#### Chapter 541: Waste concubine daughter's counterattack (Part 28) I have a person I like very, very much.

"I have a person I like very, very much."

The moonlight shined down on her cute, white face. She looked up like she was about to cry and it still came down in the end.

"Then the person you like is in the palace?" Luo Qing Chen tentatively guessed.

But Le Meng immediately gave her an answer and she knew her guess was right!

God.....In this large palace other than Ning Wei Han, wouldn't the only other man be.....

"But he's going to marry someone else!"

Le Meng's sudden words made her completely overthrow her last thought.

It wasn't Ning Wei Han, it wasn't a eunuch, there was only.....

"He is an imperial guard?"

"Xiao Qing is so powerful!" Le Meng had a look of admiration in her eyes, she had actually guessed so accurately.

"So, tell me your story!" Luo Qing Chen knew that the best thing she could do right now was just listen.

Le Meng and Yi Shou were childhood friends, they had been happy growing up together.

When she was twelve, Yi Shou had told Le Meng that he would definitely marry her.

When she was fourteen, Yi Shou entered the palace and became a first class guard with the martial arts his master had taught him.

That year, he had written a letter to Le Meng to tell her to wait for his wedding carriage.

When she was sixteen, Le Meng's mother was seriously ill. Yi Shou came out of the palace and his eyes were filled with despair.

When she was seventeen, Le Meng had spent all her family savings for her mother. When she thought that she would lose her mother, someone had brought a box of silvers which Yi Shou had sent.

When she was eighteen, which was this year.

Le Meng's mother used the best medicine and she slowly recovered, but Yi Shou had stopped contacting her.

She heard that he would be marrying the young miss of the Song Family.

She was bitterly waiting for another chance to meet, but she couldn't wait any longer.

The promises of their youth became today's game. Le Meng wasn't willing, so she entered the palace.

“The Song Family young miss, minister Song’s daughter?” Luo Qing Chen slightly knit her brows. The Song Family had always had power in the court.

“Un, Song Ning.” She nodded with a smile.

Without knowing why, seeing her smile like this filled her heart with pain.

“Do you think that I will have a chance to see him again?” Seeing that Luo Qing Chen didn’t say anything, she turned to look at her as she asked this.

After a while, she said, “You definitely will!”

Just like how she would definitely see Ning Wei Han!

But everything in this world was indeterminate, how could she be so certain.

Seven days later, all the flowers in the back garden had died.

Her group was kneeling in front of minister Huan and maid Zhi, feeling quite confused.

They heard that the flowers of the back garden were beautiful in their bloom, how did they all die after a few days?

The system didn’t lie, if it wasn’t destiny, it was manmade.

She looked up to minister Huan’s side to see Ruan Yuan Yuan standing there with a smile. There was no need to guess that she was the one who did it!

“As the most lowly maids, you....you actually did something like this!” Maid Zhi had heard their nonsense and angrily picked up the board to start beating them!

“Do you have anything to say?” Minister Huan narrowed her eyes as she looked at Luo Qing Chen.

Naturally she knew what happened to the back garden’s flowers, but the palace was a world where the strong eat the weak.

There was no so-called justice, only the wise and unwise.

Luo Qing Chen knit her brows. When she wanted to say something, Le Meng came in front of her.

“Everything was my idea, my sisters aren’t related at all!” She stood there with clear eyes, even though her fingers were trembling.

After all, she was still afraid.....

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 542: Waste concubine daughter’s counterattack (Part 29)**

“Le Meng.....”

Everyone looked at her in disbelief.

Even Luo Qing Chen was a bit emotional at how brave Le Meng was.

“You know that even though this isn’t a death sentence, the punishment can become line one, right?” Minister Huan said with cold eyes, “Come someone, take Le Meng away for a hundred beatings! The others will all be sent out of the palace!”

“Why are you hitting Le Meng alone! The idea came from all of us, you should beat all of us!” Lin Xue gritted her teeth as she said this. When she stood out, she didn’t forget to roll her eyes at Ruan Yuan Yuan.

“Right! Beat us together!” Wang Lin stood up next. She was a bit timid, but her heart hadn’t been smoothed out by the evils of the palace yet.

They were still maids that had just entered the palace, the feelings between sisters were still here.

