Chapter 91: Abstinent Beast God's pampered little princess (Part 22)

Luo Qing Chen ran the entire way, flying off towards the Star Palace.

Without knowing why, there was an unsettled feeling in her heart that made her feel a bit suffocated.

When she was about to head through the God Punishing Sword Array to the main hall, Mo Bai suddenly appeared to stop her.

"Qing Qing." He stopped her outside the sword array with a difficult look on his face, "Sir Ling Xiu said that since you want to go to the Falling Cloud Palace, you can go."

"Who said I wanted to go?" Luo Qing Chen bit her lip and her eyes misted over.

If it wasn't for Su Ye, she might have fallen off the sky ladder. Now her wrist was still hurting, but he actually wanted to chase her off. An aggrieved feeling instantly filled her heart and her nose became stuffy, as tears almost came out.

"Qing Qing, I also feel this matter is strange." Mo Bai asked her in a soft voice, "What relationship do you have with the second prince? Why is the entire Witch Race saying that you are his destined wife?"

Damn, it must be that Xi Ying spreading this! So angry, why is there such a shameless person!

"Nonsense." She bit her lip and said, "I'm not, I'm not!"

As she said this, she forcefully pushed away Mo Bai and charged forward.

"Qing Qing, don't go." Mo Bai pulled her back by grabbing her arm and saying, "You can't go up."

"Why?" She felt her heart skip a beat and an inexplicable sense of being lost came over her.

"That is because sir Ling Xiu has changed the God Punishing Sword Array. The sword array map he put into you with his spiritual energy is already no use!"

"Changed?" She heard Mo Bai's somewhat worried voice buzzing in her mind.

But it was like her heart had fallen in ice, it was just that cold.

Why did he not want her? Why did he decide to cut her off without even asking her?

[Host, you can't.] The system seemed to know what she was thinking and spoke with its mechanical voice.

Luo Qing Chen narrowed her eyes and there was a faint glow to them. She raised her right hand and the Exquisite Ring lit up with faint golden light.

There was a flash of golden light in Mo Bai's eyes and when he reached out to clock it, Luo Qing Chen had already jumped into the God Punishing Sword Array.

"Damn!" He saw the figure disappearing in the sword array and shouted in a low voice.

Sir Ling Xiu had just changed the sword array, even he needed to be careful heading to the Star Palace. Not to mention a mortal like Luo Qing Chen who had never seen the sword array map before.

Luo Qing Chen in this moment, her body was releasing waves of cold air. She stood in the middle of the God Punishing Sword Array with clear eyes and the Exquisite Ring on her right hand was affecting the sword energy, releasing a large amount of golden light. There were layers of broken light surrounding her.

She looked up slightly with a rarely seen look of rejection in her eyes. The winds blew in front of her and swords wildly flew around. It was like the swords were arranging themselves, preparing to attack her.

She looked at the ominous God Punishing Sword Array and her lips curled into a smile as she muttered, "Come!"

Instantly, the sword energy filled with infinite might charged at her and there were red lights all around her. There was black smoke all around the sword energy and there was faint flashes of blue lightning.

All around her were lights, white smoke, purple steam, and red clouds, swirling around.

Luo Qing Chen felt her breath stop. The Exquisite Ring's powers were enough to protect her from being internally injured by the sword energy, but it couldn't stop them from wounding her externally.

She knit her brows as she avoided the deadly attacks of the swords as much as possible. However, after a few times, her white clothes were already soaked in blood. The drops of blood dripped down her white fingertips, as large drops fell one after the other.

There was wind blowing in her ear as the black smoke gathered again to form that profound glowing light blue sword.

The sword had a suffocating pressure and there was a red as blood light that sparkled around it. It was like if one even touched it, they would be turned into ashes.

Chapter 92: Abstinent Beast God's pampered little princess (Part 23)

Her eyes narrowed and there was a bone chilling cold in them as she looked at the profound glowing sword.

After that, the profound glowing sword split apart, taking a formation and surrounding her.

The golden light around her was pushed back inch by inch and her face was as pale as snow. She was completely covered in sword slashes. She closed her eyes and her long lashes trembled slightly.

Because she had lost too much blood, her breathing was very fast and her vision gradually blurred.

She was so tired, so sleepy. She just wanted a good rest.....

But she forced herself up, not letting herself fall down.

System, I can't keep walking.

[Host.....]

No matter what, she had to say something to the system. Although most of the time the system wasn't cute, the one that had always stayed by her side was it.

