Chapter 521: Waste concubine daughter's counterattack (Part 8)

When she returned to the Luo Manor, Luo Zi Shao and Luo Xin Yue were at the door to her room waiting for her.

This seemed like a lineup for starting something!

Luo Si Zhao came forward with a smile and said, "I've heard that little sister Qing Chen is going to follow father into the palace for the annual banquet. Big sister rushed to bring some clothes over to see if it suits little sister's tastes."

Luo Si Zhao revealed a bright smile, but her eyes were filled with taunting.

She dared to shame her mother in public, does this little concubine's daughter not want to live anymore?

She would properly teach this person who didn't know the immensity of heaven and earth for her mother!

Sparrows would always be sparrows, they would never turn into phoenixes no matter how hard they tried.

Luo Qing Chen looked up with slightly curled lips. When she saw her bringing the box of clothes and the black cloth covering it, she immediately saw through her intentions.

She just crossed her hands behind her with a faint smile in her hands, not taking the box of clothes from Luo Si Zhao.

She looked at her awkwardly and said, "What is little sister doing, do you dislike big sister's things?"

"That's right!" She blurted out these two words. Her clear eyes had a faint sparkle and a light smile.

With this kind of attitude, these two words filled the surrounding area with awkwardness.

Luo Si Zhao's face was clearly green with anger, but she didn't know how to respond. After all, when those two words were blurted out, she really didn't know what to say.....

Luo Xin Yue quickly tried to mediate, "This is big sister's goodwill, little sister can't just look down on it!"

This was a pushing forward while feigning in retreat, this would definitely make the other side feel embarrassed. Luo Xin Yue confidently pursed her lips, feeling that she really was a genius!

"No! It is terrible!" Luo Qing Chen looked up with a domineering look, as if she didn't give the Luo Family's two sisters any face.

Why should she give them face, their unkind intentions were clear! She wasn't the previous host, why should she swallow her anger?

"You....." Luo Si Zhao immediately stomped her foot and said, "Luo Qing Chen, you won't take the toast offered to you, we gave you clothes because you're pitiful.....and can't buy high-end clothes yourself....."

“Xiu.” She quickly pulled the black cloth off the box and it was filled with rough looking clothes. Some were ragged and smelt of mold.

The two sisters thought that after she took it, they could humiliate her, saying that she was only worthy of these clothes.

They never thought that she wouldn’t take their things and would firmly reject them!

This not only threw away face for them, they also couldn’t shame her by saying anything.

“Ze, ze, ze.” Luo Qing Chen looked at the clothes in the box before saying to them with a confused look, “These are high-end clothes to you?”

“You.....” Luo Si Zhao angrily threw the box of clothes in her hand down before saying to Luo Qing Chen, “You just wait, I will make you beg to wear these clothes!”

“You’re certain?” She took a step forward and stepped on the clothes, as she said with a cold look in her eyes, “I’ll wait and see.”

After saying this, she flicked her sleeve and walked into the room.

Without knowing why, she felt that these two so-called ‘evil sisters’ seemed a bit weak.

No wonder the names of these two weren’t even on the mission panel! It seems like there were quite a few enemies in this world.....

Chapter 522: Waste concubine daughter’s counterattack (Part 9)

The next morning, the first thing she did was find her system.

Invincible and powerful system, as a Cinderella that wants to participate in the prince’s ball, shouldn’t you say something?

Is something wrong! She had two evil stepsisters, two evil stepmothers, two evil brothers, isn’t she more pitiful than Cinderella?

[The host can exchange for a beautiful dress.]

God damn, it’s always exchange points with you! Don’t you feel vulgar!

[The host can not want it!]

I want it! I have a lot of exchange points, so I can be willful!

[Ding, 100 exchange points has been taken. Successfully exchanged for one brocaded dress.]

She looked to the side and saw a pink dress with lotus flowers embroidered appear in front of her eyes!

Luo Qing Chen nodded in satisfaction. The system’s tastes weren’t bad, it didn’t exchange for a large red dress for her.

In the hall, Luo Yi was prepared to drink his tea when the two sisters and the madames appeared in front of him.

