Chapter 531: Waste concubine daughter's counterattack (Part 18)

Luo Qing Chen watched as he held the conch shell and softly spoke into it.

After that, his eyes turned red. It was probably because he heard consort Yun's voice!

Like this, she felt that the thousand exchange points were worth it.

She looked around the small cabin which was simply decorated. It was probably specially built for when Ning Wei Han came to see his mother.

Luo Qing Chen found a place to sit, but then she felt tired.

The birds, beasts, and insects didn't like coming to the center of the mass grave.

When she opened her eyes, it was already night.

There was a fur coat covering her and Ning Wei Han was not far away, looking at her.

Luo Qing Chen's heart skipped a beat, as she quickly stood up and said, "You.....Why didn't you wake me!"

"Un....." He looked her over and raised a brow as he said, "Who is Du Jiu Sheng?"

"?!" She asked back as her heart skipped a beat, "I was talking in my sleep?"

As expected.....the pain in her heart.

Perhaps it was because she never had this kind of ending or perhaps it was because Du Jiu Sheng didn't survive.....

"Un humph." He gave a slight nod as a trace of dissatisfaction flashed in his eyes.

"That.....your highness!" Luo Qing Chen sorted out her thoughts before saying, "Do you believe in past lives?"

"No....."

.....

God! She suddenly didn't know what to say!

"Ke, ke." She bit her lip and didn't give up, "In short, maybe it is the name of your past life?"

She showed that she wasn't talking nonsense this time.

But she couldn't do anything if he didn't believe!

"Alright, it isn't that I don't believe." He looked into her eyes and said, "I'm just a bit jealous....."

Even if there were really past lives, even if he was Du Jiu Sheng that she spoke of, he was still a bit jealous.

“If you knew his fate.....” She paused as her eyes misted over, “You wouldn’t be jealous!”

He suddenly felt that he was a bit foolish, he was actually competing with someone from a past life.

These words had actually made her sad!

He blamed himself a bit.....

He looked at the sky outside before turning back to say, “I’ll send you back to the Luo Manor!”

On the way, they didn’t say a single word. The current matters of the imperial court had already set the Luo Family’s position.

To talk about this, the main goal was.....

He wanted to ask his royal father to let her marry into the eastern palace to become the crown princess.

Everything seemed to proceed quite smoothly. After she returned to the Luo Manor, she moved out of the shabby room.

Luo Yi had built a new room for her and treated her exceptionally well.

Although miss Luo and miss Chen didn’t like her, they couldn’t touch her because of the crown prince.

As for Luo Si Zhao and Luo Xin Yue, after the banquet, the two of them became ‘taboos’ for the nobles of the court.

Actually Luo Si Zhao and Luo Xin Yue weren’t that ugly, they were just normal!

But they liked to put on thick makeup and think of themselves as great beauties, so people couldn’t look straight at them.

But Luo Qing Chen never thought that this morning, there would be a special guest at the Luo Manor.

The guest directly went looking for Luo Yi and stayed in the study for three whole hours.

No one knew what they were talking about, but after Murong Xiao Xiao was sent off, Luo Yi had revealed a smile he hadn’t revealed in a long time.

Luo Qing Chen wasn’t interested in this matter, but she became alert since the one who came was Murong Xiao Xiao.

Facts proved that she was right to be alert!

Chapter 532: Waste concubine daughter’s counterattack (Part 19)

The next morning, Ning Wei Han appeared at the Luo Manor before the sun rose and had come in through the back door.

“What are you in a panic this early in the morning for?” She gave a yawn as she hadn’t woken up yet.

“Qing Chen.....” Ning Wei Han pulled her to a dark place and asked her with an honest look, “If.....If you had to give up the wealth and glory of the Luo Family to run away with me, are you willing?”

If it wasn't Ning Wei Han who was the crown prince seriously saying this to her, she never would have thought that a crown prince would run away.

She was a bit surprised, but after seeing that the door and windows were closed, she turned back to ask, "The emperor didn't agree to you marrying me?"

If he wanted to run away with her, it definitely meant the emperor didn't agree to them getting married.

But Luo Yi was still a minister of the department of rites, even if she was born from a concubine, it shouldn't reach the point of elopement.

