Chapter 861: Golden boss: The film empress ex-wife's cuteness (Part 62)

Luo Qing Chen guessed that she would enter the hot search again after a period, but she never thought that it would be because of Zhe Xue.

The reason was that there were rumours that she and Zhe Xue were in a relationship, that was how she became the female lead of "Ten Years", it wasn't because of He Chen.

Less than half an hour after the Ruiliska Film Festival, there were several verified accounts that shared this post.

In an instant, Luo Qing Chen who had just become the film empress was pushed forward and even He Chen was pulled up with her.

1. Zhe Xue's third party
2. He Chen: Of course I would forgive her!
3. Luo Qing Chen, He Chen, Zhe Xue

.....

Sister Ai dealt with public relations very quickly. She immediately sent out a warning letter and say that this was pure fiction, saying that this matter would go through the proper legal channels.

Luo Qing Chen was sitting in He Chen's car. She pursed her lips as she said, "I.....I don't know that Zhe Xue!

Although she normally called Zhe Xue her male god, she really had never seen this person who had surpassed his tribulation, alright?

You can't wrong people like this!

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

?!

Why did the affection suddenly increase in this situation!

She was a bit nervous at first, but then she became confused.

"You....What is with you!" She pursed her lips and looked at He Chen's calm face, not seeing any clues at all.

Although she knew that he must be very happy, but she didn't understand why he was happy, alright?

He was considered a 'cuckold' by the entire industry, so why did he give her affection!

Actually, He Chen never thought that with such a big matter, Luo Qing Chen's first thought wasn't about her image or the fact that those rumours were trying to hurt her.

She didn't care that she was facing a collapse in the entertainment industry, she just cared about whether he was angry or not.

From the past to now, from now to the future.

This was his first time feeling that his position was this high in his wife's heart!

"I'm.....happy!" He Chen suddenly stopped the car on the side and softly said, "Thank you."

"Thank me for what....." Luo Qing Chen just blinked her eyes in a daze and then blinked again! She still didn't understand just what He Chen was thinking.

If it wasn't for the prompt from the system, she definitely would have felt that He Chen's every word was mocking her.

He Chen took out his phone and didn't say anything. She anxiously said, "I really don't know Zhe Xue!"

"You do." He Chen's fingers quickly moved across the keyboard as he revealed a faint smile.

She was stunned, as a very terrifying 'possibility' appeared in her mind.

She saw He Chen who never had a Weibo skillfully log in and he had a smile full of trust on his face.

She seemed to confirm her terrifying thought. She quickly took out her phone and opened Weibo.

Ten seconds later, Zhe Xue who was rumoured to be an immortal had sent a Weibo that shocked the entire circle.

[Mrs He, I love you! ——He Chen/Zhe Xue]

Chapter 862: Golden boss: The film empress ex-wife's cuteness (Part 63)

When the initiator Bei Chun Ni saw this Weibo, she fainted from her rage.

All the hot searches seemed to freeze in that moment. To watch this reversal, one's heart had to be strong enough!

"You.....He Chen!" Luo Qing Chen awkwardly bit her lip, "Why didn't you say anything earlier! I really am....."

She really didn't know what to say about this. He Chen on the side gave a happy smile and his warm hand took her head as he said, "Because I was jealous of Zhe Xue!"

"Why....."

"Who told Mrs He to always say that Zhe Xue was her male god.....male god Zhe Xue!" He Chen took out the manuscript for "Ten Years" out of his car, "Did you know? You were Feng Cheng."

Her fingers trembled as she slowly took He Chen's manuscript. There weren't just his beautiful words, there were also his simple strokes.

Although they were simple strokes, she could easily tell that He Chen was drawing her.

“So Yan Fan.....” She pursed her lips and her heart skipped a beat as her eyes couldn’t help filling with tears.

“Un, it’s me. He gave a soft nod. He didn’t forget to check Weibo. It had only been three minutes, but there were over eight thousand comments.

The original hot searches were all gone and had changed.

1. Zhe Xue’s “Ten Years”
2. He Chen = Zhe Xue
3. Bei Chun Ni disgusting fainting and being sent to the doctor

.....

