#### Chapter 611: So what if you're my big sister? (Part 46)

In the end, Xiang Tian Qing left the scene of the crime and finally dropped out from the shame.

Luo Qing Chen as Luo Qian Zhe's only recognized wife, her position could be described as rising in the school.

Adding in the fact that she was very handsome, she gained many fans.

Feng Xiao's impression of Ji Hao Chen wasn't as good as before because he helped Xiang Tian Qing.

Gradually, she turned her head less and less.

The school days gradually became peaceful, but their home lives seemed.....

The daily things in their lives were——

"Luo Qian Zhe, stop coming to my bedroom without a word!"

"You didn't lock the door, you can't blame me."

Actually she didn't know that he had secretly hidden a spare key!

—

"Wife, do you want pizza or barbeque tonight!"

"Luo Qian Zhe, don't call me wife!"

"You said yourself: Because I am Luo Qian Zhe's girlfriend!"

"I take that back now!"

Someone was pressed back against the sofa as his lips curled into a faint smile, "Sorry, there are some things that can't be taken back!"

—

"Wife, should we go on vacation?"

"No."

"Wife, let's skip class tomorrow!"

"No."

"Wife, why are you secretly talking to Su Mu today!"

"What secretly, I did it openly!"

After that, someone took her into his embrace, "Then can I also openly hold you in the future?"

"No!"

"I don't care!" He let her go as his lips curled into a pampering smile.

—

These kinds of warm days finally ended on a certain day because of the first argument.

A small argument.....

The reason was because he called her 'wife'.

"Luo Qian Zhe, can you not call my wife in the future?" She said with a frown, "At least don't call me that in front of the teachers."

She wasn't worried about anything, she just didn't have any impressions of Luo Qian Zhe in the previous host's memories.

He indeed wasn't her little brother, but what his identity was and why the Luo Family hid it, it definitely would be revealed soon.

There were too many rumours at school and if it reached their parents' ears, it wouldn't be a good thing!

"What are you worried about?" He frowned as his heart filled with a bit of discomfort.

He naturally knew the reason why she didn't want him to call her this, it was related to their family and their face.

But to him, it wasn't important at all. Her remaining by his side was the most important thing.

"I'm worried that....." She began with a serious argument, "If our parents find out, it wouldn't be good."

"Mom already knows!"

"Ha?"

"Mom always knew!" Luo Qian Zhe moved to sit down on the sofa as he said with a serious look, "Luo Qing Chen, I think I know what you're worried about."

Every girl wanted to be a mother and if they were together, it was impossible for them to have a child as close relatives.

Was she worried about this? He guessed it was this.....

"Ah?" Luo Qing Chen was a bit surprised. Seeing his serious expression, she immediately shook her head as her high IQ brain quickly turned, "No, it isn't for the reason you're thinking about.....I just feel that as your big sister....."

"So what if you're my big sister?" He raised his right hand and pulled her head in his direction, "It isn't anything, we just won't have kids!"

??? God!

Luo Qing Chen's mind OS: I knew he was going to say that! He really is a fool!

But this simple sentence was really moving!

**Chapter 612: So what if you're my big sister? (Part 47)**

It wasn't just mothers were great, each father was great too!

He wanted to be with her, even if it meant having the chance to be a father!

But he didn't regret it at all.....

"In short, do you agree or not!" Luo Qing Chen saw that there was no use, so she directly confronted him!

"No!" He slightly knit his brows as he gave a proud snort.

But actually, he still wanted to spoil her and promise her this.....

"Luo Qian Zhe!" She pursed her lips and said, "Didn't you say yesterday that you liked shrimp dumpling from the West Dragon House? I'll help you buy some?"

This black bellied little brother really liked food, it was fine to bribe him sometimes!

"Humph!" He said with a soft snort, "If I really like it, many people will send it over with just one phone call!"

"Then you can find someone else!"

Not taking soft or hard, Luo Qing Chen had no other way!

