Chapter 671: Black bellied president's deep kiss (Part 30)

At the same time, Xu Nai standing on the side saw that someone was commenting on Bai Shi Shi's clothes. She fiercely glared at her before giving a wink to team leader Jun Jun under the stage.

Team leader Jun Jun looked a bit awkward, but he still raised his plate and said, "My opinion is a bit different from Lin Xing's. A design is a design, a theme is a theme. If the design deviates from the concepts of the theme, then it doesn't make any sense."

Damn, coming to tear down the stage!

Luo Qing Chen deliberately lowered her voice and said into the microphone already prepared to the side, "Who stipulated that the place where a dream belongs is a wedding dress? Could it be that the place where a dream begins for this judge is a wedding dress?"

Everyone looked over at Luo Qing Chen in the VIP seat. It was a good thing she was wrapped up and because she lowered her voice, no one knew who she was.

The judge named Jun Jun wanted to say something, but seeing Lu Xi Feng behind her, he immediately echoed, "Makes sense, makes sense."

As his voice fell, he immediately hit his own head. He glared at Xu Nai with an angry look as his heart filled with anger.

It was all his fault for being dumb. He clearly knew that Lu Xi Feng was at this winter show, why did he come out!

"Alright! Next we'll have the judges vote with the panels in front of you. Give your precious votes to your favourite works." The host came onto the stage for the final words with a bright smile.

The number of votes on the LCD screen slowly rose. After all, there were so many performances, one had to choose carefully.

Luo Qing Chen was stunned, she never thought that it would be the voting phase this quickly.

She thought that a few more judges would speak before it was time to vote.

"Director Lu, I heard that you had thirty votes?" Luo Qing Chen looked at him and said, "How are you going to vote!"

"Oh." It was like he understood as his dark eyes sparkled. He softly said, "I had Lin Yue vote for me!"

"What?" Luo Qing Chen was shocked, feeling like she had miscalculated!

"What?" Lu Xi Feng took her hand and said in a pampering voice, "I thought that you wanted to participate in the auction and not the voting."

"I...." Luo Qing Chen gave a sigh with a frustrated look before muttering, "I clearly want to participate in the voting and not the auction, alright?"

When she was immersed in her sadness, there was an uproar from the crowd.

Luo Qing Chen suddenly looked up and found that Dream Team was first. Moreover, they had three times the votes of the second place team.

“God, Dream Team! What is this situation!”

“I thought that after Wang Ze left Dream Team, they wouldn’t be able to participate.”

“Si, this is too high! There’s a problem.....”

.....

Xu Nai looked at the large screen and said while biting her lip, “Impossible! There must be something wrong with the back end data. How could it be possible with them? Quickly, have the staff check it.”

The host seemed a bit embarrassed, but he still had the back end check the reason.

What everyone didn’t expect was that the back end said that everything was normal.

Bai Shi Shi looked at the screen and her eyes turned red. Four years.....She had spent four years in this business.

Just like Xu Nai said, she had no fans and no one liked her. She just silently wore her own style, wanting to show off on stage.

Dreams always came at an unexpected time.....

At this time, she was finally qualified to take the first step.

Chapter 672: Black bellied president’s deep kiss (Part 31)

Luo Qing Chen suddenly turned around and seeing Lu Xi Feng with his faint smile, she asked in a voice of disbelief, “Your secretary gave all thirty votes to the Dream Team?”

Why did it seem so strange, she felt like she couldn’t read through this man with a smile at this moment.

“Then his eyes seem quite good.” Lu Xi Feng nodded, telling her to look at the stage.

Xu Nai on stage said with an unconvinced voice, “I don’t believe that Dream Team has thirty two votes! Release the ballots if you have the skills, don’t be anonymous!”

Her voice was very sharp, like she couldn’t keep it flat. Her fingers kept trembling.

She was arrogant backstage, so how could she lose now.

