Chapter 81: Abstinent Beast God's pampered little princess (Part 12)

His eyes finally landed on the Exquisite Ring on her finger and his brows slightly knit. His cold eyes narrowed as he said, "The ancient divine weapon, the Exquisite Ring, how could it choose a mortal as a master?"

"Ah!" Luo Qing Chen had a confused look as she said, "The ring can choose a master!"

"Of course, divine weapons recognize masters." Ling Xiu sat down on a tall chair and looked over Luo Qing Chen in front of him as he said, "But you are a mortal without a trace of spiritual energy, you can't pass the God Punishing Sword Array even with an ancient divine weapon. How did you get in without a single injury?!"

I have a system! Although my system doesn't understand emotions, I do have exchange points! I spent five hundred points to directly come up to you, alright?

Of course that was only in her mind, she couldn't say it out loud!

"I don't understand either, perhaps it was my strong willpower that let me come up!" Luo Qing Chen said while shaking her head.

"Full of nonsense!" Ling Xiu clearly didn't believe a single word. There was a sparkle in his deep eyes and his cool voice that had an enchanting feel to it said, "Why did you actually come here?"

This was his second time asking this question. The people that could make him ask a single question twice in the past few hundred years were no longer in this world.

"I already said that I am here to find you!" Luo Qing Chen gently bit her lip. Her eyes were clear and bright, not like someone who was lying at all!

Nonsense, she wasn't lying to begin with!

"Why?" Ling Qiu's bright eyes had sparkles as he looked at her while questioning her.

Without knowing why, the depth of his heart actually believed her. Actually this didn't suit his style, Ling Xiu had never trusted a person this quickly before.

Could it be having a close relation would make people lose the reasoning they should have!

Damn, it should be! He was actually a bit addicted to this feeling!

"Because the people all say sir Ling Xiu's techniques are very strong. I've never had parents since I was young and I've been bullied by many other girls because I'm so pretty....."

"Un humph." Ling Xiu couldn't help snorting. It wasn't because she said that he was strong nor was it because she said she didn't have parents, it was because she called herself pretty.

Although she was indeed quite pretty, with her serious eyes and calm voice saying these words, it made him feel it was a bit funny and a bit cute.

"Ah, what is it?"

“Nothing, keep going.”

Luo Qing Chen cleared her throat before continuing, “So I wanted to fight back and not be bullied anymore. After some thought, I came to the Witch Race and wanted to become.....sir Ling Xiu’s maid.”

“I don’t need a maid.” His cold eyes slightly narrowed and he directly rejected her with a hard to read expression.

Although he wasn’t willing to reject her in the bottom of his heart.

“You definitely need one!” Luo Qing Chen continued without giving up, “There are many benefits to having a maid. Like taking care of your daily necessities, making meals, planting flowers.....”

“All this can be done by my little servant, Mo Bai.” He continued to reject her in a cold voice, not leaving any room for discussion.

Without knowing why, seeing her lush red lips slightly pouting in nervousness and her face filled with a blush, his heart was actually a bit happy. He suddenly wanted to see very much what she would look like if he kept rejecting her.

But he never would have thought that.

“But he can’t do what we just did right!” Luo Qing Chen’s heart was actually filled with anger and she shouted out what she wanted to say the most.

But she was filled with regret the instant she said it! She was really poking at a tender spot, can’t the matter just now pass by?

When Ling Xiu heard this, his lips curled into an unknown smile. He slowly stood up and held his hand out.

Like a horn of death was blown, an incomparably powerful pressure slowly approached her.

Chapter 82: Abstinent Beast God’s pampered little princess (Part 13)

Luo Qing Chen took back two steps out of habit and there was a trace of panic in her voice as she said, “You.....What do you want to do?!”

That gentle lingering feeling made her palms warm and her body didn’t seem to have any strength at all.

Now he even had a faint exclusive feel to him as he walked towards her step by step, making her mind unable to stop churning.

“What do you think I want to do?” His lips had a faint smile. Only when she couldn’t retreat any further and her back was pressed against the wall did he finally stop.

“I.....I’ll call for help!” Luo Qing Chen had an idea. Her large eyes blinked and she revealed an aura normal people wouldn’t have.

She was not afraid that Ling Xiu would do anything to her, but rather she would do something to Ling Xiu. With this kind of divine handsome face, it was hard for people to calm the desire in their heart.

