Chapter 881: Crossdressing: Crown highness' slight pampering (Part 13)

She could only say she did. What else could she do if she didn't trust him?

Hua Su Ye stood in the wind and grabbed the rudder. The wind was very strong and if she hadn't been tightly holding the side, she would have already been blown off by the wind.

But Hua Su Ye was calmly controlling the rudder, slowly moving forward in the darkness.

Luo Qing Chen didn't know where he was going, but looking at his back, her heart skipped a beat.

No matter what, he was a young master of the capital, but he didn't show a weak appearance when facing danger, rather he bravely and calmly charged forward.

His words were harsh, but there was a bit of concern in them.

He was a very strange person, she clearly wanted to beat him, but her heart filled with warmth.

The ship was half sunk and there was a violent storm around them, as the large waves crashed in their faces again and again.

"Big brother, I'm afraid."

Luo Qing Chen suddenly looked back at the children behind her.

They were small and thin, but they were desperately holding the side of the ship.

"Don't be afraid, don't be afraid." She didn't know what to say to comfort them, she could only believe that the strong man could fight the god of death on the sea.

"Hua la." There was a large gust that blew and the entire ship seemed like it couldn't take it anymore.

She just felt endless sea water pouring into her facial orifices. Everything turned dark, but there was someone holding her as she lost consciousness.

She seemed to understand something at this moment, on the endless seas, the god of the sea was a death god.

—

[Host, quickly wake up.]

The system's voice rang in her ears. She knit her brows as the harsh light entered her eyes as she opened them.

When she opened her eyes, she saw the broken ship and the four unconscious children.

She looked around. This place was a deserted island, which the ship had been near when they crashed.

Seems like that playboy has some skills. He should have known there was this island nearby, so he brought them here.

But how did he know there was an island here? She knit her brows as she thought of his actions last night.

“The might of the wind and the direction!”

[The host is quite smart!]

Because there was an island nearby, the wind would become weaker, right?

[Right!]

“What are you thinking? You’re this lost in thought?” Hua Su Ye had already changed into dry clothes and he was holding two fishes. He had a faint smile on his lips, looking as refreshing as a spring breeze!

“Damn, you even changed clothes!” Luo Qing Chen looked at him in a daze, “Where did you get it?”

“Did you forget what that ship’s cover was?” Hua Su Ye pointed at the products that were drying in the sun on the side, “You can change after it finishes drying, but you should cut it yourself since you’re so fat.”

When his voice fell, he kindly pointed at the unfinished products on the side!

“Scram!” She rolled her eyes, “The children should be fine, right?”

“Un, they’re fine.” Hua Su Ye looked at the sky, “It’s just that there’s no place to sleep. There is a clean pool of water in front, you can go wash up before you change clothes.”

Suddenly she felt like it was a husband and wife on an outing with their four kids.

And it was a strong feeling!

“Then.....Cook the fish properly and don’t burn it!” She picked up the dried clothes from the ground and ran off in a panic!

Actually it wasn’t much, she was just a bit nervous.....It felt like something.....between two men!

Chapter 882: Crossdressing: Crown highness’ slight pampering (Part 14)

Taking a quick bath, she found a place very suitable for swimming.

There was a dense jungle behind the pool and there was a large open space in the middle.

There were no footprints, Hua Su Ye shouldn’t have noticed this place.

At this time, you have to make it hard for the system!

System, I want to exchange for a nice house! After all, it isn’t right for children to sleep under the stars.

[You can, but the host only has enough exchange points for a low grade wooden house.]

.....

As expected, a house was expensive no matter where you went!

Exchange! No hesitation, you can't make it hard for children!

[Ding, 5000 exchange points has been taken. Successfully exchanged for a low grade wooden house (Can only be used in this world).]

A brand new wooden house appeared in front of her. Although she felt a bit of pain, it didn't stop her from appreciating this small house.

When she came back to the shore, there were two kids who woke up.

There was the smell of grilled fish in the air and her stomach gurgled after she took a deep breath.

