Chapter 791: Blood sucking highness' puppet doll (Part 42)

There was a heartrending sound that broke the sky, as Neve night City was doomed to a restless night.

Xi Jin Ye closed his eyes. When he opened them again, they were blood red and his powers gathered around him, like it was about to explode.

At this time, the people of the Rong Clan surrounded his manor, being led by Rong Leng Mo and Situ Mei.

He walked out step by step, filling the air with an intense killing intent that made people unconsciously tremble.

"Xi Jin Ye, although there's still some time before the king's challenge, I can't wait." Rong Leng Mo looked at Situ Mei beside him and said, "The grudge of you stealing my fiancée will be settled today."

"What stealing!" Situ Mei said to him, "Mei'er always belonged to big brother Leng Mo!"

She was someone who could see the situation. Since Rong Leng Mo brought the entire Rong Clan, it meant that he had confidence in fighting Xi Jin Ye.

Reversal was inevitable!

"These words aren't false." His voice was ice cold and his deep eyes released waves of chill, as he narrowed his eyes and said, "I only had one wife."

"Ze, ze, ze."

The sounds of gossip rolled out with this.

"The king's wife? Who is it?"

"I don't know. The king has been alone since his heavenly tribulation, I never heard of a wife!"

"But I envy the person who he calls his wife....."

.....

"It's a pity....." There was a faint sadness in Rong Leng Mo's eyes as he softly said, "She won't appear."

In his eyes, Luo Qing Chen was a good person! Although she poisoned him, when they were destined to be enemies, she still gave him the antidote.

If he hadn't met Situ Mei first, perhaps things would have been different.

But it was a pity there was no if in this world.

"Then....." Xi Jin Ye narrowed his eyes and his lips curled into an evil charming smile filled with killing intent as he said, "You can be buried with her."

"Si, si, si."

Countless blood crows appeared around the building, one turning into two and two turning into three.

“Xi Jin Ye.....You.....” Rong Leng Mo naturally knew what ability he used.

This was a forbidden technique of Nevernight City, the ability that few could awaken in a thousand years, creation.

“Didn’t you like using the Soul Locking Mirror?” Xi Jin Ye gave a cold snort, “Then I’ll let you have a taste of those painful memories!”

Regaining his half a heart, he inherited all her memories.

Bit by bit, all of it pained his heart.

His final regret in life was going through the heavenly tribulation. If it wasn’t for that tribulation, he wouldn’t have become the king of Nevernight City and could have lived the peaceful mortal life with her.

“Everyone, don’t panic, this is his last effort.” Rong Leng Mo’s skeleton copper bell rang, “His ability can’t last long, so everyone needs to hold one and Nevernight City will be ours!”

“Rong Leng Mo, you really are too naive.”

As soon as his voice fell, countless blood crows attacked them. With his ice cold aura and his killing intent, everyone had to die, no one deserved to live!

Since she had left this world, this world no longer had any meaning in existing.

Chapter 792: Blood sucking highness’ puppet doll (Part 43)

Why, why did Xi Jin Ye suddenly become this powerful?

Could it be.....

“Where’s Luo Qing Chen!” Rong Leng Mo struggled to put up a barrier while looking at Situ Mei who was a bit panicked.

“In.....In the secret room!” Situ Mei bit her lip and said, “I tortured her half to death, she couldn’t have gotten out.”

Rong Leng Mo looked at Xi Jin Ye who made it look effortless and his voice trembled slightly as he said, “No.....She should already be dead.....”

He wasn’t a fool, Xi Jin Ye was completely different from when he couldn’t block that dark light.

In the end, he missed that one last step.

“You.....What do you mean!” Situ Mei’s eyes opened wide as she stared at Rong Leng Mo, “It can’t be that you fooled me, right! Are you trying to kill me!”

“Mei’er!”

“Pei!” Situ Mei tilted her lips, “Don’t call me, my Situ Family has nothing to do with you!”

As soon as her voice fell, she shouted at Xi Jin Ye, “Big brother Jin Ye, quickly save me, I was tricked by this lowly person!”

“Is that important?” His ice cold voice slowly rang out. The blood crows kept appearing from behind him and the bigger the crows became, the stronger they were.

