Chapter 661: Black bellied president's deep kiss (Part 20)

When they came back to the office, Xiao Yi told everyone about everything that Luo Qing Chen did.

Luo Qing Chen's inner OS: This person must be very good at advertising!

"It was too late, but Qing Chen grabbed Xu Nai's hand and there was a sharp glow in her eyes....."

"Stop, stop, stop." Luo Qing Chen cleared her throat and she couldn't listen to it any longer.

Wa, it must have been so handsome!" Momo had her hands together as she looked at Luo Qing Chen like a fan.

Wang Ze's face didn't look good. He looked at Bai Shi Shi and awkwardly said, "Are you alright?"

"Un." She replied before returning to her office without saying another word.

"Then we'll hold a short meeting with everyone in fifteen minutes!"

The short meeting revolved around the winter show in ten days, Wang Ze gave his newest designs to Bai Shi Shi.

Bai Shi Shi seemed to be in a good mood when she saw the designs.

"Why aren't you dissatisfied and showing me the designs from before!" Bai Shi Shi pursed her lips into a faint smile.

"After the winter show, I'll be going to the A Team on the fifteenth floor." Wang Ze's voice wasn't soft or strong, but he said it very clearly.

Bai Shi Shi was stunned, as her starry eyes instantly dimmed.

Not mentioning Bai Shi Shi, even Luo Qing Chen was a bit shocked when she heard Wang Ze's announcement.

Could it be that F Team was about to be disbanded!

"You made your decision?" After a while, Bai Shi Shi's voice softly sounded without any complaint or anger.

"Un." Wang Ze knit his brows and said, "I hope that my work can be seen by others. One day when there are more people who see my work and there are enough people who like me, I will come back and be with you....."

"No need." Bai Shi looked up with a few tears in her eyes. Her lips curled up as she said, "There's no need to wait for the winter show, you should go if you want to go!"

An announcement from a few days ago said that the fifteenth floor's A Team chief designer was hospitalized for a heart disease, so the position was vacant.

It was someone who wanted Wang Ze!

“But you.....”

“Luna has always liked you very much!” Bai Shi Shi said with a chuckle, “Hasn’t it been like this since university?”

(Who is Luna?) Luo Qing Chen wrote on her notebook before pushing it over to Xiao Ye beside her.

Xiao Yi replied: (Love rival.)

“I.....”

Bai Shi Shi returned the designs to Wang Ze and said, “I wish you a bright future.”

After saying this, she slowly stood up and walked out of the conference room.

Leaving behind a bunch of stunned people.....

HR contacted them about Wang Ze’s transfer in the afternoon and added, “You don’t need to participate in the winter show, your performance this time won’t be recorded.”

Everyone looked at each other, wanting to say something, but they didn’t know what to say.

A team without a designer, it was like the emperor’s new clothes. Without their core, it was impossible to reflect the value of a team.

In the end, Bai Shi Shi was the first one to stand up because she really didn’t want to give up.

Every catwalk was a stage that belonged to her.

A person had to be worthy of themselves.

“But we still have Qing Chen!” Bai Shi Shi looked at Luo Qing Chen before saying this to the HR representative.

“Please! A chief designer needs to have more than five years of experience designing clothes.” HR looked over Luo Qing Chen, “She was just recruited by me, I naturally know how much experience she has.”

“In a single winter show, a model needs five sets of clothes. This kind of show should have been done in university a lot!” Momo pursed her lips and also stood out.

Chapter 662: Black bellied president’s deep kiss (Part 21)

“As you wish!” HR said with a cold laugh, “Do what you want, the result will be the same.”

“Whether the result will be the same will not be up to you.” Luo Qing Chen looked up and said, “A recruiter is caring this much, don’t you feel tired?”

Compared to Xu Nai, Luo Qing Chen hated this HR rep more.

As a recruiter, why are you saying such sharp words. It’s like you’re that incredible. Actually she’s called an HR rep if it sounded good and just a recruiter if it sounded bad.

She didn't know where this courage came from.

