Chapter 711: Loving one's country: They are enemies! (Part 12)

Luo Qing Chen's eyes sparkled as she looked at him and said, "Hello, commander Zuo, I've long heard your name."

Zuo Mu Ran was stunned. Looking at Luo Qing Chen, he slightly knit his brows.

Her face was still a bit pale, but her eyes had a sparkle to it that made people's hearts skip a beat.

There were many questions in his mind, but he couldn't think it through.

How did she come back with such heavy wounds? Why did she appear at their house in just a few days.....

The most important thing was——

Why didn't she come looking for him!

"Mu Ran, what is it?" Zuo Qi Yue saw that he didn't speak and felt that something was wrong.

What was he staring at this girl for.....

Zuo Mu Ran suddenly reacted as his ice cold eyes trembled, "What has young miss Luo come to the Zuo Manor for?"

Luo Qing Chen felt her hands in her pocket fill with cold sweat, as her breathing became a bit faster.

She chuckled to cover up her nervousness as she looked at Zuo Mu Ran and said, "I have already finished talking to mister Qi Yue. Time is short, I won't stay any longer."

After saying this, she gave a slight nod before heading out.

What she didn't know was that when she walked past him, Zuo Mu Ran took her wrist. The feeling of touching the pink wool coat made his heart turn soft.

He tightly knit his brows as he looked at her, "You're this wounded, I'll go for you."

Without knowing why, there was a panicked feeling in his heart and he couldn't describe it.

But he still wanted to say.....

"Do you.....know each other?" Zuo Qi Yue heard this and looked at them with a confused gaze.

"We have some fate between us." Luo Qing Chen looked at the clock and softly took back her right hand before looking at Zuo Mu Ran, "Goodbye."

He was stunned, but he didn't take her wrist again. It was just because of the words 'we have some fate between us'.....

So in her eyes, the two bullets that she had taken for him was just a bit of fate.

What was this.....

After Luo Qing Chen left, Zuo Qi Yue picked up the coffee on his table and took a sip, "Commander Zuo doesn't seem normal today!"

"Where is she going?" Zuo Mu Ran didn't bother listening to his teasing as he entered the main topic.

"Kouichi's manor." Zuo Qi Yue put down his coffee and said with a serious look, "I promised Luo Gong that I would cooperate with him, but young miss Luo said that she would go for me."

"What?" Zuo Mu Ran tightly knit his brows and said, "What kind of place is that and what kind of place Kouichi is, it's something that you know. She has a gunshot wound and you actually let her go for you!"

This was his first time being this angry with his big brother, or rather, it was his first time being this worked up in many years.

"Gunshot wound?" Zuo Qi Yue's heart skipped a beat, "I didn't know.....She just said that she didn't want me to be in danger. She said that she was confident....."

"Big brother....." Zuo Mu Ran said with a sigh, "She killed Hitoda."

"What?"

"The one I've been looking for over the past few days is her." Zuo Mu Ran closed his eyes and took a deep breath, "I never thought that she had already come back."

She was that heavily wounded, how did she come back?

He suddenly regretted leaving her alone. He came back alone to defend An Ning City because he believed her words.

But now she was heading out alone, there must be a reason they didn't know about.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 712: Loving one's country: They are enemies! (Part 13)

Luo Qing Chen headed there without stopping. She wasn't 100% certain that she would succeed.

But to change Luo Gong's thoughts, she had to give him hope.

At the same time, Luo Bai who was holding the telescope not far away saw Luo Qing Chen and immediately said into his radio, "Everyone stop, it's the young miss....."

Why was it Qing Chen? Shouldn't it be Zuo Qi Yue? What had gone wrong.....

The moustached guard saw her token and waved her in.

Luo Gong quickly called Kouichi, telling him the plan had changed to stop Luo Qing Chen from going in.

But Kouichi didn't change the plan at all.

After all, he and the Luo Family had always been master and servant.

If the master wanted to play, the servant couldn't stop him.