Since the first madame was in charge of the Luo Family's finances, for someone like the previous host, naturally she didn't even receive a dime.

So she never had any decent clothes and most of them were worn out, or were passed down by the servants of the laundry room.

It was impossible for her to have any clothes to participate in the banquet, but even though Luo Yi had ordered them to prepare something for her and they could suppress their anger, who told her to go and reject their 'goodwill' yesterday!

When they were thinking about what they would do, Luo Qing Chen slowly walked in.

She had combed her hair into a bun with a rose crystal jade hairpin with begonias inlaid at the peak. She was wearing a pink dress with satin shoes that was the same colour as phoenix feathers.

Everyone's eyes lit up and even Luo Yi's expression changed a bit.

Before he never thought that his normal daughter looked like anything, but now, she was much more beautiful compared to the other daughters.

He had mistaken her and treated her wrongly.....

Luo Si Zhao and Luo Xin Yue looked at each other in blank dismay, their mouths were about to drop to the ground.

The first madame miss Liu saw Luo Qing Chen's appearance and couldn't help becoming worried. If she really caught the eyes of the crown prince, this little concubine's daughter would never let them go.

"Master, Si Zhao and Xin Yue are both at the age of marriage. If you don't bring them to this banquet, they will lose many changes!" Miss Liu said while not forgetting to give a few glances to the second madame miss Chen!

Miss Chen came from a county owner and although her father was no longer an official in the palace, he used to be a king, so he still carried some weight.

"That's right, master!" Miss Chen also quickly said, "Big sister is right, how about letting all three of them go? If one isn't liked, we still have two other beautiful as jade daughters!"

Luo Qing Chen naturally knew the meaning in miss Chen's words, wasn't it making fun of her, saying that no one would like her?

But why didn't she look at her daughter in the mirror, she wanted to go even though she was so fat? Wasn't that crazy.....

Please, the royal family's banquet's young masters didn't lack girls. They had eyes, would they like them?

"This....." Luo Yi looked at them and slightly knit their brows.

His two daughters were indeed different today, they had too much makeup.

But if he didn't agree, who knew how long his wives would remember this.....

Chapter 523: Waste concubine daughter's counterattack (Part 10)

"Ke, ke....." Luo Yi cleared his throat and said, "Properly speaking, only one unmarried daughter can be brought to the banquet. Too many can influence the development of a force....."

Miss Liu and miss Chen heard this and were stunned, they didn't understand what Luo Yi meant.

But Luo Qing Chen understood.....

Luo Yi's meaning was that if his two daughters were liked by two different forces, it would influence the development of the Luo Family, making it hard for them.

But in Luo Qing Chen's eyes, she really felt Luo Yi was thinking too much.

As far as Luo Si Zhao and Luo Xin Yue were concerned, they definitely wouldn't influence anything.

"Aiya, master, you can't be partial to someone like this!" Miss Chen sat down and rolled her eyes at Luo Qing Chen.

"Ai, alright!" Luo Yu knit his brows, clearly reluctantly agreeing.

He waved his hand and said, "Go get ready, we'll enter the palace in an hour."

Luo Si Zhao and Luo Xin Yue heard this and they gave a proud snort to Luo Qing Chen.

The OS of their heart was definitely thinking: A concubine's daughter needed to take someone hostage to go to the banquet, we only needed a single word from our mothers!

Luo Qing Chen seemed to give them a response in her heart: Don't be too embarrassed when coming to the battle! After all, appearance is where it's at and it can't be forced.

An hour later, Luo Yi brought them into the palace.

They weren't early, but they weren't late.

The phoenix competition was the royal family's annual banquet. From a small official's daughter to the prime minister's daughter, they were all gathered in a single hall.

It had to be said, although Luo Qing Chen had seen many big scenes before, she was still scared after seeing this.

In the large imperial court, there were all kinds of beautifully dressed people.

Sometimes they revealed smiles and sometimes they had their heads down in embarrassment. In just the span of half an incense, they began chatting and even promised themselves to each other for life.....

