Chapter 71: Abstinent Beast God's pampered little princess (Part 2)

When she opened her eyes, she was lying inside a crystal palace. Her eyes were red and there was a mist over the corner of her eyes.

This story was indeed quite sad.

The previous host in her past life was the most pampered little princess of the Heaven Race. However when she was young, she broke the Heaven Burning Lamp when she was playing. She thought that it wouldn't matter if this lamp was broken, but this lamp fell into the mortal world.

The Heavenly Emperor flew into a rage and banished her to the mortal world. When she was prepared to make her final plea of innocence, an accident happened.

In this world, she was known as a golden hunter by all. As long as she accepted a task, there was nothing that was impossible.

The reason why the previous host was so powerful was because she was kidnapped to a beastmen island when she was six. The entire island was filled with these vicious monsters, as well as over two thousand little girls like her, but in the end, only she survived.

She didn't know who caught her, she only knew that the moment the monster's blood entered her body, it became much stronger.

In the heavens and on the continent, there were three races with powerful spiritual energy. They were the Heaven Race, the Beast Race, and the Witch Race.

As a famous undefeated hunter, the original host received the Beast King's orders to go to the Tomb of the Living Dead and find a corpse from the Profound Ice Grave, which had a Beast God mark on its neck. Then she was to burn the corpse with Nether Flames, letting it never come back to life.

She didn't understand why the Beast King would be so ruthless towards a dead person, but the other side had offered her a significant amount of compensation, so she accepted this task.

After all, who wouldn't take business from the rich.

The Profound Ice Grave of the Tomb of the Living Dead was in a terrifying ice mountain. When the original host used all her strength to get here, she never thought that the large tomb would be filled with blood sucking monsters.

When she thought she would die from the surrounding blood sucking monsters, the male lead Ling Xiu appeared.

He appeared before her covered in blood, but he had a peerless face that couldn't be described. He had a pair of dark blue eyes that were like the brightest stars in the sky, snow white skin that seemed to be sparkling, slightly red lips, and his body was releasing a cold aura that no one could approach.

She saw him use his hand to pull out a blood sucking monster's heart and swallowed it.

When all the monsters had fallen, he moved in front of her. He reached out with his white hand covered in blood and said in a stuttering voice, "All.....All dead. Don't.....be afraid."

He had suffered heavy injuries and he was bleeding all over his body. The previous host helped him wrap up his wounds and asked him about the situation, but the person in front of her kept looking forward in a daze, like he was an idiot.

That night, the host found the mark on his neck. He was the corpse the Beast King wanted her to burn with the Nether Flame. Other than the Beast Race's Beast King, there was only a single Beast God, Ling Xiu.

The previous host looked at him sleeping soundly beside her while being covered in blood. She remembered the scene of him standing in front of her, letting the monsters rip apart his skin. She finally extinguished the Nether Flame and decided to give up the task.

When he woke up, the previous host told him that the two of them had to leave this ice mountain or they would die here.

Ling Xiu nodded, signaling that he would follow her. This was because the moment he came to life and opened his eyes, the first person he saw was her.

He protected her, killing all the monsters in their path. This kind of killing exhausted all his energy, but he was dead set on protecting her, not letting her be injured in the slightest.

Perhaps it was in that moment that the previous host fell in love with him.

The previous host knew that this man was not a living person because he didn't have a heart. He dug out hearts to eat because he needed to maintain his vitality.

The corpse the Beast King wanted her to find was him, but he had already awakened and had become an undead.

Chapter 72: Abstinent Beast God's pampered little princess (Part 3)

Finally, after they passed through many different dangers and came out of the ice mountain, Ling Xiu fainted.

The instant he fainted, the Witch Race's Witch Lord Xi Ying appeared. She used her powerful witchcraft to heal the heavily injured previous host.

She brought them back to the Witch Race's Phoenix Feather City and locked them up in the dungeon.

The previous host only learned that the Beast God Ling Xiu had betrayed the Beast Race for Witch Lord Xi Ying.

In a battle between the Beast Race and the Witch Race, Ling Xiu actually blocked the Beast Race's treasured Divine Law Bead's power for Xi Ying, falling into hell forever.

When Xi Ying found him, his heart had already been swallowed by countless sorrows, losing his life. In order to save him, she used the forbidden technique of the Witch Race, trapping his primordial spirit inside his body. He would never die and there would be a chance that he would awaken.

