Chapter 761: Blood sucking highness' puppet doll (Part 12)

Luo Qing Chen was stunned, as she thought, is there something wrong with your brain?

What she treated as a treasure wasn't even a piece of straw in Luo Qing Chen's eyes, alright?

But Mo Yin Yin's words attracted a lot of whispers.

"Did you hear? Fan Fan was originally engaged to young miss Luo, but he somehow fell in love with this girl....."

"I heard! Ai, mother Mo was angered to death. She said that young miss Luo was this good to them, taking care of everything for them, but now she can't sleep at all!"

"Now this.....Don't mention it, don't mention it! When she was selling her body to bury her brother, Wang Er next door went and was rejected!"

"My god! She can even reject this....."

.....

The whispers didn't seem to be related to her at all.

It sounded quite good, but Mo Yin Yin's face became ugly.

She gritted her teeth and said, "What nonsense are you saying, big brother Mo Fan liked me to begin with. But because Luo Qing Chen is the Luo Manor's third young miss, she insisted that she would only get married to big brother Mo Fan!"

Oh, oh, oh, how righteous this was! It seemed like she was the one with the female lead aura!

Her words were filled with this kind of pride!

But Mo Yin Yin wasn't qualified for this!

Luo Qing Chen gave a cold snort as she had a taunting smile, "You think that everyone has the same eyes as you?"

These words weren't just aimed at Mo Yin Yin, it was also aimed at Mo Fan.

"Is it not like this?" Mo Yin Yin bit her lip and looked at her with wide eyes, "Who was the one who loved big brother Mo Fan to death and said she would marry no one else! Ai, so shameless! It's just too shameless!"

"Stop." Mo Fan angrily pulled her hand and lowered his voice, "Like what?"

The reason he chose Mo Yin Yin was because she was weak and cute. Although he himself was poor, he was a man with a strong spirit.

Luo Qing Chen was just too far in his eyes, so his heart naturally turned to Mo Yin Yin.

But without knowing it, Mo Yin Yin was very prideful and was different from the person he bought in the beginning.

Not only this, Luo Qing Chen had also changed. She was no longer prideful and willful. She was always indifferent when speaking, as her eyes never remained on him.

This her seemed even more attractive than before.

“Why are you pulling me!” Mo Yin Yin’s eyes filled with tears as she pursed her lips, “You’re actually being fierce with me for her?”

“Isn’t it normal for him to be fierce with you?” Luo Qing Chen gave a shrug, “Mo Fan liked you because you were obedient and this wedding banquet you held is with money you borrowed in my name from the bank, where is your face?”

“You.....” Mo Yin Yin’s face and tone changed, “Don’t spit on others, I never borrowed money in your name, stop making yourself look good!”

“Oh?” Luo Qing Chen narrowed her cold eyes and said word for word, “I want to see how a fatty with a swollen face like you can keep going.”

“How is that related to you?” Mo Yin Yin brought the topic back to Mo Fan, “I want to let you see your beloved big brother Fan more today, otherwise when he’s pampering me and you have no one, you might jump into a well to kill yourself!”

“Si.” Everyone took a cold breath hearing Mo Yin Yin’s vicious words.

When Luo Qing Chen was about to speak, a cold and pleasant voice broke the silence.

“Why would no one want her?” Xi Jin Ye had a trace of anger in his eyes as he said, “There’s still me in the end.”

[Ding, affection has increased by ten. Mission completion rate is now 20%.]

The crowd exploded right away!

“Xi.....It’s young master Xi!”

“Didn’t young master Xi not approach girls? How could he be this handsome when approaching girls!”

“I always thought that Xi Jin Ye was just a blood hunter interested in blood people, I never thought.....that he would be interested in the Luo Family’s third young miss!”

“Ai, you know that the girl Fan Fan is marrying is lying with this comparison! What kind of position does young miss Luo and young master Xi have, would she steal her man?”

.....

Luo Qing Chen never forgot Xi Jin Ye walking towards her, he seemed like he was sparkling.....

