Chapter 731: Loving one's country: They are enemies! (Part 32)

The map Jin Wen Dan gave marked some ruins five miles away from An Ning City, causing Zuo Mu Ran to close his eyes in regret.

He should have been more thorough, then he could have rescued her sooner.

Now that he was already this late, his heart was flustered and afraid.

He didn't know how Jin Wen Dan treated her, he just knew it wouldn't have been good.

He said that he would protect her, but he had broken his word.....

No matter how hard he tried, he still broke his word.....

Zuo Mu Ran took a deep breath and found the hidden switch that opened the stairs down.

A long black ladder appeared!

He didn't bring anyone. Jin Wen Dan's letter hoped that he wouldn't bring anyone, he didn't even need to bring a hostage.

Zuo Qi Yue hidden in the dark knit his brows as Xu Zheng Liang on the side said, "Is this going against the commander's orders like this?"

"We have to go against his orders." Zuo Qi Yue looked at the eleventh squadron beside him and said with a sigh, "He hasn't eaten or slept in the past few days. I might feel assured if it's the past Zuo Mu Ran, but the current Zuo Mu Ran won't do."

He had never seen this Zuo Mu Ran, completely losing the style of a soldier.

He had been shouting by the swing in the Zuo Manor with empty eyes in the dark night. He could hear the endless despair in his hoarse voice as he roared out.

It was like he had entered the dark and he couldn't see his hand in front of him. There was no light around and each path was a dead end.

If he didn't find Jin Wen Dan and receive a bargaining chip.

Perhaps before Luo Qing Chen was found, Zuo Mu Ran might have died.

"Yes." Xu Zheng Liang lowered his head in regret, "I will definitely protect the commander!"

He had argued for Jin Wen Dan with Zuo Mu Ran before, but now he knew that he was helping a traitor.

He had loved a traitor, how incredible was that.

But looking back, he was still the adjutant that commander Zuo was most proud of, always following him. Destroying the Japanese and contributing his meager strength to the people of the country.

His life was nothing more than a feather.

On the other side, Zuo Mu Ran walked step by step with his gun into the underground room as he was unable to control his heart.

With each step, he could feel that the air became dirtier.

Until he saw Jin Wen Dan who was waiting for him. There was also a group of Japanese with small moustaches, where there was a person he recognized.

The second in command of the Pingnan area to young miss Nai Zi, Jin He.

He had just fought this person recently.

He was very strong, he definitely wasn't a normal person.

"Commander Zuo!" Jin Wen Dan gave him a taunting military salute, "Number 7952 Jin Wen Dan, please take care of me!"

She wanted to see if he had a bit of reluctance in his eyes when she said this, would he miss the time when they fought side by side!

But she never thought that his eyes would be dark the entire time.

His ice cold voice rang out, "You're not qualified."

Jin Wen Dan trembled, even took a small step back.

This voice, it was like talking to an enemy.

Does he remember how many enemies she had wiped out with her accurate sniping skills on the battlefield!

Does he remember that she had saved his life more than once!

But why.....doesn't he like her!

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 732: Loving one's country: They are enemies! (Part 33)

"You're not qualified to talk to my little sister like this." Jin He immediately drew his gun on Zuo Mu Ran, as if he wanted to make his head explode.

"Don't talk with your broken Chinese." Zuo Mu Ran narrowed his ice cold eyes as his lips curled into a smile without any warmth, "You aren't qualified to speak Chinese."

"Zuo Mu Ran."

"Da, da." Jin He loaded his gun as his eyes were filled with rage!

"Big brother." Jin Wen Dan's heart skipped a beat as she pushed down the gun and shouted, "You said you would listen to me today!"

Jin He angrily bit his lips and revealed a middle finger, as he cursed in Japanese, "They deserve to be blown up to their eighteenth generation by us, ha, ha, ha, ha, ha!"

