#### Chapter 561: Waste concubine daughter's counterattack (Part 48)

She suddenly turned around and looked at Ning Wei Han in his white robe. There was a faint sparkle in her eyes as her lips curled into a smile.

No wonder he asked her that day if the palace was boring or not!

He was already thinking of her future. The ancient emperors were fickle, but Ning Wei Han didn't care about his country at all.

The snowflakes fell down and landed in her hair.

She raised her skirt in the snow and ran over in his direction.

With a soft step, he picked her off the ground.

Ning Wei Han's cool voice sounded by her ear, "Are you satisfied with this surprise?"

"How long did it take you to prepare this?" She gave a sniff as she looked at his smile.

"Since I knew that Liu Xiao betrayed me! I found you first and had the imperial doctor and a close confidant save you."

"What!" Luo Qing Chen looked at him in shock when she heard this, "You, you, you.....You're saying that the old woman and old man were.....your people?"

"Of course." He stroked her head as he said with a faint pampering look in his eyes, "If the other side is you, I'll always prepare a second plan."

He indeed didn't expect Liu Xiao to betray him for the Ning Country, but he naturally had other ideas when it came to eloping.

"God!" Luo Qing Chen shook her head in disbelief, "Your mind is quite strong! No....you're quite black bellied!"

"You're actually saying your future husband has a black belly!" Ning Wei Han took her in a princess carry and headed into the room.

With a "gezhi" sound, the door was closed. There was red silk hanging all over the room, looking like a wedding hall.

"Then....." He looked at her and said, "Are you willing to marry Ning Wei Han who can't let you ascend to become a phoenix?"

She pursed her lips and said nothing. She was afraid that if she said anything, she would want to cry.

There weren't any ministers, she wasn't a consort, and she didn't receive a title.

She remembered back at the royal banquet, she had said to him back then that she would ascend to become a phoenix!

But now she was satisfied with just this red silk.

“I thought about it and I prefer the Ning Wei Han who can’t allow me to ascend to become a phoenix.....” She said with a faint smile, “After all, he belongs to me alone like this!”

She wasn’t worried about struggles in the harem nor was she afraid of plots.

But he used the most decisive method to leave the palace and all the plots.

Ning Wei Han’s dark eyes were sparkling as he looked at her and said, “Then marry me!”

She pursed her lips. The moment she gave a slight nod, the other side couldn’t wait to kiss her lips. His right hand was placed on her hip and his lips kept rolling over hers.

After a while, he slowly let her go. There was a gentle look in his eyes as he said, “I had Yi Shou prepare the wedding gowns, they should be in the room. Go and change.”

Luo Qing Chen’s face was red and her breathing was a bit fast. She slowly looked up and said, “You.....Why didn’t you wait until we had the ceremony to kiss me!”

Don’t you kiss after saying the oath!

Why was the script different!

“I.....” He paused as he placed his slender finger on her red lip and said, “I was a bit impatient.....”

“You’re not embarrassed saying this!” Luo Qing Chen pursed her lips as she pretended to give him a calm look before heading into the room.

After a while, she came out with the red veil over her head.

While she was groping around to see where to go, a pair of cool hands firmly grabbed her wrist.

Ning Wei Han said in a soft voice, “Be careful.”

**Chapter 562: Waste concubine daughter’s counterattack (End)**

Although there were only the two of them in this world, it was enough for them!

“I, Ning Wei Han, swear to the heavens that as long as the world does not end, I will let my wife Luo Qing Chen live a long life without worry.” There was a strange feeling in his words, like he was swearing a death vow without yielding at all.

Luo Qing Chen stood on the side and when he finished, he quickly came in front of her and said, “It’s finished!”

???

“I haven’t said anything yet!” She lifted the veil and looked at him with her clear eyes, “Why did you end it already!”

“Because I don’t need a promise from you!” Ning Wei Han put the veil back in a bit of a hurry as he said, “Let me lift this!”