“I’m sorry, I came late.” He stood by her side and naturally took her hands. His eyes turned cold as he said, “Young miss Mo didn’t receive instructions after borrowing the silver on Qing Chen’s orders, so I had the servants bring over the IOU.”

As soon as his voice fell, he threw a stack of paper on the table with a playful look in his eyes.

This aggressive look came from the bottom of his heart.

Mo Yin Yin’s face was covered in shame, as she quickly put away the pieces of paper, “Young master Mo, wasn’t invited here, right?”

“Yin Yin.” Mo Fan angrily looked at her and reprimanded, “You don’t even know who owns this place?”

The Drunken Immortal House was owned by the Xi Family, but they rarely cared about it since it was just a small business.

Mo Yin Yin naturally didn’t know, but Mo Fan was clear on this.

After all, he was a smart person, only his eyes were quite bad.

“Not invited?” Xi Jin Ye narrowed his cold eyes and said in a sarcastic voice, “Not knowing who owns this place and daring to make a fuss, you’re not afraid of being unable to remain in Shantou City?”

God! This cold blood hunter had turned into a black bellied young master!

“You.....” Mo Yin Yin heard this and her tongue was knotted. When she wanted to say something.

A row of waiters came forward and said, “Bring out the dishes.”

“Mandarin Fish, Deyue Chicken, Gazing the Moon, Flamed Honey, Cordyceps Duck, Blue Jade Shrimp.....” Dishes came up one by one, as Mo Yin Yin’s face turned more and more pale.

When Mo Fan said he wanted to marry her, she immediately thought of the Drunken Immortal House. She, Mo Yin Yin had to host a banquet in the best restaurant in Shantou City.

However, Mo Fan didn’t have much money and everything he had was bought by the Luo Family!

Everything he bought for her all came from Luo Qing Chen’s money!

Therefore, when she went to the bank to borrow money, she said that Luo Qing Chen was her big sister and she was her little sister Luo Yin Yin.

She knew that Luo Qing Chen was an arrogant young miss and she had good face.

Back then if it was for Mo Fan, she would have definitely paid this.

She never thought that a Xi Jin Ye would appear in her wishful thinking.....

Shantou City’s richest man, the young master of the Rich Bank.....He actually knew Luo Qing Chen and their relationship didn’t seem normal.....

Chapter 763: Blood sucking highness’ puppet doll (Part 14)

Why was everyone looking at Luo Qing Chen with envious gazes, she was the lead for this wedding, alright?

She was wearing a simple dress, it couldn't compare to her wedding dress, alright?

"Peng." There were fireworks that lit up the Moon Gazing House on the other side.

The best view of the lantern festival was the Moon Gazing House, but there was no one there under the fireworks.

The owner, the waiters, and even the cooks were all holding signs that said, "Young miss Luo Qing Chen, please come in!"

"My god, what is this? Young master Xi has booked the entire Moon Gazing House to treat young miss Luo to dinner?"

"It feels like the world has changed....."

"Ze, ze, that Yin Yin even said that young miss Luo was here to steal her man, what nonsense!"

.....

Although most people at the Drunken Immortal House were Mo Fan's friends, they didn't really like Mo Yin Yin!

If it wasn't for their brother liking her, they wouldn't have come!

"You were talking about this?" Luo Qing Chen couldn't hide the smile on her lips.

She naturally could take care of Mo Yin Yin alone, but if someone were to stand in front of her and block the storm, she wouldn't mind.

"Right, it was this!" He had a bit of a blush on his face.

He didn't know why the cold him would do something like this, he was also very curious.

But there was no other way. As long as that person stood there, it would attract his gaze.

Over time, he seemed less like himself, but also more like himself.

The guests of the Drunken Immortal House had begun lifting their chopsticks to enjoy the meal, since this was their first time coming here.

It was their first time eating expensive food like this. With the food in front of them, of course they would enjoy it first.

But Xi Jin Ye's next words made everyone's chopsticks stop.

