Chapter 781: Blood sucking highness' puppet doll (Part 31)

A certain person's cold and bloodthirsty eyes not far away sparkled. There was a wave of pain that filled his heart as it began beating uncontrollably.

He didn't know why he felt this strange today, he just knew that the person wearing the moon white dress was.....very special.

After that day, Luo Qing Chen didn't speak to Rong Leng Mo for three days. She still continued to give him the antidote each day, that was considered fulfilling her duty.

Until——

Ghost Street was the busiest street in Nevernight City. Luo Qing Chen was dragged out by Jin Jiao to buy some jewelry and she had wanted to grab her hand many times during this period, but she had rejected her each time!

She was lying that she was injured, but actually her body was still warm.

Jin Jiao was a very low level vampire in Nevernight City, so she basically flattered people like Situ Mei, but that was just lip service. This 'vegetarian' vampire had never sucked human blood, so she never did anything that harmed the world!

"I'm very sorry about what happened that day....." This was already Jin Jiao's third time apologizing. She had never expected Situ Mei to become this arrogant.

"I know!" She helplessly shook her head as she said, "I wasn't helping you, I was just helping myself."

If she really wanted to help Jin Jiao, those two slaps and that whip, Situ Mei wouldn't have been able to touch her.

After all, she was not a buddha. For people like Jin Jiao who talked about her before, she was planning on watching a show and wasn't planning on helping her at all.

But it was different now. Since the other side took the initiative to show goodwill, they could be considered half friends.

The more than ten vampires in front of them all had the words 'Situ' embroidered on their clothes.

The one leading them was Situ Mei. She had heavy makeup on that seemed to be oozing out.

"No.....It wasn't me....." Jin Jiao shook her head in a panic, "I....."

She had gone to Rong Leng Mo's manor to go shopping with her, but she hadn't passed this news to Situ Mei.

"I know." Luo Qing Chen gave a chuckle. Her ice cold eyes looked at Situ Mei, "What? You weren't embarrassed enough last time?"

Situ Mei gritted her teeth and looked at the blood bracelet on her right hand, as a look of jealousy flashed in her eyes, "I wasn't prepared last time, this time.....I am prepared!"

Situ Mei had gone back to research tomes, but there were no tomes that mentioned this ring that defeated her.

It meant that it didn't belong to Nevernight City and it wasn't a weapon that belonged to vampires.

"You really are prepared, I'm curious whether it is bringing more people or if it is having better skills!" Luo Qing Chen gave a cold snort as a faint look of disdain filled her eyes.

"Your tone isn't small, I will definitely kill you today."

Situ Mei finished this when a faint red light filled the sky. The vampires on Ghost Street all begin to flee. Although the Situ Clan couldn't compare to the Xi or Rong Clan, they couldn't be underestimated in Nevernight City.

Situ Mei didn't know she hated this woman. She was clearly an ugly monster, she was clearly far from being able to compare to her.

But when Rong Leng Mo who never had a female companion suddenly brought her to the Saint Asura Hall, her heart was filled with unwillingness.

It was like something that belonged to her had been suddenly taken away.

In her eyes, even if she was unrelated to Rong Leng Mo, he could only pamper her because only she, Situ Mei was worth pampering.

Chapter 782: Blood sucking highness' puppet doll (Part 33)

"Big sister Qing Chen, I'll go find Leng Mo for help." Jin Jiao said with knit brows, "No, I can't leave, you'll be alone....."

"First, do you think that the Rong Clan would throw away all face with the Situ Clan for me?" Luo Qing Chen said with a chuckle, "Second, do you think that Rong An alone could beat them?"

"But....."

Jin Jiao wanted to say something, but Luo Qing Chen cut her off. Her face was covered with a careless indifference as she said to Situ Mei, "No matter how many people you have, come together! Don't waste my time!"

"Si." Just these words made all the bystanders watching the play suck in a cold breath.

You are just an unknown wild vampire, but you're this bold because Rong Leng Mo took you to a single banquet, daring to challenge the entire Situ Clan.