This area was mostly filled with Japanese, there were only a few rich Chinese.

The moment you went in, there was a feeling of stepping on invaded land.

But this land clearly belonged to them.....

In the early days of the republic, the Qing people were weak, but power came from all over. An Ning City was a small city, but large roads passed through here.

She took a deep breath and entered Kouichi's manor.

When she came in, there was elegant music that entered her ears that belonged to a Japanese opera.

Thinking of her skills, she could understand the meaning of the song.

It roughly said: The heavenly emperor was eternal and you slaves should kneel under him.

Luo Qing Chen came in with a deep breath. Kouichi was sitting in the center with four beautiful dancers around him, looking a bit sleazy.

"Welcome young miss Luo to my humble abode....." Kouichi thought before saying, "No, no, no, to my luxurious mansion. After all, this manor is much more luxurious than the many thatched huts on Peace Street! Ha, ha, ha, ha!"

Kouichi was speaking in Japanese, but Luo Qing Chen could understand every word.

"A jade exterior with a rotten interior." Luo Qing Chen eyes were cold as she defeated him with the powerful words of the homeland.

He rolled his eyes as he looked at his servant translator, wanting to know the meaning of these words.

The servant translator was in a bit of difficulty, but he still patiently used Japanese to explain these words.

Luo Qing Chen heard this before speaking in Japanese with a cold laugh, "This translator is wrong."

"You speak Japanese?" Mister Kouichi raised his right hand and the music stopped.

The translator awkwardly looked at her. Luo Qing Chen said in Japanese with a chuckle, "There's no need for this translator."

"You can leave." Kouichi's lips curled as he looked at Luo Qing Chen with a deep gaze, "You really are the one who killed mister Hitoda. I didn't believe it at first, but it seems like students who study abroad really are different."

"Your praise is too much." Luo Qing Chen said with a cold snort, "Compared to mister Kouichi, I've killed far less people."

"Naturally, I never blink when killing people." Kouichi casually picked up a pistol from the table and slowly loaded the bullets as he said, "Could it be that young miss Luo doesn't know that we are on the same side?"

Luo Gong was his dog, the Luo Family were his servants, the person in front of him was the same.

He hated arrogant servants the most, since a slave should act like a slave.

Instead of standing in front of him and acting!

"I naturally know that you and my father have done dirty things." Luo Qing Chen wasn't scared of the loaded gun in his hand as she said with a shrug, "I heard that mister Kouichi likes to gamble, so how about we gamble?"

Chapter 713: Loving one's country: They are enemies! (Part 14)

"In my place, you can only bet lives." Kouichi crossed his hands as he looked at her with eyes filled with disdain

He knew very clearly where Luo Gong's handle was, so what if he lost a daughter? As long as the old lady was in his hands, he would always be his dog.

Luo Qing Chen looked at the dice on the table before saying with a shrug, "No problem."

"Oh?" Kouichi looked at her with a profound look, "What is young miss Luo good at? In the eyes of the emperor, women should go first!"

"I saw that mister Kouichi was playing dice with your dancer, how about we play something a bit more simple." She revealed a faint smile as she said, "We can also play with dice."

"Ai." Mister Kouichi clicked his tongue and acted a bit regretful as he said, "Another beautiful young miss is about to disappear from the world!"

"We'll see." Luo Qing Chen gave a chuckle as a deep look appeared in her eyes that people couldn't see through.

This bet was very simple, each person would throw five dice. Six was the highest and one was the lowest.

Whoever had the highest value would win.

"One game to settle it." Kouichi said with a smile of contempt, "After all, this emperor doesn't have much time!"

"As you wish." Luo Qing Chen said with a relaxed smile, "Just let the purple dressed dancer on your side roll my dice!"

Everyone was shocked when this was said.

This girl had come alone and was gambling with Kouichi who had never lost. In this important situation, she could even have others roll her dice for her.

"Pa, pa, pa, pa." Mister Kouichi clapped his hands as he said, "Interesting!"

