Chapter 551: Waste concubine daughter's counterattack (Part 38)

Minister Huan saw this and said with a bow, "This minister will come back later."

After a few seconds, eunuch Luo quickly came in and cleaned up everything before rushing out.

Luo Qing Chen stood in place looking at his back and she couldn't help saying, "Does the emperor know who I am?"

For a long time, there was silence in the air.

Ning Wei Han sat on the couch and opened a report, as he said with a faint smile in his eyes, "What do you think?"

"I.....How do I know!" She remembered what minister Huan had just said.

What found it, what looking the same, it was clearly a fake!

"This one will take you to see the so-called person of the picture, isn't that fine?" He looked at the report and said, "The South Pacifying King is leaving the capital city to live in the Southern Water County, his wife Duan Yu Meng has gone with him. There's news that he isn't used to normal life and is acting as a tyrant, should this one send someone to eradicate him?"

"Of course!" Luo Qing Chen gritted her teeth and said, "The previous host's grudge....."

"Previous host?"

"Oh." She instantly realized she made a mistake and quickly changed the topic, "A tyrant harms the people and the Southern Water County is a prosperous place, the emperor should root out causes of future problems!"

Is there a problem! Since Ning Wen Zhen wasn't used to a peaceful life, give him a bit of stimulation then!

Ning Wei Han was already considered benevolent, letting him go without killing him.

If Ning Wen Zhen had received the throne, he definitely wouldn't let him live.

After all, when he was still the crown prince, Ning Wen Zhen had sent assassins after him.

"That makes sense." He nodded before adding something as if he thought of something, "This one knows who you are and this one is very clear."

"Ah?" Luo Qing Chen was still thinking about the matter with Ning Wen Zhen and didn't react right away.

When she reacted, she was looking into Ning Wei Han's deep eyes.

It was a calm look that forced her to believe.

“Ke, ke.” Seeing that she didn’t say anything, he cleared his throat and picked up another report, “The eleven king Ning Yu Qiu is bringing his troops back on a triumphant return, do you think this one should send him or Northern Ridge County’s Liu Yun?”

Luo Qing Chen had her reservations with this question.

She looked at Ning Wei Han and asked, “Is Liu Yun the emperor mentioned Liu Xiang’s son?”

“Yes!” He looked at her with a strange look that flashed in his eyes.

When the previous emperor’s forces objected to his marriage to Luo Qing Chen, Liu Xiang was the head of that power. She had naturally learned of this matter later.

“Is the eleventh king someone you can trust?” She raised a brow, naturally understanding his meaning.

“Yes.”

“Then let the eleventh king go!” She slowly took a few spoonful of green tea and brewed a pot of tea, “Have Liu Yun observe from Northern Ridge.”

Actually this was the only question she didn’t understand why he would ask, but she would later find out that this was the most important question.

The next morning, the new batch of maids entered the palace. Maid Zhi was very strict with these maids, especially Ruan Fang Fang.

After Lin Xue and the others learned that Ruan Fang Fang was Ruan Ying Ying’s cousin, they didn’t treat her well.

Ruan Fang Fang didn’t really care because she knew that her uncle had said that her face was the key to victory.

She could wait, wait for an encounter, wait for a chance!

As long as the emperor saw her, the Ruan Family would come back!

She was betting, but she could afford to bet!

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 552: Waste concubine daughter’s counterattack (Part 39)

Luo Qing Chen’s mood today wasn’t calm, perhaps it was because Ruan Fang Fang was entering the palace, but she was a bit anxious!

She really wanted to see how alike she was to the ‘person in the painting’.

Ning Wei Han felt her anxiety and put down the report he was reading as he said, “This one has seen that you haven’t seen the maids who entered the palace with you in a while, do you want to see them?”

Luo Qing Chen heard this and her hand trembled, almost dropping the spoonful of jasmine tea in her hand. She thought about it before saying with pursed lips, “Does the emperor want me to go or not?”

It can’t be that Ning Wei Han still wasn’t certain about her identity yet, right!

But thinking about it, with how he treated her, it wasn't like how an emperor treated a maid at all....

"If you don't want to go, then don't go." There was a sparkle in his black eyes as he said, "It'd be even better if you weren't troubled!"

