Chapter 691: Black bellied president's deep kiss (Part 50)

Standing in the office on the thirtieth floor, Luo Qing Chen felt like she had a peek into Lu Xi Feng's secret.

A bar, a basketball table, a tennis room, a swimming pool.....

There was everything, it was like a small villa with everything available.

The most special thing should be the sofa in the middle. It was a very large sofa and sitting on it felt like sinking into a warm sofa.

Without knowing it, a chiseled face appeared in her eyes when she looked up, with a dangerous smile on his face as he came in bit by bit.

"You....." Luo Qing Chen fell backwards and shrunk her neck. She looked around and said, "I want to say something!"

He stopped moving towards her and sat down beside her as he said with a chuckle, "What is it?"

He thought that she would say something shy, but he never thought.

"The sun is bright up in the sky!" Luo Qing Chen pointed at the sun outside and said, "You're actually playing with a young girl....."

He suddenly pulled her into his embrace and his beautiful voice sounded by her ear, "First, you are not some girl, you are my wife. Second, I am not playing with you under the sun, there is no one here. You can't call for anyone!"

"....." Luo Qing Chen's eyes trembled and she felt like she was trapped.

Lu Xi Feng didn't give her time to think as he directly kissed her.

This kiss was very sweet, not a kind of domineering kiss. It was delicate and gentle, with a hint of lingering.

After a while, Luo Qing Chen suddenly shouted in an excited voice, "It's snowing.....Wu....."

Lu Xi Feng slightly knit his brows and seeing her not serious appearance, he kissed her even stronger, as if he was proclaiming his dominance.

Luo Qing Chen's heart trembled, she didn't know what she said wrong, it really was snowing hard!

It was snowing! Shouldn't they share the joy of seeing the snow?

After a while, he slowly let her go and said, "You don't focus on your kisses, is it because your husband isn't skilled enough or is it because the snow is more attractive than me!"

?

Why did a man have to be jealous of the weather?

Although he said this, Lu Xi Feng took off his jacket and wrapped it around her, "It'll be getting colder, so wear more tomorrow."

"I'm already wearing quite a bit today!" Luo Qing Chen waved her hand and said, "I'm wearing four pieces....."

It was already the middle of winter, so she wore quite a bit since she was afraid of the cold.

Lu Xi Feng squeezed her little nose and said, "Then wear five pieces!"

"....." She pretended to refute, "I'll be like a dumpling wearing five pieces. You're clearly only wearing two pieces, why do you want me to wear five!"

"Un." He seriously thought for a bit before saying, "Because with you beside me, I feel very warm."

Ding, your little prince is online.

In the following days, Luo Qing Chen's daily work was very troublesome. Not only was she pressed against the wall, the desk, and the sofa by director Lu.

She had to listen to director Lu's flirty words! Really!

Right, she still had another job, which was to provide him with the next set of winter clothes for the Lu Group.

Director Lu's thoughts were, if his wife liked it, they were good clothes! If she didn't like it, it was trash!

Un, it really was the domineering Lu Xi Feng!

Chapter 692: Black bellied president's deep kiss (Part 51)

Without knowing it, this kind of scene quickly passed by.

The year came to an end and Luo Qing Chen attached great importance to the year end banquet.

After all, there was the side mission that would be determined at once!

She already asked what the third prize of this year's Lu Group annual banquet would be!

The answer given to her by the manager was a multifunctional massage chair!

She specially went on the internet to research strategies. How to let yourself win third prize at the year end banquet!

It had to be said, this damn system! Only this kind of trash system could think of this.

Calculating the odds, there are over eight thousand employees in the Lu Group and there were only ten prizes.

The chances of winning was one in eight hundred, this was being forced to fail!

Thinking of this probability, Luo Qing Chen couldn't help complaining to her system!

System, I want to ask you! Can you finish this side mission for me?

[Why is the host complaining.....] The system was very wronged!

Alright! Then I won't complain, I just want to ask, will you take away experience if I fail the side mission?

[Yes!] The system was very determined!

She didn't know what else to say except god damn.....

[Host, the system is a bit tired!]

I hope you turn into a pile of broken parts, goodbye!

[.....] The system had a very bad host!