“There has been no shows that reveal the owners of the ballots, so.....” The host gave an awkward smile, trying to fix the awkward atmosphere.

“He, he.” Xu Nai said with a cold snort, “That means that Bai Shi Shi can get first place by committing fraud! Is this fair? Which one of us didn’t move as well as her, her clothes alone can take first place?”

Xu Nai’s voice was very loud and it penetrated through her ears.

With her remarks, several models who were unconvinced began muttering.

"I heard that Bai Shi Shi's designer is a probationary designer that just joined the Lu Group!"

"Ah, does that mean there were some tricks!"

"Who knows! Perhaps it's related to a certain sleazy judge!"

"Huh! Then she must have relations with many people, truly disgusting!"

.....

Everyone's whispers made Bai Shi Shi unable to continue listening!

She bit her lips as she said, "Xu Nai, you can't afford to lose?"

"I can't afford to lose?" Xu Nai said with a cold smile, "Your designer can't even hold my designer's shoes, how are you qualified to win?"

This scene was very awkward and the host wanted to say something, but Bai Shi Shi charged forward and gave Xu Nai a slap, "You can shame me, but you're not qualified to shame my designer!"

"You.....You actually dare hit me!" Xu Nai's face turned red and she raised her hand to fight back.

Lu Xi Feng's voice slowly rang out and his magnetic voice entered the microphone, "Release the ballots."

The reason he said this was because his miss fiancee was about to charge down.

"What are you grabbing me for?" Luo Qing Chen felt his hand around her waist tightening, completely stopping her.

"With me here, you don't need to take care of these things." Lu Xi Feng revealed a faint smile.

The votes on the screen were released.

Of the thirty two points for the Dream Team, thirty came from Lu Xi Feng, one came from Lin Xing, and one came from Wan You Cai.

"Ze, ze, ze." The crowd was filled with an uproar.

At that moment, Xu Nai was stunned. Lu Xi Feng's thirty points had all been given to the Dream Team, no wonder they won!

As for the points for the Hundred Charm Team, there wasn't even team leader Wang who she had contacted.

"It seems like the Dream Team has received the favour of our director Lu this show!" the host immediately adjusted the atmosphere before announcing, "Then we should congratulate the Dream Team on winning this winter show. Next, we'll hand the stage over to them!"

Xu Nai's follower beside her said with a snort, "Big sister Nai Nai, don't be angry. I've already contacted two representatives for the auction later, you'll definitely get some face back!"

“That’s right, what use is first place! Trash that no one wants!” Xu Nai gave a loud cold snort as her eyes filled with rage!

Chapter 673: Black bellied president’s deep kiss (Part 32)

The miss presenter handed the cup over to Bai Shi Shi. She looked around, but she couldn’t see Luo Qing Chen.

“Congratulations to the Dream Team on winning our winter show.” The announcer handed the microphone over to Bai Shi Shi, “Next we ask this model to give an acceptance speech!”

Bai Shi Shi shyly took the microphone. She took a deep breath and controlled her emotions as much as possible as she said, “I always felt.....that I wouldn’t be able to receive this award. But if I said that I never expected it, it would be impossible.....”

Wang Ze standing behind the curtains looked at Bai Shi Shi with narrowed eyes. His right fist was clenched as his eyes were filled with unwillingness.

Just a bit, just a bit and this honour would have belonged to him.

He spent all that time, but he was beaten by this person who had mysteriously appeared.

Why.....Why.....

“Finally I want to thank my designer. Although she didn’t show up at this show.....” Bai Shi Shi slowly raised the cup as tears came out of the corner of her eyes. She said in a strong voice, “Thank you for giving me.....giving.....me this transformation!”

“Pa, pa, pa.” Claps filled the stage as Bai Shi Shi broke into tears and a happy smile.

“It really is moving. I’ve also received news that our championship team’s designer is a young and very beautiful miss. It truly is the new generation rising above the old!”

“Pa, pa, pa, pa, pa.” There was another round of applause.

