Quick Transmigration Female Lead: Male God, Never Stopping

Chapter 641: Little theater side story

["Ding, ding, dang, ding, ding, dang, ling, er, xiang, ding, dang!"]

It's the annual small theater, the small theater's many questions will investigate the male lead's feelings for the female lead.

Because all the worlds are from the female lead's perspective, it is hard to investigate the male lead's heart!

Especially a handsome male lead, for example, our highness Qian Zhe!

[Welcome your highness Qian Zhe! Applause!]

"Eh....."

[Alright! The system will never understand a black bellied proud man. Then let's directly enter the ten questions!]

["First question: How did it feel when she appeared in front of you with a family bucket?"]

"Since I was born, it was my first time seeing her be this cute!"

["Second question: Why did you take her card!"]

"Because I would make money to support her. She can eat and play all over the world as long as she has my card."

["So domineering, the system also wants a domineering little brother."]

"In your dreams!"

The system is so, so, so angry!

["Third question: When Su Yan Yan was pretending, if Su Mu hadn't appeared, what would you have done?"]

"I would have taken her in my arms and announced that Luo Qing Chen is mine, no one is allowed to bully her! What Su Ya Yan, I don't know her!"

["Explosive! Handsomeness!"]

["Fourth question: When were you the most afraid?"]

"The roof! I desperately kicked that door, fearing that I wouldn't be able to save her!"

["Didn't you still take care of everyone who bullied her later!"]

"Nonsense! There is no one in this world who is allowed to bully her, no one at all!"

["Fifth question: When were you the happiest?"]

“When she said she was my girlfriend! I had never thought that she would say this, I didn’t even dare dream it!”

[“The system also feels the host was handsome at that time! Of course, there was this system’s merit!”]
After all, the system had given her the Taekwondo skills!

“Of course my wife is handsome!”

[“Actually, the system didn’t feed the little fairies dog food on purpose!”]

[“Sixth question: In the years in the X Country, how did you get through them?”]

“It really was difficult. Especially when the night was quiet, the thoughts in my mind surged forth like a tidal wave. I could only make myself very tired each day, so I could fall asleep right away. But.....it didn’t seem to be useful.”

[“Why?”]

“Because she was in my dreams.....”

[“Seventh question: What was the first thing you wanted to do when you came back?”]

“Beat Jiang Yi Jun!”

[“?”]

“Because he dared to try to hook up with my wife, don’t think I don’t know what he did when I wasn’t there! Also that Su Mu, he actually went to the same university as my wife! Everyone knows the tricks he wanted to play!”

[“The system very deeply feels your anger!”]

“Humph.” A proud look!

[“Eighth question: Was the proposal prepared for a long time?”]

“I had people take care of it when I came back. I came back to the apartment and found that she had been living there the whole time. Even if it was a bit far from the university, she still lived there.....”

[“Ninth question: I heard that you came back from X Country only seventy two hours after flying there from S City, what did you go to do?”]

“Announce my abdication!”

[“.....”] So fast!

[“Tenth question: Do you have anything to say to her?”]

“You are seven days older than me and had me call you big sister for seven years. Then for the next seventy years, please call me husband!”

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 12/100]

Chapter 642: Black bellied president's deep kiss (Part 1)

She didn't know when she came back. It was like when Luo Qian Zhe's heart stopped beating, she came back in her sleep.

She was back in her pink and cute princess bed when she appeared in the Chaos Space!

It really was a warm world, one's lips couldn't help curling when thinking about it.

Having a Luo Qian Zhe world was probably a kind of blessing!

[Does the host need to rest? You can rest for five minutes!]

"Why is it only five minutes!"

[Because the host is physically and mentally happy! There is no need to sleep in this condition!]

"Is there something wrong with you! If you're sick, kill the virus!" Luo Qing Chen said as she rolled her eyes, "It's fine if there's no sleep, anyway I'm not tired!"