"The people from the magistrate's manor are already here. If this young miss doesn't pay the Drunken Immortal House before the banquet is over, I'm afraid....." His lips curled into an evil charming smile, "This will become a prison banquet."

As soon as his voice fell, he took Luo Qing Chen's hand and walked out, not turning back.

Mo Yin Yin truly felt fear in this moment. She took a step back and wildly shook her head, “Not like this, not like this.....”

“Yin Yin.”

“Don’t call my name!” Mo Yin Yin gritted her teeth and looked at Mo Fan with a vicious expression, “How are you qualified to call my name, we’re not married. I don’t know these guests, they’re unrelated to me.....”

Luo Qing Chen heard Mo Yin Yin’s words and couldn’t help stopping.

Xi Jin Ye standing beside her firmly took her hand. Like he knew what she was thinking he said in a warm voice, “I know that you’re worried about Mo Fan’s old mother, so I had my butler take her to the Moon Gazing House when I came over.”

Luo Qing Chen heard this and her eyes couldn’t help misting over. He understood her this well.

She wasn’t a person with a fragile heart, Mo Fan deserved to bear Mo Yin Yin’s crimes.

He deserved it!

But Mo Fan’s faults shouldn’t affect his old mother. The previous host’s memories were still clear, mother Mo was a kind person, she shouldn’t let someone this old experience something like this at her age.

Chapter 764: Blood sucking highness’ puppet doll (Part 15)

[Ding, affection has increased by ten. Mission completion rate is now 30%.]

He liked her confidence and pride, but he liked her kindness even more.

A person had to have a conscience, that was the basics of being a person!

Mo Fan couldn’t believe his ears, as he looked at Mo Yin Yin in a daze and said in a trembling voice, “You.....What did you say?”

He didn’t dare believe that the person who was just calling him big brother Mo Fan would decisively cut the line with him over the money for the wedding banquet.....

This was the love he clung to? Why did it seem so ridiculous and unbearable!

“Did I not say it clearly?” Mo Yin Yin threw the wedding cap on her head to the ground, “You, Mo Fan are not worthy of me, Mo Yin Yin, a poor man like you wants to marry me?”

She thought that Luo Qing Chen wouldn’t be this decisive, allowing them to live in their manor and continue paying for Mo Fan’s education until he entered the court.

Everything would have been so beautiful, but she never thought that young miss Luo would draw the line so decisively.

Didn’t she say that she loved Mo Fan? Why did she act so decisively!

Since it was like this, what was wrong with her decision?

Mo Fan should hate Luo Qing Chen, it was Luo Qing Chen who took his things and made him fall like this.

How was this related to Mo Yin Yin.....Yin Yin?

“You didn’t say this back then!” Mo Fan laughed at himself. He couldn’t stop his anger as he charged forward to grab Mo Yin Yin’s neck, “You said you loved my talent and loved my personality, you loved every part of me.....”

While he said this, he tightened his fist.

Mo Yin Yin’s face turned red and her eyes opened wide as she weakly said, “Save.....Save me.....”

“What do you gain from killing her?” Luo Qing Chen turned back to look at Mo Fan who lost his reason, “You’re just making it hard for your old mother.”

After this was said, Mo Fan trembled and slowly released his hand.

When he turned to look for Luo Qing Chen, he found that young master Xi had already taken her away.

Mo Fan felt like his heart was empty at that moment. Seeing the girl coughing at his feet, he suddenly felt she was so ugly.

He remembered the youngest daughter of the Luo Family who liked to follow him and call him big brother Mo.....Big brother Mo.....

Tears filled his eyes since everything was already too late.

Even if he felt regret now, she wouldn’t return to him.

The person by her side was that radiant.

Returning to the Moon Gazing House, the waiters had already started bringing out the dishes. Mother Mo looked at her with teary eyes and a faint smile, “Thank you, young miss Luo.”

