Chapter 741: Loving one's country: They are enemies! (Part 42)

She could seem to sense the faint despair from his eyes. He slowly raised his hand and aimed the gun at her heart.

It was aimed right at her heart!

“Right, just like that, aim right at her heart!” The following shot made Jin Wen Dan’s smile bloom even brighter. It was like a dark flower in the depths of the rainforest, which would only bloom in this instant.

Luo Qing Chen gave a shrug and threw her pistol down, as she slowly walked towards him step by step.

She could sense the slight tremble in him as the reflection in his emotionless eyes revealed a bit of emotion with her appearance.

“Darling! Kill her and you will be the greatest hero in my heart!” Jin Wen Dan’s delicate voice came from behind Zuo Mu Ran with a trace of bloodlust that made people’s stomachs churn.

The effects of the blood poison really was strong.

“You can’t kill me!” Luo Qing Chen looked up a bit. There were snowflakes falling from the sky with a bit of a chill.

She took a deep breath before looking at Zuo Mu Ran with misted eyes, “Because I am your most beloved person.”

At that moment, she could feel Zuo Mu Ran tremble. The pistol he clenched began to tremble even more and his expressionless face revealed a frown.

Jin Wen Dan behind him bit her lip. She took the blade and cut her arm before sucking on it.

Her mouth was filled with blood as she gave Zuo Mu Ran an order, “Fire, fire, fire!”

Zuo Mu Ran heard this and blood filled his eyes again. He was like a bloodthirsty zombie as his eyes filled with killing intent.

Right after that.

“Peng.” A bullet grazed her shoulder and hit the dune behind her.

Luo Qing Chen gave a grunt as blood dripped down her arm. Her lips slightly curled as she said, “You already said that no matter what, you would protect me! For.....eternity.....”

She didn’t know how to wake him, but she knew that she couldn’t fire at him.

Whether Zuo Mu Ran died here or broke through this door, she didn’t know.

She could see the tremor in his eyes, so she knew that he was working very hard to break through this darkness and she knew that only she could help him.

“How can you make him protect you!” Jin Wen Dan roared in rage. The Japanese behind her could feel her efforts and stood up to fight.

She wouldn't submit! She had clearly mixed her blood with the poison and injected it into Zuo Mu Ran, she definitely had control over him.

But why did Zuo Mu Ran look so hesitant, his shots never hit them.

When facing Luo Qing Chen, he hesitated even more.

He was her armour breaking soldier, he would only listen to her orders and no one could replace her!

Luo Qing Chen gave a cold laugh as she said with a faint look of disdain, “Because he likes me, because I'm his fiancée, because we truly love each other. You can't intervene even with your despicable methods, do you understand?”

“You.....”

“Jin Wen Dan.” Luo Qing Chen continued with a cold laugh, “He didn't like you even though you were with him for six years and he wants to marry me after just knowing each other for six days, do you know how big this difference is?”

It was at that moment that she realized how important the so-called heroine aura was!

Chapter 742: Loving one's country: They are enemies! (Part 43)

“No!” Jin Wen Dan roared as she cut her arm again. She sucked the blood desperately as she shouted to Zuo Mu Ran, “Kill her! You are my armour breaking soldier, you must listen to my orders!”

“Little sister, don't be impulsive.” Jin He rushed down from the tank and stood beside her as he said, “We don't need that armour breaking soldier, we'll force our way in! They are ants, they can't match us!”

“Big brother, I want to prove myself!” Jin Wen Dan's eyes were bloodshot as she looked forward and said, “I want to see him kill Luo Qing Chen, so what if I bleed a bit?”

Zuo Mu Ran suddenly shook as he knit his brows even more, while he raised his gun.

The sky was filled with snowflakes, falling down bit by bit. It fell on her long lashes and her military uniform.

“Peng.” Another shot. The bullet passed by her neck and bright red blood flowed out.

Zuo Qi Yue standing on the wall had his heart jump up to his throat. He gritted his teeth and gave an order, “Sniper, get ready. If commander Zuo keeps firing, restrain him.”

He had no other way. If Zuo Mu Ran even killed Luo Qing Chen, he would be the biggest trump card in capturing An Ning City.