"If mister Kouichi agrees, then I'll give my request." Luo Qing Chen narrowed her eyes, "If I win, I ask mister Kouichi to give me one of my second brother's twins. My second brother only has these two children and he misses them after all these years."

She didn't mention her grandmother because she knew that Kouichi definitely wouldn't agree.

Then he wouldn't agree to this bet. Taking a child away wasn't much for him, not to mention that it was just taking one of them.

"No problem." Kouichi gave a cold laugh. He said a few words to the guard behind him before saying, "Begin!"

After a while, the guard brought out the Luo Family's twins. They had different wounds on their bodies and they were as thin as branches, but their eyes were filled with iron determination, the style of a man.

"Aunt...."

Luo Qing Chen gave a slight nod and didn't say anything else. She said to the purple dancer, "If you're prepared, you can throw the dice at any time."

The purple dancer gave a cold snort. She looked at mister Kouichi beside her and said with a charming smile, "Mister Kouichi, don't send me away this time, I can't wait to smell the blood."

The dancer was wearing heavy makeup and with these words, it painted a hell like image.

"Da, da, da, da, da." The sound of dice rolling around rang out.

She stopped after a while and looked at mister Kouichi with a seductive gaze, "What does mister think it is?"

"Wu, my little beauty." Kouichi's moustache rubbed up against her face, "It has to be five, otherwise I'll make it so you can't get out of bed tonight."

"Aiya, mister, you're so bad!"

"Young miss Luo, you have to accept your loss if you lose!" Kouichi was rolling his dice as his eyes filled with a sinister look.

"I hope that mister Kouichi will remember these words." Luo Qing Chen gave a soft laugh without any fear.

Chapter 714: Loving one's country: They are enemies! (Part 15)

After that, the sound of dice rolling stopped.

Mister Kouichi looked at Luo Qing Chen, "Then I'll open it?"

"Open it!"

When Kouichi and the dancer opened the cup, Luo Qing Chen silently said something in her heart.

时空定格！

Space and time freeze!

[Ding, 500 exchange points has been taken. Successfully exchanged for space and time freeze (One time use).]

They really were fools, they didn't know that there was a system in this world!

[They definitely don't know!]

Luo Qing Chen slowly turned mister Kouichi's five sixes to five ones and then she turned the scattered dice the dancer rolled into five sixes.

After doing this, she clapped her hands and returned to her original position.

Three seconds later, the space and time freeze ended.

She instantly said, "It seems like the balance of destiny is on my side, mister Kouichi."

Kouichi looked down and the smile on his face froze.

His cheeks were flushed with rage and the dancer on his side had a pale look as her lips trembled, "No, sir Kouichi, it wasn't me....."

"So you were a traitor!" Kouichi picked up the pistol and without a single bit of hesitation, the dancer's head burst and blood splattered all over.

There was a strong scent of blood in the air.

"Is mister Kouichi willing to accept this bet?" Luo Qing Chen's tone was very relaxed, but the meaning of her words were clear.

"Alright." Kouichi said with a cold smile, "So what if you take a hostage, your Luo Family will still die for me! Dogs, you Chinese are only worthy of being dogs."

Luo Qing Chen did her best to suppress the rage in her heart as her lips twitched and she said, "If the emperor was so powerful, he wouldn't stay in a place like this."

Before An Ning City fell, the Japanese invaders could only stay here.

"Bakayaro." He angrily roared as he pointed the gun at Luo Qing Chen, "Do you believe I won't kill you?"

"Oh?" Luo Qing Chen said in a cold voice, "So mister Kouichi is someone who doesn't keep his word? Does your heavenly emperor also need not keep his word?"

"This is what the people of your country say?" Mister Kouichi let out a long breath as he said, "Scram with one of your nephews. The next time I see you, I will definitely dig out your heart and give it to our emperor. Scram."

Luo Qing Chen narrowed her eyes and walked to her two nephews. She pointed at the younger brother Luo Fan and said, "Aunty will take Xiao Fan away first."