Minister Huan saw this and was a bit annoyed. But looking at Luo Qing Chen who hadn’t stood up, she raised a brow and said, “Why aren’t you coming out for her, are you that timid?”

“Xiao Qing has her own ideas, don’t provoke her.....”

“Le Meng.” Luo Qing Chen stood up and cut Le Meng off. She turned to minister Huan and said, “Minister Huan mustn’t be angry, these servants have just entered the palace and don’t understand many of the rules. We hope that minister Huan won’t be angry.”

“Un humph?” Minister Huan looked at Luo Qing Chen with a faint smile, “It seems like you’ve been taught well in the past few days, you finally understand that you’re a ‘servant’?”

Ruan Yuan Yuan saw that minister Huan’s mood was changing and quickly added oil to the flames, “Minister Huan, don’t listen to their nonsense! They have never bowed to me when seeing me before!”

She had deliberately passed by the maid hall during this time, she wanted to see what they looked like bowing to her.

In the end, they acted like she was invisible, like they couldn’t see her at all.

“Bow?” Luo Qing Chen looked at Ruan Yuan Yuan and gave a soft laugh, “I wonder if miss Ruan has received favour or if you are a concubine? Are you a consort or the empress?”

“You.....” Ruan Yuan Yuan bit her lip and said, “I still have a higher status than a maid like you!”

“Oh.” She gave a soft laugh before saying, “Then honourable young miss Ruan, have you seen the emperor yet?”

“Si!” Luo Qing Chen’s casual statement made everyone take a cold breath.

This was because of all the people who entered the palace, whether it was the harem girls or the maids, not a single person had seen the emperor yet.

Luo Qing Chen thought: This treasure can’t even see him with 80% affection, what will you see him with?

“I can’t see him, but can a lowly maid like you see him?” Ruan Yuan Yuan’s voice was very sharp, almost screeching this out.

Only when minister Huan looked at her did she pull back.

“No matter what, the matter of the back garden’s flowers was something you promised. The month hasn’t passed, so a mistake is a mistake.” Minister Huan looked over them before finally looking at Luo Qing Chen, “There are rules in the palace.”

She pursed her lips and slightly raised her cold eyes, “This servant knows that there are rules in the palace, but isn’t a hundred beatings too much? This servant has been negligent in the back garden matter and let someone seize this chance, but that doesn’t mean there is no trace left.”

“What do you want to do?” She really admired this person in front of her. She had her own way of doing things and she never panicked.

“This servant will replant all the flowers in the back garden. This servant thinks that other than this servant, no one else can do it in a short amount of time!” She looked at Ruan Yuan Yuan with cold eyes, “As for the matter of how these flowers died, this servant will definitely find the reason!”

After all, these girls could be considered innocent and there wasn’t much right or wrong in the palace.

But while they could avoid the crime, they couldn’t avoid the punishment.

Other than Luo Qing Chen who had to replant the plants, the others all received twenty beatings.

They were maids with low statuses, so they weren’t that good at being beaten!

Le Meng’s body wasn’t good, so she fainted after the twenty beatings.

The others weren’t much better. They were crying all night in the maid palace after being beaten.

Of course, Luo Qing Chen was in the garden that night thinking of a method.

—

System, do you know how many species of flowers there were in the back garden?

[A total of twenty flowers that bloomed in the winter.]

How will I plant them? It can’t be that the seeds exchanged for will only bloom in a year, right!

[The host actually doubts the system! The system’s seeds will bloom tomorrow!]

That powerful? Then are the system’s seeds expensive?

[One hundred exchange points per seed!]

Why doesn’t the system rob a bank, I feel that way would be faster!

[The host can want it or not!]

Give me a discount?

[Is the host very poor?]

Very poor!

[Then the host will receive a 50% discount!] The system just wanted to tease the host since it knew that she wasn't happy after the last world.

Damn, the system loves me the best!

[Ding, 1000 exchange points has been taken. Successfully exchanged for twenty flower seeds.]

[The host only needs to plant the seeds into the dirt and they'll bloom tomorrow!]

Amazing!

Luo Qing Chen rolled up her sleeve and worked hard as a small flower as she began planting her flowers.

But what she didn't know was that there was a deep gaze watching her not far away.

After a while, he slowly walked over towards her.

"Done!"

A cool as water voice rang out.

"Who are you, what are you doing here?"

She felt her body tremble and all her nerves became tense.