When the third hot search came out, Luo Qing Chen knew that sister Ai must have found who the perpetrator was!

Sister Ai immediately reposted Zhe Xue’s post and added something.

[It pains me, she must be stunned now!]

He Chen didn’t forget to use Zhe Xue’s account to add a comment [Good guess!].

“So, if it wasn’t for this matter, you didn’t plan on telling me that you’re Zhe Xue?” She suddenly remembered her familiarity, why she felt familiar acting in “Ten Years”.

Because Yan Fan’s personality was like He Chen’s, even Ji Li Sheng had said it. When he was acting as Yan Fan, he always felt like He Chen.

Now she knew that Yan Fan wasn’t just like He Chen, he was He Chen.

“Un! I asked sister Ai when I wrote this book if I could be the male lead.” He Chen gave a warm smile. His deep and beautiful eyes were just that charming in this moment.

“Puchi.” She said with a faint smile, “I feel that the two of us will drive sister Ai to death with anger!”

He Chen looked at his phone and there were twenty missed calls from sister Ai. He then turned to the side and said with a nod, “I think so too.”

—

When the entire world knew that He Chen was Zhe Xue, Zhe Xue’s Weibo broke ten million fans.

His fame when he went out was even worse than Luo Qing Chen. He had to wear a mask wherever he went and he didn’t go to Star Art that often.

Even an airport wasn’t a place that He Chen could go! He was no different from a star!

“Sister Ai said that the box office sales for “Ten Years” in the foreign market is also quite good, so she wants me and Ji Li Sheng to head over.” Luo Qing Chen pursed her lips and said, “It’s so hateful that Ji Li Sheng went without me!”

“Be careful and call me when you get there!” He Chen looked around uncomfortably, he wasn’t assured letting someone else send her off.

“Un! I’m going through security! Remember to leave quickly!” She revealed a sweet smile.

He Chen never would have thought that change would come this quickly.....

In the first class cabin, Luo Qing Chen closed her eyes to take a little nap.

But after a while, the paper cup on the tray table began to shake. Her heart skipped a beat and her fingers trembled.

Chapter 863: Golden boss: The film empress ex-wife’s cuteness (Part 64)

[Ding, 500 exchange points has been taken. Successfully exchanged for teleportation.]

—

“The following is urgent news. Flight AC-891 to C City lost contact half an hour ago. The aviation department is urgently contracting them and we will follow up on any news!”

He Chen who was standing in the kitchen making cranberry cookies trembled. When she left this morning, she said that she wanted to eat them when she came back tomorrow, so he was making a bit.....

Ten seconds later, he went out the door as quick as possible and headed towards the airport.

On the way, his mind was blank. His car just drifted along through the road, he almost never slowed down once he was on the highway.

It was like his foot only remained on the accelerator, maintaining his forward speed that he could freeze time and go back to this morning.

Until he heard a deep voice coming from the radio.

“A new piece of information, flight AC-891 has been confirmed to have crashed in Banya. The black box has been found and the site is complete chaos, with no survivors found currently.”

“Si.” There was a loud breaking sound and it was like the world had froze.

He could hear his heartbeat, jumping again and again in his heart.

His phone ringing hit his ears, but he ignored it all. He still stepped on the accelerator and rushed to the airport.

This was a trip without any results, but he still had to go.

Three hours later, the officials confirmed the crash and.....there were no survivors.

As everyone knew, airplanes were one of the safest methods of travel, but if an accident happens, the rate of mortality was 100%.

He Chen didn't know how he got home, he just knew that it was like his life ended that day.....

Everything was cold, there wasn't a bit of warmth. He opened a bottle of 52 red wine and drank it all down.

There was heavy rain outside and he stood by the window screaming before suddenly falling down.

No one had seen He Chen like this before. He Chen's eyes were filled with chaos, like there was nothing but despair for him.

"Why.....Why.....Why!" His voice was hoarse as he kept repeating that word.

The air was filled with a strong alcohol smell when the sound of water dripping in the second floor bathroom stopped.

"Di da." The door to the living room was suddenly opened. She was drying her hair as she came down. She looked at He Chen kneeling in front of the window and said, "What are you doing? Kowtowing to the heavens!"