Not to mention that the emperor always loved him and if he was really happy, he wouldn't refuse.

"Did something happen?" Luo Qing Chen asked through gritted teeth, "You are the crown prince, running away isn't a joke."

"I have never thought this was a joke." He said with knit brows, "Things are complicated, it's not easy to describe....."

There was a difficult look in his eyes. She could see it, so she didn't plan to keep asking.

Ning Wei Han didn't want to tell her something, so it was definitely for her good.

"Alright, what time?" She said with a faint smile, "You have to think this through, you are the crown prince."

Although she didn't want to enter the eastern palace, for the current Ning Wei Han, giving up his identity was a very important matter.

"Tomorrow night!" He let out a sigh of relief as his lips curled into a beautiful smile, "I thought that I could move mountains and rivers to marry you, but that doesn't seem possible."

"Isn't it too late to feel regret now?" She looked at him with a pair of serious eyes.

"Unfortunately it is....." Ning Wei Han gave an indifferent shrug before tightly taking her in his embrace, "I've never cared about my position as the crown prince. Perhaps there are previous lives and I have always been waiting for you."

Luo Qing Chen revealed a faint smile when she heard this as her eyes filled with satisfaction.

Un, it really was good.....

[Ding, affection has increased by ten. Mission completion rate is now 50%.]

Ning Wei Han told her that his loyal guard Liu Xiao would personally come pick her up. He was afraid that something would happen, so other than Luo Xiao, she wasn't allowed to go with anyone else.

Their final meeting point would be the Five Mile Pavilion five miles west of the city. She wanted to go by herself and there was no need for a guard, but he wasn't assured and still asked Liu Xiao to pick her up.

But Ning Wei Han and Luo Qing Chen never thought that——

Liu Xiao would betray them.

Liu Xiao who he picked up from a pile of corpses had betrayed them. Instead of taking Luo Qing Chen west, he took her to the east.

“Why aren’t we there yet.....” Luo Qing Chen knit her brows as she became a bit unsettled in the carriage.

After these unsettled feelings appeared in the past, something big always happened.

Although she didn’t know where the Five Mile Pavilion to the city’s west was, based on the time, Liu Xiao had already gone ten miles.....

“Miss Luo shouldn’t be in a hurry, his highness will be at the Five Mile Pavilion waiting for you.”

Luo Qing Chen knit her brows. She pulled back the curtain and prepared to say she was getting out.

She saw a white smoke appear and everything turned dark as she lost consciousness.

But the pain from a few seconds later still came.

Liu Xiao jumped off a cliff with her and the horse carriage.

She seemed to vaguely hear Liu Xiao’s words in her ears.

“Sorry, the country is most important. My, Liu Xiao’s life will accompany you, miss.....”

There was also a strange increase in affection.

[Ding, affection has increased by thirty. Mission completion rate is now 80%.]

It seemed like someone knew.....

Chapter 533: Waste concubine daughter’s counterattack (Part 20)

There was a strong medicinal scent in the air, causing Luo Qing Chen to knit her brows and open her eyes with difficulty.

What entered her eyes was a square room that was simple, but clean.

“You.....You are?” Her face was filled with pain....like it would hurt just from twitching it.

She could feel the thick bandages on her face, it can’t be that her face was injured, right.....

No, it wouldn’t be that ruthless!

The system’s clear voice rang in her mind.

[The host’s face is so ugly.....]

?! Am I disfigured?

[Yes! So ugly, the system can’t keep watching!] The system had a disgusted look, although its face didn’t exist.

Why, dammit! Liu Xiao was a traitor, right!

[Yes! Or it could be said that he did it for the Ning Country.]

What does that mean? I forgot to ask you before, the emperor didn't let Ning Wei Han marry me not because my status was low, right?

In the beginning, she thought that her status was low so the emperor wouldn't let her enter the eastern palace.

But thinking about it, it didn't seem right.

[Does the host remember when Murong Xiao Xiao went to meet Luo Yi?]

Yes! All sneaky like, I remembered this in my heart, but I still can't think of how it is related.

[The Luo Family's identity is the descendant of the Luo Ying Country.....]

Luo Ying Country.....It's the Luo Ying Country that was destroyed sixteen years ago?