Ning Wei Han.....

She had her back to him and was bent over, but the jade bracelet on her hand released a cool glow under the moonlight.

Her heart was filled with panic. When it came to the moment they met, she felt that she was more panicked than she imagined.

"Emperor, it's late! Be careful not to catch a cold!" Eunuch Luo's voice came from not far away.

Luo Qing Chen took a deep breath and suddenly stood up, turning to look at him.

He was still like before, with a jade like face and a pair of deep, dark eyes.

If something had to be different, it was the expression in his eyes. It wasn't as warm as before, rather it was now cold.

"I....."

"This one recognized the wrong person." As soon as his voice fell, he quickly turned to leave and didn't give her time to reply at all.

She felt her heart tremble as it filled with a bit of sadness.

It was right if she thought about it. She was completely different from what she looked like before, how could he recognize her.....

But he didn't need to leave that fast. It was like he had run away and didn't even give her time to explain.

At least let her watch him walk away.....

Returning to the maid palace, everyone was gathered around.

Seeing Luo Qing Chen return, they quickly ran over and said, "Le Meng has a fever, what do we do?"

She quickly came over to touch her forehead.

God, it really was burning.

What to do? The easiest method was to get medicine from the system.

But Le Meng kept muttering Yi Shou's name.

Since she knew why she came to the palace, she knew what she should do for her.

"I'll be back soon. Watch her and make sure she drinks plenty of water, I'll be back soon."

**Chapter 544: Waste concubine daughter's counterattack (Part 31)**

[Yi Shou is on guard duty tonight!]

Ok!

It really was the system that understood her heart!

[.....] The host only said that the system was peeking into her heart, now it changed into understanding her heart.

For a palace maid, it was already very dangerous to walk around the palace at night.

Yi Shou was definitely guarding Ning Wei Han, so she was worried about nothing else than being killed while being mistaken as an assassin.

But the way was strangely smooth, so smooth that she felt very strange!

When she arrived in front of Yi Shou, he looked down at her and said, "Does miss need me for something?"

At this moment, Luo Qing Chen was stunned and she showed it on her face!

She had walked straight to this place and no one had stopped her.

Moreover, he immediately said 'does miss need me for something?'

It really was too strange, logic didn't apply here.....

"Do you know Le Meng?" Luo Qing Chen asked him in a soft voice.

"Meng Meng?" Yi Shou was stunned as he pulled her to the side and said, "What happened to Meng Meng? Did you come here for her?"

"Why can't I come here for her....." Luo Qing Chen knit her brows and asked, "Why does it seem like you knew that I would come based on your expression!"

“Yes.....Eh.....No.” Yi Shou didn’t know what to say. His eyes were a bit anxious as he asked, “Can you first tell me what happened to my Meng Meng?”

Luo Qing Chen could tell from his expression that he definitely didn’t betray Le Meng.

Although she didn’t dare draw conclusions, everything should be related to the box of silvers.

“I’ll bring you to see her.” Luo Qing Chen pulled his sleeve and said, “We’ll talk while we walk.”

“This.....” He looked at Ning Wei Han’s Cloud Soaring Palace with an awkward look and said, “This lowly one doesn’t dare leave his post.....”

?! Lowly one! Why did this person say lowly one when talking to her!

The three brothers beside him looked at each other before looking at him, “Brother Shou, go ahead. Go quick and come back quick, we’ll take care of things here! Nothing will happen!”

Yi Shou was in a bit of difficulty, but in the end he still cupped his hands, “Thank you brothers!”

On the way, Luo Qing Chen told him everything that happened.

Yi Shou’s eyes were a bit red and his voice was trembling a bit as he said, “This fool!”

“Now it should be your turn to answer my question, right?” Luo Qing Chen looked at him while walking, “You knew that I would come find you?”

“No, I didn’t know.” He honestly replied, “I knew that someone would come and their status wouldn’t be low.”

“What does that mean?” Luo Qing Chen knit her brows and said, “How did you know?”

Yi Shou was in a bit of difficulty, but he still told her in the end.

“Before this, eunuch Luo came with an imperial edict. He told these lowly ones that if there was a maid who came wearing a pink dress, don’t stop her!” He knit his brows and said, “This miss looks like the one in eunuch Luo’s drawing, so this lowly one thought that.....you were the one the emperor liked.....”