"But.....big brother." Luo Fan knit his brows as tears appeared in his eyes.

His big brother had always protected him. The two of them had lived like slaves under the Japanese, but big brother had never given up. He gave his steamed buns to him, only taking a single bite to last the day.

“Stop talking.” Luo Qing Chen looked at Luo Ping, “Stay and take care of grandmother and take care of yourself.”

“Aunt.” Luo Ping took her hand and said, “You definitely can’t let the Luo Family become like this. I’m not afraid of death, but I want to die a good death.”

Luo Qing Chen never thought that these words would come from a boy who wasn’t even ten years old yet.

In her eyes, Luo Ping was even braver than her father Luo Gong.

Without a country, how could there be a family. In troubled times, the country came first and Luo Gong’s filial piety had turned the Luo Family into traitors.....

“Relax, that was my goal in coming here.” Luo Qing Chen gave a serious nod to Luo Ping. There was a sincere expression in her eyes, like he was a comrade instead of her being an elder.

Chapter 715: : Loving one’s country: They are enemies! (Part 16)

“Report.” When she was prepared to leave, a Japanese soldier came in to say, “An Ning City’s commander Zuo Mu Ran is requesting to meet mister Kouichi.”

Luo Qing Chen was stunned, as her heart almost jumped out of her throat.

Damn! What was he doing! A man who the Japanese wanted to kill came to mister Kouichi’s manor.

Wasn’t this seeking death?

“Zuo Mu Ran.” Kouichi’s eyes were filled with killing intent, as his deep gaze fell onto Luo Qing Chen, “I heard that when you killed our army commander, sir Hitoda, you took two bullets for commander Zuo. Is this true?”

“I think that the rumours are wrong.” Luo Qing Chen narrowed her eyes and said, “If the Japanese army is right, I appeared on the battlefield wearing my school uniform.....That would be too surprising.”

Kouichi looked over her, but he believed her words.

The soldiers underneath had mentioned this more than once, a girl wearing what seemed to be a school uniform had killed Hitoda.

If the Luo Family had sent an assassination attempt, it wouldn’t be like this.

“I roughly understand young miss Luo’s purpose in coming to my manor.” He lit a cigar and took a deep suck of it, “How about we gamble again?”

“I’m afraid I used all my luck, how about another day?” Luo Qing Chen knit her brows and politely refused.

Zuo Mu Ran was a tumour in the eyes of the Japanese army and Kouichi wanted to kill him very much. If he came in, she couldn’t guarantee that she could protect him.....

No, definitely not.

“Let commander Zuo come in!” Kouichi spread his arms and said, “I, Kouichi am very friendly. If someone comes, of course I have to welcome them.”

Luo Qing Chen felt her breathing stop at that moment. Kouichi definitely wouldn't let him go, what to do.....

“Yi, why is young miss Luo still not leaving?” Kouichi had a dangerous smile as he said, “Since young miss Luo isn't willing to continue gambling, then please leave. You can take any one of your nephews away. I, Kouichi said that I wouldn't stop you, so I definitely won't stop you.”

Luo Qing Chen heard this and tightly knit her brows. She knew that from Kouichi's words, he was already gambling.

Betting that she wouldn't leave.

“Alright.” After a while, she narrowed her eyes as she looked at Kouichi, “But I hope that mister Kouichi will separate these bets and let my nephew leave first.”

“Aunt.”

“Be quiet.”

“Ha, ha, no problem!” Kouichi said with a loud laugh, “It seems like commander Zuo has a different place in young miss Luo's eyes.”

As soon as his voice fell, he had the servants take away the corpse of the dancer. He picked up the gun with his left hand as his right hand took a gold coin with Japanese on it, while his eyes filled with killing intent.

Luo Qing Chen said while holding her breath, “It seems like mister Kouichi wants to bet with something different this time?”

“This kind of small bet isn't really exciting and I love excitement the most in my life.” Kouichi gave a chuckle, “What, is young miss Luo afraid?”