Luo Qing Chen pursed her lips and lifted the veil again as she said with a confused look, "Why!"

Ning Wei Han saw that she was obsessed with lifting her veil, so he took her by the waist and said, "Because in my Ning Wei Han's world, you only need to do three things!"

She was stunned as she unconsciously took his neck and said, "What? It seems like it's quite a lot!"

"Be by my side, be by my side, be by my side." Ning Wei Han's voice was as gentle as a spring's breeze, which could melt the snow in the yard.

She heard this and she said with a faint smile, "Alright."

The night of the wedding, in the nuptial chambers.

He softly placed her on the bed that was surrounded by candles.

"I...."

Ning Wei Han blocked her lips with a soft kiss, "Is the lady prepared for the nuptial ceremonies?"

She felt her heart beating faster and a faint blush came over her face that spread all the way to her ears.

Ning Wei Han moved very softly and his fingers were trembling a bit as he went for her clothes.

She nervously touched her ears and said, "I....I'm shy...."

"Un." He softly replied as his right hand took her waist, gently pulling the ribbon that held her clothes together, "Close your eyes and leave it to me...."

Luo Qing Chen obediently closed her eyes. Her lashes trembled as sweat filled her palms.

Ning Wei Han pulled the covers over her and carefully kissed her lips.

In the silent room, there was only the swaying of the candles and their rapid breathing.

His movement was very light, integrating with her step by step. At this moment, she no longer knew where she was and what year it was.

She felt like she was caught in a roaring flame and that flame was irresistible.

Ice was the first pain and fire was joy of wonder.

Ning Wei Han waved his right hand and extinguished the candle. He gently held her as he eroded her sanity bit by bit.

After a while, the waves continued to rise and created a wonderful feeling that made their souls fly away. In another world, tossing and turning.

Only when it ended did he kiss her forehead and say, "I love you."

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

Many years later, Ning Wei Han kept remembering the first night. He kept mentioning it to her and how nervous he was at that time.

He said that was his first time and he didn't have any experience.....

Whenever he said this, Luo Qing Chen would roll her eyes at him.

After all, she couldn't even get out of bed the next day.

If this was called inexperienced, when how terrifying he would be if he had experience!

Un, it was true! She didn't get out of bed for a week before because Ning Wei Han had money, so she didn't need to get out of bed.

Their lives in this world were uncommon days in common days, but both she and he liked these kinds of days.

When they finally left, the housekeeper buried them together and only placed two words on their tombstone —— Inseparable couple.

### **Chapter 563: Ning Wei Han's side story (Part 1)**

Wedding dress, heaven and earth, you and me. ——Ning Wei Han

I was the crown prince respected by everyone from birth, my royal father was a hero.

Emperors were beloved since ancient times, but my royal father was a special person in my eyes.

Although he had many concubines and gave birth to many heirs.

I knew that the ones he loved the most were me and my mother.

Since I understood matters, my mother no longer existed in the mortal world.

But I wasn't bullied by anyone in the palace, not because I was the crown prince, but rather because of the person who bullied me first.

No matter who it was, a prince or a son of a minister, as long as they said something bad, they would be demoted and even be beaten to death.

I vaguely remember back when the sixth prince pushed me down and said I was a pitiful child without a mother.

His mother had received the favor of the emperor then, so naturally he was very arrogant.

But he never thought that that afternoon, his mother was sent away and he was no longer a prince.

It was probably since then that all the people of the court learned something.

The beloved prince of the emperor was me and no one could replace that.

As we gradually grew older, the battle between princes became more significant and the strongest competitor was the South Pacifying King, Ning Wen Zhen.

That day, when I was going to see my mother in the mass grave, I encountered assassins on the way.

Whenever I thought about this matter in the future, I wanted to thank those assassins.

Thanks to their appearance, Luo Qing Chen was brought to me.

That night, when I saw her panicked look, it was very familiar.