“Zuo Mu Ran, whether I am qualified or not, you’ll listen to me today since you are here.” Jin Wen Dan had a determined look in her eyes, “Otherwise, you won’t be able to return!”

There was a bit of urging in her voice, as if reminding Zuo Mu Ran not to anger Jin He.

After all Jin He was her big brother, but he was truly angered, even she wouldn’t be able to protect Zuo Mu Ran.

In her heart, even if they were enemies, she didn’t want him to die.

At least he should live.....

“It isn’t important if I can return or not.” Zuo Mu Ran narrowed his cold and bloodshot eyes as he looked at Jin Wen Dan, “You said you would let her go, you have to keep your word or else.”

“Or else what?” Jin Wen Dan’s eyes had a trace of anger. The man in front of her kept mentioning that woman in front of her again and again.

Was she really that important? Could it be that Luo Qing Chen was even more important than his own life?

“Otherwise I will have all the people of the Jin Family be buried with her.” Zuo Mu Ran’s eyes filled with sharp killing intent, unlike the previous righteous commander Zuo.

He bit his lips tightly as he said word for word, “From the eighty year old grandmother to the three year old child, if you kill her, I will definitely do this.”

Jin Wen Dan felt all the hairs on her body stand on end. If she hadn’t heard it, she never would have thought that righteous commander Zuo who always put the elderly and the weak first would say such a thing.

Everyone had a bottom line. One shouldn’t touch his most important person, or he would do something even crazier than you could imagine.

“Alright, I know.” Jin Wen Dan narrowed her eyes as flames that couldn’t be extinguished filled her heart. Traces of tears appeared in her eyes as she said, “I’ll bring you to see her.”

A long hallway, walking step by step to a black iron door.

Jin Wen Dan’s heart was suddenly flustered, as her jealousy completely overwhelmed all her emotions.

But she kept thinking about what Zuo Mu Ran had said, as each word slammed into her heart.

If she really did something to Luo Qing Chen, what would Zuo Mu Ran do?

Die with Luo Qing Chen? Or would he kill her with everyone here?

But she knew that this was their territory and Zuo Mu Ran couldn’t do anything.

But why was she feeling unsettled? It was like the person behind her was a demon drenched in blood, not fearing pain or death, only having a single thought in his mind.

He wanted to save the one he loved, saving her without caring about anything else.....

Chapter 733: Loving one's country: They are enemies! (Part 34)

"Kacha." The sound of an iron door being opened sounded again.

But when this sound hit Luo Qing Chen's ears, it sounded very soft.

Her heart was beating very slow and she could even feel the Chaos Space calling her. The system's voice rang in her mind.

[The male lead is here.....]

Zuo Mu Ran? He was here to save her?

It seemed to be her first time being this weak in front of him, she should have been a kind of heroic girl to him before.....

Strong marksmanship, whether it was Hitoda or Kouichi, she had done it beautifully.

She was suddenly unwilling, letting him see her in such a sorry appearance.

But she didn't even have the strength to open her eyes. If it wasn't for fifty people with red eyes staring at her all day, she would have already left with her teleportation, alright?

When Zuo Mu Ran stepped into the dark prison, his eyes fell onto Luo Qing Chen.

She didn't have any wounds on her, she clearly hadn't been whipped.

But even such a heavy door being opened didn't draw any reactions from her, it meant that her situation wasn't good.

"What did you do to her?" Zuo Mu Ran knit his brows, clearly sensing something wrong with the air around him.

Jin Wen Dan raised her hand to the person behind her, "First close off the poison vent!"

"Hai!" The Japanese behind her replied before leaving.

Zuo Mu Ran heard this and a look of fierce determination appeared. He walked past Jin Wen Dan and headed in Luo Qing Chen's direction.

He never expected Jin Wen Dan to pull out her gun, aiming it at the back of his head, "Did I let you save her?"

The Japanese all took out their guns and pointed it at him.

