#### Chapter 751: : Blood sucking highness' puppet doll (Part 2)

The vampires of Nevernight City were divided into two factions. Apart from the Xi Clan led by Xi Long Xuan who was king, there was the Rong Clan who was led by Rong Leng Mo.

The two families had been competing for many years, but finally the Xi Clan had an edge. Xi Huan Long had defeated Rong Leng Mo and became the king of Nevernight City.

Rong Leng Mo was only twenty eight years old and Xi Jin Ye was only eighteen years old.

The previous host had seen the battle, she could feel the male lead's desires. Although they were enemies, Rong Leng Mo was strong.

A vampire was an immortal creatures, never changing.

Rong Leng Mo was only twenty eight years old, but he could match Xi Long Xuan who was six hundred years old, it really was shocking

The Rong Clan mainly feasted on 'meat' and 'meat' referred to.....people!

Most of the Xi Clan feasted on 'vegetarian options', which was the blood of animals.

That year, Xi Huan Long found the male lead and asked him to start sucking human blood. Xi Jin Ye was very confused, not knowing why he should do this.

Xi Huan Long told him that he would face a heavenly tribulation one day, it would be when he was a hundred years old. At that time, he would become another person with different memories. He needed to use his mortal body to withstand ninety nine heavenly thunders before passing this tribulation.

Nevernight City was in a very remote place with few people coming here. Most of them were discovered by the Rong Family and taken care of first.

Xi Jin Ye had never sucked human blood before, so he wasn't that eager.

If his father hadn't told him that human blood was stronger than animal blood, he thought that he would never have wanted to know the taste of human blood.

But it was no wonder Rong Leng Mo was the genius of the Rong Clan, drinking human blood since he was young.

It was inevitable that he would be strong.....

On the day he sucked human blood for the first time, Xi Jin Ye said to his doll, the previous host, "I may become a different person tomorrow, I might become fierce or cruel. When that time comes, will you still love me?"

The previous host blinked her large eyes and nodded with a smile.

She loved Xi Jin Ye too much. She knew that she was his doll made of his blood, but she couldn't help loving him.

Sure enough, he couldn't stop after sucking the blood of his first 'person'.

This kind of desire for blood was millions of times stronger than an addiction to drugs.

Moreover, the blood of humans kept making him stronger. He reached a point that Rong Leng Mo reached at the age of one hundred when he was fifty. Rong Leng Mo who was only sixty at the time couldn't compare to him.

In one night, he became a myth in Nevernight City, but many people also criticized him.

Because he wasn't a 'vegetarian' vampire, he was a true 'carnivore' vampire.

"Doll Qing Qing, do you think I should drink human blood?" That night, the night was dark. He held the previous host who was a doll in his arms and muttered again and again, "It would be great if you weren't just a doll. That way you could reply and I wouldn't need to be alone."

The previous host kept these words in her heart for a long time.

Until it accidentally opened the Half Step Glass Mirror which had a secret technique.

How a doll could turn into a person.

The secret technique was terrifying, but it was very simple. Enter the Half Step Glass Mirror and be subjected to the four tortures for an entire year, turning into a human.

Although it was hard, the previous host did it.

But when she came out of the Half Step Glass Mirror, the male lead was gone. She suddenly remembered that his hundred year tribulation was coming.

He had turned into a blood hunter. Standing under the heavenly thunder with his neat white clothes.

The previous host looked up and charged forward to take the ninety nine bolts of heavenly thunders for him.

What entered her gaze was a pink and yellow curtain, the dusk was a bit cold.

There was a tassel on her head that swayed in the wind. She moved, but she felt that the bed under her was cold and hard. Even if there was that luxurious and gorgeous water coloured silk under her, it was soft, but thin.

There was the scent of sandalwood that was soft and beautiful.

She was wearing a light dress and sat on the bed thinking for a long time.

[The host is already a person, the male lead Xi Jin Ye is currently ninety nine years old.]

So that means that I've been saved a year of torture in the Half Step Glass Mirror?

[Yes!] The system said in a manner like it was waiting to be thanked!

Then why am I here?