"So hungry!" Luo Qing Chen rubbed her stomach before looking at Hua Su Ye with an excited look, "Did you finish cooking it?"

"There's some fruits that you can eat first." He leaned over the fish while handing her a wrapped fruit that was rather red, "It's been washed."

Luo Qing Chen took the fruit and took a bite.

Un, it's really sweet.

She suddenly remembered that eating fruit can let you lose weight!

"This is yours, it's a bit burnt." Hua Su Ye gave her a slightly burnt fish before giving the little kids the one that wasn't burnt, "You're not allowed to cry after you finish eating. Big brother will take a look to see if there are any caves on this island."

"Yeah." Once they smelled the fragrance from the fish, the two children who had been sleeping on the ground suddenly jumped up and rushed forward.

As expected, kids were still kids. Once there was something good, they could forget about everything bad that had happened.

Seeing that Luo Qing Chen didn't take the fish, he asked in a surprised voice, "You don't want to eat?"

"Didn't you say that I should lose weight?" She took a large bite of the fruit in her hand, "I plan on eating fruits to lose weight and become a beautiful youth."

"Then I wish you luck!" Hua Su Ye gave a chuckle as he put the fish in front of himself. He ate it as he said, "That storm won't pass that quickly, it'll still be back tonight, so I hope that we can find a cave as soon as possible."

"Don't worry, I'll make a house for you guys!" Luo Qing Chen suddenly stood up and said to the kid in front of her, "Come, follow sis.....this little brother to see the new house!"

—

When Hua Su Ye was standing in front of the wooden house, there was a faint sparkle in his deep eyes.

The wooden house seemed rather new, it really seemed like someone had just made it.

"When did you find this house?" Hua Su Ye clearly didn't believe what she said about building a house.

But without knowing why, there was a part of his heart that unconsciously believed it!

“It was built by me!” Luo Qing Chen gave a chuckle before looking at the four kids, “Quickly choose a room!”

“Yeah, yeah, yeah!” There was another wave of cheers.

When it came to dusk, the sun set. The surrounding temperature dropped and there was a chill that came in.

“Other than the clothes from the ship, all the dry rations were washed away!” Hua Su Ye put a few useful things in his bag, including things like candles.

When they returned to the house, the four kids were already asleep.

After bustling for two days, she could finally sit here in peace. Her stomach gurgled and her head also hurt.

Chapter 883: Crossdressing: Crown highness' slight pampering (Part 15)

It was like she was in a dream. She had finally become thin and was no longer fat.....

There was a soft voice by her ear and a cool cloth placed on her head.

“Big brother, why is little big brother not awake.” There was a soft voice that rang by her ear and a small hand that touched her face that was very tender.

“Little big brother is sick.” Hua Su Ye knit his brows as a trace of concern flashed in his eyes.

He didn't know how many days passed before she slowly opened her eyes. When she touched her forehead, it was no longer burning.

The people outside heard the movement and wildly ran in. Seeing her with her eyes wide open, only then did they let out a sigh of relief.

“You're finally awake.” Hua Su Ye didn't know why he felt a bit scared, he was strangely scared.

The person in front of him was clearly a fat man, so why did he unknowingly feel worried about him?

He resisted this feel, but his body was honest.

“How long have I been asleep?” Luo Qing Chen touched her forehead and said, “The difference in temperature seems to be too much.”

But why was it that while she was asleep at night, she felt very warm.

“Three days.” Hua Su Ye gave her the congee, “There was a bit of rice on the ship and I tried cooking it. I don't know if you can eat it or not, but give it a try.”

When he handed the bowl to her, there was a faint sparkle in his eyes.

“I feel like I wouldn't be hungry at all!” Luo Qing Chen touched her face like she had suddenly thought of something. She looked at him and said, “I.....Am I thinner?”

Hua Su Ye was a bit surprised. He looked at her thin face and although there was a bit of baby fat, it was quite cute.

“Un.....” Hua Su Ye unconsciously touched his ear and said, “You’re much thinner.”