"Does it matter if you let me or not?" Zuo Mu Ran's eyes turned cold, walking towards Luo Qing Chen without any hesitation.

The Japanese standing behind Jin Wen Dan looked at each other and were prepared to shoot.

She said, "Don't shoot!"

She changed from Chinese to Japanese as she said to them, "Grab commander Zuo later and then inject the needle into Luo Qing Chen. You have to let commander Zuo be as close as possible to see the needle entering her, understood?"

"Hai!" The twenty Japanese behind her all nodded.

She didn't believe that with all these people behind her, she couldn't catch Zuo Mu Ran.

She wanted him to see his most beloved girl becoming filthy and inhumane.

As soon as she thought of this, her dying heart suddenly began to burn again.

Luo Qing Chen lying on the ground could hear the familiar footsteps approaching her, so she did her best to move her fingers.

There was a warm pair of hands that firmly grasped them.

Zuo Mu Ran didn't have a key, so he could only hold her hand through the cage. She was wearing the red wedding dress that had a bit of stench to it, looking like she was cold.

If he took another gaze, he could feel his heart skip a beat as it filled with pain.....

"I'm here.....I said I would protect you....." Zuo Mu Ran's voice choked up a bit as he looked at her pale as snow face, "I definitely will."

He slowly stood up and took out the pistol at his waist, shooting the lock without any hesitation.

His shot was very accurate and as the lock fell to the ground, he moved forward to take her in his embrace.

Chapter 734: Loving one's country: They are enemies! (Part 35)

At the same time, Zuo Qi Yue finally received the support of the commander in chief, using this absolute support to enter the underground room of the Japanese.

"Peng, peng." Two bullets hit the hearts of the Japanese guards and their group slowly headed down the stairs.

When they came down, he began moving faster as he kept saying his heart: Wait, wait, wait.....Zuo Mu Ran, wait for me!

At this time, Zuo Mu Ran in the secret room looked at Luo Qing Chen in his arms who was weakly breathing, as his eyes filled with pain.

He slowly picked Luo Qing Chen up as he looked at Jin Wen Dan with a determined look, "I will take her away today. If you want to block me, kill me first."

He came here with the belief that he would die. Although he wasn't willing to have her accompany him in death, he didn't have any other choice.

At least he could be with her, at least she wouldn't be alone in this dark dungeon.

What he wanted more was that if they died together, he would definitely kiss her before they died.

Then he would pray to the heavens.....for another life.....

Thinking of this, he lowered his head and without any hesitation.....he kissed her.

In front of Jin Wen Dan, in front of the Japanese, he kissed the girl he was holding.

Again and again, gentle and forceful!

“You.....” Jin Wen Dan never thought that Zuo Mu Ran would do this in front of so many people.

Why, why did she have to see him kissing another person so tenderly and lovingly?

No.....No.....Definitely not.....

“All of you charge!” She hysterically roared out in rang, “I won’t let you take her away, I want you to see just how disgusting she is!”

“Hai!” The twenty Japanese charged forward like they had gone crazy.

Zuo Mu Ran turned while holding Luo Qing Chen, quickly kicking two of them to the ground. This movement was done in a single breath without a second of pause.

Everyone looked at each other before charging him without care. He pursed his lips and resisted with all his might.

But he couldn’t fight a group by himself. He was suddenly kicked when he reached out, but to protect the girl in his embrace, he could only put her down and bend over to stop them from approaching.

Jin Wen Dan looked at a person in black clothes behind her when she saw this, “Go!”

She naturally knew that Zuo Mu Ran was skilled. Perhaps he could escape from all these people, but if he wanted to leave while protecting a person who was unconscious.

That was impossible.....

The strongest person in the world couldn’t do this since a person only had two hands.....

The black clothed person took advantage of this chaos to attack Zuo Mu Ran with his left hand, creating a feint.

