#### Chapter 571: So what if you're my big sister? (Part 6)

At this time, the Noble School was currently in the middle of the first class of the afternoon.

As soon as first year A class was over, there were many people who passed by it just for a single goal!

To see! Luo! Qian! Zhe!

He was lazily leaning against the window in the last row. That white uniform, that red bow tie, that slightly curling chestnut brown hair, and the way he looked out the window.

"Ah, ah, ah, so handsome!"

"It's Luo Qian Zhe! Seeing the school hunk for five minutes after class, I promise I won't fall asleep for the next class!"

"So envious of Su Yan Yan, it's fine if she looks good, but why does she have to be the school hunk's girlfriend!"

"What are you envious of? I've heard that Luo Qian Zhe's girlfriends never lasted more than a week."

.....

While everyone talked, Su Yan Yan was happily sitting beside Luo Qian Zhe!

What one week curse, she didn't believe it!

She was the most popular girl in the grade, alright?

"Young master Qian." Su Yan Yan softly called with a trace of shyness.

Because of the Luo Family, the people of the school and his acquaintances called him young master. Over time, his fans began liking to call him young master Qian.

He didn't hate this title, so he didn't say anything.

Luo Qian Zhe looked over, causing screams in the hallway.

He narrowed his eyes as the sun poured over his white skin. His eyes that were like stars had a pride and overbearing tone to them and there was a trace of evil in his faint smile.

Actually he was very lonely. That incredibly cold Luo Qing Chen had already left for a month!

Un, after middle school, he never called her big sister.

He didn't like this, he even hated calling her this.

That little girl clearly had a cute face and was a head shorter than him, but she was dressed in such a dark and cold manner all day!

Actually in middle school, Luo Qian Zhe never had a girlfriend.

There were many girls who wanted to become the demonic school hunk's girlfriend who had all failed, but he had already had over ten girlfriends in less than a week of high school.

As long as he was handsome, you had a chance as long as you weren't stupid!

But in reality, among all the girls that he had accepted, their faces were all similar to the girl called Luo Qing Chen!

Who told her to go abroad and leave him here, didn't she know that if he was alone.....

He would miss her!

"Young master Qian, do you want something to drink? I'll buy it!" Su Yan Yan lowered her head as a blush came over it.

He liked this kind of obedient girl, at least it wasn't troublesome!

Taking a girlfriend just because Luo Qing Chen went abroad, his heart really was unbalanced!

"Un." He softly replied as he spun the black pen in his fingers, creating another wave of cheers.

Once upon a time, he thought these cheers would attract Luo Qing Chen's attention.

But he found later that she didn't care at all.

Thinking of this, his heart was filled with a bit of discomfort! Which big sister hated their little brother this much!

Oh, no! He didn't admit that she was his big sister!

At the same time, Luo Qing Chen was already headed to Luo Qian Zhe's apartment with the key. She also had to put in a password when she put in the key.

Luo Qian Zhe's birthday was 0101.

Error!

Damn! She thought about it and used the previous host's birthday of 1224.

"Welcome home!" After that, the door slowly opened.

It really was the password, this kind of little brother was a bit terrifying.....

After entering, what she saw was a luxurious two floored suite!

Luo Wen Feng really cared for him! This suite was on the top floor, it was definitely priceless!

**Chapter 572: So what if you're my big sister? (Part 7)**

Luo Qing Chen put down her luggage and went to the bedroom upstairs.

The bedroom was magnificently decorated and there was a giant bed in the middle.

Once the curtains were pulled back, the beautiful scenery of the thirty second floor appeared.

She liked this room very much, but that black bellied, dominating Luo Qian Zhe wouldn't give it to her.

Thinking of this, she headed to the room on the other side of the hall.

She was stunned when she opened the door. There were pink decorations and dolls all over the room, as well as an extra large princess bed!

What was this situation, was her little brother a pervert!

But Luo Qing Chen liked this room better than the last one since the bed was like the bed she had in the Chaos Space!

"So hungry." She rubbed her stomach and looked at the clock on the wall. She decided to first solve her food problem!