Yi Shou’s reply made Luo Qing Chen’s heart skip a beat. Could it be that Ning Wei Han knew who she was.....

He could tell with a quick glance that she was Luo Qing Chen?

How was that possible.....

At the entrance of the maid hall, Luo Qing Chen stretched her head out and said, “Be quiet, come with me.”

The sisters in the room were still taking care of Le Meng and she still had the same high fever while being completely cold all over.

The system’s voice suddenly rang out that made her heart collapse.

[Le Meng can’t hold on any longer, immediately call a doctor!]

What? System, do you have medicine?

[It's too late! If the system's medicine isn't immediately used, she will die.]

"Yi Shou, bring her to see a doctor, we're running out of time!"

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 545: Waste concubine daughter's counterattack (Part 32)**

She didn't know how many things Yi Shou hit as he carried Le Meng to the doctor.

The ones on duty that night were an old man and a young apprentice.

Doctor Zhang looked at Yi Shou before looking at Le Meng in his hand. He stroked his beard and said, "A guard and a maid, this is a private matter."

"Doctor Zhang, please, she is my little sister. She has just entered the palace as a maid, but she couldn't take a beating because her body was too weak." Yi Shou honestly explained as traces of tears appeared in his eyes.

Luo Qing Chen quickly said from the side, "It is indeed like this, please help doctor Zhang!"

Doctor Zhang looked them over before looking at the pale faced Le Meng, "Bring her in first, her situation doesn't look good."

A doctor was kind. No matter who they were, saving a life came first.

Doctor Zhang was very good at acupuncture, just a few needles was enough to make Le Meng much more relaxed.

Yi Shou and Luo Qing Chen looked at each other before letting out a sigh of relief.

But they never thought that he had secretly sent his apprentice to find minister Huan.

Minister Huan controlled all the maids in the palace, even maid Zhi was under her control.

"Did she become like this because of the beating?" Her tone was very calm, as if she was asking Luo Qing Chen, as well as doctor Zhang.

"Yes! The wound was infected causing a high fever." Doctor Zhang pointed at Yi Shou and didn't forget to add, "He brought her here."

"I never thought that someone under me was related to the imperial guards, I really made a mistake." Minister Huan gave a nod to Yi Shou and said, "But she is still a maid in the end, guard Yi shouldn't forget that."

"I grew up with her and I'm like her big brother, nothing else." Yi Shou's voice was very cold. He wasn't close to minister Huan, so he didn't need to show her any face.

It was someone who almost took Le Meng's life with a beating, he wouldn't give her any face!

“Then guard Yi should know that she really shouldn’t be in the palace with such a weak body.” She paused before deliberately saying, “Guard Yi should know from being in the palace all these years that twenty beatings is a form of forgiveness!”

Yi Shou didn’t say anything, he just knit his brows.

After being in the palace for all these years, he had seen many things since the previous emperor.

All kinds of thousand pounds, thousand beatings, countless maids being killed. This was a normal scene in the palace.

Twenty beatings is indeed a light punishment and if minister Huan wanted to hurt Le Meng, she would have already been dead!

After a while, minister Huan’s eyes fell onto Luo Qing Chen with a faint sparkle as she said, “The maid palace will be assigning sleeping quarters today. You will be assigned to the Cloud Soaring Palace, you’ll be assigned as an imperial maid.”

Luo Qing Chen was stunned, why did the Cloud Soaring Palace seem so familiar.

“Imperial maid.....” Yi Shou looked at Luo Qing Chen, “You really aren’t normal, the position has been empty since the new emperor ascended. The one who took care of the emperor until now was eunuch Luo and he has never had any maids.”

Ning Wei Han.....

She knit her brows as she looked at minister Huan, but she couldn’t tell anything from her eyes.

Minister Huan was in a panic right now, she was doing her best to restrain herself.

After all, when she saw the emperor tightly holding Luo Xiao Qing’s name tag in his hands, she knew that her eyes weren’t wrong.

This person couldn’t be offended!

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 546: Waste concubine daughter’s counterattack (Part 33)**

But Luo Qing Chen never thought that Ruan Yuan Yuan would actually cause trouble for Le Meng.

She saw Yi Shou carrying Le Meng through the palace last night, so she had this idea.

The next day, she had her father report this matter to the emperor.

A secret meeting between a guard and a palace maid, a serious punishment was death.