He saw up and looked through the reports, while not forgetting to pour the half boiled pot of jasmine tea to drink.

Luo Qing Chen turned over with a bit of regret in her eyes.

After all, what did it matter what she looked like! Ruan Fang Fang was Ruan Fang Fang, Luo Qing Chen was Luo Qing Chen!

"That....." After a while, she slowly said in a cute and mischievous voice, "Can I regret the emperor?"

.....

Silence, a strange silence.

He didn't even turn the page in his hand as he was stunned.

What followed was the system's notification from inside her head.

[Ding, affection has increased by ten. Mission completion rate is now 90%.]

My god! If it wasn't for the sudden increase in affection, she would have almost forgotten that she wasn't at 100% yet!

Luo Qing Chen never would have known that Ning Wei Han was stunned because that cute voice had touched his heartstrings.

After a while, he said with a soft laugh, "It's better if you like it."

There was a faint sandalwood smell in the air. His deep eyes had a sweet pampering look as his lips curled in a faint arc.

Luo Qing Chen's eyes suddenly misted over when she saw him like this.

Un, very moving.....

At the maid palace.

Ning Wei Han's sudden visit had shocked all the maids, including Ruan Fang Fang.

When Luo Qing Chen came in, she immediately looked at her.

Ruan Fang Fang was kneeling on the ground, lowering her head a bit. From Luo Qing Chen's angle, she could still see her face.

She felt her breath stop and her heart was trembling.

It really was alike.....

Even the act of slightly raising her eyes had the feeling of an imitation.

It was similar to when she heard that the crown prince Ning Wei Han wanted to be with her!

Luo Qing Chen narrowed her eyes and looked at Ning Wei Han beside her.

His eyes seemed very calm, they didn't seem to contain any waves at all. But when he spoke, Luo Qing Chen's fingers trembled.

"Raise your head." Ning Wei Han's voice was very calm, with no change in temperature at all.

But it was a kind of commanding tone that Luo Qing Chen wasn't willing to hear.

Ruan Fang Fang looked up with a faint smile as she said, "Servant Ruan Fang Fang greets the emperor!"

Her voice was very sweet, but it was a kind of deliberate sweetness.

If you wanted to dig deeper, her voice was still different from hers.

"Un, everyone get up." He looked over to Luo Qing Chen and said, "Go and reminisce, this one will wait for you."

When this was said, all the maids were stunned.

The venerable emperor was actually waiting for a maid.....while she reminisced with other maids!?

Chapter 553: Waste concubine daughter's counterattack (Part 40)

Luo Qing Chen was a bit surprised, but when she reacted, she saw Ning Wei Han was already walking towards a stone bench not far away. She came forward and took Le Meng's hand as she walked into the maid palace.

The old maids who hadn't been assigned rooms followed her, but the new maids were all frozen in place.

They were looking in another direction, Ning Wei Han's direction.

According to the rumours of the palace, it was easier to catch the emperor's eyes as a maid than a harem girl! Luo Qing Chen was the best precedent!

"Xiao Qing, are you doing well in the Cloud Soaring Palace?" Lin Xue said while walking behind her, "We miss you. Do you know that the flowers in the back garden have been blooming like crazy? The maid in charge of the garden came and she was completely shocked!"

Luo Qing Chen heard this and suddenly seemed to have thought of something. She said with an 'oh' sound, "I almost forgot about this!"

"It seems like you're doing well in the Cloud Soaring Palace?" Wang Lin said with a soft laugh, "When will you become the empress!"

"Shh." Le Meng made a gesture and said, "The walls have ears, haven't we been punished enough already?"

Wang Lin quickly covered her mouth and said, "My mouth....."

“Let’s not talk about this.” Luo Qing Chen was quite happy seeing everyone. Finally she looked at Le Meng and said, “Are you and Yi Shou doing well?”

“Un.” Le Meng heard this and she said with a shy smile, “The Song Family has canceled the engagement. The Song Family is very happy that the emperor engaged Song Ning to the Central Pacifying King!”

“Certainly.” She nodded as she thought of Ning Wei Han, “Although the Song Family are seniors of the court, their grade is too low, so they can’t receive an engagement from the emperor.”