Although she was old, she wasn’t a fool. She knew what kind of person Mo Yin Yin was, but her son was too stubborn. He wouldn’t know the truth unless he suffered.

“Old madame doesn’t need to be polite.” Luo Qing Chen said with a faint smile, “Since you’re here, eat your fill!”

Mother Mo shook her head, “I know that they spent a lot of money to host that banquet. Young miss Luo.....if I don’t eat, can that repay a bit of money for my son?”

This was this old mother’s deepest desire.

She was about to kneel, but Luo Qing Chen and Xi Jin Ye helped her up at the same time.

Xi Jin Ye said with a grin, “Be assured old madame, that restaurant belongs to my family and we won’t charge them.”

Luo Qing Chen looked at him and revealed a faint smile. She turned back to the old madame and said, “Right! Relax, old madame, he has money so it’s fine!”

Chapter 765: Blood sucking highness' puppet doll (Part 16)

In the end, the magistrate ordered Mo Fan to Mo Yin Yin to return half of the silver to the boss of the Drunken Immortal House.

The term was one month.

Mo Fan wrote and drew without care for the time, finally returning all this money. As for Mo Yin Yin.....

When Luo Qing Chen saw her again, she was begging at the temple wearing rags. Her eyes were red and she was tightly biting her lips.

"I curse you, I curse you with my life to die a horrible death!" Her voice was hoarse and fierce, as she repeated this again and again.

Luo Qing Chen said with a cold laugh, "I'm waiting."

That night, there was a large storm in Shantou City. The next day, someone passed by the temple to find that Mo Yin Yin was dead.

It was unknown if it was an accident or if it was suicide, but her eyes were wide open.

The Luo Manor in Shantou City.

"I heard that there was a Drunk Duck Pavilion that was opened in the city's east, Qing Chen, do you want to go?" Xi Jin Ye sipped his tea as a ghost of a smile appeared on his lips.

Without knowing when, Shantou City's number one blood hunter lost interest in blood people and became a frequent guest of the Luo Manor.

People who didn't know would think that there were blood people in the Luo Manor!

But as their relationship became closer, Xi Jin Ye turned from an ice cold blood hunter to a full fledged flirting demon.

Of course, it was not teasing with words, but teasing with food.

After all, food couldn't disappoint in this world!

"Your treat?" Luo Qing Chen said with a smile, "If brother Jin Ye is treating, I'll go!"

"Can you not use the word brother?" Xi Jin Ye helplessly shook his head, "It sounds like we're siblings."

"You don't want to be siblings with me?" She chuckled as her eyes sparkled.

He was stunned and didn't reply, as he just revealed a helpless smile. Could it be that there weren't other relationships in this world besides being siblings?

No matter where it was, as long as Xi Jin Ye was there, he would be the center of attention.

The Drunken Duck Pavilion wasn't an exception.

This was a newly opened restaurant and the boss only roasted fifty ducks before closing the doors.

Unfortunately Luo Qing Chen and Xi Jin Ye were late, so they couldn't get the signature dish.

"Then let's just eat something else."

Xu Jin Ye said with a nod, "Alright, you can decide."

When Luo Qing Chen was planning to order other dishes, a girl wearing an aquamarine dress came over with a shy look. She held a plate of roast duck as she said, "Young master Xi can have a taste."

Xu Jin Ye was surprised. When he was about to reject her, Luo Qing Chen first said, "This miss is showing her affection, why reject it?"

She actually tried approaching her male god! Did she ask her?

That girl in the aquamarine dress looked a bit awkward as she casually said, "Miss Luo has misunderstood, I didn't have any other meanings. It was just that this store was opened by my cousin, I'm already tired of eating it."

When she said this, there was a trace of pride in her voice. Luo Qing Chen naturally wasn't happy hearing this.

"Ke, ke." Luo Qing Chen cleared her throat and said, "Xi Jin Ye doesn't like eating roast duck, he just came with me since I like it. I'm afraid this miss' feelings have been wasted!"

"Ha, ha, ha, ha!" The surrounding people broke out in laughter.