She ordered a family bucket and changed into a pair of flowery pyjamas, sitting cross legged on the couch in the living room as she watched a drama!

Was there something wrong with Luo Qian Zhe, he was coming home this late in the first year of high school!

At this time, Luo Qian Zhe was receiving waves of cheers from his fans at the skating rink.

Su Yan Yan was standing beside him with eyes filled with pride.

He was very good at skating. Those boys who didn't understand his style and didn't dare confront him only tried to steal his spotlight from time to time.

But he quickly pushed forward and skated backwards, passing the other side, even making them fall to the ground.

After several rounds, there were cheers from the sidelines: Young master Qian, young master Qian, young master Qian!

One punk with yellow dyed hair looked at Su Yan Yan beside Luo Qian Zhe and began challenging him.

Naturally this punk didn't know Luo Qian Zhe's identity, so it was justified how bold he was.

But Luo Qian Zhe's followers couldn't keep watching and accepted the challenge.

Luo Qian Zhe gave a cold snort and took off the skates, before walking out with his coat.

"Young master Qian, what do you want to do later? Want to go to a bar?" One of the followers, fatty Wang came over and asked in a low voice.

"A bar." Su Yan Yan quickly caught up and said, "I've never been there before!"

"Un?" He softly replied before his lips curled into a dazzling smile, "Then don't go."

"Where are we going next?"

"Home!"

The valet brought over his car and respectfully handed the key over to him.

He took the key and didn't forget to say to fatty Wang when he opened the door, "Send her home!"

"Oh?" Fatty Wang scratched his head before saying with an embarrassed smile, "Understood, young master Qian!"

Su Yan Yan was stunned. She had heard that Luo Qian Zhe never took girls in his car, so she took a taxi here, but she never thought that he wouldn't send her home.....

She thought that she was different from his other girlfriends, but now it seemed that she was the same!

"Xiu." Before Su Yan Yan could react, Luo Qian Zhe stepped on the pedal and headed in the direction of his apartment.

Without knowing why, he really wanted to go home early today.

He didn't even want to go skating after class, he just wanted to go home, go home, and go home!

He never wanted to go home early before, so why did he want to today?

"Ka." After pressing in the password and stepping in the door, he was frozen in place.

The light in the living room was on and Luo Qing Chen was on the sofa eating a fried chicken leg while looking at him in a daze.

#### **Chapter 573: So what if you're my big sister? (Part 8)**

"He, he, he, he." Luo Qing Chen looked at him with an awkward smile and said, "Do you want some?"

Luo Qian Zhe kept blinking his eyes in disbelief. He quickly closed the door and walked over to her.

"Dong!" He sat down beside her and his right hand went past her neck, pressing against the sofa behind her.

Luo Qing Chen was stunned, feeling that this posture was a bit ambiguous. Her mind went blank and her ears turned a bit red.

"When are you here?" His expression changed slightly and an aura that brokered no resistance appeared around him.

She actually came back! Moreover, she came to his apartment! Wasn't this unbelievable?

Actually Luo Qian Zhe was very nervous at this moment, his heart was turning like a river, but he had to be calm!

"I....." Luo Qing Chen's breath stopped and after moving the chicken away, she said, "I came back early....."

This was her first time feeling that this male lead was a bit too strong. He had a handsome face and there was a scary arrogance in his eyes.

"It can't be that you were kicked out of the foreign school, right!" Luo Qian Zhe took the family bucket from her hand and calmly said, "What did you come looking for me for?"

Wasn't it a sister complex, didn't he die for her!

Luo Qing Chen didn't feel anything else, she just felt that he was filled with hostility!

"Ke, ke." She cleared her throat and said, "Your big sister is a genius, how is that possible?"

Hearing the words "big sister" would definitely suppress the other side's arrogance.

"Who says you're my big sister." Luo Qian Zhe asked with a soft snort, "I'll take you out for dinner."

Not getting something good when she came back and eating this kind of junk food!

"Ah?" Luo Qing Chen was stunned. Why did the scene suddenly change and he was taking her out for dinner!