Ah, ah, ah, so angry! Your face doesn't look good when you're angry!

Lu Xi Feng looked at Luo Qing Chen sitting in front of the computer looking frustrated and asked, "Darling wife, what are you troubling over? You look like the sky is about to fall down!"

Luo Qing Chen's eyes lit up and sat down on the soft bed, "Director Lu, I want to ask you something!"

"Why so serious?" He softly hugged her as he casually leaned against the bed, "You have to tell me everything!"

"Ke, ke." Luo Qing Chen cleared her throat and said, "Tell me, isn't it reliant on luck to win the prizes at the annual banquet!"

"Ah?" Lu Xi Feng was a bit surprised as he reached out a hand to touch her forehead, "Are you sick?"

He saw her cute appearance and there was a sparkle in his deep eyes.

"No, no!" Luo Qing Chen folded her hands and said with a sigh, "God bless, god bless! I am very satisfied, please let me win the third prize at the banquet tomorrow!"

She didn't want the hundred thousand special prize, she didn't want the second or third place prize!

In life, people need to have a bit of surprise!

She just wanted the normal third prize!

"Quickly go to sleep!" Lu Xi Feng softly patted her head, "If there was a skill for winning things, everyone could win the lottery!"

"Humph!" She gave a serious snort before diving under the blankets.

It seemed like there was no hope in finishing this side mission.

Lu Xi Feng put the blanket over her before seeing someone's Baidu question. His lips couldn't help curling into a faint smile.

It was so cute that it was hard to describe.

(How does one win a third place prize without luck?)

There were kind hearted answers underneath!

(In your dreams!)

(Go wash up and sleep! This person is probably someone who's too busy daydreaming.)

(Say 'god bless' before sleeping! Quickly adopt me!)

.....

Lu Xi Feng chuckled before closing all the pages.

Seeing that she was already asleep, he slowly turned off the light in the bedroom and went to the balcony to send a text.

Lin Yue's surprised response came immediately: ???

Chapter 693: Black bellied president's deep kiss (Part 52)

The Lu Group's annual banquet booked the Venice Hotel since this seven star hotel chain was a business run by the Lu Family in the first place.

Luo Qing Chen was tightly wrapped up with two sweaters and a heavy down jacket.

After all, if she didn't go out with this much, her mister Lu wouldn't agree!

Because Lu Xi Feng had other things to do, she was entering the venue alone.

There were already many gazes around her, but whether they were envious or jealous, they didn't dare say a single word.

After all, she was the rightful ms Lu.

Of course there were also many people who came to flatter her, but she rejected them with an elegant smile.

After all, she was ms Lu now, for the most important person in this world, she had to be elegant!

"Qing Chen." Bai Shi Shi was the first to call her and there was a respectable man beside her.

Luo Qing Chen narrowed her eyes and recognized him.

It was Lin Xing who had given them a precious vote in the last winter show.

Luo Qing Chen slowly came forward and said with a faint smile, "You guys....."

"Hello madame Lu." Lin Xing was very polite, even giving her a slight bow when talking to her.

Luo Qing Chen gave a chuckle and quickly waved her hand, "No need, no need, we're all friends here!"

Bai Shi Shi pulled her to the side and said, "Qing Chen, do you remember that before you arrived, although we were always at the bottom, there was always one person who voted for us?"

"Un humph." Luo Qing Chen's eyes filled with a faint sparkle, "Lin Xing?"

"Un, un....." Bai Shi Shi shyly touched her ear and said, "We're together now!"

“Pu.” Luo Qing chen was stunned. She suddenly felt like she had a sixth sense and it was very strong.
System, did Bai Shi Shi and Lin Xing know each other before?

[Lin Xing has had a crush on Bai Shi Shi for seven years!]

Damn!

“Ke, ke.” Luo Qing Chen cleared her throat before saying, “After all that hardship, he is your way back.”

Without knowing it, she suddenly thought of something and wanted to say something hypocritical to Bai Shi Shi.

“Ah?” Bai Shi Shi was a bit surprised, but she took it at face value as she said, “Un, he is my way back!”

Luo Qing Chen didn’t reveal this seven year crush secret because she knew that one day, Lin Xing would tell her.

