Chapter 681: Black bellied president's deep kiss (Part 40)

Noon at the cafeteria.

Luo Qing Chen's group walked in and received everyone's gaze, moreover they were all looks of disdain.

Bai Shi Shi said in a soft voice, "You and Momo find a seat first, Xiao Yi and I will get the food."

"Un." She softly replied.

There weren't many spots in the cafeteria, there were only a few spots left. When Luo Qing Chen sat down, the people around her went somewhere else.

The whispers around them were like needles on their ears.

"Did you hear? The designer in that winter show didn't take first place with her own strength!"

"What is that? I heard that the score was quite high!"

"Who knows! The thirty points came from director Lu, but everyone knows that director Lu never participates in the scoring."

"Damn! If you say it like that, could it be director Lu's.....secretary?"

"Who knows! Anyway it's disgusting. Selling your body to climb up, it's so low!"

"Peng!" Momo casually threw something from her bag in the direction of the last person who spoke before angrily saying, "Do you have nothing else to do? Your parents raised you to say such cheap words?"

Xu Nai looked at Xiao Mei and Xiao Mei immediately said with curled lips, "What, are you becoming angry out of shame?"

"Do I need to be angry from one of Xu Nai's dogs?" Momo looked at Xu Nai in disdain before her eyes fell onto Xiao Mei.

"What did you say?" Xiao Mei's face turned red. She had always been Xu Nai's follower.

But suddenly being turned into a dog, it was throwing her face away.

The surrounding people heard what Momo said and even broke out in laughter!

"Wasn't I clear enough?" Momo's cold eyes looked up as she said, "A strange picture, you are just spreading all kinds of fake news. What, is the design fee of eleven thousand not enough for you?"

"Ai, isn't this Momo?" Xu Nai looked at Xiao Mei in dissatisfaction before personally coming up. She said in a voice filled with sarcasm, "The important people haven't spoken, why are you so excited?"

"I....."

“How is her being excited related to you?” Luo Qing Chen’s eyes were still as water, as her voice was incomparably calm.

It was like she was talking about something unrelated, not containing any emotions.

She was very clear on what kind of personality Xu Nai had, a person with this kind of temper liked to clash with you.

The calmer you were, the more she became angry.

It was like a volcano that couldn’t erupt.

“Ai, ai, ai, the protagonist finally talked!” Xu Nai looked at a note in her hand and said, “Everyone present can hear this, they can see whether this so-called designer is sneaky or not!”

Luo Qing Chen gave a yawn and leaned back in her chair with her arms crossed. She said with a faint smile, “Please begin your performance.”

“.....” Xu Nai tightly bit her lip and controlled the flames of rage in her heart, “The people here are all models or people who work with models, some are designers, some are makeup artists, and such. Everyone should be clear that we need to accumulate experience in our business, no one can break the sky in one step!”

“Yes.....yes.....” Everyone gave nods.

Xu Nai seemed to have found confidence as she continued, “The Lu Group is the world’s biggest modeling agency and I’ve never seen a designer take the championship after just entering the company before. This is enough to prove that there is something wrong with this!”

“Oh?” Luo Qing Chen couldn’t help smiling when she heard this, “Precedents and consequences aren’t related. A trial designer can’t win the championship? I am a genius, are you jealous?”

Chapter 682: Black bellied president’s deep kiss (Part 41)

Xu Nai’s face changed as the veins on her neck popped out. She continued enduring as she said, “Alright! Even if you are a genius! The bid from the winter show is split half with the designer. Now that you have over twenty million, why are you still working at the Lu Group as a designer?”

“Ze, ze, ze.” Everyone gave sighs at once.

Xu Nai’s words were very persuasive, every word was filled with power.

The sentences seemed to have been arranged already, so the effect was much better compared to before.

She confidently curled her lips and said, “What, you can’t say anything?”

“Big sister Xu Nai, you’ve already said her thoughts and she’s panicking.” Xiao Mei said with a smile of contempt, “Big sister Nai Nai, you should say the answer and let us hear it, there should be a terrible plot, right!”