“Big brother Jin Ye.....” Situ Mei knit her brows, not understanding what it meant.

In her eyes, since Xi Jin Ye was talking to her, it meant that she still had a chance!

She didn’t want to die. She was this beautiful, how could she die with someone like Rong Leng Mo?

He wasn’t worthy.

“Nothing is important.” He gave a cold laugh. His eyes turned cold as he roared out, “Everyone will die. What vampire, what blood hunter, what human. She is dead, so how can you have the right to live?”

Through the memories, all the pain of his beloved drilled into his heart bit by bit.

Even he didn’t plan on living.

“You maniac!” Rong Leng Mo understood what he meant. His face was a bit pale from exerting his power.

But he gritted his teeth as he squeezed our word for word, “Are you worthy of us vampires?”

“Why didn’t you think this when you killed her?”

“I didn’t kill her!”

“Right, you didn’t kill her!” Xi Jin Ye narrowed his bloodshot eyes as he looked at Rong Leng Mo, “You just made her life worse than death!”

“Si, si, si.” More and more blood crows hit Rong Leng Mo’s barrier.

Rong An spat out a mouthful of blood, “Big brother, I can’t hold on any longer!”

“Keep going.” As soon as his voice fell, Rong Leng Mo turned to Situ Mei, “I will put a barrier around you. After you leave this barrier, leave Nevernight City and don’t turn back, do you hear me?”

In the time of danger, he wanted to protect her.

“This is what you should do, Rong Leng Mo!” Situ Mei’s eyes were filled with rage as she stared at him, “If it wasn’t for you, I would still be the one in Xi Jin Ye’s heart, how could I need to run away! You trash, you were trash from the beginning!”

Rong Leng Mo tightly clenched his fist and his right hand tapped on her forehead, as golden light surrounded her. He took a deep breath before saying through gritted teeth, “Quickly leave.....Situ Mei, from this moment, I, Rong Leng Mo no longer love you.”

Chapter 793: Blood sucking highness’ puppet doll (Part 44)

In an instant, the sky was bright red and shining just like the day.

This was Nevernight City's first time being this bright, being this red.

"Ghost doll, the ghost doll is descending....." Rong Leng Mo muttered to himself. There was a faint sparkle in his eyes as he said, "Perhaps only the ghost doll can prevent the destruction of Nevernight City!"

"Ghost doll?" Situ Mei who had just taken two steps turned around. She looked at Rong Leng Mo with a look of joy, "The ghost doll you're talking about is the puppet doll recorded in the Half Step Glass Mirror?"

"Un." Rong Leng Mo said with a frown when he saw that she still wasn't leaving, "You're not leaving?"

"Why would I leave!" Situ Mei said with a cold snort, "You're right, Nevernight City will soon change masters, but that master will not be you. It will be master ghost doll!"

Xi Jin Ye had already gone mad and Rong Leng Mo couldn't beat Xi Jin Ye, so there was no need to mention beating master ghost doll!

She had changed her goal, becoming the girl in the hearts of these two men no longer had any meaning!

"Situ Mei, you're really not leaving?" Rong Leng Mo took a deep breath as a trace of blood came out of his mouth.

Xi Jin Ye's powerful abilities had already forced him to use all his strength to resist it.

Throwing an egg against a rock was no use at all.

Not to mention that Xi Jin Ye was already stronger than his. A person set on dying, their power was immeasurable.

"I'm not leaving. I think that you're jealous of me, jealous of our Situ Clan!" Situ Mei looked at Rong Leng Mo and said, "When master ghost doll descends, you're not allowed to talk about the relationships between us. Oh, right, there is no relationship between us!"

He had to admit that Situ Mei's voice was like a needle, piercing into his heart with every word.

He had seen the wrong person, rather it was more accurate to say that he was blind.

"Xie." The golden light surrounding Situ Mei had disappeared and he said with a cold laugh, "As you wish."

As soon as his voice fell, he took back his barrier and jumped out towards the roof of the building.

"You.....You really are petty....." A bunch of blood crows attacked the Situ Clan. Although the Rong Clan weren't Xi Jin Ye's match, they still didn't lose their lives in front of the blood crow.

Rong Leng Mo looked at the sky as his eyes became deeper.