Luo Qing Chen couldn't remember this place since it didn't exist in the previous host's memories.

[Because this world has changed, a year of torture or this place, the host can choose!]

Damn! Then this place!

[This is the Shantou Capital's Luo Manor and you are the Luo Manor's third young miss.]

The male lead?

[The Shantou Capital's number one hunter, the only son of the richest man in Shantou City!]

Luo Qing Chen took a deep breath. The male lead already had another identity, it would be hard for him to use the identity as a mortal to block the heavenly thunder.

But it was a good thing that she didn't have to go through the torture and had a year to understand it.

"Peng." When she was thinking about this, the door was opened.

A little girl hurriedly ran in with an anxious look on her face, "Young miss, young miss, this is bad! Mo Fan is here to break the engagement with the old master!"

"Mo Fan?" Luo Qing Chen slightly knit her brows. She ignored this little girl and began conversing with her system.

System, can you give some memory for this body? I don't even know a single person, alright?

[Did the system not give it to you?]

Damn, the system is so trash!

[The system made a mistake, the memories should be given. Host, please look over them!]

After accepting the memories of this body, Luo Qing Chen liked this place better.

System, I saw that the Exquisite Ring has been on sale lately. It's fifteen thousand exchange points for one, right!

[Yes host! Could it be you want to.....]

Un, buy it! I remember that I have over sixteen thousand.

[Ding, 15000 exchange points has been taken. Successfully exchanged for an Exquisite Ring. Here are the rules of usage.....]

Clear and concise!

[The Exquisite Ring can only be used in a world of powers or magic, it will just be an ordinary beautiful ring in a normal world.]

Understood! I don't use the Exquisite Ring in a normal world anyway! I like Taekwondo!

[.....]

The Exquisite Ring on her right hand sparkled with a faint golden light. She looked at Bai Shao in front of her and said, "Don't panic, it's just cancelling an engagement."

Mo Fan who Bai Shao was referring to was this body's (from now on known as the: previous host) fiancé. He was so handsome that the previous host fell in love with him at first sight.

The Luo Family was a rich merchant family in Shantou City and was unrelated to the government. But money could even pull out ghosts, so their standing in Shantou City was high.

Although Mo Fan had extraordinary looks, he was still only a poor scholar. When the previous host wanted to be with him, he could only agree.

But the one he loved was Luo Yin Yin who he met after.

Speaking of Luo Yin Yin, she was a girl that Mo Fan bought. The story of selling her body to bury her brother was truly moving.

Later Mo Fan begged the previous host to keep Luo Yin Yin at the manor and he gave her a name.

Un, Yin Yin came from Mo Fan and the Luo was added on by the previous host!

### **[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

#### **Chapter 753: Blood sucking highness' puppet doll (Part 4)**

As for the previous host of this story, she jumped into a well in suicide in a fit of rage last night when she heard that Mo Fan wanted to break the engagement.

Then she lost her life!

Only when she woke up, she was no longer herself! The doll's soul had taken her body and there was no longer her blood in this body.

It was.....Xi Jin Ye's blood.

In the previous host's memories, Luo Yin Yin was a gentle girl. She spoke softly and did nothing poorly.

But under her kind appearance was a heart that wanted to climb up.

"Young miss, you're not sad?" Bai Shao saw her calm appearance and was confused.

"Why would I be sad?" Luo Qing Chen gave a shrug and said, "This trash man and woman are living at our Luo Family and eating and wearing our clothes. Now that they want to scam, wouldn't that save money for our Luo Family?"

Poor couples are always in trouble, didn't they understand this simple truth?

"Give me some makeup, I want to go and take a look at how much of a loving couple they are!" Her eyes narrowed and her lips curled into a faint smile.

In the hall, Luo Yuan's expression wasn't good. The one sitting by him was his only wife, who was also the previous host's mother Xin Qiu.

Luo Yuan was a person with deep love, it could be seen by how he had only a single wife.

Because his third daughter who wasn't even married yet liked Mo Fan, he had allowed him to bring his old mother to the Luo Manor.

He paid for him to enter a private school even though he hadn't been able to read, but now.....