“Really? Do I look good?” Hearing this from Hua Su Ye, she was a bit excited. You really did lose weight after being ill.

This was the blessing god gave her. Although this kind of skinny wasn’t healthy, she didn’t want to get ill!

Anyway, it’s good that she was skinny!

“A man caring about whether he looks good or not, isn’t this embarrassing!” Hua Su Ye’s eyes trembled before he said, “The storm is about to pass, we should think of a way to head back!”

“Ah?” Luo Qing Chen drank the congee while saying, “Aren’t we waiting here for someone to rescue us?”

“Then you should keep dreaming.....” Hua Su Ye helplessly shook his head, “You can’t build a boat, but you can still build a raft. The kids have been helpful, unlike you who became sick right away!”

Although Hua Su Ye said this like he was giving up on her, his voice was filled with blame.

“Sorry, I caused you trouble!”

“When did I say you were trouble!”

He immediately said it from the bottom of his heart, without thinking at all.

Luo Qing Chen pursed her lips into a smile, “Big brother, what are we eating this afternoon?”

“Fruit!”

A certain someone’s face changed from a smile to a blank expression.

After recovering from her illness, he made her eat fruit!

—

The stars were sparse and there was a faint earthy scent in the air, smelling like the dew after the rain.

This was their first night without rain on this island. Hua Su Ye said that it was because the storm had passed.

There was a campfire with several hares and fishes leaning over it, releasing its fragrance everywhere.

“Big brother, Xiao Bao and I’ve heard ‘ao, ao’ sounds when we were sleeping over the past two nights. Can we sleep with big brother tonight?” Xiao Qiu blinked her clear eyes.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 884: Crossdressing: Crown highness’ slight pampering (Part 16)

Luo Qing Chen knit her brows and asked, “Could it be that you heard wrong because of the rain?”

This problem could be big or small. It would be the best if they heard wrong, but if they didn't, it was a big problem.....

Hua Su Ye also attached importance to this question. He looked at Luo Qing Chen patting Xiao Qiu's head as he said, "You're certain it was 'ao, ao' sounds?"

"Yes."

"Awo!" A long howl broke the silence.

"Right, right, right, it's this sound." Xiao Qiu jumped into Hua Su Ye's embrace.

Luo Qing Chen's expression changed.

"It's wolves."

"It's wolves."

The two speaking at the same time made the atmosphere more tense. Luo Qing Chen knit her brows as she said, "If they didn't know we were friends or foe before, that display of dominance means that they consider us enemies."

"It's impossible." Hua Su Ye shook his head, "Wolves live by habit, they like open spaces. There's such a large house here, it's not suitable for them."

Hua Su Ye's words made Luo Qing Chen's face stiffen. It can't be that this open space was where they lived or played, right!

"Then.....Then maybe they have different tastes and like this kind of wooden house.....It isn't certain!" Luo Qing Chen pursed her lips and said, "In short.....what do they mean by calling out now?"

It can't be they wanted to eat them, right.....

She wasn't that fat now, she didn't taste good.....

"It isn't anything good, we should make the raft as soon as possible and leave." Hua Su Ye knit his brows. Looking at the wolf pack not far away, he unconsciously clenched the torch in his hand.

Wolves were afraid of fire, or rather any animal was afraid of fire. Since that day, Hua Su Ye had been making a campfire by the wooden house to stop the wolves from approaching.

But three days later, it began raining in the middle of the night and the wolf pack came.

"Peng." There was a strong impact sound that woke up everyone.

"Little big brother, little big brother.....Wu, wu, wu, wu." The kids had never seen this before and broke out in tears.

Luo Qing Chen looked at the wolf pack moving not far away. There were over twenty of them and they seemed like they were here to kill.

"Take the kids to the raft, I'll hold back these wolves. Remember, you have to be quick." Hua Su Ye took off his cloak to drape over her and said, "Protect yourself."

“No.” Luo Qing Chen looked out the window, “There are too many wolves, you can’t beat them.”