But right after that, there was a needle that came out of his right sleeve. After the cover fell, the needle began falling towards Luo Qing Chen.

He knew that even if Zuo Mu Ran had fast reactions, it was impossible to move Luo Qing Chen.

This needle would definitely hit her.

But he didn’t know that he would put her right hand over her without any hesitation.

“Si.” The needle mixed with Jin Wen Dan’s blood and poison obtained from testing the Chinese people pierced the back of Zuo Mu Ran’s hand.

His veins instantly turned dark red as the poison quickly spread towards his neck.

His clear eyes were instantly stained with a layer of blood red.

Chapter 735: Loving one's country: They are enemies! (Part 36)

In less than three seconds, Zuo Mu Ran's eyes became bloodshot and filled with killing intent. There was a layer of red energy, that seemed like a red peony that was blooming.

Jin Wen Dan gasped at this moment, as her expression became a bit worried, but contained even more excitement.

She always wanted Luo Qing Chen to become her armour breaking soldier, she never thought of doing it to Zuo Mu Ran.

If it was Zuo Mu Ran, couldn't she have him and be together forever?

When she thought of this, the door was opened and Zuo Qi Yue charged in with the eleventh squadron.

Zuo Mu Ran felt his mind begin to blur over and his eyes had trouble focusing, even his breathing became very fast.

"Commander Zuo."

"Mu Ran."

Zuo Mu Ran looked at the needle in his right hand and dark blood that dripped out drop by drop.

He looked at Luo Qing Chen who was lying on the ground with closed eyes.

His heart exploded as it exploded with pain.

He knew that he was poisoned, but he didn't know what it was. He only knew that his mind was filled with layers, all filling up with Jin Wen Dan's face.

"Take Qing Chen away." These were his final four words before losing consciousness.

Luo Qing Chen seemed to hear these four words from the Chaos Space, which were filled with power.

It was like he spat out those words through gritted teeth and blood.

"Peng, peng, peng." The entire prison was filled with sounds of guns firing.

Finally Jin Wen Dan opened a secret passage and released all the armour breaking soldiers in the cages.

Although they hadn't had their blood evaporated, they were all armour breaking soldiers and followed special orders.

Zuo Mu Ran was the most special, he only followed the scent of Jin Wen Dan's blood and only listened to her orders.

And after everything, Luo Qing Chen woke up in a bed and only heard the news after waking up.

"Reporting to captain Zuo. We searched the entire dungeon, but we couldn't find commander Zuo. The eleventh squadron is currently searching the secret passage!" A soldier came forward to report.

“Un.” Zuo Qi Yue tightly knit his brows and said, “Have you figured out the poison used on commander Zuo?”

“According to the data from the research facility, the poison in the air should be numbing poison which makes people sleep and hallucinate. As for commander Zuo.....” That person seemed to be trembling, pausing when he came to this.

Zuo Qi Yue narrowed his eyes and said, “Speak!”

“Yes, captain!” The soldier continued, “We’ve caught one of the people with red eyes and no conscience, he only said ‘armour breaking soldier’. After checking his DNA, the research team determined that there was a poison mixed with his blood, creating an immeasurable amount of viruses that greatly damaged the brain.....”

“You meant that commander Zuo was injected with this poison?” Zuo Qi Yue angrily hit the pillar with both hands, “The Japanese actually developed such a heartless poison.”

“I think that we should be worried about.....” Luo Qing Chen slowly stood up with a pale face, but her eyes were filled with determination.

She looked at Zuo Qi Yue as she continued, “Young miss Nai Zi made these armour breaking soldiers to take An Ning City more easily. Now that Zuo Mu Ran is an armour breaking soldier, the first thing she would do is attack the city.”

Chapter 736: Loving one’s country: They are enemies! (Part 37)

“You’re finally awake, how do you feel?” Zuo Qi Yue came to her side. He was planning to come over to see how she was, but he never thought the soldier would suddenly come to report.