"Change your clothes and we'll go!" Luo Qian Zhe saw her flowery pyjamas and a faint glow appeared in his eyes.

These pyjamas really weren't her usual style.....

Ai, actually she was already full! Faced with the male lead's invitation, should she go or not!

She decided after considering it for three seconds!

Go!

After changing clothes inside, she came out and picked up her goose yellow sweater to put on.

Luo Qian Zhe was first stunned when he saw the goose yellow sweater and then seeing her cute appearance when she couldn't find the head hole, his heart couldn't help filling with shallow waves.

[Ding affection has increased by ten. Mission completion rate is now 40%.]

Luo Qing Chen was stunned when she heard the system giving her affection.

What is this situation, just a sweater can increase affection!?

After that, a pair of warm hands tightly held the sides of the sweater and with a soft pull, her head popped out.

"Why does it feel like you've become a klutz after going abroad!" There was a trace of pampering in Luo Qian Zhe's voice. His slender fingers fixed her hair as he said, "Is this kind of cute clothing popular abroad!"

Luo Qing Chen fixed her hair before saying, "It's very cute?"

He was stunned before turning to walk out while saying, "Un, it's quite cute."

Luo Qing Chen gave a soft laugh as she watched his back. This kind of feeling wasn't bad.....

A Maserati Spyder, a limited sports car all around the world that had already been discontinued.

There was only one in S City.

The previous host rarely took his car, she either sat in the back when the entire family went together or she would drive her own car.

She walked to the passenger seat out of habit and opened the door before sitting down.

[Ding, affection has increased by ten. Mission completion rate is now 50%.]

???

What was this, just sitting in the car can increase affection?

Just how bad did the previous host treat her little brother!

**Quick Transmigration Female Lead: Male God, Never Stopping**

**Chapter 574: So what if you're my big sister? (Part 9)**

Luo Qian Zhe was frozen in place as he looked at Luo Qing Chen in the passenger seat. His heart suddenly skipped a beat.

After all these years, this was her first time sitting in his passenger seat.

When he learned to drive, he wanted to take her out for a drive.

But out of fear his skills weren't good, he used a hundred million to protect this driver's seat.

But in the end, she never sat in this spot.

In Luo Qian Zhe's eyes, if it wasn't her, no one else could sit in this spot.

"What are you standing in a daze for!" Luo Qing Chen waved her hand at him and said, "It's so cold!"

The difference in temperature in this city was a bit too much.

She felt a bit warm in the daytime wearing this, but now she felt cold!

Luo Qian Zhe saw her shivering and quickly got in the car. He turned the car on and turned on the heating.

"Where are we going?" She asked. She didn't feel hungry earlier, but now she felt like she could still eat!

"We're not eating first." He looked at her before turning to gently fasten her seatbelt before saying,

"We're going to buy clothes first."

???

Wearing this kind of shirt and sweater during a cold winter day! Want to look stylish without caring for comfort?

He would rather have her wear black and white, at least she would be warm.....

"Buy what....."

She didn't even get to say anything as she was scared by how fast Luo Qian Zhe was driving.

“You.....drive slower!” She saw the trees on both sides quickly passing them before turning to Luo Qian Zhe to say, “Your big sister is timid, drive slower!”

His brows knit as he went from 150 to 200.

“Luo! Qian! Zhe!” Luo Qing Chen was about to explode, this car felt like it was on the path of the yellow springs!

“I don’t want to call you big sister.” His voice was very soft, but also very determined, “If you agree, I’ll slow down!”

Damn!

“Anyway, you wouldn’t say it anyway!” Luo Qing Chen bit her lip and said, “Slow down for me!”

Luo Qian Zhe heard this and thought that it seemed to be true!

He indeed hadn’t called her big sister in a long time!

Luo Qian Zhe’s Maserati Spyder stopped at the door of a luxurious clothing store.

“Luo Qing Chen.” Luo Qian Zhe looked at her and said, “Give me your wallet.”

“What are you calling my surname for!” Luo Qing Chen looked at him with a stunned look!

Not calling her big sister, but he couldn’t just call her by her surname!