There was a figure looming in the moon. She had a long red robe, dressed like a puppet doll, but her face couldn't be seen clearly.

"Save me.....Rong Leng Mo.....Quickly save me.....Big brother Jin Ye, I'm your Mei'er! Your Mei'er....." Situ Mei roared out with a hideous look on her face!

Xi Jin Ye gave a cold snort as he narrowed his eyes. He gathered light blue energy with a raise of his right hand and his eyes were filled with killing intent as he looked at Situ Mei, "You can be buried with her.....die!"

As soon as his voice fell, the light blue light flew out in Situ Mei's direction. Wherever the light went, the blood crows parted.

"Ah!"

"Xiu!"

With a pitiful cry, a dark red light fell from the sky to stop Xi Jin Ye's attack.

Situ Mei cried out in wild joy, "Master ghost doll, master ghost doll!"

Xi Jin Ye narrowed his eyes as he looked up. When he looked at the bright red sky, his eyes trembled.

There was a familiar look that flashed in his heart.

That figure, it seemed similar to the doll he had made when he was younger.

Could it be that this puppet doll was the ghost doll.....

Chapter 794: Blood sucking highness' puppet doll (Part 45)

At this time, Situ Mei was filled with joy. The king that hadn't appeared yet, the future king of Nevernight City had actually saved her.

One could only blame her charm. She was after all the number one beauty of Nevernight City, every man would be attracted to her.

And she would marry the strongest one!

The dark red figure approached, making people unconsciously hold their breaths.

And she.....actually fell to Xi Jin Ye's side without hesitation. She handed him the puppet doll in her hand as she said to him, "Long time no see!"

On her dark red robe, every pattern was just like the doll that she had given him.

Big eyes with red lips, long lashes that slightly curled, white skin that shined with blood, and eyes as clear as water.

"How.....How can the ghost doll be female....." Situ Mei's expression became a bit disappointed as she pouted her lips, "And she really does look good."

But a woman had saved her, could it be.....

Could it be that her charm could even control women?

Thinking of this, Situ Mei couldn't help revealing a bright smile.

"Master ghost doll!" She said with a smile as her eyes filled with charm.

“Pa, pa.” She just raised her hand and two heavy slaps fell onto Situ Mei’s face. She couldn’t control herself as she was knocked to the ground with eyes filled with confusion.

“You.....”

“I didn’t let him kill you because I didn’t die that quickly!” Her eyes were cold and she had a chilling smile as she said, “What? You don’t know who I am?”

Her eyes were ice cold and her skin was even whiter under the moon. Xi Jin Ye’s heart skipped a beat in that moment as he looked at her with joy and said, “You are.....”

“The doll that you personally created.....” She paused as she turned to Situ Mei on the ground. Her eyes sparkled as she said, “And Luo Qing Chen who you personally sent to the underworld!”

“Pa, pa.” As soon as her voice fell, another two slaps landed on Situ Mei’s face.

“No.....Impossible!” Situ Mei covered her face which had turned pale as she said, “You.....You were just a normal vampire, impossible.....”

“Who told you I was a vampire?” She said with a cold laugh, “Didn’t your fiance tell you that my mortal identity was a blood hunter?”

“Rong Leng Mo!” She turned her head and looked at Rong Leng Mo under the moon with gritted teeth, “You actually.....brought a blood hunter into Nevernight City!”

Situ Mei’s powerful words made Rong Leng Mo’s heart tremble unconsciously.

There were some unconscious changes that occurred in his feelings, the so-called love and hate.

The feelings buried deep in his heart, the one that he desperately refused to admit.

They all collapsed in this moment!

“So what?” Rong Leng Mo narrowed his eyes and said with pursed lips, “Do I, Rong Leng Mo have to report everything I do to you?”

“Are you two.....fighting?” Luo Qing Chen gave a chuckle before suddenly giving another two slaps.

Situ Mei’s face was already very swollen. She looked at Rong Leng Mo’s with a pitiful look, “Save me.....You said that you would protect me, you told me this when we were kids!”

“If he wants to save you, he’ll go to hell with you!” Luo Qing Chen said with a cold snort, “I wonder just how infatuated the big brother Leng Mo in your heart really is.”