“Sneaking into the Star Palace in the middle of the night is a death sentence. Normally your soul would be scattered and you would lose all your cultivation before being locked in the ice to feel bone chilling pain. Then you would be thrown off of Phoenix Feather City.....”

“Humph, humph, humph.” Luo Qing Chen felt her body trembled and all her desire disappeared without leaving a trace.

She swallowed her saliva and said, “Sir Ling Xiu, I.....I am a little, little person who doesn’t understand anything! You are a Beast God, you don’t need to do all this for a mortal like me! I’ll leave, I’ll leave.....”

Why was he scaring her, couldn’t she just leave? She had already gained five points of affection, it was not a waste for her to use all those exchange points!

He had never felt the feeling of bullying someone, but seeing her stunned expression and silly smile, it touched a soft spot in the bottom of his heart. Her dark eyes were opened wide in a panic and smelling her fragrant breath, it made him think of that tempting kiss just now.

After that, his heart began beating out of control.

Moreover, it was getting faster and faster.

“Leave.” Ling Xiu only felt his breath stopping. If he wasn’t willing to let her go, he was afraid that he would force another kiss onto her.

Luo Qing Chen shifted to the side and ran to the door, not even looking back once.

He was stunned. Watching her as she left, he felt an indescribable sense of familiarity. It was like he had seen it before, but as time passed, he had forgotten it.

He raised his right hand and scattered blue light came out of his fingertip, closing the door.

“Wait.” Luo Qing Chen was panting as she turned her head around and she slammed into the closed door.

Ling Xiu knit his brows and the doors were opened again.

He looked at Luo Qing Chen who was out of breath and had her hands on her waist. There was a look of joy that flashed in the bottom of his eyes.

“You’re coming back to get thrown off Phoenix Feather City or do you want to get locked up in ice?” The joy in his heart and the ice cold expression on his face were polar opposites.

“That.....God Punishing Sword Array, can you turn it off?” She gradually caught her breath. She pursed her lips into a full smile as she looked at him.

This treasure doesn’t have any exchange points, alright? I can’t go down anymore!

“Didn’t you say that you could walk up with your strong willpower? Why are you afraid of this sword array that couldn’t harm you now?” Ling Xiu’s bright eyes slightly narrowed as he looked at her.

He saw her face instantly flush red, even her ears had a streak of red to it. The feeling of having her lie exposed was really bad. She bit her lip and helplessly stretched her hands out as she said, "I don't have any willpower now!"

What could she do! She was desperate! She even wanted to cry for her life, alright?

Chapter 83: Abstinent Beast God's pampered little princess (Part 14)

Ling Xiu looked up slightly to see it wasn't early, so he didn't keep her any longer. He slightly raised his right hand and place it beside her head.

Instantly a blue light surrounded her, surrounding her in mostly blue runes. The sword array in front of them gradually scattered.

After a while, the blue light around her gradually scattered. He put down his hand and said, "This is my God Punishing Sword Array, normal people would be able to go down alone....."

"What, I.....I don't remember!" Before Ling Xiu finished, Luo Qing Chen had cut him off.

What flashed in front of her eyes was the map of the God Punishing Sword Array, but.....

Too fast, she couldn't remember it at all!

"I know, you are not a normal person." Ling Xiu gave a helpless sigh and said, "I'll have Mo Bai bring you down later, you have to remember it. If there is the slightest deviation in the God Punishing Sword Array, a mortal like you could possibly die instantly."

Luo Qing Chen looked into his incomparably serious eyes and quickly gave an obedient nod, "Un, understood!"

Ling Xiu saw that she suddenly became quiet and there was a strange happiness in his heart. Seeing her long lashes flickering and pure clear eyes, he couldn't help feeling fondness for her.

[Ding, affection has increased by five. Mission completion rate is now 20%.]

Damn, this is fine! I already said, being pretty has its uses!

"Then can I come up and play in the future?" She bit her lip and crossed her arms in front of her chest, as if she was waiting for an answer.

"Then that depends on whether you can become familiar with the God Punishing Sword Array! But, I feel like you shouldn't come up."

"Why!?"

He was just saying that it would depend on if she could become familiar with the sword array, but now why did he suddenly change his tone and say that she shouldn't come back!?

Why! She wouldn't submit!

"After all, life is more important." There was a faint smile on his face, but others couldn't see it at all.

But it had already been several hundred years since a smile had last appeared on his face.

Today, he seemed to have secretly smiled many times.....