Where’s the politeness! Upbringing! Respect!

Luo Qian Zhe was stunned. He looked at her and said. “What do you want me to call you then?”

It wasn’t like he didn’t bring up not calling her big sister, but she never agreed.

If she suddenly strangely agreed, he didn’t know what to call her!

“Qing Chen.” She rubbed her ear and said, “Take off the surname!”

“Un.....Alright!” Luo Qian Zhe didn’t care what he called her as long as it wasn’t big sister. He looked at her before he said, “Give me your wallet.”

She looked at him with a perplexed look as she gave him her wallet, “Did you not bring your wallet!”

He took her wallet and pulled out her unlimited black cards, leaving only a single savings card. Then he gave the wallet back to her and said, “Here, for you.”

???

What was in this person’s mind at this moment?

“What did you take my cards for!” Luo Qing Chen wanted to reach out her hand to take them back, but she found that he threw the cards into the glove compartment of his car. He then took out his wallet and took out his black card for her, “Because you can use mine!”

.....

He said it like they had two different cards!

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 575: So what if you're my big sister? (Part 10)**

Actually he just wanted her to rely on himself a bit more.

The previous her seemed really alienated from him.

"Is there a difference?" She took his card and put it in her bag, "It's all mom and dad's money in the end!"

"Of course there is a difference." Luo Qian Zhe calmly unfastened her seatbelt as he said, "Anyway, just use mine...."

"Oh!" She softly replied, not understanding her little brother's thoughts!

After getting out, they walked into the luxurious clothing store!

It really was luxurious, each piece of clothing was more than over fifty thousand yuan.

She went around and finally came to a white fur coat, "This one then!"

"Wrap it up." Luo Qian Zhe's voice slowly sounded, giving her some idea of what he was thinking.

"Alright, sir!" The lady at the front desk had a bright smile on her face, since she could tell the value of this person just based on the car that was parked outside.

Actually Luo Qing Chen didn't plan on buying any clothes here, but if they just left, her precious little brother wouldn't be able to achieve his goal of showing off.

Not to mention that Luo Qian Zhe probably didn't know that Luo Wen Feng was probably on the board of directors for this store.

Well, let's just treat it as contributing to their father's high end luxury business!

After walking out the store, Luo Qian Zhe took out the coat and put it over her, "Now we can go eat!"

She rarely used to buy this kind of fluffy clothes, but seeing her wear it, she really was cute....

"What are we eating?"

He helped her button it up as he asked, "What do you want to eat?"

"Spicy hot pot!" Her eyes lit up!

When it was this cold, of course eating hotpot was the most exciting!

[Ding, affection has increased by ten. Mission completion rate is now 60%.]

?

Increasing affection from eating hotpot, what was this!

“Un, there is a decent hotpot store near here.” He saw her excited eyes and his heart became restless again!

Sure enough, the only one who could move his heartstrings like this was his big sister.....No, it was Luo Qing Chen!

A cold breeze blew by and she put her hands into her pocket before looking at him, “Let’s go, let’s go!”

Luo Qian Zhe put the coat’s furry hood on her head and gently took her by the shoulders into his embrace, “Un.”

She was a bit surprised, feeling that his big palms could protect her from everything.

But in his heart, she was still his big sister!

How could he beat the pass in his heart!

After finishing their hotpot, Luo Qian Zhe drove the car back to the apartment.

On the way, he didn’t drive that fast and there was a very slow feeling.

“Are you going to register at the school tomorrow?” Jay Chou’s “Dandelion’s Promise” was playing in the car, creating a warm atmosphere.

Luo Qing Chen closed her eyes and said with a nod, “Un.....”

She felt a bit tired, of course it was time to sleep after eating! She hadn’t gotten rid of her jet lag yet, so she was so tired.....

Luo Qian Zhe saw that she was a bit silent and thought that she had suddenly become the cold Luo Qing Chen, so he quickly looked over.

But he found that she was tucked in the furry coat, having already fallen asleep.....

He was a bit surprised, but he felt his heart skip a beat as he actually became a bit nervous.

