Chapter 911: Crossdressing: Crown highness' slight pampering (Part 43)

Du Wan Er was stunned, only then did she react to what the lady boss had said.

The difference between one piece and one batch, this was something that a young miss from a large family could remember.

After all, the cloth from Jiangnan all came in batches, otherwise it would be a waste of manpower and resources for such a long journey.

"It's a good thing that Beautiful Square is the largest cloth dealer in the capital....." Du Wan Er angrily looked at the boss and said, "You can't even talk clearly, you should go read a few more books!"

Everyone had a look of disdain, but they couldn't say anything in front of the prestige of the Du Family.

"Was it her who didn't speak clearly or is there a problem with your comprehension?" Luo Qing Chen narrowed her eyes and looked at her with a faint smile.

"What a joke!" Du Wan Er gave a cold snort, "You think that you can become a phoenix?"

Luo Qing Chen heard this and her eyes turned cold. Naturally she knew what Du Wan Er meant. She would become the crown princess in seven days, naturally she would be a phoenix.

"At least I'm qualified to become a phoenix....." Luo Qing Chen gave a shrug. She took the cloth as she said, "How could I be like you, forever only being a swallow!"

"You....." Du Wan Er angrily roared from behind her, "Stop dreaming! You think that you look good.....Pei! You think he would like you? Then we'll see who'll be the dog in the end!"

Luo Qing Chen had a light sparkle in her eyes as she said with a smile, "Let's wait and see!"

She walked very quickly back to the Luo Manor, she couldn't hear what Qian Ye An was saying behind her.

She had to go to the eastern palace and explain to Hua Su Ye before the marriage!

After all, there was a clear answer she needed him to know.

But she never thought that when she entered the eastern palace, she would see the lord of the harem, the empress.

"This lowly one greets the empress."

"Guard Qian, this is outside the palace, no need to be this polite."

"This one is....." Her eyes fell onto Luo Qing Chen and her first reaction was that she was the number one beauty Luo Jin Yan.

"This lowly girl Luo Qing Chen greets the empress." Luo Qing Chen quickly gave a bow as her eyes trembled.

The empress was clearly more shocked than her as her eyes filled with surprise, "So it's master Luo's second daughter, quickly, quickly.....quickly get up."

She reached out her hand and gently took Luo Qing Chen's wrist. There was a satisfied look in her eyes as she muttered, "This master Luo really knows how to hide good things. I've only heard of the number one beauty young miss Luo, but I never thought that her little sister was also this stunning."

"The empress is overpraising me!" She lowered her head and was a bit nervous.

The saying went, relatives didn't gather. Being able to bump into the empress was rare, but she was pulled in by her.

"What? You're here to see your future husband today?" The empress revealed a gentle look.

"Un." She gave a slight nod and said, "I wanted to take a look."

"You really are an honest child." The empress slowly took the phoenix bracelet off her wrist and put it in her hand, "This one knows you know, but newlyweds aren't allowed to see each other before the royal wedding. Then again, the crown prince has been rather stubborn lately, so it might not be good to meet."

The first half was probably made up, but the second half came from her heart.

Although he was confined, his heart wasn't confined. This wedding really was troublesome.

Chapter 912: Crossdressing: Crown highness' slight pampering (Part 44)

In the end, Luo Qing Chen didn't enter the eastern palace, but she thought that it didn't matter since she would be marrying him.

There didn't seem to be a difference in meeting him now or later, so there's no need to rush.

These days, Luo Jin Yan and Qian Ye An spoke to her often, it was mainly about how violent and arrogant the crown prince was.

When she heard this, she couldn't help thinking of their lives on the deserted island. A small wooden hut, a few fruits, and a few fishes.

Those pleasant days, such a warm person.

"Qing'er, how about we run away!" Luo Jin Yan was still very worried, thinking about everything for her.

"Ah?" She gave a soft laugh before suddenly feeling her big sister was a bit cute. She pursed her lips and said, "At the foot of the emperor, where can we run!"

"Anywhere is fine, the four seas are big and there will be a place to stay." When Qian Ye An agreed, Luo Qing Chen was stunned.....

The imperial guard loyal to his duties actually said this, this really stunned her.

"You haven't gotten married yet and your brains are already in sync!" She gave a shrug and said, "After I run, you won't need to get married."

“Why?”

“Ah?”

The two looked at her with stunned expressions, not understanding what she meant.

She took the cup of tea and took a sip, “We can go see the king of hell together, why is there a need to get married? It’s a waste of time and money.”

“.....” Luo Jin Yan said with a sigh, “But.....I don’t want to throw you into the flames!”

“Silly girl, I was just agreeing with you.” Qian Ye An patted Luo Jin Yan’s head, “Qing Chen is probably the best girl to marry the crown prince in the capital.”