Luo Qing Chen gave a soft laugh. She looked around and finally her eyes fell onto Ning Wen Zhen.

The current fourth son, the South Pacifying King, Ning Wen Chen.

It was said that he was handsome and charming, he really didn't lose to anyone here.

But as a person, Luo Qing Chen didn't respect him. After all, the previous host never obtained his love.

Properly speaking, the previous host should know him at this time.....

While thinking of this, Ning Wen Chen looked in Luo Qing Chen's direction and met her gaze.

Luo Qing Chen didn't look away. She gave a slight nod before turning her head.

But she never thought that Ning Wen Chen would be a bit surprised before walking towards her!

As for her, she was currently talking to the system.....

System, what does the crown prince look like?

[Two eyes, a nose, and a mouth!]

Damn! Is there a problem with you! I'm asking if there are some special characteristics?

[The system cannot describe it!]

Then what about affection? I never asked you, but thinking about the previous host's memories, there isn't a trace of this person! They shouldn't know each other, right!

[20%.]

?! Where did this 20% come from, the previous host didn't have this person in her memories! Why is there this strange affection?

[There wasn't a trace of this person in the previous host's memories, that doesn't mean the host's memories doesn't have a trace!] The system had made a mistake that day because it didn't tell the host the male lead had affection for her!

Of course, it made that mistake on purpose!

Luo Qing Chen was a bit stunned. Her brain quickly turned and finally her eyes fell onto the jade bracelet on her right hand.

Chapter 524: Waste concubine daughter's counterattack (Part 11)

God, the crown prince is the male lead Ning Wei Han?

Luo Qing Chen was stunned. She only wanted to use the crown prince to control the Luo Family, but she never thought that she encountered the male lead.

It was her fault! She was hit the moment she came to this world, her mind had been focused completely on how to slap their faces.

She almost forgot her main purpose in coming here!

Male lead.....That meant that the male lead's first impression of her was quite good!

"Qing Chen?"

"Ah?" Luo Qing Chen suddenly looked up with a bit of panic in her eyes.

When people were thinking of things, they really couldn't take being surprised!

It was easy for their faces to become pale, like the current her!

"Long time no see, have you been well lately?" Ning Wen Chen's eyes were sparkling a bit, he knew that this person in front of him liked him.

Because when he went to the Luo Manor a few days ago, she had been secretly looking at him.

It was his vanity, he liked this feeling of silently being watched.

This feeling was very good even if he didn't like the other side.

"Oh." She gave a casual laugh and said, "Thank you for your concern, it's not bad."

Why was this development different from the script? Didn't Ning Wen Chen not like the previous host?

Why did he come over to talk to her?

"Wen Chen." A sweet voice slowly rang out. Luo Qing Chen looked past Ning Wen Zhen to see Duan Yu Meng walking over towards her.

Duan Yu Meng didn't appear many times in the previous host's memories since Ning Wen Chen protected her very well.

"Yu Meng." He changed to a gentle voice when he called her, "Are you warm? The weather is hot today."

"I'm not. This is?" Duan Yu Meng asked in a tentative voice.

Luo Qing Chen looked up at her. She was more petite and had a cute round face, having a bit of baby fat. She was wearing a goose egg coloured brocaded robe with dark flowers on it, it made her look like a little sister.

"She is sir Luo Yi's daughter, Luo Qing Chen." Ning Wen Chen introduced them before saying to Luo Qing Chen, "She is the imperial tutor's daughter, Duan Yu Meng."

Duan Yu Meng was a bit confused. In her memories, sir Luo Yi's daughter shouldn't be called Luo Qing Chen."

"I've been looking forward to meeting you." Luo Qing Chen gave a slight nod before she looked at Duan Yu Meng and said, "I won't disturb the two of you."

After saying this, she turned to head in another direction.

The other direction was where Luo Si Zhao and Luo Xin Yue were.....

At this moment, the two of them were laughing with a certain young master Ge Da Shan!

Young master Ge's expression didn't look good. He wanted to leave, but because he had to give Luo Yi face, he gave a perfunctory nod.