This domineering role would be given to the male lead of her life!

Luo Qing Chen casually sat down beside her and listened to some recent gossip.

Bai Shi Shi said that Wang Ze left the Lu Group. She didn’t know where he went, but she never saw him again.

She would sometimes receive a call from a stranger in the middle of the night, but she always hung up right after picking up.

Because she knew who he was.....

Although she couldn’t put it down at first, she gradually realized that as time passed that some things held tight didn’t have an ending.

Letting go might let you have a different encounter.

After all, pleasant surprises always happen by accident. The things you can’t hold, it was better to let them go.

Luo Qing Chen didn’t say anything, she just gave her a thumbs up.

In the story of love, if the other side lets you go for fame and fortune, there was no need to turn back.

Because if he let you go for fame and fortune once, he would let you go a second time.

Money was important, but marrying for love was even more important.

Chapter 694: Black bellied president’s deep kiss (Part 53)

“Welcome everyone to the Lu Group’s luxurious year end banquet.” The host’s sweet voice slowly sounded out, “Is everyone satisfied and happy!”

“Yo! We’re happy!”

The coaxing worked and the crowd was filled with noise!

The host continued, "Then we'll begin our year end prize drawing now! Because this is the first banquet hall, we will synchronize with the other banquet halls later."

"Si." Luo Qing Chen looked at the 0099 card in her hand and quickly sat up straight, "The lottery is starting!"

"Bai Shi Shi and Momo looked at her with confused looks and asked, "Why are you so excited?"

Lu Xi Feng's wife cared about this kind of lottery?

"Aiya! You won't understand!" Luo Qing Chen seriously said, "This is a kind of faith!"

"Our drawing this time is very special!" The host heard the voice coming out of his headset and said, "We'll start with the special prize!"

"Ah!" Bai Shi Shi muttered in a confused voice, "There's actually no suspense!"

The host pulled out a ticket from the box in the middle and looked at everyone under the stage, "The hundred thousand grand prize goes to.....number 1357!"

There was a restlessness that filled the crowd and three seconds later——

"Ah, ah, ah, it's me, it's me, it's me!" There was a live feed from another banquet hall and a man wearing a blue dress shirt was jumping up and down with an excited look on his face.

Next it was the first and second prize.

Luo Qing Chen wasn't excited for this, but that didn't mean Bai Shi Shi and Momo weren't excited.

The two of them carefully listened to the words of the host on stage!

When it came to the third prize, Luo Qing Chen who hadn't said a word suddenly sat up.

"You don't care about the big prizes, why are you suddenly excited for the third prize!" Bai Shi Shi looked at Luo Qing Chen who had suddenly become excited with a confused look.

"I already said that you wouldn't understand." She looked at the card in her hand as she put her hands together in prayer.

"5269, 1400.....3326!" When the host finished reading the ten numbers, Luo Qing Chen gave a sigh with a look of defeat, "It really isn't working, why can't the goddess of luck come to me!"

"Today's drawing is a bit special!" The host's sweet voice sounded again, "Director Lu sympathizes with our Lu Group's workers, so he has decided to give 8321 third prizes this year, wishing everyone a happy new years!"

?!

Everyone was stunned. 8321 third prizes, didn't that mean that every employee received a third place prize?

"God, director Lu is exploding with kindness!"

"Male god!!! I'm willing to do laundry and cook for you, I'm willing to....."

“Stop dreaming.....”

.....

Bai Shi Shi on the side saw Luo Qing Chen’s stunned look and said, “It can’t be that director Lu acted like this because you wanted the third prize, right?”

Her eyes trembled as she suddenly said in a voice of understanding, “Ah?”

“Many thanks to ms Lu for giving us unlucky people a third prize!” Bai Shi Shi could guess most of it just from seeing her expression.

But she never would have thought that Lu Xi Feng would spoil her this much.

Luo Qing Chen took a deep breath. She heard the sounds around her, but her heart was as calm as water.

Having a Lu Xi Feng by her side really was good.....

Chapter 695: Black bellied president’s deep kiss (Part 54)

After the yearly banquet was over, a certain Lu put a massage chair into the back of a luxury Benz.