At this time, cold glows came from all around her. The sword energy all moved towards her, preparing to attack her.

"Peng——" A large sound resounded in her ears.

A powerful spiritual energy instantly knocked back the sword array and there were 'ping ling, ping ling' sounds that rang in her ears. Every inch of light blue light was like a sword, clashing with the profound glowing sword clones.

Luo Qing Chen felt her body crumple as an arm with a trace of anger grabbed her waist, instantly pulling her into a familiar embrace.

Ling Xiu looked at her bloody body in his embrace. There was a layer of ice over his eyes, but his heart was beating fast like his soul had been taken.

Without knowing why, seeing her face that was as pale as paper, there was pain that ached through his heart.

So painful, so painful.

After a while, they came out of the God Punishing Sword Array. The warm sun lit up the Star Palace and every step he took her over was dyed with her blood.

Her white clothes had been dyed red by the blood and the wounds were deep enough to reveal bone. The blood was pouring out of them like they were tunnels.

It was like any second now, her blood would run out.

There was a thick blood smell floating in the surrounding air, but when smelling it, there was also a faint scent that came from her.

"Why do you choose to suffer?" He slowly walked up the stairs while holding her. He was holding her waist with his right hand and his left hand was releasing a light blue light that instantly surrounded her.

Luo Qing Chen felt a cool feeling run through her body and her wounds didn't hurt as much as before, but she still had no strength in her body at all.

She forced herself to open her eyes and used the last of her strength to grab his collar as she said, "You.....why.....didn't you want me?"

The feeling of grievement in her heart hurt more than the pain of her wounds. She worked so hard to stay by his side, so how could he throw her away whenever he wanted!

Ling Xiu saw the tears in her eyes. She was clearly about to die, but she was tightly grabbing his clothes. It was like his heart was being slashed by ten thousand swords, being filled with pain.

He knew that his heart hurt.

Perhaps it could be said he was moved.

[Ding, affection has increased by twenty. Mission completion rate is now 35%.]

“Sorry.” His voice was very soft as it slowly sounded in her ears, “I won’t let anything happen to you.”

Ling Xiu had never said this word before in his life, but today, he felt that he was willing to admit it. It was all his fault, if it wasn’t for the fact that he wasn’t willing to admit he was jealous and coldly pushed her away, she would have charged into the God Punishing Sword Array and almost lost her life.

This fool, how could she be this foolish? But she made people’s hearts hurt and made them love her, she made people want to hold her in their embrace forever.

After a while, after he used his spiritual energy to temporarily stabilize her condition. He then picked her unconscious body up and walked into the inner palace.

Chapter 93: Abstinent Beast God’s pampered little princess (Part 24)

System, system, are you still alive?

[Un.]

What about me?

[Un.] The system very helplessly opened its non-existent hands and answered the host’s question.

Damn! I can still live like this, Ling Xiu must really have some amazing pills!

[No, he used half his cultivation to save you.]

Damn! Wait, system, tell me honestly. If he didn’t save me, wouldn’t I have returned to the Heaven Race to become their little princess!

[Yes!]

Ah, ah, ah, why did he save this treasure! This treasure wants to die! This treasure wants to return to being the little princess and come back to marry you! Being a mortal means being especially weak! Also the supporting female lead is using all kinds of harassment, this world would be ranked SSS!

[Host, please stop howling like a ghost!]

Humph! Broken system!

—

“Qing Qing, you’re awake?” A familiar voice sounded by her ear.

Luo Qing Chen knit her brows and struggled to open her eyes. When she saw Mo Bai by her bed, she suddenly felt a bit disappointed.

“Sir Ling Xiu is in the pill refining room refining some pills, he will be back soon.” Mo Bai seemed to have seen through her seeking gaze and gently patted her head as he said, “Qing Qing, you have to get better soon.....”

Although Luo Qing Chen hadn't been in the Star Palace for long, she was his only friend among the Witch Race. He couldn't help her at all when she charged into the God Punishing Sword Array, but it had scared the life out of him. He felt that he had let her down.....

"Un——" Luo Qing Chen nodded. She felt no strength in her body at all, but it seemed like her wounds weren't hurting at all.

She suddenly remembered what the system had told her. In order to save her, Ling Xiu had spent half his cultivation. A Beast God had used such a desperate method to save a mortal, this kind of man really was unpredictable.

System, if he didn't use half his cultivation, would I have died?

[No, but it would hurt very much since your injuries were very serious.]

So he used his cultivation because he wasn't willing to let me be in pain?