Because he as his big brother couldn't understand his abilities any better. If he became the puppet of the Japanese, there would be plenty of trouble.

“Beautifully done.” Jin Wen Dan’s face was a bit pale, but she couldn’t hide the smile on it.

As her armour breaking soldier, he had already shot twice at Luo Qing Chen! Although they weren’t fatal, it was enough to prove that the poison was working.

If they didn’t catch all those test subjects, they wouldn’t have had the chance to make this heaven defying poison.

“My armour breaking soldier.” Jin Wen Dan gave a proud laugh, “You should shoot at the heart next!”

She opened her kimono and slashed her thigh as she said, “Go! You belong to me!”

“Zuo Mu Ran.” Luo Qing Chen closed her eyes as drops of blood fell onto the white snow, but she still had a faint smile as she said, “Do you remember when I took those two bullets for you when we first met? But I know that didn’t fall in love with me then!”

Her voice was very soft, but she knew that Zuo Mu Ran could hear her.

His hand raising the gun slowed but he couldn’t control his limbs.

“You should have fallen in love with me at Kouichi’s Manor!” She looked up at the snow in the sky. She tried to hold back her tears, but they unknowingly came out.

From 1% to 100%, it really made a deep impression.....

And now, that man was standing in the wind and snow, firing twice at her already.....

Zuo Qi Yue on the wall said to the sniper, “Are you prepared?”

“Yes!”

Zuo Mu Ran slowly raised his hand as tears began falling from his blood red eyes.

Luo Qing Chen closed her eyes, she wasn’t planning to run. Her mission was already complete and the previous host had killed him in another world, so it was considered paying a debt by letting him kill her here!

But she never thought Zuo Mu Ran who was always filled with conviction would point the gun at his temple and pull the trigger without any hesitation!

Chapter 743: Loving one’s country: They are enemies! (Part 44)

Luo Qing Chen was stunned, but she instantly shouted four words in her heart.

Space and time freeze!

[Ding, 500 exchange points has been taken. Successfully exchanged for space and time freeze.]

The snow around her stopped and every snowflake was frozen in the air.

The first half of the bullet had already entered Zuo Mu Ran’s head and his falling tears were frozen in the air.

Luo Qing Chen charged forward without any hesitation as she tightly held him with all her strength.

“Zuo Mu Ran, Zuo Mu Ran, Zuo Mu Ran!” She called out while crying, “I know that you must have worked hard to break through the darkness. I know that it was thousands of times more painful for you to shoot me. I know.....I know everything.”

She slowly raised her left hand and pulled out the bullet bit by bit. She gently stepped up and placed a kiss on his red lips.

So cold, so cold.....It was so cold that it reached her heart, making one unable to feel any warmth.

[Host, the space and time freeze is about to end!]

Un.

She softly replied in her heart, but she didn't react at all as she kept kissing him.

The place near the temple was empty, but she didn't know if he could live or not. If he couldn't she would be with him.

The wind blew in their ears and she knew that the space and time freeze was over.

Zuo Mu Ran's dark red eyes were filled with shock, but he accepted her kiss without any resistance.

Blood came down from the half hole in his head, pouring over his cheek like a waterfall.

“What, how could this be?” Jin Wen Dan standing not far away had a look of disbelief.

How did she suddenly come over and reach his side so fast?

No, why was she kissing him.....No, definitely not!

She took the katana and put it to her stomach, as her eyes filled with determination.

“Little sister, you want to cut your belly?” Jin He grabbed her wrist and said, “No!”

“It's fine big brother.....” Jin Wen Dan's eyes were dark as she said, “The professor said that the blood in the stomach is the symbol of the Japanese, it is best for inciting the will of the armour breaking soldiers!”

“We don't need the armour breaking soldiers!” Jin He angrily roared out, “Just how much have you lost yourself! Even if he becomes your armour breaking soldier, he won't love you! He wouldn't kill his beloved person for you! There is a flaw in this experiment!”

“No, you scram!” Jin Wen Dan pushed Jin He away and slid the katana across her stomach, instantly causing the blood to flow.

But Zuo Mu Ran standing in the wind and dunes didn't react at all.

His eyes gradually became clear and became as strong as before.