Lu Xi Feng looked at the silent her and said with a faint smile, “Darlin wife, do you have a feel of spending money?”

“I’m in pain.....” Thinking of this, it really was a waste of money! She pursed her lips and said, “Actually you didn’t need to do this, I was just casually speaking.”

Although the side mission was important, it was too luxurious to finish it like this!

“I want to fulfill every one of your dreams.” Lu Xi Feng paused before saying, “Everything that you want, as long as I can do it, I will never look back.”

He didn’t care about time, money, or anything.

It was enough as long as she was happy.....

“The little love story is online.....” Luo Qing Chen’s lips twitched with a smile as her eyes sparkled.

“Luo Qing Chen, it really is true!” The luxury Benz stopped at the entrance to the villa and his dark eyes had an irrefutable look in them as he slowly approached her.

Actually she knew that this was true, she just wanted to make fun of the overbearing president in her heart!

She never knew that a soft kiss would fall right after.

The cool lips with a hint of mint in the air. This was a very shallow to deep kiss, bringing his unique scent inch by inch as it confused one’s mind.

She couldn’t help thinking of their first meeting, when her mistake had created that wonderful meeting between them.

Without knowing how long passed, he finally gently let her go. He slowly took off her seatbelt and carried her upstairs.

As he walked, he asked, “Darling wife, I have a question I’ve always been meaning to ask you!”

This was a question that he had never been able to understand. Although the answer wasn’t important, he was very curious.

“What?” She looked up and seeing the red lips that she had kissed, her heart couldn’t help skipping a beat.

He was asking this question while leaning over to kiss her again.

“What happened after you jumped into the sea?”

“Wu.....” Luo Qing Chen didn’t even have time to answer when he already kissed her.

Without knowing why, this kiss was very deep, as if he was kissing her with more strength with each step. It was like he didn’t want to miss even a single second.

When the door to their room opened, she slowly let out a sigh of relief.

But she never thought that the moment they opened a door, a familiar scent would come out.

All the memories came to the first time they met.

She immediately covered her nose and said, “God, did someone come here?”

“Should have.....” Lu Xi Feng knit his brows as he felt like every single cell in his body was burning.

“Then what do we do.....” Luo Qing Chen naturally knew what this was and she didn’t want to experience it again.

He knit his brows as he thought of his mother.

Damn! He shouldn’t have given her the keys to the villa.

But.....The feeling of expectation in his heart overshadowed everything else.

He narrowed his eyes and said, “Since we can’t escape, then we might as well enjoy it!”

“What?”

As soon as her voice fell, he closed the door with one hand while holding her with the other. The feeling of the smell seemed to have increased by tenfold as he said with a smile, “Wife, let’s go to sleep.....”

His voice was very soft, surrounding her in an air of ambiguity.

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

Chapter 696: Black bellied president’s deep kiss (End)

He carried her into the master bedroom with firm steps, as if he couldn’t wait a single second.

“Wait.” Luo Qing Chen pursed her lips and controlled her breathing, “I feel that we should take a bath first!”

“Together?” Lu Xi Feng’s eyes sparkled as his lips curled into a faint smile.

She quickly waved her hands, “No!”

“Alright!” Lu Xi Feng very unwillingly let her go before patting her head, “Go quickly.”

Half an hour later.

The smell of the shower gel cooled one’s mind. She slowly opened the bathroom door and crept towards the bedroom.

Lu Xi Feng seemed to have finished washing up in another bathroom and was lying on the bed without moving.

Luo Qing Chen pulled open a corner of the blanket and slowly drilled in.

She didn’t know that the moment she laid down, the man who was motionless beside her would suddenly grab her with his big hands!

Luo Qing Chen’s heart skipped a beat, as the unique scent Lu Xi Feng had surrounded her.

“I suddenly miss.....” His low and gentle voice slowly sounded, “The way you were when I first met you.”

Luo Qing Chen rubbed her head in his arms and said, “Can we not talk about this?”

She felt like she was a rough girl that day, pressing someone under her.

Aiya, she couldn’t help covering her face in shyness thinking about this!

“So, is my darling wife shy?” Lu Xi Feng gently held her, as if this cloud like feeling could touch his heart.