Give up! Give up! Give up!

"Don't." He used a bit of force and she fell into his embrace.

There was a slight pampering in his voice as he held her and said, "Things bought by my wife are definitely better than other people!"

Luo Qing Chen was a bit surprised when she heard this.

After all, people with his personality rarely compromised with other people.....

"Ke, ke." Luo Qing Chen gave a soft laugh as she reached out to pat his head, "Good~!"

As her voice fell, she forcefully broke free of his embrace. She jumped up and stuck out her tongue, "Ze, ze, ze, I'll go and buy it now."

"Don't, isn't it fine if I just promise you?" He looked at the clock and said, "It's already eight, don't go out!"

"No!" Luo Qing Chen said, "We already agreed on an exchange, so I have to do it!"

"Then I'll go with you!"

"No!" She came forward and shook his arm, "Young master, your wife is going to buy it for you now!"

“.....” Luo Qian Zhe heard this and he was frozen on the spot.

He looked at her in disbelief and said, “You.....What did you just say?”

“That.....” She picked up her phone and purse before running out, not forgetting to say, “Good things aren’t said twice!”

“Peng!” The sound of the door closing came after.

He looked at the door as a smile appeared on his lips from the bottom of his heart.

Sometimes being pampered by her really was good.

It really was good to be by her side.

But he never would have thought that this trip to buy dumplings would put her in danger.

Wang’s Dumplings was a very famous dumpling store in S City, it was a very simple restaurant. It opened to midnight each day and there would be many people lining up.

Because the apartment was in a high end area and Wang’s Dumplings was in a mixed residence area, Luo Qing Chen arrived there at eight thirty and there were plenty of people still in line.

She took a queue number and waited by the door.

Next to Wang’s Dumplings were two long lines of food stalls that opened late every night.

It was called: The city that never slept.

She wanted to call Luo Qian Zhe, but a familiar voice sounded in her ears.

“Ai, isn’t this Luo Qing Chen?” Xiang Tian Qing was in a black lace short dress with heavy makeup on, with a cigarette in the corner of her mouth.

Luo Qing Chen knit her brows. She slowly sat up and narrowed her cold eyes as she looked at the people behind her.

Two little sisters and the rest were bad boys.

Luo Qing Chen put her cell phone in her pocket and her lips curled as she said, “After being defeated, you’ve fallen in life? Is this cheapening yourself?”

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 613: So what if you’re my big sister? (Part 48)**

Luo Qing Chen didn’t know that her call to Luo Qian Zhe had connected. He called out twice before feeling unsettled.

He picked up his car keys from the table and ran downstairs.

At the same time, at West Dragon House’s Wang’s Dumpling entrance.

"You dare talk about father's girl, you don't want to live, right!" The man standing by Xiang Tian Qing suddenly took out a ten centimeter long blade. He had a hand on Xiang Tian Qing's shoulder as he waved it and said, "Want to die, father will send you to hell!"

"Brother Dog is strong, Brother Dog is strong!" The followers behind him raised their hands and chanted like they were in a protest march!

Luo Qing Chen narrowed her cold eyes and looked over this man in front of her.

He had many black studs in his ears and one on his lip. He had greenish yellow hair and eyeliner that was thicker than a girl's. His hands and neck were covered in bronze and iron, making him look like a big brother!

She gave a soft snort as she looked at Xiang Tian Qing in disdain, "True match."

Just two simple words made Xiang Tian Qing's expression change as her eyes filled with rage.

This hatred seemed to flow out in an instant.

If it wasn't for Luo Qing Chen, she would still be the carefree Xiang Family's young miss. She wouldn't be a girl who would be touched by this kind of dirty man!

Luo Qian Zhe really was capable. With just a few calls, her family had collapsed.

Her father had become an abusive alcoholic and her mother had ran away with another man in just half a month.

The money was gone and even her family collapsed.

As for the one who did it, it was effortless for Luo Qian Zhe.....