With a trace of deep guilt and fawning.....

He suddenly hugged Luo Qing Chen and forcefully kissed her cool lips, but his consciousness gradually faded.

The blood loss slowly devoured him and even if he wanted to use all his strength to hold her, he had something to say to her first.

The surrounding sounds came, from Zuo Qi Yue, to Jin Wen Dan, to the sounds of the hurt members of the eleventh squadron, to the angry roars of the Japanese soldiers.

But she couldn't hear anything.

She hugged him and looked up with crystal like tears coming out her eyes. She looked at Zuo Mu Ran and said with pursed lips, "Promise me, no matter what, you won't die, alright?"

The wind and snow mixed, blowing in her ears.

She could vaguely hear him say one word: Alright!

[Quick Transmigration Female Lead: Male God, Never Stopping](#)
Chapter 744: Loving one's country: They are enemies! (Part 45)

Right, he didn't die, but he also didn't wake up.

In the early years of the Republic of China, medical care wasn't developed, even foreign medical care was still walking on the edge.

Zuo Mu Ran was like this. She had already forgotten how she had brought him back covered in blood, her hand had been covered in blood and his body was getting colder.

The only happy thing was that Jin Wen Dan was dead!

Moreover, she had killed herself. How ironic and how ridiculous.

She had used everything she had for love, not even hesitating to cut her own stomach.

But Luo Qing Chen felt her death was too easy. For this traitor with such deep machinations, it wasn't exaggerated to cut her up!

In the battle for An Ning City, the Japanese had been defeated. Jin He saw his little sister die in front of him and went wild, attacking without care.

Zuo Qi Yue had already been prepared and there were mines in the ground. With the rain of bullets, the Japanese had been defeated.

Jin He wanted to keep fighting and was prepared for a sneak attack, but he never thought that the rivers were frozen.

It seemed that even god wanted to kill their emperor, so they couldn't keep invading the Qing people's land!

Young miss Nai Zi was furious and ordered the withdrawal of her troops, but Zuo Qi Yue attacked Jin He with the eleventh squadron and killed him.

Zuo Qi Yue took Jin He's corpse and exchanged for Song Yue City for it.

Or he would cut a piece of his corpse every day and spread it over the yellow sands!

Song Yue City was where the armour breaking soldiers were captured and the closest city to An Ning City.

In the end.....Young miss Nai Zi agreed. Jin He was her only son and even if he died, he couldn't be left in the land of ants.

In her eyes, the Japanese Empire could easily take back those cities!

But she didn't know that more than ten years later, they would leave in despair and sign an agreement of unconditional surrender.

Zuo Manor.

Luo Qing Chen was sitting by Zuo Mu Ran's bed, not lighting candles and turning on all the lights in the room.

The lights were very bright and gave off a slight warmth, but the person lying in the bed didn't react at all.

He had already slept for seven days and the foreign doctors had told them that there were many nerves by the temple.

It was normal for him to remain in this coma.

"Kou, kou." With a knock on the door, Luo Qing Chen said in a soft voice, "Come in!"

Her tone wasn't depressed, rather she tried to be filled with as much positivity and strength as possible.

Because she knew that Zuo Mu Ran would know everything she did and said.

He would definitely work hard for her and in that darkness, he would try to find an exit.

Again and again slamming the wall. He would definitely come back even if he shattered his head.

This was Zuo Mu Ran, not hesitating to pull the trigger at his head to repay her for taking two bullets for him.

Zuo Qi Yue came in and said with a sigh, "Go for a walk, I'll take care of him."

He couldn't see this kind of Luo Qing Chen, forcing out a smile and burying all her sadness in her heart.

But she didn't know that this hurt their hearts more.

Luo Qing Chen looked at Zuo Mu Ran in the bed and said, "Alright, I wanted to cook some seafood congee for him tonight."

Although he wasn't awake, they could still crush up some congee and make him drink it.

Food that didn't need to be chewed could flow down and keep him alive.

Chapter 745: Loving one's country: They are enemies! (Part 46)

She had a faint smile with a touch of bitterness.

But she knew that she had to smile.

An Ning City had returned to its former prosperity and all kinds of new things began flowing in, opening a new world.