[Un, his cultivation has spiritual energy that can quickly cure wounds. But this is a heaven defying method, so he needs to consume a large part of his cultivation.]

She felt that he was a person with an incomparably cold face, but was actually very warm deep down.

"What are you thinking?" Ling Xiu's clear as water voice rang out. She looked up slightly to find that Mo Bai who was here earlier was gone!

It was all the system's fault. Chatting with her when nothing was happening, it caused her to be distracted!

#System's digression: It was clearly you who came to chat with this system, alright?#

She shook her head and said with a smile, "Nothing, nothing at all....."

"You really don't fear death, daring to charge into the God Punishing Sword Array with a mortal's body." Ling Xiu carefully put the medicine at her mouth. His brows knit slightly and his face was a bit serious.

She would never know what kind of feeling he had when he saw her covered in blood standing in front of him.

That kind of suffocating heartache, she would never understand.....

Luo Qing Chen looked at his knitted brows and fell into a panic. Actually, she knew that he was a bit angry.

No, it should be very angry.

"I didn't think that much back then, I was just thinking that I had to explain as soon as possible." Luo Qing Chen took a deep breath and honestly looked at him.

He slightly knit his brows and looked into her clear as water eyes. Her face was pale, but that pure looking face with a faint smile on it couldn't help making his heart skip a beat.

It was like taking an extra glance would make one addicted for life.

[Ding, affection has increased by fifteen. Mission completion rate is now 50%.]

Chapter 94: Abstinent Beast God's pampered little princess (Part 25)

"What did you want to explain?" Ling Xiu narrowed his eyes and a deep probing look appeared in his eyes.

He really wanted to know, just what was she thinking with such a pure face?

"I don't have any relationship with the second prince. It was all spread by him, you can't believe it!" Luo Qing Chen dipped her head down slightly and her long lashes trembled as a faint blush flushed over her face.

Without knowing why, when she said this, she actually felt a bit embarrassed. It was all that Xi Ying's fault, only knowing how to play tricks behind her back all day! If she had the skills, she would come head on!

As the Witch Lord, although her spiritual energy was weak, at least she had some spiritual energy! Was she afraid of someone like her with a mortal body!?

Truly a coward!

Ling Xiu saw her expression and a faint smile appeared on the corner of his lips as he said, "Un, I know."

Looking at how hard she was trying to explain things, he couldn't help feeling that she was a bit cute like this.

Luo Qing Chen heard his three short words and was a bit disappointed. She suddenly felt that even though she only came to finish a mission each time, when she saw the person she was supposed to make fall in love with her, she really wanted to get close to them.

She didn't know why, but she felt that each person she cared about in each world had a particular sparkle in their eyes.

She should be a bit more brave.....

"Ling Xiu." She took a deep breath and her clear voice rang through the entire Cloud Beginning Pavilion, "I like you."

Having an affection of fifty, she believed that the other side had some feelings for her.

Even if it was a bit, it would allow her to bravely charge forward!

Ling Xiu was stunned. His deep eyes firmly locked onto her lips as his heart kept beating fast.

He raised his right hand and a faint blue light appeared at his fingertips. With a sound, the Sacrificial Spiritual Sword flew in through the door and was firmly grasped by him.

Luo Qing Chen was stunned, looking at Ling Xiu in front of her in a daze.

She nervously swallowed a mouthful of saliva and looked at the Sacrificial Spiritual Sword in front of her.

This, she was only confessing, was there a need to pull out a sword?

He could just reject her if he didn't like her. He could think of another method, he didn't need to be this extreme, right!

"Bring this sword with you from now on. If there is a sword array you can't walk through, it will guide you. This Sacrificial Spiritual Sword is an ancient divine weapon, just like the Exquisite Sword on your hand. A divine weapon is a fierce weapon, but it has already been sealed, so it is now very subdued. However, it also recognizes a master, so it depends on if you have fate with it." Ling Xiu narrowed his eyes and with a flash of blue light, the Sacrificial Spiritual Sword came in front of Luo Qing Chen.

Luo Qing Chen raised her and looked over the sword covered in faint blue light before looking at him to say, "This is for me?"

"Un." Ling Xiu said with a light nod.

He didn't want to see her being injured again. He had set the God Punishing Sword Array, so naturally he knew how to take care of it. Before this, he didn't know what it meant to hold onto something, what it meant to feel heartache.

But when he appeared in front of her covered in wounds, he understood.

With how much power he had, he should use it to provide her with some protection.