"Brother Dog, don't you want me?" She bit her lip. She pressed her two mounds against Chen Er Gou and after rubbing a few times, Chen Er Gou had no way of resisting.

He took the blade and slashed the chair in front of him in half as he said in an angry roar, "Scram if you don't want to die! Today I, Chen Er Gou will be going on a rampage in this West Dragon House!"

The lively street suddenly became silent.

The surrounding people saw that someone took out a knife and they all ran as far away as possible.

In less than ten minutes, everyone had disappeared.

Chen Er Gou had some fame in this West Dragon House. Although he was only a small gangster, he was quite fierce when doing things.

"Luo Qing Chen." Xiang Tian Qing looked over her freshly done nails while she said with a smile, "I'll give you two choices, kneel or die."

When she said this, her heart was filled with satisfaction. In the past, she had been shamed like this in front of everyone.

Now she finally had a chance to take back this grudge.

It was her, this person in front of her who ruined her family.

She said that she definitely wouldn't let her off.

Now the heavens were helping her. She had appeared alone in front of her without anyone around.

"Unfortunately, I don't want either of those choices." A dangerous look appeared in her eyes as she looked at Xiang Tian Qing's group, "Come together."

This Taekwondo skill worth five hundred exchange points was really quite worth it, she had used it several times.

Chen Er Gou saw the girl with an outstanding appearance that was quite childish looking this arrogant and the veins on his face popped out.

"Good, very good." He raised the ten centimeter long knife and looked at Luo Qing Chen as he said through gritted teeth, "Don't blame this Brother Dog for not showing mercy. Brothers, let's do her before killing her, what do you think?"

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 614: So what if you're my big sister? (Part 49)**

"Brother Dog is strong, Brother Dog is strong!" There was another mechanical cheer.

"Brother Dog, let the two of us go first!" Two little sisters chewing gum said with looks of disdain, "To bully our big sister Tian Qing, let us get revenge for her!"

This kind of trash didn't need Brother Dog to come out, they were more than enough!

To be little sisters, they had some basic skills!

"Alright, you go!" Brother Dog took a strong puff of his cigarette before saying with a smile, "Let Brother Dog see how you've grown recently!"

Xiang Tian Qing had a proud smile, like she was already standing there as the winner!

The two little sisters imposingly came forward. The moment they came forward, they didn't forget to shout, "Ah!"

"Not knowing your own strength." In an instant, Luo Qing Chen jumped forward and landed behind them. Her left and right hands slapped onto their necks at the same time.

"Aiya!" The two little sisters cried out in pain as their eyes rolled back and they fell down.

This only took less than three seconds, it was so fast the Chen Er Gou was stunned.

His mouth was so wide open that it could fit an egg!

"I advise you to come up together, it'll slightly increase your chance of winning." Her eyes had a bit of a red glow and her smile was like a flower of hell blooming.

Xiang Tian Qing took a step back in fear as her face gradually turned pale.

Back at school that day, she had seen Luo Qing Chen jump down from the second floor and land firmly on the ground.

The people around had said that she could beat ten people alone, but she didn't believe at all.

How could that be possible? She seemed this weak, she seemed like she could be easily beaten.

But she had moved too quickly just now, so fast that she couldn't see what she did. The two of them had already fallen when she charged forward.

Chen Er Gou's face wasn't good at this time. He saw the two little sisters twitching on the ground and was a bit worried.

After all, he had been around for several years and had fought many people. People that were hard to deal with, he could clearly see through them.

The little sister seemed to be around sixteen years old. She was wearing a moon white sweater, but there was a large contrast with the large tiger head on it.

"Brother Dog, she's too arrogant!" Xiang Tian Qing saw that Chen Er Gou beside her was hesitating and quickly went to encourage him.

She would always be in the role of the fisherman. Whether it was Chen Er Gou dying or Luo Qing Chen dying, it was all good for her!

Of course, she wanted Chen Er Gou to kill Luo Qing Chen more!