The host continued, “Next we’ll enter our most exciting auction. There are a total of thirty representatives that came to our winter show today. Speaking of winners, the groups that are auctioned off are the real winners!”

“Humph.” Xu Nai gave a cold snort from the side, “This host’s words are more pleasant compared to before.”

Luo Qing Chen looked at the big logos on the seats, they really were large distributors.

If they weren’t people of power, they wouldn’t be able to sit here.....

Luo Qing Chen turned to see Lu Xi Feng holding her cheek while tightly clenching her hand. There was a smile on his lip that no one could understand.

“Miss fiancée.....” His dark eyes sparkled as he said, “If you look at me like this, I will become embarrassed!”

“Pu.” Luo Qing Chen said with a faint smile, “This.....I really can’t see any embarrassment from you at all!”

“There is!” His right hand slowly used force as he tightly clenched her hand, “Back on the cruise ship!”

Luo Qing Chen’s face turned red and she quickly looked away, “Look, the auction is starting!”

“This set from the Distant Team will now be up for auction.” The host raised his hand and said, “Dim the lights.”

The Distant Team had a rather bold style, so they were ranked quite high up.

There was a faint excitement that slowly spread and with the light at the venue dimmed, the entire atmosphere became tense.

“The time is here.” The host raised his hand and said, “Please start bidding.”

.....

The long silence made the stage very awkward and no one yelled a bid for the first ten seconds.

“It seems like our Distant Team’s design isn’t suited for practicality.....” The host who had seen many battles knew that he had to say something to explain when it became awkward.

One of the managers of the brand took the microphone and said, “There is denying that whether it is the design or the colours, this set is quite bold. But practicality is very important for our brands. People think that a show is all about models and the catwalk, but I feel that is wrong. No matter how beautiful the design is, if it can’t be worn on the street, it will forever stay in our windows.”

Chapter 674: Black bellied president’s deep kiss (Part 33)

“Alright, let’s proceed to the designs from the Hundred Charm Team. Just now our model gave this series of clothes a rather dreamy name, called the Dream Wedding Dress.” The host rolled his eyes and said in an unhappy voice, “Please dim the lights.”

The exciting music played again.....

“The time is here.” The host raised his hand and said, “Please bid.”

Xu Nai had a confident smile as she looked at Bai Shi Shi beside her in disdain, “I’ll let you see what is called clothing and what is called having a market? He, he, are your clothes just for your club activities?”

A certain brand owner raised his plate and said, “Ten thousand.”

Xu Nai’s face changed at the words ten thousand, there was a trace of disdain in her eyes.

“Alright, now it’s ten thousand!” The host kept promoting it, seeing if there were any higher prices!

“Eleven thousand.” Another brand owner called out their price.

Xu Nai’s face under the stage turned black as she said through gritted teeth, “I thought that brand owners were rich, so why are they so stingy!”

Bai Shi Shi had a very happy appearance, so Xu Nai retorted, "What are you happy for, can you even get ten dollars?"

"So what if I don't?" Bai Shi Shi waved the cup and said, "This bonus is enough for us to splurge on!"

She wasn't born to bully Xu Nai, but now that she had won first place, why should she let her say anything.

"You....." Xu Nai pointed her finger and angrily said, "Just you wait!"

"Is there anything higher than eleven thousand?" The host said with a smile, "There's still three seconds."

The stage was silent, there was no one calling a price.

The director who bid first had a relaxed look as if he was saying: It's a good thing there's an idiot who also bid.

"It's a deal for eleven thousand!" The host said, "Congratulations to our W Brand for receiving the designs of the Hundred Charm Team's Dream Wedding Dress! Congratulations, congratulations!"

"Next is our Marilyn Team's design, the bold and fashionable clothes!" After a while, the host raised his hand and said, "Please bid."

Di, da, di, da, di, da, di, da——

Time passed and Wang Ze stood behind the curtain as he watched this awkward scene, tightly clenching his fists.