"Is this a token of love?" Luo Qing Chen took the sword and shook it. The sword didn't resist and instead sent a warm feeling through her hand. It was different from the God Punishing Sword Array, it didn't have any pressure at all and rather it had a faint trace of Ling Xiu's aura.

"It's fine if you don't cultivate properly, but what is your head filled with?" Ling Xue felt that when she said those words, his heart began beating faster. His ears gradually became warm and he couldn't even suppress it with his spiritual energy.

"Thinking of you!" She revealed a faint smile as her clear eyes looked right at him, tightly pulling on his heartstrings.

[Ding, affection has increased by ten. Mission completion rate is now 60%.]

Chapter 95: Abstinent Beast God's pampered little princess (Part 26)

"Rest up." He softly waved his right hand and light blue spiritual energy surrounded her moon white bed.

Luo Qing Chen saw his rushed footsteps and couldn't help revealing a smile. Her wounds hurt a bit from being pulled, but her heart was filled with joy.

The Beast God Ling Xiu's embarrassed running way appearance was actually a bit cute!

She fell asleep and slept very well. The spiritual energy around her had the faint aura of a certain person.

It was unknown if it was because Ling Xiu's cultivation was strong or if it was because the joy inside her overshadowed the pain of her body. The next day, she could already get out of bed.

Who would have known that as soon as she reached the door, she would be greeted by Ling Xiu.

"Aiyo——" Luo Qing Chen stumbled back a step, but she was instantly covered by a faint blue spiritual energy.

Ling Xiu knit his brows as he said, "What are you getting up for, you're still this rash."

He didn't know what to say to her. If he reprimanded her, his heart would hurt. If he didn't reprimand her, she would be running around even after being heavily injured yesterday!

"I saw that the weather was pretty good, so I wanted to go out for a walk!" Luo Qing Chen seriously nodded as she spoke to him.

Actually, she couldn't sleep at all. She wanted to walk around a bit since she could still chat with someone if she met someone she knew. If she could meet him, then that would be even better.

[Host, there are only two people other than you in the Star Palace. You wanted to meet people you knew?] The system couldn't keep listening to her usual delusions, so indifferently cut her off.

I want to meet Mo Bai, can't I! Aren't you afraid of hurting Mo Bai's feelings like this!?

[.....]

"Don't go outside for now, there are no benefits to healing your body." Ling Xiu placed the medicine in his hand on the table and said, "Drink your medicine first."

Her entire Cloud Beginning Pavilion was infused with his spiritual energy, so as long as she stayed here, her wounds wouldn't hurt at all.

He just saw her brows slightly knit. God knows how bitter the medicine from sir Ling Xiu's house was, she was almost about to cry from drinking it yesterday.

She wasn't certain if it was good medicine, but the bitter taste was certain!

Seeing her look like she was being tortured as she drank the medicine, his lips curled into a gentle smile.

It was like this kind of normal life was pretty good.

Luo Qing Chen at this time was only thinking two words: So! Bitter!

"Here." Seeing her obediently drink her medicine, he gave the peach blossom nectar in his other hand to her.

"Ya!" Luo Qing Chen's eyes instantly lit up. She raised her hand to take the peach blossom nectar as she said, "Many thanks.....sir Ling Xiu."

"No need to call me sir." He stood with his hands on his side. There was a golden sparkle in the depths of his dark eyes. He was just casually standing there, but there was a noble feel to him.

“Ah?” She stood in front of him and was a whole head shorter than him. If she wanted to see his face, she had to look up.

“Just call me Ling Xiu.” She saw him looking down slightly, looking into her eyes. His left hand was softly placed on her head. His right hand slowly came up and his cool fingertips touched her forehead, as he said in a gentle voice, “The fever is disappearing quite quickly.”

She was stunned as her face instantly flushed red.

It was like time had frozen and there was a beautiful atmosphere in the air around them. She held her breath as she looked at the person in front of her. She saw his dazzling and peerless face that made people unwilling to even blink.

“Be good.” He gently rubbed her head as he said with a loving look in his eyes, “In a few days, I need to take a trip to the Endless Temple. Be good and stay in the Cloud Beginning Palace, wait for me to come back.”

Chapter 96: Abstinent Beast God’s pampered little princess (Part 27)

If Ling Xiu knew that him leaving would almost cause him to lose everything he loved in this life, he wouldn’t have taken a single step away from her.

The Endless Temple was the Beast Race’s sacred temple and the current Beast God was Ling Xiu’s big brother, Ling Shuang.