[Yes! Luo Yi's real goal wasn't for you to marry Ning Wei Han, rather it was to restore his country. Of course, there is nothing absolute in this world and Ning Yuan moved faster than Luo Yi imagined.]

My god! Why didn't you tell me earlier! I don't want to restore the country!

[The host never asked the system!]

Trash!

"Old man, look, this girl is awake." The old woman saw her fingers moving and her eyes filled with excitement.

An old man who looked like a doctor came over and sat down on a wooden stool, carefully taking her pulse.

After a while, he stroked his beard and said, "Girl, you can keep your life!"

This treasure doesn't care about life, this treasure wants her face!

Luo Qing Chen really wanted to shout out, but her vocal cords didn't seem to work.

"You can say what you want in a few days. You were in a coma for a long time before we found you, so the blood has congested in your vocal cords for too long." There was a sharp look in his eyes as he said, "Rest for now and do what you want once you are rested."

Luo Qing Chen felt his eyes were very strange, but since the other side had saved her life, she didn't pay much attention to it.

—

Imperial palace.

Ning Wei Han's eyes were bloodshot as he stood in the imperial study with a sword in his hand.

Sitting on the high platform was his royal father Ning Yuan.

“Royal father, the Luo Family is unrelated to her!” He bit his lip as his hand holding the sword trembled, “Why did you have to kill her?”

“The Luo Ying Country was destroyed by me that year, Luo Yi being able to be a minister for all these years was my mistake.” Ning Yuan’s voice was a bit weak. He had been in this position for close to twenty years and now his hair was completely silver, so he knew he didn’t have much time left.

If it wasn’t for Ning Wei Han asking to marry Luo Qing Chen, he wouldn’t have investigated the Luo Family.

No one knew that this investigation would uncover a shocking secret.

Luo Yi was actually a king of the Luo Ying Country!

When the Ning Country defeated the Luo Ying Country, when he had ascended the throne and gone out to war, taking the entire country.

He never would have thought that Luo Yi as a wandering king would actually survive.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 534: Waste concubine daughter’s counterattack (Part 21)

“Luo Yi is Luo Yi, she is her.” Ning Wei Han took a breath and said, “She was never treated as a normal person in the Luo Family.”

That day, he was passing by the Luo Manor and jumped onto the roof to take a look when he heard the commotion.

At that time, he felt that the girl holding the strange thing in her hand was.....very special.

The Luo Manor wasn’t good to her, so he was clear that Luo Yi’s plan had never included her!

His royal father could kill everyone from the Luo Family, but why didn’t he spare her!

“In the past she wasn’t, but that didn’t mean she wasn’t involved after the banquet.....” Ning Yuan knit his brows and walked over to him as his eyes revealed a look of love.

He stroked his head and said, “Silly son, do you not know that after you approached her, Luo Yi’s expectations of her were different?”

Luo Yi had indeed treated her differently and at first he thought it was because she would become the crown princess.

But it turned out it was because she was a powerful tool in reclaiming the country.

“Royal father.....” His voice trembled a bit as he slowly put the sword down.

But there was a faint sparkle in his deep eyes.

Three days later, Ning Yuan collapsed.

He called all the ministers and the crown prince before dying, passing the throne to Ning Wei Han in front of everyone.

Everyone bowed to him and no one dared to disobey.

This was because even though the South Pacifying King had power in court, Ning Yuan had used the best method to protect his favourite crown prince and his throne.

He owed him this much.....

Because he knew what it felt to love someone and he had killed his son's beloved person.

Only that person couldn't become the crown princess or the empress!

He had defeated the Luo Ying Country, there was no chance it could be restored!

Seven days after Ning Yuan died, he went into the grave.

The first thing Ning Wei Han did after ascending was bringing his mother from the mass grave to the royal tombs.

All those who disobeyed lost their positions and were sent back to their hometowns.

He was very effective in doing things, cutting down trouble while quickly building his own power.

In less than a month, the royal court was stabilized.

After that, a new batch of maids and harem members were recruited.

—

A hut at the foot of the mountain.

Under the careful care of the old woman and old man, Luo Qing Chen's wounds had been pretty much healed!

Other than her face!

After taking off the bandages, she felt that her face didn't look as good as when it was covered in bandages.