“I’m not!” When she looked up, he lowered his head to kiss her forehead.

She closed her eyes and just enjoyed this feeling.

After a while, he took her tightly as he said beside her ears, “After being busy all day, close your eyes and rest.”

“Thank you, Lu Xi Feng.” Without knowing why, the flirty words couldn’t move her like this could.

Her eyes turned red and she wanted to say thank you.

“Ke, ke.” Lu Xi Feng cleared his throat and said, “Can you change how you call me?”

Luo Qing Chen closed her eyes and kissed his cheek before saying, “Good night, husband.”

He was surprised, but he hugged her even tighter as his low voice softly said, “Good wife.”

The sun rose and set, people came and went.

After many years, there were many people who passed by them.

But they firmly held each other's hands because he knew that he could never let her down in this life.

Luo Qing Chen's appearance was the only bright spot in Lu Xi Feng's life, he spared no effort to protect his treasure.

They were romantic all their life, snuggling and protecting each other.

As time passed and they became old, he still liked to hug her from behind. He let his back softly lean against her shoulder as he talked about their first meeting.

Luo Qing Chen vaguely remembered Lu Xi Feng telling her: My feelings towards you won't knock you down right away, it will spoil you over time.

She wanted to tease him, but seeing his serious eyes, she could only purse her lips as she drilled into his embrace.

This was their life. Maybe you would feel that it was bland, but to them, it was already a blessing just having each other.

There was only a single look back in this life, there was no reason and there was no cause.

Chapter 697: Lu Xi Feng's side story (Part 1)

Of all the greatest scenery, I like you the most. ——Lu Xi Feng

I never thought that I would meet the most important person in my life in this situation. If you asked me when I fell in love with her.

I can tell you that it was when she cut her skin with that fruit knife, my heart skipped a beat.

That feeling, I had never felt it since I was born.

The room was filled with the smell of aphrodisiacs and I could control myself before, but it seemed like I couldn't control myself today.

In the dark, I could see a vague outline of her face. With the light of the moon, I could see her clear as water eyes.

I suddenly had a perverse thought, would she do anything to me?

I never thought that when I thought this, she would charge at me with heavy breathing, as if she wasn't really willing to.....charge at me.

I was first stunned and there was a second when I wanted to push her away, but it was only for a second.

My heart stopped after that and I had already raised the white flag without any control.

I held her waist in a panic. When I felt that her cool yet soft lips were coming closer, I actually couldn't help thinking that I.....wanted to kiss her.

Every drop of blood in my body burned and I was anxious to know what the world of taboo was like.

But I never thought that she would stop.

She suddenly pulled away, like I was the one who had done everything.

She was the one who came into my room and jumped me, touching even my heartstrings, alright?

I teased her and she panicked a bit, but I found it very cute.

But I never thought that she would take out eleven dollars and thirty cents, saying that this was only an attempt.

I was shocked, what kind of girl could say something like this in front of me, Lu Xi Feng.

I had never chased a girl since I was born. When I was young, I even had the confidence that there was no one in this world I couldn't chase down.

Although I never did this, when I was really rejected.

My first reaction was that I definitely had to have her know who I was.

But I never thought that she wouldn't give me a chance to speak and jumped out the window.

My heart skipped a beat and I charged forward as fast as possible, but I could only grab her red scarf.

Just how much did she dislike me to jump into the ocean to avoid taking responsibility.....

I was actually filled with an unprecedented worry. Jumping into the sea like this, it would be very dangerous.

I stopped the boat, but I couldn't find her. This made me worry more and more until I had Lin Yue bring me the list of passengers.

He said that everyone on the ship was present, which meant that she was still alive.

Using an unbelievable method to swim out of the ocean.....

I had an idea, I would host a banquet and wait for her to come.

This was actually a gamble since I didn't even know who she was, it really was difficult to recognize her based on the blurry image of that night.

But the moment she appeared in front of me, I knew since that wonderful feeling had never left.

As long as she appeared, I knew who she was.

I didn't even need to use the scarf in my hand as the most powerful evidence, I already knew.....

Luo Family's Luo Qing Chen, the rumoured idiot young miss was the one who gave me eleven dollars and thirty cents on the cruise, the one who was unwilling to take responsibility!