There were many similarities between them, like the person they both loved the most was their big sister Ling Yao.

The last master of the Sacrificial Spiritual Sword was Ling Yao, not Ling Xiu.

But in a battle a hundred years ago, Ling Yao unsealed the Sacrificial Spiritual Sword in order to protect the peace of her two little brothers and the Beast Race. She used herself to reseal the sword and finally died in the weak Nether Flames, turning into ashes.

The reason why the Sacrificial Spiritual Sword was unsealed again was because Ling Xiu inadvertently saved someone and that person was the Witch Race’s Witch Lord Xi Ying.

Only, Ling Xiu never learned of this matter. This was because Xi Ying had already changed skins, living with the face of another.

The Beast Race and Witch Race were nemesis back then, so Xi Ying in order to stand out from the other Witch Race in the contest for the Witch Lord position, she heavily injured herself and used a painful plan to enter the Beast Race. It was all to unseal the Sacrificial Spiritual Sword and let the Beast Race self destruct.

However, she failed in the end.

Ling Yao sacrificed herself to the sword to end this conspiracy, painting a sad ending.

In the moment Ling Yao sacrificed herself to the sword, Xi Ying used the forbidden skin switching technique, letting her face become the same as Ling Yao's.

Only because of this, she had deeply fallen in love with Ling Xiu who had inadvertently saved her life back then.

Ling Xiu didn't know any of this.

He always thought Xi Ying was a thought left by Ling Yao in this world. He loved his big sister, so when Ling Shuang vowed to destroy the Witch Race, he protected her from the power of the Beast Race's treasured Divine Law Bead, falling into hell.

Ling Shuang had said that Ling Xiu had his eyes and heart blinded, so he was no longer his younger brother. He would never let him come back and surpass life.

But today, Ling Xiu was heading to the Endless Temple because it would be his elder sister Ling Yao's hundredth birthday in three days.

—

At the same time, in the Ten Thousand Flowers Palace.

"Miss Witch Lord, sir Ling Xiu has already left the Witch Race. Should we seize this change to make that Luo Qing Chen——" The maid Shuang Shuang curled her lips and reported this news to Xi Ying.

She saw Xi Ying narrow her cold eyes and her hands curled into fists, clenching tighter and tighter.

Although she had never personally seen how Ling Xiu treats Luo Qing Chen, just based on the fact that she could stay in the Star Palace was enough for her to hate her.

The star greatly changed a few days ago. She used her bone runes to divine that Luo Qing Chen had recklessly charged into the God Punishing Sword Array and she almost went wild with happiness.

The other side stupidly threw away their own life, she didn't even need to do anything. How exciting of a matter was this!

But not long after, her heart fell to the bottom of the eighteen layers of hell.

This was because she knew that Ling Xiu had spent half his cultivation to save a mortal.

She was filled with hate, she hated Luo Qing Chen.

She wished she could rip out her heart again, sending her down to hell forever.

"Of course. I want to slowly torture her, making her life worse than death." Ling Xiu narrowed her eyes and a sinister smile hung off her lips.

"But we can't go up to the Star Palace, so what do we do?"

"It doesn't matter." Xi Ying's sinister eyes looked at the Star Palace not far away outside the window and said, "Ling Xiu isn't here, the God Punishing Sword Array will weaken. I can use the heavenly sacrifice temporarily turn off the sword array and also cause a storm."

“Why do you need to make it rain?” The maid Shuang Shuang asked in a confused voice.

“She has the ancient divine weapon, the Exquisite Ring. I’ve learned from the oldest elders of the Witch Race that the Exquisite Ring fears water.” She gave a cold snort as her eyes were filled with endless killing intent.

Chapter 97: Abstinent Beast God’s pampered little princess (Part 28)

“Hong, long!” A booming roar of thunder sounded through the Star Palace.

Luo Qing Chen’s heart skipped a beat and she woke up from her nightmare.

It was that same dream again, she was wearing her long red dress in the Nether Realm, with that enchanting smile on her lips.

The rain outside the window was very big and gusts of wind blew against it, slamming into her moon white paper window.

A drop of rain fell onto the glass table by the window. She put on a cloak and moved beside the window.

Before she even reached it, there were two black clothed people that fell out of the sky. They were covered in a dark blood red light and they reached out to grab her.

Instantly, they were sent flying by the barrier around the Cloud Beginning Pavilion.

Luo Qing Chen took two steps back and didn’t dare move rashly. Being able to enter the God Punishing Sword Array, they definitely were not normal people.