“I'm not afraid of betting my life, what is there worth being afraid over?”

“Of course there is!” Kouichi gave a cold laugh, “You Chinese say that I'll protect her even if I die, these words are stupid in these emperor's eyes. My life is greater than everyone else's, higher than my parents or my children. They can all die, but I have to keep living!”

“What a pity!” Luo Qing Chen revealed a taunting look, “Even if you have achievements, no one is willing to be happy for you. From birth to death, you will always be alone.”

Chapter 716: Loving one's country: They are enemies! (Part 17)

“Does young miss Luo think that a traitor like Luo Gong and traitors like the Luo Family will have people feel happiness for them?” Kouichi pointed the gun at Luo Qing Chen, “Bang, the answer is no.”

Luo Qing Chen closed her eyes and was too lazy to talk to him, as she called her system.

Did my nephew leave safely?

[Un, he took a shortcut and already left.]

Her lips curled slightly as she said, "Since mister Kouichi is trustworthy, how do you wish to bet?"

Although Luo Qing Chen was clear on the reason why Kouichi was being trustworthy.

"Still betting lives." He shook the gold coin in his hand and said, "This emperor's gold coins can't be penetrated by blades or bullets."

He stopped before continuing, "Let's bet your life or his life."

Kouichi slowly came to her side and placed the gold coin over her heart. He revealed a strange smile as he said, "Do you think that commander Zuo with his first rate marksmanship will be able to hit this gold coin?"

Luo Qing Chen's face turned pale. She realized that the bet that Kouichi wanted to make really was.....abnormal.

Before she could think it through, Zuo Mu Ran had already appeared in front of her.

He had two guards at his sides pointing guns at him. Kouichi shouted at the men like he was the master here, "Put down your guns. If commander Zuo wanted your lives, how could you still be standing there pointing your guns at him!"

"Yes, mister!"

Zuo Mu Ran's eyes had been on Luo Qing Chen the entire time. His brows were tightly knit and his eyes were ice cold.

When he came in, he became a bit suspicious of the Luo Family. His brother Zuo Qi Yue came this time because Luo Gong was responsible for everything.

But the report had said that the Luo Family didn't provide any support for Zuo Qi Yue. This so-called cooperation should be false.....

He had to doubt the Luo Family, whether they were loyal.....or not.

But at the last moment, that person called Luo Qing Chen came instead of his big brother.

Why? Why did his heart fill with such panic?

"Hello commander Zuo!" Kouichi said in poor Chinese, "Young miss Luo and I were gambling, but it's boring with just two people. How about you join in as well?"

Luo Qing Chen narrowed her sparkling clear eyes. Plans quickly flashed in her mind, how could she win this and survive?

"Stop wasting words." Zuo Mu Ran's voice was very cold, not having a trace of warmth in his voice at all, "Be quick."

He hated the Japanese rented area the most in his life, every brick and tile here was the shame of the county. Even the air seemed dirty here.

“Pa, pa, pa.” Kouichi gave a clap as he put the AK pistol in his hand on the ground. He slid it to Zuo Mu Ran’s feet before saying with a shrug, “Pick it up and we’ll begin immediately.”

When Zuo Mu Ran picked up the gun, he knew that it was loaded.

Kouichi was this bold in giving him a gun, it wasn’t simple.

“This bet is very simple!” Kouichi forcefully glued the gold coin to Luo Qing Chen’s heart before laughing. He said to Zuo Mu Ran, “That pistol only uses a single bullet, so you have many changes. As long as you hit the gold coin, you win.”

“Despicable.” Luo Qing Chen bit her lip as her eyes turned ice cold.

Chapter 717: Loving one’s country: They are enemies! (Part 18)

“No, no, no.” Kouichi honestly shook his head as he said, “Young miss Luo shouldn’t say such rude words, you were more cute the way you were before!”

Luo Qing Chen took a deep breath and said with a cold snort, “What benefits are there in winning?”