That way, Chen Er Gou would go to jail and his money would be hers!

She could keep changing from a young miss to a princess to a queen!

Thinking like this, she even put her leg up against Chen Er Gou. She kept talking as she used all the charm of her body, trying to entice him.

Chen Er Gou finally couldn't take it as he roared at Luo Qing Chen, "Brother Dog will take your life today!"

With this little enchantress by his side, he definitely couldn't retreat! He had to show off his manly style!

He gritted his teeth as he reached out his hand and said, "Everyone take out your knives and cut this little girl up! If she dies, it'll all be on me, Brother Dog!"

As soon as his voice fell, his ten centimeter knife stabbed at Luo Qing Chen.

His face was determined, almost having no hesitation.

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**  
**Chapter 615: So what if you're my big sister? (Part 50)**

Luo Qing Chen helplessly shook her head as her lips curled and she said, "If this was a ranked game, you would definitely be bronze!"

As soon as her voice fell, she jumped out and stepped on his outstretched hand as she jumped onto Chen Er Gou's shoulder.

Her feet twisted around his head and there was a bone snapping sound.

Chen Er Gou turned three hundred and sixty degrees before slamming to the ground.

His face was being stepped on by Luo Qing Chen as he continued screaming out, "Aiyo, aiyo, all of you, charge for Brother Dog!"

The little brothers standing by Xiang Tian Qing looked at each other before deciding to charge at Luo Qing Chen with the knives in their hands!

After all, their boss was under her foot. If they ran, they wouldn't be able to remain in West Dragon House in the future.

Luo Qing Chen looked up and her right foot kicked Chen Er Gou at the first person who came forward.

He couldn't stand straight as his foot got caught on Chen Er Gou and he fell down.

The people charging forward from behind were immediately stopped. Luo Qing Chen narrowed her eyes and her right foot landed on the chest of one of them.

The instant he was sent flying, the remaining two stopped their knives. Their legs were trembling as they looked at Luo Qing Chen in terror.

"Miss, spare us, miss, spare us....."

"Miss, hit lighter, miss, don't hit my face....."

"It seems to be a bit late." Luo Qing Chen raised her right foot and sent the two to the ground with a kick of her right foot.

The group of bad boys and little sisters had already been taken care of by her.

The only one left was Xiang Tian Qing.

"Luo Qing Chen, you.....What do you want to do?" Xiang Tian Qing's face was as pale as paper, as the arrogant group of people had all fallen to the ground.

Didn't she come to take revenge? How could she take the advantage!

"This question, it doesn't seem like it's your first time asking this....." She looked up and said in a cold voice, "I don't want to give you two choices anymore."

"No." She gritted her teeth and said, "This is a society ruled by laws, you'll go to jail if you kill me!"

"The one who started it and insulted people were you all." Luo Qing Chen gave a soft snort. Her lips curled into a faint smile as she looked at her and said, "You're fighting me alone with all these people, if I accidentally beat you to death, it should be considered legitimate self defense!"

Xiang Tian Qing backed off while saying in a trembling voice, "You.....Do you think you've won?"

She saw Chen Er Gou slowly stand up and carefully take his blade, as he moved step by step towards Luo Qing Chen.”

“Die!” He angrily roared out as he cut down.

She slightly knit her brows as she smoothly tumbled to the side to dodge this. A domineering back kick came out and landed right on his head.

“Ah!” With another pitiful cry, Chen Er Gou’s eyes rolled back before they closed.

It seemed like he was completely knocked out this time!

“Luo Qing Chen.” Xiang Tian Qing’s voice sounded again.

This time, she had a shiny knife in her left hand and a loaded gun in her right hand. She roared out, “Die!”

She saw a flash of white light as her right hand came back and then——

“Peng!” A large sound rang out.

She knit her brows as a figure quickly came in front of her, pulling her into a warm embrace.