Luo Qian Zhe slowly parked the car and took off his belt before going out his door.

He went around and went to her side, helping her take off her seatbelt.

There was only one thought in his mind: Don’t wake up, don’t wake up, don’t wake up.

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 576: So what if you’re my big sister? (Part 11)**

He carefully picked her up and let her lie on his back, as he carried her off.

She was very soft and the fur coat was very soft, it was like carrying a cloud of marshmallows.

So warm.....

He looked at the elevator before looking at the stairs. Without even giving it a thought, he headed towards the stairs.

Luo Qing Chen could faintly tell that someone was carrying her, gently and carefully, walking up the stairs step by step.

Thinking about it, it should be his first time carrying her like this. Her soft breathing on his neck, it really felt warm.....

The thirty second floor could be reached in thirty seconds, but classmate Luo Qian Zhe took half an hour!

Perhaps that half an hour was just a short dream she had.

But for him, how hard was it to carry her up these long flights of stairs.

Before, she never let her approach her, not to mention carry her.....

The next morning, Luo Qing Chen opened her eyes to find that she was sleeping in——

The master bedroom!

What was this situation? What was happening? Where was she?

She had a confused look as she walked out. Luo Qian Zhe had already made breakfast and was waiting to go to school with her.

“Luo Qian Zhe!”

“Why did you even include the surname.” He saw her stunned look and her hands at her waist and he said, “Did you sleep well last night?”

“Sleep.....Ke, ke.” She cleared her throat and said, “Why was I sleeping in the bedroom last night!”

When she said this, her face couldn't help feeling a bit warm! She looked at the goose yellow sweater she had on, nothing should have happened, right.....

“Then did you want to sleep on the sofa?” Luo Qian Zhe looked at her with a faint domineering look.

“That.....” She pointed at the bedroom on the other side and asked, “Isn't there another room?”

The room filled with dolls and presents!

“It hasn't been cleaned in a while, I didn't want you to sleep there.” He looked at the sofa and said, “I slept on the sofa last night!”

Luo Qing Chen looked at the sofa and said, “You really respected your old.....”

Before she could finish, she received Luo Qian Zhe's sharp gaze.

She quickly changed the topic, “Did you make breakfast?”

“Bought it.”

“Right.” She pointed at the pink styled room and asked, “Why do you have so many dolls!”

“Someone gave them to me at school after I entered high school.” Luo Qian Zhe put a bit of sugar in her milk before handing it to her, “Didn't you say it was rude to throw out other people's gifts?”

When he was in middle school, he received gifts from girls. Girls really were strange at times.

Why did they think that a man would like the dolls they liked?

He really didn't like them.....

At first he threw them away, but she was spotted by him at the school gate once.

She looked at him with a cold look and said, "Don't step on other people's emotions, there will be a day your emotions will also be stepped on."

Since then, he never threw other people's gifts in the trash because he didn't want his emotions to be thrown away!

Luo Qing Chen took the glass of milk in a daze and said, "Hasn't it only been a single month? There are over three hundred dolls in that room?"

"Over three hundred?" His expression slightly changed as he said, "I never counted....."

Actually he had prepared that room for her. Although he was very clear that she would never live in it or even come back.

But god seemed to be taking care of him, letting him see the person of his heart.....

### **Quick Transmigration Female Lead: Male God, Never Stopping**

#### **Chapter 577: So what if you're my big sister? (Part 12)**

The milk was very sweet, it was what she liked.

But she never would have thought that Luo Qian Zhe would be this popular at school.

In the elevator, Luo Qing Chen looked at him with a very serious look as she asked a question!

"You've received this many presents in a short month of high school, this means that you're very popular in school, right?"

"Un." He said with a nod, "I can be considered so!"

Actually he was very happy when she asked this question, it was like how he wished she could see him shine!

"Then let's leave separately later!" Luo Qing Chen thought about it before saying, "I'm just arriving at this school, I don't want to be an outcast!"

Luo Qian Zhe would never admit that he was her big sister. If he went to school with someone who wasn't his big sister, with how popular he was, perhaps there would be all kinds of rumours!