"You....." HR tilted her lips before saying with an angry stomp, "Take care of yourselves then!"

As soon as her voice fell, she slammed the door and left the office.

A kind person really was bullied by others!

"I think that we should have another meeting!" Luo Qing Chen turned to Xiao Yi and said, "Take out all of Wang Ze's past designs and let me have a look."

At the meeting, Luo Qing Chen looked over Wang Ze's design and couldn't help slightly knitting her brows.

There was nothing to say about Wang Ze's ability, each design came from the heart and had the soul of a designer.

Bai Shi Shi saw her frown and quickly said, "You just came, this can be considered practice. Anyway, we're used to being last, so it doesn't matter!"

Bai Shi Shi naturally knew what abilities Wang Ze had, a probation designer couldn't do what he couldn't do.

"Ze, ze, ze." Luo Qing Chen put the designs down and looked at the three in front of her, "People will only remember the winner in this world! The runner ups will be polished away with time and will be forgotten by people."

"Qing.....Qing Chen....." Xiao Yi awkwardly shook his head, "I know that you must be enthusiastic about taking over the winter show, but the designers of our Lu Group are all top designers....."

"How do you know if you don't give it a try?" Luo Qing Chen looked at Xiao Yi and said with a faint smile, "There is a rhetoric in this world called the dark horse, I think that should be referring to us!"

"But....." Bai Shi Shi lowered her head when she heard this, "I don't want to wear those clothes....."

Her voice was very soft, but Luo Qing Chen heard her clearly.

"Models interpret the soul of the clothes." Luo Qing Chen said with a faint smile, "I won't have you wearing those clothes."

"But there's no attraction without showing skin." Bai Shi Shi said with a sigh, "How about we reveal....a bit....It'll be fine."

"No need." Luo Qing Chen shook her head, "The theme of this winter show is «the beginning of a dream». As long as one is a designer, their first reaction is white, blue, pink, purple....."

"Un." Bai Shi Shi said with a nod, "I heard the sixth floor's C Team's designer say that their main theme is white."

"To use your conscience." Luo Qing Chen put her hand under her chin and said, "Whether it is the model or the design, one hopes that they and their clothes will be paid attention to, that is understandable."

"I know....." Bai Shi Shi said with a deep breath, "So I don't blame him....."

Wang Ze had his own dreams, she knew that.

He had delayed his dreams for her for many years, she also knew that.....

"I didn't mean that, my meaning is that attracting looks isn't wrong." She narrowed her eyes and said, "The theme this time, we can use another method to be noticed."

"Ding ling." When she was about to start talking, her phone rang.

The caller was: Lu Xi Feng.

Chapter 663: Black bellied president's deep kiss (Part 22)

"I'm sorry, I'm taking this call!" Her heart skipped a beat. It can't be that the sir president was at the company, right!

"Where are you?"

"I....." Luo Qing Chen looked around before saying, "I'm out shopping!"

"Do you want me to go with you?" The voice from the phone became even more magnetic, making one's heart go numb.

"No....." Luo Qing Chen pursed her lips and said, "No need! What are you looking for me for?"

"Nothing big." He chuckled, as he felt that the feeling of being rejected really wasn't good.

"Then what small matter is it?" Luo Qing Chen said, "There's always small matters if there aren't big matters!"

Otherwise how could a busy person like director Lu call her!

"Un....." He softly replied, "I was thinking of you."

Silence.....An absolute silence.....

Luo Qing Chen felt that those five short words covered her face in a blush and her heart couldn't help beating faster.

The overbearing director could actually move a person's heart inadvertently.

"Un, do you want to have dinner tonight?" Luo Qing Chen tentatively asked, since she didn't know if he had the time."

"Alright, I'll come pick you up tonight." Lu Xi Feng looked at the watch and said, "I'm at the company, it's quite close to go to your place."

?!

"That....." Luo Qing Chen silently tilted her lips and said, "I'm near your company, I'll be at the door waiting for you later!"

"Alright!"

—

After the call, everyone's eyes were filled with looks of wanting to gossip.