“Why?” Luo Jin Yan was a bit shy from being patted on the head.

Seeing her like this, Luo Qing Chen’s heart felt much more peaceful.

Qian Ye an was still a good man. At least he decided to marry Luo Jin Yan, so he wholeheartedly treated her well.

“Because his highness and I.....” There was a faint smile in her eyes as she looked at Luo Jin Yan, “We’re old acquaintances.”

Seven days later, at the crown prince’s wedding.

Hua Su Ye only appeared at the beginning of the ceremony. She had a red veil over her head, so she couldn’t see his expression.

She just knew that from beginning to end, he never took her hand.

Actually there was a bit of loss. She kept muttering: You’ll get it tonight!

Although the officials were celebrating, they knew the matter behind this wedding in their hearts.

Second miss Luo was marrying the crown prince, so she should ascend if she was favoured.

But if the crown prince wasn’t happy, so this wedding was a stepping stone onto a path of no return for the Luo Family.

During the wedding, Luo Shu was very awkward sitting on the side. Although people came up to talk to him, it was all polite talk.

No one seriously wanted to flatter him and there were more people sitting with master Du.

Du Wan Er looked at the couple in disdain with a strong hostility in her eyes.

After the three bows and nine kowtows, the ceremony was complete.

Hua Su Ye didn’t attend the feast that night and she saw in the large eastern palace alone! She was bursting with anger!

In the night, before he even returned, she took off her red veil.

She saw the red silk hanging all over. Every lantern and candle was arranged carefully.

Chapter 913: Crossdressing: Crown highness' slight pampering (Part 45)

The maid Huan Huan came in and looked at her in a cute manner, "This servant greets the princess."

"Un, where's his highness?" She knit her brows. It was already night time, shouldn't he be back?

"Reporting to your highness, his highness is in the study, taking care of political matters." Huan Huan helped her take off the heavy headgear, "He told this servant to help the princess to bed and he would come tomorrow to greet the empress."

Huan Huan was very obedient and very cautious when she spoke, her actions seemed like.....

"You are someone from the empress!" Luo Qing Chen had a faint sparkle when she looked at her.

Only the people in the palace would be this trained, they were smarter than most people no matter what.

It was right when you thought about it, this kind of brain was trained from their work, naturally they learned to walk on ice.

"Reporting to the princess!" Huan Huan's eyes trembled before she gave a slight nod, "This servant used be the empress' maid, but the empress was afraid that the princess wouldn't be used to living in the eastern palace, so she had this servant take care of you."

"So....." She paused before asking, "His highness is in the study taking care of political business....."

"Princess don't worry, his highness hasn't seen the princess yet....." Huan Huan combed her hair as she said, "If he sees you, he would definitely be surprised by the princess!"

Luo Qing Chen didn't reply and just gave a bitter laugh. There was a strong moonlight outside and she was all alone in this large room this night.

Was this counted as being abandoned?

At the same time, in the study.

Hua Su Ye was sitting with his red wedding robe, staring out at his table with narrowed deep eyes.

The sun was gradually rising and no matter how he resisted, he had to go serve tea with his so-called princess in the palace today.

But he was unwilling. He wanted to refute, but he didn't have a reason to refute.

"Someone, I'm taking a trip into the palace." He thought for a long time and finally decided to follow his own ideas.

He must and had to do this.

"But your highness, it isn't time to serve tea yet." Mo Yu replied in a confused voice.

"I'm going to the palace to find someone." His deep eyes had a sparkle as he said, "Qian Ye An."

In the morning, she was wearing a vermillion snow silk robe, looking as perfect as a picture.

After being angry, she got into the sedan at the right time and went to the palace to serve tea.

Huan Huan told her that his highness was already in the palace and she shouldn't worry.

Actually she really wasn't worried at all.

Rather she was a bit expectant of how his highness would react when he learned that his princess was her.

She wasn't angry at him, rather she was a bit worried that he would be angry at her.

After entering the palace, she didn't use the sedan chair and walked herself. Before she even went far, she bumped into Du Wan Er who came into the palace to see concubine Lian.

It seemed like the Du Family already knew that if their daughter didn't go to the crown prince, they had to rely on the other side.

The Du Family had some relationship with concubine Lian before, but now they were getting closer.

"Ai, isn't this the legendary crown princess?" Du Wan Er came up with an arrogant look, not bowing at all. Her eyes were filled with disdain as she said, "Why are you coming to greet the empress alone today? Where's his highness?"

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 914: Crossdressing: Crown highness' slight pampering (Part 46)

"Audacious!" Huan Huan's eyes turned cold and her obedient appearance changed, as she looked at Du Wan Er with hostility, "Not bowing when you see the crown princess!"

The main reason the empress gave her to Luo Qing Chen was because she was worried that since the crown prince would ignore his princess, others would ostracize her.