There really was love at first sight like his mother had said, but he already knew that this person couldn't stay by his side.

He had only given the map for the God Punishing Sword Array to two people in this life. One was Mo Bai and the other was her. Even Witch Lord Xi Ying couldn't come up here at will.

Mo Bai had relied on hard work to learn the array bit by bit. For her, he used his spiritual energy to directly send the array into her mind, causing him to lose quite a bit of cultivation.

But he actually couldn't stop himself from doing this.

—

After Mo Bai brought her back to the eastern residence, he looked over her. After all, he was this old and he had never seen anyone get through the God Punishing Sword Array unscathed.

Sir Ling Xiu not only chose not to punish her, he even used his own cultivation to send the array map into her brain with spiritual energy.

He had never seen sir Ling Xiu be this.....indulgent with someone!

When she came to the eastern residence, Luo Qing Chen saw a group of people surrounding a person. When Huan Yu Ning saw her, it was like seeing a life saving straw, flying out to grab her arm.

She looked up at their room and as expected, the barrier was already broken.

It seemed like as a mortal, she really was weak!

"Are you alright?" Luo Qing Chen knit her brow and asked while gently stroking her head.

"I'm fine....." Huan Yu Ning shook her head, but her hand holding her arm kept trembling.

It seemed like she had been really scared by this matter.

She couldn't help narrowing her eyes. Right now, Xi Ying had already divined that she had come to Phoenix Feather City, so if she stayed still, she was just a fish waiting on a chopping board.

Chapter 84: Abstinent Beast God's pampered little princess (Part 15)

Because this matter was very serious, the elders had the maids return to their rooms to avoid danger. After all, they were just mortals.

When Luo Qing Chen came by, she took a glance at Chi Feng. He was lying naked on the ground with bloody eyes. His eyes were popped out and all his veins were popping, like he had been eroded by drugs and without being able to vent the desire in him, he would burn to death!

Chi Feng's death was miserable. Xi Ying wanted to use him to kill her, but she didn't show any mercy to him.

[The dense fragrance incense is a hundred times stronger than the medicine the supporting female lead gave Chi Feng.] The system's voice suddenly rang out, scaring Luo Qing Chen.

So, even if Ling Xiu really is the abstinent Beast God like Huan Yu Ning said, he still couldn't resist it.....

[He's already quite powerful.]

She rarely saw the system praising people, this seemed to be the first time!

When they came back to their room, Huan Yu Ning gradually calmed down. She simply told her what happened that night. Not long after Luo Qing Chen left, a man desperately knocked on her door, but the room had a barrier, so that man couldn't come in no matter what.

The sound became louder and louder and the surrounding maids didn't dare come out. When the barrier finally broke, the elders had rushed over, otherwise it would be hard to imagine the consequences. This man that had been drugged, he really could have made life worse than death.

"Qing Chen, how did you know this bad person was coming?" Huan Yu Ning wiped away her tears and asked her with a frown.

She was afraid thinking about it now. If it wasn't for Luo Qing Chen's barrier, she would have already.....

"I was also guessing. Your ribbon was missing, so I thought there might be some danger." She was actually very sorry towards Huan Yu Ning. Although she was the cannon fodder of this world, she was still her friend and definitely couldn't be bullied!

"Wu———" An urgent alarm horn cut through their conversation.

"God, miss Witch Lord and the crown prince are coming." Huan Yu Ning quickly pulled Luo Qing Chen out by the hand.

The first time Luo Qing Chen saw Witch Lord Xi Ying, the blood in her body couldn't help boiling.

She was standing on the sacrificial altar, wearing a purple and white robe, with a purple glowing witch staff in her hand. She looked through the crowd and was staring right at her.

She saw Luo Qing Chen's narrowed eyes looking right into her gaze and she revealing a faint smile.

Those clear as water eyes seemed to be saying.....

Xi Ying, you wouldn't have imagined it! The person whose heart was dug out by you is actually standing here alive in front of you. Are you in a panic right now?

"Miss Witch Lord....." The maid Shuang Shuang by her side saw she was a bit stunned before quickly reminding her, "Miss should make a sacrifice and divide the rooms for the maids."

The Witch Race believed in god, so even mortals had places they should be.

The distribution of the maids also required the Witch God's guidance.

Xi Ying took a deep breath and raised the purple glowing witch staff. Instantly the sky was filled with clouds and thunder boomed. The red and purple light shined onto the sacrifice platform and bells jingled on the stage, making people unable to not hold their breath.