“You can all leave and I won’t kill you.” Kouichi stroked his moustache, looking like he was looking down on them.

Zuo Mu Ran’s eyes were ice cold as he slowly raised the gun, “If I don’t shoot, what will you do?”

He didn’t know what was wrong with him.

Since in theory, if the Luo Family were traitors, Luo Qing Chen coming here wasn’t in any danger.

But he couldn’t control himself and came to find her.

Even if this was the first time in his life being in such danger.

Moreover, he didn’t have a way out.

Kouichi didn’t understand Zuo Mu Ran’s words and called back the translator from before.

After hearing this, he stroked his moustache thoughtfully and said, “You can not fire, didn’t I finish explaining the rules of the game? I am an easy to talk to person, if you don’t want to do it, we’ll change it.”

He didn’t give him any chance to refute as he said, “Then just shoot your head and I’ll let young miss Luo go.”

Luo Qing Chen became stunned. Before the translator could say anything to Zuo Mu Ran, she already came forward to say, “Definitely not!”

Although Zuo Mu Ran’s affection for her was only at 1%, he definitely wouldn’t do something as stupid as this.

But when she heard what Kouichi said, her heart still skipped a beat.

Kouichi seemed to understand her words, so he said with a dark smile, "It seems like young miss Luo and commander Zuo's relationship is far deeper than what you just said."

He was speaking in Japanese, so Zuo Mu Ran didn't understand, but he could hear a dangerous tone in Kouichi's voice.

Legends said that commander Zuo who protected An Ning City only cared about his country, he didn't have any other emotions.

People without ties made the most decisive judgements, this was why the Japanese couldn't find any weak spots with him in all these years.

But now.....

He, Kouichi had found it!

"I believe you." Luo Qing Chen's eyes had a faint sparkle. Standing not far away, her face was still a bit pale.

At that moment, Zuo Mu Ran's heart was hit hard.

It was very deep and very painful.

The girl in front of him had clearly been heavily injured, but she decided to come here instead of his big brother.

This meant that she knew the Luo Family and Kouichi's relationship. She said that she didn't want Zuo Qi Yue to get hurt, could it be.....

Could it be that she took the bullet because of his big brother.....

Did they know each other?

Without knowing why, when he thought of this, there was a strange feeling deep in his heart!

He promised he never felt this way before.

"Yo, yo, yo." Kouichi waved his hands excitedly and said, "I like this kind of performance the most, it's even better than watching dancers!"

Kouichi's goal was very simple. He wanted to know what kind of position young miss Luo had in Zuo Mu Ran's heart.

Even if his marksmanship was very shocking and he hit the gold coin, he could start from young miss Luo knowing his weakness.

After all, girls were especially weak!

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 718: Loving one's country: They are enemies! (Part 19)

Luo Qing Chen had already thought of a plan. She would exchange for a space and time freeze as long as Zuo Mu Ran fired.

This could allow her to angle the bullet to the gold coin, even if Zuo Mu Ran missed.

She wouldn't die.....

But, commander Zuo seemed to hesitate as he slowly lowered the gun he had raised.

"Fire!" Luo Qing Chen anxiously looked at him, "It's fine if you close your eyes and shoot, you'll definitely hit!"

She was someone with the system, the things she had were amazing!

"I have something to ask you." Zuo Mu Ran released his tightly knit brows and a faint mist appeared over his eyes.

The distance was too far and Luo Qing Chen couldn't see it clearly.

But her heart skipped a beat that made her a bit afraid. She shook her head, signaling that there was a translator so Kouichi understood their words.

She didn't know that Zuo Mu Ran didn't care as he asked again, "I can't?"

"No....." Luo Qing Chen took a deep breath and pursed her lips as she said, "Ask!"

What was going on with this person, why wasn't he focusing on shooting at this dangerous time and asking questions.....

"Do you.....know my brother from before?" He seemed a bit embarrassed and after a while, he asked this question.