Chapter 698: Lu Xi Feng's side story (Part 2)

I saw that not only were there many people around Wang Zi Hang, even the tone he was speaking to her in was very aloof.

But she was very calm, it really was surprising.

Actually I don't know why I suddenly went to her side and announced that she was my fiancée.

I didn't think that much at that time, but I just wanted to protect her and keep that trash away from her.

Wang Zi Hang was very surprised, after all, my status in A City was much higher compared to his!

He kept calling her a fool, which was something that I really couldn't understand. She's such a cute girl, was Wang Zi Hang's brain broken?

Later, I became her rightful fiancée.

Of course, I never thought that she would secretly come to the Lu Group to become a designer and the group she was in wasn't that good.

I had Lin Yue secretly watch every move of her group.

When I heard that HR rep was bullying her, that HR rep had disappeared the next day.

I was like this, I liked favouring people! If you feel that I am domineering, then please sit in my position and talk to me!

Even though I didn't know why she came to my company to be a designer, I used my own ways to protect her.

Up to the winter show, I paved the way for her.

Actually I was very expectant, being able to see her shocked and moved expression.

That was because I liked moving her.

Everything went as I expected. The Dream Team won the championship with my thirty votes and I used fifty million to win her design.

When I saw the excited and shocked look on her face, I knew that everything was worth it!

Actually she was a little fool. She thought that I touched her, but she was the one who touched me.

I could see the meaning in her design with a single look, this was a design that was related to me.

Even if she said it wasn't, I knew.

I suddenly felt very warm, she was someone who didn't tell you what she did.

Her designs naturally couldn't go to other people's hands, since I'm not willing to share anything that she made with others.

I persuaded her to steal her family registry and marry me.

I never thought that she would agree. Although she only agreed under my pestering.

I was still very happy.....

After all, this fiancée would soon become my wife!

I inadvertently passed by the cafeteria to see people bullying her and of course I charged in without any hesitation!

There was someone bold enough to bully my wife in my company, they simply didn't want to stay.

When I was very angry, so I didn't hold back at all with my words.

Actually I didn't even give the final paycheck to the one named Xu Nai! If you want to sue me, come!

If I give in a single step, it's my loss. The lawsuit could last many years, but I was certain she couldn't beat me.

Since everyone in the company learned that she was my wife, I could openly take her away, which filled my heart with joy!

As the end of the year came, she very cutely asked me how she could win the third prize!

I thought about it, there was probably only me who could do this for her in this world!

Through Lin Yue, I bought eight thousand more massage chairs.

Even if it took me some time, seeing how happy she was, it was worth it to me.

Time passed and people came and went. As long as you look up, I'll come towards you.

Chapter 699: Little theater side story

["With each ending, it's the start of a new world! Today we will ask our director Lu ten rather embarrassing questions, alright?"]

[Good!!! Director Lu! Pa, pa, pa, pa!] The system talking to itself applauded very seriously.

"....."

["First question: What was your reaction when you met for the first time?"]

"Falling down, falling down, and falling down."

["Please be elegant and not crude, please answer again!"]

"Sleep with her....."

["Treat it as the system saying nothing, alright? You don't need to respond again!"]

["Second question: When was she the cutest for you?"]

"Giving me eleven dollars and thirty cents, saying that it was just an attempt!"

["Ha, ha, ha, the system also felt the host was quite poor!"] After all, she even wanted to borrow money from it!

"I really thought it was one billion. I thought that she was looking down on me, Lu Xi Feng, wanting to take care of me for only one billion! I never thought that she meant eleven dollars and thirty cents....."

["Third question: The rich circle had rumours that she was a fool, what did you think?"]

"I feel that they were the fools! Look at that Wang Zi Hang, if it wasn't for his family, he would be a rogue standing on the streets!"

["That's very correct....."]

["Fourth question: Did you bid with that sky high price in the auction just to stop her design falling into other people's hands?"]

"Not completely!" He hesitated a bit before saying, "It was to see a smile from the beauty."

["Fifth question: What touched you the most?"]

"When she admitted in the cafeteria that she was my fiancée! It felt like there was only her and me in this world at that moment!"