"Why!" Luo Qian Zhe knit his brows in discomfort, she wasn't willing to be with him?

"I don't care!" Luo Qian Zhe ran off as soon as she came out of the elevator, not giving Luo Qian Zhe the chance to grab her at all.

Standing at the entrance, she was thinking about whether to drive or to take a bus!

Although her car wasn't as expensive as Luo Qian Zhe's it was still a luxury car of over a million. Driving it to school would still create an explosion.

It was better to ride the bus.....

The apartment was very close to the school, it was only two stops. She saw the 117 was here and quickly got on the bus.

But when she got on, she realized that she didn't have any change!

"Little sister, get off if you don't have change! Get some change before getting on the bus!" The bus driver's face was ugly, like his mood wasn't good today.

Luo Qing Chen looked at her phone, she would definitely be late if she changed buses now.

But she couldn't just throw in a hundred yuan for a bus.....

After hesitating, she still turned to get off.

At this time, a silver coin dropped in behind her and a cool voice sounded, "I'll help her pay."

The bus driver couldn't say anything since someone had paid, but his face was still dark.

Luo Qing Chen gave a soft snort before saying to the youth beside her, "Thank you."

But the moment she looked up, she was shocked!

If Luo Qian Zhe was a prince of hell, overbearing and completely black bellied.

This person had the aura of a ruler of a castle. He had a chiseled face and thin lips under a tall nose. His eyes were very cold, giving people a chill that pushed them away.

Seeing that he was wearing the same sweater that Luo Qian Zhe had been wearing yesterday, he should be a student of the Noble School.

But the students there definitely wouldn't ride the bus!

Even if they didn't drive a sports car that cost ten million like Luo Qian Zhe, they would have drivers to pick them up.

With the calm analysis of her 180 IQ, she realized that this person should be someone who entered the school with their high marks.

The two stations were very quick and she got off the bus with him, heading in the same direction.

He knew that she was behind her, so he slowed down and said in a cool voice, "You are a student of the Noble School?"

"Yes....." She said with a slow nod, "I just transferred today."

He slightly knit his brows, just like she had been earlier, falling into his thoughts.

But they didn't notice that only by walking side by side for less than ten seconds, it attracted the attention of the other students.

Luo Qing Chen felt that she should walk aside a bit.

Su Mu said in a soft voice when he saw this, "Don't mind them, the students here are like this."

"Ah?"

"They like handsome guys, gossiping, and being in love."

With money, they never needed to study hard and could still get everything.

He hated the worship of these people and disdained their love.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

**Chapter 578: So what if you're my big sister? (Part 13)**

Luo Qing Chen said with a nod and an awkward smile, "Un."

To be honest, she could half guess what this person was thinking, so she felt a bit awkward.

After all, they were different.

A Maserati Spyder was parked not far away. The person inside didn't get out as a look of extreme discomfort filled those deep eyes.

Un, he was angry!

When she entered the school, she gave the security guard the pass and was smoothly let in.

When she opened the door to the office, there were happy cheers, "Surprise!"

"Peng, peng, peng." Three poppers went off.

It was the principal, the vice principal, and the head teacher.....

"Director Luo gave me a call yesterday saying that his daughter was also coming, so I prepared a surprise for you!"

.....It was frightening!

"He, he, he." Luo Qing Chen gave an awkward laugh and said, "Thank you....."

It seemed like Luo Qian Zhe had an absolute position in this school. Even the leaders of the school were like this, how could one not become arrogant!

"That, principal, I'm here to register." She took out her form and placed it on the table, "As for me being Luo Qian Zhe's big sister, he wouldn't be happy to let others know about this."

"Yes, yes, yes, young master Qian called me about this yesterday. There are only we three that know about this, no one else!"

"Ha, young master Qian?" Luo Qing Chen said with a stunned look, "He even called?"

As expected, it was embarrassing for him to let others know that she was his big sister!

Damn!

“Then just follow what he said, I’ll just transfer in as a normal exchange student!” Luo Qing Chen said to the principal.