[The following is a summary of the previous mission. Host, please properly look over it.]

Her IQ in the last world was 180, now she was a fool in this world!

[Yes!]

“Damn, then you mean that my IQ is also very low!” Luo Qing Chen had inherited the IQ of the previous host in the last world, then in this world.....

[Yes!]

“I want to use my base points!” She patted her chest as she spoke.

This was a gift from her large novice gift package, she was never willing to use it! Using it now really felt like taking a piece of flesh from her!

[How many points does the host want to add into intelligence!]

“60!” Luo Qing Chen thought for a bit before saying, “How much IQ does 82 intelligence equal!”

[150!]

Luo Qing Chen thought for a bit before saying, “That’s enough, I’ll use the remaining points later!”

The bronze mirror changed: Intelligence: 82/100

After that, the image in the bronze mirror changed.

[The host should focus on completing the side mission, otherwise not only will you not receive experience, you’ll also lose it!]

“.....”

[Currently importing memories, please accept them, host!]

After receiving the memories, Luo Qing Chen knew that Lu Xi Feng was someone who wasn’t related to the previous host at all!

The previous host was the young miss of the Luo Family of the four great families of S City. Her big brother was a demon who pampered his little sister, always taking care of the previous host.

The only tragedy of the previous host's life was definitely related to her fiancé, Wang Zi Hang.

Since the Luo Family was powerful in A City, the Wang Family needed the support of the Luo Family to stay in the business circle of A City.

To achieve this goal, the Wang Family's head Wang Duan had his son Wang Zi Hang hook the Luo Family's young miss. He wanted them to marry and climb up using the Luo Family's power!

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 643: Black bellied president's deep kiss (Part 2)

How could Wang Zi Hang who looked like a prince be willing to marry a fool, but since the cooperation between the Wang Family and the Luo Family was underway, they were already engaged.

If Wang Zi Hang didn't have a legitimate reason to break the engagement with the previous host, their cooperation would have stopped.

Wang Duan had invested quite a bit into this cooperation, three fourths of the family's wealth had been put in!

But facing the fool that was the previous host, if he didn't think of a way, his life would have been ruined.

It was at this time that a maid hired by Wang Zi Hang named Gu Ya Ru thought of an excellent solution. Gu Ya Ru had been hired as a maid by the Wang Family three years ago.

A girl with no money and arrogance, she worked hard to stand out among the maids of the Wang Family, appearing in Wang Zi Hang's eyes.

If one watched this story from the view of the supporting female lead, how inspiring and how touching it would have been.

This strong girl had always faced the dark forces of the fool young miss and stole the prince in one fell swoop!

But there was no choice since the lead of this story was the fool previous host!

The previous host didn't like Wang Zi Hang, since a fool didn't know what she liked.

She had only seen Gu Ya Ru a few times and didn't have much impression of her.

After all, the previous host had such a small brain capacity that she couldn't even remember things of her daily life, how could she remember some Gu Ya Ru.

But she didn't know that while she didn't remember Gu Ya Ru, that didn't mean that Gu Ya Ru didn't remember her.

In order to get the perfect Wang Zi Hang, Gu Ya Ru had to do something before the female lead and Wang Zi Hang were married.

This thought coincided with Wang Zi Hang.

It was a grand cruise banquet, everyone that could obtain a ticket was very rich.

The four great families of A City were all present, so naturally the previous host was among them.

But she didn't know that this cruise banquet was a Feast at Swan Goose Gate.

[TL Note: It's an idiom for a trap that was derived from a story during the Three Kingdom ages.]

Wang Zi Hang had laced the previous host's food with aphrodisiac and then prepared someone to knock on the previous host's door after helping her back to her room,

The previous host was affected by the drug and didn't know anything. She jumped on the man who came in and the fierce man saw that the previous host was a beauty, so he happily enjoyed her since she was so open about it.

After all, he was over thirty and he had never enjoyed this kind of luxurious cruise, this kind of beauty, this kind of.....ze, ze, ze.