Luo Qing Chen waved her hand and said with knitted brows, “It’s nothing.”

“The poison in you isn’t light, you should rest over the next few days.” Zuo Qi Yue said with knitted brows, “Although you weren’t married, you are still half from the Zuo Family. Right now Mu Ran isn’t here.....”

“I think there’s no need to be polite.” Luo Qing Chen pursed her lips and said, “If my guesses are right, the Japanese should already be camped in An Ning City, right?”

How could young miss Nai Zi give up such a good chance?

After a while, Zuo Qi Yue said with a sigh, “Yes.....”

“I heard him say before.....” Luo Qing Chen seemed to be remembering something specific as her eyes turned red, but she still said in a very calm voice, “An Ning City is easy to defend and hard to attack, right?”

“Right! Because of the terrain, it’s very easy to be bombarded by bullets if you approach.” Zuo Qi Yue said with a helpless smile, “Thankfully it’s the age of firearms, or it wouldn’t be that easy to defend.”

“Ke, ke.” Luo Qing Chen let out a long breath and used all her strength to stand up, “Give me a ten mile map of An Ning City.”

“There’s one in the study, it’s from when Mu Ran was searching for you. It’s still there.” Zuo Qi Yue looked at her with complicated emotions in his eyes.

—

When she entered Zuo Mu Ran’s study, there was a faint sandalwood scent in the air that was refreshing.

The study was very organized and everything had a certain place.

Her lips curled slightly. It was like seeing this study, she could feel Zuo Mu Ran’s upright feel.

But when she stood in front of her map, her nose became stuffy and she almost cried.

There were many marks on the map, designating all the places that one could hide in. He had drawn on the map again and again.

She softly stroked the grooves of the writing, as if she could feel how anxious he was if she closed her eyes.

There were traces of water stains on the lower right corner, but they were already dry.

Had he been crying when he was looking at this map?

Her heart suddenly filled with discomfort, but she knew that she couldn’t be weak at this time.

This was the small city that Zuo Mu Ran used his youth to protect and now that he wasn’t here, she had to protect it for him!

After looking through the breakthrough points, she received news Zuo Qi Yue sent through a report.

Young miss Nai Zi had already prepared a battle plan and was planning to attack tomorrow.

This was provocation from the Japanese, looking down on them.

The moon and the stars were very faint at night as they shined down on Zuo Mu Ran’s study.

Luo Qing Chen couldn’t help knitting her brows at Zuo Qi Yue’s analysis of both side’s fighting strength.

“What are our chances of successfully defending the city?” Zuo Qi Yue looked at the focused Luo Qing Chen and tentatively asked this.

Without knowing why, in Zuo Qi Yue’s eyes, although she was a woman, she had decisively killed Hitoda and Kouichi, which meant that her abilities were better than most people in the army.

Luo Qing Chen thought for a bit, “80%.”

“That high?” Zuo Qi Yue clearly was in a bit of disbelief.

Luo Qing Chen said with a faint smile, “We can cut off their water source.”

She pointed at two places on the map and said, "It'll be deep winter soon and these two rivers are their only sources of water. One is frozen and as for the other....."

Chapter 737: Loving one's country: They are enemies! (Part 38)

"What do we need to do?" A clear sparkle appeared in Zuo Qi Yue's eyes as he looked at Luo Qing Chen.

Luo Qing Chen followed the river and finally stopped outside the well outside the Zuo Manor, "Our well is connected to this river, so we can make this river freeze."

System, I saw an 'Instant Freeze' powder in the shop last time, right?

[There is. Five hundred exchange points.]

Un, exchange!

[Ding, 500 exchange points has been taken. Successfully exchanged for Instant Freeze Powder.]

She took the packet of powder from her right pocket and looked at Zuo Qi Yue, "Pour this into the well and it'll quickly freeze."

"God!" Zuo Qi Yue took the powder in disbelief as he said, "It's this amazing."