But it was a pity that Ning Wei Han completely suppressed this matter, not planning to chase it at all.

Luo Qing Chen learned about this matter from Ruan Yuan Yuan, she had accidentally heard it!

Seeing her face red with anger, Luo Qing Chen’s lips curled into a smile.

“Hey, this maid, what are you smiling at?” Ruan Yuan Yuan knew that she had been heard, so she angrily came over. She arrogantly put her hands at her waist and said, “Kneel down for this young miss!”

She was still a harem girl no matter what, it was normal for a maid to kneel down to her, alright?

“What if I don’t kneel?” She narrowed her cold eyes as they filled with freezing waves.

It seemed like this kind of person wouldn’t stop until they were taken care of.

“Then I will beat you until you kneel.” After saying this, she said to her follower, “My whip.”

The follower immediately took out the whip. When Luo Qing Chen saw this, she slowly reached out her right hand as she prepared to take her stun baton from her storage space!

No one expected Le Meng to suddenly charge out from behind her to attack Ruan Yuan Yuan again.

The follower behind her saw this situation was bad and took a stone from the garden to the side to attack Le Meng’s head.

“Kill her!” When Ruan Yuan Yuan being pushed down saw He Fang pick up the stone, she roared out.

Luo Qing Chen narrowed her eyes and after telling the system her thoughts, her right hand behind her was suddenly grabbing the stun baton!

In the blink of an eye, she smashed the head of the follower and she twitched twice before falling to the ground.

She didn’t know if it was from being hit by lightning or being hit itself.....

Luo Qing Chen threw her stun baton into the garden to the side and had the system take it away.

At this moment, Ruan Yuan Yuan’s nose was swollen from being hit by Le Meng.

But when Ruan Yin, who had just come out saw this scene, he quickly came to Ruan Yuan Yuan’s side to help her up.

“Such a bold servant, you actually dare hit my daughter!” Ruan Yin pointed at Le Meng and roared, “I will definitely make you pay a heavy price!”

“What a joke!” Luo Qing Chen pulled Le Meng behind her and said, “So what? Your daughter took out a whip to hit people, so we can’t fight back?”

“My daughter is a part of the harem and you’re just servants!” Ruan Yin ruthlessly glared at them, “Even if she wants to beat you to death, it is all fine!”

“The heaven’s laws apply to all people. Ruan Yin, a trivial fourth grade minister like you dares to say such words in the palace, you really think that you can cover the sky with your hand?” Luo Qing Chen’s voice was very cold and each word was filled with a taunting tone.

At the same time, Yi Shou who had just finished his shift quickly came over when he saw Le Meng.

He knit his brows and asked in a concerned voice, “What, why are you fighting again.....”

“She wanted to use a whip to hurt Xiao Qing first, why can’t I hit her!” Le Meng said with a cold snort, “Right! We are maids, but your daughter should only come try to hit us after she becomes a consort, alright?”

“As a maid, you don’t have any rights no matter who hits you!” Ruan Yin saw that Yi Shou was protecting Le Meng, so he could only head towards Luo Qing Chen.

He slowly raised his hand and being filled with rage, he wanted to slap out with all his strength.

“Peng!” There was a cool hand that firmly grabbed Ruan Yin’s wrist.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

**Chapter 547: Waste concubine daughter’s counterattack (Part 34)**

At that moment, snowflakes fell from the sky as the surrounding temperature dropped.

Ruan Yin trembled as he was frozen in place.

Luo Qing Chen looked over and a handsome face appeared in her eyes.

There was a faint sparkle in his black eyes as he revealed an aura that dominated the entire world.

“Greetings to the emperor.” Everyone kneeled down, including Ruan Yin.

His legs turned soft and he almost crawled into the ground as he said, “This minister deserves death, this minister deserves death.”

Luo Qing Chen’s breath stopped as she looked at Ning Wei Han beside her.

When she reacted three seconds later, she found everyone had kneeled and only she was still standing.

Her expression changed and she was about to kneel, but she found that Ning Wei Han’s right hand suddenly grabbed her wrist and didn’t let go.

He was wearing his emperor’s robes. He narrowed his eyes and softly said, “A trivial fourth grade minister dares to say such words in the palace, do you even put this one in your eyes?”