"Have you thought it through?" Luo Yuan gave two coughs as his voice turned dark.

"Father, I feel that young master Luo has thought it through." Luo Qing Chen came in with a lake blue dress with a pair of phoenix embroidered shoes that slowly moved across the ground as she came over.

Mo Fan and Luo Yin Yin were kneeling right now, holding each others hands, looking like a loving couple.

Luo Yin Yin's lips couldn't help moving. She knew that she wanted to laugh, since she had succeeded in her attack, stealing the fiance of the Luo Manor's third miss.

"Qing'er....." Luo Yuan called to her in a pained voice, "Father will solve this, you go back!"

When Mo Fan saw Luo Qing Chen, his eyes couldn't help lighting up. She rarely wore dresses, but now she looked this pleasing to the eye.

"If young master Mo wants to elope with Yin Yin, I have a few things I want to say. After I finish, you can immediately leave the Luo Manor and I, Luo Qing Chen promise that no one will stop you." She gave a chuckle as a sparkle appeared in her eyes.

"Qing....." He seemed unused to how she was calling him. She had always called him big brother Mo, but now....."

His expression changed as he said, "Please speak, young miss Luo."

"First, the Luo surname belongs to my Luo Family, so I must take it back. You can decide what Yin Yin's surname will be, she can probably take the surname Mo." She gave a chuckle as she sat down on the side, speaking with a very relaxed tone.

Everyone looked at each other. Normally the third young miss would be making a fuss in the Luo Manor, but they never thought that she would be this calm.

"Young miss Luo does not need to worry, this definitely won't be a problem." Luo Yin Yin pursed her lips as she rolled her eyes.

She didn't want the surname Luo, it was like the Luo surname was that good. She had big brother Mo Fan, everyone was enough.

Big brother Mo Fan would buy her whatever she wanted! Fine clothes made of silk and satin!

### **[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

#### **Chapter 754: Blood sucking highness' puppet doll (Part 5)**

"Alright!" Luo Qing Chen took a sip of the green tea beside her before continuing, "Then, young master Mo, you and your mother are no longer allowed to live in the Lu Manor. The manor that we bought for your mother on the south side will be taken back by the Luo Family. After all, you are no longer related to us, this seems right, don't you think?"

Mo Fan was stunned and Luo Yin Yin was a bit surprised. She thought that they would live in the southern manor, but she never thought that Luo Qing Chen would take it back.

“What?” Luo Qing Chen raised a brow and said with a faint smile, “Did you think that I, Luo Qing Chen would prepare a new home for you!”

“It’s normal to take it back.” Mo Fan looked down and said, “The deed belongs to the Luo Family, it is impossible to continue living there.”

“Of course, so I had Bai Shao post a notice and someone already wants the manor.” She gave a chuckle. Seeing Mo Fan’s awkward expression she couldn’t help feeling satisfied.

The previous host was a rather simple person, she never would have thought to take back the manor. But Mo Fan must have remembered since he was a smart person.

“Third, I have sent someone to your rooms. The Luo Family’s things will be sorted and placed at the door. You can go take a look later to make sure there are no mistakes.” Luo Qing Chen saw that Mo Fan wanted to say something, so she continued, “Fourth, there’s no need to go to private school anymore since the Luo Family is the one paying. Although if you can keep going, then keep going, I would feel good about it, right?”

Luo Yin Yin saw Mo Fan’s frustrated face and she kept helping him, “Why does young miss Luo have to be this fierce? We all know of Mo Fan’s talents, this is suppressing a talented person!”

“Oh?” Luo Qing Chen gave a chuckle and said, “I didn’t say that he couldn’t go, but you have to pay your own tuition. You two are eloping and you want me to pay Mo Fan’s tuition. This face.....you might not want it, but I do!”

She crossed her legs into a sitting position and the Exquisite Ring on her finger could feel its owner’s anger, so it released a faint golden glow.

“No problem!” Mo Fan took a deep breath and looked up at Luo Qing Chen, “What doesn’t belong to Mo Fan, Mo Fan won’t take away, young miss Luo’s words are correct.”