He wanted to know if this girl had blocked the bullets for him without any hesitation because of his big brother or if it was because of him.....

The words 'using your body as payment' flashed in his mind and he really wanted to know.

Luo Qing Chen was stunned hearing this! What kind of question was this.....

"I don't know him!" Luo Qing Chen continued, "Can you fire now?"

The translator told Kouichi everything they had said. When Kouichi heard this, his lips curled even more and a dangerous glow appeared in his eyes that made people tremble unconsciously.

"Then why did you come here for him?" He looked into her eyes and said in a deep voice, "You knew that this was a trap!"

"Because I was afraid you would hate me!" Luo Qing Chen looked into his eyes, knowing that he knew the Luo Family's real identity.

But since he came to save her regardless of the danger, the 1% affection seemed like it was worth it!

“There are chances for love, how could there be chances for hate.” He gave a chuckle as he slowly raised his hand. He looked at her with a trace of affection as he said, “It seems like there’s no way to repay you with my body!”

Luo Qing Chen heard this and her breath stopped as her fingers began to tremble.

She said in a daze, “You....What are you doing?”

God! It was only 1% affection, you can’t do these kinds of crazy things!

This.....This was too unreasonable!

Seeing that Zuo Mu Ran didn’t say anything and continued moving his hand, Luo Qing Chen anxiously said, “I said that I believe you!”

“But I don’t believe in myself.” His bleak eyes became very clear and a touch of warmth appeared on his cold handsome face.

There were some things that he could bet on and some that he couldn’t.....

He brought the gun to his temple, but his eyes stayed the same, firmly locked onto her.....

?

Before she could be pleasantly surprised by the 100% affection, the man in front of her was already pulling the trigger.

“Space and time freeze!” She shouted out these four words, as the bullet slowly came out of the muzzle.

It was a good thing the system was quite reliable.

[Ding, 500 exchange points has been taken. Successfully exchanged for space and time freeze (One time use).]

My god, what to do?

Luo Qing Chen took a deep breath and ran over to Zuo Mu Ran, taking the pistol in his hand. The bullet was half exposed and she was a bit nervous just seeing this.

Right now she had exchanged for skills, so there was no need to leave Kouichi alive.

She put the gun in Kouichi’s right hand and put his index finger in the trigger. As fast as she could, she brought Zuo Mu Ran to a corner and stood by his side.

Ten seconds later, the space and time freeze ended.

“Peng.” There was a large gunshot sound that rang out.

Kouichi fell just like that as red blood covered his eyes that were wide open, like he couldn't believe what just happened.

"Ah!" The translator called out in shock, as the only person standing by Kouichi right now was him.

He trembled as he shook his head, "It wasn't me.....It wasn't me....."

Luo Qing Chen was tightly holding the hand of the person next to her as her heart beat fast.

Zuo Mu Ran hadn't come back to his senses yet. His cold eyes looked at Luo Qing Chen as he said in a low voice, "What happened?"

"Peng, peng, peng."

Before she could explain, there were gunshots from the door.

Luo Qing Chen heard a familiar voice, it was her father, Luo Gong.

It seemed like Luo Fan had already returned and her father finally made the brave decision.

"I'll be leaving first." Luo Qing Chen looked at Zuo Mu Ran beside her and said, "Even if he still is a bad person, he won't shoot me."

"Don't." When she was about to step forward, Zuo Mu Ran grabbed her clothes. He had a determination that brokered no argument, "I won't let you walk in front of me again."

She looked into his eyes, as if suddenly understanding what kind of man Zuo Mu Ran was.

He had never had contact with love before, so he couldn't see through it.

This could explain why she could block two bullets for him and it only gave her 1% affection.

Zuo Mu Ran shouldn't know what loving a person was like. When he really calmed down and slowly remembered everything.

He wouldn't let it go again.....

"Ah?"

Before she could react, Zuo Mu Ran had walked out holding her hand.

When they saw Luo Gong and Zuo Qi Yue together, they knew that they were fighting back.