"You....." Situ Mei tightly bit her lips, "I'll let you see the Blood Domain Formation of our Situ Clan."

[Host, be careful.]

Is it very powerful?

[Un, she's going all out! This is a formation similar to the Eight Trigrams Array, using blood as a sacrifice.]

I know!

[Great birth and two bows stop. The meaning of this enter the white light and exit the red light.]

Understood!

She felt the array open underneath her. The Blood Domain Array surrounded her bit by bit and she stood right in the center of the array.

The surrounding white and red light swayed in front of her. She knit her brows as the Exquisite Ring on her right hand released a faint golden glow.

"This ring....." One of the Situ Clan's elders narrowed his eyes as he muttered, "It must be a treasure!"

"Then it'll belong to the Situ Clan from this day forth!" Situ Mei angrily roared, standing in the center of the array covered in scarlet light.

Luo Qing Chen took a step back and dodged Situ Mei's attack!

"How is this possible, shouldn't she be unable to see me?" The Blood Domain Array's biggest advantage was that it could hide the caster, making people unable to see where she was.

Luo Qing Chen closed her eyes. It was like the Exquisite Ring opened another world, completely revealing the Situ Clan members in front of her.

Situ Mei looked to land a fatal blow, but she couldn't end it. After several rounds, her face was becoming more and more ugly.

The crowd had wide eyes, as they couldn't believe the scene in front of them.

After several hundred rounds, Luo Qing Chen clearly felt weaker and even her heart couldn't help beating faster.

"Xiu, xiu." The strongest red lights came for her. She closed her eyes as sweat dripped down her forehead.

The Blood Domain Formation closed. The Situ Clan members all had ugly expressions and Situ Mei was covered in wounds, with a trace of blood at her mouth.

"Pu." Luo Qing Chen stood there as she vomited a mouthful of blood, turning her face pale white.

The Blood Domain Formation was the strongest formation of the Situ Clan. If she hadn't had the Exquisite Ring, she would have died in the array already.

"Only at this level." She looked up with ice cold eyes.

"You....." Situ Mei waved her dark whip, attacking in Luo Qing Chen's direction.

Luo Qing Chen narrowed her eyes as they filled with killing intent.

She raised the Exquisite Ring and the two powers clashed in the sky. A golden light was heading towards Situ Mei's heart as a dark light headed towards Luo Qing Chen.

In an instant, Rong Leng Mo blocked the golden light in front of Situ Mei.

Luo Qing Chen's eyes sunk. When she did her best to block the dark light, a man wearing a dark red robe with eyes filled with arrogance appeared in front of her.

He slightly narrowed his eyes and all the dark light disappeared, like it had never been there in the first place. The sky soon returned to normal.

Chapter 783: Blood sucking highness' puppet doll (Part 34)

"King." Everyone around suddenly bowed, putting their hands at their chests and not daring to raise their heads.

Luo Qing Chen was stunned. Looking at this familiar back in front of her, her heart couldn't help skipping a beat.

She felt a very strange feeling coming from her heart, as a bit of pain came through along with the wild beating.

She didn't know where this pain came from, she just felt like her heart wasn't hers.

"Jin Ye....." Situ Mei's eyes were filled with joy as she said with a smile, "You.....Why are you here?"

"Daring to fight in my Nevernight City, the Situ Clan really is capable." Xi Jin Ye had a slight chill as he looked at the people in front of him.

"King, it isn't like this!" The elder in charge quickly came out and said, "It was this wild vampire was bullying people too much that our clan....."

"Why do I feel that you're the ones bullying people?" He narrowed his eyes and took a step back to look at Luo Qing Chen, "What clan are you from?"

"Si." The crowd looked at Xi Jin Ye with eyes of disbelief.

An aloof and cold king of Nevernight City had said this much today and it was for this person born in the wild who looked this ugly.