However everything was filmed by a camera that Wang Zi Hang had placed in the room.

The next morning, this dirty video was posted online.

Instantly, the Luo Family became the laughingstock of their circle. Wang Zi Hang even deliberately said in a difficult voice, "Even like this, I will take responsibility for Qing Chen!"

But after he said this, he lowered his head and his lips curled into a beautiful arc.

Luo Lin was a very strong man. Although he cared for his daughter, he couldn't let others take responsibility.

In the end, the engagement between the Luo Family and the Wang Family fell apart, but the business deal still continued.

The previous host's big brother couldn't accept this and sent someone to investigate what happened on the cruise. After finally revealing the truth, when he went to find Wang Zi Hang to take revenge for his little sister, there was a car accident.

When the previous host learned her big brother died, her broken head suddenly had a stroke.

After lying in bed for a month, she finally couldn't be saved.

Luo Lin had lost both his children in such a short period and he was heartbroken.

Since then, the Luo Family kept falling until the Wang Family took the Luo Family's place as one of the four great families.

Wang Zi Han and Gu Ya Ru lived a happy life together like the prince and Cinderella!

Chapter 644: Black bellied president's deep kiss (Part 3)

After she finished accepting the memories, Luo Qing Chen knit her brows as the scene in front of her couldn't help make her heart shudder.

“Xiao Qing Qing, is this kiwi delicious?” Wang Zi Hang was wearing an elegant blue and white tuxedo with a terrifying smile on his lips!

My god, system, I really do submit! Three months ago was actually on this luxury cruise!

[Yes, host!]

Luo Qing Chen looked at the drink she had finished and her expression changed. She just felt her blood begin to boil.

Wang Zi hang saw the blush on her cheeks and a deep look appeared in his eyes, “How about I take you back to your room!”

His Ya Ru was truly smart, actually thinking of this method to force the Luo Family to take back the engagement.

As long as tonight passed, she would be tainted and he would no longer be related to this fool!

She knit her brows. She took a deep breath and looked at him with cold eyes, “No need.”

Wang Zi Hang was stunned, feeling a chill suddenly come over him.

It was like the Luo Qing Chen in front of him had become another person, like she could see through all his thoughts with a single glance.

He wanted to say something, but he found that Luo Qing Chen had disappeared into the crowd.

“Damn!” He cursed in a low voice. He quickly took out his phone and made a call, “Go and wait in room 3002, the beauty will be there soon. The drug has been administered, you can play tonight.”

He hung up after he finished giving his instructions. He muttered to himself: Daring to play with father, I want to see how this fool plays in bed later!

Luo Qing Chen took a bottle of iced mineral water and headed towards her room.

Before going in, she saw someone standing at the corner to her room.

The man was covered in fat, which made people disgusted to look at.

But the effects of the drug were strong. She finally couldn't control herself and could only stop moving.

Her head was covered in sweat and her finger tips kept trembling.

She narrowed her eyes and saw that the room 3009 in front of her was lit. She suddenly turned around and saw that room 3008 was dark.

The mineral water in her hand was gradually getting warmer. She tightly clenched her hand and her fingers dug into her skin.

When her mind was in chaos, there was a “peng” sound as 3008 was opened from behind her.

Luo Qing Chen slightly raised a brow and quickly took off her bracelet, sticking it between the door.

The one who came out was a blonde girl with a strange smell around her body.

Luo Qing Chen took a slight sniff and her blood began to boil even more.

“You are the plan B?” The blonde girl adjusted the F cup on her chest and stroked her long blonde hair before saying with a cold laugh, “Don’t waste your time, this man is.....impossible.”

Luo Qing Chen covered her lips and looked at her in a daze.

The blonde haired girl didn’t care as she walked away while shaking her butt.

When she was thinking about whether to leave or not, she heard Wang Zi Hang’s voice not far away.