The design he was most proud of in his life was being insulted like this.

Why was he the only one who was insulted, why could a newcomer step over him?

He wasn't willing, he truly wasn't willing.

Ten seconds later, the time was up, but there were no bids at all. It proved that this dress would never appear on the street or in front of people.

"Although it is a pity, I still have to say it." The host said in a comforting voice, "The Marilyn Team's design truly was bold, but it is impossible to suit the public's tastes. After all, everyone likes wearing clothes and not putting it in the window."

Luna angrily stomped her foot and muttered, "Although I like Wang Ze very much, I have to admit that this really is a trash design!"

Their Marilyn Team had always been the leader on the fifteenth floor, but now that they had lost their lead, it had to be the designer's fault.

Wang Ze really was a hot potato, whoever touched him would become unlucky!

"You're saying like you're that good....." Bai Shi Shi bit her lip and muttered in a small voice.

Luna was clearly immersed in her own world, she didn't hear what Bai Shi Shi said at all.

But in Bai Shi Shi's eyes, even if Wang Ze wasn't her designer, he was still quite good.

She didn't like others talking about him.....

Chapter 675: Black bellied president's deep kiss (Part 34)

The next series of auctions weren't that satisfying, it was either no one bidding or it went between ten thousand to a hundred thousand.

There were a few sets that were more eye catching that went for between three hundred to five hundred thousand, creating a climax in the crowd.

As for the championship team, it would be the finale for the auction.

Luo Qing Chen was nervous sitting in the VIP seats, after all, this was the first time her designs were entering the market.

If no one bid on them, it would be very embarrassing! If she really had Lu Xi Feng bid, it would be very strange.....

No, she had to think of a way out!

System, system! Can you lend me some money?

[The host can exchange for it, why do you need it for free!]

Because I'm poor! Look at how long I've gone and I only have that bit of exchange points, I can't even afford an Exquisite Ring!

[It's a matter of principles, the system won't lend!] The system coldly rejected her proposal!

After all, it wasn't hard to borrow money in this world!

Trash system!

Luo Qing Chen silently rolled her eyes at the system before taking out her phone and sending a text to Luo Chi Mo.

(Big brother, lend me some money! ——Luo Qing Chen.)

“Ding dong.” Luo Chi Mo instantly replied.

(Right! You never had a bank card before! I'll have the driver send it over, where are you now? ——Luo Chi Mo.)

Ze, ze, ze, she liked this kind of big brother who had money the most!

(Have him bring it to East Imperial Road's parking lot for me! ——Luo Qing Chen.)

She had prepared the money, now to wait for the auction!

She didn't know that when she texted Luo Chi Mo, Lu Xi Feng had taken a peek. His eyes narrowed as they seemed to glow.

“Alright! Now we’re reaching the finale of our show!” The host brought the Dream Team’s five sets to the stage and said, “These clothes from the two dimensional world, how much will they be able to receive! After the lights dim for ten seconds, the bidding will begin!”

10, 9, 8, 7, 6, 5, 4, 3, 2, 1, 0!

“The time is here, please make your bids!”

“A hundred thousand!” The owner who had bid ten thousand before raised his plate and the crowd fell into an uproar.

Xu Nai’s eyes opened wide in disbelief, even Bai Shi Shi beside her was speechless.

The one that was called a miser by Xu Nai just now had given such a decisive price for Dream Team’s clothes, it simply opened up one’s eyes.

He took the microphone beside him and said, “I’m someone who is obsessed with the two dimensional world, I think the two dimensional world is where my dreams begin. So I gave this price and I hope that everyone can give up!”

“Ha, ha!” The owner beside him said, “This won’t do, I must have it!”

“Then, let’s wait and see!” He put down the microphone and had a calm look.

After all, his company’s brand was a top brand in A City and the entire world. Being able to spend several hundred thousand or even a million to get these clothes wasn’t hard!