Luo Qing Chen could see his back visibly tremble before he rushed to her like he was crazy, tightly grabbing her.

"I know this is a dream, so please don't wake up." His low voice rang in her ear with a bit of warmth. His hands were tightly holding her, like she would disappear right after this!

"You said that you would have cranberry cookies for me to eat when I got back, was mister He lying?" Her lips curled as a faint mist appeared in her eyes.

Before the crash, she ran to the toilet as quickly as possible, using the teleport.

Because she had been in the sky, the teleport was a bit off. The place that she had been thrown to was in the wilderness!

After returning home, it was the early hours of the morning. She couldn't find her phone and He Chen didn't reply when she called him with the home phone.

She could only take a shower first, but she never thought she would see He Chen after her shower.

That was her first time seeing He Chen like this.

[**Quick Transmigration Female Lead: Male God, Never Stopping**](#)

Chapter 864: Golden boss: The film empress ex-wife's cuteness (Part 65)

He Chen suddenly trembled and he laughed at himself, "I was afraid that after I finished the cookies, you would be gone."

He didn't realize that he was in reality, he thought that it was all a dream and he.....wasn't willing to wake up.

"Where would I go if you can't see me?" Luo Qing Chen pursed her lips into a smile, "I was busy so I didn't get on the plane."

She knew that this explanation was the most convincing.

After all, there was no one who knew if she was on the plane or not.

For a long time, there was silence. There was the faint scent of red wine in the air and someone's breathing became faster.

Without knowing how long passed, he finally asked with a deep breath, "You really didn't get on the plane?"

"Really!" Luo Qing Chen put his slightly cool hand to her face and said, "My body is hotter than yours! I'm not a ghost."

"Humph." He Chen held her tighter with a bit of fear, "I don't want to hear, don't say that!"

He was afraid that he would hear something he didn't dare listen to, he didn't want to separate dream and reality. He didn't want to walk on the edge between life and death.

His heart was still lingering.

"So, is mister He still willing to make cranberry cookies for me?" She gave a soft laugh with a bit of warmth in her eyes.

"Of course.....As long as you're with me, I can give you anything. Really, Luo Qing Chen, anything....." His voice was a bit humble as he repeated in her ear again and again.

This moment made her think of what Zhe Xue had written in "Ten Years".

No matter how calm and steady a person was, they would lose themselves with the one they loved the most. That kind of heartbreak from life and death would be able to destroy their sanity in a moment.

He Chen was smart, but when he thought that he had lost Luo Qing Chen, he was as helpless as a child.

The smell of cookies came from the oven while the sound of water ran in the shower.

He Chen was different after he finished showering, he no longer looked as panicked, but his eyes never left Luo Qing Chen.

"I don't know how many roads there are in life, but I think that this is the happiest time in my life."

When he was flirting, he was still that serious and his dark eyes seemed to be glowing.

Luo Qing Chen took the cookies from the oven while saying with a smile, "Why do I feel that great god Zhe Xue could still write a book!"

"Oh?" He Chen looked over and said, "What does mrs He think I should write?"

After a day of being frightened, he suddenly felt that his life didn't just stop at "Ten Years".

Perhaps "Ten Years" would continue into a more beautiful story because the later half of his and Luo Qing Chen's life was already different from Feng Cheng and Yan Fan.

"Let me think." She took a small cookie and looked at He Chen with a faint smile, "Great god Zhe Xue, do you want to surpass yourself?"

"Un humph?" He said before using his hand to wipe the crumbs from the corner of her mouth, "I ask the film empress young miss to give me an idea!"

"I think that "Su Tang" is better than "Ten Years" in many aspects....." Luo Qing Chen revealed a faint smile as she said with sparkling eyes, "How about great god Zhe Xue write about the "Domineering President's Love For Me"!"

"....."

This suggestion to He Chen really was a large breakthrough!

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 865: Golden boss: The film empress ex-wife's cuteness (End)

Many years later, when "Ten Years" gradually faded away, Zhe Xue's second book began serializing.

Luo Qing Chen's name had entered the hot search list the second day after Zhe Xue's new book started serializing.