This face really was.....

System, I can't finish the mission with this face. Don't you feel uncomfortable looking at it?

[Un, quite uncomfortable.....] The system honestly replied!

Then you have to think of a way for me! That damn emperor wants to kill me, see if I don't go back to his imperial palace to mess things up!

[The host has a Beauty Pill, which not only stops your face from aging, it can give you a beautiful face!]

Ha, ha, ha, ha! Excellent, excellent! I feel that it has been in my storage space too long with the iPhone999, bring it out!

After saying goodbye to the old woman and old man, Luo Qing Chen headed out on her own.

When she was halfway there, she had the system restore her appearance! After all, she couldn't scare the old folks, she would feel unsettled if something happened to them!

[Ding, successfully exchanged for Beauty Pill in storage space (Can only be used in this world.)]

But Luo Qing Chen never imagined that after returning to the familiar capital, everything would have changed so much.

The Luo Family had all been beheaded and the Ning Country's emperor had changed.

The emperor was no one other than Ning Wei Han who said he wanted to run away with her.

Chapter 535: Waste concubine daughter's counterattack (Part 22)

She squeezed through the crowd and when she stood in front of the red list, she revealed a faint smile.

It was like life was restarting, but in the selection of maids and harem members, there seemed to be a short test.

But it was just a short test.

In the end, she applied to be a maid since there were too many people to deal with as a harem member. The imperial palace was too big, she didn't have the mind to play with politics.

It went very smoothly because the good looking eunuch in charge had specially asked about her.

When she was certain that she was to become a maid, the eunuch had looked at her with a gaze of incomparable disdain.

Like he was saying: Truly no future!

"These thirty three will be brought in by this maid, the other twenty three harem members will be brought in by minister Huan." The eunuch's high voice rang out. Luo Qing Chen looked at the twenty three concubines standing on the side and gave a soft snort.

That fellow Ning Wei Han didn't know to come find her after she fell off the mountain, didn't he know that falling off wasn't enough for her to die?

Moreover, what about moving the world for her!

Minister Huan looked around and carefully looked over each person's face. Then she turned to the eunuch in charge and said, "There's no one else who came today other than these people?"

"Reporting to miss Huan, these are the most beautiful and talented women left after the serious selection." The eunuch replied.

Minister Huan knit her brows and said, "Should you have a list of everyone who came to the red list enrollment today?"

"There is....." The eunuch said with a bit of difficulty, "But the records are a bit messy....."

Minister Huan looked at him and he quickly changed his tone, “Yes, I’ll personally send it to minister Huan later.”

“Un.” Minister Huan nodded before looking at the twenty three harem members and saying, “Come with me.”

At the same time, in the imperial study.

“Reporting to the emperor, I have followed the image you gave me and I didn’t find a girl that you mentioned.” Minister Huan stood in front of Ning Wei Han and seriously reported.

“Impossible.....” Ning Wei Han slightly knit his brows and said, “Imperial doctor Lin and this one’s wet nurse saved her from under the mountain and I was certain that she left, so I sent the imperial decree.....”

Could it be that she didn’t want to come since she was blaming him.....

That day, he really didn’t think that his most trusted Liu Xiao would betray him, but he still performed that heartbroken play for Ning Yuan because at that time, he had secretly sent people under the mountain to find her.

He wanted to go find her right away, but he couldn’t do it.

His royal father collapsed and the court filled with chaos. Some people working with the South Pacifying King kept trying to find chances to make things hard for him.

But each time, he skillfully dealt with it, suppressing their momentum and making them retreat.

“Eunuch Liu who was in charge sent a list of portraits and names. Most of them were daughters of merchants and there aren’t any girls from unknown origins.” Minister Huan handed the list over as she said this.

Ning Wei Han took it and a dark look appeared in his eyes.

She must have come to the capital, she must have known about the royal decree, he had placed it in such an obvious place so it was impossible she didn’t know about it.

But why didn’t she come find him.....

“Could it be that she’s blaming this one.....” He knit his brows as he muttered to himself.

Minister Huan thought about it before bowing her head and saying, “Based on what the emperor said before, her face has been ruined. This minister thinks that girls treat their face as their life, so perhaps she has thought about never coming to the palace.”