“Who is it, actually daring to trespass in the Star Palace!” Mo Bai not far away quickly came out of the sky and landed outside the Cloud Beginning Pavilion. He raised his sword which had white light gathered around it, lighting up the entire Star Palace.

The purple copper bell at the waist of the black clothed person in charge sounded and his cold eyes narrowed as he said, “Kill him.”

No hesitation at all, making an instant decision.

“Qing Qing, remember that no matter what happens, you can’t come out.” Mo Bai’s voice came from the sky, reaching Luo Qing Chen in the Cloud Beginning Pavilion.

After saying this, he jumped out and went all out against the black clothed people.

System, system, are they Xi Ying’s people?

[Yes.]

What to do, what should I do? Calm down, let me think.

[There won’t be any danger staying in the Cloud Beginning Pavilion, there is Ling Xiu’s barrier around this place.]

They can even pass through the God Punishing Sword Array, will they be afraid of a barrier?!

[.....] The system didn't reply, since this was something she had to experience.

Luo Qing Chen gritted her teeth and looked out the window at the fight high up in the sky. Xi Ying's target was her, how could she hide and let Mo Bai give up his life for her.....

After a single clash, the two black clothed people were forced back. Mo Bai was covered in white light and sword energy filled the air. His Emotion Slashing Sword was glowing like the stars, catching the enemies off guard.

The black clothed people had different degrees of injuries. They never thought that a little servant of the Star Palace actually had this kind of cultivation.

The purple copper bell rang again. The sky above the Star Palace instantly became purple red, like it was dyed with blood.

After that, the blood coloured light around the sword of one of the black clothed people. That sword that had been lifeless instantly released a blood coloured glow into the sky.

"You are actually members of the Witch Race." Mo Bai was shocked. He looked at the people in front and said in a cold voice, "Who has the courage to use the forbidden Blood Curse Technique in the Star Palace!"

He thought the other side were members of the Beast Race or the Heaven Race, but he never thought that they actually came from the Witch Race.

"You will never find out in your life." The sword covered in a blood coloured glow slashed out at Mo Bai.

Instantly, Mo Bai used the Emotion Slashing Sword in his hands to block the attack, but he was knocked down to the ground. There was a sweet taste in his mouth as he spat out a mouthful of blood.

Luo Qing Chen's eyes were cold as she gripped the Sacrificial Spiritual Sword in her left hand and waved the Exquisite Ring on her right hand, opening the door to the Cloud Beginning Pavilion.

The light blue glow became stronger, as if it was warning her that she definitely couldn't go out.

"Qing Qing, you mustn't come out!" Mo Bai sensed Luo Qing Chen's movement and he shouted out in a hoarse voice that contained his remaining spiritual energy.

"Mo Bai." Her voice was trembling and her eyes were filled with tears.

She never thought that a person she had only known for a few days would die to protect her. Since it was like this, she definitely couldn't retreat.

"Your target is me, why do you need to involve others." Her clear eyes slightly narrowed. With a few wisps of golden light from her right hand, the light blue barrier scattered.

Chapter 98: Abstinent Beast God's pampered little princess (Part 29)

“She came into the trap.” The black clothed person gave a cold snort. The blood coloured light around the sword gathered into a red light that was filled with pressure.

After losing the barrier, she was instantly drenched by the pouring rain. The golden light of the Exquisite Ring on her right hand gradually disappeared.

“Damn!” Luo Qing Chen’s brows knit. She remembered what the system had told her earlier, the Exquisite Ring would lose its power temporarily if it encountered water.

She didn’t even have time to think as she waved the Sacrificial Spiritual Sword in her left hand to release a light blue glow. It protected her and there was even a trace of Ling Xiu’s aura in the air.

“It’s the Sacrificial Spiritual Sword.” The leading black clothed person took a step back and called out in shock, “Sir Ling Xiu actually even left the Sacrificial Spiritual Sword with you.”

Luo Qing Chen took advantage of the other side’s daze to quickly run to Mo Bai’s side. She helped him up and said, “How are you, are you still alright?”

She only saw that Mo Bai’s face was void of blood, his body was completely drenched, and his aura was incomparably weak.

He gritted his teeth and said with difficulty, “You shouldn’t have come out.”

“But if I didn’t come out, you would have died.” Luo Qing Chen’s nose stuffed up. Looking at the dying Mo Bai, her tears began falling down.

It wasn’t that she wasn’t strong, but when she was really facing death, she was afraid and panicked.