Chapter 795: Blood sucking highness’ puppet doll (Part 46)

As soon as her voice fell, she slowly raised the blood red sword in her hand to attack Situ Mei.

The sword qi was very powerful and Xi Jin Ye took back all his blood crow as he worked with her.

The sharp blood red sword cut across Situ Mei’s face again and again as she called out in pain.

She didn’t even blink, as her eyes filled with hatred towards Situ Mei.

When she cut her ninety nine times, Situ Mei's face had turned into a skull.

Not just her face, even the hands covering her face.

When the screams fell upon her ears, it was a kind of pleasure.

Perhaps she really was the ghost doll that killed people without blinking of legends.

"Luo.....Luo Qing Chen....." Situ Mei tightly held her face and gritted her teeth as she said, "I.....I, Situ Mei.....even if I become a ghost.....will not let you off!"

"Come at me." She was already this dominating back on Ghost Street and the power she inherited now was several million times stronger.

The sword gathered in her hand and she revealed an ice cold smile. She looked at the bloody and ugly Situ Mei, "Goodbye."

In the blink of an eye, Rong Leng Mo appeared in front of her and the sword stabbed his heart.

He tightly held her. It was at that moment, the man with the snow white robes admitted the deepest secret in his heart.

He laughed at himself as he whispered one word in her ear.

"Sorry."

He should have said this word to her much earlier. When he gave the Soul Locking Mirror to Situ Mei, he already owed her his life.

But Rong Leng Mo wasn't willing to admit that he fell in love with a blood hunter.....

How ridiculous, how hard it was to believe.

And this person was Xi Jin Ye's wife in the mortal world.

But everything in the world would come to an end, this ending was probably for the best.....

Xi Jin Ye's eyes standing behind Luo Qing Chen turned cold. A powerful force gathered in his hand that pushed Rong Leng Mo in Situ Mei's direction.

The sword flew out and landed in Situ Mei's heart.

The two turned into dust and scattered in the endless night sky.

Luo Qing Chen felt her body being pulled by a certain someone, falling into a warm embrace.

Before she could react, a passionate kiss was placed on her lips.

The Rong Clan was furious as Rong Leng Mo's death and wanted to take Xi Jin Ye's life, but he didn't care at all. He kissed the person in his embrace as he raised his right hand, creating a dark red barrier.

Xi Jin Ye's barrier was different from Rong Leng Mo's, his barrier had the power to attack and it was very strong!

“Thank you.....thank you.....” After a while, he softly let her go. His eyes had tears and he wanted to say something, but he was too panicked, so he could only say, “I’m sorry.....I.....didn’t protect you properly.”

If he hadn’t lost his memories, if he had kept her in his manor, she wouldn’t have undergone such painful torture. Even if she couldn’t awaken as the ghost doll, he would have used all his strength to protect her.

But he had let her go at that time.....

“But I’m back!” Luo Qing Chen looked at him with clear eyes, “Every person has their fate. Did you think about the consequences when you gave me half your heart?”

Chapter 796: Blood sucking highness’ puppet doll (End)

Xi Jin Ye at that time was just thinking about how to keep his wife alive.

When he saw Luo Qing Chen who almost died from the heavenly tribulation, he didn’t even think as he gave her half his heart.

He knew that he wouldn’t live long with only half a heart, but he still did this.

Seeing how flustered he was, she couldn’t help feeling a bit of pain.

On the day of the heavenly tribulation, he had asked her: Can we go home?

“Fool.....” Luo Qing Chen touched his face and pursed her lips, “You never owed me anything. You created me and gave me life, I was just a doll.....”

“No!” He shook his head and tightly held her in his embrace, “You are my wife! Whether it is in the mortal world or Neverynight City! If you can only be my wife in the mortal world, I’ll destroy Neverynight City!”

Hearing his determined voice and seeing his determined expression, Luo Qing Chen couldn’t help smiling. He still had the potential to become a black bellied highness, it was just like when she met him in the mortal world.

—

The battle of Neverynight City was naturally won by the Xi Clan led by Xi Jin Ye.

After all, whoever owned the ghost doll owned Neverynight City, not to mention that the ghost doll and the king seemed close!

Xi Jin Ye wanted to give her another wedding, but she refused.

In her eyes, no wedding could compare to the one in the mortal world.