Instantly, the name of a maid was written on the plaque with the Witch God's power and following it was the name of their palace.

"Huan Yu Ning will go to the Falling Cloud Palace." The elder slowly read off the plaque.

"Ya, my luck is so good!" Huan Yu Ning was so happy that she almost jumped up as a bright smile appeared on her lips.

"This happy?"

"The Falling Cloud Palace is the palace of the kindest person among the Witch race, the second prince Su Ye, who is also the second most handsome man among the Witch Race. He is filled with gentleness and style!

"Ha—Su.....Ye? Second prince!" Luo Qing Chen was stunned as she shouted in her heart: This is bad!

The supporting male lead was actually this close! He was actually the Witch Race's second prince!

Chapter 85: Abstinent Beast God's pampered little princess (Part 16)

The maids were assigned to palaces one by one. When it came to Luo Qing Chen's name, Xi Ying took a step forward.

She raised the purple glowing witch staff and Falling Cloud Palace on the plaque turned into Ten Thousand Flower Palace.

But, when the elder turned over the plaque, there was a faint blue light around the plaque.

If one didn't look carefully, they couldn't see it at all.

"Luo Qing Chen, Star Palace." When the elder read these five words, everyone present took in a cold breath.

Even Xi Ying was included among them.

"Miss Witch Lord, how could your spiritual energy fail?" The maid Shuang Shuang looked at the two words on the plaque in disbelief. Her boss was watching with a pair of sinister eyes.

"It's Ling Xiu." She trembled and was frozen on the spot. Perhaps others couldn't see it, but she had seen it.

That faint blue light, it was his spiritual energy.

"Sir Ling Xiu, didn't he never need a maid?" Shuang Shuang covered her mouth with her right hand and said in absolute shock, "How could it be this time....."

"Elder, sir Ling Xiu has never needed a maid. I can see this girl is very smart, so how about assigning her to the Ten Thousand Flower Palace. I need someone to help me anyway." Xi Ying saw the awkward expression of the elder and came out to give her final struggle.

She knew that as long as Ling Xiu didn't appear, Luo Qing Chen wouldn't go to the Star Palace.

The elder's expression instantly softened, the Witch Lord's words knew what he was thinking.

After all, all the girls the Witch God has assigned to the Star Palace had to be reassigned anyway. Today there was only Luo Qing Chen out of the twenty girls, so there was no need to reopen the sacrifice altar.

"Un." The crown prince said with a nod, "This is good. Sir Ling Xiu should be the same as before, he won't need....."

"Crown prince, please wait." A soft voice came from behind them.

Mo Bai slowly walked forward and said with a bow, "Crown prince, sir Ling Xiu has had a divination today. The divination said that a maid would be assigned to the Star Palace today and we should receive her."

When Mo Bai's voice fell, Xi Ying staggered back. She bit her lip and her face instantly turned white.

"Impossible." Xi Ying shook her head and muttered, "How could he possible let a maid enter the Star Palace?"

She kept telling herself that the faint blue light she saw earlier was definitely a mistake. But Mo Bai's voice just now was like stone slamming down onto her heart.

"Miss Witch Lord." Shuang Shuang saw her unstable appearance and quickly came forward to support her. She then said to the crown prince, "Crown prince, miss Witch Lord has spent too much spiritual energy on the sacrifice ceremony today, so her body is unwell. We hope you will agree to us heading back to the Ten Thousand Flower Palace."

"Alright!" There was a confused look that flashed in the crown prince's eyes, but he didn't pursue this matter. He looked at the maids under the sacrifice altar and said, "From today onwards, you are all part of the Witch Race. Only by working hard can you increase your life and gain the Witch Race's powers."

"Yes, crown prince!"

No one knew that in a dark corner of the sacrifice ceremony, there was a powerful Beast God lurking, waiting for the moment Luo Qing Chen was being assigned a palace.

He never thought that Xi Ying would be a step faster than him, but even that couldn't change his will.

—

When she came back to the eastern residence, she kept hearing Huan Yu Ning's chatter that was basically saying the same thing.

That was——

Since the Beast God Ling Xiu came to Phoenix Feather City and lived in the Star Palace, he has never had a maid before.

She, Luo Qing Chen was the first!

Actually, she really wanted to tell Huan Yu Ning, not only was she the first, she was also the last!

Chapter 86: Abstinent Beast God's pampered little princess (Part 17)

Falling Cloud Palace.