“My.....A seventh of my soul has already been destroyed by him, my cultivation has been destroyed. I only have death as a choice.....Ke, ke.....” Before he even said a few words, he spat out another mouthful of blood.

He wasn’t afraid of death, he was just worried that Luo Qing Chen wouldn’t be able to escape. Sir Ling Xiu had entrusted him to protect her, but he couldn’t do it.

He felt that he, really was useless.....

“Stop taking, Ling Xiu can save you, he has to save you!” Luo Qing Chen desperately shook her head while sobbing, “Mo Bai, don’t leave me!”

The current Star Palace was like hell on earth. The lightning in the sky seemed like it had been dyed with blood.

“Fools, sir Ling Xiu is definitely.....already on his way back.....” Mo Bai’s cold eyes looked at the two people who had activated the Blood Curse and had sent all their spiritual energy into the blood coloured glowing sword of the black clothed man. He gritted his teeth as he forced his body up and pushed Luo Qing Chen behind himself while saying, “Qing Qing, live, you must live.”

Luo Qing Chen’s body trembled. Before she could even respond, a dazzling red glow was already flying towards them.

Mo Bai used the final bit of his spiritual energy and raised his hand. The Emotion Slashing Sword was raised and he blocked it with all his gathered spiritual energy.

In that instant, the blood coloured sword was like a mark of death that penetrated through his heart.

“Mo Bai——” Luo Qing Chen roared out in a broken voice, as she could only watch as he died in front of her.

In that instant, she couldn't see the purple red light filling the sky, she couldn't see the black clothed person in front of her, and she couldn't see Xi Ying who was slowly walking up from behind her.

She just heard a 'weng' sound as her eyes were filled with despair.

Xi Ying! If you don't die, what meaning does my life have!

Her eyes turned cold and she tightly clenched her fists. In this life, since beginning in the Chaos Space and coming here, she had only ever hated one person, so much so that she wanted to personally kill her. It was hard to understand the hatred in her heart.....

After a while, there was a taunting laugh that came from behind her. Xi Ying was holding an umbrella and wearing a light pink dress. She looked at the drenched pitiful person on the ground and said, “Luo Qing Chen, you have to remember, he died because of you!”

Chapter 99: Abstinent Beast God's pampered little princess (Part 30)

[Host, host, wake up.] The system's mechanical voice sounded in her mind.

But she didn't want to wake up at all in this moment.

So cold, it was like being frozen in ice.

She knit her brows and forced her eyes open. What filled her eyes was a white light.

What is this place?

[Ice prison and this is a secret room built by Xi Ying.]

You mean that Ling Xiu doesn't know where this is?

[Yes.]

Luo Qing Chen felt her body shivering. If she kept staying here, she would be frozen to death soon.

System, can you answer one question? I don't want to ask how to get out, I want to ask.....

[He is already dead.] The system had already guessed her thought and before she could even ask, it gave her the answer.

Although this answer was a bit cruel.

Time seemed to pass very slowly. Luo Qing Chen's mind was a blank, she didn't talk to the system and didn't even have anything to say.

After a while, she slightly raised her hand and wiped away the tears on her face. She took a deep breath and muttered, "Mo Bai, I will definitely get revenge for you."

[Host, you should first think of a way to get out of here first. There will be ice water that fills this place every two hours that will only recede after it completely fills the room.]

Completely fills the room, won't I drown to death?

[Xi Ying's timing is very accurate. You won't die, but it would be better to die.....] The system's voice was a bit pained. Although it was mechanical, she could feel from the bottom of her heart that the system was worried about her.

It really was a cruel method of torture. Torturing someone and not letting them die. .

"Luo Qing Chen, is this place comfortable? Are you cold? Ha, ha, ha, ha——" Xi Ying's disgusting voice came from around her, but she couldn't see her.

"You only have this bit of capability?" She gave a cold snort and leaned on an ice wall. Her lips curled as she said, "This place really does fill me with disdain."

"You!" Xi Ying was a bit stunned. She thought that Luo Qing Chen would definitely panic and beg her with a face covered in tears.

But not only was she not worried or afraid, she had a pair of ice cold eyes and a smile on her lips. It actually shocked her.

It was as if her soul feared this person in front of her.....

"I want to see how long you can keep talking like this." She raised her right hand and purple glowing witch staff fell onto the ice.

After that, ice cold water began pouring towards her. The moment the water touched the tip of her toes, she felt her entire body tremble. Even her heart was about to become frozen in ice.....