Because she had never acted in any other works since becoming a film empress.

Whether it was movies, TV series, or advertisements, she didn't do a single one.

The people who used to hate her had become fans after a long time.

Because this kind of girl was real enough. In the mind of the public, Luo Qing Chen acting in "Ten Years" was for Zhe Xue, for He Chen's ten years.

Three years later, Zhe Xue's second book was officially finished and the book had a very simple name, "Twenty Years: The Exclusive Memories of Cranberry"!

Although Luo Qing Chen really wanted to change this name to "Domineering President's Love For Me", He Chen's 'pleading' look made her decide to include his ideas!

On a certain starry night, mister He put a bunch of documents on the table in front of her and said, "There's good news and bad news, which one does my wife want to hear first?"

"Good news!" Luo Qing Chen pursed her lips and said, "I like sweet first and bitter second. If it isn't sweet enough, I might not plan on hearing the bad news....."

"....." He Chen cleared his throat and said, "Alright! This is very like my wife!"

He Chen looked at her and said, "Star Art has bought the copyrights to "Twenty Years" and we're about to start shooting soon!"

?

Luo Qing Chen heard this and almost couldn't react to it. Three seconds later, she said, "Isn't this buying your own copyright!"

"Yes!" He Chen gave a solemn nod, "It can be considered this!"

"Then.....how much money did you take from yourself?" She suddenly felt that this He Chen was a bit cute, like he was trying to make her happy.

"Wife, that is the bad news!" He Chen said with a faint smile, "Because after all.....this feels like taking money from my left pocket to put in my right pocket, so I've decided not to charge copyright fees!"

"Oh." Luo Qing Chen replied, "It really does save a large amount of money, that way you can pay the male and female leads more!"

"Male and female leads....." He Chen pulled her into his embrace by her hand, "There's no pay at all!"

"Ah?"

Luo Qing Chen felt that something was off, she felt that this was just a preface.

It was paving the way for something big!

"Because the male and female leads are us!" He Chen looked at her with pampering eyes, "I feel that the two of us are very suited for this!"

When he said this, his expression was completely different from the normal "domineering president" He Chen.

"What!?" She said, "I have to ask great god Zhe Xue about this!"

She took out her phone and wanted to send a private message. It turned out that Zhe Xue had posted on Weibo half an hour ago and it had created several hot searches.

["The Exclusive Memories of Cranberry" @Luo Qing Chen @ He Chen, I think this male and female lead are quite good!]

"....." She found that she had fallen into He Chen's trap.

She had completely fallen into it.....

"He Chen, you....." When she wanted to say something, she found that there were slightly cool lips pressing on hers.

Time continued to pass and whether it was ten years or twenty years, they stayed together.

Whether he was Zhe Xue or He Chen, whether he was a writer or a president.

He was the most elegant Yan Fan in Feng Cheng's heart and the warmest one in Luo Qing Chen's heart.

Chapter 866: He Chen's side story (Part 1)

I don't like competing with others, but I will never let go of what is mine. ——He Chen.

My life wasn't that perfect, I wasn't the son of a rich man or an official.

I had a father who left home and a seriously ill mother.

I never had friends growing up and I didn't expect to have any friends. It wasn't that I liked silence, but I knew that I could hide myself forever in silence.

Until my mother's illness couldn't hold on any longer.

I brought her to the hospital and hearing the doctor tell me that astronomical figure, I could only be silent.

A girl not far away looked at me. She was just a bit ill and the two behind her were very respectful, it seemed like she was a young miss.

She looked at me and I looked at her.

But I never thought that she would walk over to me, giving me a card without any hesitation and letting me take out money.

Then she said that it was a fair exchange because she wanted the second button on my shirt.

I didn't know why she wanted to do this, it might be because she pitied me or felt sympathy.

But I knew that I would never forget this face in my life.

After taking the money, she was already gone.

The maid behind her looked at me in disdain and said some ugly words, saying that I was probably a scammer, but I wasn't angry at all.

Because I knew that there were some things that surpassed humiliation, it surpassed everything.

Mother's operation went very smoothly and I began to wildly study.

From the bottom of society, reaching the top, it was all to stand by her side. At least if there was a miracle in the future, I could become someone in her life.