"Young miss Luo, hello....." When she was about to walk around, someone called her from behind.

When she turned around, the other side's fruit wine accidentally spilled on her.

Mo Qian looked quite sorry as he lowered his head, taking out his handkerchief to help,
“Sorry.....Sorry.....”

“It’s fine.” She took the handkerchief and shook her head as she looked at his apologetic look, “It’s fine, it’s fine, I’ll do it myself.”

This person was a bit familiar, but she couldn’t remember where she had seen him before.

“You are.....”

“You really don’t remember.” He revealed a faint smile that was very warm as he looked at her and said,
“Back at the mid autumn festival a few years back, you saved me.”

At that time, he was still a young master that didn’t know anything, but now he had grown up.

Mo Qian was the son of a minister in the rites department, excelling in his studies, an honest young master who lived a free life.

Their meeting was an accident in an accident.....

The accident was too short, so the previous host’s memories didn’t have a trace of this person!

Chapter 525: Waste concubine daughter’s counterattack (Part 12)

“Oh!” She closed her eyes like she had vaguely remembered something before looking at his smile and saying, “It’s you!”

At that year’s mid autumn festival, he was in front of a falling stand and she pushed him aside.

Of course, she wasn’t hurt either.

They didn’t really have any interaction and this matter was just a quick incident.

But she never thought that they would meet at the banquet today, it was considered fate.

But it wasn’t any life saving grace, Mo Qian was just being humble.

“Because the guards were nearby, I didn’t properly thank you.” Mo Qian scratched his head as his white face turned red, not even daring to look her in the eyes.

“No need, no need, it’s just a small matter.” She felt that this feeling was quite strange.

A unnatural conversation.

But then again, it wasn’t just Mo Qian who came to talk to her.

As the time for the banquet approached, more and more people arrived in the palace.

At this time, face was first and family background was second.

Luo Qing Chan was naturally more beautiful than most people here, so it was normal for people to come talk to her.

But when she walked around, she couldn’t see the so-called crown prince.....

Could it be that the crown prince didn't come?

[Yes! The crown prince rarely comes! Luo Yi was only betting that the crown prince would come.]

Damn, why didn't you say so earlier!

[For an important person like the crown prince, his princess naturally wouldn't be chosen from people here!]

What! Do! You! Mean! By! People! Here!

Luo Qing Chen could feel that the system was shaming her and she couldn't do anything to refute it!

An hour passed and Luo Si Zhao and Luo Xin Yue were standing behind Luo Yi with ashen faces. It was clear they had been rejected countless times.

Luo Yi's face also looked quite ugly, like he almost spat out a mouthful of blood.

Looking back at Luo Qing Chen, although she wasn't the focal point of the banquet, there were many people who had come to talk to her.

Luo Yi occasionally looked at her and his green face relaxed a bit.

Luo Qing Chen really was as outstanding as she said, he didn't waste this bet.

But what he didn't understand was why not a single one attracted her gaze.

Could it be that she really wanted to open the sky and get the crown prince? It had to be known although he agreed to bring her, he never thought that the crown prince would come.

Even if the crown prince came, with the crown prince's indifferent personality, how could he like her?

Luo Yi knit his brows in a bit of worry, as he headed over to Luo Qing Chen.

A group of nobles saw Luo Yi come over and naturally said, "Your daughter really is both beautiful and talented!"

Beautiful and talented? He knew about her beauty, but he didn't know where her talent came from.....

"Right! It's not just that, she's so beautiful that she makes fish sink and geese fall and she's a truly warm girl!"

Wasn't that a little too exaggerated? Why didn't he feel that warmth himself?

Luo Yi nodded with a smile as he said, "Your praise is too much. This little girl normally doesn't go out, so she's rather shy."

He didn't forget to pull Luo Qing Chen's sleeve as he said this, bringing her to the side as he asked in a low voice, "This many people came to talk to you and you don't like a single one?"

Luo Qing Chen slightly knit her brows and helplessly shook her head.

"That one wearing the turquoise robe is the first son of sir second grade official Mei, he is both rich and handsome!" Luo Yi was a bit anxious as he began to introduce them himself.

