kind of thing.

In his eyes, as a man and as a soldier.

There were more meaningful things in this world waiting for him, he wouldn't waste it on childish personal feelings.

But at this moment, he wanted to do nothing with his life and spend all his effort on the word 'love'.

But it seemed like there was no chance.....

He lifted his foot as he continued through the Life Continuation Pool.

In an instant, Luo Qing Chen heard a 'si——' sound. She reached out her neck to look, but Du Jiu Sheng's cool voice rang in her ear, "Don't move or you might fall off."

His voice was very gentle, but there was a slight tremble to it.

"Un....." She softly replied, but she could feel the slight tremble that was also in her voice.

"I secretly read your information, have you been an agent since you were born?" Du Jiu Sheng saw that she was a bit nervous, so he softly spoke to her.

"Un." She said with a nod, "The boss of the shadow organization wasn't mister X at first. Mister X killed him three years ago and took his place.

She was still in disbelief when she remembered what happened. A person who had suddenly appeared out of nowhere, how could he kill the boss that controlled the shadow organization for so many years.

Thinking about it now, it wasn't easy having abilities.

"You definitely didn't obey him back then!" Du Jiu Sheng's steps were very stable, but he stopped with each step before continuing forward.

The Life Continuation Pool wasn't deep, but it was dark red and hard to see through.

"That's right!" She said with a nod, "Zuo Yu Chen was the one most unwilling to submit, but his resistance was like that of an ant and it had no meaning."

She was still a cold blooded and numb agent then, but now.....she had Du Jiu Sheng!

She suddenly felt everything was worth it. Although it was hard and she had to experience many things without the system.

She had Du Jiu Sheng, so it was like she wasn't that afraid.....

"Truly a foolish Xiao Qing." His voice was trembling even more, but it was still gentle, "Sorry, I didn't come find you sooner. I caused you to live with all that pain.....The future will definitely be better."

Luo Qing Chen was stunned as she grabbed his dark clothes and said, "Is there something you're not telling me?"

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 509: Power user military commander's number one agent (Part 41)**

He kept panting as he turned a corner. Seeing the door in front of him, he said with a faint smile, "What could it be.....It's probably that Xiao Qing is too fat!"

"....." Luo Qing Chen felt her face turn red and she softly hit his shoulder as she said, "You just said that I was light.....now you're calling me fat....."

She was very light.....he just didn't have any strength left.....

The Destiny Life Map was weakening. He held her tightly as he gritted his teeth and headed towards the door.

The Destiny Life Map was making a contract. It could give you endless power to help you accomplish what you want.

The time with that power was short and the power you obtained would be taken from your life force.

If there wasn't the Destiny Life Map's power, he couldn't have carried her through the Life Continuation Pool.....

Murong Xi wanted to use the Life Continuation Pool to kill her and continue his life in her body!

This idea was very good, but it was a pity there was someone else in this world.

His name is Du Jiu Sheng.

He would use everything he had to protect the person that he loved.

Murong Xi had underestimated his love. In Murong Xi's eyes, Du Jiu Sheng would never love and would never know what love was.

But facts proved him wrong.....

It wasn't that he didn't know love, he just never met the one he loved before.

Now that he had met her, life and death was just a small matter.....

"Xiao Qing....." He was less than ten meters from the door as he softly called out, "What to do.....I'm not willing to leave me.....I'm truly unwilling to leave you....."

His voice was completely trembling and even his hands holding her unknowingly began to tremble.

Luo Qing Chen felt her breath stop as she raised her hand to brush his hair, finding that the black hair was quickly turning white.

"You.....Du Jiu Sheng....." She pursed her lips and said in a choked up voice, "You lied to me didn't you? What is the Destiny Life Map.....what did you do while holding me....."

Her last words almost couldn't come out, her guess was right.

There must be something that he didn't tell her.....

Her tremble almost made him unable to stand straight because his legs in the Life Continuation Pool had already turned into bones.