"If you use the chemistry taught abroad, there isn't a need to use this." Luo Qing Chen thought for a bit before saying, "But there's no time right now, so just take a shortcut!"

Luo Qing Chen didn't forget to have him get some more water for use, or they wouldn't have enough themselves.

Zuo Qi Yue shook his head in a relaxed manner, "Don't worry, many of our wells are connected to the back river. They have to defeat us to go over there!"

"Un." Luo Qing Chen gave a slight nod before leaving the study, heading to Zuo Mu Ran's room.

When she pushed the door open, she saw the red silk hanging high up. There were red candles on the table and all the words made her heart skip a beat.

If an accident didn't occur, he should have brought her to this room that night and made her the true Mrs Zuo.

Luo Qing Chen closed her eyes and took the flint from the table, lighting the candle.

Zuo Mu Ran's room was decorated in a Chinese style without much of a western style. The wooden carved bed, there seemed to be his scent on it.

When she laid on his bed and closed her eyes, her heart became flustered.

Perhaps no one in this world could understand her fear.....

If he really became the armour breaking soldier like Zuo Qi Yue side, what choice would she make if they fought?

But she knew that no matter what, she couldn't fire at him.

Whether he was Zuo Mu Ran or an armour breaking soldier!

The next morning, Luo Qing Chen made the final military decisions.

“We have the advantage in terrain and they have the advantage in people.” She looked at Zuo Qi Yue and said, “But they can’t afford it. One big bang and the retreat, we’ll wear them down.”

“Report, number 7441 Chen Rui reporting. The enemies have entered our line of sight, please give orders.”

“The initial plan is starting!” Zuo Qi Yue said.

“Let’s go take a look.” Standing on the city gate, Luo Qing Chen felt like it was a mix between the ancient and modern world.

The Republic of China, this country that had existed for decades had created countless talented people and also sacrificed them.

At that time, hot blooded youths didn’t hesitate to use their bodies to block their forts, letting countless bullets hit them.

They just wanted peace for their country.

“Da, da, da, da, da, da.” The uniform sounds of footsteps rang out.

Luo Qing Chen took the binoculars and looked at the soldiers approaching.

They were wearing dark red armour and their eyes were blood red. They were like robots as they walked towards them step by step.

“Captain, should we fire!”

“Wait.” Luo Qing Chen took a deep breath and said, “They are not Japanese.....”

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 738: Loving one’s country: They are enemies! (Part 39)

Young miss Nai Zi really did well, she used the strong men of other cities as test subjects and turned them into armour breaking soldiers.

When they attacked any city, they just needed to put the armour breaking soldiers in front.

As long as they hesitated a bit, she could enter firing range.

“Can you see Zuo Mu Ran?” Zuo Qi Yue’s voice was very anxious as beads of sweat came out of his head drop by drop.

Because they were about to reach the border. If they passed this line, there was a greater chance of them attacking.

“I don’t see him.” Luo Qing Chen’s voice was heavy as she said, “But they are our countrymen, can we fire at them?”

“Qing Chen.” Zuo Qi Yue closed her eyes and said, “If you don’t shoot and they break the city, there will be more armour breaking soldiers. You should be clear on the benefits.”

“I know!” Luo Qing Chen raised the M99 semi automatic sniper in her hand and said, “I’ll go down and take a look.”

“Just you alone?” Zuo Qi Yue decisively shook his head, “No.”

“Or will you go?” Her eyes were serious as she said word for word, “I can try to minimize casualties as much as possible.”

These fifty armour breaking soldiers were all their comrades, if they were bombed, their morale would drop.

After all, before a single Japanese died, their countrymen had died.....

The eleventh squadron beside him looked at each other before saying together, “Report, the eleventh squadron is willing to go.”

Luo Qing Chen narrowed her eyes and looked at the soldiers behind her. Their eyes were red, their yellow skin had turned dark from the sun and wind, and their lips were chapped, but they were still speaking clear words.