Luo Qing Chen heard this and shook her head.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 526: Waste concubine daughter's counterattack (Part 13)

"That one wearing the black and white robe is general Huang's third son. He is a brave warrior and highly skilled!"

Luo Qing Chen shook her head again, showing she didn't like them!

"That.....That courteous and gentle young master is the son of the royal court minister sir Shu Mo, the current literary champion!"

Luo Qing Chen said with a soft sigh, "Sir Luo Yi's heart is this big? If it is just for this, you can use your other two daughters, you didn't need to bring me."

Luo Yi looked at Luo Si Zhao and Luo Xin Yue who had been thrown to the side long ago and said with a helpless shake of his head, "Are you kidding?"

"Yes!" She said with a soft laugh, "I am kidding."

"You....."

Luo Yi's face turned green with anger, but when he wanted to say something, he found that the hall had exploded.

That was because the number one beauty of the capital, Murong Xiao Xiao was here.

She was wearing a honey coloured golden feather dress with a pair of phoenix embroidered shoes on her feet, as well as her long hair wrapped in a lily bun.

That kind of beauty had a style that resided in every movement.

She was no one else, she was the previous dynasty's princess.

"Wa.....Look at miss Murong....."

"Ah! So beautiful! She really is the number one beauty of the capital, truly beautiful!"

"I really want to go talk to her!"

"Don't think so much, she is the crown prince's childhood friend. If you offend her, you won't be able to keep your life!"

Murong Xiao Xiao slightly raised her eyes that were completely cold. She didn't look at the sparkling looks of worship around her and her eyes fell onto Duan Yu Meng.

It was a kind of hostile gaze.

Luo Qing Chen thought for a bit, but she didn't understand why her gaze was like that.

"Ai, old man?"

"What?" Luo Yi heard how she called him and almost jumped up, exploding with rage.

Luo Qing Chen quickly patted his back to calm him down, "You are this suspicious by nature, you should know the truth. Is there a grudge between Murong Xiao Xiao and Duan Yu Meng?"

"You can even see this?" Luo Yi was a bit impressed by his daughter's observation skills. It seemed like her acting so weak in the Luo Manor was mostly her acting.

This was very similar to him.

"Look at your expression. They are like this....." Her expression changed as her eyes lit up, "For a man?"

"It's because of the crown prince."

"Ha?" Luo Qing Chen was stunned, "I thought it was for the South Pacifying King!"

"The imperial tutor's daughter Duan Yu Meng likes the crown prince from the beginning, but he always had the previous dynasty's daughter with him. After a few times of not being able to see him, she gave up. This matter was spread in the court for a while and the imperial tutor lost quite a bit of face." When Luo Yi said the final words, there was a slightly happy look on his face.

Luo Qing Chen cleared her throat and said, "You look quite happy!"

"Naturally, it's known by everyone in court that the imperial tutor and I can't stand each other." He stroked his beard and said, "Then Duan Yu Meng went with the South Pacifying King who she knew since she was young."

"Trash!" Luo Qing Chen gave a cold snort as a faint look of disdain appeared in her eyes.

To be honest, the South Pacifying King didn't do anything to the previous host, but Luo Qing Chen didn't like this kind of person!

Before she could think about anything else, there was a thick gunpowder scent that filled the air.

Luo Qing Chen gave a cold snort, but the first to speak was Murong Xiao Xiao.

Chapter 527: Waste concubine daughter's counterattack (Part 14)

She looked at Duan Yu Meng and said in a provoking voice, "Isn't this young miss Duan? Have you been well lately?"

"Ke, ke." Duan Yu Meng knew that Murong Xiao Xiao's words were to find fault with her, but she was not afraid.

Her father was the imperial tutor and Murong Xiao Xia was just a former dynasty princess attached to the crown prince.

She cleared her throat and looked up to say, "Naturally I'm good, it's much better than being in that dark palace!"

"If one has someone they love, even a dark palace can be happiness." There was a look of deep pride in Murong Xiao Xiao's eyes.