"I...." The girl in aquamarine clothes looked a little embarrassed, but she still spoke up since she wasn't at a disadvantage, "Young master Xi hasn't said anything, can young miss Luo really make the decisions!"

"That." Xu Ji Ye cut in, "Our madame is strict, I don't dare speak if she doesn't agree....."

?!

Chapter 766: Blood sucking highness' puppet doll (Part 17)

Xi Jin Ye's words made everyone's eyes pop out. The normally cold Xi Jin Ye, when did he turn into a different person?

This was simply unbelievable!

Luo Qing Chen looked at him as if saying: What madame?

Xi Jin Ye silently gave her a shrug as if saying: What they mean!

The girl in the aquamarine dress couldn't hold on anymore as she said with an awkward laugh, "I've disturbed you, I've disturbed you....."

"Un." Xi Jin Ye gave an honest nod as he said with a faint smile, "I still thank you for your roast duck."

He felt very excited at this moment. It was like other than being siblings, he could feel another kind of.....relationship.

Luo Qing Chen saw the girl leave and quickly said in a low voice, "What do you mean by madame?"

In this age, only men and women who are married or have been engaged could have the man call the woman madame.....

“It means what it means.....” Xi Jin Ye’s dark eyes sparkled as he said, “Qing Chen should pick a good day. Anyway, I’ve already talked about it to uncle Luo.....”

“Ha?” Luo Qing Chen’s heart skipped a beat as she said with a slight frown, “Talked about what?”

“Our wedding!” Xi Jin Ye regained his serious look. His eyes that could see through people’s hearts looked at her as he said, “We’ve known each other for three months and although that is short, I know that you are the one I’ve been waiting for. Although I have many shortcomings, I hope that I can protect you for the rest of your life.....”

“Peng!” After he said this, a splendid firework display lit up the sky, shining down on Luo Qing Chen.

The future was dangerous and vague, but her heart was moved at this moment.

These days they lived lives that were as calm as water, but their feelings weren’t plain.

There was nothing powerful, no life and death. Even this proposal was just down in an ordinary restaurant, said in such simple words.

There was no I love you, but it was enough to warm her up.

After a while, the fireworks faded and she said with a faint smile, “Alright!”

[Ding, affection has increased by ten. Mission completion rate is now 40%.]

He revealed a smile that she rarely saw. The dazzling face that was like an iceberg suddenly became like a volcano, hot and passionate.

The Xi and Luo Family were both large families in Shantou City, so their wedding booked all the high class restaurants in the city. Moreover, as long as they were acquaintances, they could come for free without needing to give a gift or money.

But she received a special gift that day, a jade bracelet that came from Mo Fan.

It was bought with all his money when he met the previous host. When Luo Qing Chen sent them away, she had returned the bracelet back to him.

When she saw this bracelet, she revealed a helpless smile.

When she was about to put away the box, the bracelet was snatched by the groom. His appearance in his wedding dress was so good that he almost glowed. His face that seemed to be chiseled was exceptionally handsome.

“Wife, you received a gift from a former lover on your first day of being married.....” He had a playful smile as he said, “Aren’t you afraid of your husband being jealous?”

“You’re jealous over a bracelet?” Luo Qing Chen pursed her lips into a smile, unwilling to look away from him.

It would be great if their lives could remain this way, but she was suddenly a bit of afraid of the coming heavenly tribulation....

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 767: Blood sucking highness' puppet doll (Part 18)

"Of course not." He said this as he put the bracelet into his pocket. He came forward and took her from behind, "The person I care about will soon become my wife, how could I become jealous over a bracelet?"

His hug was very warm and his deep eyes had an aggressive look.

She didn't know how to describe it. As his heavenly tribulation approached, the power of the vampire race inside him became a bit unstoppable.

The wedding ceremony went very smoothly and everyone's smile and blessings told her how blessed her life was right now.

He took her hand as they went over the brazier, walking across to their lives as a married couple. His cold voice sounded by her ear, "You'll be following me from now on."