“Alright! Then I’ll just say it!” Xu Nai licked her red lips before saying, “She’s clearly here to rise in ranks!”

“What nonsense are you saying.” Bai Shi Shi pushed her and said, “You think that everyone’s minds are as lacking as yours!”

“Everyone knows who’s lacking!” Xu Nai looked at Luo Qing Chen in disdain, “There are only a few people who you want to hook in the Lu Group, but I think that with your strong efforts, the one you want to hook the most should be director Lu!”

“Si.” The surrounding whispers came again, but this time it sounded even worse.

“At first I thought it might be an understanding, but with Xu Nai’s analysis, why do I feel like it’s true!”

“Everything is unknown! After all, there isn’t just a single person in the company who admires director Lu.....”

“But her methods are good, this is a classic case of the poor designer climbing up the ranks!”

“Ha, ha, that’s right!”

.....

Luo Qing Chen naturally knew that normal gossipers wouldn’t say this, there would only be Xu Nai’s friends who followed with this show!

She looked at Xu Nai with narrowed eyes and said, “So what?”

Her voice was very soft like water, there wasn’t a single bit of panic at all.

This made Xu Nai’s inner volcano burst even further. She couldn’t help exploding, “See, see, see, all of you look and see, she’s admitting it!”

“So what if I admit it?” She narrowed her eyes and said with a soft smile, “It’s the same as before, how is it related to you?”

“Let me tell you! A trashy and poor designer, how can you dream of marrying a wealthy man!” Xu Nai shook her head in disdain, “You don’t know since you weren’t there yesterday! The reason why your design could be sold for over fifty million isn’t because it looks good, but because director Lu’s fiancée likes it. Do you understand?”

A team that relied on selling their bodies to reach first place, how could they compare to an excellent team!

It really made one laugh themselves to death.....

Xu Nai’s face was completely red at that moment, it was like she finished that sentence in a single breath without stopping to breathe.

Luo Qing Chen heard this and revealed a faint smile. When she was about to say something, there was a commotion at the door of the cafeteria.

Lu Xi Feng was wearing a dark blue suit and had the look of a domineering president as he walked towards her step by step.

His magnetic voice slowly rang out, "Didn't we say that we would get the certificate at one? The Department of Civic Affairs is already off for lunch, it can't be that you're planning to escape, right.....young miss Luo Qing Chen!"

Chapter 683: Black bellied president's deep kiss (Part 42)

In a second, all the sounds disappeared!

They disappeared under his strong presence, disappearing into his magnetic voice.

He was that dazzling as he moved towards her step by step. His lips were curled into a faint smile, as he became the center of attention.

Luo Qing Chen was frozen in place as he raised his warm hand and tapped down on her head, "What are you in a daze for! Come!"

As soon as his voice fell, he softly took her hand and ignored everyone's gazes.

"You....." Xu Nai's face didn't have a trace of blood. She could only squeeze out a few words from her mouth, "You are.....How is this possible....."

How could Lu Xi Feng recognize her and call her fiancée.....

Xiao Mei who had been rather imposing slowly moved back with her head as low as possible, she didn't want Lu Xi Feng to see her.

"Director Lu, this is....." One of the gossipers who was rather more brave came forward to ask.

Lu Xi Feng looked up with a faint smile before looking at Luo Qing Chen, "My fiancée."

He didn't forget to add, "But she'll be my wife soon."

Bai Shi Shi looked at Luo Qing Chen with a look of understanding, "You.....You.....You.....My.....God!"

"Shi Shi....." Luo Qing Chen was a bit worried and strangely satisfied as she touched her ears and said, "Listen to me explain first!"

"There's no need!" Bai Shi Shi honestly replied before turning to look at Xu Nai, "Isn't this a great reversal, isn't this very shocking, isn't this very exciting?"

"I....." Xu Nai controlled her breathing as she said in a trembling voice, "This.....This was all Xiao Mei's idea!"