As he said this, he held Yin Yin’s hand beside him, “From now on she’ll be known as Mo Yin Yin and will be unrelated to the Luo Family. I won’t go to private school any longer! What else does young miss Luo have to say!”

“Nothing, you can leave.” Luo Qing Chen took a sip of the green tea before looking at Bai Shao behind her, “Watch them pack up their things.”

“Yes, young miss!” Bai Shao revealed a smile, but there was an unconvinced look in her eyes.

Although her young miss had a bit of a temper, she was a very good person and treated her servants very well.

She wasn’t stingy at all. Although she knew that this Yin Yin was brought back by Mo Fan, she had given her everything.

If Mo Fan didn’t like this kind of person, he was blind!

Seeing Mo Fan and Mo Yin Yin leave, Luo Yuan looked at Luo Qing Chen with a worried look, "Daughter, are you really alright?"

"I'm fine." She shook her head and said, "Dad, I want to go out and buy some stuff."

"Then remember to come back early, Shantou City hasn't been peaceful lately!" Luo Yuan saw that she was happy and didn't feel sad because Mo Fan broke this engagement, so he was relieved.

"Hasn't been peaceful?" She slightly knit her brows and said, "The blood people?"

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 755: Blood sucking highness' puppet doll (Part 6)**

Shantou City was the closest city to Nevernight City, but it was still far away.

The people of Shantou City called those terrifying beings monsters before calling them blood people.

Of course, there were blood people, so there were blood hunters. Xi Jin Ye was one of them.

He was the same as her, using a mortal body, but he didn't know about this matter.

All vampires in this world feared the sun, they couldn't stay under it too long. As long as they came in contact with the sun, they would glow.

Therefore most of the blood hunter's spells were golden coloured. The spells would release a golden light that was dazzling to look at.

Shantou City's Xi Manor's Xi Jin Ye had only been a blood hunter for a few years. The previous Xi Jin Ye was weak and the doctor said that he wouldn't last long.

The sky suddenly turned red and red snow filled the garden. Since then, Xi Jin Ye had changed. Not only was he skilled, he became the top blood hunter in Shantou City.

He specialized in hunting vampires that preyed on the weak in Shantou City, becoming famous in recent years. As the son of the richest man, adding in his extraordinary looks and skills, he became the male god of the girls in Shantou City!

In the evening, the streets were filled with flying leaves. Recently Shantou City hasn't been peaceful, so most stores had closed early to keep safe.

Luo Qing Chen took a deep breath and walked towards the Xi Manor, but she never thought that she would find a man and a woman when she turned the corner.....

This was in broad daylight! Can you not do this?

Luo Qing Chen shook her head and quickly turned to leave, but the Exquisite Ring released a faint golden light!

She turned to see the man's sharp fangs!

"Xiu, xiu." She raised her right hand and a golden light injured the man, creating a large hole.

The girl finally reacted and with a scream, she fainted.

“Stopping the Rong Clan, you are not a blood hunter. Are you seeking death?” The man’s eyes were filled with a sinister look as he said, “If you want to die in her place, I, Rong An can help you.”

As soon as he said this, he quickly moved towards her.

Luo Qing Chen wasn’t afraid. She narrowed her eyes and raised the Exquisite Ring, but a white figure appeared in front of her. His skin was very white and his body had a chill that a normal person didn’t have.

He took out a gold talisman and drew a spell, releasing a golden glow that made Rong An unable to open his eyes.

“Damn blood hunter!” Rong An cursed before waving the red whip in his hand, disappearing into the sunset as he turned into a bat.

Luo Qing Chen wanted to chase, but she heard a cold voice, “Don’t chase. The blood people are very fast, we can’t catch them.”

When he turned his eyes, he and Luo Qing Chen were both stunned.

There was a strange burning sensation in her and Luo Qing Chen stared at him in a daze just like this.

He had a perfect mesmerizing face with a trace of red to his lips as his lashes kept trembling.

“You are Xi Jin Ye?” She looked at the youth in front of her and tentatively asked this.

After all, although he was exactly the same as the vampire highness in the previous host’s memories, the two had different auras.

The former was calm and reserved, the latter was hot blooded.