Ruan Yin’s face turned pale. Ruan Yin acted shy as she lowered her head, thinking about how to catch the emperor’s eyes in this situation.

“This minister was confused, this minister deserves a thousand deaths.....” Ruan Yin had been a minister for a long time, so he knew the seriousness of this matter.

At this time, the dragon was enraged! He might not keep his position if it was light, he might lose his head if it was heavy.

Ning Wei Han gave a cold snort as he looked at Ruan Yin with his sparkling deep eyes and said, “You don’t need to come into court tomorrow!”

His voice was very cold, so cold that the slight flurry in the sky quickly turned into a storm.

Le Meng looked at Luo Qing Chen who was still standing with a worried look, using her eyes to tell her to quickly kneel.

Luo Qing Chen saw her expression and seemed to be saying: This treasure wants to kneel, but someone’s not giving me the chance!

Ruan Yin glared at Luo Qing Chen far away, but he still said, “Thank you emperor for your grace!”

After saying this, he slowly took off his minister's hat.

Ruan Ying Ying was stunned, only now understanding that the emperor wanted to take her father's position away. She quickly cleared her throat and said, "Harem girl Ruan Ying Ying has something to say. I ask the emperor to give Ying Ying some time before deciding my father's fate."

Her tone was soft and determined. In order to show off her specialties, she acted weak.

"Oh?" Ning Wei Han raised a brow and looked at her with a meaningful gaze, "Could it be this one heard wrong?"

"The emperor naturally didn't hear wrong, father was only this angry for Ying Ying." Ruan Ying Ying looked up with clear eyes at Ning Wei Han and said while biting her lip, "Emperor, look at Ying Ying's face, it became this way from those two maids hitting me. Father who is loyal to the emperor only said these words to protect his daughter!"

"You....." Le Meng bit her lip and pointed at her as she said, "This is distorting the truth. If you didn't have He Fang use the whip to hit Xiao Qing, would we fight?"

"Le Meng has been rude!" Yi Shou quickly shouted before seriously lowering his head, "Emperor, please don't be angry. Le Meng is stubborn and doesn't know the rules of the palace. She should be expelled and flogged fifty times according to the palace rules, but this minister hopes that in light of this lowly one's service over the years, this minister can take her punishment!"

Yi Shou naturally knew what kind of person the new emperor was, he always did things decisively.

In a single month, not only did he take out the dissidents in the court, he even quickly built his own power.

But what no one expected was that Ning Wei Han would slightly knit his brows as he looked at Luo Qing Chen and said, "Did the whip hurt you?"

### **[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

#### **Chapter 548: Waste concubine daughter's counterattack (Part 35)**

Everyone was frozen in place when they heard this.

Ning Wei Han didn't care about Ruan Ying Ying or Yi Shou's words, he only heard 'if you didn't have He Fang use the whip to hit Xiao Qing'.

"I ask for the emperor's wisdom!" Ruan Ying Ying saw that something was wrong and quickly said, "Ying Ying truly was wronged!"

Ning Wei Han saw that Luo Qing Chen didn't say anything, so he leaned over and looked over her, "It seems like you're not hurt....."

There was a faint gentle and pampering tone to his voice, everyone present could hear it!

Le Meng looked at Ning Wei Han with a stunned look before looking at Luo Qing Chen who was kneeling, completely not understanding what was happening.

Luo Qing Chen was also confused when she heard Ning Wei Han's tone. Could it be that from a single glance, he could recognize her even though she changed her face.....

Seeing that she wasn't talking, he turned to look at Ruan Ying Ying, "You mean that she hit you first?"

Ruan Ying Ying saw Ning Wei Han look at her and tears instantly came out, "That's right, emperor! Poor Ying Ying and her father who weren't familiar with the harem were actually bullied and wronged by these two maids!"

Her words were filled with emotion, as if she was filled with pain. Almost anyone who saw this would feel pity!

But he was Ning Wei Han.

Luo Qing Chen's family's Ning Wei Han!

"Oh." He coldly replied, "Since you don't understand matters of the harem, there's no need to stay in the harem."

"Emp.....Emperor....." Ruan Ying Ying never would have imagined that Ning Wei Han would say this so indifferently.

And it was for two maids.....

Minister Huan had just come over and saw everyone kneeling.

After all, wherever the emperor was, everyone had to kneel.

Minister Huan looked over and knit her brows, as she felt unsettled.