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 536: Waste concubine daughter’s counterattack (Part 23)

He was a bit stunned and his eyes trembled, but he firmly shook his head and said, “No, you don’t understand her. This one believes that she will definitely come back.”

—

Luo Qing Chen and the other maids followed the old maid to the harem maid hall, the place specially made to train the harem maids.

The little girl walking beside her gently nudged her and she looked at her with cute eyes as she said, "What are you called? Why didn't you apply to become a harem member with how beautiful you are!"

Her question was very simple, she was a very straightforward girl.

Luo Qing Chen looked down and said with a faint smile, "A harem member with no backing and power is worse than being a maid with a salary."

Actually the main reason was that maids were more ordinary compared to harem members, they had a lower rate of dying.

Before she even saw Ning Wei Han, she might be killed by someone.....

But things could never catch up to the changes, this group of harem members was even more stereotypical than she imagined.

When the maids entered the maid hall, they were naturally more excited than her. Everyone came from a normal family, so they didn't have plots and were quite simple.

One of the girls was called Meng Le, she was the girl who asked her her name.

Her smile was quite sweet, it was the kind of girl who was very comfortable to look at.

"Xiao Qing, I want to take a look at the back garden, can you come with me?" Meng Le turned her cute eyes and her chubby face had a kind of charm that was hard to reject.

"I also want to go!" One of the maids called Lin Xue said, "But we haven't been assigned rooms yet, we shouldn't walk around the palace randomly!"

"What assigned rooms!" Another maid called Wang Lin interjected, "I've heard that since the new emperor ascended to the throne, his royal harem has been empty. Not a single girl can enter his eyes. Moreover, it's said that he has a face that can enrapture thousands of girls. If I didn't have such a large mouth, I definitely would have been a harem member!"

Wang Lin had her hands together, looking like a fan as she fell into her own world. She admitted that Ning Wei Han looked good, but it shouldn't be at this level.....

"Go, go!" Meng Le said with sparkling eyes, "If we can meet the emperor, perhaps we can ascend to become a phoenix!"

"Ai." Lin Xue said with a sigh, "The emperor has such a high status, even those harem girls haven't seen him yet! Not to mention that all the harem girls are all so beautiful and they know how to dance and sing. They have different ways to mesmerize a man's heart, they aren't like me who has nothing!"

"It's not like you have nothing!" Luo Qing Chen said, "I feel that at least we have a yearning for the future."

"That's right!" Meng Le said with a sweet smile, "Not everyone wants to ascend to become a phoenix, I don't want that."

Luo Qing Chen looked over Meng Le and this girl's eyes were serious, with a faint hope in them.

Although she didn't understand it, she felt that she had come here for something else.

"You really don't want to go?" Luo Qing Chen looked over their expectant gazes and said, "I have a way to go out without being seen by mother Zhi."

"What method! Xiao Qing, quickly tell us!"

Luo Xiao Qing was a name she came up with herself. The family registry and the other things all came from the system, she had to pay a hundred exchange points!

After all, the Luo Family had all been executed, so the name Luo Qing Chen wasn't good to use!

Otherwise before she even saw Ning Wei Han, she might be executed.

Reclaiming a country was an ugly thing to hear in the end.

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 537: Waste concubine daughter's counterattack (Part 24)

"That's right! It really is driving me crazy!"

"I'll declare first that I'm really not doing it for the emperor. I've heard that every December, the flowers in the back garden are especially beautiful....."

"December?" Luo Qing Chen softly patted the head of Wang Lin who said this and said, "The flowers in the garden should have withered by now!"

"Pu, ha, ha, ha!" Everyone broke out in laughter, this kind of feeling was really good.

System, do you have sleep incenses?

[How long does the host want maid Zhi to sleep?]

Twenty four hours. Have her wake up when the new maids need to learn the rules.

[Alright!]

[Ding, 100 exchange points has been taken. Successfully exchanged for one dream incense.]

Luo Qing Chen patted her right sleeve and said, "Come with me."

Maid Zhi was currently leaning on a sofa reading a book with her hands softly flipping the pages.

Based on this, she might not even need to use the incense.

But to be safe, Luo Qing Chen still used it.

After a while, there was a "dong" sound as her head fell onto the table.