**Chapter 616: So what if you’re my big sister? (Part 51)**

“Space and time freeze.” She shouted these four words in a choked up voice.

[Ding, 500 exchange points has been taken. Successfully exchanged for space and time freeze (One time use).]

[But the host didn’t make it in time.....]

Luo Qing Chen in that silent space felt the blood on Luo Qian Zhe’s back.

It seemed like the bullet had already hit him.....

“What to do.....” Her voice trembled a bit as there was a bit of panic.

This was her first time not knowing what to do in a frozen space.....

She must calm down, she had to calm down!

She closed her eyes and took a deep breath before saying to her system, “Mind control.”

[Ding, 500 exchange points has been taken. Successfully exchanged for mind control (One time use).]

In an instant, Xiang Tian Qing’s pistol was controlled by Luo Qing Chen to point at her own abdomen.

She didn’t aim at her heart because death wasn’t enough to eliminate the hate in her heart.

Being in jail was the ultimate fate of this person.

[Host, there is only thirty seconds left.]

Quick, give me hemostatic powder and gauze.

[Ding, the hemostatic powder and gauze is in the host's right pocket.]

In this situation, the words of the system became very little because it knew that she was panicking.

Luo Qing Chen scattered the hemostatic powder over his wound and quickly wrapped it up.

The bullet was still in his body and she didn't know if it hit any vital organs, so she could only stop the blood from flowing.....

[Host, time is up.]

"Peng!" With another gunshot, Xiang Tian Qing fired at her own abdomen as she fell to the ground with a look of terror.

Wasn't she aiming at Luo Qing Chen? Why did she suddenly shoot herself?

No.....Impossible! So painful.....So painful.....Why does it hurt so much, who would come and save her.....

Xiang Tian Qing was lying on the ground with an abdomen covered in blood. She looked right at Luo Qing Chen as blood came out of her mouth.

Luo Qing Chen gritted her teeth, not paying any attention to Xiang Tian Qing.

She pursed her lips and looked at Luo Qian Zhe with his pale face. Her eyes were red as her heart filled with pain.

"It's a good thing.....It's a good thing I was in time....." He shook his head as he tried his best to stay away, "I already said I would definitely protect you....."

He held her with all her strength, tightly holding her in his embrace.

"Luo Qian Zhe....." She closed her eyes and said in a trembling voice, "Don't die.....You won't die....."

"Un." He replied in a very soft voice before he could no longer hold himself up.

Everything turned dark as he lost all his strength.

If there was someone he could give his life for.

Then he must.....very love you.

—

In the hall of the hospital, the surgery light was always red.

Luo Qing Chen tightly clenched her fist as her heart was filled with panic.

The doctor quickly came out of the operating room and said to her, "Young miss Luo, the operation was very successful and the bullet has been taken out. But young master Luo has lost a lot of blood. We used three bags of blood during the surgery and there's no store of his blood type anymore....."

This hospital belonged to the Luo Family, so everyone was very nervous that Luo Qian Zhe was injured.

“What to do.....” Luo Qing Chen pursed her lips and said, “Bring me to him first.”

At this time, she had to see him alive first, only then could her heart settle down.

This feeling, it was only felt when your most important person was hospitalized.....

“This.....” The doctor was a bit embarrassed, but he quickly said, “Please follow me.”

### **Quick Transmigration Female Lead: Male God, Never Stopping**

#### **Chapter 617: So what if you're my big sister? (Part 52)**

Luo Qian Zhe was lying in a silent private intensive care unit. His face was a bit pale, but there wasn't a look of pain at all. His long lashes silently fell on his face, looking like he was sleeping.

“This hospital has the most advanced equipment, so you can donate blood as long as you lie on the bed next to his.” The doctor said with a frown, “But there is something that young miss Luo should know.”

“What is it?” She looked at his serious face and her heart was hung at her throat.

“Normally speaking, direct family members can't donate blood because it is easy to cause many complications.” He paused before continuing, “But since young master Luo is in a serious situation, we can only.....”