“You don’t believe in me?” Hua Su Ye gave a soft laugh and looked into her eyes, “If we can get out of this alive, I have something to tell you.....”

Her heart shuddered as she felt a bit afraid. She was afraid that she wouldn’t be able to hear what he wanted to tell her!

“Alright, I’ll come back after I help them settle.” As soon as her voice fell, Luo Qing Chen took the hand of a child and ran.

She didn’t dare turn back. She was afraid that if she turned back, she wouldn’t have the strength to run.

Most of the raft was completed. They were just missing the weight bearing logs, but if four kids sat on it, it didn’t matter if the weight bearing logs were there or not.

Luo Qing Chen pushed the raft bit by bit until it was behind a place with rocks. She looked at Xiao Qiu who was the biggest and said, “Hold tight onto this rope. If little big brother comes back, we’ll go home. If little big brother doesn’t come back, let go of this rope, understand?”

Chapter 885: Crossdressing: Crown highness’ slight pampering (Part 17)

After everything, you can only look at fate.

She couldn’t throw away Hua Su Ye because he didn’t throw her away when she was sick.

She kept thinking about what he had said when he was with her.

He was the emperor’s fourth son, his mother who had given birth to him was the emperor’s favourite.

It was because of this that people were jealous and tried to kill him.

The emperor loved him very much and made him a prince at the age of ten, making him the master of the eastern palace.

During these years, he had never married and the emperor was never strict with him.

There were many rumours in court and the biggest one was that he was ‘that’.

“Awo!” With a wolf howl, Luo Qing Chen saw Hua Su Ye covered in blood under the moonlight and her heart skipped a beat.

He was surrounded by wolf corpses, but there were still seven to eight wolves staring at him.

“Awo!” With a commanding howl, all the wolves attacked Hua Su Ye.

Luo Qing Chen’s eyes turned cold. She took the torch that had fallen to the ground and jumped out, waving her right hand to keep off the wolves.

“Si.” The skin on her right hand was ripped by wolf claws, but she still stood firmly in front of Hua Su Ye without hesitation.

“What did you come back for!” Hua Su Ye’s face was a bit pale. There were many wounds over him and although they weren’t fatal, he had bled quite a bit.

Why did he come back even though he knew that it was such a dangerous situation. The wolf claws were aimed at his heart, so why did he reach out to stop them.

When he was in the dangerous palace, there wasn’t a single person, whether they were male or female that would accompany him in death.

Not a single person.....So when he had her take the children away, he never thought that she would come back.

[Ding, affection has increased by thirty. Mission completion rate is now 50%.]

“It’s the same answer as when you had me leave.” The system notification in her ear made the torch in her hand tremble. There was a faint cold glow in her eyes as she said, “Do you believe me?”

Her tone was very soft, but it was filled with determination!

Since he was willing to use his life to protect her, how could she leave him here alone.

Hua Su Ye trembled. There was a faint warm feeling in his heart, it was a very strange feeling.

“Close your eyes.”

“Ah?”

“I’m telling you to.....close your eyes.”

As soon as her voice fell, Hua Su Ye closed his eyes without any guard in this dangerous situation.

He had never dared to sleep soundly or close his eyes in an unfamiliar environment because he knew that many people wanted his life.

If the person in front of him was an assassin, he would be killed in an instant.

[Ding, 500 exchange points has been taken. Successfully exchanged for space and time freeze.]

She narrowed her eyes and took the sword from his hand in her right hand, stabbing the feet of the wolves one by one.

There was the smell of blood in the air. They wouldn’t have disturbed the wolves, but they were attacked by others when they didn’t hurt them, so they would definitely fight back.

Only, she still couldn’t bear to pierce their hearts.

With their legs stabbed, they would lose the ability to fight, so it was the best of both worlds.

After the space and time freeze, all the wolves fell to the ground.

She bit her lip and said to Hua Su Ye behind her, “Open your eyes!”

In less than a second for him, the person in front of him had taken care of all the wolves.

The shock was the same as when he saw the wooden house, his heart suddenly trembled.