“I heard Yi Shou say that young miss Song wasn’t happy at first, but after the Central Pacifying King sent all kinds of presents and flowers, she finally agreed to see him.” Le Meng said with a soft laugh, “Sometimes it’s easy to make a mistake with a single meeting.”

While there was gossip inside, it wasn’t boring outside.

Snow slowly fell from the sky and minister Huan said while bowing on the side, “If the emperor remains in the snow, it’s quite easy to get sick.”

“It’s fine.” He narrowed his eyes and looked into the room, as a warm look appeared in his eyes, “If she wants to stay longer, then she can stay longer!”

“Emperor, please value yourself.....” Minister Huan wanted to say something else, but she was interrupted by the kneeling Ruan Fang Fang.

She lowered her head and didn’t look at Ning Wei Han, but she bowed her head into the snow as she said, “A servant can die for the emperor, they shouldn’t dare to make the emperor wait.”

There was a long silence in the air.

The new maids saw that Ruan Fang Fang loved showing off, so they sneered in contempt.

But she didn’t care at all. She had this face that was similar to the one the emperor loved, if she didn’t succeed, she would be useless.

Her uncle had told her this.

If it wasn’t Ruan Ying Ying being sent out, how could her uncle let her enter the palace!

“But this one.....is willing to wait for her.” His eyes were cold and his voice didn’t contain any warmth.

“This servant.....is worried for the emperor.” Ruan Fang Fang bit her lip and her knees were cold.

Minister Huan stood on the side, as she thought many things in her heart. She didn’t say anything and didn’t have anyone bring Ruan Fang Fang up.

Until Luo Qing Chen came out, Ruan Fang Fang kept kneeling on the ground, not moving at all.

Ning Wei Han narrowed his cold eyes as a deep look appeared in them. It was like he thought of something as he looked at Ruan Fang Fang kneeling on the ground as he said, “This one is returning, you can get up.”

Chapter 554: Waste concubine daughter’s counterattack (Part 41)

Luo Qing Chen knit her brows. She thought that when she wasn't here, this girl whose appearance was very close to her previous appearance must have done something.

But she never thought that her plan was so stupid!

Ruan Fang Fang slowly stood up, but because she had knelt for so long, her legs had gone numb and she fell down when she stood up.

The surrounding maids didn't help her up and she stood up herself as she said, "This servant respectfully sends the emperor off!"

The aura of a heroine, so inspirational and strong.....

Luo Qing Chen felt in that moment that she was the unloved consort of the emperor and this pale faced girl with determined eyes would one day be the empress of the harem.

She suddenly panicked a bit, it was her first time feeling this kind of panic.

This name wasn't on the mission panel, this was unexplored territory.

Ning Wei Han's words made her slightly worried heart tremble.

"Minister Huan, bring her to this one's Cloud Soaring Palace later."

"Yes, emperor."

Minister Huan's eyes lit up slightly, it seemed her eyes were indeed accurate.

She had guessed the emperor's thoughts twice.

Le Meng and the others not far away heard Ning Wei Han's words and knit their brows, as they couldn't help being worried for Luo Qing Chen.

It was like walking on thin ice in the harem.

You had to think twice about even the most simple matters, otherwise you might lose your life if you fall out of favour.

Leaving the maid hall, Luo Qing Chen followed behind Ning Wei Han and her heart was filled with a very unpleasant feeling.

When they finally reached a remote corner, he slowly stopped.

Luo Qing Chen couldn't stop in time and almost ran into him.

"Why is the emperor stopping?" Luo Qing Chen looked up into his sparkling eyes and suddenly felt this situation was a bit familiar.

When he was still the crown prince, they seemed to have walked in this corridor.

It was the phoenix competition then and he took her away without a single word.

Wherever they went, all the subordinates moved to the side.

"This one thinks that someone isn't too happy." He gave a soft laugh as he quickly grabbed her wrist.

The jade bracelet slowly fell down and his expression changed slightly as he continued, "When this one gave you the bracelet back then, does the repayment you promised still count?"

Luo Qing Chen was stunned. Ning Wei Han was planning on.....confronting her?

Actually she didn't know why he didn't recognize her. She had mentioned it a few times, but he had skillfully avoided it and never gave her a real answer.

Now he was bringing Ruan Fang Fang into the Cloud Soaring Palace while confronting her, what did this mean?