“Why are you still here?” He seemed to be speaking to the fat man with a bit of anger in his voice.

Luo Qing Chen narrowed her brows and didn’t have time to think as she entered room 3008

When she came in, she regretted it.

The smell coming from the blonde haired girl was the smell of this room.

Aphrodisiac.....

Chapter 645: Black bellied president’s deep kiss (Part 4)

“What? Still not giving up?” A magnetic voice came from the silent room, every word was like a beautiful note of music.

It made one’s heart tremble and people’s minds couldn’t help wander.

Luo Qing Chen felt her throat become even more dry and there was a hard to withstand heat coming from her.

It was like waves of heat were hitting her brain again and again.

She didn’t reply as she opened the bottle of mineral water to take two large sips.

There was only the sound of her drinking water in the silent room.....

The man raised a brow and his dark eyes sparkled like stars in the dark room. When he was about to open the lights, the young girl’s clear voice slowly said, “Don’t turn on the lights.....”

Luo Qing Chen threw away the water bottle and walked over to the window with a deep breath.

When the cool wind hit her face, she became more in control of herself.

“So, you are with the blonde girl?”

“Don’t talk!” Luo Qing Chen bit her lip as a bit of hoarseness filled her voice.

She closed her eyes and couldn’t even take her own voice.

The man knit his brows before saying with a faint smile, “In order to challenge my bottom line, she even used this method?”

If he didn’t understand at first, now he understood a bit from her voice.

That hot body, constantly drinking water, and wanting to be hit with a cool breeze.

This situation meant a certain drug was used.

It seemed like these people really were unscrupulous in achieving their goal!

“I said don’t talk!” Luo Qing Chen panicked a bit as her breathing kept getting faster. Every time this man talked, it completely destroyed the rationality that she desperately built!

“Young miss, you might not be too clear on this.....” He paused before saying, “This is my room.....”

After that, Luo Qing Chen charged at him without another word and accurately knocked him down.

The other side didn’t react at first, but then he planned to push her away.

Her lips were already pressed on his lips and moving around, not stopping at all.

The man narrowed his eyes and his heart unconsciously starting beating faster.

This was his first kiss and his first time feeling this strange feeling.....

Without knowing why, when he was kissed by the girl in front of him, his hands that wanted to push her away were actually tightly holding her waist.

The aphrodisiac in the air that didn’t work on him at all quickly began to take its effect.

In an instant, he pressed her down under him, but the lips of the two had never left each other for even an instant.

Luo Qing Chen felt like her head was about to explode, like the more she kissed the other side, she could go from hell to heaven.

The man’s slender fingers began unbuttoning his shirt one by one and a perfect figure was completely exposed.

Luo Qing Chen grabbed his collar and turned him, pressing him under her again.

The cool fingers touched his handsome face and his cool lips. The lips were curled into a dreamy smile and there was a faint sparkle in his eyes.

The man’s heart skipped a beat, as the moonlight from outside the window was accompanied by a faint sea breeze. Her jelly like cherry lips slightly spread and entered his heart bit by bit.

In an instant, he pressed her back and kissed her again.

At that moment, Luo Qing Chen felt her mind half clear again.

She suddenly pulled away and stumbled off the bed. She leaned against the wall as she was covered in sweat.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 646: Black bellied president’s deep kiss (Part 5)

There was a trace of dissatisfaction in the man's eyes. It was clearly the time to climax but she actually let him go!

"You....." Luo Qing Chen wanted to say something, but she found that her voice had a trace of charm to it.

The other side gave a soft laugh as he looked at her with a deeper look, "I think that it's better if you don't speak!"

Luo Qing Chen thought: It makes sense!

She slowly moved to the side of the window and when her right hand came to the table, she touched a knife.

She bit her lip as her eyes turned cold.

The man saw her hand move as the blade sparkled in the moonlight.

"What? You want to kill me to silence me?" Please go and support our new domain MangaBob.com.Thanks! He gave a chuckle as his eyes revealed a deeply inquisitive look.