"Ai, ai, ai, it's a boyfriend, right!" Bai Shi Shi said, "So jealous of people with boyfriends, the Dream Team has always been a team of singles!"

"Ha, ha!" Momo said while laughing, "Isn't it easy for Shi Shi to get a boyfriend! After being in the company for four years, you've received over twenty confessions!"

"Stop fussing, you changed the topic!" Bai Shi Shi softly tapped her head before saying, "We're clearly gossiping about Qing Chen, what are you gossiping about me for!"

Luo Qing Chen heard their comedy routine and felt a bit more assured.

After all, the designer had left, but the team was still like this, it wasn't bad.

"Ke, ke." After a while, she said in a meaningful voice, "Let's get back to the original topic. I have an idea for this «the beginning of a dream» theme."

"What?"

"Qing Chen, quickly tell me, I'm suddenly filled with expectation!"

"Me too, me too!"

"Reverse the colours!" Luo Qing Chen thought about it before explaining, "My guess is that many designers will be using 'white' as their main colour this time."

"So....." Bai Shi Shi pursed her lips and said, "We'll be using black?"

"Although black is rather prominent, it doesn't match the theme at all." Luo Qing Chen shook her head and said, "We'll be using red."

If «the beginning of a dream» used white for a western wedding dress, then they could use red for an eastern wedding dress.

This wasn't a contradiction.

"God, red!" Xiao Yi said in a surprised voice, "But there are few extensions for red."

"There aren't few." Luo Qing Chen said with a serious look, "There is no extension for red at all, all our five sets will be using red as a base."

Sometimes you had to bet on one thing at work and the current clothes meant less cloth used made them more eye catching.

She wasn't ashamed, but she had nothing else to say.

She could only accept the punches and roll with them.

Girls loved to wear things and boys loved to watch.

But there were very pure girls in the end. They liked wearing simple clothes that looked nice without revealing anything.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 664: Black bellied president's deep kiss (Part 23)

Because it was her first day at work, she didn't have a card to punch. She got off work ten minutes early and went to a nearby clothes store to change clothes, as well to buy a pair of large sunglasses.

One that could cover two thirds of her face.

Lu Xi Feng drove a big red Benz to pick her up at the entrance and she looked around before quickly sitting down.

"Why are you dressed up like a star....." Lu Xi Feng saw that she had a mask and sunglasses on and he revealed a faint smile.

Without knowing why, he felt that she was very cute like this.

"I.....I'm afraid of the cold!" Luo Qing Chen gave a deliberate shiver, "It's so cold, wearing more keeps me from catching a cold!"

He revealed a gentle smile and didn't refute her as he silently turned the heat up in the car.

Lu Xi Feng brought her to a high end western restaurant where the sounds of piano flowed out.

She suddenly felt an itch. It had been a long time since she touched one, she wanted to play a song.

But this idea was immediately stopped in her mind since the male lead was more important than the piano.

"There will be a fashion show at my company in a few days, do you want to watch?" Lu Xi Feng helped her cut up her steak as he gently said, "I feel that the theme of this show will suit you very well."

«The beginning of a dream» was a show with pure colours.

Luo Qing Chen felt her heart skip a beat. Lu Xi Feng wanted to take her to the winter show, but she definitely couldn't go and it didn't seem that good.

After all, in Lu Xi Feng's eyes, she was a young miss who stayed home all day doing nothing.

She definitely had nothing to do.....

"That....." She looked at him and said, "Do you normally go to your company's fashion shows!"

"No." He shook his head and said, "Without you, I wouldn't go."

His tone seemed very calm, but why was her face covered in a blush.....

Although Lu Xi Feng was the president of the company, he never went to watch this kind of show.

After all, he never had a girl beside him, but now he did.

“Then are you participating in the scoring?” Luo Qing Chen lowered her head and acted in a casual manner as she asked this.

But even like this, Lu Xi Feng still raised his eyes as he said with a sparkle in them, “I’m not participating, but there’s thirty points. Lin Yue will give my points based on the market research.”