Why was it them again.....

"Reporting to the emperor, it was this minister's fault for not managing the harem girls properly, please forgive this one." Minister Huan was kneeling not far away, but her voice was very clear.

Ning Wei Han said with a slight nod, "Un, you know what to do."

"This minister understands."

After saying this, Ning Wei Han looked at Luo Qing Chen, "Come with me."

Ruan Ying Ying naturally knew that she couldn't turn this around no matter what she said.

Just for two maids, her father had been stripped of his position and she was being chased out of the palace, based on what?

Was she Ruan Ying Ying inferior to those two maids!?

After that, she quickly moved her knees to kneel down in front of Ning Wei Han, "If the emperor is chasing Ying Ying away because you don't like Ying Ying, Ying Ying understands. But Le Meng is a maid and she is sneaking around with a palace guard, going against the rules, I ask for the emperor's wisdom!"

Since it was like this, no one would have a good ending!

At worst she would leave the palace!

As for Le Meng, she would die!

Luo Qing Chen heard this and knit her brows.

When she wanted to speak, she never thought that Ning Wei Han would be faster than her.

“If this one gives a maid a guard, do I need your approval?” He gave a cold snort as he spoke in an ice cold voice, making the snow fall even harder.

When Ning Wei Han said this, not only was Ruan Ying Ying stunned.

Even Yi Shou and Le Meng kneeling on the side were stunned!

Even minister Huan kneeling not far away was stunned!

When the emperor heard of a maid’s private matter with a guard, not only did he not punish them, he even gave the maid the guard!

This was simply turning everything around!

“This lowly one.....” After a while, Yi Shou said with knit brows, “Alright has an engagement.....”

**Quick Transmigration Female Lead: Male God, Never Stopping**  
**Chapter 549: Waste concubine daughter’s counterattack (Part 36)**

Le Meng was stunned and her tears almost came out.

Luo Qing Chen naturally knew Yi Shou was talking about Song Ning.

“Oh?” Ning Wei Han said with a cold snort, “Does guard Yi want an imperial edict?”

“No.....” Yi Shou’s heart was filled with joy when he heard this.

For that box of silver back then to cure Le Meng’s mother’s illness, he had no choice but to agree to marrying sir Song’s daughter.

Now if the emperor gave an imperial edict, even the heavens couldn’t stop him from canceling this engagement.

Although no one knew, even if he married Song Ning, he wouldn’t have her in his heart and he would just fear her.

“If this one remembers correctly, you’re engaged to the Song Family’s young miss Song Ning?” Ning Wei Han raised a brow. He looked at Luo Qing Chen before looking back at Yi Shou, saying in a soft voice, “This one has his ways!”

“Emperor.....” Yi Shou trembled and even a tremble appeared in his voice. He said in an excited voice, “This lowly one will always serve the emperor, not fearing flames or death!”

A thousand words couldn’t express the excitement in his heart. In order to repay him, he could only give him his absolute loyalty.

But he didn't know why this aloof emperor would pay such attention to this matter.

It was all because Le Meng was a certain someone's good friend.....

He gave a slight nod before heading towards the Cloud Soaring Palace with a flick of his sleeve.

The eunuchs and maids all rose and began following him.

Luo Qing Chen was stunned, not knowing whether to follow or stay. Ning Wei Han took a few steps before finding that someone behind him didn't follow, so he turned back.

Standing in front of her, a sparkle appeared in his eyes as he took her hand and moved forward.

Leaving behind only stunned people.

Ruan Ying Ying had lost, she had lost in such a strange manner that she didn't even know why she lost. She just knew that this maid was taken away by the emperor without saying a thing.

Could it be that the emperor liked mute girls?

This was her first time in the Cloud Soaring Palace. This place was filled with luxury and full of different things, everything she looked at was a treasure.

Luo Qing Chen came forward and looked up to show a look of disgust.....

Isn't this the face that she and the system both agreed on being ugly?

Wait, why did he know what she looked like after she fell off the cliff?

"Are you satisfied with the position of the imperial maid?" Ning Wei Han sat in front of a table and revealed a faint smile.

She was stunned before giving a slight nod.

Her quick turning mind didn't seem like it was fast enough for this.

After a while, she saw that he was focused on working. She wanted to say something, but she swallowed it back down and didn't say a thing.