But their days in Neverynight City weren’t boring.

The normal days went——

“What do you want to eat today? There’s nothing in Nevernight City, I have to run all the way to Shantou City for dishes, it really is too much!”

“Vampires drink blood, they don’t eat anything else.....”

“.....”

—

“Qing Chen, I’ll go find some food! What do you want me to bring back for you?”

“Bring me a cute rabbit!”

“Alright!”

In the end, Xi Jin Ye always brought back a cute dead rabbit!

“.....”

—

“Husband, what is your dream?”

“To be by your side. What about you?”

Luo Qing Chen thought for a bit before saying, “Of course it’s to enjoy this world’s delicacies with you!”

“.....”

—

It was important being the same species!

They didn’t live that long in this world, at least not as long as one imagined.

A big tree attracted wind. Xi Jin Ye always emphasized ‘vegetarianism’ and always suppressed the attacks of the vampires.

The Xi Clan had no descendants and the older generation gradually became weaker.

Although there was the ghost doll by his side, he was feeling exhausted by the years of battle.

At this time, Xi Jin Ye got two pills from the Half Step Mirror, one for Luo Qing Chen and one for himself.

This pill was similar to the poison that Luo Qing Chen gave Rong Leng Mo before, it turned them into mortals.

The aura of a vampire and the ghost doll was easily sensed. They ran for half a month and ate the pill after coming to a small city south of the river.

Since then, they were no longer vampires that could live for millions of years, they were normal people who could age, get sick, and die.

Although they made plans, the vampires of Nevernight City would fight back. Since it would come one day, this was the best decision.

“So hungry!” Xi Jin Ye held Luo Qing Chen’s hand after eating the pill. He ran to a certain restaurant and said to her beside him, “Wife, your dream is going to come true!”

“Ah?” Luo Qing Chen was surprised, but she had a faint smile. The smell in the air was familiar and refreshing, she really liked this place better!”

He softly pinched her nose in a loving manner, “I’ll eat the world’s delicacies with you!”

If it was said his goal coming to the mortal world wasn’t to avoid the vampires, but to realize her dream.

It wasn’t an exaggeration.

Because the mortal world was where they met, then they would have a happy ending with a few peaceful years!

Chapter 797: Side story: Nevernigh deep dream (Part 1)

I cared about her in the beginning, but seeing your spring wind after, I deeply laughed at myself. ——
Rong Leng Mo

Nevernigh City, Rong Clan’s Rong Leng Mo

I wasn’t famous when I was born, I only became famous when I fought against the Xi Clan’s Xi Long Zhan.

Several hundred rounds was so easy for me.

Although I lost in the end, I was only twenty eight that year. I knew that I would become the brightest star in Nevernigh City and nothing could stop me.

Nevernigh City’s number one beauty, Situ Clan’s Situ Mei showed affection to me. I was still young and wild then. Although I was cold on the surface, I was strongly vain deep down.

I knew that Situ Mei and I were the same kind of people.

Until the dazzling display of Xi Jin Ye, letting me know that there was a vampire who was more talented than me in this world.

He received attention the day he was born because he was the king’s son. The sky was covered in red, sometimes bright and sometimes dim.

But I always thought that it was a trick by the Xi Clan.

But when he became stronger and stronger, coming close to being a higher grade vampire than me, I knew that he would become a stumbling block for me.

And I couldn’t beat him in the end.

Because he welcomed his heavenly tribulation when he was one hundred. The entire Nevernigh City knew what the heavenly tribulation meant.

99% of the vampires in Nevernight City didn't need to experience a heavenly tribulation because it was the mark of an expert.

Once he passed it, Nevernight City would change masters. No matter who Nevernight City's king was, they couldn't beat him!

To my surprise, one hundred.....It seemed like Nevernight City never had a vampire who had undergone his heavenly tribulation when he was one hundred.

I was unwilling, very unwilling.

I definitely couldn't let it happen easily, so I used master Wu You.

The world's strongest blood hunter and I heard that Xi Jin Ye during his tribulation was his disciple.

Everything went very smoothly. Wu You calculated the position of the heavenly thunder and put down an array, waiting for Xi Jin Ye to take the bait.

But I never thought that the plan couldn't keep up with the changes.