Luo Qing Chen didn't even think as she cut her own arm.

The pain filled her mind and the strong blood smell overpowered the aphrodisiac, turning the room silent instantly.

She closed her eyes as all the random thoughts disappeared.

That scene just now was like a nightmare that lingered on her mind.

What to do? It seemed like she did something bad to this stranger.....

If she was a man, wouldn't she have to take responsibility.....

"That....." She cleared her throat and returned to her normal voice. She tried to stay calm as she said, "This is a not beautiful.....accident!"

It really couldn't be blamed on her! It was definitely the system who didn't like her, so it sent her to the wrong time!

"Oh?" The man raised a brow. His eyes sparkled like the stars as his lips curled into a beautiful arc and he said, "This young miss, you want to leave after eating everything?"

She really didn't seem like the girl a man would choose, after all, that man's eyes weren't that bad!

Seeing the drops of blood slide down her hand, he couldn't help knitting his brows as a strange feeling came from the bottom of his heart.

He didn't like that feeling very much.

"Wait....." Luo Qing Chen heard this and said, "This mister, isn't saying eating everything.....a bit too much?"

It didn't seem like she did anything.....

“Is that so?” He slowly buttoned up his shirt as he said, “So this young miss will not take responsibility?”

“!” Luo Qing Chen was stunned. She looked at this figure in the dark as she blurted out, “I won’t take responsibility!”

After saying this, she dug in her pocket and took out ten dollars before finding another dollar and thirty cents.

She put the eleven dollars and thirty cents on the table before saying, “I.....I only have this much. Do you want it or not!”

God! She couldn’t help cursing in her mind: Was the previous host a young miss? Why did she only have this little? And she even had coins?

Ze, ze, she really couldn’t understand the mind of this fool!

That person narrowed his eyes. Hearing the sound of coins, his smile became even thicker, “So how much do you want to buy a night for!”

“Eleven.....”

“A billion?”

[TL Note: They sound similar in chinese.]

“A billion?” Luo Qing Chen said with a cold laugh, “In your dreams! Eleven dollars and thirty cents, I don’t have any more!”

She felt a bit embarrassed at first, but when the other side said a billion, she felt her embarrassment instantly disappear.

“Ha, ha.” The man in the dark laughed as he heard this, “A night for eleven dollars and thirty cents, does the young miss think this is the red light district? Even the red light district doesn’t have this price!”

He was the richest man in A City. A night for only eleven dollars and thirty cents, this was the first time this had happened in his history.

“What night!” Luo Qing Chen bit her lip and explained, “Even if I did anything.....it.....it was just an attempt.....”

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 647: Black bellied president’s deep kiss (Part 6

Her cheeks were a bit red after she said this, she felt a bit embarrassed.

Actually she was too exaggerated since this was her first time experiencing this drug and experiencing this kind of thing.

The other side slightly narrowed his eyes and there was a wave that seemed to fill his heart.

Attempt? Was this girl crazy?

He had a dangerous smile on his lips as he slowly approached her, “You’re certain that it was just an attempt?”

“I.....” Luo Qing Chen saw a figure slowly approach her and she quickly tried to stop him with her hand, “You.....If you come any closer, I, I, I.....I’ll jump into the sea....I’ll jump down!”

She really wasn’t joking, her heart was in a panic at this moment.

He didn’t stop because of what she said and continued moving towards her.

Luo Qing Chen gritted her teeth as she thought: I don’t care!

In an instant, Luo Qing Chen jumped to the window and dove out head first.

“I never said you can leave.....Hey!” In an instant, the man’s heart jumped to his throat and he reached out to grab her, but he could only grab her large red scarf.

The sea breeze blew into his face and his calm as water heart had ripples spread over it for the first time.

He narrowed his cold eyes and quickly headed out, heading to the control center of the luxury cruise.