The girls behind her all revealed silent looks of joy.

Luo Qing Chen gave a nod before moving forward with soft steps.

Right now the sun was setting, so with the sun slowly shining on the back garden, the thick snow slowly melted.

The maid hall wasn't far from the back garden, these little girls thought it looked good long ago, so they wanted to take a look.

"Ah, this is my first time seeing this many flowers!" Lin Xue said with a smile on her face.

"That's right! How good would it be if I could enjoy this all day!" Wang Lin turned to look at Luo Qing Chen, "Xiao Qing even said that flowers wouldn't bloom in December, but I feel it looks best in December!"

There was a trace of determination in their elegance, it was similar to their destiny.

"Humph, can you even know if it looks good or not. People with your identities and faces, have you ever seen flowers like this before?"

A sharp voice sounded out and a group came over not far away from them.

Luo Qing Chen narrowed her eyes, this group was from the harem girls recruited today.

They were all daughters of ministers, with noble identities.

"You....." Wang Lin gave a cold snort. She wanted to say something, but she swallowed it back.

They had come privately and if something happened, they would lose their jobs at a minimum and their heads if it became a big matter.

"What, you're not giving up?" A purple robed girl raised her eyebrows and arrogantly looked down at her as she said, "If you ever become the maid of me, Ruan Yuan Yuan, I will show you!"

Ruan Yuan Yuan, the only daughter of a fourth grade official. She was very proud and arrogant.

Luo Qing Chen didn't have much of an impression of this person, the previous host had just seen her a few times.

After all, Luo Yi was someone with a position that many people wanted to flatter. In the past, Ruan Yuan Yuan's father had wanted to marry her to one of Luo Qing Chen's big brothers.

It was a pity that Ruan Yuan Yuan had good eyes, how could she like those two idiots!

Speaking of her big brothers, she didn't even need to do anything and they were taken care of! She felt that beheading them was too fast since the previous host's death had been too tragic.

But since they were dead, it was fine!

"So what if we won't submit?" Le Meng bit her lip and said, "Who knows what you'll be in the future! You might not even be able to match us! You're starting a fight before you even become anything!"

"Pa!" Ruan Yuan Yuan's slap was very fast, even Luo Qing Chen couldn't react.

She decisively stepped forward to slap Le Meng like she was slapping a servant.

Chapter 538: Waste concubine daughter's counterattack (Part 25)

"Hey, what are you hitting people for!" Lin Xue couldn't take it anymore and pushed her away.

Everyone had just entered the palace as maids. Although they were poor, they still had ambitions.

They never studied etiquette and never had seen the battles in the palace, so naturally they didn't know how terrifying the palace was.

"Pa!" Ruan Yuan Yuan's left hand suddenly grabbed Lin Xue's hand and she slapped Lin Xue with her right hand.

This strength and technique was quite skillful! It was clear that she was used to hitting people in her home!

"Big sister Yuan Yuan is so handsome!" The little girls on the side saw her appearance and quickly flattered her like little fans.

"You.....You hit me!" Lin Xue's face was completely red and tears were about to come down.

Although her parents were small merchants, they had spoiled her since she was young and had never hit her.

She had been hit as soon as she entered the palace, she really was sad.

Luo Qing Chen narrowed her cold eyes and said with a shrug, "This is called handsome? Little sister, were your eyes poked out?"

Ruan Yuan Yuan heard this and quickly came in front of Luo Qing Chen. She suddenly raised her hand and wanted to slap her.

But her slender fingers were suddenly grabbed and pulled to the side, "You think that you are the master here?"

"Humph!" Ruan Yuan Yuan's wrist was a bit red. Luo Qing Chen didn't hold back her strength, so she should have suffered a bit. Her eyes were filled with disdain as she said, "This young miss is happy with the beating today! A group of trash, you're not worth being harem maids!"

Le Meng came back to her senses from the slap and charged right at Ruan Yuan Yuan as soon as she finished speaking.

The two tumbled around on the white snow, with Le Meng taking the advantage after a few seconds.

Lin Xue and Wang Lin wanted to pull her back, but they also didn't like Ruan Yuan Yuan. They hoped that Le Meng could hit her a few more times to take revenge for them.