“It's fine.” Luo Qing Chen looked at Luo Qian Zhe in the bed before saying to the doctor, “We're not blood related, there's no need to worry at all. The hospital should have the blood types of everyone from the Luo Family, so you should ask me.”

At that instant, the fingers of the unmoving boy suddenly twitched.

The doctor was visibly surprised as his eyes filled with disbelief. He quickly said, “Yes.....”

“Of course, you should know that this is matters related to the Luo Family. Even if you know, you should say you don't.” Luo Qing Chen looked up with eyes filled with a unique imposing look.

“Yes, yes, yes, we know.” The doctor quickly fixed his expression and respectfully said to Luo Qing Chen, “Young miss Luo, please come this way.”

The Luo Family's methods were stronger than any large family, this was something that people from both the light and dark side knew. As someone who had worked for the Luo Family for many years, he naturally understood this.

Lying on the hospital bed, as the cold needle stuck into her, it made her heart unconsciously skip a beat.

She closed her eyes as she thought of that wild youth in her mind.

He didn't care about anything, using the most dominating way to protect her.

He never let her suffer the slightest injury and she suddenly felt that not being his biological big sister was really good!

She never thought that she would actually fall asleep from just a single bag of blood.

There was someone who seemed to have touched her head, the fingers were cool, but the palm was warm.

She knit her brows and suddenly opened her eyes. The face she saw was the still pale Luo Qian Zhe's.

"God, Luo.....Luo Qian Zhe.....You're awake?" Luo Qing Chen was surprised. She sat up and looked at him as she said, "Didn't you wake up too fast!"

"Ke, ke." His dark eyes sparkled as his lips curled into a very deep smile, "That is because I have big sister's blood in me, naturally I'll recover fast!"

The girl in front of him would never know how excited he was that night.

In his stupor, he had suddenly woken up from the words 'we're not blood related'.

"Ah?" Luo Qing Chen was stunned as she looked at him with disbelief.

Big sister?

Since she came to this world, it was his first time calling her big sister.....

His personality changed after being shot?

After a while, seeing that he was standing, she quickly reacted, "What are you standing for, lie down!"

Did he think that he was superman, walking around less than twenty four hours after being shot?

"Dong!" He threw her back against her bed and he held her lips with his slender fingers.

In an instant, he closed his eyes and kissed her without another word.

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

**Chapter 618: So what if you're my big sister? (Part 53)**

Luo Qing Chen felt her mind turn blank and her heart was wildly beating like a little deer.

So it turned out he didn't give her that last 10% was because of the words 'big sister'.

But weren't his ears too sharp that he had heard her?

Although she had a high IQ, this was just her guess.

The smell of love mixed with the smell of alcohol in the air. She blinked in a daze as she looked at Luo Qian Zhe's pale face before breaking away in a worried manner.

But she never thought that his right hand would pull her right into his embrace.

Inch by inch, the kiss became more serious. It seemed like he wanted to use all his strength to suck away every drop of blood in her.

"Luo.....Wu....."

She wanted to say something, but she found that he domineeringly put his tongue in. Sucking, digging, and spinning.....

After a while, he unwillingly let her go. He placed his chin softly on her shoulder as his breath was quite quick.

“You.....Are you alright?” She rubbed his head in a worried manner as her eyes were misted over.

“Big sister, your kissing technique.....” He said in a voice filled with pampering, “It really isn’t that good!”  
!

He looked down on her. He was clearly the one who hadn’t kissed enough and he looked down on her!

So angry, but she still maintained that faint smile!

“You like calling me big sister now!” She carefully protected the injury from his surgery and said with clear eyes, “Didn’t you hate those two words?”

“That is because I know you’re not my big sister.” Luo Qian Zhe’s lips curled as a firm look appeared in his eyes.

He definitely didn’t hear wrong for such an important thing.

“Luo Qian Zhe with good hearing.” She pursed her lips and said, “Lie down first, I’ll tell you what I know.”