Luo Qing Chen exchanged for teleportation the moment she jumped out, moving to the room of the previous host according to her memories.

[Ding, 500 exchange points has been taken. Successfully exchanged for teleportation.]

A light blue Mediterranean styled room with a touch of lavender in the air.

There was no one here, they should all be at the banquet.

“So dangerous!” Luo Qing Chen held her chest as she said to herself, “Something almost happened.....”

[The host was so nervous, your heart was jumping fast!]

Nonsense! You didn’t come and help me or give me some kind of antidote!

[The system doesn’t have that!]

Humph! Let me ask you, does the male lead have any impression of the previous host? The affection should be at 0%, right!

[It’s 10%!]

Why? Does the male lead know the previous host?

[Didn’t the host just see the male lead? Moreover you gave him a very forceful wall press!]

!

What? WTF? Why didn’t you say so earlier!

Why was the system so stupid each time, then I didn’t have to be afraid just now! If the attempt was a success, perhaps this mission would already be over!

[.....]

Luo Qing Chen vigorously shook her head. She decided to take a bath and decide after sleeping!

But she didn't know that while she was sleeping, this ACC luxury cruise liner stopped at the nearest dock because they were helping director Lu find someone!

No name, no face, nothing at all.

Just a single large red scarf with a faint lavender fragrance to it.

Lu Xi Feng stood on the deck with a row of staff standing by him.

"Young master Lu wants to ask everyone, does anyone know the owner of this scarf!"

Everyone looked at each other, before one person said, "That scarf seems like it belongs to me!"

"That, I seem to have one like that."

"That should be mine, I dropped it on the third floor."

Lu Xi Feng narrowed his cold eyes and said in a slow cold voice, "The owner of the scarf has already jumped into the sea....."

"Si." Everyone took a cold breath and no one said another word.

Luo Chi Mo standing on the deck saw the red scarf and he tightly knit his brows.

He quickly called Luo Qing Chen's number.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 648: Black bellied president's deep kiss (Part 7)

"Who, who's knocking on my window. Who is it....."

Luo Qing Chen was surprised by her own ringtone. She rubbed her hair as she picked it up, "Big brother?"

"Little sister?" Luo Chi Mo said in an uncertain voice before saying with a sigh, "You scared your big brother to death, someone said that you jumped into the sea!"

"He, he." Luo Qing Chen awkwardly said, "Wise people don't believe in rumours!"

"Let's stop talking about this." Luo Chi Mo rolled his eyes and said, "It's fine that you're alright, do you want me to come find you?"

"No, no, no." Luo Qing Chen quickly shook her head and said, "Big brother, I'm already going to sleep! Good night!"

She immediately hung up before letting out a long sigh of relief.

The first thing to do was to change her ringtone!

My god, how nostalgic girls were! Although this song sounded good, it didn't suit her!

After setting the ringtone, she laid down on her big bed.

She closed her eyes. She was so tired, sleeping without a single dream.

When she opened her eyes, it was already the next morning.

Since they approached shore early, this gathering had ended ahead of time.

Anyway this kind of thing was just to waste time for rich people, so most people didn't really care.

But that man named Lu Xi Feng didn't think like this.

"Director Lu, this is the list of everyone on the ship." Lin Yue handed him this list as he said, "Everyone has been confirmed, not a single person is missing."

Lu Xi Feng took the list and a slight doubt appeared in his eyes.

This isn't right.....

"There are several people not in the circle here, do they need to be investigated?"

Lu Xi Feng wanted to say no, but he thought that she could be counted among them, so he changed his words, "Investigate them all."

"Yes."

"Also."

"Does director Lu have any other orders!"

"Contact everyone on the list, I will be holding a banquet at the Venice Royal Hotel. If the people of the circle want to give this Lu face, they will definitely come." He narrowed his eyes as a faint sparkle appeared in them.

"Director Lu wants to....."