Actually at that moment, Xi Jin Ye didn't know why he did this. He just felt that his daily weakening seemed to have stopped at this moment and his heart didn't hurt as much.

A city that no one in Nevernight City knew, whether it was the Xi Clan or the Rong Clan, their king was actually becoming weaker with each day.

As for the reason, even Xi Jin Ye himself didn't know.

He was supposed to become stronger after the heavenly tribulation, but he found that he was becoming weaker.

Rong Leng Mo narrowed his eyes and he had a bit of guilt in his eyes, but he still stood in front of Situ Mei.

"I....."

“There’s no need!” Xi Jin Ye cut her off and said, “Come with me.”

At that moment, everyone was stunned. Luo Qing Chen looked at Xi Jin Ye in confusion. She knew that this person didn’t remember her, so why would he help her?

But the answer was simple. Xi Jin Ye knew that this person would play a decisive role in finding out why his powers were disappearing.

That night, Luo Qing Chen went to Rong Leng Mo’s manor to hand the remaining antidote to him.

Rong Leng Mo looked at her with a complicated gaze as he said after a while, “It seems like you’ve accomplished your goal.”

“It seems like your wishful thinking of using me to take back Situ Mei has ended perfectly.” Luo Qing Chen said with a shrug, “We don’t owe each other, perhaps we’ll be enemies if we meet again. There’s no need to show mercy because I won’t.”

Rong Leng Mo knit his brows. Seeing her indifferent look, he strangely couldn’t help feeling a fleeting sense of missing her.

“Of course, I will protect my fiancée!” Rong Leng Mo said with a helpless laugh, “Mei’er was just mesmerized by Xi Jin Ye during this time, so she.....”

“You can keep this excuse in your heart for yourself, there’s no need to share it with me.” Luo Qing Chen revealed a faint smile as she said, “Goodbye.”

When she turned to leave, she didn’t look back once. Rong Leng Mo just stood there as he watched her back, feeling a bit confused in his heart.

But he went upstairs after that to find Situ Mei.

Chapter 784: Blood sucking highness’ puppet doll (Part 35)

“Rong Leng Mo, what did you make me stay for?” Situ Mei had her hands at her waist as she said, “I need to find big brother Jin Ye, let me go!”

“Big brother Jin Ye?” Rong Leng Mo said with a helpless laugh, “Mei’er, do you like Xi Jin Ye or the man sitting in the king’s throne? As long as they are sitting on the king’s throne, anyone is fine, right?”

After saying this, Rong Leng Mo felt pain in his heart. These words were actually hurting himself and not the other side!

“Right!” Situ Mei nodded without hiding anything, “I, Situ Mei am Nevernight City’s number one beauty, naturally I’ll marry the strongest man. As for you, you were once before, but now you’re not!”

As soon as her voice fell, Situ Mei narrowed her cold eyes and headed to the door.

“If I told you that Nevernight City would be changing masters soon.” Rong Leng Mo had a cold look in his eyes as his lips slightly curled, “Would you still go find Xi Jin Ye to be kicked out?”

Rong Leng Mo didn't know about this at first. If there wasn't a problem with his power when he blocked Situ Mei's dark light, he never would have found out that something was wrong with Xi Jin Ye.

He used all his power to block Situ Mei's dark light, using a ninth level spell.

That was impossible, he wouldn't even need a third level spell to block that dark light. Not to mention that it was Xi Jin Ye who was stronger than him.

"What do you mean?" Situ Mei rolled her eyes in disdain, "You were indeed dazzling before, but that was before Xi Jin Ye had appeared. You are now second and I hate second, you know that!"

"Are those fake names really that important to you?" Rong Leng Mo looked at her with a bit of a chill in his heart.

At that moment, he wasn't able to see through himself. How much did he actually love this woman, perhaps it was because of his vanity that he kept saying that he loved her.

"Of course it's important. I am the best girl, only the best man is worthy of me!" Situ Mei gave a proud smile before leaving Rong Leng Mo's manor.