I could even propose 'a wedding of equal status'.

With all my effort, it finally changed on a certain day ten years later. The Luo Group went bankrupt and I was in the best position to help them.

To repay my kindness, her parents let me marry her.

Actually, for a person of my personality, other than Luo Qing Chen, I would never agree to this kind of marriage.

But as long as it was her, anything was fine.

I knew that she didn't like me and I also knew who she liked. If I were to talk about the dark time in my life, it was the three months when she stole data from Star Art. This was probably the hardest time for me.

Because I didn't know when to stop it and I didn't know when she would stop.

But even like this, I wasn't willing to expose her.....

Although those days were hard, they didn't hurt. I learned to distinguish gratitude and love.

Or it could be said that before love started, my heart died.

Until the meeting for "Su Tang", she suddenly changed like she had become another person.

She no longer cared about Ye Zuo Chuan and didn't give him any information, standing on the opposite side of him.

I didn't know why she did this, but my heart wasn't beating normally when I knew that she was looking at me.

It should be because I still had expectations, waiting for a brighter day!

I knew that it might or might not come, but no matter what, I shouldn't wait anymore because I didn't want to wait.

When she had a conflict with Bei Chun Ni, I immediately turned on the monitors through my computer and sent Linda to take care of it.

When she wanted to be the female lead of "Ten Years", I invited Star Art's best agent to help her become popular.

But I never expected that.....she actually didn't care about this.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 867: He Chen's side story (Part 2)

Although there was an indescribable uncomfortable burning feeling in my heart, I knew that this was for her stardom.

If this was her dream, I was willing to help her achieve it.

Even when I drove her to that banquet, the person standing by her side was not me.

But I never thought that in less than half an hour, she had walked out alone.

I would always remember that day, there were snowflakes that filled the sky.

The entrance to the restaurant was surrounded by reporters sister Ai had called, waiting for the news of this 'coupling'.

However, she very willfully walked out alone.

If it wasn't for the turbulent waves that churned in my heart, my heart had skipped a beat.

Later I became more nervous around her. The more she clung to me, the more I was afraid of losing her.

That kind of panic continued until the day she wanted to remarry me and said the word 'getting certification' to me.

Although I could understand what she meant, I still was worried that I was wrong.

But she was fully dressed up the next day, my heart suddenly sunk.

It was a very strange feeling, there was no one in this world who could understand what I was feeling.

It was like feeling uncertain for ten years and then your most important person suddenly gave you an answer.

There were a few good brothers that asked me why I remarried her.

It was probably because of her relationship with Ye Zuo Chuan before that made people talk.

And when everyone asked me this, I would strictly tell them that there was no one as good as her in this world.

Because the moment she came into my life, it was this world's greatest gift.

Perhaps only someone who really paid attention would understand that no matter how noisy she was, as long as it was for me, I could do anything.....

She used her own way to prove that she was no longer related to Ye Zuo Chuan and I felt that she was very cute at that time.

Really.....She was very cute!

Actually I didn't want her to stay in the entertainment business. Half of the hot searches were good things about her, but there were more people who slandered her because of how outstanding she was!

When someone said that she wasn't good, I knew that the words He Chen wasn't any use.

But Zhe Xue worked. My pen name, my initial belief.

On her birthday each year, I would congratulate her on Weibo. It was for nothing else, I just hoped that there would be many people blessing her on that day.

Although I was still jealous of 'Zhe Xue' later, I felt that it was very funny since when had I ever been someone who did something like this?

But thinking about it, I realized that this might be the real me. Just like the moon, many people thought that I was aloof, but I was no different from a normal person.

There was a reader who asked me what kind of girl would make me this obsessed.

I thought about it and gave a single response.

I used ten years to wait for a single look from her, then I would use the rest of my time to guard this look.

Since she was willing to look back at me, I would be willing to guard her without caring about a thing.

As long as I was there, there was no one that could say that she wasn't good. Because she was Luo Qing Chen and I was He Chen.

That encounter ten years ago determined my life, it was just to protect her for the rest of her life.