They were soldiers, soldiers made of flesh and blood.

“Look, there is a man wearing the Japanese uniform approaching the border.”

Luo Qing Chen followed the sound and picked up a bullet, as she headed towards the city gate with the sniper rifle on her back.

“Don’t come over.” Her eyes were cold as she warned the man in Japanese.

The man didn’t care as he shrugged while holding up a piece of paper. He said in tattered Japanese, “Miss Nai Zi shows mercy to you, the emperor shows mercy to you. This is a form of unconditional surrender, if you agree, open the gates! Ha, ha, ha, ha, ha!”

Luo Qing Chen gave a cold snort as her lips curled into a taunting smile, “If your devil country surrenders to us, we can force ourselves to accept. After all, our country is generous and too lazy to argue with your demons.”

At this moment, she stood there not only representing the Luo Family that had power in An Ning City, she represented Zuo Mu Ran’s belief of being a righteous soldier.

She definitely couldn’t allow this to happen.

“You.....” The Japanese man’s face turned red and he began cursing in Japanese. Only the final words he said were in broken Chinese, “My emperor will rain his might down on you brainless ants!”

Zuo Qi Yue standing up high tightly clenched his fist as Xu Zheng Liang beside him said in a low angry voice, “Captain, he is insulting us!”

Yes! The appearance of this Japanese man wasn’t for peace, rather it was to insult them!

Since it was like this.

Luo Qing Chen gave a cold snort as she took out the sniper rifle to aim at the dunes and said with cold eyes, "Since you're here, you don't need to go back."

"Peng." A single bullet penetrated straight through the Japanese man's heart.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 739: Loving one's country: They are enemies! (Part 40)

There was only a wail as that man's eyes were filled with disbelief.

She actually dared to shoot him! Who was it that gave her this kind of courage!

Perhaps he could only ask King Yama this question.

The armour breaking soldiers who kept moving forward suddenly stopped.

Luo Qing Chen naturally knew that someone had given them these orders and this person appeared in her scope.

Jin Wen Dan.

But the person who attracted the most attention wasn't her, but rather the man wearing the Japanese uniform beside her.

His silhouette was perfect from the moment it was seen. A pair of rarely seen dark eyes with a sharp glow. As he casually stood there, he cast a noble appearance like he was a king looking down on the world, proudly looking at the thousands of people and thousands of miles of land under him.

"Pa, pa, pa, pa, pa." Jin Wen Dan gave a clap as she said with a smile, "This really is an exciting battle."

They were some distance from the boundary, so Luo Qing Chen could only barely hear what she said.

But she was a bit flustered. The man wearing the Japanese uniform standing not far in front of her was that touching.

"Commander."

"No one is allowed to go." Luo Qing Chen reached her hand to stop one of the eleventh squadron soldiers who went forward, "Right now he is no longer your commander."

He was an armour breaking soldier, one whose mind was controlled by poison.

"Ha, ha." Jin Wen Dan said with a cold laugh, "I will let you see how terrifying and how bloodthirsty our armour breaking troop is!"

"Wu, wu, wu." With a loud trumpet sound, it was like all the armour breaking soldiers were woken up and they charged forward with their guns.

"Get down." Luo Qing Chen and Zuo Qi Yue said these two words at the same time.

"Peng, peng, peng, peng, peng." A rain of bullets sounded in their ears and Luo Qing Chen's heart jumped with these shots.

She secretly thought about the speed of the bullets and when she counted to one, she raised the banner in her hand.

Zuo Qi Yue said this and roared out, "All the guards cover Luo Qing Chen."

Luo Qing Chen narrowed her cold eyes and she fired with her M99 semi automatic sniper.

Each shot went three inches below the arms of the armour breaking soldiers.

The scent of blood filled the air and her sniper heart couldn't help breaking in sweat.