Chapter 886: Crossdressing: Crown highness' slight pampering (Part 18)

A day later, the raft was finished. Hua Su Ye was injured, so the four little kids helped with rowing.

"I never thought that for such young kids, you would be this strong." Hua Su Ye was dressed in a moon white robe and his complexion looked quite good.

"Big brother, we aren't the kids of rich people. Our parents were poor, so they sold us to human traffickers." Xiao Bao said in a childish voice, "We don't want to go back at all, but little big brother said that you were injured and we had to go back quickly, or you would be in danger."

His wounds were indeed serious. Luo Qing Chen knew this and knew that he was holding on.

"Your little big brother doesn't understand, he is also injured." Hua Su Ye said with slightly knitted brows, "How are your wounds? Why won't you let me see?"

"Ke, ke....." She cleared her throat and said, "I like being clean, I don't like being touched by other men!"

"So you like touching other men?" Hua Su Ye had a gentle look in his eyes as he said, "I was touched all over by you!"

"Hee, hee, hee——"

"Ge, ge, ge——"

The little kids' laughter made Luo Qing Chen's face turn red!

"Damn! Big brother, I was helping you bandage your wounds, alright?" Luo Qing Chen said, "Do you not know how to repay favours!"

She actually knew that he was changing the topic, but she had to let him do it.

Sometimes he was too smart, he was so smart that he could tell what she wanted to say with a single glance.

"Thank you for your grace." Hua Su Ye elegantly raised his brows and said with a smile, "I will definitely come to your house and repay you once we return to the capital city!"

After he saw her stand in front of him without caring for her life, he had thought it through.

So what if they were men, why did he have to desperately resist this wonderful feeling? Since he cared this much, it was better to care on that side.

Anyway, aren't the rumours in court like this?

If he really did this, there was nothing to be shocked about.

Luo Qing Chen heard this and was stunned. She suddenly remembered that she was still a man and panicked a bit.

She blinked and said, "Say, if you find one day that a good brother lied to you, how would you act?"

“Death!” Hua Su Ye narrowed his eyes, “What I hate most in this life is being deceived, not to mention being deceived by a brother!”

She was stunned as her eyes became a bit awkward!

Hua Su Ye seemed to be aware of this as a sparkle appeared in his deep eyes, “Could it be.....you lied to me about something?”

“I.....” Luo Qing Chen said, “I’m not your brother, so what if I lied to you!”

What could she do, she was also very desperate! When she was fat, she looked like an auntie wearing female clothes, it didn’t look good, alright?

“Who said that you’re not my brother?” Hua Su Ye patted her shoulder, “Meeting danger on this island, we have already gone through life and death together!”

“Life and death?” Luo Qing Chen swallowed a mouthful of saliva before saying, “What you wanted to say to me that night, it can’t be this, right!”

“Oh.” Hua Su Ye’s finger trembled and his eyes turned dim as he said, “No.”

“Then what did you want to say.” Luo Qing Chen looked at him in a daze with her clear eyes.

She could see the panic in his eyes.....

No, he can’t panic! He can’t care about the eyes of others and insist on what he thought!

“I am Hua Su Ye, I have no mother, no ‘brother’, no lover.....” His eyes had a deep look as he paused, “Are you willing.....to become my.....”

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 887: Crossdressing: Crown highness’ slight pampering (Part 19)

“What?” Luo Qing Chen tilted her head. The four kids also tilted their heads, looking at Hua Su Ye with innocent looks.

Hua Su Ye was stunned by this and touched his ear in a daze, “Are you willing to.....go through life and death with me?”

“We’ve already been through life and death!” Luo Qing Chen pushed the four kids beside her, “Don’t you think so!”

“Right!” The four young voices sounded in unison, making one’s heart turn warm.

The raft floated to where the large ship had crashed into the rock and after waiting for half a day, a cargo ship passed by.

It was a cargo ship from Jiangnan to the capital, so the boatman picked them up.

After several twists and turns, they smoothly returned to the capital.