Luo Qing Chen bought several large prawns and a little doll with wedding clothes.

She wanted to quickly go home, but she never thought that she would meet Ye Yong Jun who she hadn't seen in a long time in front of the Flower Gazing House.

He was a bit drunk and was wobbling when he walked, but he opened the door and called out to Luo Qing Chen when he saw her, "Ai! Isn't this my fiancée? Oh.....no, no, no, pei! It's a good thing I didn't marry you or the one suffering now would be me!"

His voice was very loud and he had wine in his hand, instantly drawing the attention of the people around them.

"Mei'er, Lu'er, take a look, that is the Luo Manor's young miss Luo Qing Chen who scolded me out! Ha, ha, ha, what a pity, what a pity, she is a widow now!"

Ye Yong Jun was naturally very angry. After the matter of being shamed by the Zuo and Luo Families, he had to take revenge. Now that he had a chance, he would definitely have the upper hand!

"Ai, it's her!" One of the brothel girls in green said, "The young miss of a large family is incredible! She also looks like that! What An Ning City number one beauty, she can't even compare to me!"

"Che." The surrounding people clicked their tongues!

It seems like no matter the situation, everyone had cold eyes!

"Qiu! Give me a kiss, my little Lu'er." Ye Yong Jun hit something and made that girl named Lu'er blush.

Ye Yong Jun was a frequent customer and many people wanted to compete for him! This Lu'er was one of the top contenders.

Luo Qing Chen had no expression as her clear eyes were ice cold. She said, "What, you want to stop me?"

Lu'er heard this and was clearly a bit scared of Luo Qing Chen. She took two steps back with a dissatisfied look.

Mei'er standing by her wasn't convinced, she treated herself like a young miss as she pulled Lu'er beside her, "So what if we stop you, this is broad daylight.....ah!"

"Da, da." With the sounds of two pistols being loaded, the one called Mei'er had her face turn pale.

Her legs turned soft as her lips trembled, "You.....You can't do this! You.....You wouldn't dare....."

“What wouldn’t I dare?” Luo Qing Chen gave a cold snort with bloodshot eyes, like everything she endured over the past few days was about to burst out. She pointed her pistol at Mei’er’s head and said with a cold laugh, “I killed Hitoda and Kouichi, how hard is it you kill you?”

“Ah!” The woman named Mei’er collapsed to the ground with eyes filled with terror. She kept begging for mercy, “I’m sorry.....I’m sorry.....I was blind, I’m sorry.....Miss Luo, please show mercy, please don’t bother with a brothel girl like me!”

“Un humph?” She gave a cold snort and slowly stood up, looking at the awkward looking Ye Yong Jun, “What about you? Have you sobered up? Do you want me to help you?”

When she said these final words, her lips curled into a dangerous smile. It made the hearts of the surrounding people tremble and Ye Yong Jun couldn’t stand upright.

But with so many people watching, how could he lose face!

Chapter 746: Loving one’s country: They are enemies! (End)

“Luo Qing Chen, you’re so good! Fire if you have the skills, shoot this master’s heart! Shoot right here!” Ye Yong Jun’s trembling hand pointed at his chest, but he unconsciously covered it.

“Alright!” Luo Qing Chen suddenly raised the pistol and shot into the blue sky.

This shot scared Ye Yong Jun to the ground as he covered his head. He shouted in a trembling voice, “Don’t kill me, don’t kill me.....”

People would become weak at the moment before death, they would start feeling afraid and would act less unbridled.

Luo Qing Chen gave a cold snort and put her gun in her pocket. She didn’t forget to add as she walked by, “A fiance, just you? Why don’t you look in the mirror, the difference between you two is more than ten thousand miles, alright?”

“Guang dang.” The two dolls at her waist fell to the ground and shattered to pieces.

There was the sound of laughter around. Ye Yong Jun was still hugging his head and his heart was beating fast, but his heart was jumping for joy!

Luo Qing Chen looked at the two dolls and her eyes misted over.

They couldn’t be together in the end, even the dolls couldn’t be together.

She ignored Ye Yong Jun and bent over, lowering her head to pick up the pieces, but she found a cold hand that grabbed her.

Tears came down, but she lowered her head and didn’t even have the strength to look up.