“Un.” Xi Jin Ye gave a slight nod as he tightly knit his brows.

He could tell that this woman in front of him wasn’t a normal person, but she wasn’t a blood person.

“I know who you are.” Luo Qing Chen looked at his questioning gaze and said with a smile, “But you shouldn’t know yourself.”

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 756: Blood sucking highness’ puppet doll (Part 7)**

With these words, Xi Jin Ye trembled. He indeed didn’t know who he was, there was only the words ‘blood hunter’ in his mind after he woke up.

He was sensitive to things like golden talisman and could deal with blood people.

But only he knew that he didn’t have any memories of this body.

“Hello, Luo Family’s third young miss, Luo Qing Chen.” She revealed a faint smile. With the glow of the setting sun falling on her face, it looked so good that she was glowing.

Xi Jin Ye slightly narrowed his eyes before putting the golden talisman in his hand back into his sleeve, “Blood hunter Xi Jin Ye.”

"I know." She looked up at the sky and said, "It's getting late, how about we have a meal together?"

Xi Jin Ye wanted to reject her, but he remembered the words 'I know who you are' and with the strange feeling he felt, he nodded without any hesitation.

Two bowls of porridge and a few dishes.

There was someone singing "Hate, don't leave" on stage, which was so melodious that it caused everyone to clap.

Luo Qing Chen poured a cup of wine for Xi Jin Ye, "Since young master Xi is a blood hunter, do you know of something called Soul Return in this world?"

He sipped the wine. His face was calm without emotions, but he finished it all as he said, "Un."

Soul Return, going against Yin and Yang and causing chaos with the five elements. Going against the heavens to take back a soul, it would mean receiving a form of backlash.

"Then do you believe in past lives?" Luo Qing Chen looked up and kept asking.

"Young miss Luo changes topics quite quickly....." He put down her cup of wine and said, "Shantou City isn't peaceful today, miss shouldn't drink too much."

"So young master Xi cares about me?" She revealed a faint smile and he quickly took back his hand.

At that moment, he felt his heart beating very quickly. An unprecedented throbbing came from the wine and the song.

He seemed to be in disbelief over his own actions, like he had known the other side for many years.

They seemed inseparable in a past life and he seemed to rely and trust in her.

"I....."

"Ah." There were cries from the stage and Xi Jin Ye's thoughts were interrupted. He picked up the Blue Sky Sword in his hand and under the moonlight, he saw two people standing on the roof. One of them was Rong An who they had met earlier.

Right now he was sucking the blood of a young girl. The man standing beside him had a silver fox mask, not showing all of his face.

Luo Qing Chen quickly followed Ye Jin Ye and using the power of the Exquisite Ring, she stepped off and a faint golden light sent her to the room, like she was using qinggong.

The wind blew across her face, with a scent of blood and danger in the air.

Rong An threw the girl who had just died to the side and said, "Cousin, it's this man and woman who blocked me today!"

Rong Leng Mo narrowed his eyes as he looked at Xi Jin Ye, causing his eyes to tremble.

He could go through his tribulation at the age of one hundred, but now he was a hundred and nine. The Rong Clan couldn't calculate his heavenly tribulation.

Nevernight City, before Xi Jin Ye was born, he was the number one genius. He could fight the six hundred year old Xi Long Xuan when he was twenty eight, not being inferior to him at all.

He thought that his appearance would mean the changing of masters for Nevernight City.

But he never thought that in less than ten years, another youth who was even more abnormal than him would quickly grow.

### [Quick Transmigration Female Lead: Male God, Never Stopping](#)

#### **Chapter 757: Blood sucking highness' puppet doll (Part 8)**

“Why don't you dare speak!” Rong An said in a cold voice, “Father is happy, so I'll only suck the blood of one person today! If father isn't happy tomorrow, I'll suck the blood of a hundred people! If you want to blame someone, blame the fact that Shantou City is too close to our Nevernight City! With delicacies in front of you, how could you not enjoy them!”

“Stop wasting words.” Xi Jin Ye knit his brows and took out the golden talisman, “Come together.”