“Aiya, it really is the winning set. This is just the beginning and I can smell the gunpowder!” The host said with a laugh, “I wonder who these clothes from the two dimensional world will end up with! One hundred thousand going once!”

“One hundred and fifty thousand!” The owner behind casually raised it by fifty thousand.

The female director to the far right raised her sign and said, “Three hundred thousand!”

“Si.” There was another uproar.

Xu Nai’s face turned white in rage as she said with trembling lips, “How.....How is this possible!”

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 676: Black bellied president’s deep kiss (Part 35)

Bai Shi Shi was very surprised, three hundred thousand.....According to the design team’s share, they were simply making a fortune!

No, it was Qing Chen who became rich.....

“I don’t know why, I felt a kind of emotion when I saw these clothes for the first time.....” The female director took the microphone and simply commented, “It was a kind of ignorant love.”

As soon as her voice fell, Luo Qing Chen felt her face unknowingly turning red.

She took advantage of the sunglasses to look at Lu Xi Feng. He was the same as before, the same faint smile and the same bottomless eyes.

She quickly looked away as she thought: She definitely couldn't let him know that she designed this, otherwise he would be able to see the meaning with a single glance.

Ya! It was a bit embarrassing.

"Three hundred thousand, three hundred thousand! This number even makes me as the host a bit excited!" The host looked at the bidders and said, "Three hundred thousand going once."

"Three hundred and fifty thousand."

"Four hundred thousand."

"Five hundred thousand."

"Wa." Everyone had looks of disbelief as they looked at the five outfits on stage.

There was a lot of discussion, both positive and negative.

"What is this situation, Dream Team is a dark horse!"

"I don't like this kind of clothes from the two dimensional world. I feel that it is too virtual and isn't real!"

"Ze, ze, I thought at the beginning that their win was through some backdoor, but once director Lu's thirty votes came out, I knew that wasn't the case!"

"Right! If one could walk through director Lu's back door, is there a need to participate in this show?"

"But what is going on with the auction, the price really is high!"

.....

Luo Qing Chen naturally couldn't hear the whispers, but Xu Nai and Bai Shi Shi's group of models heard everything clearly.

"Did you hear, there are some people who don't like your design. Too fake, too fake, too fake, don't you know?" It was like Xu Nai found a life saving straw as she desperately repeated those two words.

Bai Shi Shi gave a cold laugh and rolled her eyes at her, "Can't you see the difference between ten thousand and five hundred thousand?"

Without knowing why, Bai Shi Shi has suddenly recovered her aura from this single show.

Although she looked fragile, her heart definitely wasn't fragile. She wanted to be strong to overcome herself. Just like Luo Qing Chen had said, she was a model and a model was a walking hanger!

Without confidence, there was nothing!"

"You....." Xu Nai wanted to make a move, but she held back in front of everyone. She said in a dark voice, "It's like no one had reached five hundred thousand before, my, Xu Nai's highest record was a

million! Trash, you're this happy with a small five hundred thousand, how trash you must have been before!"

Bai Shi Shi heard this and was a bit angry! She pursed her lips and didn't respond.

After all, this was indeed her first time participating in this kind of auction!

No one knew that someone's voice would sound from the bidders.

"One million!"

It was like the air froze and Bai Shi Shi said with two laughs, "How does it feel to be slapped in the face?"

The person who bid a million was the female director. She confidently raised the sign, having a taste of not wanting to give up.

Luo Qing Chen sitting in the VIP seat heard the words on million and quickly sent a text to Luo Chi Mo.

(Big brother, I don't need the card anymore! I have money, I have money, I have money! ——Luo Qing Chen.)

"Ding dong." The sound of a text message.

(??? ——Luo Chi Mo.)

Chapter 677: Black bellied president's deep kiss (Part 36)

"Miss busybody, do you like these clothes?" Lu Xi Feng looked at her as he revealed a mysterious smile and a faint sparkle appeared in his dark eyes.

"Ah?" Luo Qing Chen quickly put away her phone and said with a smile, "It seems.....not bad!"