Lin Yue was his secretary and was in charge of the trivial matters.

But——

This matter wasn’t trivial now and was rather very important!

“Ke, ke.” Luo Qing Chen pushed her hair over her ears and said, “Market sales aren’t always the best! Director Lu should take a look sometimes, you might be pleasantly surprised!”

Right! She was using her relationship!

After all, she knew that there was a relationship between the judges and models, so not a single one was simple.

Although the reverse colour idea she had could light up people’s eyes, the judges still might not give them points.

The relationship between models and judges were like that of an actor and a director. There were mixed feelings in there and only the people involved knew best.

“Alright!” His dark eyes lit up as he said, “So you will refuse my invitation?”

Luo Qing Chen thought about it before her eyes lit up, “Of course not, I even want to buy a few sets of clothes!”

“You can take what you like.” Lu Xi Feng said with a gentle smile, “Whether it is the clothes or the designer, you can take them home!”

“.....”

Ai! An overbearing director was an overbearing director, the richest man was invincible!

Chapter 665: Black bellied president’s deep kiss (Part 24)

After a while, he suddenly added, “No male designers!”

“Pu.” Luo Qing Chen gave a chuckle. She gave an ok sign as a wave of warmth filled her heart.

She wasn’t interested in male designers at all? After all, she was the so-called.

De.

Sign.

Er.

!

After dinner, Lu Xi Feng sent her home.

When they parted, he left a gentle kiss on her forehead that was very shallow and light.

Moreover he instructed that if she saw any strange people, she had to stay away!

That shallow kiss he gave made Luo Qing Chen feel like she was in love.

And the serious instruction made her feel like she was being hounded by paparazzi.

She was rather busy in the next few days, heading out early and returning late, sometimes not even coming home.

Lu Xi Feng called her every day, not forgetting to tell her good morning and good night each day.

He had asked her many times why she was so busy over the past few days.

But she skillfully evaded it, being completely different from the word 'fool'.

It seemed like she was just acting the fool before!

The Luo couple wanted to take her to the hospital for a checkup after seeing that she was no longer a fool, but she firmly refused it!

Her intelligence had been changed by her base points, what if she became a fool again after being hit by some strange radiation?

[.....] The system heard her thoughts and helplessly spread its non-existent hands.

As the winter show approached, Luo Qing Chen entered the stage of drawing designs to personally making her outfits.

If it was said that only theories filled her mind at first, now she could be regarded as a professional designer.

"God....." Bai Shi Shi saw the outfits and her eyes lit up.

The clothes that Wang Ze designed for her in the past were mostly gentle and elegant, since her temperament suited those kinds of clothes very well.

But this time Luo Qing Chen chose for her, a two dimensional dark red loli dress!

"Qing Chen, I.....Will I be suited for this!" Bai Shi Shi was a bit worried since she had never worn these kinds of clothes before.

Luo Qing Chen looked at her and said with a serious and encouraging look, "Remember, you are a model."

A model was just a hanger for the clothes, so they had to wear different clothes even if it meant not revealing skin!

"But....." Bai Shi Shi still asked with a bit of hesitation, "Would it be too far from the theme this time!"

"I feel that at the beginning this design was my inspired red wedding dress, but I suddenly thought of something during the creative process." Luo Qing Chen explained with a serious look, "Every person's dream begins at a different place, it isn't only a white wedding dress that is a dream. Perhaps the two dimensional world is where many people's dreams begin as well."

Being able to think of this was because of Lu Xi Feng.

After all, two of her designs were inspired by the three words Lu Xi Feng.

To be more specific, deer and maple.

This was a two dimensional loli dress that was half a wedding dress, it had a very strong eye catching effect and a strong capital.

"I feel that Qing Che's design is quite cute." Momo took the main outfit and said, "Such a big hat and there's the two large antlers."

"I feel that this looks good!" Xiao Yi took the maple themed set and said with a happy look, "I will definitely buy it if it gets made and if not, give this to me!"