"That girl didn't seem unfamiliar to me." His dark eyes looked over the list in his hand as he slightly knit his brows, "Who are you?"

—

When Luo Qing Chen received the invitation to the Lu Group's banquet, she was terrified.....

A bit embarrassed, a bit shy, and a bit afraid.

But she had to go!

"Kou, kou, kou."

"Come in."

Luo Chi Mo came in with a cup of warm milk, "Little sister, drinking milk will make you smarter!"

"Then you should drink it yourself." She was typing on her laptop as she said this.

Luo Chi Mo was stunned as he looked at her in disbelief, "Little sister, when did you learn how to use a laptop!"

"Big brother, what kind of person is Lu Xi Feng?" Luo Qing Chen suddenly looked up and placed one hand on her chin as she said, "There's little information on Baidu, so he is a very low key person?"

"Little sister....." Luo Chi Mo swallowed a mouthful of saliva before looking over her, "When did your words become so fluent....."

His little sister spoke in broken words before, like she had to think about what she said for every word.

Her doctor had said that it was because her intelligence was low. Her brain's receiving ability was very slow, so she had to think about every word before she said them.

"Big brother, why are you asking me questions instead of answering!" Luo Qing Chen gave a helpless shrug as she said, "Get to the main point!"

Chapter 649: Black bellied president's deep kiss (Part 8)

Luo Chi Mo seriously looked at Luo Qing Chen as he said in a trembling voice, "Are you really my little sister?"

"....." Luo Qing Chen gave him a cold look as she said, "It seems like I might not be like this!"

Looking at Luo Chi Mo in front of her, Luo Qing Chen had to come to a single conclusion.

It was that the intelligence of both children in the previous host's home wasn't that high!

Three days later, at the Venice Royal Hotel.

Luo Qing Chen had spent three days changing herself from head to toe.

Although it was only changing her hair style and clothes, it was at least now worthy of being a rich person.

The previous host really was beautiful, it was a kind of pure as water beauty.

But with her low intelligence, she didn't really take care of herself, so she didn't exude beauty.

Her old appearance had hair to her waist with a large part in the middle, making her look like Sadako.

She liked the colour green because most of her wardrobe was filled with green clothes.

Luo Qing Chen didn't make any large changes, she just cut her hair to shoulder length and curled it slightly. She also gave herself thin bangs to give herself a touch of youth.

As for clothes, she had a princess dress made overnight.

The pink dress with the white straps, it created a unique and beautiful scene.

After all, since Wang Zi Hang was so cruel to her, why couldn't she use this banquet to start something?!

When it came to clothes, she didn't dare call herself an expert, but she was still better compared to the previous host.

At least when Luo Chi Mo saw her coming down the stairs, his eyes almost popped out.

"Little sister!" Luo Chi Mo said with a smile, "Your appearance will definitely make Wang Zi Hang fall at your pomegranate.....no your princess dress!"

He had long heard that Wang Zi Hang was with his sister for the Luo Family's influence and that he called her a fool in front of his friends.

He even called her ugly.....

Really! Was his eyes run over?

"Big brother, it's a pity that....." Luo Qing Chen took his wrist with a faint smile, "I don't like him."

At the Venice Royal Hotel.

Every car parked at the door cost at least a million, this was a banquet for rich people.

The people at the banquet weren't there just for the food, but rather to see if they could catch any big fish.

In the eyes of the many families of A City, the Lu Family's Lu Xi Feng was the biggest fish.

As for Wang Zi Hang inviting Luo Qing Chen, he was very decisively rejected. So he could only reluctantly invite Han Xi Er from the Han Family who were also one of A City's four great families.

As for Gu Ya Ru.....

If it wasn't for Wang Zi Hang bringing her on account of him being a young master, she wouldn't be able to come to this banquet at all.

Actually Wang Zi Hang didn't know that Gu Ya Ru didn't just come because she wanted to be with him like she had said.

She had to have a plan B. Other than Wang Zi Hang, if there were other young masters willing to take her.