“Yes, yes, yes!” The principal said in an awkward voice, “Right now class A is full, so we can only take someone out. Everyone might find out that....”

“Un, no need.” Luo Qing Chen said with a frown, “Just put me in any class!”

She knew the hidden rules of this school, class A had to be filled with rich people. If someone was to be pulled out for her, everyone might be able to guess that she wasn’t normal.

There was no need for them to do this, it wasn’t important if she was in class A or not.

“Then we’ll put young miss Luo in class B!” The principal said politely, “Do you need me to talk to the class B teacher?”

“No need!” She shook her head and said, “It’ll be troublesome if more people know and the principal doesn’t want to cause trouble for young master Qian Zhe.....”

“Yes, yes, yes.” The principal said with a smile, “Ji Hao Chen who came back with you is also in class B, he just finished registering.”

Why was it Ji Hao Chen again, wasn’t this person appearing too often!

Will it ever end! This treasure doesn’t want to see him?

Class B was behind class A, so you had to pass class A to get to class B.

Luo Qing Chen could a chill when she passed by class A like she had seen a ghost, causing her to tremble.

She didn’t even need to think to know that Luo Qian Zhe was definitely staring at her.

When she didn’t enter class A, he was surprised!

The principal didn’t put her in class A, what was this! It can’t be.....

He looked at his phone and found that she had sent a text.

(You’re not in class A? ——Luo Qian Zhe)

Luo Qing Chen walked along as she took out her phone. She took a look before quickly typing a few words.

(Class A is full! If you want me to use the identity of Luo Qian Zhe’s big sister to enter class A, I don’t mind! ——Luo Qing Chen)

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 579: So what if you’re my big sister? (Part 14)**

When Luo Qing Chen entered the classroom, she immediately became the center of attention.

“This is classmate Luo Qing Chen who just transferred to our class, take care of our new classmate in the future!” The teacher gave a brief introduction and the class exploded.

“Such a cute girl!”

“Her eyes are so big, so beautiful!”

“Another beautiful girl, young master Qian might take her away!”

“Ai, stop dreaming, who knows who will hook who! Our young master Qian has never hooked anyone!”

“That’s right, that’s right! It was everything those girls posted, alright?”

.....

God! This treasure is in class B, why can’t she avoid gossip about Luo Qian Zhe!

His popularity really is heaven defying!

“Classmate Luo, you can sit in any empty spots you see.” The teacher’s strict voice sounded, he seemed like a very strict person.

Luo Qian Zhe looked around and found a total of three empty spots.

One by Ji Hao Chen, one by Su Mu, and one by a boy who seemed quite sloppy.

Although people couldn’t be judged by appearance, first impressions were still important!

In the end she came to the seat by Su Mu. The teacher felt a bit awkward since Su Mu never liked having a deskmate, so it was easy to affect his studying.

This person was first in middle school and was first in the entire year just in the first month.

If something affected his studying, it wouldn’t be good.

“Can I sit here?” She tentatively asked Su Mu.

“That, classmate Luo.....”

“Un, alright!”

The teacher: “.....”

Luo Qing Chen put down her back and said with a nod, “Thank you!”

Before her butt came down, there was the sound of gossip that slowly entered her ears!

“When other people transferred to our class, didn’t Su Mu reject everyone who tried to sit by him?”

“But this one looks good this time! A male god also cares about face, alright?”

“That’s right! One has skills if they look good! I would show off in front of young master Qian if I looked good, perhaps I could be his girlfriend for a few days!”

“Speaking of that, Su Yan Yan seems to be young master Qian’s longest girlfriend, it’s already been four days!”

“Right, right! It can’t be that young master Qian’s heart has been moved, right!”

.....

Girlfriend! Girlfriend! Girlfriend!

This word flashed in her mind three times!

Luo Qing Chen carefully went through the previous host's memories, but there wasn't a mention of Luo Qian Zhe's girlfriend at all!

What was this situation? Why was the world changing!

"Based on your expression, you seem to care very much!" Su Mu looked at her and said this.

Luo Qing Chen was a bit surprised before shaking her head and saying, "I was just thinking about what you said this morning."