"You have good eyes!" Luo Qing Chen gave a satisfied nod, but quickly poured a bucket of cold water over him, "But I won't give it to you!"

Chapter 666: Black bellied president's deep kiss (Part 25)

The winter show arrived on schedule with everyone's hard work and Wang Ze became an A Team's big designer.

Bai Shi Shi was nervous backstage. Last time they had only received a single point and that was only one person out of seventy judges voting for them.

It was one point last time and it was one point the time before that!

"Please, please, I hope for one more point this time!" Bai Shi Shi held her hands in prayer as she wore the maple leaf outfit. With her eyes sparkling, she seemed so cute.

It was like a little loli had come out of the two dimensional world.....

No, it was a big loli.

But facts proved that being tall meant you could wear cute clothes. Clothes weren't limited, it depended on how the one wearing them saw it.

"Don't be last, don't be last!" Momo was holding her powder brush, helping Bai Shi Shi put on her makeup as she didn't forget to pray.

Luo Qing Chen felt a vibration in her pocket as a text message from a certain director Lu came.

(Something came up today, I'll be there a bit late. —Lu Xi Feng.)

Luo Qing Che's lips curled as she quickly typed on the screen.

(Ok! But bring a mango shake! ——Luo Qing Chen.)

“Ding ling——”

(Drink unhealthy things less. ——Lu Xi Feng.)

(??? ——Luo Qing Chen.)

“Urgent notice, urgent notice.” The design department’s director rushed in front of everyone and said, “Tonight’s winter show will be an auction and director Luo is also coming. Everyone stay focused, we have to put everything we have into this show!”

Bai Shi Shi heard this and she became even more nervous.

“It’s an auction.....” Luo Qing Chen narrowed her eyes as she muttered to herself, “The winter show isn’t a big show after all, why did it suddenly become an auction.”

“Qing Chen.....I’m a bit nervous!” Bai Shi Shi looked up and wanted to say something, but she was interrupted by Xu Nai not far away.

“With your status, what are you nervous about?” Xu Nai flashed her white tutu and her lips curled into a charming smile as she said, “Ai! Let me take a good look at you, I thought that you really came out of the two dimensional world! Can this design even be called a design!”

“Milan Fashion Week’s famous designer Tom once said that a person who judged a set before seeing the whole thing either has bad eyes or is an idiot.” Luo Qing Chen crossed her arms as her lips curled into a cold smile, “I wonder which one young miss Xu Nai is?”

“It’s you again!” Xu Nai’s red lips opened slightly as she said with a fierce look, “Just stay arrogant! After tonight, if you can still stay in the Lu Group, I will write my name upside down!”

After being bullied by this small designer last time, she had contacted several mid level judges of the Lu Group.

If their team was last again, they could contact the design department’s director and kick them out of the Lu Group.

Everything was ready, now to begin!

“He, he.” Luo Qing Chen gave two cold laughs, “Don’t say too much, who knows who’ll be staying and who’ll be leaving! Then again, your name upside down doesn’t sound that good.”

“Alright!” Xu Nai pointed at her face and said, “I want to see how long you can stay this arrogant.”

“Qing Chen, forget it.” Bai Shi Shi pulled her sleeve and said in a low voice, “I heard that she has a good relationship with a higher floor leader, you don’t know about these relationships since you’re new.”

Bai Shi Shi wasn’t a coward, only people had to endure sometimes in a workplace.

After all, flexible people always went further.

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 667: Black bellied president’s deep kiss (Part 26)

Luo Qing Chen narrowed her cold eyes as she watched Xu Nai leave before a chill radiated from her. She thought that she was a star, shining wherever she went.

She didn't know that she was a target, she really was dazzling.

"Although I also hate Xu Nai very much....." Momo on the side sadly pouted her lips and lowered her head as she said, "But offending her like this, we won't have a good day....."

"It's fine, it's fine." Bai Shi Shi comforted her, "Anyway it's already pretty bad, it's fine if it gets worse!"