"If you beg me, I can make your death more comfortable." Xi Ying's voice mixed with the sound of the ice cold water pouring out.

Her body had been sealed by Xi Ying with a forbidden Witch Race technique, therefore she couldn't end her own life.

"The unfortunate thing is——" She closed her eyes, but she still had that smile of disdain as she said, "I want to die in discomfort!"

"Luo Qing Che, you think that Ling Xiu will come here to save you? Stop dreaming! Let me tell you, he only treats you a bit special because the heart in his body is yours!" Xi Ying roared out the thing hidden in the depths of her heart.

Right, it was just the heart. It was only because Ling Xiu had this slut's heart in his body, that's why he would make a few exceptions for her, being a bit.....nice to her.....

It had to be said, when Xi Ying said the two words Ling Xiu, it touched the depths of her heart.

Did he know that something had happened in the Star Palace? Did he know that Mo Bai was dead? Did he know that she was about to die?

At this time, the water in the ice prison had already reached her waist. The strong chill was like a sharp sword, cutting into her.

“Xi Ying.” Luo Qing Chen powerfully raised her head and said with her lips curled into a smile, “These words that can’t even fool you, there is no need to say them.”

Chapter 100: Abstinent Beast God’s pampered little princess (Part 31)

She could still hear Xi Ying’s sharp voice ringing in her ears, but the instant the ice cold water charged into her mouth and ears, she felt suffocated and a ice cold chill running from her throat to her heart.

After a while, when she felt that she was about to die.

The ice cold water slowly receded. She didn’t have the strength to hold herself up as she collapsed to the ground.

“Ha, ha, ha, ha——” Xi Yin’s laughter was filled with hatred. She gritted her teeth and said, “If it wasn’t Ling Xiu destroying half his cultivation for you, do you think you could still live? I want to slowly waste the spiritual energy he has given you because you are not worthy of having it!”

Luo Qing Chen didn’t even have the strength to open her eyes, not to mention speaking.

Xi Ying saw the faint light blue light around her and her anger instantly exploded. That was Ling Xiu’s spiritual energy, how could she as a mortal be worthy of having it!

She waved her right hand and the water that was supposed to slowly flow back into the ice prison in an hour actually started flowing back in.

Before Luo Qing Chen could even react, she was already completely submersed in water. She was lying down right now and the feeling of water charging into her nose made her instantly suffocate.

[Host, your Origin Spirit in the Heaven Race is slowly gathering.] The system’s voice rang out again, letting her feel a touch of warmth.

You mean that I am about to die?

[Yes.]

Her body was already no longer as cold and her mind gradually blurred. At this moment, she couldn’t see Xi Ying, she couldn’t see Phoenix Feather City, she couldn’t even see her Origin Spirit in the Heavenly Temple.

There was only a single cold figure that was using all his strength to charge here.

If she died, how much despair would he feel.....

[Damn, host, your Origin Spirit in the Heaven Race is gradually weakening!]

WTF? What is going on? Why is it like this! This world is very strange, it's even difficult to die!

Not far away from them, Ling Xiu was using a teleportation technique to charge into the hidden room of the Ten Thousand Flowers Palace.

Xi Ying seemed to sense something and walked towards the door of secret room. Seeing him charge over, she quickly revealed a smile and said, "Ling Xiu, you're here. I....."

"Move." There was an endless chill coming from him, making people tremble without even saying a single word.

"Ling Xiu, this is my secret room, you can't....."

"Peng——" Ling Xiu directly cut her off. He raised his right hand and a bright blue light instantly came out, blowing back all the people within half a meter of him.

He slightly looked up and those cold eyes were bloody with killing intent.

He didn't even look back and charged into the secret room. He moved incredibly fast, the guards inside couldn't even see him, they just heard a figure whistling past them,

"Qing Qing——" He saw the white clothed girl lying with her eyes closed in the secret room filled with water. The ribbons of her clothes were rippling in the water, it was like a lily floating in the wind, incredibly beautiful.

But his heart was filled with the pain of being pierced by needles.

He said that with his strength, he would protect her, but he had failed.

After that, a light blue glow bloomed in the secret room. Ling Xiu jumped down and all the water receded. He quickly picked up the young girl who still had a trace of life in her, surrounding her with all his spiritual energy.

He saw her brows move slightly and her right hand used her remaining bit of strength to clutch at his clothes.

"We're going home!" His clear as water voice came out as he gently hugged her. He narrowed his eyes at the ice prison in front of him before walking out the door with a dead face.