“For you, just me is enough!” As soon as his voice fell, Rong An licked the blood on his lip and said, “A blood hunter who is like a dog, die!”

Vampires hated blood hunters like thieves hated bounty hunters, they were on completely opposite sides.

It was either you died or he died.

Rong An was very quick, but Xi Jin Ye was quicker.

In an instant, Xi Jin Ye's talisman turned into a circle and surrounded them.

Rong An couldn't open his eyes under the golden light. Even if he wanted to charge in, with this golden manor, he was blind.

He could only rely on smell to find Xi Jin Ye.

“Humph.” Xi Jin Ye gave a cold snort and took out the Blue Sky Sword at his waist, stabbing it at Rong An's heart.

The Blue Sky Sword was given to him a year ago by his master, who was the strongest blood hunter in the world, mister Wu You.

This sword was strong against monsters, including vampires.

A stab in the heart meant death!

Rong Leng Mo shook the Skeleton Copper Bell in his hand and the golden talisman weakened, allowing Rong An to come back to his senses.

He opened his mouth and his fangs moved towards Xi Jin Ye.

This momentum would allow him to bite right into his neck.

Luo Qing Chen narrowed her cold eyes. She waved her hand and the Exquisite Ring's power knocked down Rong An.

Rong An couldn't resist and after spitting out a mouthful of blood, he fell to the ground.

Her power this time was strong, it wasn't like earlier.

Because last time was an attempt, but this time he had already killed.

In an instant, the eyes of the three people above the eaves fell onto Luo Qing Chen/

There was a questioning gaze, there was confusion, and there was hatred.

But she leaned against the moonlight and calmly looked at the person wearing the silver fox mask, "I know who you are, but don't you know who I am? Based on this, there's no need to fight! You have already lost!"

[Ding, affection has increased by ten. Mission completion rate is now 10%.]

?

Is this affection the affection Xi Jin Ye without any emotions feels for me?

[Yes!]

Suddenly the Skeleton Copper Bell in Rong Leng Mo's right hand shook. There was a wail, as if it was trembling in fear of something.....

Rong Len Mo held his hand, looking at Luo Qing Chen with a questioning gaze.

He could see that she wasn't a normal person, the ring with a faint golden light on her left hand proved that.

Although he didn't know what it was, based on the fact that Rong An couldn't even stand it, it proved that it was strong.

After a while, he revealed a smile with a deep meaning, "We will meet again."

As soon as his voice fell, he grabbed Rong An from the ground. With a beautiful turn, he changed into a school of bats that covered up the moon.

"Wa, Xi Jin Ye is so handsome!"

"He really is the number of blood hunter in Shantou City. His appearance just now, aiya, so shy....."

"The attic was too dim, otherwise I would have recognized young master Xi with a single glance!"

"Listen to you boast! How far did you run when he was fighting the blood people....."

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 758: Blood sucking highness' puppet doll (Part 9)**

The sounds of the surrounding crowd sounded. Luo Qing Chen's eyes trembled as she muttered in her heart: Isn't Xi Jin Ye's popularity in Shantou City too much?

The voice of the system calmly sounded in her mind.

[He's handsome, has a strong family, and is an invincible blood hunter! Of course he would be popular, alright?]

Aiyo! Please! If those little girls know that he was a vampire, they would have already run away, alright?

Luo Qing Chen never would have thought how much she slapped her own face in this dialogue with the system.

After all, Xi Jin Ye who returned to being a vampire could still mesmerize countless girls.

But right now, he was still the cold and indifferent blood hunter that was filled with justice.

"Since we've fought side by side, we can be considered friends, right?" Luo Qing Chen's lips slightly curled as her eyes had a faint sparkle, as if she was very good at talking.

His eyes gradually blurred like he was remembering a familiar scene. There were these same large eyes that were in front of him.

"Right." Xi Jin Ye nodded. He wanted to refuse, but he couldn't stop his heart from agreeing.

"Si." The crowd around them rang out again.

But this time, it seemed unpleasant, but wasn't that unpleasant.

"Yi, isn't that girl the Luo Family's third young miss?"

"Ah, the one who had her engagement broken this morning?"