Please, she had designed these clothes, did she have to say that it was very good?

Of course, she couldn't say it was ugly!

"Un." Lu Xi Feng gave a thoughtful nod, "I also feel it's not bad."

Without knowing when, when these words came from his mouth, there was a satisfied feeling in her heart.

The bidding war on stage was very intense. Although there were only three people bidding, none of them wanted to give up.

Without knowing it, the price had already reached three million.

This was already very high for this winter show, it could even be said that it broke the Lu Group's record for highest bid at a winter show.

Xu Nai was so angry that she couldn't speak, but Bai Shi Shi became worried.

The higher the price, the more pressure there was for sales.

If these clothes didn't have a good market, the clothing brand would lose money on them.

Like this, it would leave stains on the Dream Team.

“The final five million is from the director of the Princess Brand, ms Ye. It seems like she really likes these clothes.” The host raised his hand and said, “Five million going once!”

“Then let me interrupt a bit.” The female director surnamed Ye shook her sign as she continued, “I really like this set of clothes. If possible, I really want to meet the designer after winning this bid!”

Wang Ze heard this and he completely collapsed! He saw the five million on stage and his eyes darkened.

He was that close to success, but now he let someone go past him right before the finish line.

Really.....He, he.....

“Alright! I think that since you used such a high price to buy her clothes, she would be very happy to see you!” The host looked at the screen and continued, “Five million going twice.”

“Five million and two hundred thousand!” The female director raised her sign again and said with a smile, “I feel that I should give a number to this ignorant love design, I like this number!”

“Pa, pa, pa, pa.” There was a round of applause, like the auction was about to end.

“God, five million and two hundred thousand for five sets of clothes, really!”

“Just who is this designer! She’s so powerful!”

“Who knows who it is, they will definitely become famous overnight!”

“So jealous, so jealous!”

.....

“Ha, ha.” The host laughed before saying, “This is a very great number! Then we will start counting it down, five million and two hundred thousand going once!”

“Five million and two hundred thousand going twice.....”

When everyone thought that the female director had won the set for a high price of five million and two hundred thousand.

There was a change in number on the screen again.

(52000000—)

“Si.” Everyone held their breath in that moment. Other than that cold breath of air, it was so silent that one could hear a needle drop.

Luo Qing Chen felt her heart stop at that moment, she couldn’t keep up with the change on the screen at all!

The female director who thought she had won covered her mouth. She never thought that she would be pushed down by a bid that was ten times the price!

Quick Transmigration Female Lead: Male God, Never Stopping

Chapter 678: Black bellied president's deep kiss (Part 37)

Xu Nai standing to the side saw this number and her eyes rolled back as she fainted.

Bai Shi Shi couldn't stand firmly, as she narrowed her eyes and counted the zeros on screen.

It was indeed fifty two million.....

"Five.....fifty two.....two million....." The host looked at the screen in disbelief as he said, "This.....Is there an.....error with the system....."

The backstage crew talked to him through his earpiece and told the host that everyone was correct. They told him who the bidder was and to continue.

"Ke, ke." The host cleared his throat and said, "Everyone doesn't need to doubt this, there is someone who indeed made a bid for fifty two million. Everyone must be very curious as to who this person is."

Everyone in the bidding area looked at each other in shock, just looking at each other like that.

Every person was shaking their heads and looking stunned.

A sky high price of fifty two million wouldn't even appear at the Milan Fashion Week, this price was so high that it pierced the sky.

From a business perspective, using this price to buy these five sets was definitely a loss!

"Alright! The person who used this sky high price to buy these clothes is our Lu Group's president, mister Lu Xi Feng!" The host turned to the VIP room on the second floor and the lights fell down onto Lu Xi Feng.

His eyes lit up as he looked at Luo Qing Chen beside him.

She bit her lip as she looked dazed. Her heart was like a turbulent sea, with wave after wave hitting her heart.