"God, big sister Nai Nai, you're breaking all bridges." Xiao Mei had her head lowered as she said while biting her lip, "Doesn't our group listen to you, Xu Nai?"

"Ha, ha." Bai Shi Shi saw the conversation between Xu Nai and Xiao Bei and she couldn't help laughing, "This must be the most exciting thing I've seen this year."

“Shut up!” Xu Nai said through gritted teeth, “What does it matter to you?”

Bai Shi Shi said, “I live by the sea! We have a rather wide reach!”

“Director Lu has his own ideas of what’s right or wrong, what are you interfering for?” Xu Nai turned over to look at Lu Xi Feng, “Director Lu, I didn’t know that young miss Luo was your fiancée, so I thought that she was just a designer who came in through the back door.”

“Un.” Lu Xi Feng said with a thoughtful nod, “You seem to speak with a bit of reason.”

Xu Nai heard this and her face became more relaxed, “I was thinking from a just perspective, so naturally I would say this to let everyone discuss.....After all, the Lu Group is the biggest modeling company.....”

Luo Qing Chen looked at Lu Xi Feng and knew that he had something to say. That Xu Nai thought that she could win him over with logic.

Really, she’s too naive.....

“Are you done?” He looked at Xu Nai, making her a bit nervous.

This was her first time having Lu Xi Feng look at her like this.

“I....I’m done, director Lu.”

“Then go to administration to take care of your salary!” Lu Xi Feng took the young girl beside him in his arms, “Everyone who said anything bad about my fiancée, you can just go to the administration to take care of your salaries.”

Chapter 684: Black bellied president’s deep kiss (Part 43)

Lu Xi Feng’s voice was a bit cold. Although it wasn’t loud, it made people tremble.

“Director Lu.....” Xiao Mei suddenly said through gritted teeth, “Although we love to gossip a bit, there’s no ill will.”

“Right, right, right.” Xu Nai followed and said, “Director Lu.....isn’t this a bit unfair!”

After all, she had been in the Lu Group for all these years, how could it end like this!

This business was unlike others, models who were dismissed had a 90% chance of being blocked by the circle.

Lu Xi Feng’s casual decision made her unable to stay in this line of business.

“So what if it’s unfair? So what if they went through the back door?” Lu Xi Feng gave a cold laugh as his voice turned even colder, “As long as my fiancée is happy, anything is fine.”

“Si.” There was a gasp from the crowd.

Everyone had heard that director Lu had a habit of breaking relations and not liking girls. Now it seemed like he was just waiting for the right girl!

“So jealous!”

“If I had this kind of fiancée, I would give up ten years of my life!”

“It’s impossible even if you gave up three hundred years, alright?”

“A Cinderella story……”

……

“Ke, ke.” Lu Xi Feng cleared his throat, “That Cinderella story, I want to correct it!”

The gossipers lowered their heads as their faces turned red in embarrassment.

Xu Nai’s face was red in anger, but when someone mentioned Cinderella, there was a piece of her heart that was still filled with pride.

Her family wasn’t considered bad, so she had a sense of superiority and became the boss of her group.

This fiancée standing with Lu Xi Feng, even if director Lu liked her, she was still a Cinderella.

Things like status always changed in this world, Cinderella’s success was an inspirational story.

But everyone will remember that she was a Cinderella in the beginning!

“If the only daughter of the Luo Family of A City’s four great families was a Cinderella, there would be no princesses in this world.” Lu Xi Feng looked at her with a pampering look as he continued, “Even though she has always been a princess in my eyes.”

?

Director Lu slapped their faces and didn’t forget to feed them dog food!

The gossipers didn’t want to eat, alright?

“Luo Family……”

“My god, the tycoon family!”

“Ze, ze, Xu Nai is normally so arrogant, but this time she’s finally hit a wall and she can’t get past it at all!”

……

The gossipers’ voices filled the sky and everyone’s opinions fell onto one side.

After all, the marriage between giants was beyond the reach of many people.

“Dong.” Xu Nai’s legs gave out under her.