But after he awakened, he had to have a heart filled with beastmen power.

This heart needed to be cultivated from an early age. Xi Ying had divined the time and put over two thousand little girls on the beastmen island ahead of time, allowing only the strongest heart to survive.

The person who had this heart was only a container in Witch Lord Xi Ying's eyes.

Three days after they came to the Phoenix Feather City, Xi Ying activated the altar and took the previous host's heart from her body, before throwing her out of the Phoenix Feather City.

Even she thought that she had finished her mortal life like this. The moment she lost her heart, the memory of her being the Heaven Race's little princess appeared in her mind.

But, she had not completely died.

When she fell out of Phoenix Feather City, she had landed onto a floating mountain and was saved by an expert.

But because she lacked a heart, she couldn't live.

Finally, her thoughts passed through space and time to reach the Chaotic Space, bringing the host Luo Qing Chen here.

[Host, host, it has already been six hours since you opened your eyes!] The system's mechanical voice sounded in her ear.

She wiped the tears from the corner of her eyes and sat up.

Looking around herself, there was no one there.

System, you've given me a heart, right?

[Does the host think you can wake up otherwise?]

Humph, didn't that Beast God Ling Xiu wake up? Why can't I!

[He is a Beast God. Do you know what a Beast God is?]

I don't know!

[It seems like the host has to be sent to a world with only beastmen next time.] The system secretly had some thoughts!

Humph! The bad system is thinking of another evil plan.

This ring.....

[This is the Exquisite Ring. Although the previous host was a mortal when she was banished, after her 'arduous training', her cultivation technique and skills are quite good! But host.....even if your strength is a bit high, you only have empty strength.]

Damn.....System, why do I feel like you're saying I have nothing!

[The host is very useful. Do you need me to take back the Exquisite Ring?]

No! Your head is filled with thoughts of taking back this and that, don't think I don't know!

[The Exquisite Ring is very strong, the host can use it when you are in danger, but there is a flaw.]

What?

[If it meets water, its ability will be temporarily lost.] The system honestly replied.

"Miss, are you awake?" A gentle voice came from not far away.

Luo Qing Chen sat up and looked at the girl in front of her in a daze. She was wearing a moon white robe, with skin like gelatin, snow white dashed with a trace of a blush. Her vermilion lips had a faint smile to it.

Instantly, she was actually dazed looking at her. The world had such a nation collapsing beauty. Those eyes were filled with the sorrow of the world and an endless story.

Chapter 73: Abstinent Beast God's pampered little princess (Part 4)

"Who are you?" Luo Qing Chen asked while staring in a daze.

"My surname is Xi and my name is Ru You." Xi Ru You slowly walked beside her with very gentle steps. There was a faint smile on her lips and there seemed to be a slight blush to them.

Luo Qing Chen looked over her. Although she was incredibly beautiful, she could tell her age from her actions and words. She should be older than her.

"Many thanks for saving me." Luo Qing Chen nodded to show her gratitude.

Although she didn't save the previous host, the previous host had already returned to the Heavenly Palace to become the little princess again.

Right now, she didn't know if it was a curse or a blessing.

"I know you are Luo Qing Chen, the Heavenly Emperor's little princess." Xi Ru You's smile concealed nothing.

"You know?" She was very shocked, it seemed like this person's background was not small.

"I used to be someone from the Heaven Race." Xi Ru You took her pulse before placing her hand on her heart. Her expression changed as she said, "As expected, everything isn't over."

System, who is she?

[She used to be one of the Heaven Race, but she had already left the Heaven Race when the previous host was born.]

Damn! Distant relatives!

[You can't be considered so. She loved the previous old Beast King and betrayed the Heaven Race for the Beast King. The Heaven Race has trapped the old Beast King in the Thunder Hell, so she has been thinking of a way to save him the entire time.]

Old Beast King? Then who is the current Beast King?

[Ling Xiu's big brother, Ling Shuang.]

Ha? Then you mean the person in front of me is the male lead's.....mother?

[Yes.]

Alright, understood! You can leave now!

[.....] The host really used the system and kicked it away right after.

"I still have some very important things to take care of, many thanks for big sister Ru You for saving me."
Luo Qing Chen stood up as she spoke.

Xi Ru You didn't stop her, rather she gave her a set of new clothes as she spoke with a faint smile, "Alright, be careful on your way. Phoenix Feather City is to the west. There is only one path normal people can take if they want to head there."