I brought her along because of my kind heart.

Her expression was very strange, like it was saying: Why did you bring me along?

She really was naive, if I didn't bring her along, how could she have the chance to live?

It was impossible for the secret guards to leave any witnesses, no matter who you were.

She seemed familiar with the mass grave, knowing every route like the back of her hand.

In the end, we escaped by jumping into the river, but I was still injured.

While on the border of losing consciousness, I saw that she liked to talk to herself and she took out many things like they came out of thin air.

I think that it was probably because I was about to lose my life from the poison!

But when she finished applying the medicine, I found that my consciousness slowly came back.

She was very serious in wrapping up my wounds.

She was very serious in sucking out the poison for me.

Although it was very hard to keep my eyelids from falling, I wanted to persist. I didn't want to miss her serious appearance.

Perhaps it wasn't exaggerated to say that it was love at first sight.....

Actually, I didn't sleep that night.

She was sleeping very well, but her lashes twitched as she unknowingly called out another person's name.

My heart suddenly felt uncomfortable, this was an emotion I had never felt before.

I knew that I didn't like this kind of feeling.

But I couldn't help leaving the only thing that my mother left me on her wrist.

The jade bracelet lined with the moonlight matched perfectly with her white wrist, I knew that we would meet again.

After returning to the palace, I first took care of all the secret guards the South Pacifying King had placed around me, taking care of his edge.

Then I investigated her identity and as expected, that night was our second meeting.

The first meeting was at the Luo Manor, she had boldly taken her older family member hostage.

I felt this girl was very special when we met by accident, but I just felt she was special and didn't care.

But thinking about it now, perhaps it was destiny!

We had already met each other, we hadn't missed each other.

**Quick Transmigration Female Lead: Male God, Never Stopping**  
**Chapter 564: Ning Wei Han's side story (Part 2)**

After investigating her identity, I wanted to send Liu Xiao to the Luo Manor to find her for me.

But I never thought that Luo Yi would bring her to the annual banquet.

I wasn't interested in those kinds of things, but if she was going, I had to go.

After all, I didn't want to give her to anyone else.

There were many people there, most of them wanting to ascend to become a phoenix.

When I saw her in the crowd, she was standing with the South Pacifying King, Ning Wen Zhen.

He seemed to be whispering something into her ear, but she didn't pay attention at all.

Murong and another girl were arguing at the banquet and Murong attacked her immediately.

I felt like it was time for me to appear, after all, if the South Pacifying King wanted to fight with me, I wasn't afraid.

After all, at this competition, if she wanted to find someone to ascend to become a phoenix, it had to be me and it could only be me.

I could clearly sense that she was a bit surprised when I said something. I enjoyed that feeling very much as I took her hand and left in front of everyone.

She was very cute and there seemed to be a look of anticipation in her clear eyes.

Like she was looking for me.

I brought her to see my mother. I didn't know what kind of person she was, but she actually gave me a gift.

This gift was the most shocking thing in my life.

I always thought that things like yin and yang never existed.

But this gift let me know that it was just my ignorance.

She naturally didn't know that my mother told me that it wouldn't be easy for me to be with her.

She would disappear from my life one day and appear with a different face.

Mother asked me if I was afraid I wouldn't be able to recognize her, but I said: I'm not afraid. I believe that I can recognize her as Luo Qing Chen as long as I can see her back.

A certain day in the future confirmed what I had said.

When I was walking past the Moon Gazing Pavilion, I suddenly saw a person not far away.

Eunuch Luo said that there wasn't anyone there.

But I believed what I said. I couldn't hear eunuch Luo calling from behind as I headed to the back garden.

When I saw her, my world became silent.

How I wished to rush forward and hold her, but I knew that I couldn't. There were many eyes in the palace and there were many days ahead.

I had to plan everything to be with her forever.

But this so-called plan actually only took a night for me to come up with.

But the reason I hesitated was because she would be hurt.