"Be good, don't move." He squeezed the last words out of his mouth, "You might accidentally fall down....."

"Let me go!" She cried out in a choked up voice as her heart was deeply unsettled.

She felt that.....he would soon be leaving her.....

And soon he would be gone.....

"I love you.....Luo Qing Chen." He used all his strength to take the final step in the Life Continuation Pool, pushing open the door.

Slowly turning around, he let her down.

At this moment, his heart was calm because the stone in his heart had fallen down.

Murong Xi used all kinds of methods to kill his beloved person, but it was a pity he failed.

But the moment he succeeded, he would be leaving her.

He never knew how reluctant he was, he had never been a part of her past and would never be a part of her future.

Even if he wanted it, there was nothing he could do.....

Luo Qing Chen was stunned as she finally saw him clearly. Everything under his thighs had turned into bone, it had long been corroded away by the waters of the Life Continuation Pool.

Not a single part of him was intact, either being wrinkled or burned by the Nether Flames.

But this him had actually carried her through the Life Continuation Pool.

**Chapter 510: Power user military commander's number one agent (End)**

"Peng!" Du Jiu Sheng couldn't take it anymore and fell down.

The moment he fell, his heart was incomparably calm.

His hair had long turned white and his face was covered in wrinkles, like he was an old man in his eighties, but his eyes were still as beautiful as the stars.

"Du Jiu Sheng!" Luo Qing Chen tightly hugged him as she broke out in tears. It was like she couldn't say a single word seeing this kind of him, but she said in a trembling voice, "Don't die.....I.....I'm begging you.....Have some way! You must have some way!"

"Truly a.....foolish Xiao Qing....." He pursed his lips and raised his trembling wrinkled hand as he patted her head, "It's already too late....."

But his heart was filled with joy because at least he had kept his promise.

He said that he would protect her.....

He finally did it!

"Du Jiu Sheng.....we haven't even been together yet, I still haven't.....There are many things I haven't told you yet....." She tightly hugged him as streams of tears kept flowing down.

She knew why her heart had been so unsettled, she knew that something would happen!

Why, why would there be this kind of person in the world?

Only at the moment of death did he tell her the truth.

He used all those methods to protect her, how painful it must be.....

"Sorry, Xiao Qing." He saw that she was this sad and his heart couldn't help twisting with pain.

He didn't want her to feel pain, he wanted to be with her forever.

Eating with her, watching TV together, and then stretching his hands out to tightly hold her.

But he already didn't have the strength to raise his hands. He could only stare deeply at her as he said, "I'm not afraid.....of anything, I'm just unwilling to.....leave you."

He really wasn't willing to leave her, he had never been this reluctant to leave a person before.

They didn't know each other long, their time together had been too short, but he had finally understood that Murong Xi kept talking about before.

But the moment he understood, he had no chance to love her.

How he wished time would go slower just a little bit, how he wished life would flow slower just a little bit.....

He still wanted to hug her, tightly holding her.....

"Du Jiu Sheng....." She hugged him and felt his body becoming lighter until he stopped replying completely.

She already couldn't cry anymore as she said with a face like dying ashes, "I will hate you....."

It was like he woke up from a dream as he said in a hoarse voice, "Don't hate me.....I will be very sad....."

She looked down at his completely white hair that could fall off with the slightest touch.

This was the terrifying part of the Destiny Life Map, it didn't let a person die at once. Rather it slowly swallowed the life force of the user and slowly tortured them.

She bent over and pressed her face on his wrinkled face, as a hot tear fell down onto his face.

It was like he could feel it as he opened his eyes with difficulty for the last time.

He wanted to say something, but he couldn't say a thing.

"I love you, Du Jiu Sheng....." She moved beside his ear and said in a trembling voice, "If you also like Luo Qing Chen, don't die.....alright?"

How selfish of a wish, how unreasonable of a request, how childish of a confession.....

But what else could she do!

There were his final words that came after a while, which were very, very light.....

But she could clearly hear them.

"Truly a foolish Xiao Qing....."