She didn't reply and just revealed a faint smile with complicated feelings mixed together.

"Not willing?" Xi Jin Ye saw that she wasn't speaking, "If you're not willing, then let me follow you!"

She heard this and her fingers trembled. She could feel that he was tightly holding onto her hand.

[Ding, affection has increased by thirty. Mission completion rate is now 70%.]

Her lips couldn't help raising. Getting married was different, affection surged like this.

He stayed with her everyday after getting married, even Bai Shao was thrown to the side.

"Aiya, your drawing is crooked!" Luo Qing Chen tilted her eye and said, "It's so ugly, I don't want to go out today!"

"There's wifey's favourite pastry tasting conference today, you really don't want to go?" Xi Jin Ye carefully helped her draw on her other brow as he said, "It really looks good!"

"How does it look good?" Luo Qing Chen softly touched it and said, "Feel this brow, it's like a big caterpillar....."

"Fool!" He touched her head and said, "It's fine if I feel this looks good."

For an entire seven months, no one in Shantou City know how the richest Xi Wan Yi's only son Xi Jin Ye pampered his wife.

There were rumours that said that if madame Xi wanted anything, even if it was ten thousand miles away, young master Xi sent someone to buy it for her.

If one's life could be considered a swing, these seven months were the happiest time in her life.

"Hong long." There was a loud bolt of thunder and Xi Jin Ye tightly held her waist.

“You’re this old and you’re afraid of thunder.” Luo Qing Chen pretended to laugh as she softly held his hand.

Actually she knew why he was afraid. The heavenly tribulation was coming and all vampires feared thunder.

Xi Jin Ye had been having nightmares during these past few days, waking up in the middle of the night and holding her. He kept repeating by her ears, “Don’t leave me.....Don’t leave me.....”

She always softly patted his back and comforted him, “It’s fine, it’s fine.....”

At the same time, in Nevernight City.

Rong Leng Mo was standing under the moon with the skeleton bronze bell ringing in his hand and the silver demon fox mask covering his beautiful face.

“Is it done?” He turned with a ring of his bronze bell and a demonic voice slowly came out.

“Yes, it’s all done, big brother.” Rong An’s lips curled into a vicious smile.

“Un.” He gave a slight nod as he muttered, “Let mister Wu You know when it’s time, the person he gave the Blue Sky Sword to back then is a terrifying monster.”

“Be assured, big brother, that Xi Jin Ye’s soul will scatter the night of his heavenly tribulation.” Rong An’s eyes were dark red as he said in a sinister voice, “Ninety nine bolts of heavenly thunder and the number one blood hunter, it’ll be hard....for him to not die.”

Chapter 768: Blood sucking highness’ puppet doll (Part 19)

This rain continued falling for seven days and seven nights.

The sky was dark and the air was filled with killing intent.

That night, he would face his heavenly tribulation.

This tribulation had to be overcome. She thought of countless ways, finally deciding to use the Exquisite Ring to block the heavenly thunder for him, to make it as safe as possible.

She asked the system and it thought that she could only do this.

After dinner, Luo Qing Chen was restless until——

“There’s blood people.” Xi Jin Ye tightly knit his brows and pulled her behind him, “Wife, you mustn’t leave this place, understand?”

“Hong long.” There was another crack of thunder and the lightning from outside illuminated his nervous face, which still looked good.

She said with a soft nod, “Do you remember the words I told you when we first met?”

“I do.” He was surprised, but he pushed back the stray strands of hair behind her ears. His eyes looked at her with affection as deep as water as he said, “But I still like myself now because you are my wife.”

His words were plain and normal, he still didn't say the words I love you.

But perhaps his words were too moving or perhaps the parting emotions had moved her heart.

She felt that these plain words were very moving.

"I'll go take a look, you're not allowed to leave." He waved the golden talisman in his hand and a golden spell covered the entire Xi Manor.