I wasn't willing to hurt her, so I felt that god was truly kind to me.

When I was hesitating, there was a Ruan Fang Fang who appeared who was very similar to her previous appearance.

I knew that the time was right.

The ministers of the court headed by Liu Xiang would definitely kill Ruan Fang Fang, I just needed to act out a play then. After passing the throne to my eleventh brother, I could leave this royal palace and fly away with her!

Everything was in the palm of my hands.

In order to give her a pleasant surprise, I had Yi Shou prepare the wedding room.

Speaking of this surprise, I really couldn't wait.

I wanted to take her as my wife. Even if I didn't have the world, I still had my pledge.

In the years to come, I would always be by her side, walking along step by step.

I was willing to give her all my love and even if it was only temporary, I was willing to leave everything here.....

Forever, forever.....

#### **Chapter 565: Little theater side story**

[The annual pampering drama is now over, no abusing male or female leads! Little fairies, are you happy!]

Ning Wei Han: "....."

[Alright, our sir male lead can't wait for the ten questions. Then this system will not waste words and begin!]

["First question: Do you feel her face looked better before or after?"]

"System, are you certain you want to ask such a sharp question right away?"

["This.....You can just give an ambiguous answer!"]

"They're both good!"

["This is perfunctory!"]

"Oh!"

The system was angry, but it kept smiling and asking questions!

["Second question: What was the funniest thing in this world?"]

"One year after my eleventh brother took the throne, he met this peasant girl. Liu Xiang kept pestering him because of the difference in status, so he secretly contacted me to ask if he could give the land back to me!"

["Ha, ha, ha, ha, ha! And then? What was your answer?"] The system felt like it was about to explode into parts from the laughter.

"I moved the next day with my wife and I never came into contact with him ever again!" Ning Wei Han gave a light shrug. He had already given up the land, he had no reason to take it back!

["This system is about to die from laughter!"]

["Third question: How did you live your lives after?"]

"At first Yi Shou lived next to us, so my wife and I got food from them each day. After we moved, we had no choice but to go to a restaurant every day."

["And then, and then!"]

"Then we invited the chef of the restaurant to come to our home."

["....."]

["Fourth question: When did you feel you were the most handsome?"]

"There seems to be quite a few times....."

["Pick one, pick one!"]

"At the phoenix competition then! I was thinking that I was radiant when I came in and only this dazzling me could stand by her side!"

["Fifth question: When did you not want to be the emperor?"]

"When I told my royal father that I wanted her as my crown princess, I said that I could give up the throne. It was because of this that the Luo Family's identity was revealed."

["Why couldn't you inherit the throne after marrying her?"]

"Because I didn't want her to be jealous, having all those rivals!"

["Oh."] The system reluctantly replied.

["Sixth question: Who do you hate most in this world?"]

"Liu Xiao. He really knows how to repay a favour. I personally saved him and he wanted to kill my beloved person."

["Then shouldn't you hate your royal father?"]

"I also hate him! But Liu Xiao owes me and I owe myself to my royal father."

["Seventh question: When was she the cutest?"]

"When she wanted to see what Ruan Fang Fang looked like, she was also very cute when she didn't want to go."

["Eighth question: What was the most exciting moment?"]

"When I called her name in that endless hallway again and again."

["Ninth question: When was the most nervous moment?"]

"....." Ning Wei Han had a look that said the system was asking a rhetorical question.

He said after a while, "It should be in the nuptial chambers!"

["Tenth question: Say something to the cute host!"]

"People can take my life or my country, but they will never take me away from you."

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 11/100]

#### **Chapter 566: So what if you're my big sister? (Part 1)**

When she opened her eyes, she was back in the Chaos Space.

She liked this feeling. It was sweet, beautiful, and nostalgic.

[The host's mood seems better this time.]

"Ah?" She was stunned before saying with a faint smile, "Un."