She did all this to save more people's lives, otherwise it would be easier to shoot them straight in the hearts.

But she knew that if he was here, he would have made the same choice!

"Not bad, not bad." Jin Wen Dan raised a brow. With a sinister smile, she shouted, "Luo Qing Chen, so what if your marksmanship is good? I've prepared a big present for you, do you like it?"

She took a blade out and cut her finger. She smeared the blood on her lips before saying to Zuo Mu Ran beside her, "Go, kill them. They won't dare fire against you. Go, you are the pride of our emperor!"

Zuo Mu Ran's eyes filled with red and the dark red became bright red. The veins on his body began to bulge out one by one.

There were no expressions on his face as he kept repeating, "Kill, kill, kill!"

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 740: Loving one's country: They are enemies! (Part 41)

She had taken care of half of the armour breaking soldiers and the remaining hadn't completely been eroded by the poison, so their movements were slow.

Luo Qing Chen narrowed her eyes and muttered, "It seems like this thing hasn't been completely developed.

But Zuo Mu Ran was already moving towards them.,

Each step fell heavily on Luo Qing Chen's heart.

She had never thought that she would face him on a battlefield one day and standing beside her were his most trusted soldiers.

Commander Zuo's eleventh squadron, they were all brave soldiers.

They would never retreat in any situation.

"I don't believe commander Zuo will change!" One of the soldiers came up and said, "He would never be addicted even if he was fed opium. He has the willpower normal people don't have, he is my hero."

He put down his gun after saying this and jumped over the dunes to run towards Zuo Mu Ran.

He shouted as he ran, "Number 0001 Wang Liang, one heart for the eleventh squadron!"

Luo Qing Chen gritted her teeth as mist covered her eyes.

This scene, it had actually touched someone like her. Just a few words was enough to fill one with the power to fight for the nation.

But right after that.

“Peng.” Zuo Mu Ran raised his gun and shot Wang Liang’s leg without hesitation.

Wang Liang fell to the ground as he gritted his teeth and kept shouting, “Number 0001.....Wang Liang, one heart for the eleventh squadron!”

“Peng.” There was another gunshot and this time it hit his back.

Luo Qing Chen tightly knit her brows and looked at Zuo Mu Ran through her scope, “Don’t fire.”

“Don’t listen to her, keep killing!” Jin Wen Dan’s voice came from behind him like a terrifying curse, swallowing him every second.

“Kill, kill, kill!” Zuo Mu Ran kept repeating these three words as his eyes had no focus. It was like as long as anyone approached him, he would shoot them without any hesitation!

“Wang Liang, no, I won’t believe it!” Another person behind Luo Qing Chen stood up as he called out while shouting, “Number 0005 Zhang Jin Jin, one heart for the eleventh squadron! Number 0005 Zhang Jin Jin, one heart for the eleventh squadron.....”

He repeated this again and again without stop until Zuo Mu Ran’s shot hit his knee!

The following scenes were what boiled Luo Qing Chen’s heart the most even after all those different words.

It was like her heart exploded, beating without stop.

Zuo Mu Ran’s eleventh squadron all put down their guns and ran towards him.

“Number 0004 Wu Bai, one heart for the eleventh squadron!”

“Number 0011 Xiao Shi Yi, one heart for the eleventh squadron!”

.....

Even if they were hit by bullets, they wouldn’t believe that their commander would become the enemy.

This was their entire belief.

In their eyes, Zuo Mu Ran was the head of the eleventh squadron and they didn’t exist without him.

When the formation fell, Luo Qing Chen finished off the armour breaking soldiers.

As the dust flew, the youth had no expressions, only his eyes were filled with blood red killing intent.

Luo Qing Chen took a deep breath and slowly stood up.

“Qing Chen, don’t.” Zuo Qi Yue’s call came from the city gates above.

But it was like she couldn't hear him, there was only the past youth in her eyes.