The surrounding people fell into discussion.....

As expected, gossipers existed no matter what dynasty it was!

Ning Wen Zhen was a bit awkward standing on the side. He wanted to call Duan Yu Meng, but he was rejected.

After all, the relationship between him and Duan Yu Meng was always him taking the initiative.

He looked around and finally his eyes fell onto Luo Qing Chen again. There was a faint sparkle in his eyes as he walked over in her direction.

"Miss Luo, there were many people around you earlier and I didn't have time to talk to you....." The moment Ning Wen Zhen's voice fell onto her ears, she was surprised.

She slightly knit her brows as she doubtfully asked, "Talk about what?"

"Un." He said with a somewhat awkward smile, "I feel that miss Luo was a clean woman, I was quite surprised you would appear here....."

"Ha?" Luo Qing Chen said in a cold voice and with a stunned look, "Does the South Pacifying King think that I'm only worthy of staying in the Luo Manor?"

"No....." He looked a bit panicked. He probably felt that he said the wrong thing, so he quickly tried explaining, "I feel that miss Luo is quite beautiful....."

He suddenly felt a bit strange.

Although he didn't have much contact with Luo Qing Chen, he felt that she was a shy girl. She did things carefully and never made too much noise.

But now, why did he feel that she was someone else.....

"Thank you....." She awkwardly gave two laughs before saying, "You're not going to help your miss Duan?"

At this time, Duan Yu Meng and Murong Xiao Xiao's conversation had attracted a crowd, so the imperial tutor's expression was a bit ugly.

He rolled his eyes at Ning Wen Zhen standing by Luo Qing Chen, clearly blaming him for not planning to help.

"Enough Yu Meng!" Imperial tutor Duan angrily roared out, "What are you doing, why aren't you apologizing to the previous dynasty's princess!"

Imperial tutor Duan wasn't an idiot, the words 'previous dynasty' was clearly filled with hostility!

"Oh." Du Yu Meng clearly understood her father's meaning and said with a smile, "Previous dynasty princess, Yu Meng has been rude, I hope that you will not mind. After all, the previous dynasty has passed and it's the current dynasty!"

"Good words!" A few patriotic ministers were very excited when they heard this.

Murong Xiao Xiao's face turned green in anger. She gritted her teeth and looked at Ning Wen Zhen not far away, "I urge you to look at the South Pacifying King who has been good to you, otherwise he'll be taken by others. When that time comes, Duan Yu Meng, you won't even have time to cry!"

Duan Yu Meng said with a cold snort, "You think that everyone is like you?"

The two were both arrogant, not wanting to give up at all. The surrounding whispers were getting louder until a clear voice filled the hall.

"If she has to pick someone, why can't it be me?"

Chapter 528: Waste concubine daughter's counterattack (Part 15)

In an instant, everyone stopped. Their eyes gathered on Ning Wei Han who wasn't far away and they all looked respectful.

But there wasn't a single one who understood what he meant.

Except, Luo Qing Chen.

Ning Wei Han was wearing the crown prince's robe and with sparkling eyes that were as deep as the sea, he was walking towards her step by step.

Murong Xiao Xiao was confident, as she looked at Duan Yu Meng with a confident smile.

After all, the crown prince was here, her mountain had come!

Imperial tutor Duan and Duan Yu Meng had ugly expressions. Although Duan Yu Meng had her head down, she bit her lip as she revealed her unwillingness.

Everyone held their breaths and stuck their head out to see what happened next.

But they never thought that Ning Wei Han would walk past Murong Xiao Xiao.

And his goal was very clear, he was walking towards her!

Luo Qing Chen's lips curled into a faint smile as she said to Luo Yi beside her in a soft voice, "I won't let you bring me here in vain."

Three seconds later, Ning Wei Han was already in front of her.

He had a natural domineering aura as he looked at her and repeated word for word, "If you had to pick someone, why can't it be me?"

"Si!" Everyone took in a cold breath.

Luo Yi standing beside her seemed like he was made of wood as he was frozen in place.

He still remembered what Luo Qing Chen had said before: For example, the crown prince.