"Situ Mei, just wait and see!" Rong Leng Mo's eyes filled with cold determination.

—

At the same time, at Xi Jin Ye's manor.

Luo Qing Chen never thought that a few days ago, she was just looking at this building from afar, but now she was actually inside.

"I'll ask you a few questions, I'll have someone send you out of Nevernight City after I am done and you should never come back." Xi Jin Ye very directly went into the topic.

Luo Qing Chen was stunned, as she narrowed her eyes and said, "I can reply to your answer, but leaving Nevernight City is my own business."

"A blood hunter in Nevernight City will die an ugly death after being found." Xi Jin Ye's eyes became more clear.

"You....." Luo Qing Chen pursed her lips in a panic, "How do you know?"

"Being able to become Nevernight City's king, if I can't see even this." He paused before continuing, "I think I might as well give way to the Rong Clan."

"....." Luo Qing Chen heard this and accepted that there was no need to keep hiding it. She took a deep breath and said, "Ask then!"

His deep eyes were very clear as he narrowed them while looking at her crescent mask. He headed towards her slowly step by step, "The first question, have we met before?"

Chapter 785: Blood sucking highness' puppet doll (Part 36)

Luo Qing Chen shuddered, as she felt like she had been struck by lightning and her eyes turned red.

She was a bit dizzy because of her blood loss earlier, but now her mind was clear.

There was probably no one in the world who could understand her current mood, standing in front of a person with no memories of her, one who had zero affection.

Should she say yes or no?

“Do you think you know me?” She did her best to calm her voice, not letting him hear how hoarse it was.

“I don’t.” Xi Jin Ye decisively replied.

“Un.” She immediately accepted this as she said with a deep breath, “We indeed don’t know each other!”

What should she say to make her chest not hurt this much? At some point later, she was wondering if everything would have been different if she had charged into his embrace.

Would she be pushed away by him or would he take her in his embrace.

She didn’t know because she really couldn’t do it with this person who didn’t remember her at all.

“The second question.” Xi Jin Ye narrowed his eyes, “Why is it that my power doesn’t weaken when I’m near you?”

Luo Qing Chen knit her brows as she asked back, “What does that mean? You’re saying your powers are weakening?”

Her blood hadn’t stopped flowing after the fight, falling drop by drop onto the ground, just like a red peony blooming.

“It seems like you don’t know the answer to my question.” Xi Jin Ye slightly knit his brows. He crossed his hands as he looked at her, “Leave, leave Nevernight City and never come back.”

His eyes were very determined. Even now, he didn’t know why he was so determined to have her leave this quickly.

When he calmed down later, he understood.

“First tell me, what do you mean by weakening? I.....”

“Reporting to the king.” A low level vampire came in to cut her off, “Miss Situ is requesting an audience.”

“No.....” Before the second word, he turned to say, “Have her wait in the guest room for me.”

As soon as his voice fell, Xi Jin Ye turned to leave without a trace of hesitation.

Luo Qing Chen pursed her lips. She wanted to say something, but she didn’t know what to say or what identity to use.

The scene in front of her became more blurry and she bit her lip as she walked out.

She never thought that enemies were all around. The Situ Family didn't plan on letting her go and this time the ones who surrounded her was the Rong Clan led by Rong Leng Mo.

"Sorry, I can't let you go." Rong Leng Mo stood in front of her, looking at her pale face with a trace of unwillingness.

But he had to do this because an hour ago, he had entered the Half Step Glass Mirror and discovered a giant secret.

When Luo Qing Chen helped Xi Jin Ye pass the heavenly tribulation, she was already on the verge of death.

Her entire body was burnt and here wasn't a chance of survival. When Xi Jin Ye was about to lose all his memories, he dug out half his heart for Luo Qing Chen.

A vampire was at their strongest after their heavenly tribulation, so this half of a heart was enough to bring Luo Qing Chen back to life.

The heavily injured Luo Qing Chen naturally couldn't beat Rong Leng Mo, so she was back in his manor when she opened her eyes again.