Then wasn't it for the best?

She liked this feeling the most, having a group of men around her.

When Luo Qing Chen came into the banquet holding Luo Chi Mo's hand, she saw Wang Zi Hang standing not far away from the door.

He seemed to be talking to Gu Ya Ru and Han Xi Er on the side didn't have a good looking expression.

A young miss would have a temper and since Wang Zi Hang had invited her as a companion, he shouldn't be whispering to a servant.

Leaving her to the side.

Gu Ya Ru naturally knew why Han Xi Er's expression was bad, but she was feeling incomparable pride in her heart at that moment.

She thought that she had the heroine halo that attracted the attention of all three girls.

Right, she thought that Luo Qing Chen cared, but when she carefully looked at Luo Qing Chen's dress, there was a flame that burned through her heart.

Not only her, even Wang Zi Hang was stunned as he lost grip of the glass of champagne in his hand.

He looked at Luo Qing Chen who seemed like she had been reborn. She had that faint makeup on and her bright eyes were stunning.

She had a faint smile as her eyes quickly swept past them, not stopping for a second.

"Young master, young miss Luo is here, aren't you going to greet her?" Gu Ya Ru gritted her teeth and tentatively said this while not forgetting to look at Han Xi Er beside her.

This wave of hatred was quite good, Han Xi Er was already in a bad mood.

Hearing something like this, she should explode!

As expected, Han Xi Er's face turned green as she said in a cold voice, "Young master Wang, I won't bother you and your fool fiancée!"

As soon as her voice fell, Han Xi Er gave a soft snort and turned to head to the center of the banquet hall.

She was actually just being proud since she didn't allow her things to be taken by others.

But when it really came to Wang Zi Hang, she didn't care at all.

Wang Zi Hang wasn't a part of the A City's four great families, he was just someone with a bit of fame.

Adding in his decent looking face, he had the qualifications to reach her.

But when Han Xi Er thought about how he was engaged to a fool, her stomach began to churn.

Disgust.....

"Then I'll go and greet her." Wang Zi Hang had a slight throb in his heart, he had never seen such a finely dressed Luo Qing Chen before.

Perhaps as long as she didn't say anything and just stood by his side, her quiet and cute appearance could attract the gaze of many people.

"Big brother Mo, Xiao Qing Qing." Wang Zi Han revealed a warm smile as he looked at Luo Qing Chen, "So you didn't accept my invitation to be big brother Mo's companion! I thought that you didn't want me!"

When he spoke to her in a gentle voice before, she would charge forward like a dog that had found some bones.

Although she was a fool, she looked quite beautiful today, so his face didn't look that bad.

The cruise liner wasn't a success and if the Luo Family became suspicious, he would be in trouble.

Wang Zi Hang's voice was a bit girly and now that he had said such deliberate words, it sounded quite unbearable.

"Your thinking is very correct." She narrowed her eyes and looked over his face. She didn't pay him much attention before she continued moving forward.

Wang Zi Hang was instantly stunned!

Even Gu Ya Ru standing not far away was stunned.....

That person was Luo Qing Chen? How was that possible?

Luo Chi Mo standing beside her said with sparkling eyes, "Little sister, you.....Didn't you like Wang Zi Hang?"

"I have eyes." Luo Qing Chen's eyes passed over a few familiar faces before she asked with a chuckle, "Who is the one the girls want to marry the most in this banquet hall?"

Luo Chi Mo heard this and narrowed his eyes, as he looked at her with joy.

But when he saw her face that said 'tell the truth or else', Luo Chi Mo helplessly spread his hands and said, "Is there a need to say it? Not to mention this banquet hall, all the rich young ladies want to marry Lu Xi Feng the most!"

"So, a person like Wang Zi Hang can be described with a single phrase." Luo Qing Chen looked in Lu Xi Feng's direction as she said with slightly raised lips, "No power without a comparison."