"Ke, ke." She cleared her throat and said, "What does the emperor mean, this servant doesn't understand."

Most of the time she forgot the palace rules and used 'I', but now she had called herself 'this servant', which meant that she must be unhappy.

"Do you believe me?" Ning Wei Han's voice was very soft, but there was a faint pampering to it. His deep eyes looked right at her.

These eyes, it was easy to mesmerize people.

Thinking of how she had 90% affection and there was this little girl coming in who she couldn't beat away, she really was angry!

Thinking about this, her heart felt a bit aggrieved.

Eloping, falling off a cliff, being disfigured, being healed, and coming back.....

Everything was to find him, but now she was still a maid.....

Although she didn't want to be some consort, when he told minister Huan to bring Ruan Fang Fang to the Cloud Soaring Palace, she felt a bit afraid.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 555: Waste concubine daughter's counterattack (Part 42)

She shook her wrist and broke free of his grip.

After a while, she said in a soft voice, "I believe you."

Although she was very angry, she still believed him, she believed Ning Wei Han who wanted to run away together.

As soon as her voice fell, she slowly turned around and slowly headed towards the Cloud Soaring Palace.

She thought that he would follow her, but she never thought that——

After she took a few steps, Ning Wei Han's cool voice entered her ears, "Luo Qing Chen."

She felt that at that moment, her limbs were tied up and she couldn't move an inch.

What kind of feeling was this, it was a deeply moving love that no one in this world could resist.

She slightly pursed her lips as her eyes misted over, as a tear almost came down.

“Luo Qing Chen.” That cool voice sounded again with a faint tremble.

She suddenly turned around and watched as Ning Wei Han came over with large steps. Her lashes trembled as tears came down.

She didn't want to cry, but she couldn't hold it back.

Ning Wei Han had never called her by her name since she entered the Cloud Soaring Palace. The only time he saw her name card, he said to her: This one doesn't like this name.

Memories rolled in her mind as he tightly held her in his embrace when she closed her eyes.

“Fool.....” He slightly knit his brows as he gently said to her, “As long as I can see your back, I'll know you're Luo Qing Chen.”

She pursed her lips and said with a choked up laugh, “I don't believe it!”

“Back in the garden, when I saw your back from afar, I quickly rushed over.” Ning Wei Han's lips slightly curled as he said, “You didn't know just how excited I was!”

It was indeed very hard for her to imagine, Ning Wei Han could actually recognize her with this unfamiliar face.

“So you knew who I am because.....” She raised her hand and said, “Of the jade bracelet?”

“Un.” He stroked her head and said, “The jade bracelet under the moon is.....very beautiful.”

Luo Qing Chen was stunned. It really was like he said, he had recognized her when they first met.

Then why did he do all those things?

“Humph.” She gave a soft snort and jumped out of his embrace to look at him, “Why are you calling that maid to the Cloud Soaring Palace?”

“Ruan Fang Fang?”

“Un humph!”

His eyes suddenly became deep as he tucked a few loose strands of her hair back before saying with a pampering look, “If I wasn't afraid of you worrying, I wasn't planning on having you worry about this.”

“You have a plan?” Luo Qing Chen looked into his eyes and asked, “Will it be dangerous.....”

But carefully thinking about it, if Ning Wei Han had a plan from the beginning, everything made sense.

“Relax.” He stroked her head and said, “I will not give anyone else the chance to spend their lives with you.”

His eyes were very determined. His handsome face was even more white in the snow and there was a faint sparkle in his eyes.

She really did believe in him without any hesitation, after all, he was Ning Wei Han who was willing to give up the land for her.....

At night, minister Huan personally brought Ruan Fang Fang into the Cloud Soaring Palace.

Luo Qing Chen wasn't on duty and was in the side palace.

After all, it was out of sight out of mind for some people.

After minister Huan left, Ruan Fang Fang looked around. She was very happy since she didn't see Luo Qing Chen, so it was this easy to replace someone in front of the emperor.

It turned out that this face really could change her destiny.

"This servant greets the emperor!" Her charming voice rang out as she revealed a mesmerizing smile.

Chapter 556: Waste concubine daughter's counterattack (Part 43)

Ning Wei Han slightly knit his brows as his fingers that were writing paused.