This trip already took half a month! She had been reborn, losing over twenty kilograms.

With a serious illness, it really was good for slimming her down.

Now that her figure was good, although her cheeks still had a bit of fat, it looked quite cute. There were two small dimples on her face when she smiled, which looked very sweet.

Luo Qing Chen ate ten meals a day to feel full before, but she ate less than ten regular meals in this half a month. It really was hard to be thin.

As expected.

Hunger! That was the first element in losing weight!

"I'll take the four of them and you.....ke, ke.....you should go home first." Hua Su Ye's face was a bit pale and there was a faint trace of blood on his moon white robes, but his eyes were still deep.

"Alright." She said with a nod, "Take care of yourself, we'll meet again."

As soon as her voice fell she slowly turned and took two steps before turning back, "We will meet again, right?"

"Of course." There was a warm smile on Hua Su Ye's handsome face, "I will come find you, I remember your name!"

"My name....."

"Go back!" Hua Su Ye's expression changed slightly, "I'll watch you go."

She was a bit stunned in her heart. After gritting her teeth, she turned and walked off.

She didn't turn back this time.

The crown prince had been missing for half a month, there must be a storm of blood in court.

Leaving is the best preparation for the best reunion.

The Luo Family must have exploded.

She was wearing a light blue robe with fine and elegant features. When she walked through the streets, many girls turned their eyes.

"Young master, do you want a fan?" A hawker suddenly came forward with a smile, "Young master is this handsome, how can you not match this elegant fan!"

He said this while looking at his daughter behind him.

The young girl pursed her lips and lowered her head shyly.

Luo Qing Chen was taken aback before revealing an awkward smile, "Boss, lend me a mirror to use!"

"Young master, please, young master, please." The hawker handed her a mirror.

When she took the mirror, she was frozen in place.

The face in the mirror had a delicate face with slightly raised thick brows. Under the long and slightly curled lashes, there was a pair of clear eyes that shined like dew and lips as red as rose petals.

This really was a beautiful young man.....

When the sounds of gossip entered her ears, she couldn't help feeling a bit flustered.

"This person is so handsome! He doesn't seem familiar, he should be from another place!"

"Aiya, our girl likes this kind of beautiful boy. He looks so elegant and gentle!"

"You really change quickly! You said yesterday that your daughter liked a strong man who gave her a sense of security!"

.....

Chapter 888: Crossdressing: Crown highness' slight pampering (Part 20)

Luo Qing Chen walked quickly to the Luo Manor.

When she came in, she was stopped by the housekeeper.

"That one, do you have an invitation?"

"I.....Uncle Liu, I am Qing Chen!" She looked like she was stunned!

Uncle Liu didn't even didn't even recognize her after she lost weight, just how fat she was before!

Uncle Liu narrowed his eyes and narrowed him again before he fell down, "Second miss, second miss.....Old master.....The second miss is back, the second miss is back!"

Uncle Liu ran off shouting and it was too late for Luo Qing Chen to even call out to him.

She touched her ears and muttered with a chuckle, "This feels quite good."

Taking two steps forward, she thought that her big sister Luo Jin Yan would be the first to come out.

But she never thought that it was Qian Ye An.

Under the sun, the hibiscus flowers in the garden looked just right. With a warm breeze, the petals fell and the air was filled with the faint fragrance of flowers.

Qian Ye An stood against the light with slightly knit brows. There was a bit of surprise in his deep eyes, but the rest was filled with anxiety.

"You're back....."

Before she even said anything, Qian Ye An wildly came forward and tightly held her. His hand tightened and it was almost so tight that she couldn't breathe.

"Good.....It's good that you're back....." There was a slight tremble in his voice and it was a bit choked up.

At that moment, her mind suddenly went blank and waves rolled in the depths of her heart.

This was the previous host's feelings, it was a kind of excitement.

The people she unconsciously thought that she couldn't approach had suddenly become intimate with her.

After a while, she closed her eyes and calmed down her emotions. She slowly left his embrace and said, "Un, I'm back."