She was afraid that it would shatter all the expectations in her heart if she looked up.

“Don’t pick it up.” His cold voice slowly entered her ears with a tone of pampering.

“Si,.” The surrounding people all took a cold gasp.

He continued, "If you like, we can make another pair when we go back."

She suddenly looked up and without looking at his face, she threw herself into his embrace as she kept saying, "Zuo Mu Ran, Zuo Mu Ran, Zuo Mu Ran....."

Her mind was blank, there were only these three words firmly packed in her mind!

"I'm here, I'm here, I'm here....." He forcefully held her as every single word entered her heart.

He worked hard to wake up just because he wanted to be by her side when someone bullied her.

"Zuo, Zuo, Zuo.....Commander Zuo!"

"God, it really is commander Zuo!"

"So handsome, how can he be this handsome! Those two brothel girls really are embarrassing....."

"That's right, also that whatever young master Ye....."

.....

With Zuo Mu Ran's appearance, the surrounding voice all firmly stood on commander Zuo's side.

Ye Yong Jun's face was very ugly at this moment.....The two brothel girls had green faces.

He ignored everyone and picked her up as he said, "Fiancee, we're going home."

"Un." She gave a slight nod like a well behaved wife, completely different from the girl wielding the gun just now.

There were looks of envy around them as they were sent off with cheers.

They tightly held hands and prepared for their happy lives together.

But this life was very short. The Japanese kept attacking and even if An Ning City resisted, it couldn't escape the fate of falling.

That year, the snow was very big. In order to stop the Japanese from taking Chinese people away, they set fire to the Zuo Manor.

He held her as he asked, "Are you afraid?"

"No." She leaned against him and said, "With you here, what is there to fear?"

"I believe that we will win one day, definitely....."

"Of course, I promise you....."

They used their life to guard this city, to guard the country. Although the city was destroyed, their faith remained.

The Japanese could never invade China and we would stand firm in the end, for the motherland!

Chapter 747: Zuo Mu Ran's side story (Part 1)

Deep love isn't companionship, love needs no words. ——Zuo Mu Ran.

Number 0520 Zuo Mu Ran, I am a soldier. I entered the army when I was eight, going from a soldier to a marshal.

I thought that I would dedicate my life to the army, but I never thought that a person like me would experience the so-called love.

This was something I considered ridiculous and boring, but later I used my life to protect it.

Because she appeared and changed my entire life. I didn't fight alone and I didn't care about nothing.

When we first met, she was in a blue shirt and a black skirt, wearing the uniform of a student who came back from abroad.

Her marksmanship was very accurate, even I couldn't see how she took care of all the enemies.

I couldn't help feeling a bit of curiosity towards her, but later I knew that this was the seeds of love germinating in my heart.

And I wasn't willing to admit it.

She took two bullets for me and fell down a cliff with me. I could even feel the violent beating of my heart, but I wasn't willing to admit that this throbbing came from the bottom of my heart.

When she had me leave alone, I was actually unwilling.

Actually I was really scared at that time, I was afraid that she would die if I left.

On the rugged mountain road, countless thorns cut my skin. I didn't feel the pain, I just knew that I had to be fast.

Because there was a person waiting for me.

However, the heavens didn't give what one wants. When I returned to the cave, she was already gone.

I didn't know where she went, there were no traces around and she disappeared into thin air.

Without waiting for me.....

We met again at my family's manor. When I saw her standing with my big brother, there was a strange feeling in my heart.

It wasn't discomfort, it was like a stone pressing down on my chest.

I never felt this way before.

I didn't know what I was thinking when I suddenly grabbed her hand when she revealed that faint smile.

But her words to me were so formal.

I felt that she was distancing herself, but I didn't know why. A girl who had blocked two bullets for me was distancing herself.

Later I knew that she didn't want me to come with her.

I never thought that she wanted to go to Kouichi's Manor!

God, even I couldn't return from that place, why was she so bold?

After hearing this from my big brother, my heart panicked.

I didn't even know why I was panicking, but I only had one idea in my mind. It was to run fast and to save her, nothing else.

On the way, my mind suddenly cleared. It was like I knew what I was thinking and what I wanted.