["Sixth question: Did she give you any birthday presents?"]

"Many presents! Speaking of birthdays, it reminds of something I said to her!"

["What?"] The system wanted to say that there was always dog food to eat when the world ended.

Can you scatter less dog food this time!

"She bought me a very big cake and had me make a wish. I said: Do you remember my wish from last year? I want to stay with her forever and now she was listening to me."

[.....Good, good! It was very like Lu Xi Feng!]

["Seventh question: How do you normally spend your time?"]

"She played tennis with me and I watched drama series with her! Although our hobbies were different, as long as you love each other, there is nothing impossible!"

["The system feels that people who say their personalities don't match just don't like each other!"]

["Eighth question: When was the first time you had a spat?"]

"Spat?" Lu Xi Feng seriously thought for a bit before saying, "It was because of a cat! She spent quite a bit of time with a cat later on, so I felt that she liked the cat better than me!"

["How did you solve it?"]

"Love knows no bounds! She liked her little cat, so even if I didn't like it, I had myself like it!"

["You really love the host!"]

["Ninth question: When did you feel the most pain for her?"]

"Whenever her period came, she trembled with pain! I didn't know what to do! I tried many methods later on and finally found one that worked!"

["What is it, please share it with the our little fairies!"]

“Soak your feet for half an hour on the first day of your period and drink a cup of brown sugar ginger tea!”

[“Wa, the system can really feel the host’s happiness!”]

[“Tenth question: Can the lovely prince say something to her?”]

“A lifetime of loving each other, sharing warmth with you!”

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 13/100]

Chapter 700: Loving one’s country: They are enemies! (Part 1)

[Welcome back host!]

“Hello system!”

[The host seems very happy!]

“Because it was very warm! It was a different warm story this time!”

Although it wasn’t completely smooth, at least there was no sadness.....

[The following is a summary of the previous mission. Host, please properly look over it.]

Name: Luo Qing Chen

World: «Black bellied president’s deep kiss»

Mission completion rate: 50%

Experience: 2000/10000

There is currently one item in the spatial storage: [iPhone 999].

Exchange points: 16900 (500 deducted from the last world.)

Base points: 40

“Wait!” Luo Qing Chen asked the system, “Why is it 2000, it was 2500 last time! It should be 3000 with 500 added on!”

[Because the host failed the side mission!]

“Damn, it failed even though our director Lu spent that much money?” Luo Qing Chen was completely confused!

It really was a waste of her money!

[The system only records the first ten numbers drawn.....]

“Damn! Can I curse someone?”

Side mission: [Let the Luo Family's rebellion succeed!]

"To be honest, I am a little nervous when I hear a side mission!"

Rebellion succeed couldn't say anything, but it meant that the Luo Family wasn't anything good this time.

Although she didn't know what this world was, there was a sense of restlessness that filled her.

[Currently importing memories, please accept them, host!]

When she received the memories of the previous host, her fingers trembled a bit.

Because this world's male lead was.....killed by the previous host.

In the Republic of China, the Japanese invaders were everywhere. An Ning City hadn't been captured yet. The previous host had grown up abroad and studying abroad was naturally a remarkable thing in this time period.

The reason why An Ning City didn't fall was because of the Luo Family and the Zuo Family.

Although they were enemies, they agreed on fighting the Japanese.

However, the real enemy was hidden deeply within.

After the previous host came back, when she was eating at a restaurant, she never thought that she and her classmates would become the hostages of a traitor.

This was her first time seeing the male lead. At that moment, she knew.

At the age of eighteen, the first person she liked was Zuo Mu Ran.

The new commander of the army, his eyes were very cold and his face didn't have a trace of warmth.

When he raised his gun, the previous host closed her eyes.

The bullet flew over her head and didn't hurt her at all.

Her classmates had fainted and she was frozen on the spot as her heart kept beating fast.

The previous host kept asking about Zuo Mu Ran after returning him. He was a rumoured cold and handsome youth, with skilled marksmanship and an extraordinary aura.

There were some people that just strangely entered a person's life like this.

He didn't know what marks his appearance left in her heart.

But they were born in this chaotic time, there were many things that weren't up to them.