Luo Family……

How could she not know the Luo Family of A City. It’s said that the Luo Family’s young miss was a fool and never came out, but there were many handsome guys who kept trying to chase her because that family was very strong……

Even if she didn't offend Lu Xi Feng's fiancée, just offending the Luo Family's Luo Qing Chen.

She could no longer stay in A City.....

Lu Xi Feng narrowed his cold eyes and as he looked at his watch, "The Department of Civil Affairs should be open. Miss fiancée, can we go get our certification now?"

Luo Qing Chen felt like he was glowing at that moment.

Moreover.....it was a dazzling light!

She revealed a faint smile and said, "I already stole my family registration, so let's go, mister fiancée!"

At the certificates department, in front of a red cloth with white clothes and with faint smiles.

"Kacha!" There was the snap from a camera and the hearts of sounds beating fast.

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

"Alright." The cameraman came forward with a smile, "You two are the most beautiful couple that I've taken a picture for in all my years."

Luo Qing Chen was surprised as her face couldn't help turning red.

"Thank you." Lu Xi Feng said with a chuckle, "My wife brings up our family's value."

"Ah?" Luo Qing Chen's eyes trembled as her heart skipped a beat.

Was it because he called her beautiful.....

Or was it because he called her wife.....

"If possible, can I help you pay the nine dollars and ninety cents for the marriage....." The cameraman looked at them in an embarrassed manner and said, "Can I keep a copy of your picture?"

People liked beautiful things and the honest cameraman wanted to keep the most beautiful photo in the world.

"Sorry." Lu Xi Feng decisively refused, "I already promised my wife that I would pay."

The two thin and red books felt a bit heavy in their hands.

When they walked out of the office, the sunlight was just right and there was a warm feeling when it fell onto you.

But after that, there was a text from Luo Chi Mo that broke her good mood.

Some people really didn't give up.

(Little sister! Quickly come back, Wang Zi Hang is crying and causing trouble at our house! ——Luo Chi Mo)

“Ke, kje.” Luo Qing Chen turned to look at Lu Xi Feng who had just received the certificate and said, “That.....”

“Call me husband.” His eyes sparkled a bit, knowing that she was struggling to find what to call him.

Although he was a bit unwilling when she called him director Lu, it couldn't be forced since they were only engaged.

But it was different now.....

With the certificate in hand, the world belonged to him.

There was no one that could stop him , he could truly be a demon who spoiled his wife!

“Pu! Lord husband!” Luo Qing Chen pursed her lips and said, “Come home with me!”

“Being invited home by my wife after receiving the marriage certificate, I can guess what it is.” He narrowed his eyes as he said with a faint sparkle in them, “But is it really good to do it at your house?”

“Do what!” Luo Qing Chen lowered her head and touched her red ears, “Aiya, it's not what you think.”

Although she didn't know why Wang Zi Hang suddenly appeared at her house, she knew that nothing good was about to happen.

—

Luo Family's villa.

“Uncle, you know that Qing Chen and I are truly in love!” Wang Zi Hang took out the 'love letters' from the box and said, “These were all written to me by her.....”

Luo Lin knit his brows and looking at the 'love letters', he knew it was his daughter's handwriting.

The letters were squeezed together, it was not something that normal people could write.

Luo Lin just gave two coughs, “But Qing Chen already told me to cancel the engagement with you. I heard that you reached an agreement back at the Venice Hotel!”

He didn't go to that banquet, he had sent his daughter and son instead. But what Wang Zi Hang had said at the banquet had also reached his ears without a word missing.

The cooperation naturally couldn't continue and his engagement with Qing Chen would definitely be cancelled.

But this person had suddenly appeared saying that Qing Chen was deeply in love with him, what was going on!

Luo Chi Mo slowly came down from the second floor and looked at Luo Lin, “Dad, I know what's going on!”

Chapter 686: Black bellied president's deep kiss (Part 45)

Wang Zi Hang had been in a bad mood in the past few days, so he brought Gu Ya Ru to go gambling, but he never thought that he would lose all his money in a single night and even own thirty million.