As soon as his voice fell, he placed a soft kiss on her forehead. He took the Blue Sky Sword and ran off in the direction of the aura of the blood people.

Luo Qing Chen looked up at the strange thunder in the sky before closing her eyes to mutter, "Heavenly tribulation, please show mercy."

She headed off in the direction he went, following him.

With the boom of thunder, the lightning lit up the dark sky.

In the distance, there was lightning gathering in a vortex of energy, like a mysterious black hole in the sky.

Luo Qing Chen took a deep breath. Her eyes focused on a red dot, where there was a large array underneath.

"Why is there an array here?" Her voice was unsettled as she muttered this.

The aura of vampires in the air gradually disappeared, like someone had spread this on purpose to draw Xi Jin Ye in.

Luo Qing Chen narrowed her eyes and the Exquisite Ring in her hand released a faint golden glow.

In an instant, a white figure fell onto the array and said to Xi Jin Ye outside, "Evildoer! You are a vampire in human skin! I gave you the Blue Sky Sword in vain, this old man truly deserves ten thousand deaths!"

"Master...." Xi Jin Ye looked up. Under the bright moon, his eyes gradually turned red and his face became pale.

"Shut up! I don't know a monster like you, you are not my disciple!" Wu You shouted, as he decisively looked at him and said, "I won't let you pass your tribulation. You must die, otherwise you will become the most terrifying enemy of humans and blood hunters."

Xi Jin Ye slightly knit his brows, clearly not understanding what master Wu You was saying.

But the word monster was like a brand that was deeply engraved in his heart.

"Hong long." There was another boom of thunder.

Luo Qing Chen looked up and the mysterious black hole deemed to be gathering in one spot.

His heavenly tribulation was about to come.

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 769: Blood sucking highness' puppet doll (Part 20)

“What do you mean by monster?” Xi Jin Ye knit his brows in confusion. He felt the heat that came from his body in waves and his breathing became a bit faster.

Wu You didn’t have any intention to explain. He held a burning amulet in his hand and chanted something, as a powerful energy attacked Xi Jin Ye.

“Xiu, xiu.” Two beams of golden light knocked this energy away and Luo Qing Chen jumped out to Xi Jin Ye’s side.

“Qing Qing.....” He pursed his lips and said in a very worried voice, “Quickly go back!”

Wu You tightly knit his brows. He calculated with his right hand before revealing a shocked look. He looked at Luo Qing Chen in horror as he said, “You.....You’re actually a.....ghost.....ghost doll.....”

Nevernight City, the place of blood, a ghost doll would take the world.

This was a legend that had been in Nevernight City for thousands of years. There was only soul that was apart from these three realms and five elements in this world, it was a unique existence.

It was the puppet doll that was made from the essence of a vampire that had the ability to create.

Before it awoke, it was just a doll, but after it woke, it would dominate the three realms.

“What are you saying.....” Xi Jin Ye looked at her with a bit of panic, but the strength in his hands didn’t weaken at all.

“Listen to me.” Luo Qing Chen looked at the heavenly thunder that was converging in the bright sky before seriously looking at Xi Jin Ye, “You just need to use all your strength to block this heavenly tribulation, I will be with you. If you succeed, you will recover your original memories.”

“Original memories.” Xi Jin Ye’s eyes flickered as a feeling of extreme anxiety came from his heart. He looked up at Luo Qing Chen and said, “Wife.....Let’s.....Let’s go home. Since there are no blood people here, we should go home!”

“Husband.....” She could feel the trembling of his fingers and she guessed something, but she couldn’t face it at all.

“You’re all wet.....Let’s, let’s go home.....I’ll wipe your hair.....” He looked at her as a faint mist came over his eyes.

[Ding, affection has increased by ten. Mission completion rate is now 80%.]

He wasn’t afraid of death, he was just afraid that he couldn’t protect her from the heavenly tribulation. Perhaps after the heavenly tribulation, they would no longer be a couple.