"Ai." Luo Qing Chen looked over and said, "There is an old saying, one will be saved unexpectedly! Everyone just needs to do your best and leave the rest to the judges!"

"It's fine not to talk about the judges, but your heart hurts when you do!" Momo said with a sigh, "I really want to know who votes for us each time. If I knew, I would definitely invite him to a meal!"

At least it wasn't a snob!

Luo Qing Chen gave a soft laugh before looking at the time, "I need to go out, Shi Shi, do your best. If something happens, Momo or Xiao Yi can call me!"

"Go ahead!" Bai Shi Shi said with pouted lips, "I'm not afraid....."

This was her first time without Wang Ze by her side and this was her first time walking down the catwalk without Wang Ze's designs.

Although she was a bit lost, it felt like walking on the catwalk for the first time in her heart.

If everything was done over again, she still had a chance.....A chance to fight.

Luo Qing Chen waved her hand and said, "I'll be under the stage, don't panic."

She found a dressing room and quickly changed her pure white sweater with a red coat and she put on a hat with two small ears up top. She put on large sunglasses that covered two thirds of her face and added in a mask!

Un, perfect!

When she left backstage, she passed by Xu Nai with a certain judge.

Xu Nai couldn't recognize her at all, she was talking to the judge in a coquettish voice.

"Leader Zhang, you know our Hundred Charm Team, we're in the top ten each year. We have this ability and will strive for first!"

"Un! I know.....But this time director Lu is here and I'm afraid that it needs to be more strict!"

"Aiya, leader Zhang! There is a beach party the day after tomorrow, my sisters haven't seen leader Zhang in a long time and miss you very much!"

"Oh?" The man seemed a bit moved as his lips couldn't help curling, "That C girl last time wasn't bad."

"Aiya, little sister C is always telling me how she thinks of you!"

“Alright! I’ll call you the day after when I have time!”

“Then we’re done talking about it!” Xu Nai narrowed her eyes and a thick charm appeared in her sulking voice.

—

Luo Qing Chen was too lazy to care about her since each team leader only had a single point. Last year’s champion had won with twenty one points, this showed how competitive it was.

It seems like Lu Xi Feng’s secretary should have spread out his thirty points.

She fixed her sunglasses and headed towards the VIP seats on the second floor.

Lu Xi Feng was surrounded by many models, but they were all stopped by the security guards.

It seemed like he just needed to casually sit there and he would become the center of attention, not wasting any effort at all.

Luo Qing Chen half walked and half squeezed over, but was pushed back by one of the girls.

She arrogantly rolled her eyes and said, “What are you pushing for, do you think that you can pass?”

Less than three seconds later, the security guard immediately came over, “Young miss Luo, this way please.”

Luo Qing Chen cleared her throat and looked at this person who had been ‘slapped three seconds later’, “The world isn’t that dark, the place you can’t go doesn’t mean that other people can’t!”

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 668: Black bellied president’s deep kiss (Part 27)

That person lowered their head in shame even though they weren’t convinced.

But this wrapped up person was invited by director Lu, she couldn’t say anything. She could only obediently move to the side.

Lu Xi Feng really was powerful. She came up from the side stairs and he quickly knew where she was.

“Powerful director Lu, how did you know I was here?” Luo Qing Chen sat down beside him and pushed up her sunglasses, “I almost thought that I had called you beforehand!”

Lu Xi Feng was sitting in the VIP seat on the second floor with the best view of the show.

He didn’t close the door earlier because he was waiting for her, but he gave a look to the security guards after she came and the models with expectant looks were all blocked outside the door.

“In the entire hall, there is no one else who is dressed like you.....” Lu Xi Feng took out a mango shake from the bag for her, “Here.”

“Wa! You actually went to buy it!” Luo Qing Chen took a sip and felt she was stunned.

The rich mango taste flowed into her mouth. This shake had a very strong taste, sweet with a touch of sour, it was simply delicious!

“You.....” She took two sips and praised him, “This really is amazing, where did you buy it?”

This kind of great mango shake, she had to remember the address.