"The second prince hasn't been in a good mood lately, is it because you have already met the person divined to be your wife?" The maid An An was making a pot of tea while asking with a smile.

Su Ye gave a thoughtful nod and said with a smile filled with deep meaning, "I didn't understand at first, why was the Witch Race's second prince's destined wife a mortal? But the moment I saw her, I knew what was falling in love at first sight."

"Why did the second prince not take the chance to bring her to Phoenix Feather City and cultivate your relationship?"

"Ai, I wanted to! Only....."

"Reporting, the maids assigned to the second prince's Falling Cloud Palace are waiting outside. This is the list of the maids, please take a look, second prince." A servant outside cut Su Ye off.

Su Ye revealed a faint smile and didn't blame him at all as he took the list while saying, "Quickly let them come in. It's cold outside, don't let them freeze."

The maid An An revealed a faint smile and followed the servant out to receive the new maids.

Su Ye slowly opened the list and looked through it one by one, but when he saw the three words 'Luo Qing Chen', he was stunned. His eyes lit up and he muttered in a confused voice, "Why is it the Star Palace....."

At the same time, Luo Qing Chen was standing outside the God Punishing Array watching the sword flying around with a distressed look on her face.

System, based on the array that I've memorized, can I safely pass through this?

[No.] The system decisively answered in a cold voice.

Humph! You're actually looking down on me, just wait and see! This treasure will pass this for you and let you see how powerful your host is!

When her voice fell, she stepped into the God Punishing Sword Array.

Instantly, she felt that she was surrounded by sword energy. Infinite destructive might surrounding chaos, endless killing intent surrounding primordial nothing. The air was filled with a cold and suffocating feeling.

Yellow mist, golden light, mysterious changes, endless killing intent.

Luo Qing Chen took a deep breath and closed her eyes. She placed her right hand on her ear and focused her mind, gradually clearing up the sword array map in her mind.

She carefully moved forward step by step. When she thought that she was about to step out of it.

She was surrounded by cold air and killing intent. A black smoke gathered to form a light blue glowing sword.

Luo Qing Chen's heart skipped a beat and she took a step back.

It was unknown what stimuli the sword felt, but it pointed right at her and prepared to attack.

"My god." She instantly raised the Exquisite Ring on her right hand and prepared to die.

Without knowing what happened, she was surrounded by a powerful spiritual energy. There were sparkling blue lights all around her that formed a clear protective barrier, keeping her safe inside.

After a while, the surrounding sword energy slowly scattered and the black mist gradually retreated.

When Luo Qing Chen was in a dilemma on whether to keep going or head back, there was a pull on her waist and she flew into the sky. She looked up and there was a beautiful and cold face that appeared in her eyes.

"Ling Xiu." She softly called his name and her heart began beating fast.

Ya! So this is the legendary hero saving a beauty! It really doesn't feel bad!

Outside the Star Palace, he softly put her down. He narrowed his eyes as he looked at her and directly said, "Do you remember now?"

He knew that if she wanted to come to the Star Palace, he should have sent Mo Bai to pick her up. However, without knowing why, he couldn't feel assured, so he finally decided to go himself.

He couldn't help feeling a bit strange.....

So this was the feeling of being touched by someone.

Luo Qing Chen looked over and pursed her lips into a smile as she said, "Of.....of course!"

Chapter 87: Abstinent Beast God's pampered little princess (Part 18)

"Then I'll take you on another trip." Seeing how cute she was avoiding his gaze, he couldn't help feeling faint ripples moving through his heart.

"That....." Luo Qing Chen instantly changed the topic, "I think it's better if I get familiar with this environment first. After all, that way I can better serve.....sir Ling Xiu!"

God, she had just escaped from death! Couldn't he slow it down a bit and go tomorrow!?

"Come with me." Ling Xiu saw her fearful appearance and his lips curled into a faint smile.

Thinking of all the things she had experienced yesterday and today, she must be tired.

"Hu——" She let out a sigh of relief as she followed him. She felt that while following him, she felt very safe.

After a while, Ling Xiu stopped at a side palace.

He slowly opened the door and waved his right hand, instantly causing the palace to light up.

Luo Qing Chen was frozen on the spot. Seeing the scene in front of her, she fell into a daze!

The moon white bed was floating at the center of a spiritual energy cloud with snow white veils hanging all around it. There were tassels above the bed that danced in the wind. The bed was covered in a luxurious silk bedding that rippled like water, looking incomparably soft.