Luo Qing Chen was stunned. It was like this person could see through her. She gave a slight nod as she asked, "What is it?"

"Applying as a maid."

—

After saying goodbye to Xi Ru You, Luo Qing Chen left the wandering immortal mountain for Phoenix Feather City. Calculating the time, it would take her around three-four days to reach it.

This body's strength was very good, she didn't feel any fatigue even after walking for an entire day.

Xi Ru You had told her that the Witch Race's crown prince was a person who loved his citizens. In order to allow the mortals to learn about the lives of the Witch Race, he would choose several normal citizens each year to come to Phoenix Feather City to become maids, allowing them to learn about the lives of the Witch Race.

It had to be known, although the lives of the Witch Race wasn't as long as the Heaven Race or the Beast Race, it was much longer than that of humans.

"Save me!" When she was roasting a pheasant, there was a pitiful cry from in front of her.

Luo Qing Chen put down the branch and walked forward. She saw a large wild boar currently attacking someone.

The boar was completely red, like it had mutated. There was a scholarly looking man lying underneath its foot, who looked to be in his twenties.

Luo Qing Chen was eating a pheasant leg, while looking like she was considering if she should save him or not.

Why did she feel like this boar was waiting for her to save him!?

“Hey, you over there eating the pheasant leg, quickly save me!” Su Ye shouted out before saying to the boar in a whisper, “Step, step, step, quickly step on me.”

The boar roared out and reached out a red trotter to step down with.

Instantly, Luo Qing Chen’s eyes became serious as she charged at the boar with her quickest speed. Waving her right hand, the Exquisite Ring released a golden glow that was very dazzling.

The boar was instantly sent flying half a meter away.

Su Ye quickly stood up and looked into Luo Qing Chen’s bright eyes with a smile, as he said, “I cannot return this miss’ favour of saving my life, how about I repay you with my body instead?”

Chapter 74: Abstinent Beast God’s pampered little princess (Part 5)

“What?” Luo Qing Chen was stunned as she looked over the person in front of her.

He was wearing a light blue robe. There was a slight upward curve to his dense brows and under it was a pair of clear eyes. He had a handsome nose ridge, pure white skin, moderately full red lips that were curved into a beautiful smile.

If this man were to dress as a woman, he would definitely be a great beauty.

“I’ve waited half a year for you.” Su Ye softly said with a shallow smile. He said in an incomparably gentle voice, “I have calculated with the Great Dipper, you are the one I am destined to marry.....”

“Wait.” Luo Qing Chen really couldn’t keep listening to him and cut him off, “This brother, did you make a mistake with your calculations?”

“How could the Witch Race’s divination be wrong?”

“You are someone of the Witch Race?” Luo Qing Chen slightly narrowed her eyes. The Exquisite Ring on her finger swayed at the forest to the side and a small board was pulled over to her.

“Aiya, how could you be so cruel to my little spiritual pet?” Su Ye picked up the little boar and placed it into his pocket. He stroked its head and spoke in a loving voice.

Luo Qing Chen said with a soft laugh, “I’m only telling you, next time you act out a play with your little boar, make it a bit more realistic. Otherwise, it really is too hard for people to feel sympathy for you.”

She couldn’t help laughing, this fellow really was a cute kind of foolish.

“Little wife, where are you going?”

“Don’t speak nonsense, I have a name, alright?”

“I forgot to introduce myself. I am Su Ye, you are?”

She didn’t want to talk too much, but seeing the delicate features of the young man in front of her, she couldn’t bear to reject him.

“Luo Qing Chen.”

“That.....”

“Don’t follow me, otherwise I really will be angry.” She raised her right hand and her Exquisite Ring was covered in a dazzling gold light, as she narrowed her eyes to look at Su Ye behind her.

Su Ye was a bit surprised and a probing look appeared in his eyes. He didn’t move forward to follow her, but rather he just stood there watching her walk away, as his lips curled into a faint smile.

“Luo Qing Chen, we will meet again.”

—

Three days later, at Phoenix Feather City.

It was as Xi Ru You said, she made it in time for the day the Witch Race picked normal people to serve as maids.

The Witch Race elders would test the mortals to see if they were qualified to go to the Phoenix Feather City. They were testing two different aspects: appearance and physique.

Therefore when Luo Qing Chen picked up a giant stone with one hand, she successfully obtained the qualification to become a maid for Phoenix Feather City.