His so-called wife had appeared, the one who stood on the eaves that day with that strange treasure.

This was my second time meeting Luo Qing Chen, but her appearance was firmly engraved in my mind.

I heard their conversation and felt it was a bit funny, but was also a bit moved.

Because I personally watched her use all her strength to block the heavenly hundred and the flame spell, blocking everything.

I suddenly thought just what was inside her mind?

Love? What a joke!

Later on, I became very strange. I kept heading to Shantou City and I kept telling myself that I was only looking for Xi Jin Ye's former lover to steal back Situ Mei.

But I found that I couldn't convince myself. The things that I wasn't willing to admit had sprouted deep in my heart.

Until I met her again. She had greatly changed, losing her appearance and her voice.

But her goal didn't change. She was still looking for Xi Jin Ye, just like I imagined.

I couldn't help reminding her of many things, I couldn't help accepting her reasonable request of giving her my blood bracelet.

On the surface I was being threatened by poison, but my heart was filled with excitement.

Although I kept restraining it, there were many things that had changed unconsciously.

My emotions, my thoughts, my strange feelings.....

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 798: Side story: Nevernight deep dream (Part 2)

The thing that I regret the most in my life is giving the Soul Locking Mirror to Situ Mei. I had calculated everything and I also knew how Situ Mei would treat Luo Qing Chen, but I still gave it to her.

Because I wanted to know that I didn't care, didn't care about my thoughts, didn't care about.....her!

But every single one of my actions at Blood Moon Street had betrayed me.

I cared about her and I cared very much.

There weren't many scenes in my mind, but my heart would be happy as long as I thought about them.....even feeling blessed.

I had to become the king of Nevernight City, I had to replace Xi Jin Ye.

Then I could rightfully have her, at least I could try walking by her side.

After all, I could even treat someone like Situ Mei well!

I didn't have time, I gathered all the people of the Rong Clan without even thinking to tell them that Xi Jin Ye was weakening.

He would only weaken and I would only get stronger.

But when I saw him summon the blood crows, I knew that he was not the same Xi Jin Ye.

At that moment, I felt my heart skip a beat and my breathing became heavy.

I knew that his revival meant something, it meant that Luo Qing Chen.....was already dead!

But I still had a bit of hope in Situ Mei. When I asked her, I could feel my heart tremble.

She must have used all her torture skills to kill her.....

Although I didn't know how she left the secret room, I knew that my life was about to end.

Waves after waves of blood crows attacked my barrier, but my heart was calm.

I had Situ Mei leave, but every single one of her words were harmful.

I was suddenly filled with regret, how could I like this kind of person! She looked so good on the outside, but she was ugly deep down that made people feel disgusted.

People at least had to treat their people well.

Situ Mei always let me down and I.....let down Luo Qing Chen.

The sky lit up and the ghost doll descended. I was filled with excitement in that moment. I didn't know where this excitement came from, but I was excited.

When I saw the figure descending from the sky, it was a face I didn't know, but the clearness of her eyes were similar to one person.

She stood by Xi Jin Ye's side as she decisively cut Situ Mei. She said.....

She was Luo Qing Chen!

No one in the world would know just how much my heart was throbbing in that moment.

I watched her torture Situ Mei, but there was no pain in my heart. I knew that she loved Xi Jin Ye, I knew that she already could not belong to me.

It was that impossible, but I used all my strength to hug her once.

Even if it was once.....it was fine!

My heart thought this and my body did this.

This should be the most decisive and crazy thing that I ever did. I blocked her sword and firmly let her sword pierce my heart.

I went forward with a smile. So painful.....so painful.....but my heart was filled with excitement.

Because right after that, I firmly held her in my embrace.

I knew that this was the first time and the last time! I didn't regret it, I even felt it was a bit worth it.

A life for a hug and one word left behind.

Actually I didn't want to say sorry.....but I couldn't say the other three words.

Because I was the one who had hurt her, I didn't have the right to say those three words.

But I knew that someone else would say those three words to her for me.

And she would be very happy!

Chapter 799: Side story: The gentle times

Human and ghosts can't be together, I met the tribulation by accident, I wasn't willing to pass it. ——Xi Jin Ye

I didn't know when I fell in love with her, perhaps it was the golden light that mesmerized my eyes and messed up my life.