On the left and right were lamps carved from white moon stone. When spiritual energy went in, they lit up with light.

The biggest pleasant surprise for her was an incomparably fine full length mirror to the side, with white light floating around the mirror. It made people feel like this room was a fairy tale.

“So beautiful.” She turned over to Ling Xiu, “What is this place?”

“Your room.” His clear as water voice entered her ears and made her heart skip a beat.

He also didn’t know what was going on. After she left yesterday, his heart had been beating fast non-stop. No matter how he used his spiritual energy, he couldn’t control it.

This kind of room kept flashing in his mind. If she really came to the Star Palace, he really wanted to personally build a room for her.

A room that he knew belonged to her the moment he saw her.

White as the moon with soft mist.

“Really?” Luo Qing Chen simply didn’t dare believe it. Her clear eyes blinked and she was very moved.

“Un.” He looked at her misty eyes and gave a soft nod.

“Oh.” She deliberately pursed her lips into a smile as she said, “Does sir Ling Xiu want to repay me for saying your life yesterday?”

This kind of gratitude, she couldn’t take it. Thinking about it now, if she hadn’t been here last night, Ling Xiu might have had the same tragic ending as Chi Feng!

[Host, did you forget you were the one who drugged him?] While she was lost in thought, the system’s voice rang out and cut through her thoughts.

Ah? Did you give me the drug? If I am the culprit, you are the instigator! We are clearly the same and you’re coming out to teach me a lesson!

[.....] The system had been chased off by her scolding.

“You’re sure you saved me?” Ling Xiu narrowed his eyes and the inquisitive look seemed like it was about to penetrate her.

“I.....” Luo Qing Chen quickly shook her head and said, “Did I say anything just now? I didn’t say anything!”

What could she do! Those eyes sparkling like stars seemed like they could see through her. She felt her heart beating faster and her blood began to boil.

What she didn’t know was that a certain emotionless person, when he saw her cute and innocent face, his heart was also began beating faster.

“Un, just have a proper rest today!” After that, he finally couldn’t resist the thoughts in his mind. He turned around and walked out the door with his hands behind his back.

Chapter 88: Abstinent Beast God’s pampered little princess (Part 19)

Times of happiness passed especially quickly. Although her affection didn’t increase at all, she had lived half a month in the Star Palace without any worry, even if she did frequently cause trouble.

A few daily anecdotes might include——

“Sir Ling Xiu, I have picked the stars you have planted all around to make some tea for you. Do you think it tastes good?” Luo Qing Chen placed a cup of aromatic tea in front of him, asking with a smile.

“.....”

“What is it, does it not taste good?”

Ling Xiu looked up and narrowed his eyes. There was a faint helplessness in his eyes, “That is called Sacred Asura White Star, it has the effect of returning life to the dead. It only blooms every hundred years and it needs to be dried under an intense sun while injecting spiritual energy before it can be stored. You....used it to brew some tea?”

“Sorry.....” Luo Qing Chen had an apologetic look on her face.

Or perhaps——

“Sir Ling Xiu, I saw a few very cute rabbits in the side palace, so I released them!”

“.....”

“What is it? Don’t praise me, I know I am very loving!”

Ling Xiu closed his eyes and calmed his mood. After a while he slowly opened them, “Those are the spiritual pets I had raised for a hundred and eighty two years. They could be injected with spiritual energy in another eighteen years and their initial grades could have been seen. You....let them go like this?”

“Sorry.....” Luo Qing Chen had an apologetic look on her face again.

Or perhaps——

“Sir Ling Xiu, today’s lunch is a special delicious lunch that I’ve made with Mo Bai, come and have a taste!”

He slightly knit his brows as he looked at her cute grinning appearance and said, “What did you use to make it?”

“Aiya, relax!” Luo Qing Chen said while smiling, “I went to a mortal market with Mo Bai in the morning to buy the ingredients!”

“Un.” He nodded before standing up to head to the dining hall.

This girl, she had finally settled down a bit.

When he ate the first mouthful, he took a deep breath. He looked at Luo Qing Chen and said, “You put the Green Poria Powder in?”

“What, Qing Qing, you?” Mo Bai jumped up and instantly put down his tableware.

“What is this Green Poria Powder!” Luo Qing Chen’s eyes sparkled and she said while biting her lip, “I seemed to have put some green.....green powder! But wasn’t that just seasoning?”