"Right! I thought that it was pitiful, having her fiancé being stolen by someone who sold their body to bury their brother. Now that I see how close she is to young master Xi, I can say that breaking her engagement wasn't that big of a deal."

"Ha, ha, I think that you're only saying this because you want to cancel your engagement to the south's Li Da Hui!"

"Aiya, don't expose me! How am I blind like Mo Fan, not wanting what is given and insisting on loving that sick girl."

.....

Luo Qing Chen had an awkward look on her face. It was like Xi Jin Ye could see it as his lips curled into a ghost of a smile, "There will be a river lantern festival in Shantou City in three days. If miss Luo is free, how about we treat it as an apology for this night?"

His voice sounded very good. Each word had a slight chill to it, but it sounded comforting.

She knew that he was caring about her feelings.

But she didn't know that he was actually very flustered.

He didn't know why he cared that much, normally he would have left already.

After all, he hated this kind gossip, but it sounded nice today.

It was like he felt a bit of pride being praised by everyone in front of a special person.

“Since young master Xi is kindly inviting me.....” She had a faint smile as she said, “Then I’ll have to respectfully accept!”

Luo Qing Chen received Mo Yin Yin’s wedding invitation that night. Booking a high class restaurant for a dinner party, it seemed like Mo Fan had used all his money.

Mo Yin Yin had sent her this wedding invitation for only a single reason no matter how she looked at it!

She was showing off that she could steal Mo Fan from her. For her, it was something easily done.

Luo Qing Chen gave a cold laugh. She wanted to burn it, but a sparkle appeared in her eyes.

Since Mo Yin Yin was provoking her, she had no reason to refuse. Since she insisted on this, then don’t blame her for not showing mercy.

Mo Fan might not like her, but there would always be someone who did standing by her side.

**[Quick Transmigration Female Lead: Male God, Never Stopping](#)**

**Chapter 759: Blood sucking highness’ puppet doll (Part 10)**

During these three days, she had her maid Bai Shao investigate a few things for her.

Sure enough, it was like she had imagined.

When the two of them left the Luo Manor, she had seriously told Bai Shao that they couldn’t take a single tile from the Luo Manor!

Actually she wanted to see how far those two poor people could keep going with their love.

Of course, it wasn’t Mo Fan that she didn’t trust, rather it was Mo Yin Yin.

Although Mo Yin Yin had a lowly status, people with lowly status admired glory.

She had sold her body to bury her brother and many people wanted to buy her, but she didn’t agree to any of them.

When Mo Fan appeared, she looked up at him with pitiful teary eyes.

It was that moment that Mo Fan’s heart was moved.

This banquet at the Drunken Immortal House was Mo Yin Yin telling her something.

Now she had Mo Fan and would be having a large wedding.

She wanted her to see how she went against the heavens to replace her.

Luo Qing Chen shook her head and found it really funny.

“She went to the Rich Bank and used my money to borrow money, there really is something wrong with her!” Luo Qing Chen said with a cold laugh, “Who would lend to her!”

“Young master Xi!” Bai Shao said with an innocent look.

“What, Xi Jin Ye lent her money?” Luo Qing Chen said with a look of surprise, “His brain.....”

“Young miss, don’t get angry, young miss, don’t get angry.” Bai Shao cut her off, “I heard that young master Xi agreed to lend her money and had her come back at night to get it. That Mo Yin Yin happily went to the Drunken Immortal House to prepare everything and then.....”

“And then what?” Luo Qing Chen asked with pursed lips.

Aiya, why was she feeling a bit nervous at this moment?

“Then the Rich Bank closed their doors!” Bai Shao said with two laughs, “The notice on the door said they would be closed for three days.”

“Puchi.” Her lips couldn’t help tilting as she said, “Xi Jin Ye used his identity as a young master to close the large Rich Bank. I wonder if his dad Xi Wan Yi would be angered to death if he knew!”

But he had revealed his potential as a black bellied young master, he really was an once in a thousand year vampire highness.

The bloodthirsty vampire highness who pampers his doll would expose his true personality in the mortal world.