He suddenly thought of that clear voice and for a moment, he really missed it.

"Un." Ning Wei Han said to eunuch Luo on the side, "Have Liu Xiang come in!"

"Yes." Eunuch Luo replied with a bow. He didn't forget to look at Ruan Fang Fang before leaving, she really was like the girl from the past.

But there was a bit less innocence and a bit more charm.

Ruan Fang Fang was clearly a bit embarrassed right now. She saw Liu Xiang slowly come in and she silently moved to the side.

But who would have thought that Liu Xiang would be staring right at her, scaring her into kneeling, "This servant greets Liu Xiang."

"You....." Liu Xiang's strong and old voice rang out with a tremble as he said with a tone of disbelief, "As expected....."

He had received this secret already, this girl from the Ying Luo Country wasn't dead yet!

She had been rescued by the new emperor and now she was in the palace as the imperial maid.

How could he let this girl from an enemy country still live?

Ning Wei Han narrowed his eyes and although he didn't look up, a different expression appeared in them.

"Liu Xiang, what are you doing here this late for?" After a while, he looked up slightly, speaking with a voice as calm as water.

Liu Xiang took a deep breath and said, "This minister heard that the eleventh king led a group of troops to suppress pirates in the Southern Water County and he has had a great victory....."

“Oh?” Ning Wei Han raised a brow and said, “That is quite good.”

“Emperor!” Liu Xiang cupped his hands and bowed, “Merits must be remembered! You have to remember how the previous emperor conquered the land!”

Liu Xiang was favoured by Ning Yuan, so he definitely wouldn't let him down. Now that this girl had appeared again, the land would be destroyed!

“Listen well, this one also feels that Liu Xiang's words are correct.” He slightly knit his brows and said, “Royal father had many sons and only eleventh brother has high merits as a minister!”

“This old minister's time of worry is here.” Liu Xiang narrowed his eyes and said, “This old minister's son is currently at Northern Ridge, how about letting him receive the emperor's orders!”

Ning Wei Han gave a thoughtful nod before muttering, “If it wasn't for this one's maid suggesting that eleventh brother should go, this one was planning on sending Liu Yuan.”

As soon as his voice fell, Liu Xiang's eyes fell onto Ruan Fang Fang again.

This time there was a serious killing intent in his eyes, this enemy country's girl really couldn't stay.

He thought that it would take him quite a bit of time to find her.

But since she had come by herself, don't blame him for being merciless.

Ruan Fang Fang trembled. It was like she was afraid that those eyes wanted to kill her.

“Alright, this one knows.” Ning Wei Han saw that matters had progressed as he planned, “You can leave!”

“Yes, this old minister will leave!”

When Liu Xiang left, Ruan Fang Fang came forward and asked with a bow, “Does the emperor need this servant to grind the ink?”

Ning Wei Han suddenly thought of something as he said to eunuch Luo beside him, “Bring her to the Cloud Praying Palace, let her live there for now!”

The Cloud Praying Palace was where the concubine consort lived. Ruan Fang Fang was stunned as her eyes filled with a smile.

She had become the emperor's loved one this easily, she would definitely protect her place with all her might and not let anyone replace her.

“Yes!” Eunuch Luo replied before turning to say to Ruan Fang Fang, “Please follow this servant.”

Chapter 557: Waste concubine daughter's counterattack (Part 44)

Leaving the Cloud Soaring Palace, Liu Xiang looked at the ones following him not far away.

When eunuch Luo brought Ruan Fang Fang to the Cloud Praying Palace, Liu Xiang tightly gripped his first.

That was the palace of Ning Wei Han's mother in the past.....

—
In the Cloud Soaring Palace's side palace.

Luo Qing Chen was bored as she counted the stars from her sofa when Ning Wei Han came through the curtain.

"Are you bored being in the palace?" He sat beside her and softly took her hand with a look of deep love.

"It's alright!" She looked at him and said with pursed lips, "You're more strange, why are you planning such a large game?"

Ning Wei Han looked into her eyes and said with a smile, "You'll know soon enough."

Being in the palace didn't suit her, neither did different forms of trickery.

The next morning, Ruan Fang Fang who was living in the Cloud Praying Palace had forgone her maid clothes and had changed into the clothes she had brought into the palace.