He didn't dare tell his father about this and he suddenly thought of his fool fiancée.

He made a small summary, thinking that everything that Luo Qing Chen said that day at the Venice Hotel banquet must all be pretend.

That was because at all the small and large banquets he had gone to, he hadn't seen Luo Qing Chen.

There was only one reason for not going out, she was stupid!

It would have been easily seen through if she went out regularly. He went home to think and thought that idiot must be causing trouble with him, waiting for him to go apologize.

When he thought of this, he immediately rushed to the Luo Family!

"Big brother must be joking." Wang Zi Hang awkwardly looked at Luo Chi Mo and said, "I came here because I saw the letters Qing Chen wrote me before and I missed her...."

"Peng." There was the sound of the door being opened,

What followed was the sound of a maid, "Young miss, welcome back."

"Un." Luo Qing Chen went into the living room with a nod.

Lu Xi Feng was following her with his hands in his pocket, bringing a strong imposing aura.

Actually Wang Zi Hang was kneeling in front of Luo Lin and there were 'past love letters' all over the table.

When Wang Zi Hang saw Luo Qing Chen come in, his eyes were filled with joy.

But when he saw Lu Xi Feng behind her, his eyes dimmed.

He thought that the richest man in A City had casually said he was engaged to Luo Qing Chen, but now it seemed like they really were engaged.

"Director Lu." Luo Lin quickly stood up and said with a polite bow, "Director Lu, why didn't you tell me you were coming."

"Uncle, don't be like this." Lu Xi Feng quickly helped Luo Lin sit down as he said, "If uncle acts like this, Qing Chen will make me kneel on the washboard tonight...."

Luo Lin was stunned, clearly not believing that these words came from Lu Xi Feng's mouth.

He said with a smile, "She wouldn't dare, she wouldn't dare."

In Luo Lin's eyes, Luo Qing Chen had been timid since she was young, it was impossible for her to be this kind of person.

Even if she was no longer a fool, she wouldn't dare make Lu Xi Feng kneel on a washboard!

At this time, Wang Zi Hang stood there, deeply feeling that he was being ignored.

He quickly wanted to make his presence known, as he looked at Luo Qing Chen with a gaze of deep emotion, "Xiao Qing Qing, I'm truly sorry about what happened that day....."

Wang Zi Hang thought that by suddenly coming to the Luo Family and talking to her.

She definitely wouldn't have prepared anything and would be seen through! As long as he can see through her, the defenses in her heart would collapse.

At that time, his soft words would make her return to his side.

That way, he could take care of his thirty million debt.

"He, he." She narrowed her cold eyes and looked at him as she said in a voice without any warmth, "Does young master Wang not understand human words?"

"Ah?" Wang Zi Hang was stunned, being shocked by her sudden cold voice. He stuttered out, "I.....I came here to apologize to you, don't be this fierce!"

Luo Qing Chen looked at the maid and said a few words to her before the maid went upstairs.

She crossed her arms and said, "It seems I didn't make myself clear that day, then I'll make it a bit clearer to you, Wang Zi Hang today. Otherwise you and your weak mind will keep coming here to waste my time."

Chapter 687: Black bellied president's deep kiss (Part 46)

Luo Lin gave a cough after seeing this situation, "Since it's the matters of you young people, I won't meddle!"

He headed to the second floor after saying this.

Actually he hated the Wang Family very much, the cooperation was always stuck on the problem of money.

The Wang Family had only taken out a tenth of the capital for the investment.

Luo Lin thought that since they would be a family, he could just close one eye.

But the Wang Family didn't just act like this, they even used fake public funds afterwards. Their methods were quite rough.

If it wasn't for his daughter liking that Wang Zi Hang, he definitely wouldn't have cooperated with this kind of person!

When he heard his daughter didn't like him anymore, how happy he was! He directly cancelled the deal and ended all contact with the Wang Family!

Now this Wang Zi Hang seemed like he wouldn't give up.....