Her voice was indifferent, without the slightest change at all.

Qian Ye An was stunned, as a bit of loss appeared in his eyes. He said with a sigh, "Jin Yan was very worried after you disappeared, I came to come find you when I wasn't on duty. Uncle and aunt are very worried, where did you go? How could you disappear without a trace!"

"This.....it'll take a while." She looked up at Qian Ye An, "Was my sister alright during the days I was gone?"

She suddenly felt a bit of panic. Although her leave this time was different from when the previous host went to the desert.

There were parts that were similar which made her a bit unsettled.

"It's nothing big....."

"Nothing big, there's only a small matter?" Luo Qing Chen knit her brows as she became even more unsettled.

"Jin Yan has been a bit tired lately. The famous doctors of the city have all found no problems with him." Qian Ye An looked at her white clothes and his brows knit slightly in thought, as his eyes sunk a bit.

It was like he kept wanting to.....keep looking at her.

"And then?" Luo Qing Chen saw that he didn't continue, so she looked into his deep eyes.

"Eh....." He panicked a bit as he looked away. He slightly pursed his lips as he said, "You'll know once you take a look."

Luo Qing Chen who had a bit of hope felt that when she saw Luo Jin Yan, her body suddenly feeling tired wasn't that simple.

When she saw Luo Qing Chen, she used all her strength to sit up in the bed. Her eyes were red as she hugged her and said, "Qing'er.....Qing'er, Qing'er.....It's really great that you're back.....Really great."

Chapter 889: Crossdressing: Crown highness' slight pampering (Part 21)

"You talk first. I'll be at the door, you can call me if you need anything." Qian Ye An took a look at Ye Yu Xi before slowly closing the door.

"Qing'er, just where did you go? Why did dad find no news on you at all even after sending out all those people?" Luo Jin Yan tightly held her hands with a concerned look on her face.

She spent half an hour telling her what happened before continuing, "In short, it was an escape from death and I'm fine, only you....."

"I'm assured hearing you say this." Luo Jin Yan let out a long sigh, "Don't you know that when you disappeared, young master Qian.....was very worried about you."

“Loving one for another, I know.” Luo Qing Chen looked at her pale as paper face and said, “Big sister, I heard Qian Ye An say that you haven’t been feeling good lately? When did it begin?”

Luo Jin Yan’s face didn’t look like a normal problem and medicine could help nourish her body, it was impossible for it to have no effect at all.

“Me?” Luo Jin Yan shook her head and said, “Don’t worry about me, I’m fine! But you, you’re much thinner! If I wasn’t thinking about you every day, I wouldn’t have recognized you right away.....”

Luo Jin Yan was very gentle, patting her head with every word. She kept muttering, “Now that you’re back, I’ll feel much more assured. Perhaps I’ll be better in a few days.”

“Big sister, rest well. I’ll have the kitchen cook something you love and we can eat it together tonight.” Luo Qing Chen saw that she was tired so gave a soft laugh. When she narrowed her eyes, there was a trace of coldness in them.

“Alright, I’m a bit tired.....” Luo Jin Yan rubbed her temples and said, “Qing’er, remember you call me when you eat, I have something to discuss with you.”

There was a faint sorrow in her eyes and she revealed a sadness that she didn’t intend to reveal.

—

When she opened the door, Qian Ye An was outside. He was leaning by the door, looking so good that he seemed to be glowing.

“Come with me, I have a few things to ask you.” Luo Qing Chen narrowed her eyes and pulled Qian Ye An to the gazebo in the backyard.

He was a bit surprised and his heart couldn’t skipping a beat.

“I don’t have time to waste, so young master Qian should answer my questions as best as you can.” Luo Qing Chen looked around before cautiously looking at Qian Ye An.

“What, are you worried about Jin Yan’s body? I also feel that recently she.....”

“First question.....” Luo Qing Chen cut him off, “Has there been a change in her maid recently?”