It would be good if every word was filled with these small twists and turns. She really felt that although those deeply painful feelings left deep impressions, the pain really hurt her all over.

[Does the host need to rest?] The system has become especially good recently, always asking her this question!

"You have to let me think about this!"

[The host shouldn't rest if you're this hesitant!] The system indicated that this troublesome host really was tiring!

"As expected, a trash system will always be a trash system!" Luo Qing Chen gave a snort as she quickly fell asleep after falling on the large bed.

She was kneeling on the ground in the dream and there was a white clothed youth in front of her. She slowly said, "Master....."

When she suddenly opened her eyes, she was in the Chaos Space and there was the mirror in front of her.

Recently her dreams seemed to have changed, going from a hell style to an immortal style. It left her completely confused.

"System, I'm awake! Let's go and complete the mission!"

"Ah! This male lead has the same surname as me!" She muttered with a giggle.

After so many worlds, this was the first time the male lead had the same surname. Thinking about it, she felt it would be fun.

Could she point at him and say: Hey, hey, hey, that surname, stop for me!

[This.....That.....The host will know when you receive the memories!]

“Oh!”

[Currently importing memories, please accept them, host!]

“.....”

To be honest, she was shocked when she received the memories of the previous host!

Sister!

Brother!

Love!

My god, this little brother was a black bellied school hunk.

God damn, how was she supposed to play this?

But after receiving the memories, her heart calmed down a bit.

This was because Luo Qian Zhe wasn't the previous host's blood related younger brother, rather it was the son adopted by the previous host's father.

The previous host was S City's tycoon Luo's eldest daughter, with an IQ of 180, born as a genius.

Luo Qian Zhe was seven days younger than her, but he was a true little brother.

At first, Luo Qian Zhe didn't know that he wasn't the previous host's blood related little brother.

There was a sister love complex since he was young, going wherever the previous host went.

When they were young, whenever the previous host played with another boy, he would ruin it!

After growing up, when the previous host spoke to any other boys, he would make those boys feel ashamed in minutes.

At the Noble School, the young master of S City's biggest tycoon, who dared to offend him.....

With how smart the previous host was, naturally she could see her little brother's feelings, but since he didn't know his identity, the previous host didn't care that much.

After all, the one the previous host liked wasn't her little brother, but rather the supporting male lead, Ji Hao Chen.

[\*\*Quick Transmigration Female Lead: Male God, Never Stopping\*\*](#)

**Chapter 567: So what if you're my big sister? (Part 2)**

Actually the previous host's story was half lies and half herself.

This was the summary that Luo Qing Chen came up with!

The previous host was very cold and Ji Hao Chen could only enter her eyes because of when she went on a foreign exchange trip.

At that time, the previous host was entering high school and the first place on the high school exam was the foreign exchange student, Ji Hao Chen.

Ji Hao Chen was also walking the path of sports, so they never really talked.

Until one day when there was a competition between foreign schools. The previous host didn't want to win for the Noble School, so when she gave a very characteristic answer for her.

She put true for all true or false questions and put down an alternating ABCD pattern for the multiple choice questions.

The previous host never thought that this matter would be discovered until Ji Hao Chen found her with her test paper on a certain sunny afternoon.

He confidently looked at her as he told her the secret of her test paper.

Perhaps the sun was too dazzling, causing the previous host to make a mistake and think that Ji Hao Chen was dazzling.

Then there was no turning back.....

The previous host could return home after three months, but Ji Hao Chen wanted her to stay and wanted to be together with the previous host.

In the end, the previous host agreed.

Whether it was in the country or in another country, cold people never had any friends.

In the beginning, Ji Hao Chen would go to school with the previous host, buying breakfast for her and then going to the library together.

But over time, with more and more friends around him, Ji Hao Chen didn't want to stay with the previous host anymore.

When the supporting female lead Xiang Tian Qing appeared, Ji Hao Chen planned to completely abandon the previous host.