“Qing Chen.” Wang Zi Hang was helpless, but he could only thicken his skin as he said in an aggrieved voice, “Do you still remember? When I took you to the rose garden for the first time and you tightly hugged me, saying that you liked me most in this world.....”

Luo Qing Chen thought and there seemed to be this matter in the previous host’s memories.

But she felt her stomach churn when she thought of this, so she said in a cold voice, “I don’t.”

Lu Xi Feng casually sat down on the sofa and softly tapped his right finger on the arm of the sofa.

It was like he was using a silent voice and provocative actions to say: Please begin your performance.

Wang Zi Hang silently clenched his fists. He looked at the love letters on the table and it was like his fighting spirit was renewed. He looked at Luo Qing Chen and said, “These are the love letters you wrote me, do you remember them?”

After saying this, Lu Xi Feng casually took a letter and slightly narrowed his eyes.

As expected, he was still jealous.....

Luo Qing Chen took the letter from Lu Xi Feng’s hand and her eyes trembled slightly, “This kind of trash shouldn’t belong in this world!”

As her voice fell, the maid from earlier came in with an iron tub.

She looked up with her cold eyes and swept all the love letters into the tub as she looked at Wang Zi Hang to say, “I don’t remember.”

She took a lighter from the table.

And lit up all the love letters.

Wang Zi Hang was frozen in place as Luo Qing Chen took less than five seconds to do all this.

Smashing all his thoughts. He thought that he had at least an 80% chance of winning her back.

But now it seemed like it wasn’t even a 20% chance.

Since there was no chance, he couldn’t let the other side succeed! Even if that person was the powerful Lu Xi Feng!

“Qing Chen.....” Wang Zi Hang softly whispered, “You don’t understand how complicated the rich circle is, there are some people who don’t have good ideas towards you. He just wants.....to use the Luo Family’s resources! You are a fool so I’m worried that you’ll be tricked!”

“Pu.” Luo Qing Chen heard this and found it funny.

Shouldn’t this be a complete description of you, Wang Zi Hang? How was he not embarrassed to say this from a righteous angle!

His face!

“Wang Zi Hang, you really are talented!” She said with a cold laugh, “You don’t want your face just for thirty million?”

“Qing Chen.....”

“Young master Wang.” Wang Zi Hang wanted to say something, but Lu Xi Feng cut him off.

He leaned back in the sofa and slowly took out the red booklet from the pocket of his suit, as he said with a smile of deep meanings, “It seems that your worries are too late!”

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 688: Black bellied president’s deep kiss (Part 47)

“What is this?” Wang Zi Hang’s heart skipped a beat as he felt like a little clown. He naturally could see the words marriage certificate on the paper, but he simply didn’t dare believe it!

Luo Qing Chen took a red book out of her pocket and placed it on the table, “We’ve already gotten a certificate, do you understand?”

Wang Zi Hang’s face was completely green and he stumbled back a step, acting like a clown.

Lu Xi Feng waved his hand as he said to the maid, “Send the guest out!”

“Puchi.” Luo Qing Chen crossed her hands with a faint smile, “Master is so imposing!”

Lu Xi Feng took her hand and brought her into his arms, “Lord wife is the real master!”

[Ding, affection has increased by ten. Mission completion rate is now 90%.]

At this moment, Wang Zi Hang didn’t have any face to stay any longer.

His face suddenly filled with rage and shame as he tightly clenched his fists and strode out of the Luo Manor.

Luo Qing Chen gritted her teeth and looked at Luo Chi Mo hiding behind the stairs, “The one sneaking around can come out now!”

Luo Chi Mo had an awkward expression as he came out with a smile, “That.....I was just passing by.....You.....You can keep going!”

After saying this, he disappeared without a trace.

There was only Lu Xi Feng and her left in this empty living room.

He softly held her as he looked at her with a half pampering and half jealous look, “I never thought that you wrote love letters to him!”

Luo Qing Chen heard this and felt angry! But she couldn’t deny it, so she bit her lip and said, “Who hasn’t encountered trash in their lives before!”