Luo Qian Zhe’s head was covered with a few beads of sweat, he had spent all his energy just now when he was kissing her.

The pain from his back couldn’t beat the warmth in his heart.

She could touch his heartstrings this easily.

“So why don’t you guess, which one of us isn’t our parents’ child!” She looked up at his expression.

After all, Luo Qian Zhe had been in the palm of their hands since he grew up!

In the memories of the previous host, she had never seen their parents scold her little brother.

“Is that important?” Luo Qian Zhe touched her arm that had had a needle in it with pain, “Whether it is me or you, we’ll call them mom and dad in the future!”

“Ah?” She understood what he meant and she said with a red face, “Your thoughts are going so far away!”

“Does big sister not want to marry me?” Luo Qian Zhe’s lips curled into an evil charming smile, “You already have no reason to refuse me anymore!”

Although he liked and cared for her, there was still that block in his heart.

She was his flesh and blood, this block couldn’t be overcome.

But now god had given him a great gift.

She wasn’t his big sister, they weren’t blood related.

“Perhaps it isn’t me rejecting you, but rather our parents.” Luo Qing Chen put her chin on her hand and said, “Your identity shouldn’t be normal.”

“Big sister is saying that I’m not our parents’ child, right?” His eyes trembled as a deep look appeared in his eyes.

“Right.” Luo Qing Chen said with a nod, “Our parents should have been entrusted with you by someone. I remember hearing their discussion when I was younger, they were addressing you as ‘you’.”

[TL Note: The word for you in chinese has two forms. 你 is the informal version and 您 is the formal version. 您 is the one that is used here.]

#### **Chapter 619: So what if you’re my big sister? (Part 54)**

Luo Qian Zhe slightly knits his brows and fell into deep thought.

He felt that his position was truly high in the Luo Family and he had felt it was strange. No matter how arrogantly he had acted before, his father had never said anything or beaten him.

“So who does wife think my parents are?” Luo Qian Zhe patted the bed and softly said to her, “Sit down, I want to hug you.....”

The first half was his honest discussion and the second half was just his dominating tone!

Luo Qing Chen was a bit surprised, this change in tone had almost caught her off guard.

But she still obediently sat down because if she didn’t do it, this domineering youth might ignore his wound and come over to hug her.

It seemed like she should take the initiative.....

Luo Qian Zhe took her waist and acted very loving.

“I.....” She took a deep breath and got rid of all her thoughts as she rationally analyzed it, “We both know the power of the Luo Family, not only in S City, the entire country and the entire world is influenced by the Luo Family. If it could make them say ‘you’, that person isn’t simple.”

“That person shouldn’t appear.....” His cool thin lips passed on her ears as he said, “I think that this is fine.”

“You don’t want to know who they are?” She pursed her lips and asked him.

“I don’t!” Luo Qian Zhe’s tone was filled with pampering as he said with a faint smile, “God finally gave a great gift to me, I’m afraid that he might take it back if I’m too greedy.....”

Luo Qing Chen heard this and her face turned a bit warm! This in name little brother, he really did know how to speak love!

For Luo Qian Zhe being hospitalized, Luo Wen Feng angrily intervened.

Everyone from West Dragon House, other than Xiang Tian Qing had disappeared.

No one knew where they went and no one knew if they were even still alive.

As for Xiang Tian Qing, one of her legs had been crippled since she was hospitalized late.

Luo Wen Feng didn't make her disappear, rather he sent her to prison! She was sentenced to life on the crime of murder.

Of course, being sent to prison was not something that people could live through.

When Luo Qing Chen thought that things were calming down, Luo Wen Feng brought them over for a family meeting.

She and Luo Qian Zhe never would have thought that this simple meeting would change their lives.

"Qian Zhe, father needs you to come with me to X Country." Luo Wen Feng looked at him and said, "The Luo Family has a very important project in the X Country, which is very important to me."