After all, she was not just good looking, she was a nation collapsing beauty! She even had an advantage in terms of physique. If they didn’t choose her, who would they pick?

System, system, was I handsome when I picked up the boulder? I saw the eyes of the group of people watching fall out.

[Host, this is the ability of your body, how is it related to you?]

Che! This host is this body right now!

She wanted to show off to the system, but she never thought it would be this not cute!

The road to the Phoenix Feather City was a crystal ladder that reached into the sky. The ladder reached the clouds and when walking on them, there was the feeling of walking on the clouds.

The Witch Race had the lowest spiritual energy, but they were the spiritual race closest to humans, so they specially built this sky ladder.

The Heaven Race was completely different, their spiritual energy was very strong. An ordinary Heaven Race soldier could instantly kill a Witch Race elder. Their temples were built high up in the heavens and if one couldn’t fly, they would never reach it.

“You ten will live in the rooms to the east. Today will be a short rest, tomorrow you’ll be arranged rooms to serve and learn, understood?” The elder’s strict voice rang out, making normal people not dare look into his eyes.

“Yes, elder.”

The holy land of the Witch Race was not as luxurious as that of the Heaven Race. It was almost all built out of wood, giving people an ancient and mysterious feel to it.

Only Luo Qing Chen never thought that not far away from her room, there would be a pair of extremely terrified eyes staring right at her.

That person was slightly trembling as they muttered, "Impossible, it's impossible that it's her.....A mortal without a heart, how could they still be alive?"

Chapter 75: Abstinent Beast God's pampered little princess (Part 6)

There was an unwritten rule among the Witch Race, as long as any mortal who came to Phoenix Feather City didn't make a mistake, there was no Witch Race that could drive them away, even if it was a prince or the Witch Lord.

So even if Xi Ying had calculated her arrival, she couldn't immediately chase her away.

"Miss Witch Lord, that.....Isn't that maid the containment device for the chosen heart or sir Ling Xiu?" The maid Shuang Shuang beside Xi Ying looked at her with eyes of terror as she asked this question.

"Shut up!" Xi Ying narrowed her eyes and her face became a bit ugly. She said through gritted teeth, "Perhaps, it's just someone who looks similar."

"Then why did miss' bone runes divine that there would be a great disaster coming to Phoenix Feather City today?" Shuang Shuang's piercing words made Xi Ying's face reveal a stunned expression.

Indeed, the spell inside the bone runes, she had never made a mistake before.

This person in front of her was the container she had personally dug the heart out of three years ago, but there was no doubt to the spiritual aura around her. A mortal that had gone three years without a heart, how could she still be alive?

This was something that definitely couldn't happen in this world!

"Is the beastman guest, Chi Feng, who came to Phoenix Feather City a few days ago still here?" Xi Ying's eyes narrowed and there was a ruthlessly cold look to them.

"That shameless person who came to seek refuge with sir Ling Xiu?" Shuan Shuang said with a disgusted look, "He's here, he's living in the western residences. He couldn't reach sir Ling Xiu's Star Palace at all, he only flew halfway with his bit of spiritual energy before falling down. There's no need to mention him passing the God Punishing Array sir Ling Xiu put down."

Xi Ying's face was cold as she said with a sinister smile, "Find something from that mortal later on and put a Bewitching Spell on it. Then put some of that thing into Chi Feng's food.....Then, bring him to the eastern residences. With the guidance of the Bewitching Spell, he will find that mortal and....."

Shuang Shuang immediately revealed a smile when she saw her eyes and said, "Miss, great move! A girl who isn't clean cannot remain in the Witch Race's territory."

“Shuang Shuang, you are wrong.” Xi Ying said with a faint smile, “A woman who has an affair with a man can’t stay in the Witch Race’s territory. Men and women who love each other, our Witch Race will wholeheartedly bless. Don’t let outsiders say that we don’t understand love!”

“Yes, miss.” Shuan Shuang sharply changed her tone, as her smile became even thicker!

—

The eastern residences had two servants to each room. Luo Qing Chen and another girl were in the same room.

The residences the Witch Race gave mortals were quite good. Although there was no gold or silver decorations in the room, it was quite clean still. The bed was made from an ancient stone, being deep green with a trace of moon white, looking quite peaceful.

There was a screen with an ancient feel to it and two candle holder on both sides, with faint candles inside each of them, lighting up the entire room.

“Miss, what is your name?” Huan Yu Ning had already fixed up her bed. She ran to the other side of the screen and helped Luo Qing Chen clean up.