Ning Wei Han had prepared a maid for her, responsible for taking care of her needs, but he didn't give her any titles.

But she didn't mind, this was already enough.

After all, she was the first girl in the harem that the emperor treated differently.

"Where does miss Ruan want to go?"

"Pa!" With a crisp slap, the maid was pushed two steps back and she was trembling.

"As a lowly servant, you have no rights to ask me this, understood?" She was wearing a robe with clouds and flowers embroidered on it, looking like the consort of this palace, like she was a noble.

The maid quickly kneeled and said, "This servant deserves death!"

"Humph!" She gave a cold snort and raised a brow as she said, "We're going to the maid palace!"

The maids that looked down on her, she would return it personally one by one.

At the maid palace, everyone was seeing Le Meng off.

Luo Qing Chen had long come here and she had brought her a gift!

This gift was something she asked the system for, it was absolutely unique in this world, alright?

"Such a beautiful bead!" Lin Xue looked at the Night Pearl in Luo Qing Chen's hand and her eyes almost popped out.

Luo Qing Chen said with a soft laugh, "This is called the Night Pearl, the light it releases at night is the best."

"I really want it!" Wang Lin also quite liked it as she reached out her hand to stroke it, "It's quite cold."

"Un." Luo Qing Chen said with a nod, "It can also help with the summer heat."

“Thank you, Xiao Qing.” There were tears in Le Meng’s eyes as she tightly held her hands and said, “If it wasn’t for you, I think that I would never see this day.”

“Alright! It’s good that you’re happy!” She said with a soft laugh before turning to Lin Xue and Wang Lin, “When you get married, I’ll prepare gifts for you as well!”

“Really?”

“Un.”

“Great!”

Everyone gathered together, laughing with each other.

And at this time, the door of the maid palace suddenly opened.

Luo Qing Chen narrowed her eyes and saw Ruan Fang Fang walking in, causing her eyes to turn cold.

She first came to the maids who came with her. Everyone saw her appearance and moved back two steps while lowering their heads.

“Ai, why are you so afraid of me today?” Ruan Fang Fang said with a cold snort, “I won’t forget what you said the other day!”

“Fang Fang, we all came into the palace together.....”

“Pa, pa.” Two crisp slaps rang out with a deafening sound.

Luo Qing Chen narrowed her eyes as she looked over Ruan Fang Fang in front of her. This slap was just as good as her cousin!

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 558: Waste concubine daughter’s counterattack (Part 45)

Ruan Fang Fang’s slap was very heavy. The maid who was slapped took two steps back and blood came out the corner of her mouth.

Although everyone was dissatisfied, they didn’t dare say anything.

After all, she was the maid that the emperor had brought to the Cloud Soaring Palace.

Moreover, the reports last night said that she was living in the Cloud Praying Palace.

Luo Qing Chen wasn’t familiar with these new maids, so naturally she didn’t have a reason to help them.

But Ruan Fang Fang really made people uncomfortable!

“It’s already getting late, Yi Shou should be getting off his shift.” Le Meng turned over and said in a soft voice, “You all take care, I’m leaving first.”

“Un, we’ll miss you!” Lin Xue hugged her before helping her carry her baggage out the door.

But at this time, Ruan Fang Fang’s voice sounded again.

“Did I allow you to leave?”

Luo Qing Chen's group stopped at the same time, turning to look at Ruan Fang Fang not far away.

This kind of feeling, it was like their first meeting in the back gardens!

It was filled with blood and excitement!

"What a joke!" Le Meng said with a cold snort, "Do you need to care if we leave or not?"

"That's right!" Lin Xue said with a disgusted look, "Did you already receive a title?"

"There's something wrong with you!" Wang Lin rolled her eyes and said, "Are you addicted to beating people?"

"Puchi!" Luo Qing Chen couldn't help laughing before saying with a nod of agreement, "I agree!"

In a flash, Ruan Fang Fang's face turned red! She pointed at Luo Qing Chen and said, "You're about to lose, how can you be this brave?"

"Those words are pretty good!" She said with a soft snort, "If I have this courage, what will you do to me?"

She didn't want to bother with her, but someone loved to start matters!

Since it was like this, she didn't have a reason not to play along!