Three seconds later, Su Mu said with a faint smile, "The nine words are true."

"They like handsome guys, gossiping, and being in love."

"Ding ling." The first bell rang and the girl in front of Luo Qing Chen turned to her to say, "I'm Feng Xiao, I'm very happy to be your classmate!"

"Hello!" She said with a slight nod and a faint smile, "I'm also very happy."

Feng Xiao had faint dimples that were very cute when she smiled.

Of course, she didn't like scheming, so she asked the system before making a friend!

[Feng Xiao is an open girl, she doesn't plot!]

Oh! Ok!

"Do you want to get a drink? We can go to the vending machines downstairs together!" Feng Xiao said to her with a smile, "We can also pass by class A to see young master Qian!"

.....

Luo Qing Chen wanted to agree to the first part, but when she heard the last part, she very much wanted to refuse!

Was there a problem! Why buy a drink just to take a look?

**Chapter 580: So what if you're my big sister? (Part 15)**

Youth always did dumb things to take a look at their crush. Passing the hallway just to fulfill the small and humble wish in their heart.

Luo Qing Chen agreed to go with Feng Xiao in the end since someone had invited her right after she came to the class, it wasn't good if she rejected her!

Not to mention, the other side was a cute girl!

She turned to look at Su Mu and said, "Do you want to drink something?"

Su Mu was surprised, never thinking that she would suddenly ask him this. He casually said, "Mineral water!"

When Luo Qing Chen prepared to stand up, Ji Hao Chen came over. He looked at her with a bright smile and said, "Ai, classmate Luo, we could be considered fellow exchange students yet you didn't choose to sit with me.....It can't be that you....."

Actually, he really didn't want the reason she chose this seat to be because of Su Mu.

His heart was very uncomfortable when he had this thought!

"What?"

"No....." He scratched his head in embarrassment and said, "No....Nothing!"

Actually he wanted to come and say a few words, but he never thought that Luo Qing Chen would be so cold! Not willing to talk to him at all!

He hadn't done anything to make her hate him.....

But Ji Hao Chen didn't know that his words had entered into Su Mu's heart.

He also wanted to know why she chose to sit by him!

If it was like the others who wanted to sit by him for a purpose.....it seemed.....quite good!

"Aiya, stop stalling! Class will be starting soon!" Feng Xiao pointed at the clock on the wall and said, "Qing Chen, let's go quickly!"

But to be truthful, there were many girls at the door of class A!!

There were around twenty to thirty of them and a few girls walked by with happy looks on their faces.

Luo Qing Chen bought a bottle of Yakult and Feng Xiao bought a bottle of Coke.

She looked at her with a smile and said, "I especially like drinking fizzy drink, there is a refreshing feeling."

She didn't forget to open her Coke as she spoke, but an accident suddenly happened!

It was because she had been shaking it, but the coke splashed out and fell onto Su Yan Yan.

"This is bad....Ah!" Feng Xiao didn't even get to apologize as Su Yan Yan pushed her to the ground.

"Do you even have eyes!" Su Yan Yan had a fierce look, looking quite domineering!

She didn't know what it was, but Luo Qian Zhe had been absent-minded today. When she talked to him before, although he didn't say much, he would give a soft response. When she talked to him earlier, he had her leave.

She had only been his girlfriend for four days and was the oldest on so far, so why did it suddenly become like this!

There was some blind person who splashed Coke onto her at this time, so her anger in her heart exploded!

Luo Qing Chen knit her brows and quickly picked Feng Xiao up. Feng Xiao's face was red as she threw the bottle of Coke into her face, "So what if I'm blind!"

Right, she had a big temper!

Even if she had to apologize for doing something wrong, no one could shame her! She didn't know who Su Yan Yan was, but she couldn't bully someone still!

Su Yan Yan took a step back from being hit and a plan suddenly appeared in her mind.

She broke out in tears.

This.....She was looking so fierce, so why did she suddenly become so weak!

One of the boys saw that she was on the ground crying and called into class A, "Young master Qian, someone is bullying your girlfriend!"