She turned and saw the girl in front of her. She was wearing a long, green robe, with black hair tied up with a light green ribbon, that had a stray strands falling down onto her shoulders. She happened to have chubby cheeks and large eyes, that seemed to contrast.

“Luo Qing Chen.” Her lips had a faint smile and her first impression of the girl in front of her wasn’t bad.

Although one couldn’t judge others based on appearance, this round faced girl who looked to be full of energy, her heart definitely couldn’t be that bad.

“I am Huan Yu Ning. We can be good friends from now on.” She revealed a faint smile, revealing shallow dimples that made her look very cute.

Chapter 76: Abstinent Beast God’s pampered little princess (Part 7)

“Alright.” Luo Qing Chen nodded. After taking care of her bed, she went to the table to boil a pot of tea.

The boiling hot water went over the tea leaves and the fragrant aroma filled the kettle.

She poured a cup of tea for Huan Yu Ning and said, “Ke, ke, good friend! Do you know where the relatively powerful people of Phoenix Feather City live?”

As a person who had the female lead aura, Luo Qing Chen had to at least know where the male lead Ling Xiu was!

“You want to ask where sir Ling Xiu lives, right!” There was a deep smile on Huan Yu Ning’s face and she couldn’t hide it.

“Ah?” Luo Qing Chen couldn’t help saying in surprise, “How do you know!?”

She had been very tactful in asking this, she could even see that she was asking where Ling Xiu was from this!

“This is because over half the maids here all came just for a single glance at sir Ling Xiu!” Huan Yu Ling pursed her lips into a smile and said, “So, Qing Chen, how do you think I know!”

“Why does everyone want to see sir Ling Xiu?”

“Because sir Ling Xiu is this world’s most handsome, coolest, and most mesmerizing abstinent man ever!” Huan Yu Ning folded her hands together in front of her and looked like she was praying.

Luo Qing Chen looked at her and felt like she was in a modern world. She was talking like an obsessed fan.....

No, even here she was an obsessed fan.

“Abstinent.....” Luo Qing Chen said with an awkward smile, “Did you not use this phrase wrong?”

“It’s not wrong!” Huan Yu Ning said, “Sir Ling Xiu lives in the Star Palace and he has had only one servant in all these years. Moreover, it’s a male servant who takes care of all of sir’s needs. I’ve heard that other than miss Witch Lord, there is no other girl that can talk to sir Ling Xiu.”

Luo Qing Chen gave a slight nod as she muttered, “It seems like Xi Ying’s place in his heart really isn’t low.”

“Ah, what are you saying?”

“No, nothing.” She shook her head before asking, “Then where could normal people go to see Ling Xiu.....Sir Ling Xiu!”

“That.....” Huan Yu Ning thought about it before saying, “Normally it would be during the Witch Race meetings or during the competitions.”

After saying this, she gave a yawn. She took off her hair ribbon and placed it on the table before heading to the bed on the other side of the screen and saying, “I’m going to sleep first. Qing Chen, you should sleep early, we’re being assigned rooms tomorrow!”

“Alright.”

The Witch Race’s night was very silent, there was almost no sound at all. Her sleep was very shallow and when the door was suddenly opened, her eyes popped open as she said, “Who?”

The person who came was a bit panicked and used spiritual energy to instantly escape. When Luo Qing Chen came out, that person had already gone very far away.

She knit her brows and felt a bit worried.

“What is it, did something happen?” Huan Yu Ning wasn’t woken up by the uninvited guest, she was instead woken up by her screaming ‘who’.

Luo Qing Chen knit her brows as she lit a candle and looked over the room. She found that the ribbon Huan Yu Ning had placed on the table was gone.

System, system, who was that person and what did he want?

[Witch Lord Xi Ying wants to hurt you, but that person took the wrong thing. There is a cursed man who has eaten aphrodisiac approaching, please be careful, host.]

I know, so their target has changed to Yu Ning?

[Yes.]

Luo Qing Chen used the Exquisite Ring to create a barrier for the room. Because she was a mortal, the barrier was very weak, but there was no problem for it to protect Huan Yu Ning.

[Where is the host going?]

Deal with a person as they deal with you. Does Xi Ying still think that I'm the same Luo Qing Chen whose heart was stolen by her?

Her eyes narrowed and a cold killing intent came from her body.