Ning Wei Han gently took her hand before turning to say to Luo Yi, "I'll take Qing Chen away for now, I'll personally send her back to your manor tonight."

God, he actually knew she was called Luo Qing Chen.

So he didn't come to the banquet for anything other than to take her?

Luo Yi trembled before he cupped his hands and said, "Yes, your highness."

Ning Wei Han gave a slight nod before a faint smile appeared on his lip. It seemed his mood was not bad.

He held Luo Qing Chen's hand like this and didn't even turn as he left the hall.

Everyone retreated to the side on his path and it was completely different from when she entered the palace.

"Where are we going?" Her hand was being tightly held by his and she followed him step by step.

"Could it be that you want to stay there?" Ning Wei Han's face turned a bit pale when he turned around.

Luo Qing Chen was stunned, as she tentatively asked, "What is it? Is it your injury?"

"Un." He saw her slightly worried expression and his deep eyes lit up, "Why did you come to the banquet? I know that you don't want to climb up and become a phoenix."

"If I said....." She looked up with sparkling clear eyes and said, "I wanted to become a phoenix?"

After a while, he softly took the jade bracelet on her right hand and said, "Isn't that perfect then? The chance is here, are you willing?"

"You believe me even though I said it casually." Luo Qing Chen shook the bracelet on her right hand and said, "A royal highness like you gives a bracelet like this, isn't it too shabby!"

He heard this and he said with a serious face, "That was the only thing my mother left me."

"Sorry....." Luo Qing Chen knew that she had said the wrong thing, so she quickly said, "The bracelet is very beautiful....thank you!"

"So I saved you and gave you a bracelet, how are you planning on repaying me....." Before she could even answer, he said, "How about using your body?"

Luo Qing Chen said to herself in her mind: You saved me? Are you certain it wasn't that I saved you?

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 529: Waste concubine daughter's counterattack (Part 16)

"Ke, ke." She cleared her throat and looked at Ning Wei Han as she said, "Your highness is confusing things.....shouldn't it be that I saved you?"

"I saved you first you fool!" He took her hand again and walked out of the palace, saying while walking, "I'm taking you to a place."

Luo Qing Chen didn't know where he was bringing her, she just knew that his hand was very warm.

She never would have thought that the place he brought her would be a mass grave.

"Who are you here to see....." She knit her brows. There was a vague answer in her heart, but it seemed unbelievable.

"My mother." He softly replied. There were no waves in his tone, but he tightened his grip around her hand.

There were countless questions in her heart, but she didn't ask anything as she followed him into the innermost part of the mass grave.

She had never come here before because it was quite deep, so she normally didn't come here.

But seeing it today, it seemed quite clean.

Passing the fences, he said in a soft voice, "My mother was a consort from the previous dynasty....."

"Ha? Could it be....." She lowered her voice and said "Could it be you're not the emperor's son?"

"If I wasn't, wouldn't you lose the right to become a phoenix?" He gave a soft laugh with a trace of sadness in his voice.

She gave a shrug and said, "If I said that I don't care at all, would you believe it?"

"I would." He nodded with a firm look in his eyes, "Since I brought you here, it means I believe whatever you say."

His voice was very soft and there was a faint trace of loneliness on his face, like he had been alone for a long time.

"Puchi!" She held his hand like she was making an oath, "Be assured that I won't tell anyone else about this!"

[Ding, affection has increased by ten. Mission completion rate is now 40%.]

"This matter?" He was a bit stunned before he said with a helpless smile, "I am his son, his biological son."

Luo Qing Chen was stunned! God, the chaotic love between the previous and current dynasties!

"Un.....What to say!" Ning Wei Han carefully took her hand, as he was afraid the sharp thorns would pierce her skin.

Seeing her looking at him, he narrowed his eyes and said, "To be honest, compared to the previous dynasty, I like the present more."

After that, Ning Wei Han told her everything about his mother.

His mother was consort Yun that the previous emperor had thrown into a side palace. Although she was a concubine consort, she had never received any favour from the emperor.