Chapter 868: Little theater side story

[Welcome to all the little fairies to the male lead's ten question segment! This segment isn't held for every world, it depends on fate! Next, we invite our Star Art's president mister He to come answer these questions!]

["First question: Did you fall in love with her at first sight?"]

"Not really."

["Then it was love over time?"]

"I don't know when I fell in love, but I knew that I had to protect her."

["Second question: What do you hate the most?"]

"The news."

["Oh! The system knows why director He hates them!"]

"It was the emptiest time in my life, I even thought about killing myself. It's a good thing that she didn't know."

["Third question: Who are you the most jealous of?"]

"Ji Li Sheng! Although she gave me a kiss before the kissing scene, I'm still unhappy that she shared a kiss with someone else on screen!"

["Ha, ha! Director He really is filled with envy and jealousy!"] The system had to secretly laugh!

"Ke, ke!" He Chen cleared his throat and said, "For all the books I write in the future, the male lead will be me!"

["....."] The system found it hard to keep speaking!

["Fourth question: If someone didn't force you, would you have told her that you were Zhe Xue?"]

"No! I feel that she should like He Chen more, why should she like Zhe Xue!"

["Because Zhe Xue is her male god!"]

"But He Chen is her husband!"

["You're right because you look good!"] The system gave a helpless shrug, who told the system to not look good.

["Fifth question: Why did you still go to the appointment even though you knew Gu Fei Er was a fake?"]

"Evil forces must be eradicated, otherwise they will appear in front of my wife again!"

["Sixth question: When did you feel powerless at work?"]

"The filming of "Ten Years"! Actually I wanted to give her better resources, but we weren't strong enough to completely cover the entire market!" Although he really wanted to take the entire market!

["Seventh question: When Michelle bullied her, why didn't you immediately step up for her!"]

"I never felt that Michelle was bullying her.....I saw that she made Michelle so angry that her face turned green!" He Chen thought about it before saying, "Mrs He has her own method of offending people that is filled with blood, I'm just a foil in that case. I just need to say a few key words!"

["....."] The system also felt that the host's face slapping prowess was getting more and more powerful!

["Eighth question: Were you nervous when you were at the Ruiliska Film Festival with her?"]

"Eh! Actually I was a bit nervous, but she didn't seem nervous at all....."

The system's digression: Nonsense! She exchanged for a skill with the system! Of course she was confident in her acting skills!

["Ninth question: What was the most interesting thing after marriage?"]

"She would always stand by me when I was writing and then tell me how I should describe her. Later, when I wrote about her appearance, there was a popular phrase that came about."

["What is it? What is it?"]

"Explosion of beauty!"

["....."] The system felt that the host shouldn't be happy!

["Ten question: Is there anything you want to say to her!"]

"You already know the things you can't write down. As long as you appear, I have no way of feeling despair."

[Ding, congratulations on bringing a soul fragment into the Lead God Space. 16/100]

Chapter 869: Crossdressing: Crown highness' slight pampering (Part 1)

[Welcome back host!]

The system's voice sounded in her ear and she came back to her senses.

She didn't know how she passed. It was most likely because she was too old and her body stopped functioning.

In that world, they went from "Ten Years" to "Eighty Years", going from their youth until they were old and grey.

There were those that liked them and those that didn't.

But so what! Whether it was acting or not, they just lived their lives.

They didn't have to wear a crown on their head, they didn't need fame or fortune, they lived better than everyone else!

A sad opening and perfect ending.

That was their life!

Female lead: Luo Qing Chen

Male lead: Hua Su Ye

Supporting female lead one: Luo Jin Yan

Supporting female lead two: Du Wan Er

Supporting male lead: Qian Ye An

Mission content: [Return to nine months before the female lead died and obtain the love of the male lead Hua Su Ye.]

[Currently importing memories, please accept them, host!]

She was in a wood shed and she was wearing the clothes of a man, with many fine brocades on her clothes. It seemed like she was from a big family.

The memories came in and she couldn't help chuckle in her heart.

A sentence popped into her mind. Some people aren't destined to be your beloved, so they are hard to approach. They are all good people, but you will always be a foil.

The previous host was born into a rich family. Her big sister was the number one beauty in the capital, skilled in zither, calligraphy, drawing, and everything else.