But this time she wasn't in a guest room, rather she was in a secret room.

Everything was controlled by Rong Leng Mo, but he didn't know if he could control Luo Qing Chen because he was strong.

Or if because she saw some clues from his eyes.

Chapter 786: Blood sucking highness' puppet doll (Part 37)

"Since you have caught me, can I ask a few questions?" Luo Qing Chen lashes trembled as her pale lips curled into a faint smile.

She always felt her body was strange, but she couldn't tell why.

Until Xi Jin Ye told her that his powers were weakening, only then did she understand. The power that entered her the day of the heavenly tribulation, it was definitely related to Xi Jin Ye.

There was only one reason for his powers weakening now.

The look that Rong Leng Mo gave her just now, it told her that he knew what was the cause.

"I know it even if I didn't open the Half Step Glass Mirror, you caught me because you want to deal with Xi Jin Ye, right?" Luo Qing Chen narrowed her eyes as they turned cold.

"How do you know about the Half Step Glass Mirror?" Rong Leng Mo was stunned. The Half Step Glass Mirror was a sacred item for the vampires, to open it, one had to be a high grade vampire or....."

In short, it wasn't someone like Luo Qing Chen the blood hunter.

"It isn't important how I know, the important thing is....." She raised a brow and said, "What did the Half Step Glass Mirror tell you?"

Rong Leng Mo was stunned. He brought Luo Qing Chen back without tying her up, he just locked her in a secret room.

Just this already wasn't like the past Rong Leng Mo.

He shouldn't have hesitated to kill her, but why did he hesitate and bring her back?

"He only has half a heart....." Rong Leng Mo paused before continuing, "Xi Jin Ye gave you half his heart."

Her breath stopped, like she had been slammed in the chest, stopping her from breathing.

"You.....You're saying, he....."

"His powers has been weakening since the heavenly tribulation, it's because he only has half a heart." Rong Leng Mo shook his head with a smile of self ridicule, "I never would do something so crazy for so-called true love in my life!"

Rong Leng Mo had to admit that because of the word love, he was so small in front of Xi Jin Ye.

After a while, she controlled her emotions and took a deep breath before saying, "Did you capture me to threaten him? Stop dreaming, he doesn't remember me at all, you can't threaten him."

"No." Rong Leng Mo shook his head and said, "I don't need to threaten him or even need to deal with him, he will soon die with only half a heart. I only need to do a single thing."

He paused before turning to her, looking at her with complicated emotions, "I just need to dig out your heart and destroy it."

Suddenly it became so easy to kill Xi Jin Ye. It was that easy to become first and bring Situ Mei back to his side.

But why did he feel a bit of disappointment in that moment.

He didn't seem as happy as he thought he would be!

"I'll prepare some poisoned wine for you. After you die, I'll take your heart." His eyes sunk as he said, "That way you won't die too painfully."

When his voice fell, the secret room's door opened. The one who came in was no one other than Situ Mei who had been rejected by Xi Jin Ye.

"Why are you here?" Rong Leng Mo looked at her and slightly knit his brows, "Didn't you go looking for Xi Jin Ye?"

"You prepared such a large gift for me, of course I came." Situ Mei looked at Luo Qing Chen locked in the room and said, "You are still the best to me now that I think about it. Although I still want to marry the number one king, if you give me this gift, I can be with you for a few nights to solve your lovesickness."

Chapter 787: Blood sucking highness' puppet doll (Part 38)

Rong Leng Mo knitted his brows and pulled Situ Mei to the side as he said in a low voice, "I caught her for a very important matter, what do you want to do?"

“How important?” Situ Mei gave a proud pout, “More important than me?”

“Stop playing, this is serious.” Rong Leng Mo naturally knew Situ Mei’s methods. If Luo Qing Chen fell into her hands, it would be worse than death!

“Your heart aches? You care about her?” Situ Mei gave Rong Leng Mo a wink, “If you really care about her, just treat it like I said nothing!”