The current emperor who had been a great general in the north saw the consort Yun when he came to the palace and fell in love with her at first sight.

The previous emperor was incompetent and many people complained about him, so the previous dynasty collapsed.

In the end, great general Ning Yuan decided to rebel!

The moment he made this decision, it was all for consort Yun.

Because consort Yun in the side palace was given a cruel punishment of being trampled by a thousand pounds.

A thousand maids and a thousand eunuchs would step on her until she died.

Ning Yuan couldn't understand why an aloof person would want to hurt her. On the day of the execution, he led a hundred thousand troops into the royal palace.

The people of the palace fell into a panic and no one remembered consort Yun's punishment.

In the end.....she survived.

Ning Yuan ascended to the throne because everyone thought it was the will of the heavens since he hadn't been defeated in ten years, winning the throne without losing a single soldier.

The day he took the throne, he ignored the opposition of the ministers and married consort Yun.

Later she gave birth to a prince who was the crown prince, who is the current Ning Wei Han.

"Then why did your mother pass away?" Luo Qing Chen looked up with a confused look as she asked this.

"Silly girl....." He said with a soft laugh, "People will get old and die. My mother was already old and she used all her strength when she gave birth to me, so not long after, she could no longer be cured."

Luo Qing Chen pursed her lips and gripped his hand tighter, "I believe everything no matter what, your mother must have loved you very much."

"I know."

"I still have questions!" She raised her little hand as she looked at him.

"I know what you want to ask." He paused before taking her hand and taking a large leaf, as he walked towards the grave, "Because no matter how much my royal father loved mother, the ministers wouldn't allow this! The ministers said to my royal father that if my mother wasn't buried in the royal tomb, they would support me in taking the throne in the future!"

"So the emperor decided to bury your mother here for you?"

"Of course not." He shook his head and said, "This is what my mother requested. She knew that she didn't have long to live, so she wrote a letter which contained the location of her grave."

"This mass grave?"

“Un.” He stood in front of the grave and said to the clean tombstone, “Your son has brought his loved one to see you.....”

Luo Qing Chen saw the sparkle in his eyes and couldn’t help feeling pain in her heart.

In the end, even the emperor with the greatest power had something that could trap him.

One thing suppresses another, perhaps this was law!

She suddenly thought of something and then called her system.

System, is there a way to let him see his mother?

[The host’s heart doesn’t hurt from making this kind of unreasonable request?]

It’s alright.....it doesn’t hurt much!

[Of course not! But.....you can listen.]

What does that mean?

[The host can exchange for a Voice Conch, but it can only be used once and only for ten minutes.]

Alright, exchange!

[Ding, 1000 exchange points has been taken. Successfully exchanged one Voice Conch (Can only be used once, limited to ten minutes).]

Luo Qing Chen looked at the silent Ning Wei Han and said, “Was your mother gone when you started understanding things.....”

“Eh.....Un.....” He never thought that she would ask this question. It was like his heart trembled and he felt a bit sad.

“Do you still remember her voice?” Luo Qing Chen pursed her lips as her eyes lit up.

Ning Wei Han was a bit surprised, but he said after a while, “Yes! It’s a very gentle voice!”

.....Can you not wait this long to reply next time!

“I can give you a present.” She narrowed her eyes which had a faint smile as she said, “This is my present in return!”

“I don’t need a gift.....” He saw her serious expression and revealed a helpless smile.

“You need it!” Luo Qing Chen took out a blue conch from her chest and said, “This is a divine item! But the time is very limited, so make the best use of it!”

“This is.....” He took the conch and asked in a confused voice, “A conch shell?”

“Eh.....Right, right.....it’s a conch shell! But it isn’t a normal conch shell!” She turned and said, “It can go through yin and yang to let you talk to your mother.”

“What?” He was stunned. The conch in his hand trembled and he almost dropped it.

Luo Qing Chen couldn't help finding his surprised appearance a bit cute.

She went to the log cabin beside the grave and said, "I'll go rest in the cabin first, you can talk to your mother."

She decisively turned around after that, leaving behind a stunned looking Ning Wei Han!