“That is the Green Poria Powder! There is only one bottle in heaven and earth. It is divine medicine that can instantly increase one’s cultivation and spiritual energy after eating it!” Mo Bai looked at Luo Qing Chen with a worried look, explaining it slowly.

“So.....sorry!” Luo Qing Chen instantly stood up and she moved beside Mo Bai, giving him a feeling of also being in trouble!

It was reasonable, this couldn’t be blamed on her! Who had placed such an important thing in the kitchen!

“Drink it all.” Ling Xiu pointed White Jade Emerald Kingfisher Soup she had placed the Green Poria Powder into and said, “Go and take care of the flowers in the garden after drinking this. You have to learn from this in the future!”

“Sir, recently the flowers and plants injected with spiritual energy are in an important stage of development. If Qing Qing takes care of them, it wouldn’t be good.....” Mo Bai quickly shook his head and came forward to say this.

Aiya, these were the flowers and herbs he had taken care of for a year now, don’t be so cruel to him!

“Un, that’s right.” Ling Xiu nodded. His clear eyes revealed a faint trace of emotion as he said, “Then go to the Cloud Beginning Pavilion for silent reflection.”

The Cloud Beginning Pavilion was the name of her room. At the beginning of the clouds was a lady’s room.

Luo Qing Chen was stunned. Thinking about it, eating her fill and going back to her room to sleep wasn’t that bad.

But looking at the large bowl of soup in front of her, she couldn’t help asking in a distressed voice, “What if I can’t finish drinking it all?”

“Want me to feed you?” Ling Xiu’s deep eyes lit up with a look of success.

“I’ll drink, I’ll drink, I’ll drink.” After that, Luo Qing Chen lifted the bowl and cleaned it out.

Chapter 89: Abstinent Beast God’s pampered little princess (Part 20)

The next morning, Luo Qing Chen didn’t feel too comfortable. In short, it was like having a power that didn’t belong in her body being forced in, making her feel very uncomfortable.

Mo Bai said that this was a very special spiritual energy. Although the Green Poria Powder was only a powder, it had its own spiritual nature. Adding in the fact that it had been in the Star Palace for so long, naturally it was contaminated with plenty of Ling Xiu's spiritual energy.

After hearing what Mo Bai said, she suddenly felt remorse. Since she came to the Star Palace, she hadn't done anything well and had caused quite a bit of trouble.

Ding, she suddenly remembered that Ling Xiu liked drinking peach blossom soup. How about she goes to the human market and buy some peach blossoms to make some. Perhaps he would become happy and it would increase her affection!

She had to take the very long crystal ladder to go to the mortal market, but she liked these stairs very much. She felt like she was walking on clouds, it was a very pure feeling.

"Luo Qing Chen." A strange and familiar voice came from behind her.

She turned around slightly and saw the Witch Race's second prince Su Ye slowly walking towards her.

"Long time no see!" Luo Qing Chen revealed faint smile. She was planning to bow when Su Ye quickly came forward to lift her up and said, "Little wife doesn't have to be this unfamiliar, you don't need to bow when you see me in the future."

Seeing her snow white skin and worry free appearance, Su Ye couldn't bear to let her bow. After all, he had to protect his little wife.

"How could that be! I am the Witch Race's maid, I should be doing this!" Luo Qing Chen's brows twitched a little when she looked at him and said, "Also, can the second prince stop calling me little wife? If this was seen by someone else, they might think there really is something between us!"

She was already very distressed being stuck at twenty affection. If Ling Xiu were to see this, perhaps it might fall down.

"We are a couple destined to be together!" Su Ye's face changed slightly to reveal a faint smile as he said, "Qing Qing, don't be shy. I'll have my big brother assign you to the Falling Cloud Palace in a few days. You can also see him at that time and discuss our——"

"Humph, humph, humph——You think you can call me Qing Qing!" Luo Qing Chen was a bit stunned before she quickly said, "Moreover, I won't go to your Falling Cloud Palace! This is god's will, how can it be casually changed!"

Not to mention, she had a mission, alright? Leaving the Star Palace meant she would be moving further away, alright? Moreover, Su Ye didn't seem like a supporting male lead, he seemed more like a pebble on the side of the road!

"Then do you like me calling you Chen Chen?" Su Ye completely ignored the latter half of her words and said with a smile, "I still feel that Qing Qing sounds better! Last time I heard Mo Bai call you this and I felt a bit uncomfortable!"