Situ Mei was very clear on what kind of words could incite Rong Leng Mo. Because they had grown up together, the exceptional Rong Leng Mo only revolved around her.

She had this confidence and believed that Rong Leng Mo wouldn’t reject her.

As expected.

“You think that I would imprison a person that I care for?” Rong Leng Mo gave a helpless smile. A flash of emotion that he wasn’t willing to admit flashed in his eyes before he pretended to be calm with Situ Mei, “Do whatever you want, but she cannot die.”

“Relax, there’s no fun in killing her!” Situ Mei pursed her lips and said, “The Rong Clan has a treasure called the Soul Locking Mirror, let me borrow it.”

“She is heavily injured, she will definitely die if you use the Soul Locking Mirror.” Rong Leng Mo closed his eyes and said, “I never thought that you were so cruel.”

Rong Leng Mo felt that the current Situ Mei was not the Situ Mei he knew when he was younger.

That childhood friend, although she was a bit proud, she wasn’t such a ruthless woman.

“Humph.” Situ Mei gave a soft snort, “You do care about her! Let me tell you, my Situ Clan was almost wiped out after using the Blood Domain Array, if you don’t give me the Soul Locking Mirror to deal with her, perhaps the one who will be injured will be me and not her!”

She had to get Rong Leng Mo’s Soul Locking Mirror, otherwise she was worried that she couldn’t beat Luo Qing Chen. That would be embarrassing.

“Take it.” Rong Leng Mo took out a dark red mirror from his sleeve, “I’m going to Blood Moon Street, there is a batch of ‘new products’ today. Soon it won’t just be Blood Moon Street in Nevernight City, if you want fresh meat, you’ll get the first batch.”

As soon as his voice fell, he didn’t take another look at Luo Qing Chen and walked out of the secret room.

Rong Leng Mo was very unhappy when he went out. His steps were very quick and there seemed to be a flame burning in his heart that was about to explode.

Why did his heart feel so uncomfortable leaving Luo Qing Chen to Situ Mei?

Shouldn’t he be happy to offer her to Situ Mei? Shouldn’t he be breaking out in laughter after receiving the king’s power that he wanted?

Why was it that he just wanted to kill at this time?

When he arrived at Blood Moon Street, he didn't say a single word as he bit his sharp fangs into the neck of a girl.

In three seconds, he absorbed all that girl's blood.

The surrounding 'carnivore' vampires were all shocked. Rong Leng Mo really was a special person, he could suck a person's blood this quickly.

There was no one other than Xi Jin Ye who could resist the power that he had.

But why did god have to create a Xi Jin Ye when he made a Rong Leng Mo?

"On the night of a carnival, there's no need to be restrained!" Rong Leng Mo's eyes were bloodshot as his lips curled into a cold smile.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 788: Blood sucking highness' puppet doll (Part 39)

He turned to another person without another word, enjoying the beauty of blood again and again, feeling the pleasure of the taste and the heat that filled his blood.

When his heart calmed down, there was a figure that appeared in his mind.

Under the moon, on the roof, she in her dress as a faint glow appeared from her right hand.

—

At this moment, Luo Qing Chen and Situ Mei were the only ones in the secret room.

Luo Qing Chen had her eyes closed and the wounds on her made her breath short.

But in reality, her heart was more flustered than her current danger.

She couldn't die, Xi Jin Ye wouldn't receive his half heart if she did. As long as she could return the half heart back to him, he would live.

This was her first time finishing a mission with 0% affection!

But so what? She felt it was worth it!

"It seems like I can torture you even without the Soul Locking Mirror!" Situ Mei looked at her with a sinister smile, "Weren't you very arrogant? Didn't you have an amazing treasure? How does it feel to become a prisoner?"

"How does it feel to rely on a man?" Luo Qing Chen's tone was filled with sarcasm. She narrowed her cold eyes, "If it wasn't for Rong Leng Mo, how could you catch me?"