With the high intelligence of the previous host, naturally she knew about Ji Hao Chen and Xiang Tian Qing playing around, but love was love.

When one loved a person, anything was possible.

The previous host spent three years abroad for Ji Hao Chen and didn't return until she graduated.

Of the three, Ji Hao Chen and Xiang Tian Qing became recognized as a couple.

Whenever they argued, Ji Hao Chen came to find the previous host.

The previous host had liked Ji Hao Chen very much, so whenever she wanted to give up, she couldn't bear to let Ji Hao Chen feel pain.

People with high IQ had low EQ.

Perhaps this was true. Three years later, the three of them returned to the country and went to the same university.

One night, the three of them were having dinner at a stall. Xiang Tian Qing was taking it out on the previous host since she didn't do well on an exam, saying that she was a light bulb, a third wheel.

Ji Hao Chen saw that Xiang Tian Qing was hurt and always blamed the previous host for appearing in their lives, so he had the previous host scam.

The previous host could endure it, but the previous host's little brother Luo Qian Zhe at another table for a graduation party couldn't take it.

A beer bottle came down and Ji Hao Chen's head was covered in blood.

In Luo Qian Zhe's world, no one could bully his big sister, no one.

Who would have thought that Ji Hao Chen would take a fruit knife from his pocket? While they were fighting, he stabbed Luo Qian Zhe several times.

In the end, the male lead died and the supporting male lead was only in jail for three years.

He lived a happy life with Xiang Tian Qing after he was released in three years!

However, as for the previous host——

She finally woke up at her little brother's funeral and felt she let him down.

The night after the funeral, she cut her wrists and committed suicide!

When she was dying, the previous host thought that if she could redo life, she wouldn't fall in love with Ji Hao Chen no matter what.

Whether her little brother liked her or not, she wanted him to live a good life and not die for her.

These thoughts gave birth and the host Luo Qing Chen appeared.

[\*\*Quick Transmigration Female Lead: Male God, Never Stopping\*\*](#)

**Chapter 568: So what if you're my big sister? (Part 3)**

Time went back three years and it was that sunny afternoon again. Ji Hao Chen was holding her test paper and standing with his back to the light, with a bright look on his face.

Ji Han Chen was considered not bad with a handsome face and bright eyes that were filled with light.

The British style uniform with his curled lips, it was a beautiful image that had a foreign style.

"Luo Qing Chen." Ji Hao Chen called her name and said while waving his hand, "I know your secret."

Luo Qing Chen narrowed her eyes and only had one feeling: It's hot!

She knit her brows and ignored Ji Hao Chen, heading to the ice cream shop beside her.

Ji Hao Chen felt a bit awkward. This girl had been number one back in middle school and he wanted to get to know her since they were in a foreign country, but the other side was very cold, not even giving him a few words.

“Strawberry smoothie, thank you!” She pointed at the menu and spoke in fluent english.

“Ok!” The waitress said in a sweet voice.

Because of the previous host’s intelligence, the system had also given the host the same intelligence for free.

After all, it didn’t want the host to become last place after going back.

Ji Hao Chen came in and the wind chime at the door jingled, as the fresh scent of jasmine came in.

“Classmate Luo, do you want to know what I’ve found?” Ji Hao Chen sat down next to her with a depressed look!

Luo Qing Chen would never know how excited he was when he found the secret of her test paper.

He felt that it was something that only his intelligent brain could discover.

“Un humph?” She looked over and said, “Speak if you have something to say.”

Her tone was cold and her voice was very strong.

“Your multiple choice answers, it’s all either true or in order of ABCD, right?” Ji Hao Chen was very excited as his eyes lit up.

He felt that this was something he could be very proud of, but he never thought——

“Un.” She softly replied before taking the strawberry smoothie.

Ji Hao Chen was stunned, feeling a flustered feeling that he had never felt before.

“You don’t think that I care about you a lot?” He scratched his head as he looked at her with a bright smile.