"Who is making all this noise!" A high eunuch's voice came from not far away and everyone took a step back in shock.

Ruan Yuan Yuan glared at Le Meng, as her eyes filled with rage.

Eunuch Luo walked over towards them. He was the favourite eunuch of the emperor, he wasn't that old and his steps were steady, looking quite young and strong.

His eyes were serious as he looked over them and said, "You are the maids and harem girls that arrived today?"

"Yes." Everyone lowered their trembling heads.

Eunuch Luo said a few words to the eunuchs beside him before continuing, "Who allowed you to come to the back garden your first day in the palace? Do you know that.....this is a death sentence?"

After that, everyone's face paled and they instantly kneeled, as they muttered, "Please spare us."

Luo Qing Chen naturally wasn't nervous at all, but for everyone else, she still followed along.

Not long after, one of the eunuchs had brought back minister Huan who was in charge of the harem girls. Ruan Yuan Yuan whose clothes were disheveled had an ugly look on her face.

These girls were actually sneaking around when he wasn't there.

They only met eunuch Luo today, if they met the emperor, not mentioning them, perhaps his head would also be taken.

"Do you still have anything else to say?"

"Reporting to minister Huan, we were wrong....."

"Since you know your wrongs, then head back to the harem girls pavilion and receive your beatings!" Minister Guan gave a cold flick of her sleeve as she said this, "As for these harem maids, where's maid Zhi?"

"Reporting." Another eunuch ran over and said, "Maid Zhi is fast asleep and can't be woken up at all."

A deep look appeared in minister Huan's eyes, like she understood something.

She looked at Luo Qing Chen's group and said, "Since it's like this, send them out of the palace!"

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 539: Waste concubine daughter's counterattack (Part 26)

Minister Huan was in charge of the harem girls, so it was normal for her to be biased.

Not to mention that maids weren't worth as much as the harem girls, so it wasn't hard to replace them.

Luo Qing Chen knit her brows. Although she wasn't the first to speak, she was the leader.

No matter what it was hard to avoid this, so what should she say to take care of this.....

"What, you want to be beaten away?" Minister Huan slightly raised a brow as a cold look appeared in her eyes.

She hated unruly people the most. If it wasn't for the fact that she finally had a chance to bring harem girls into the palace for the emperor, she would have even chased the harem girls away.

“Ke, ke.” Luo Qing Chen cleared her throat and looked at minister Huan before saying, “Minister Huan, how do you know that it wasn’t maid Zhi who had us come to the back garden?”

Luo Qing Chen’s tone was very calm, having no fluctuations at all.

“You mean that maid Zhi had you come to the back garden?” Minister Huan looked at Luo Qing Chen with a faint sparkle in her eyes.

The girl in front of him was wearing the pink palace maid dress, but her eyes were clear and her tone was calm, looking just right.

If this person was in the palace, perhaps it could enter that ice like emperor’s eyes.

If it was like this, she wouldn’t need to find that ugly girl all day.

Minster Huan was the only female minister in the palace. She was ordered by her father to leave a bloodline for the royal family.

After all, the new emperor had been on the throne for a while and there wasn’t a single concubine in his harem, which really worried her father.

“Naturally that’s the case, otherwise how could we servants dare walk around without permission?” Luo Qing Chen’s mind thought of countermeasures!

Maid Zhi wasn’t awake right now, so naturally she would turn black into white. After all, maid Zhi wouldn’t wake up until tomorrow at noon.

“The maids have to clean their bodies in the maid palace on the first day and then they learn the rules the next day, how could maid Zhi let you come out to play in the back garden?” Minister Huan narrowed her eyes, as she appreciated this person in front of her.

She was indeed much better than any of the harem girls, whether it was her appearance or her manner of acting.

“How could we be here to play if we’re in the back garden?” Luo Qing Chen narrowed her eyes and said, “Maid Zhi said to us that this month is when the frost comes in and she was afraid the flowers in the back garden couldn’t survive. She had us come take a look and help her think of a method to keep them alive.”

Minister Huan heard this and softly said, “Then have you thought of a way?”

She half believed the maid in front of her, but it was indeed a cold month right now and the emperor loved these flowers the most, so they couldn’t be lost.