To deal with this kind of arrogant and conceited person, Luo Qing Chen felt that even if she was tortured, she couldn't say anything that made her happy!

"Shut up for me!" Situ Mei tightly bit her lip, "Just wait to die!"

She raised her right hand and opened the Soul Locking Mirror. The mirror released a powerful light that covered the cage in the secret room.

Situ Mei's lips curled as she looked at the mirror, "Let's do something exciting first, one hundred bloodthirsty centipedes!"

Suddenly a hundred bloodthirsty centipedes came out of the mirror, falling one by one.

Luo Qing Chen raised her right hand, panting as she killed the centipedes one by one, but some of them still bit her skin.

These were extremely bloodthirsty centipedes. They went into her flesh, sucking her blood bit by bit while biting her bones, making people think that it was easier to die!

"Situ Mei, it really isn't me saying this about you. You only have this bit of power with this treasure, you really are trash!" Luo Qing Chen closed her eyes. She felt that her vision wasn't too clear and even voices became blurry.

But her words were so clear, as her hoarse voice said this word for word, being filled with power.

"Good.....Good....." Situ Mei's voice was trembling in anger, "This is just the appetizer, I'll serve the main course now!"

As soon as her voice fell, she angrily roared at the mirror, "Strong sulfuric acid!"

A large torrent of sulfuric acid came out of the mirror above her.

Luo Qing Chen wanted to use the Exquisite Ring to block, but she couldn't use any strength. It was like her body was hollowed of blood and she could only take every wound the flowing sulfuric acid dumped on her body.

"Ah!" There was a heartrending scream, as her vision turned to black and she lost consciousness.

But there was still pain. Very, very painful, so painful it drilled into your bones and into your heart.

At the same time, Xi Jin Ye in the king's manor felt his heart tightened as a strong pain filled him again and again.

He slightly knit his brows and looked at the dark sky. The dark red light was slowly spreading from a certain place.

"It seems like the ghost doll is about to descend!" He narrowed his eyes as he muttered this.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 789: Blood sucking highness' puppet doll (Part 40)

Xi Jin Ye always felt that his powers weakening was related to the ghost doll descending, since other than him, there were no other vampires in Nevernight City that had the creation ability.

And the doll that he created back then.....was gone!

He had searched for a long time, but he couldn't find it no matter what methods he used. He had lost his beloved doll, his most important thing.

But now he knew that his doll used an unknown method to become a ghost doll and would be descending soon.

He didn't know whether to be happy or sad, his position as the king of Nevernight City would be replaced with his doll soon.

The legend of Nevernight City, obtain the ghost doll, obtain Nevernight City.

—

She didn't know how long she was in the secret room for. Luo Qing Chen felt like she was about to take her final breath, but she woke up with all her willpower.

Situ Mei was drinking blood tea not far away while speaking to the person who brought the blood tea in!

"I always thought that I can't be this arrogant since I'm this beautiful! It's a pity that my man always likes to pamper me, giving me the best things, like this Soul Locking Mirror." She laughed as her eyes turned sinister.

"Young miss Situ is absolutely right, this kind of person deserves to die!" The servant viciously agreed, laughing along with Situ Mei.

This young miss Situ was the most beloved person of the two most powerful vampires in Nevernight City, a small person like her couldn't offend her.

"That's right! What kind of revenge do you think I should take on this ugly little cheap person!" Situ Mei shook her head pretentiously, "I wanted to use her as a plaything for low level vampires, but she is so ugly that no one will want her!"

Luo Qing Chen woke up and she heard every one of Situ Mei's words.

It was so ugly, so disgusting!

"That's right!" Mister Rong's face didn't look good earlier when he left, I thought that he had a fight with young miss Situ!" The servant continued, "But now it seems like he was angered by this trash!"

"Pa." A crisp slap fell onto that servant's face.

She quickly kneeled, "This slave deserves death, this slave was wrong, please don't be angry, young miss Situ!"

Actually she didn't know what she said wrong, but Situ Mei was rumoured to be unstable and liked to slap people.