“Un humph?” She gave a soft laugh before walking around him, “Then you’re very great!”

As soon as her voice fell, she walked out the door. She didn’t stop at all, as she left a stunned Ji Hao Chen.

The cold genius really deserved her fame, but he didn’t know why he wanted to approach her more the more it was like this.

People, they always wanted the things they couldn’t have.

The sun was bright and it shined down on her, giving her a sensation that she was a human barbecue.

She really couldn’t take this foreign weather anymore, this three month foreign exchange period was almost over!

Thinking of this, she called home without another word.

As the daughter of the biggest tycoon in S City, she could end this foreign exchange trip whenever she wanted.

Back at school, she submitted the form and went to the dorm to pack up!

After booking the flight ticket, she decided to go home tomorrow.

Since her dear 'little brother' was back in the country, it wasn't good for her to stay here.

In another world, the previous host stayed in this country for three years before going back.

Then since the story was starting again, let's have a big change.

After all, she didn't feel like she needed to stay here.

But what she never thought was that if she could leave the foreign exchange program, Ji Hao Chen could do the same.

The principal wanted to ask why, but he never thought that Ji Hao Chen would say that he would go back with Luo Qing Chen without another word!

**Chapter 569: So what if you're my big sister? (Part 4)**

On the plane, Ji Hao Chen was sitting behind her.

Soon after it took off, he very shamelessly changed seats with the person beside her.

Just to sit with her!

Thinking of the memories of the previous host, it was always the previous host chasing Ji Hao Chen.

Other than being good to her in the beginning, once Xiang Tian Qing appeared, Ji Hao Chen had always acted coldly.

But right now, this boy really was noisy!

"Classmate Luo, why did you go back so early?"

"Classmate Luo, did you go back because you didn't want to be a foreign exchange student?"

"Classmate Luo, is it because the classes abroad aren't deep enough for you?"

"Luo....."

"Humph." She rubbed her temple and said, "Too hot."

"Ah?" Ji Hao Chen didn't understand his concise words and said in a lowered voice, "Do you need me to have the stewardess lower the temperature of the air conditioner?"

"I meant that." Luo Qing Chen was going crazy from being annoyed by Ji Hao Chen. She took a deep breath and calmed her anger as she said, "It's too hot abroad so I'm going back, do you understand now?"

“Oh.” Ji Hao Chen stuck out his tongue and said, “Sure enough, the brain of a genius is different from normal people!”

Actually Luo Qing Chen really had to doubt the eyes of the previous host. Not only had the previous host done it, her eyes were this bad!

In her memory, wasn't Luo Qian Zhe super handsome? No matter what, he could throw Ji Hao Chen far away!

The previous host's EQ really couldn't be complimented!

Twelve hours later, Luo Qing Chen arrived.

Because their home was a bit far from the Noble School, Luo Wen Feng had bought a high end apartment near the school for Luo Qian Zhe.

That way he didn't need to drive so far to go to school each day and he didn't need to live at school like normal people.

The previous host had no impression of the Noble School because she didn't go to high school there.

But she should know from that name that this school was for rich people.

She also knew something else.

The biggest shareholder of the Noble School was Luo Wen Feng, so even the principal had to be polite to Luo Qian Zhe!

Luo Qing Chen didn't immediately register at school and first went home.

Luo Wen Feng wasn't home, only her mother Hua Ying Yue was home.

“Madame, the young miss is back.” The butler was very happy when he opened the door to see Luo Qing Chen.

“Aiya, my baby girl, why did you suddenly come back!” Hua Ying Yue ran down the stairs and grabbed her hand, “Why didn't you contact me! I could have sent the driver to pick you up!”

“It's fine, I got a taxi!” Luo Qing Chen waved the passport in her hand and said, “I told dad about this when I came back, he probably forgot since he was too busy!”