“How did you know?” Qian Ye An was stunned. He looked at Luo Qing Chen with slightly knit brows and said, “Xiao Tao’s mother was seriously ill, so she went back to her hometown to take care of her.”

“What about the one now?”

“The current one is the smartest among the maids picked by old master Luo, she seems to be called Ning’er.” Qian Ye An couldn’t help asking when he saw her serious look, “You’re asking this much, is there something wrong?”

“I wouldn’t tell you even if there was something wrong!” She looked at him with cold eyes and a faint smile, “Qian Ye An, whether you are a friend or an enemy, I really am a bit.....doubtful.”

The previous host’s memories weren’t wrong. Qian Ye An married Luo Zhao Xin later on, but she didn’t know the reason.

Perhaps the previous host would never know this answer.

Because this was already another world.

Chapter 890: Crossdressing: Crown highness' slight pampering (Part 22)

"Qing Chen....." Qian Ye An was stunned, clearly never thinking that this handsomely dressed young man would say such things to him.

They had been chatting and laughing in the Drunken Moon House before, but now.....she was speaking like this.....

"It's fine! I'll ask my second question." Luo Qing Chen looked at him with slightly knitted brows, "During the time I was gone, has my big sister been eating anything different from usual?"

"There shouldn't be." Qian Ye An knit his brows as he said, "She mostly eats with the old master and the madame, I would come when I have time. There wasn't anything strange."

Luo Qing Chen knit her brows and purse her lips, "Did you really find nothing unusual?"

"What happened to Jin Yan?" There was a look of worry in Qian Ye an's eyes, "You're suddenly this serious.....It isn't like you."

Although Luo Qing Chen wasn't an elegant person before, she was still someone with decent features. She was careless and didn't mind things.

He had never seen her worrying about anything and knitting her brows.

"Nothing." Luo Qing Chen said, "Go and eat dinner with my big sister first!"

She asked Qian Ye An these questions because first, she wanted to know why Luo Jin Yan suddenly became sick and second.....She wanted to know if Qian Ye An was a friend or enemy.

His eyes were sincere and unless he was very deep, he shouldn't have any ill intentions.

Ning'er had the kitchen prepare dinner, it was all light dishes. Ning'er didn't look bad, she had fair skin and delicate features.

"Ning'er greets the second miss."

"Un."

She gave a slight nod without saying a thing. Luo Jin Yan was already awake and while her face still looked bad, her eyes were clear.

"Have you seen our parents?" She warmly looked at her with a loving gaze.

Luo Qing Chen said with a nod, "Un, I went just now."

"Mother must have missed you, but big sister still had you come eat with me." Luo Jin Yan looked at Ning'er, "Have the kitchen prepare the desserts the second young miss likes. She must be hungry for them after being away from home so long."

“Big sister, no need. I’ll just eat whatever you’re eating.” Luo Qing Chen looked around and her eyes fell onto the flowers by the window. She turned and asked, “Big sister, do you like growing flowers recently?”

“That.” Before Luo Jin Yan could speak, Ning’er first said, “There were a few green willows there before, but they withered after the storm. Ning’er went to the garden to get a few flowers for the young miss to watch.”

“This flower.....” Luo Qing Chen had a faint sparkle in her eyes as she said, “How long has this flower been here?”

“This flower has been around for half a month, second miss.....”

“Did I ask you?” Luo Qing Chen directly cut off Ning’er and she looked at her with cold eyes, “You don’t even have an idea of your own self worth as a servant? Uncle Liu said that you were an intelligent person, but I think that his old eyes are clouded.”

“I.....” Ning’er gritted her teeth and muttered in a bit of an unconvinced voice, “I was just explaining to the second miss.....”

“Pa.” A crisp slap fell across her face and Luo Jin Yan and Qian Ye An were both stunned.

Ning’er also looked at her in shock, never thinking that she would slap her so quickly.

“I have a rather thin patience, so don’t blame me if you can’t understand.” Luo Qing Chen narrowed her cold eyes as she raised the fan in her right hand to her chin, “I’ll ask you again, how long have these flowers been here?”