Last time a vampire named Jin Jiao had offended her and now was being outcast.

So she learned to be good. First kneeling and begging wasn't a bad thing!

"You said that Rong Leng Mo's face didn't look good?" Situ Mei crossed her arms, "He really does care about this ugly monster! Eh, do you think that Rong Leng Mo has something wrong with his eyes, caring about this kind of thing?"

"Yes, yes, yes!" The servant quickly echoed, "This kind of thing can't compare to young miss Situ!"

"Pa." There was another slap and the servant fell to the ground. She bled from the mouth and cried in panic, "This slave deserves death, this slave deserves death!"

She really felt that there was something wrong with Situ Mei. The world was always changing, she wanted to see how long she could hold the hearts of the top.

“You’re actually comparing her to me, is she qualified?” Situ Mei gave a cold snort before roaring with a look of anger, “Speak, where is Rong Leng Mo?”

She never cared about what Rong Leng Mo said, so when Rong Leng Mo told her where he was going, she was only thinking about the Soul Locking Mirror and didn’t hear anything else.

“Mister Rong.....He went to Blood Moon Street.”

“You! Come with me to Blood Moon Street!” Situ Mei looked at Luo Qing Chen who was motionless in the cell before saying, “Anyway, I’m bored of playing! If I take another look at this ugly monster, my stomach will hurl!”

As soon as her voice fell, she turned and walked out the door!

There was only her left in the room, finally she could use her ability!

[Ding, 500 exchange points has been taken. Successfully exchanged for teleportation.]

She knew that she didn’t have much exchange points left, but she had to exchange for this.

Because she needed to find Xi Jin Ye and she had to find him!

“Peng.” With a strong sound, she fell onto the ground after teleporting.

It was blurry in front of her, but there seemed to be a person walking over. When he appeared in front of her, she slowly reached out a hand to grab his robe.

Xi Jin Ye knit his brows. Looking at this person that was completely ragged, he felt like he couldn’t breathe.

He leaned over and wanted to see her clearly, but she grabbed his collar.

She said in a hoarse voice, “Xi Jin Ye, didn’t you ask if you knew me or not?”

“Why are you back?” He knit his brows and he couldn’t help revealing a bit of concern and reproach in his voice, “Who made you like this?”

“I.....” She took a deep breath and gathered all her willpower so she wouldn’t speak in broken sentences.

She suddenly raised her head to say, “I am your enemy from your heavenly tribulation in the mortal world, I killed your entire family and took advantage of your most dangerous moment to take half your heart! So I was injured by the heavenly thunder.....ke, ke.....and turned into this!”

She knew that these words could make Xi Jin Ye accept her heart.

There were times that truth wasn’t convincing, but lies made people believe.

“Half my heart?” Xi Jin Ye’s eyes became serious as he knit his brows, “Why did you come looking for me?”

“Because I know that without my half of your heart.....ke, ke.....your powers.....your powers will keep weakening.” Luo Qing Chen looked up as the Exquisite Ring released a faint golden glow. Although it couldn’t heal her body, her eyes were completely clear.

“What do you want to do?” His voice had a slight tremble to it.

There was a feeling of extreme fear in his heart, a feeling he had never felt before.

Even if his powers were weakening, he had never been afraid.

Neve night City’s king lived on the knife’s edge, not fearing life or death, only ruling with his strength.

But right now, he was completely flustered.

“I’ll return this heart to you, you.....you.....ke, ke.....” She knew that her willpower wasn’t enough for her to keep speaking. She dug out her heart while giving her last sentence——

“Take revenge for me.”

The moment her heart left her body, she turned into dark light and disappeared into the darkness.

The half a heart she left behind entered Xi Jin Ye’s body at the same time.

A complete heart formed and Xi Jin Ye received the memories sealed inside the half heart.

Every scene flashed before his eyes, every one of her actions and words, her look and her smile seemed to be engraved in his mind with fire.

Never being able to forget.