Ruan Fang Fang heard this and she angrily walked over towards Luo Qing Chen's group with large steps.

When she was two meters away, Luo Qing Chen raised her hand and said, "Stop."

She actually stopped for a short while.

"One, two.....you only have two people." Luo Qing Chen's slender finger moved over to point at her group, "One, two, three, four.....We have four people!"

Ruan Fang Fang was stunned, but she understood Luo Qing Chen's meaning.

She was clearly saying, I have more people, you can't beat me!

"You....." She bit her lip and said, "Fight back if you have the ability!"

"Then come!" Luo Qing Chen gave a soft laugh as a cold look appeared in her eyes.

Ruan Fang Fang's eyes were bloodshot. If she didn't fight them, the intimidation just now might not work and she might be bullied by the other maids again.

But if she fought, what should she do if they fought back?:

But her status was special right now, they were just three maids and a piece of trash that she had defeated.....

Would they dare?

She suddenly raised her hand and moved towards Luo Qing Chen.

Luo Qing Chen raised her right hand and firmly held her wrist as she said, "You are only this smart?"

Le Meng saw this and charged at her. Lin Xue and Wang Lin came forward and the three of them held her together.

As for the maid that she brought, she didn't intervene at all. She acted like nothing was happening and stood on the side.

[Host, someone is coming.]

The system's voice rang in her ears, making her eyes move slightly.

"Sister, quickly get up, someone is coming."

Three seconds later, the three of them quickly moved away from Ruan Fang Fang and clapped their hands, acting like nothing had happened.

Chapter 559: Waste concubine daughter's counterattack (Part 46)

At that moment, the door of the maid hall didn't open.

Luo Qing Chen knit her brows as a trace of doubt appeared in her eyes. Could it be that the system made a mistake?

But if a normal person came, the system wouldn't give her a notification.....

Ruan Fang Fang stood up with an unkempt face and dirty clothes, as her face was covered in anger.

She pointed at Luo Qing Chen's group and roared, "Wait until this one becomes the empress, I will definitely take all the people here.....Ah!"

There was a 'xiu' sound as an arrow pierced Ruan Fang Fang's body.

"Ah!" Everyone was shocked by this, even Luo Qing Chen took a step back, vigilantly looking forward.

"Mur.....mur.....murder....." One of the maids who was rather cowardly had fainted.

"Peng!" At that moment, the door of the maid palace was opened.

Ning Wei Han came in with his golden emperor's robe. His eyes passed over Luo Qing Chen's face before he walked towards Ruan Fang Fang on the ground, picking her up.

At the same time, Liu Xiang rushed in with the elders of the court and kneeled in front of Ning Wei Han, "The daughter of the enemy country can't stay, please reconsider, emperor!"

Liu Xiang thought that he had carefully checked this Ruan Fang Fang's identity, but his spy had reported to him today.

This woman was actually wearing a brocaded robe and rampantly walking around the palace.

If this kind of enemy of the state became the empress, it would surely cause the collapse of the harem.

She had to be killed no matter what.

“What if this one insists on saving her?” Ning Wei Han’s eyes were very cold, so cold that they were unfamiliar even to Luo Qing Chen.

But no one knew that in his heart, everything was under his control.

He carried Ruan Fang Fang into a room and softly put her on the bed.

The arrow didn’t cause a fatal wound, the fatal part of the arrow was the poison on the arrow.....

Ruan Fang Fang’s eyes were wide open and her lips kept parting, “Emperor, save me.....”

“The antidote?” Ning Wei Han knit his brows and roared at Liu Xiang who came into the room with him, “Give this one the antidote.”

“This old minister has been entrusted with the previous emperor’s will, I must protect the country!” Liu Xiang knelt as his tears came down, slamming his head again and again, “It is necessary to kill the daughter of the enemy of the state, this poison.....has no antidote.”

Ning Wei Han’s eyes turned cold and placed his hand behind Ruan Fang Fang. He created a wound in a place no one could see before raising his hand to Liu Xiang, “If this one is also poisoned, if you don’t take out the antidote, this one will also die.....”

“Emperor.....Emperor, what are you doing!” Liu Xiang was shocked as he said while trembling, “This poison truly has no antidote, emperor!”