“It was made by my five star chef.” His nice and magnetic voice sounded beside her ear, “It’s good that it’s delicious.”

It was an understatement, he didn’t feel like what he did was worth the other side feeling moved.

Luo Qing Chen looked at him before looking at him again. She said with a faint smile, “I never thought that director Lu is so caring! It really is delicious, thank you!”

She thought that he would buy something on the way, but she never thought that he would personally deliver something that his chef had made to stop her from eating those kinds of things.

Lu Xi Feng’s beautiful black eyes sparkled and his lips curled, “If you like it, you can also take my chef.”

“Really?” Luo Qing Chen felt this proposal wasn’t bad.

“Un, but there is a very small additional condition!” Lu Xi Feng gave a thoughtful nod, “Because the chef’s dishes are too delicious, the other people in my family aren’t used to eating anything other than his food.”

Luo Qing Chen felt like she was being trapped, so she pouted her lips and said, “Director Lu wouldn’t be talking about yourself, right!”

“Un.” Lu Xi Feng raised his hand and squeezed her revealed little nose, “My, Lu Xi Feng’s fiancée really is intelligent.”

[Ding, affection has increased by ten. Mission completion rate is now 50%.]

Without knowing why, when he was with this girl, he always felt like he wasn’t himself.

He didn’t like her drinking cold drinks, he didn’t like her sleeping late, he didn’t like her.....looking at other men.

Last time they passed a dessert shop, she said she liked drinking mango shakes.

He always felt the things outside weren’t good, so he had his chef always place two cups in his refrigerator each day.

If she wanted to drink it, it would be there anytime!

Luo Qing Chen was surprised as she looked at the man in front of her.

She felt that under his elegant appearance, there was a little demon that no one could beat in his heart.

With this black bellied personality, he stepped on her life one step at a time.

The most terrifying thing was that she actually liked this feeling. This feeling of being spoiled by this little demon with an angel’s appearance.

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 669: Black bellied president’s deep kiss (Part 28)

“Director Lu, the winter show will be starting in five minutes. This is the list of models.” The security guard respectfully handed over the list. Lu Xi Feng didn’t even open it as he handed it to Luo Qing Chen and said with a gentle voice, “If you like anything, when the scoring is over, you can bid on it.”

The bidding at a fashion shop was for the exclusive rights to the series of clothes. Most of the people participating were from clothing brands or private design teams.

After buying it, they would mass produce it in stores.

This was the other meaning to this auction.

Luo Qing Chen never thought that her clothes would be up for bids, but rather it would just be scored.

Even if she couldn’t take first place, she definitely wouldn’t be last.

She hoped that her contrasting colour idea could light up the eyes of the judges.

“Welcome everyone to the Lu Group’s annual winter show. As the world’s greatest model company, we strive to be at the peak of the fashion world.....” After the host took the stage, he first bragged about the ‘Lu Group’ before officially starting the show.

“Next we ask the Hundred Charm Team to demonstrate to us the «the beginning of a dream» in their hearts.

The background music started, it was Jay Chou’s Dandelion Promise.

As the first model to appear, Xu Nai naturally drew the attention of many judges. Adding in the fact that she gave flirty kisses as she walked on the catwalk, it created cheers in the crowd!

“What does miss fiancee think about this set?” Lu Xi Feng gave her a serious look as his lips curled into a dazzling smile.

“It’s so ugly that it hurts to look!” Luo Qing Chen touched her ear and said, “She thinks that she’s a fish, all those dazzling scales on her!”

It can’t be that Lu Xi Feng likes this and was planning to vote for her, right!

Luo Qing Chen thought: If that was true, she would take one hundred points from the Lu Group!

Seeing her somewhat angry appearance, his lips curled slightly, “Smart people have the same opinion!”

“Un, un.” She heard this and looked at him seriously as she gave a nod.

He really was the richest man in A City, his eyes weren’t bad!

The following models wore what she had predicted, most of the designers had focused on white.

After fifteen minutes, she felt her eyes were a bit tired.

There was only lace, chiffon, and the occasional sequin in front of her.