Chapter 77: Abstinent Beast God's pampered little princess (Part 8)

"Qing Chen, why did you suddenly stop talking!" Huan Yu Ning saw her red eyes and asked in a worried and afraid voice.

"Yu Ning, do you see this golden glowing barrier?"

"Un."

"If anyone comes later, unless they break the barrier, don't go out unless you want to die." Luo Qing Chen looked over at her with a slightly serious expression as she spoke, "Understood?"

"Under.....understood!" Huan Yu Ning felt a bit afraid when she heard her mention this whatever barrier, so she nodded.

She had lost her parents since she was young and had no one to rely on. This was the first time someone was willing to set up a barrier to protect her, so although she was very afraid, she still honestly listened to Luo Qing Chen's words.

When her voice fell, she opened the door and walked into the dark night.

System, where does Xi Ying live?

[Host, her residence has a barrier protecting it. Although there is a heaven and earth difference between it and Ling Xiu's God Punishing Array, you are still a mortal. If you enter, she will definitely know.]

Who said I was going in, I just want to hang outside for a bit.

[On the south side.]

Her lips slightly curled and her eyes narrowed, having a faint ice cold feel to them.

Witch Lord Xi Ying's residence was on the south side, it was called the Ten Thousand Flower Palace. She loved flowers since she was young, so naturally her residence would have a similar name.

Luo Qing Chen hid behind a tree stump outside of the barrier. Not long after, she saw a few maids holding midnight snacks heading into the Ten Thousand Flower Palace.

System, I want to take out the dense fragrant incense.

[Ding, successfully taken out dense fragrant incense from the storage space.]

Instantly, a small box appeared in her hands.

[I thought that the host would only use the Exquisite Ring to cause waves, but I never thought the host would be this ruthless.....] The system patted its non-existent little heart. This kind of host made it a bit afraid.

People who weren't ruthless couldn't live stable lives.

She slightly raised the Exquisite Ring and used all her focus to instantly freeze a small area around her.

After that, she quickly placed the dense fragrant incense into the peach blossom soup in the hands of one of the maids, before quickly returning to her original position.

Although she had only frozen a small space for a few short seconds, she was trembling when she returned to behind the tree stump. Her face was pale and her head was covered in cold sweat.

[Host, please note that your heart is beating too fast.]

Nonsense, this treasure knows! Don't you need to make this ring a bit stronger! I only used it for a few seconds and this treasure is about to collapse!

[The Exquisite Ring is an ancient divine weapon and you have a mortal body right now, being able to use it to freeze space is already the limit! Host, you're still not satisfied!]

Oh, so if I returned to my status as the Heaven Race's little princess, I wouldn't be in the same situation if I used the Exquisite Ring?

[Yes!]

While Luo Qing Chen's body was feeling weak, she was watching the two maids with a smile. They said a few simple words that froze her on the spot.

"Then you quickly send the Silver Root Lotus to miss Witch Lord, I'll go to the Star Palace to send sir Ling Xiu this peach blossom soup!"

"Un, alright!"

Wait a minute! System, did I hear wrong? That maid, who did she say.....the peach blossom soup was for?

[The idiot host did not hear wrong, you placed the dense fragrance incense in the wrong dish!]

Damn, is there a mistake! Is there a problem with that maid, wandering around when she is free! Focus on your work, alright? Work makes people happy!

Because Luo Qing Chen forcefully controlled space, she didn't have a single drop of strength in her body! She couldn't catch up to the cheerful maid running off quickly at all!

She! Was! Finished!

Chapter 78: Abstinent Beast God's pampered little princess (Part 9)

Outside the barrier of the Star Palace, the maid handed the peach blossom soup to the only servant of the palace, Mo Bai.

System, system, quickly come out! What do I do!

[Nothing, you can't go into the Star Palace.]

Why? Is the God Punishing Array this powerful?

[Of course, it is the most powerful sword array in the entire world. Not to mention you have a mortal's body. Even the Heaven Race's little princess might not be able to escape unharmed.]

Luo Qing Chen slightly knit her brows. Because of her negligence, even her omnipotent system couldn't save her.

[Host, the God Punishing Sword Array keeps weakening.]

Why is it weakening?

[It should be because the male lead Ling Xiu ate your misplaced dense fragrance incense.]

Damn, what to do!? That.....Yu Ning said that Ling Xiu was abstinent.....So towards that he should be.....He shouldn't be.....interested.....right?