They were from the same parents, but people kept saying: Your mother must have exhausted herself giving birth to your sister, she was just doing a service when it came to giving birth to you.

The previous host grew up in this kind of condition, a sister who was pampered and a 'little sister' who liked to play tricks on her.

This little sister came from a different mother. Her mother was a brothel girl where she had gotten pregnant from her father leaving a seed before entering the Luo Family.

She and Luo Qing Chen were born in the same year, but she was six months younger. It was because of this that Luo Shu, who was the previous host's father couldn't hold back his desires when the previous host's mother was pregnant.

Since then, the Luo Family had two madames!

Her big sister Luo Jin Yan had been adored since she was born. As long as there was a man, he would never forget it when he saw Luo Jin Yan.

It was because of this that Luo Jin Yan's status in the Luo Family was high. Her so-called little sister Luo Zhao Xin didn't dare play tricks on Luo Jin Yan, so she could only take care of her.

Since she was that in the way.

Actually although there was a large gap between the previous host and Luo Jin Yan, the difference was not in terms of looks, but rather their physiques!

Chapter 870: Crossdressing: Crown highness' slight pampering (Part 2)

Her face was as round as bread and her fat seemed to be falling off. There was no need to mention her figure, seeing the 20 on the status panel should have been enough to tell that she was twice as heavy as Luo Jin Yan!

Since someone said that the previous host's mother only gave birth to her as a courtesy when she was ten, the previous host had never worn female clothes!

Over time, many people thought that the Luo Family only had two daughters and a son.

Luo Shu and Madame Luo had dark looks when they heard this rumour, but they were too lazy to explain!

The previous host who was already relatively overweight began eating ten meals a day and wearing large custom brocaded robes, walking through the streets.

Every time she was caught, she would be locked in the shed overnight. She was already used to this.

But people would always grow. When she was fifteen, she wore a large golden robe and began fighting with punks in the street.

That was when Qian Ye An appeared in her eyes. She still remembered his majestic appearance, his clothes as white as snow without a single stain.

The previous host who had never been in 'love' had her heart moved.

When his slender fingers softly helped the previous host up, the previous host found that her palms were sweating.

"Little brother, are you alright!"

"I.....I'm fine."

That was their first conversation, so short, but the previous host could never forget it

The previous host learned later that Qian Ye An had passed the imperial martial exam and that was the day he entered the royal palace.

The previous host met Qian Ye An a month later. When the previous host was walking through the streets with her golden robe, Qian Ye An called out to her.

When she turned back and saw Qian Ye An in his guard uniform, she fell once again.

This time, they had become friends.

The recited poems under the moon, they watched the flowers while enjoying tea, and spent countless beautiful days together.

Qian Ye An knew the previous host loved to eat, so he often brought her desserts from the palace.

These days made the previous host think that she could tell him the truth, tell him that she was actually a girl.

But accidents still came in the end. Perhaps it couldn't be called an accident, rather it was fate.....

The previous host was at the Drunken Moon Pavilion drinking wine with Qian Ye An as usual. The guards were on shifts and didn't stay in the palace all day.

On that day, she let Qian Ye An see her big sister, the number one beauty of the capital, Luo Jin Yan.

The previous host could see a sparkle in Qian Ye An's deep eyes, it was faint, but very bright.

"Quickly come home with me, mother has suddenly fainted and wants to see you!" Luo Jin Yan's words made her heart tremble.

As soon as her voice fell, she couldn't help seeing Qian Ye An and her eyes were stunned.

Qian Ye An gave a soft nod and said to the previous host, "Go ahead!"

Although her mother didn't take care of her, she had never been bad to her. She had everything that Luo Jin Yan had since a mother was a mother in the end. No matter how lacking her child is, she loved them from the bottom of her heart.

That night, her mother said many things to her on her sick bed. Most of it was about taking care of her big sister and not causing trouble.

Her mother had left very quickly, it only took three short days between fainting and dying. The Luo Family had fallen completely into silence.

Luo Shu made many mistakes in court because of the pain and the Luo Family was beginning to fall.

It was at this time and Qian Ye An came to propose marriage.