He thought that his little wife would always be with him, but he didn't know why she wasn't assigned to the Falling Cloud Palace. Because of this, he used his cultivation to investigate this and found that it was interference from unknown spiritual energy.

Don't, just call me Qing....."

"Qing Qing, right?" Su Ye had a faint smile and cut off her words. He stroked her head and said, "I also feel Qing Qing sounds better."

Luo Qing Chen moved back in fright from his movement. Her foot slipped and she almost fell off the crystal sky ladder.

As quickly as lightning, Su Ye's right hand came up and grabbed her waist. There was spiritual energy that gathered around her which only disappeared after she safely landed on the ground.

"Qing Qing, are you alright!" Su Ye felt his heart beating incredibly fast while one hand was still firmly holding her waist. If he had been a step late, he wouldn't have been able to save her.

[Ding, affection has decreased by five. Mission completion rate is now 15%.]

What? He's nearby?

[Yes! He's with the supporting female lead!]

Chapter 90: Abstinent Beast God's pampered little princess (Part 21)

The lips of Xi Ying who wasn't far away curled into a smile. Looking at the scene in front, she said to Ling Xiu beside her, "Look, your maid and the second prince's relationship isn't bad!"

A few days ago, Su Ye had come to request from her transfer Luo Qing Chen to the Falling Cloud Palace as a maid. She felt it was strange at that time, but thinking about how on the day of the sacrifice ceremony, Luo Qing Chen's plaque originally said she was meant for the Falling Cloud Palace, she didn't feel it was strange.

Su Ye said she was his destined wife and when she heard this, Xi Ying's anxiety and sadness completely disappeared without a trace.

Since it was like this, it was good for her to offer her help.

When her maid Shuang Shuang saw Luo Qing Chen come down from the Star Palace, she quickly told Su Ye that he could see her if he came to the crystal sky ladder.

Su Ye had an excited look on his face, she felt it was funny when she thought about it.

He really was blind, having this kind of mortal without any spiritual energy as his destined wife. He didn't feel ashamed, rather he was happy. It really threw away the Witch Race's face.

"Un." Ling Xiu narrowed his eyes. He looked like a storm was coming and the chill in his eyes seemed like it could freeze people. He gave a cold snort before saying, "You found me just to show me this?"

He felt it was strange just now, why would Xi Ying suddenly invite him out? But now he was clear on everything.

But she had really succeeded because he really didn't know what he was feeling right now.

Seeing Su Ye looking at her with a tender gaze, it was like his heart was swelling like a sea that wouldn't calm down. After that, it seemed like the emotion known as "jealousy" completely controlled his actions.

He almost couldn't take it anymore!

"I....." Xi Ying saw his dark look and her body gave a shudder. Her words were stuck and she couldn't say anything at all.

She had never seen such a decisive look in his eyes. It was cold like a treasure had been stolen from him.

Since before, she had used her face that was the same as his dead sister to hold a high position in his heart. But right now, she felt like she was no different from a normal person.

No, she wasn't willing.

—

On the other side, Luo Qing Chen was stunned after she heard the notification from the system!

But when she was stunned, another notification from the system made her heart calm down.

[Ding, Xi Ying's affection has decreased by ten. Only 60% remaining.]

That was fine! Aiya, hurting each other!

At least it was five for ten, no one will have a good time!

Luo Qing Chen gently pushed Su Ye back before standing and saying, "Second prince, thank you for saving my life! But I think what I've said is very clear already!"

After saying this, she began walking up the crystal stairs. She was completely focused on the matter of her lost affection, she wasn't in the mood at all to go to the mortal world to buy peach blossoms!

Right now, it was better to rush back to the Star Palace and explain everything!

"Qing Qing." A worried look flashed in Su Ye's eyes. He said with a faint frown, "Do you hate me?"

"No!" Luo Qing Chen turned around and she said to him in a clear voice and serious eyes, "But I don't like you."

Sometimes, when love had just sprouted, it was best to decisively cut it down. This was the best way to protect oneself and the other side.

The thing she hated the most in her life was someone who clearly didn't like someone, but they didn't reject them while accepting everything the other side did for them. At the same time, they used all their heart to love someone else.

That would only result in that person who was always good to them being seriously hurt.

She hated that kind of person and definitely wouldn't become someone like that.

If one loves, please love deeply. If one wants to abandon someone, please do it thoroughly. Don't use love to hurt other people.