"Xiao Qing." Luo Gong charged right towards her as the firm him broke out in tears at this moment.

He was wrong, he had put his daughter in such a dangerous position.

When Luo Fan safely returned to the Luo Family, he brought a letter written in blood from his mother.

The words were like bullets that slammed into his heart and made him feel shame immediately.

Even a person who was half dead could contribute to their country and he was doing such a foolish thing.

Being a traitor.....

He had been a traitor for four years and provided information to the Japanese.

If Zuo Mu Ran wasn't in An Ning City, it would have already been captured.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 720: Loving one's country: They are enemies! (Part 21)

After Kouichi died, this area lost its power. There weren't even any guards there, there were just mainly rich people living here.

There were few Japanese people.

This was an operation between the Luo Family and the Zuo Family. Luo Gong thought that Zuo Mu Ran would tell the people of An Ning City that he had been a traitor for four years, but Zuo Mu Ran didn't do this.

With Kouichi's death, a great hidden danger had been cleared from An Ning City.

But since an important person had died, the Qing officials still sent someone to investigate.

The Luo Family and the Zuo Family know that the Qing Dynasty feared Zuo Mu Ran, as well as the power of the Luo and Zuo Families.

"This Qing official Bai Shou isn't easy to deal with." Luo Gong stroked his beard and said, "This style is like a dog to the Japanese....."

"Stop mentioning that official." Luo Qing Chen took a sip of her tea, "The entire Qing Dynasty has become the dogs of the Japanese."

"Take it step by step, he can't play any tricks towards the people's hearts!" Luo Gong's eyes sunk with a bit of worry.

Luo Qing Chen understood his mood. With Kouichi's death, his mother had been saved.

He could finally use the Luo Family's power to do something, but there was another guest that came.

"Reporting." The butler came in and said, "Mister Ye Yong Jun is here."

Ye Yong Jun?

Luo Qing Chen thought about this person's name.

Un! Scumbag! Scumbag! Scumbag!

Because she was focused on the story of the male and female lead when accepting the memories, she had forgotten this supporting male lead.

The previous host's childhood friend, a scumbag who looked like a gentleman on the surface.

A fellow who loved to boast. After the Luo Family was destroyed, he married another young miss and quickly rid himself of their relationship.

What did this kind of person come looking for her for!

“It’s Yong Jun.” Luo Gong nodded with a smile, “Quickly invite him in.”

?

What the hell was this?

“An Ning City should be peaceful now, so we should consider the marriage between Xiao Qing and Yong Jun.” Luo Gong seemed very satisfied with Ye Yong Jun as he kept nodding.

Not long after, Ye Yong Jun walked in. He didn’t look bad and was a bit fat. His expression seemed a bit tired, like he was a bit spent.

He was wearing a suit and a British top hat. He gave Luo Gong a gentleman’s bow as he said with an honest look, “I heard that Xiao Qing was back, so I rushed over.”

Seeing this flattering look, Luo Qing Chen felt her stomach churn.

She knit her brows as she looked at Ye Yong Jun, “There’s more than one kind of perfume on you!”

“Aiya.” Ye Yong Jun suddenly looked a bit awkward as he said, “It’s all my mom who likes playing with foreign things. I wipe all day, but I can’t wipe it off.”

Luo Qing Chen gave a cold laugh and didn’t say anything else. She stood up and said to Luo Gong, “Dad, I’m going to my room to change.”

“That.....”

“What?” Her cold eyes turned to Ye Yong Jun, “You want to follow?”

“No, no, no, Xiao Qing is mistaken!” Ye Yong Jun looked at her with a sly look, “I’ll be waiting here!”

Damn!

Luo Qing Chen couldn’t help cursing in her heart as she walked upstairs.

After changing into a white dress and opening an umbrella, she snuck out the back door.

This Ye Yong Jun had to be taken care of, but it wasn’t the time now.

The most important thing was to find Zuo Mu Ran, so that Bai Shou definitely wasn’t here with kind intentions.