“Reporting to minister Huan, naturally I thought of a way.” She looked up a bit with a confident look in her eyes.

“Oh?” Minister Huan raised a brow and said, “A harem maid who hasn’t even gotten used to the word ‘servant’ can think of a method?”

Luo Qing Chen was a bit surprised. Indeed, she had never thought of herself as a servant.

To be honest, she had really forgotten!

“If minister Huan doesn’t believe, I have no other way!” She slightly narrowed her eyes and said, “But if you believe me, I guarantee that not a single flower will be lost this month!”

Her words were very soft, but there was a touch of domineering tone to her words!

Minister Huan looked at her thoughtfully before saying, “Alright! If a single flower dies in the back garden after this month, it won’t be as simple as you being thrown out of the palace!”

After saying that, minister Huan gave a soft flick of her sleeve before turning to leave.

Luo Qing Chen stood in place, having a short conversation with the system.

System, when I opened the store last time, I saw a kind of powder. If it is sprinkled on the roots of plants, they won’t die no matter how cold it is, right?

[Yes! The Cold Controlling Powder!]

Give me a pack!

[The host is quite luxurious! This is something used to cultivate herbs and you’re using it on flowers!]

I am not cultivating flowers, I’m not even qualified to be a flower in this palace!

The system helplessly gave a shrug of its non-existent shoulders and then Luo Qing Chen heard a prompt from it.

[Ding, 100 exchange points has been taken. Successfully exchanged for a pack of Cold Controlling Powder!]

“What to do! If maid Zhi wakes up, wouldn’t Xiao Qing’s lies be broken?!”

“God, could it be that we’ll have to kill people to silence them! But.....But I london’t dare!”

“I finally found an iron rice bowl and now it’s all gone just to see a flower!”

.....

Luo Qing Chen turned around and helped Le Meng fix her clothes as she said to the others, “She knew that we were lying.”

“What?” Everyone was shocked at once.

Luo Qing Chen said with a faint smile, “Her meaning is that if we can keep these flowers from dying this month, this matter will be forgotten!”

Since ancient times, in the palace, not only did you need to be careful, you also needed to know how to listen!

To understand included understanding the meaning between words.

“Then, then we’ll take turns protecting the flowers here!” Lin Xue’s eyes lit up, as if she was excited from thinking of an amazing plan.

Luo Qing Chen was so stunned that she almost fell over.

“What.....Is my idea not good.....” She stuck out her tongue in embarrassment.

“It’s terrible.....” Luo Qing Chen explained with a faint smile, “We have to learn the rules of the palace tomorrow, we won’t have time to come out at all. It’s impossible to take turns to watch these flowers.”

After saying this, she took out the Cold Controlling Powder from her sleeve and said, “Sprinkle a bit of this on the roots of every flower here and they’ll be fine for a month.”

“Really?” Le Meng had a cute look on her face as she asked, “There is such a powerful thing in the world!”

“Un, do it quickly! We’ll head back after we finish!” She looked up at the sky that was turning dark.

There was a large rainfall that night, but the flowers of the garden didn’t seem to care as they continued to bloom.

The next day at noon, maid Zhi slowly woke up.

The maids were very worried that minister Huan would come to question her, but she never came even after the maid training was over that night.

“It really is as Xiao Qing said, she didn’t come!” Wang Lin happily ran into the room with an excited look.

“Is maid Zhi asleep?” Luo Qing Chen asked with a smile when she saw this.

“Un, she just went to sleep, her mood seemed quite good!”

Luo Qing Chen saw cross legged in the room and said with a nod, “Then that’s good.”

This matter seemed to be over, but Le Meng didn’t seem too happy.

In the middle of the night, she softly asked, “Xiao Qing, are you asleep?”

“No.” Her slightly cool voice sounded that made Le Meng a bit surprised.

“Can I talk to you?”

Luo Qing Chen unconsciously wanted to reject because she was too tired from learning the rules today!

As the saying went, sleep and food was the most important thing in a person’s life. If she didn’t sleep well tonight, she might not get up tomorrow.

“No?” Seeing that Luo Qing Chen didn’t respond, Le Meng asked this again.

Hearing Le Meng’s choked up voice, her heart softened as she said with a nod, “Alright.”