Un, I should have said it more domineeringly. I liked her, I liked her with all my heart!

The seven months in the mortal world were the greatest seven months in my life.

The first time I liked someone, the first time I had a goal worth striving for, the first time I wanted to stay with someone for the rest of my life.

I felt that it was a blessing for me to meet her, but I never thought that her meeting me would be her misfortune!

A person who lost their memories had a blank life, yet he pretended to be that original person to live a peaceful life.

It was like having a giant secret deep down and your heart panicked, but you had no one to talk to.

The first time we met, she very decisively saw through me.

That feeling really was.....indescribable.

After asking around, I learned that she was engaged, which had just been broken!

Since god was willing to give me this chance to be the hero, why wouldn't I take it!

Appearing at the Drunken Immortal House and standing at her side. I suddenly felt that my vanity was greatly satisfied, like I could still live a good life even if I didn't have any memories!

Later she became my wife and for some reason, she looked forward to the dusk and dawn.

There were many things to do every day. Listening to the opera, going to the Drunken Immortal House for tea and ordering a few dishes that she liked.

Occasionally we would go to the market and she would buy a few things she liked.

But I never thought that these days would only last seven months.

That day, lightning filled the sky. I stood in that array and I could vaguely guess that my identity wasn't normal.

But at that moment, I really wanted to go back to our manor and I wanted to hug her while we fell asleep.

I asked her if we could go home, but she told me to resist the heavenly tribulation.....

What an unfamiliar name, but the power gathering in me told me this was my tribulation.

But I wasn't willing.....

I watched as she fell down in front of me covered in wounds, I personally dug out half my heart for her.

I told you, if she can't live, I have no reason to live.

But when I opened my eyes, I couldn't remember a thing

It really was a joke. When she appeared in front of me again, I actually couldn't recognize her.

How sad she was and how cruel I was.

Then.....Then.....

That hoarse voice, those clear eyes, and the tears falling as she dug out her heart and turned to ashes.

At that moment, it felt like my world had completely frozen.

I didn't know what to say or do. I just felt pain wash over my heart, it hurt as I looked at that half a heart and hesitated on whether to put it in myself.

The war was imminent, but my mind didn't think of victory, just destruction.

I wanted to destroy this world, I wanted everyone in this world to be buried with her!

The happy thing was that she came back.

Just like a phoenix being reborn from the flames, I knew that she was no one else.

She was the doll that I made.....

In Nevernight City, she was my doll and in the mortal world, she was my wife.

I suddenly began believing in fate. I suddenly missed the mortal world, I missed the passing time.

People were fleeting and the vampires lived a long life. If you're willing to be with me, I'm willing to turn to bones with you.

“Ai, the entertainment industry!” Luo Qing Chen pursed her lips and couldn’t help thinking of proud mister Mu! She wondered who she would meet this time!

At least they were familiar since they had similar impressions. The door of truth slowly opened and she worked hard to find the earliest memory!

[Currently importing memories, please accept them, host!]

This was a story of the previous host causing her own death! The male and female lead were a couple of envy. Although they had married for family benefits, their relationship was quite good.

But less than three months after they married, the previous host was captured by the sweet words of the supporting male lead Ye Zuo Chuan. Ye Zuo Chuan who entered He Chen’s company and stole company secrets to reveal to small companies in the same industry.

When she didn’t know was that Ye Zuo Chuan had kept her in the dark. He didn’t like weak and silly young misses like the previous host, he liked someone who could fight alongside him. For example, Bai Yi Yi who was exceptional whether it was in ability or talent.

Even if they had a small company and Bai Yi Yi was only a third rate star, Ye Zuo Chuan couldn’t stop falling madly in love with her.

It was a pity that Bai Yi Yi was someone with high views, Ye Zuo Chuan couldn't catapult her to success.

She entered He Chen's Star Art Company after she became a first class star.

Even though He Chen was divorced and was single, she didn't have a chance to meet the male lead at all.

Because He Chen was a very smart person and also.....a very obsessive man.

The previous host stole secrets from Star Art after divorcing He Chen while jumping into Ye Zuo Chuan's embrace.

After being used, Ye Zuo Chuan threw her away without a single thought.