“Want to leave, impossible!” Wu You took out his Blood Hunting Bell as he said, “Whether you are a vampire or a ghost doll, this day next year will be the anniversary of the death of you monsters!”

As soon as his voice fell, he shook the Blood Hunting Bell in his hand. Xi Jin Ye roared into the sky in pain and it was at that moment that the heavenly thunder fell.....

Luo Qing Chen didn't have time to worry about the pain that Wu You caused Xi Jin Ye with his Blood Hunting Bell. She closed her eyes as she used her Exquisite Ring to block the heavenly thunder, but Xi Jin Ye tightly held her.

"Hong long hong long." The first bolt of heavenly thunder fell onto the two of them.

The Exquisite Ring could feel the pain of its master and released a golden glow to protect them.

Wu You saw this and he continued attacking them with the Burning Sacrifice Spell and the Blood Hunting Bell.

Luo Qing Chen felt the heat from her body, like she was in the middle of a fire and was being burned away by the thunder and flames.

Bit by bit, it was like her skin was peeling.

At this time, Xi Jin Ye had tightly closed his eyes and was firmly holding onto her. There was a slight change that gradually came over his face.....

The cold justice, the gentle and calm look all faded. It was changed with arrogance and bloody enchantment.

Chapter 770: Blood sucking highness' puppet doll (Part 21)

Luo Qing Chen didn't know what happened after, she just knew that when the final bolt of heavenly thunder fell, her vision turned dark and the Exquisite Ring in her hand went dim.

There was a burnt smell in the air and her body was covered in burning pain. Luo Qing Chen could no longer feel anything.

She knew that even her heart had been burnt to ash and the world was silent. It was like her heart would stop at any second.

A powerful energy entered her heart, it was like something that didn't belong to her was being forced into her.

[Ding, affection has increased by ten. Mission completion rate is now 90%.]

All the pain came right away and her vision turned dark, as she lost all consciousness.

At the final moment, she heard a wail. That man who pampered her with his life had passed his tribulation.

He became the most powerful vampire in Nevernight City overnight, without peer.....

But at that moment, she heard a sound that made her heart tremble.

Even if she lost consciousness, the notification firmly appeared in her mind and she would never forget it.

There was a faint scent of sandalwood, medicine, and earth mixed in the air, with a faint trace of grass.

So painful.....There was an unbearable pain coming from all over her.....

The heavenly thunder was not something normal people could withstand. It was no wonder the original host's soul had scattered.

But dying was good since now she was wrapped up in bandages, looking so ugly.

"You're awake?" There was an old man in front of him. Luo Qing Chen did her best to narrow her eyes to see him clearly.

It was the world's best blood hunter, Wu You.

"Ah." She opened her mouth slightly and found that her voice was very hoarse, also bringing a burning pain to herself.

Why did Wu You save her, didn't he clearly try to kill them with his spells?

"You must be curious why I saved you....." He said with a sad sigh, "It's because I won't live much longer and you are a talented blood hunter."

Her? She was a talented blood hunter, what a joke? Didn't this old man say that she was some ghost doll on that day?

What was this situation? It was like he changed in a single day!

She felt her eyelids become heavy as she closed her eyes and fell into a deep sleep.

When she woke up again, it was three days later.

This time she was much stronger than before. She didn't know what medicine Wu You had used to let her recover this quickly.

"I used up all my thousand year old ginseng, if you didn't wake up, I would have no skills!" Wu You looked at her and said in a relieved voice, "But it's a good thing that you're alright."

"You.....Ke, ke....." Luo Qing Chen choked when she tried to speak. She looked at her naked hands and feet and almost fainted again.

There wasn't any piece of intact skin on her, all her flesh had been burnt, turning black. One would feel disgusted after looking at it for a while.

"How could a normal person like you resist the heavenly thunder and my Burning Sacrifice Spell?" Wu You shook his head and said, "Being able to take back your life is already good enough, but your voice and body are all ruined.....But it's a good thing that you're still alive, you don't need to care that much!"

"What?" Luo Qing Chen cried out in shock.