Luo Qian Zhe looked at Luo Qing Chen before turning back to say, "Alright! When will we be setting off?"

"Three days later." Luo Wen Feng lifted his gold trimmed glasses and said, "It's rather tight and this project is very important, so the sooner the better."

Luo Qing Chen was lying in her room, feeling a bit of panic.

Properly speaking, since her affection had reached 100%, her main task was over.

She shouldn't be this panicked.....

"Kou, kou, kou."

"Come in."

"Kacha." Luo Qian Zhe closed the door to her bedroom and came in wearing his pyjamas.

"Are our parents asleep?" There was a familiar shower gel scent in the air, so naturally she knew who came.

Seeing her look up, Luo Qian Zhe picked her up. With an evil smile on his face, he complained with a bit of grievance, "I don't want to go. I'll be leaving for several days, I'm not willing....."

**Chapter 620: So what if you're my big sister? (Part 55)**

Luo Qing Chen was scared by his sudden action. She pursed her lips and said in a somewhat worried voice, "Anyway, just go with dad, you'll be back soon."

Luo Wen Feng's ability was clear in the industry, he never wasted a minute and never did anything useless.

"I know....." He softly hugged her and said, "But I'll still miss you!"

He would miss her, he would want to kiss her, he would want to hug her.

Luo Qing Chen slightly knit her brows. This was the first time she was this close to him.

Luo Qian Zhe's body was releasing the smell of his shower gel and his lips were a bit red. His lips curled and it turned into a smile that took people's souls.

"Then.....Do you want me to come with you?" Luo Qing Chen looked at him and said, "Actually it should be fine if I talk to dad."

"Wu." He hesitantly shook his head and said, "Important things are more dangerous, I don't want you to go."

Luo Qing Chen knit her brows. She probably felt something, which Luo Qian Zhe could also feel.

This was Luo Wen Feng's first time taking Luo Qian Zhe out. Properly speaking, if it was an important project, Luo Qian Zhe wouldn't be going.

It really was a bit strange this time.....

"You." He looked at her in a daze and softly pinched her nose, "Relax! I'm going with dad, what danger could there be?"

"But....."

"But I will still miss you, what do you think we should do!" Luo Qian Zhe didn't want her to keep worrying about this and deliberately kissed her before saying, "How about....."

There was a dangerous look in his eyes as he leaned in against her, causing her face to turn red.

"What?" Luo Qing Chen unconsciously leaned against the bed as she said, "I.....I can give you candy."

After saying this, she took out a piece of candy from her bedside table and put it in his palm, "You can eat this candy when you think of me, that way it's like I'm by your side!"

As soon as her voice fell, she felt her words were a bit dumb.

It was because he kept getting closer that she was too nervous.....

"But I don't want to eat candy....." After that, his lips suddenly kissed her before he said in a pampering voice, "I want to eat.....this."

"Luo Qian.....Wu." There was another strong kiss. She struggled for a bit before she completely fell under his strong attack.

It was like he suddenly thought of something while kissing her as he let her go and said, "Wife, you need to kiss me so I know how it feels!"

Luo Qing Chen took a serious breath. She had just gotten out of a passionate kiss and her face turned red from Luo Qian Zhe's words.

"What!" She pursed her lips and turned her head in embarrassment, "I don't want to!"

She was a soft and cute girl, she wasn't an overbearing queen!

[The host can be overbearing sometimes!] The system's voice suddenly sounded, scaring her.

Leave and stop peeking! Leave, leave!

[Ze, ze, ze.] The system gave a mechanical and mischievous sound!

“What, you don’t like taking the initiative? Then let me.” He revealed a faint smile, “Why do you suddenly look angry.....”

Luo Qing Chen raised her right hand and pulled the blanket out from under Luo Qian Zhe, “Perhaps you’ll still make it if you run now!”

His eyes were cool with sparks in them. He slowly pushed back the strands of hair on her cheek as he said, “Big sister, are you certain?”