He.....He had actually made a bid for these clothes! And it was this kind of sky high price.....

Why.....Could it be he knew.....

Luo Qing Chen's 150 IQ brain quickly turned.

His tone, his eyes, his actions, his indifference, and every word he said.

If all her previous doubts were put together, this fifty two million could be considered a key.

Lu Xi Feng knew she joined the Lu Group and he knew that she designed these clothes.....

Damn! The black bellied president's heart, you could never guess it!

"It seems like director Lu wants to use these as a gift!" The host said with a teasing smile, bringing up the atmosphere of the scene.

"Un, my fiancee likes them." He softly said into the microphone, creating a stir in the crowd.

Luo Qing Chen quickly fixed her sunglasses and wrapped her scarf a bit tighter, burying her face in her clothes!

The crowd's gossip penetrated her defenses and entered her ears!

"My god, when? Want more chapters now? Check out my patreon for up to **40** chapters in advance! did director Lu get a girlfriend!"

"No, you didn't hear right! It's not a girlfriend, it's a fiancée, alright?"

"I don't believe, I don't believe, I don't believe! Rumours said that he was an ascetic male god! Even his secretary is a man, he has almost no contact with females!"

"Ah, I want to cry! Director Lu is the number one male god that everyone wants to marry! That was the reason why I joined the Lu Group!"

.....

Some people felt they were just stating a fact, but it was like sultry words of love in another person's eyes.

Lu Xi Feng didn't know just how overbearing his actions were right now.

He used a sky high price to buy these outfits because he didn't want her designs to fall into anyone else's hands.

There only needed to be a single set in this world and it just needed to belong to him!

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 679: Black bellied president's deep kiss (Part 38)

"We ask our friends to calm down first." The host raised his hand professionally and said, "The auction will still continue. Right now the Dream Team's design worth fifty two million dollars will enter the ten second countdown!"

Actually everyone knew that this was meaningless because no one was willing to bid at a higher price.

"Fifty two million going twice!"

"Fifty....."

"Ding." There was another change with the number on the screen.

"52013140——"

[TL Note: 520 means I love you in Chinese and 1314 means being together forever.]

"Lu Xi Feng." Luo Qing Chen turned over with a faint mist in her eyes.

He actually.....

The supporters couldn't control themselves after seeing this. They had excited smiles on their face as they said, "This old woman's young girl's heart. Director Lu is just too handsome, he is a demon who completely pampers his wife!"

In the end, the Dream Team didn't just win first place at the winter show, it was also sold for a price of 52013140!

In Lu Xi Feng's luxury sports car, Luo Qing Chen slowly took off her sunglasses as she said, "When did you find out?"

"Long ago." Lu Xi Feng's eyes lit up like water as he spoke in a gentle voice.

"Then why didn't you say anything!" Luo Qing Chen bit her lip as she pretended to be angry!

"My fiancée wanted to come visit me, naturally I'm very happy." His magnetic voice came out with a bit of indulgence, "After all, I also want to see her every day!"

This small love story was coming online.....

"Pu." She touched her red ears and said, "Even like this, you didn't need to buy it for over fifty million! It's too much!"

She couldn't imagine how everyone would look at her when she returned to the office.

To be honest, she didn't need to go back to work! She could lie down on her money and live her life.....

"It's hard to buy young miss' love." Lu Xi Feng's car stopped in front of her house and he said, "Miss fiancée was designing something for me, so how could I give it to others."

[Ding, affection has increased by ten. Mission completion rate is now 60%.]

Her heart skipped a beat as she said in a bit of panic, "You.....You knew....."

She thought that no one could see through her small thoughts, but she never thought that a person could see through her without any effort.

"Fool." He softly pinched her nose and said, "The Lu Group has had many different shows since its conception. Every good designer would put their emotions into their clothes, but I never thought."

"What?" She rubbed her nose as she looked at him with big watery eyes.