In one’s youth, everyone looked the wrong way! If one could smoothly meet an affectionate male god, that was called a miracle!

Miracles are called miracles because they were rare!

Because her parents were home, Luo Qing Chen sent Lu Xi Feng home early.

She took a bath before heading to the study.

Luo Lin was looking at the latest business deal with reading glasses on. Luo Qing Chen put down the glass of milk in her hand and said while massaging his back, "It's been hard on dad!"

Luo Lin was stunned. His daughter had been a fool before, so he rarely saw her like this.

Now that she became intelligent, there was suddenly an intimate feeling.

"Good." Luo Lin softly patted her hands and said, "After my daughter became smarter, your eyes have become better!"

"Dad also thinks that my eyes have become better?" Luo Qing Chen's eyes lit up as she said, "Then you can't be angry if I tell you something!"

This getting married first before telling him was a stimulating matter, but the stimulating part was getting married and not the telling part.....

"What is wrong with you?" Luo Lin asked in a worried voice.

Although she rarely went out before, she still got in plenty of trouble.

He had returned several million just for Wang Zi Hang, but he loved his daughter, so he never revealed anything even if he knew.

"Un." Luo Qing Chen paused before confessing, "I was bored this afternoon, so I went and got married....."

She felt that there was a bit of boredom with a scent of explosion in front of her.

After saying she got married, her voice became smaller and smaller!

For a long time, the air was silent.

Luo Qing Chen was about to explain when Luo Lin suddenly stood up to look at her, "Was it with director Lu?"

"Yes....." She nodded her head with a bit of panic in her heart.

After all, getting married first before telling wasn't good.....

Humph! It was all Lu Xi Feng, encouraging her to steal the family registry!

What she didn't know was that Luo Lin's reaction would stun her!

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 689: Black bellied president's deep kiss (Part 48)

"Ze, ze, ze, my good girl!" Luo Lin excitedly stood up and said, "You actually easily got the richest man in A City and even received a marriage certificate!"

"Ah?" Luo Qing Chen had crows flying over her. What did her father mean, who could explain to her?!

Luo Lin excitedly picked up his phone and walked around twice, as if he was thinking about who to tell this 'exciting' news to first!

Three seconds later, he contacted a certain director!

"Brother Xu!" Luo Lin said into the phone, "Do you know? My daughter actually married director Lu! What? It's not my delusion, it's true! Aiya, it's true, it's true! I'll tell you at the next feast!"

As soon as his voice fell, he hung up and called another person right after that.

"Dad.....That....." Luo Qing Chen thought that she would seriously talk to her dad and finally get him to realize that the rice was cooked.

But now it seemed like Luo Lin was filled with joy and excitement.

"Aiya, good daughter, you should go rest if you're tired. Dad still has many more calls to make!"

"What! It's not....."

"Hey, director Zhang! Right, right, right, it's me, it's me.....My daughter has married into the Lu Family! No, it's not an engagement, it's married, they're already married! What? I didn't drink too much! They really are married!"

"Hey, brother He! Have you been good recently? I've been very good lately, my daughter got married! No, no, no, it isn't that trash Wang Zi Hang! It's director Lu.....Right, the rich man, ha, ha, ha....."

When Luo Qing Chen heard the third call, she couldn't keep listening any longer!

Her dad was strong.

It gave her an unprecedented shock and she was completely terrified!

—

The next morning, Luo Qing Chen returned to the company.

Her work had changed from the designer of the F Team to Lu Xi Feng's secretary.

This kind of change just required a single order from the president!

"Although we can't stand Qing Chen leaving, no one can go against director Lu!" Bai Shi Shi held a plant as she said, "I heard that the secretary's work is rather troublesome, so I got some plants to help you relax!"

"Qing Chen will be working on the thirtieth floor from now on!" Momo said in a jealous voice, "Bring us to the thirtieth floor next time! I really want to see what it looks like!"

"Ok!" Luo Qing Chen said with a chuckle, "I'll arrange for the Dream Team to check out the president's office on the thirtieth floor in a few days, alright?"