When I was standing in front of her, Kouichi gave me a choice.

I knew that there were some things that I couldn't escape from. I never thought that I would fall in love this easily, reaching the point where I couldn't stop myself.....

She anxiously looked at me, wanting me to fire, but I knew I couldn't do it.

If it was using her life and mine as a bet, I would hope that regardless of winning or losing, the one who died was me.

Then there was no need to make this bet at all.

I slowly raised my hand and understood! After all, I found that I couldn't fool myself anymore!

I liked her, but I didn't know what to do in front of her. I was like a fool, standing in front of her.

But I knew that I could die for her.

Chapter 748: Zuo Mu Ran's side story (Part 2)

When I was prepared to pull the trigger, I found that I experienced something unbelievable.

I went from the center of the room to behind a curtain and she was standing beside me.

Kouichi was already dead. I didn't know what she did, but it was really too amazing.....

Later, I went to the Luo Manor to ask her father for her hand in marriage. I was actually very nervous, I didn't know if my sincerity could move Luo Gong.

But I knew that I had to do my best.

It was a good thing that everything went smoothly, but on the day of the wedding.....

It was like the heavens were playing a joke on me and my bride disappeared.

The most important person in my life was gone.....

Three days without closing my eyes. I searched all the maps, but I couldn't find a trace.

When Zuo Qi Yue told me that it could have been Jin Wen Dan, I really wanted to slap myself.

It was my negligence, everything was my fault!

As a soldier, I could stand up to the entire city, but I had let down the person I loved the most.

At that time, my heart gradually began to darken.

I used the innocent Jin Manor to make a deal with Jin Wen Dan. I wasn't certain if I would kill her entire family if she killed her.

Falling into darkness that I heard before should be like this!

It was a good thing that Jin Wen Dan agreed and I headed to the dungeon without hesitation.

But when I saw her weakly lying there on the ground, my heart skipped a beat.

That kind of despair and fear, no one could understand.

I picked her up and she was completely cold. No matter how I called her, she didn't react at all.

But I never thought that Jin Wen Dan wanted to turn her into an armour breaking soldier.

With me here, that was definitely impossible.

When I took that needle for her, it was like all my blood was boiling.

It eroded my heart bit by bit, like the spreading of venom.

My mind turned blurry and I lost control of my behaviour. I could only grit my teeth and have Zuo Qi Yue take her away.

Because I knew that I would soon become her enemy.

Soon, very soon.

In the dust and snow, I was in darkness as I couldn't control my actions, but I kept trying.

I knew that I was firing at her, so I tried my best to deflect it.

But as Jin Wen Dan harmed herself more to incite the poison inside me, it was like a hypnotic order.

I knew that I was no longer in control of myself.

Then I'll end it like this! If I could use my last bit of strength, I was willing to raise the gun at myself instead of her.

But she gave me another miracle. Without knowing how, she was already by my side. It was just like at Kouichi's Manor, I didn't know how she did it.

She was hugging me and crying and I found that I could control myself. I reached out to suddenly hug her, afraid that she would disappear from my side.

Even if my eyelids were heavy and I was gradually losing my strength, I still held onto her until the last second of my death.

The people in the city said that I liked her to an abnormal point.

Un, I admit it.

After all, we were not born on the same year, month, or day, but I would die with her.

If this world didn't have a Luo Qing Chen, then this world wouldn't have a Zuo Mu Ran.

That was my only promise to her.

Chapter 749: Little theater side story

Glazed Tile: The movie Twenty Two is about to come out. Even though it's a documentary, it's worth looking forward to because it is a heavy and meaningful part of history.

[Is the author done?] The system felt that the author was wasting time!

"....."

[Alright!!! Since fairy Glazed Tile took most of the system's time, let's jump right into the ten questions! Welcome our commander Zuo!]

"Number 0520 Zuo Mu Ran, please take care of me."

["....."]

["First question: How did you react when she took the shot for you?"]

"God, what is she doing? What is she doing? Doesn't she feel pain?"

["The system felt the host was very brave....."]

"Un, the girl who hurts people!"

["Second question: What attitude do you have towards the Japanese invading China?"] The author made me ask this, otherwise the system wouldn't ask such a serious question!