[Host, do you think this system's dense fragrance incense is the same as an aphrodisiac?]

What do you think I should do! How about you lend those teleporting canvas shoes for this world?

[No. But the host can choose to exchange for teleportation! It requires 500 exchange points!]

My god! You want to charge me this many exchange points for just a few steps! Do you even have a conscience?

[Teleportation is very precious, it's a third grade item. The host can choose to exchange for it: Yes/No.]

Fine! You're ruthless enough! Do I still have a choice? Quickly exchange for it, otherwise I'll think about my exchange points and feel uncomfortable again! I only had 900 hundred to begin with and now there are only 400 left! Yi, why didn't you just say that it needed 900?! Broken system!

[Ding, 500 exchange points has been taken. Successfully exchanged for teleportation (One time use).] The system couldn't help revealing a helpless expression with its non-existent face. If it wasn't for the

male host Ling Xiu eating the dense fragrance incense, which affected his spiritual energy, how could the host possibly pass through the God Punishing Sword Array with teleportation.

The host actually complained that it was expensive!

When Luo Qing Chen opened her eyes again, the system had already sent her outside of Ling Xiu's room in the Star Palace. She couldn't help looking back and seeing the sword qi intersecting each other, with tens of thousands of swords forming the bright God Punishing Sword Array. She couldn't help trembling seeing it.

It really was terrifying!

Luo Qing Chen looked up slightly and a panoramic view of the Star Palace appeared in her eyes. This was a palace made of water blue glazed stone and the white starry light on the palace made it seem like the stars in the night sky.

"It's just like a large temple made of the starry skies." She looked at the scene in front of her and couldn't help sighing.

The further away from the God Punishing Array she got, the Star Palace became more silent.

Indeed, including the servant, there were only two people here.

With common sense, two people living in such a large palace, wasn't it a little too extravagant?!

Luo Qing Chen walked into the residence with soft steps.

She softly opened the door and a strange scent instantly came out off the room. It made her blood boil and her throat became dry.

It should be that dense fragrance incense!

[Yes. The host has such a strong reaction from just smelling a bit of the fragrance, there's no need to mention the male lead who has eaten it.]

A legendary Beast God like him can't feel anything strange?

[Before the dense fragrance incense spoils, it is colourless and odorless. There is no one in this world that can sense it.]

WTF!?

"Who!" Instantly, an ice cold spiritual blade was placed at her white throat without any warning at all.

Chapter 79: Abstinent Beast God's pampered little princess (Part 10)

Ling Xiu had only felt some warmth in his body, but when he approached the person in front of him, he couldn't control his heart as it began beating faster.

This kind of feeling, he had never experienced it before.

The girl in front of him was wearing a white robe with red and white plum blossoms offsetting her snow white face. With the contrast of the pear blossom flowers, it was an unprecedented luxurious feeling with a hint of peacefulness. She had a milky white jade bracelet on her wrist and with a slight movement, it gave a crisp tingling sound.

Seeing her look up slightly, he saw a somewhat panicked expression. Bathing in the bright moon, there was a faint spiritual feel to it. With skin as white as snow, her beauty could not be quantified.

"I...." Luo Qing Chen only felt her blood boil. After this word stuck in her throat, not another single word came out.

She slowly opened those dazzling eyes and was instantly stunned.

The man in front of her was wearing a moon white robe embroidered with silver lines. It was an indifferent and peerless face filled with handsomeness. His black eyes were as dark as thickest ink. He had snow white skin and a pair of deep dark eyes that seemed like it could penetrate through everything, shining as bright as a cold star.

So handsome! It really was like Huan Yu Ning said, he was the most handsome, dazzling, and indifferent abstin.....man.

After all, he didn't seem like he was abstinent.

System, can you tell me the male lead's current affection for the original host?

[It's ten for the original host.] The system's mechanical voice rang out, chilling her to the bottom of her heart.

Didn't you say that they went through life and death together in the ice mountain and she even dug her heart out for him? Why is it still ten?

[After the male lead changed his heart, he lost all his previous memories. The ten is only because of a thought coming from the depths of that heart.]

He can't remember? It seems about right. In the previous host's memories, he was like a child when he didn't have a heart.....After getting a heart, he would become the Beast God Ling Xiu, how could he remember her?

[Yes.]

Then what about his affection for the supporting female lead?

[The supporting female lead is at seventy!]

Damn, it's that high! This supporting female lead wants to go against the heavens!