At the same time, at the Xi Manor.

“My son! Quickly tell your dad, why did you close the bank?” Xi Wan Yi stroked his beard as he said, “Is there a young miss you’re interested in?”

Xi Wan Yi only had a single son, so naturally he worried about the big matters in his life.

There were countless beautiful girls that wanted to join the Xi Manor, but he didn’t like a single one!

Earlier, when the princess came to Shantou City, he had even locked his son in his room.

If the princess liked him and was rejected by him, they would all be charged and cut down.....

“Old master!” The butler on the side quickly said, “It’s not related to some young miss. It should be that the young master felt that the bank workers were working too hard and gave them a vacation, since it will be the Mid Autumn Festival soon!”

“This time, dad is more correct than the butler.” Xi Jin Ye said with a faint smile, “Tomorrow, I’ll be going out. There’s no need to wait for me to come back to eat.”

After his voice fell, he headed towards his room.

His steps were light and his mood was good.

The next morning, Luo Qing Chen properly dressed up since a battle between women——

Depended! On! The! Face!

Mo Yin Yin acted pitifully all day, but in terms of the face, she really didn't have even one ten thousandth of her face.

With her big nose, her tilted eyes, and her slightly plump lips, even if her face was a bit delicate, it couldn't be considered a beauty.

"You miss, you really look good!" Bai Shao helped her with her clothes as she said with a smile, "That young master Mo really has no eyes, he actually likes that flower covered in rain all day, one might think that her family had some funeral!"

"Pu." Luo Qing Chen gave a soft laugh as she said, "You have a small mouth, but now you can hurt people! But you don't need to call him young master, I think that he soon won't even be worthy of being called 'young master'."

At night, she was wearing a moon white plum flower dress as she slowly walked out.

Xu Jin Ye was dressed in white with his hands behind him. He was silently standing there and that was already enough to move one's heart.

"I have something to take care of, you should wait for me at the Moon Gazing House. I'll be there in an hour." Xi Jin Ye said to her, "It's the best place to enjoy the beautiful scenery."

Luo Qing Chen looked at him in surprise, but she couldn't see any clues. She just said with a faint smile, "Alright."

But in reality, she didn't go to the Moon Gazing House, rather she headed to banquet of Mo Fan and Mo Yin Yin.

There weren't many people here, most of them were friends of Mo Fan. As for Mo Yin Yin's side, there was no one.

The Drunken Immortal House was opposite of the Moon Gazing House. They were both first class restaurants of Shantou City, normal people couldn't afford to go, not to mention hosting a wedding banquet.

This Mo Yin Yin's heart really was bit enough!

Luo Qing Chen casually found a place to sit. Mo Yin Yin's eyes were sharp, she directly came over.

She was in a wedding dress. Her red lips curled as she said, "Isn't this young miss Luo? Is the food today to your taste?"

"The dishes haven't come out yet, how could I know!" Her cold eyes narrowed as her lips curled into a sarcastic smile.

Mo Yin Yin looked a bit awkward, but she called for her 'helper', "Husband, come over, young miss Luo is here!"

Mo Fan slightly knit his brows, as his face looked a bit ugly.

He was a clever person, he knew that it was impossible for him to book the Drunken Immortal House for a wedding banquet with his wealth.

He was a fatty whose face had been slapped swollen!

But Mo Yin Yin didn't think so, she was raising her head like she was a winner. The wedding dress proved everything, she had more charm than her.

"Why are you here?" Mo Fan slowly came over, as his voice had a trace of....expectation?

There was a feeling of seeing a life saving straw, but the stray didn't seem to care.

Luo Qing Chen gave a cold snort, being able to hear the expectation in Mo Fan's voice.

What, this man thought she was here to take him back?

Isn't this a joke? The path you chose, can you kneel on it alone?

After that, she threw the invitation on the table and said, "Yin Yin kindly invited me, why can't I come?"

"Is that so?" Mo Yin Yin could hear the gentle tone Mo Fan spoke to Luo Qing Chen in and she said in a taunting voice, "It can't be that you didn't change your mind and still want our big brother Mo Fan, so you came to see him again, right!"