Hua Ying Yue said with an unhappy look, “He will always be a workaholic, he even forgot something as important as his daughter coming back! Were you not happy abroad? It's good you're back. I was planning on calling Qian Zhe, he would die from happiness if he knew!”

“Don't, don't.” Luo Qing Chen said, “Didn't dad buy an apartment for Qian Zhe near the school? Do you have a spare key? I'll head over after I take a bath.”

The previous host didn't care about her little brother, she just knew he was an overbearing black bellied character.

After all, with the family background, it was normal to be arrogant!

“I’ll go get it!” Hua Ying Yue didn’t forget to tell a maid as she walked up the stairs, “Help the young miss draw a bath and let her wash up! My baby must be tired!

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 570: So what if you’re my big sister? (Part 5)**

Luo Qing Chen looked around the previous host’s house, magnificent and luxurious wasn’t even enough to describe it!

As expected of the biggest tycoon in S City, he had plenty of money.....

System, the previous host’s little brother.....Oh, no, what is the affection the male lead had for the previous host?

[30%.]

Why? Didn’t he have a sister complex? Why is it only 30%!

[It’s because the male lead thought of the previous host as his blood related big sister, so the 30% from an objective view is just familial love!]

When Luo Qing Chen heard this, she gave an understanding nod.

She wouldn’t care for now. Anyway the supporting male lead Xiang Tian Qing was with the supporting male lead, she didn’t need to worry about any rivals by Luo Qian Zhe’s side!

[.....The host will know tomorrow when you go to school!]

After taking her bath, she changed into a goose yellow plush sweater and a moon white pleated skirt.

She looked into the mirror and revealed a sweet smile.

The previous host’s eyes were very big, sparkling like grapes and her eyelashes were at least one and half centimeters long. She had a standard melon shaped face and although it was a bit fat, it could be considered cute and refreshing. Adding in the goose yellow plush sweater, she looked even younger.

Speaking of this sweater, she really wanted to curse the previous host!

This plush sweater was what she bought on the way back from the airport because in the previous host’s closet, there was only black and white! Really!

Please, can a high school girl dress like a high school girl!

We want to be cute, cute, and cute!

Not cold, cold, and cold, alright?

When she came downstairs, Hua Ying Yue sitting on the sofa was shocked.

She looked at Luo Qing Chen in surprise and said, “My baby girl’s style has changed after going abroad!”

“Does it look good?” She pursed her lips into a faint smile!

“Mommy really is pleasantly surprised!” Hua Ying Yue happily stood up and looked over her, “I can finally go and buy clothes again!”

When she bought clothes for her daughter before, she didn’t like any styles.

She only wore black and white! But if she didn’t like it, her mother wouldn’t say anything!

But she wished for a cute daughter, that way she could buy many, many clothes for her!

Luo Qing Chen shyly touched her ear and said, “Dad just called, I’ll go register at the school tomorrow.”

“Oh, oh, oh, right.” Hua Ying Yue took out a key from her pocket and handed it to her, “This is the key for Qian Zhe’s apartment. I still haven’t told him yet, but I think that he’ll definitely be happy to see you!”

Although Luo Qian Zhe wasn’t her biological son, he was the son she had raised and cherished.

As his mother, she could see through his small thoughts with a single glance, but her daughter was extremely cold to her little brother.

She didn’t know if it was because she had accidentally let her know that he wasn’t her biological brother.

But.....Luo Qian Zhe’s identity was even more important than theirs!

“I know!” Luo Qing Chen took the key and shook it, “Then I’m going to find Qian Zhe! I didn’t bring any clothes, so you can help me buy some! You can just throw out all those black and white clothes!”

“Ah, ah!” Hua Ying Yue was excited as a child as she said, “This is simply the wish I always hoped for, it’s finally come! I’ll have the butler bring over everything that I buy!”

“Alright!” She carried a silver white backpack and walked into the car, as she headed towards Luo Qian Zhe’s apartment.

This was a so-called favourable position! This so-called little brother, she would attack after she understood him!