"Alright, alright!" Bai Shi Shi began gossiping, "It's said that director Lu really is fast and ruthless. Rumours say that Xu Nai's group has been dismissed from the Lu Group and has been blocked by director Lu!"

“Ze, ze, ze, this really is satisfying!” Momo said with a soft snort, “They bullied us so much in the beginning, finally they’re getting what they deserve!”

“In the entire modeling circle, no one dares to take Xu Nai’s group! They are people fired by director Lu.” Bai Shi Shi pursed her lips and said, “I heard that the reason why they were fired was bad character!”

“It’s like this!” Luo Qing Chen held her cheek and said, “It really is like Lu Xi Feng!”

Although her time with Lu Xi Feng wasn’t short, Lu Xi Feng was someone who hid his emotions like a little devil. There was a feeling that it could explode at any moment!

The days following showed her that her thoughts were very accurate.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 690: Black bellied president’s deep kiss (Part 49)

This was her first time following Lu Xi Feng to the thirtieth floor, so she was actually very nervous.

What did this place considered the taboo area of the Lu Group look like?

The elevator was made of glass and it went up floor by floor, she was a bit scared of heights, so she couldn’t help taking two steps back.

“Darling wife, come over.” Lu Xi Feng softly took her hand and stood between her and the glass.

Luo Qing Chen was stunned, feeling quite strange.

It was like crossing the road, Lu Xi Feng always stood on the side of the cars and always looked left and right for her.

“Does anyone normally come to the thirtieth floor.” She looked at him with eyes as clear as water.

“Normally one needs fingerprint verification to reach the thirtieth floor, so most of the time it’s me and Lin Yue.”

“Just.....Just the two of you!” Luo Qing Chen pursed her lips into a teasing smile.

The company was filled with rumours and she felt it was a bit funny, as she deliberately teased Lu Xi Feng.

But she never thought that his right hand would come up to press her against the elevator door. His lips curled into a faint dangerous smile as he said, “What does my darling wife wish to say?”

It was like he could see through her with a single glance. Although he didn’t say much, he showed his disapproval for this idea through his actions.

“I.....” She took a deep breath. Faced with this handsome face that kept approaching, her heart kept beating fast.

Before she could finish. Lu Xi Feng’s right hand took her waist and he placed a soft kiss on her lips.

A very soft kiss.

It left as soon as it fell.

“Lu Xi Feng, what are you stealing a kiss for!” Luo Qing Chen took a deep breath and tried to calm her emotions, but the blush on her face had already betrayed her.

She felt it was quite wonderful kissing him. Other than mistakenly bumping into him on the cruiser, this was their first real kiss.

It was very nerve wracking and very exciting.

“Ding.”

The elevator opened and he picked her up. He said in a gentle voice in her ear, “If it wasn’t for being afraid of falling in the elevator, I don’t think you would have the strength to be angry.....”

When he held her, he never dared to make a joke. Whether it was opening the car, crossing the road, or in an elevator.

“.....” Luo Qing Chen buried her head against his shirt and said, “Aiya, quickly put me down.”

“No.” He decisively refused, but there was a turn in his words, “Unless.....”

“Unless what?” Luo Qing Chen looked at him and said, “Speak, speak!”

Although there was no one around, being hugged like this in the office.

Still felt strange.....

“Call me husband!” His magnetic voice sounded in her ear and almost turned her heart numb.

Luo Qing Chen tucked her hair back in embarrassment and said in a very small voice, “Lord husband.....”

Lu Xi Feng said with a gentle smile, “It seems like you don’t want to come down. There’s a swimming pool in front, I wonder if my darling wife knows how to swim!”

“Why!” Luo Qing Chen looked into his eyes and said with pursed lips, “Didn’t I say it?”

“The wording should be more clear and you can remove the lord.” Lu Xi Feng lowered his head to kiss her forehead before saying in a pampering voice, “Do you need another chance?”

“Yes!” Luo Qing Chen obediently said, “Husband, let me down!”