"You actually know how to design clothes." Lu Xi Feng looked into her eyes and there was a throb that appeared deep in his heart.

This feeling was very familiar, it was just like when they met on the cruise ship that day.

"I....." She blinked in a daze as she said, "I know many things! You'll know in the future!"

"Is that so?" Lu Xi Feng's lips curled into a pampering smile as he said, "It seems like our engagement needs to be brought up.....No, how about we just get married!"

Luo Qing Chen was stunned, never expecting such words to come from the mouth of a proud and black bellied person like Lu Xi Feng.

She was stunned in place before she said with trembling lashes, "You.....Are you joking!"

"No." His dark eyes twinkled as he looked at her, "I'm serious, will you go steal your family registry?"

Luo Qing Chen was stunned as she looked at Lu Xi Feng with wide eyes.

She never thought that these words would come from his mouth.

Completely.....stunned!

Lu Xi Feng's eyes were very serious, it didn't seem like a joke at all.

"You don't want to steal it?" His eyes gradually darkened as his voice had a trace of aggrievement to it.

"Stop." Luo Qing Chen said in a daze, "You.....Are you really Lu Xi Feng!"

"What else!" He seemed to remember something as he said, "The first time we met, a girl who had been drugged came into my room and threw herself on me....."

"Stop, stop, stop." Luo Qing Chen covered his mouth with her hand and said with a serious nod, "I'll steal it, I'll steal it, I'll steal it, alright?"

Could everyone be more serious and less sneaky!

If she didn't have a 150 IQ, she might not know that she was sold and would happy count the money for that person!

At least she knew that she was being sold!

Ah, ah, ah, so black bellied!

"Alright!" Lu Xi Feng gently helped her take off her seatbelt and opened the door, "Miss fiancée, we'll meet at the doors of the Department of Civic Affairs tomorrow."

"See.....See you tomorrow!" She waved her hand as she was still immersed in the thought of being sold.

Lu Xi Feng didn't forget to say, "You don't need to ask your big brother for money, I'll pay the nine dollars and ninety cents for you!"

"....."

"Peng." She pursed her lips and looking at his faint smile, she slammed the door shut with a look of shy anger.

This winter show, it felt to her like she was being held in someone's hand.

It was very soft and warm.

The next morning, when she walked into the office, she was stared at by everyone.

She came to the elevator and she felt she was surrounded by hostility and disdain.

She ignored it, but she still slightly knit her brows as she headed to her office.

When she came in, Bai Shi Shi charged forward. She showed her a photo on her phone and said, "Someone took a picture of you, they said that you were in a luxury car. They even said that we didn't achieve first place by our own strength, rather we relied on relationships!"

After the end of the winter show yesterday, Bai Shi Shi immediately sent a text to her 'dear friend' Luo Qing Chen.

She didn't dare bother her since she knew she had a date, but she never thought that this matter would appear today.

Luo Qing Chen knit her brows and looked at the photo. The photo was very blurry and they could only see her face, they couldn't see the other person's face.

The luxury car was also very blurry, this person probably took out their phone and took the photo.

"It's fine, what can this photo prove?" Luo Qing Chen waved her hand and said, "Could it be that people are jealous of rich people?"

"It's right to say it like this." Bai Shi Shi said in a somewhat depressed voice, "It's all our fault for having such bad results before and suddenly overturning everything by becoming the dark horse. There are many people who aren't convinced, so naturally they would find all kinds of accusations!"

At the same time, at the office of the Hundred Charm Team.

"Big sister Nai Nai, the picture I took is pretty good, right!" Xiao Mei said with a smile in her eyes, "Although I didn't see how the man was, this is clearly a luxury car! Coming to the Lu Group to be a designer and having a rich boyfriend, isn't it just to become famous!"

"That's right!" Xu Nai took a deep breath of her cigarette before saying, "Release all the rumours for me! This kind of trash wants to walk through the back door! How could she take first place, how could she make director Lu spend over fifty million for a piece of trash!"