“When you killed her back then, you used the safety of the country to force this one’s most trusted guard to force her off a cliff. Now that she’s finally back to this one’s side, you’re not letting her off.” He closed his eyes and his expression couldn’t be seen. After a while, he slowly opened his eyes and said, “Enough, call eleventh brother into the palace!”

Liu Xiang’s group looked at the wound on Ning Wei Han’s hand and blankly looked at each other before saying while trembling, “Yes.....”

“You can all leave first!”

“Yes.....”

Luo Qing Chen saw Liu Xiang’s group slowly leave the room and when she was prepared to enter, she was pulled back by Yi Shou.

“Why are you here?” Luo Qing Chen knit her brows and said, “It’s good that you’re here. Take Le Meng away first, you shouldn’t stay here long.”

“No.” Yi Shou shook his head and said, “The emperor’s secret order is to take you away with us.”

Chapter 560: Waste concubine daughter’s counterattack (Part 47)

Luo Qing Chen never would have thought that Ning Wei Han who was the crown prince back then would give up his throne for her.

Now there was a youth called Ning Wei Han who could give up his country for her.

There was nothing perfect in this world. Since Ning Wei Han immediately found her after she fell off the cliff, Liu Xiang's group naturally didn't find her corpse under the cliff.

If she wanted to come back, it definitely wasn't an easy matter.

Therefore, he had planned for this a long time ago, but the plan had changed because she didn't have the same face when she appeared.

That made it easier, the previous plan was for her to act dead and leave with him.

But with the appearance of Ruan Fang Fang, she didn't need to be injured.

Everything was a part of Ning Wei Han's plan. Ning Yu Qiu immediately entered the maid palace after entering the palace.

There were only the two brothers in the maid palace, his eleventh brother had known his plan all along.

"Big brother, are you really doing this?" Ning Yu Qiu looked at him with a frown and said, "I only know how to fight, I can't be the ruler of a country."

Ning Wei Han threw the arrow that he had prepared to injure himself with out the window and then took out the jade seal for him, "Our royal father back then was just a brave general, but then he became a wise emperor."

Ning Yu Qiu was still very hesitant as he said with tightly knit brows, "We aren't afraid of Liu Xiang's group!"

Now it was his big brothers' world, those old men couldn't do anything.

"Naturally I'm not afraid of them, but I don't want my special person to be in any danger." Ning Wei Han slowly put his hands behind him and said, "If it wasn't for the appearance of Ruan Fang Fang, this plan would have been even more difficult to complete."

Ning Wei Han already expected Liu Xiang to move against her and he had secretly planned on replacing Liu Xiang's secret guard with his to put on a plan. The arrow would still be shot, but it wouldn't be poisonous.

But if it was like this, Luo Qing Chen would have been hurt.

He wasn't willing to see her being hurt, so Ruan Fang Fang's appearance gave this plan a perfect ending.

Right! In Ning Wei Han's eyes, she was indeed a replacement who could be injured in Luo Qing Chen's place.

From beginning to end.....

So what if she looked alike, so what if she was a replica?

There was only one Luo Qing Chen in this world, he could recognize her with just one glance of her back.

"Big brother really doesn't love the world or beauties." Ning Yu Qiu said with a soft laugh, "Actually I'm envious of big brother. If I have someone I like, I should find someone to take this world."

Ning Wei Han said with a shrug, "Big brother can't help you with this!"

—

The first year of the Wei Wu Country, a new emperor ascended for three months before dying of illness.

The throne was passed to the eleventh prince of the previous emperor, great general Ning Yu Qiu, changing the name of the country to Qiu Shan.

Yi Shou spent all his savings to buy two manors in a small village three hundred miles away from the capital, giving one of them to Luo Qing Chen.

"The back garden is filled with flowers, you should like it. When the emperor....When the young master arrives, you can decide whether to stay or not. Yi Shou looked at her and said, "The young master's actions.....are just too shocking."

Luo Qing Chen took a deep breath as tears appeared in her eyes.

It turned out the great plan that he had was actually to leave the royal palace with her.....

She bit her lip and muttered, "Ning Wei Han, do you know that what you gave up on was not your throne, rather your people and your country!"

"You know that I don't care." A cool as water voice slowly came from not far away.

A beautiful land covered in snow and a white clothed youth walking across that snow.