While Luo Qing Chen was arguing with the system about affection, Ling Xiu's voice cut through her thoughts.

"You're the one who poisoned me?" He looked into her eyes, as a slight hoarseness filled his ice cold voice.

“How could that be possible?!” Luo Qing Chen shook her head and seriously said, “I’m not that kind of person!”

[Host, if you tell lies like this, does your conscience not hurt?] The system specially used the words she frequently gave it to offend her!

It won’t! My conscience is like yours!

When her clear was water voice filled his ears, it was like a gentle hand digging into his heart inch by inch. It seemed like as long as it was an inch inside, it would swallow all his reasoning.

Luo Qing Chen saw him slightly purse his lips and wanted to move forward, but she heard his cold voice, “Don’t come over.”

His breathing became faster. Seeing her loose hair and those cherry red lips, he felt like he was gradually losing control of the desires in his body. Adding in his heart that kept beating wildly, if this girl took another step forward, he didn’t know what he would do.

With a “dong” sound, the spiritual sword fell to the ground and he took two steps back with pursed lips.

Luo Qing Chen saw the red dying his face and the beads of sweat coming from his forehead. There seemed to be deep thought passing through his mind, but it was all locked in between his brows.

“I, I go get you some water.”

Chapter 80: Abstinent Beast God’s pampered little princess (Part 11)

She got a cup of water as quickly as possible and ran in front of him to give it to him, as she said, “First.....Drink some water first?”

Ling Xiu’s brows were tightly knit. He felt like her clear voice was a beam of dazzling light that charged into his heart without warning, making his heart continue beating fast.

His lips tightened as she came closer and the soft fragrance of her body filled the air. Looking into her clear eyes, the cup of water accidentally touched the jade bracelet on her wrist and made a clear tinkling sound.

“You should be a bit better after drinking it.” Luo Qing Chen looked at him with a worried expression.

She didn’t know that this gaze deeply incited the flames in the depth of his heart.

He slightly raised his hand and his smooth hand accidentally slid over the cool back of her hand when he tried to take the cup of water.

Instantly, all his reasoning was lost and his deep eyes gradually blurred as he looked at the girl in front of him.

Ling Xiu’s outstretched right hand directly grabbed her waist and pulled in, bringing her tender body into his embrace. He instantly pressed down on her lips, moving around in a frenzy.

Luo Qing Chen was completely frozen and the cup of water fell to the ground.

There was slight gentleness to his burning lips, as if he was doing everything he could to control his desires. The air filled with a seductive feel and the slight cherry blossom taste to his lips instantly intoxicated her.

The two kept kissing and panting. His slightly cool fingers went to the belt at her waist, but Ling Xiu instantly came to his senses.

His right hand came around and a light blue glow wrapped around the belt, trying it up for her.

“Ling Xiu.” Luo Qing Chen was still a bit afraid, calling to him in a soft voice.

“Don’t move.” Ling Xiu crossed his glowing right hand with his left hand and his arms came around her waist. He used his spiritual energy to firmly lock around her waist before he said in a clear and cool voice, “This is fine.”

At least like this, he wouldn’t do anything bad. As long as he could hug this person like this, he could quickly use his spiritual energy to eliminate the heat and distractive thoughts from body.

Only his restless heart kept beating faster.

[Ding, affection has increased by five. Mission completion rate is now 15%.]

He closed his eyes and forced himself to think the person in front of him was a scarecrow. There was a faint blue light that surrounded his body.

Luo Qing Chen was softly panting in his embrace, but the system notification in her ear made her instantly calm down.

Damn, I was almost.....You’re only adding 5%?

[.....] The system didn’t respond to her because it didn’t dare keep watching!

After a while, the fragrance in the room gradually scattered. The tip of a finger on Ling Xiu’s right hand slight moved and he released her from his embrace.

Without knowing why, he actually felt a kind of unwillingness in that moment.

“What did you come here to do?” Ling Xiu raised his right hand and the entire Star Palace was filled with incomparable brightness.

She finally saw his peerless face in that moment, it was even more mesmerizing than seeing it under the moonlight.

“Looking for you!” She slightly raised her head with a smile. There was still a trace of his spiritual energy in her belt and it suddenly lit up with a faint blue glow.

Ling Xiu was stunned, this girl in front of him was very straightforward. Her eyes were clear without a single trace of impurity and her sweet smile was like a gust of spring wind, it could warm a person’s heart.