It didn’t look bad, but it was considered too traditional.

Luo Qing Chen took the list and found that the Dream Team was rather close to the end.

She wasn't interested in this kind of show. Since she had large sunglasses, she leaned on the sofa and closed her eyes a bit.

She never thought that she had almost overslept.

When the Dream Team came onto the stage, it was Lu Xi Feng who woke her up.

"Look how tired you are." He held her hand in a pained manner, "After this is over, you can have a proper sleep."

She didn't react to the meaning in Lu Xi Feng's words when Bai Shi Shi came onto the stage.

"Si." The crowd fell into an uproar instantly.

The sounds of whispers continued to grow, some accepting it and some denying it. It wasn't anything that couldn't be accepted.

Because the Dream Team didn't have many models, she could only change clothes within a minute, unlike the other teams that had five people walk up together.

But Bai Shi Shi was very professional, moving very fast backstage and looking quite good onstage.

She wore the main outfit for the last walk, the long coat with the big elk hat made people's eyes light up.

Chapter 670: Black bellied president's deep kiss (Part 29)

"Is this the team that was last at the last winter show!"

"It seems like.....Wang Ze's team. The design is quite conservative!"

"Didn't Wang Ze go to A Team? Who was the designer who designed this?"

"I never heard of them, they should be new!"

.....

After Bai Shi Shi finished, it was the Marilyn Team led by Wang Ze.

The first model on stage made Luo Qing Chen give a cold sigh, "This really is saving on cloth....."

Luna was wearing a backless ice blue skirt and there was only a little cloth covering where her butt was.

Luo Qing Chen turned and asked Lu Xi Feng, "What do you think about this?"

After a while, Lu Xi Feng said with slightly cold eyes, "I think that the Lu Group can still afford this bit of cloth."

"Pu." Luo Qing Chen gave a slight snort, "These clothes are good for a show, but who would actually buy these!"

There were many kinds of backless dress, but there wasn't a need to show the entire back, alright?

"Un." His eyes had a faint sparkle as he said, "My fiancée's words are reasonable."

After the final team had finished, the stage lit up.

All the names of the teams were put on the screen and the host's passionate voice rang out, "Now let us welcome all the models onto the stage with passionate applause to witness this exciting scene!"

"Pa, pa, pa, pa." There was a round of applause.

The host continued, "Next we invite the judges to say a few words."

Leader Wang was the first to speak, "I feel that the Hundred Charm Team was very in line with the theme this time. The white wedding dress with a bit of embellishment. I can only say.....that it really was great!"

"Thank you judges!" Xu Nai gave a bow as she revealed a proud look.

Another judge named old Wang commented, "This time the Marilyn Team's breakthrough was very good. This show allowed me to see a different side of designer Wang Ze, this bold creativity with little embellishment really is professional!"

"This, I disagree with old Wang's idea slightly." A elegant youth with glasses slowly said, "I feel that it was the worst design of the winter show."

Luo Qing Chen heard this and narrowed her eyes to look at the name plate in front of the youth. It was a good thing the name plate was big enough, otherwise she couldn't see it from her position.

That youth was called Lin Xing.

He didn't seem to feel the embarrassment of the host and continued, "This is the winter show and a dress that shows the back is a very bad idea. Furthermore, I heard that there are many big names at the show today, there's little market for a dress that shows this much back, would they bid for it?"

"Un, it is indeed like this." The host warmed the audience while following, "I would be embarrassed to wear this!"

After that, another judge named Wan You Cai raised his plate and said, "I feel that although the clothes designed by the Dream Team didn't suit the theme, the overall feel was quite dazzling. I heard that it is a new designer, this design isn't bad!"

Bai Shi Shi's heart jumped up as she quickly said with a bow, "Thank you judges."

Wang Ze backstage looked at Bai Shi Shi with complicated feelings in his heart.

Luo Qing Chen in the VIP stands nodded in agreement as she said, "He has good eyes."

Lu Xi Feng sitting by her saw this and revealed a smile.....