"I want to guard the borders because of the obsession in my heart. There are no green mountains and clear waters, it is filled with yellow sand, but that is our motherland."

["Un! The most beautiful place will always be the motherland!"]

Glazed Tile: Please remember to look back no matter how far you go, perhaps there is something with white hair waiting for you at home!

[".....The system will ask by itself, leave!"]

["Third question: When faced with the decision Kouichi gave you, if you knew the host wouldn't die, would you have shot?"]

"No. I said that I would definitely not bet with her life! No matter if there is a small risk or a large risk."

["Thank you for commander Zuo's dog food!"]

["Fourth question: Were you nervous when you proposed to the host?"]

"I didn't propose.....I just announced it!"

["The system is reflecting and it seems that way!"]

["Fifth question: When she was kidnapped, why didn't you think of Jin Wen Dan?"]

"First! My mind was filled with her, I didn't even know Jin Wen Dan disappeared. Second! Jin Wen Dan had been the sniper by my side for a long time, so I was too negligent and didn't investigate her."

["Sixth question: Who do you hate the most in this world?"]

"Jin Wen Dan, I really hate her. From the bottom of my heart, I admit that she doesn't deserve love because love isn't about possession. If Qing Chen didn't like me, I wouldn't force her. I'm happy if she's happy."

["Seventh question: Were you afraid of the poison needle?"]

"I didn't feel fear at that moment, I just wanted to protect her. I have two hands and legs, I can take all the bullets and swords."

["Even the system is moved by these words!"] Wu, wu, wu, wu, wu.....

["Eighth question: When you saw her being bullied in the street, what were you feeling?"]

"I remembered all those people and I would slowly settle accounts with them." He narrowed his cold eyes.

["Ninth question: Do you want to say anything to Glazed Tile?"]

"....." Zuo Mu Ran thought for a bit before saying, "Abuse me less, thank you!"

["It seems quite right! But....."] The system helplessly shrugged its non-existent shoulders.

["Tenth question: It's the same as usual, please say something to the host! She can hear it!"]

"Break through the endless darkness to hold you in my arms."

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 14/100]

When she opened her eyes, it turned from flames to the Chaos Space.

The smoky mirror and her favourite lace princess bed.

[Welcome back to the host!]

"Un."

[How is the host's mood this time?]

"The love story was warm, the rise and fall of the country was painful."

In the beginning of the Republic of China, when new things came in, closing the country was the most fundamental reason for losing to the Japanese. The Qing Court was weak, allowing the Japanese to plunder them.

[Each dynasty must shed blood, the world must be united and divided.] This was probably the most serious words the system had said, but Luo Qing Chen felt they were reasonable.

"Damn, I'm a bit afraid!" Luo Qing Chen would always tremble when she felt the system had a special mission for her, alright?

[The host doesn't need to be afraid, just charge, charge, charge!] The system silently said since it was useless to be afraid!

"Two stages, so I have to die?"

[The system doesn't know!]

"Trash system!" Luo Qing Chen couldn't help angrily cursing, acting even though you know!

After that, the image in the bronze mirror changed.

[Currently importing memories, please quickly accept them, host!]

When accepting the memories, Luo Qing Chen thought this story was a bit complicated!

The male lead was a powerful vampire and the previous host was the puppet doll that he created with his own blood.

They lived in Nevernight City where vampires gathered. Vampires never needed to sleep, so there was no such thing as night.

The male lead was outstanding the day he was born, known as the strongest member of the Xi Family ever born.

But he had to experience a heavenly tribulation in his life. It was the awakening of ninety nine heavenly thunders, which had a survival rate of 1%.

He could teleport since he was three and he could induce mental pain at the age of ten.....

But genius drew in jealousy. There were many families in Nevernight City, so even if he was the son of the king, there were people who wanted to kill him.

He knew all of this. He never made any friends, remained silent and cold, acting bloodthirsty and abnormal.

But even with this outer appearance, he used his own blood to create a puppet doll. Creation was a very terrifying power in the vampire world. Although he spent ten years doing this, he succeeded with a large part of his power.

When his doll appeared in front of him, he revealed the first smile in his sixteen years of being alive.

Although it was faint, it came from the heart!