"Nanyang has been flooded and the brother who is a magistrate there is a third grade official. There has been no floor support and the citizens have been displaced, what do you think?" He looked up slightly to ask her this.

"Ah, you.....emperor, why are you asking me!"

"Who else would I ask?"

"It doesn't matter if he's your brother, he still needs to be investigated. But if the flood support is missing, it definitely can't be unrelated to the magistrate." She turned before asking, "Emperor, why does the woman in this portrait look so....."

"What?" He raised a brow and asked this back.

"Strange!"

“Is that so?” He looked at the picture and his eyes became warm as he said, “This one feels she’s quite beautiful!”

He raised the document in his hand as he looked at her and said, “The Central Pacifying King never comes to court and normally loves to study plants and flowers. There aren’t many girls in his palace, so who do you think I should engage him with?”

“Song Ning?” Her eyes lit up, completely understanding what he meant.

His expression changed slightly as he opened a third report with a faint smile.

“There are many girls in the palace. This one thinks the maids can stay, but there’s no need for the harem girls, what do you think?” His eyes lit up as he looked into her eyes with a faint smile.

Luo Qing Chen was stunned, she was 100% certain that the document didn’t mention this matter!

Ning Wei Han played small tricks in his heart, he really had the potential to be a black bellied emperor!

“Ke, ke.” She cleared her throat as she took down that slightly ugly painting as she said, “I feel that it’s good!”

Anyway, she felt unhappy when she saw those harem girls.

Ning Wei Han gave a decree that night. Luo Qing Chen was the imperial maid, so there was no need to return to the maid hall and could just stay in the side hall of the Cloud Soaring Palace.

When this news spread, the maid hall exploded.

After all, just two hours ago, eunuch Luo sent an edict to the harem girls. He told minister Huan to get rid of all the harem girls and only keep the maids.

This decree shook minister Huan’s heart, it seemed like that maid really was special in Ning Wei Han’s eyes.

Although she didn’t know why she was special, at least she didn’t come back after going to the Cloud Soaring Palace.

“Ah, ah, ah, you’re saying that our Xiao Qing is going to ascend and become a phoenix!”

“Great! I’m so jealous! But when I heard all the harem girls were being sent out, it must be because of Xiao Qing. Otherwise, if we were appointed to serve them in the future, we wouldn’t even know how we died!”

Le Meng echoed with pursed lips, “Right! Really great.....”

“This girl, so you came to the palace for love!” Lin Xue pushed her with her elbow and said, “Aren’t you happy now! An imperial decree for your engagement!”

“Un.” Luo Qing Chen’s figure flashed in Le Meng’s eyes as she said with a sweet smile, “This is all because of Xiao Qing, I really want to see her!”

“Don’t, don’t, don’t.” Lin Xue shook her head and said, “I want her to stay in the Cloud Soaring Palace. If she does come out one day, it means that something has gone wrong!”

Everyone kept talking to each other and at this time, minister Huan came in.

She looked at them and said, “There will be a new batch of maids coming tomorrow, you have to properly lead them as their seniors.”

Everyone looked at each other before replying, “Yes!”

As for what happened next, even minister Huan never would have imagined it.

One of the maids was called Ruan Fang Fang, her appearance was like that of the girl in the picture, it was very much alike.

Minister Huan was stunned when she saw her. According to the investigations, she was the cousin of Ruan Ying Ying who had been sent out of the palace.

Ruan Fang Fang was much more clever than Ruan Ying Ying, her tone was also very humble.

Minister Huan thought for a long time before recruiting her in the end.

After all, it was impossible for the emperor to favour only one maid. The person of Ning Wei Han’s heart had just appeared and her face was very much alike, so it would make the cold harem palace more interesting.

The royal bloodline could come a bit faster.

—

The next morning, Luo Qing Chen was still serving as the imperial maid. Nothing special happened in the past two days, she had slept very well in the side palace, like someone had lit an incense to help her sleep.

Minister Huan slowly came in and gave her a nod before turning to say to Ning Wei Han, “Not long ago, the emperor had this minister find a girl in the painting and now this minister has found her!”

“Peng!” Luo Qing Chen dropped the cup to the ground and shattered it.

Her heart skipped a beat. When she wanted to pick up the pieces, Ning Wei Han quickly stood up to pull her back, “Don’t move.”