Although she was a maid, everyone in the palace knew that she was the empress' confidant and most people would give her some face.

But Du Wan Er's pride was ingrained in her bones, not restraining herself from Huan Huan's words and rather became even more arrogant.

"Crown princess....." She said with a cold laugh, "This title is nothing more than a name!"

"Miss Du truly is audacious!" Huan Huan came forward and looking at her arrogant gaze, she said in a cold voice, "If you stop the crown princess and she misses the tea serving time, mister Du won't be able to take responsibility for this!"

"Pa." As soon as her voice fell, a crisp slap fell onto Huan Huan's face, stunning everyone present.

Even Luo Qing Chen never thought that Du Wan Er would be this arrogant.

"A small servant dares to be this audacious in front of me, who gave you this courage?" Du Wan Er gave a cold laugh as a sharp glow appeared in her eyes.

The maids following behind her agreed with her.

“I’ve heard that his highness didn’t come to the bridal chambers yesterday, the feeling of being abandoned must not be good!”

“Aiyo, silly girl! She doesn’t care if it’s good or bad, she doesn’t care if she spends her nights alone as long as she can become a phoenix!”

“That’s right! Actually vying for the title of the crown princess with our young miss, you have to weigh yourself first!”

.....

Huan Huan was stunned from being slapped and couldn’t react at all afterwards.

Luo Qing Chen calmly came forward and pulled her behind her. Then she looked at Du Wan Er with a faint smile, “Young miss Du thinks that it’s normal for you to beat a maid?”

“Of course!” She gave a cold snort. She looked at Luo Qing Chen with absolute disdain as she said, “Let me tell you, it’s just a maid. Let me tell you, even if I beat her to death today, who would dare complain?”

“Maid?” She narrowed her eyes as she looked at her with a cold gaze, “Is she your maid?”

Luo Qing Chen’s voice fell and Du Wan Er’s expression changed.

The maid behind her saw this and came out, “No matter whose maid it is, a maid is a maid. Being beaten for talking too much, she deserves it.....”

“Pa.” Before her voice fell, Luo Qing Chen suddenly raised her hand and gave a heavy slap, hitting that maid in the face.

When she took her hand back, she didn’t forget to give a chuckle, “You’re right.”

“You.....” Du Wan Er bit her lip and angrily looked at her, “You actually dare to hit my people? You really think his highness will protect you? He wants you to die earlier, don’t you know that?”

If she didn’t know that his highness didn’t like women, she wouldn’t be so arrogant.

Now she was faced with a woman that she knew Hua Su Ye didn’t want to see even if she died, so he would definitely thank her!

“Pa, pa.” There were another two slaps. This time Luo Qing Chen didn’t slap the maid, rather she slapped the master, Du Wan Er.

“You.....” Du Wan Er’s eyes opened wide, looking at Luo Qing Chen in disbelief, “You actually dare hit me!”

Chapter 915: Crossdressing: Crown highness’ slight pampering (Part 47)

“I am the crown princess appointed by the emperor, why can’t I hit you!” Luo Qing Chen blew on her palm before looking at her with cold eyes, “What? You don’t even know the rules of the palace?”

She didn't want to deal with Du Wan Er personally since the situation between the empress, concubine Lian, Hua Su Ye, and the eighth prince was delicate and tense right now.

Even if it was for Hua Su Ye, she wasn't willing to clash with Du Wan Er!

Who told her to have a temper. Seeing how she acted, being slapped twice like this was already light.

If she kept messing with her, she might take out her Nine Section Moon Whip.....

"You....." Du Wan Er bit her lip, "Good Luo Qing Chen, I don't understand where your confidence comes from, but do you not know that these two slaps brings you closer to the road to the yellow springs!"

"Relax." She gave a shrug as she revealed a faint smile, "Even if I go to the yellow springs, you'll come with me. Besides.....didn't I get two slaps in?"

"Princess....." Huan Huan never thought that Luo Qing Chen would stand up for her this decisively. This was her first time feeling that there was such a.....direct person in this world.

Hitting a maid was one thing, but hitting Du Wan Er was completely different.

But this crown princess in front of her.....didn't hesitate at all.

"She hurt you!" Luo Qing Chen patted Huan Huan's face while not forgetting to say in a gentle voice, "Relax, I'll get it back for you."

"Who is this bold to be arrogant here?" Concubine Lian walked over from not far away. She was wearing a moon blue brocaded robe with a pair of soft pearl embroidered shoes. There was a golden upside down lotus crown that was inserted in her head, making her look very noble.

Du Wan Er saw her saviour and immediately hugged concubine Lian, "Concubine Lian, you have to make a decision for Lian'er! This person is relying on the fact that she is the crown princess to slap Wan'er, Wan'er has to complain to you!"

Luo Qing Chen's mind was filled with swearing at this moment. She had seen someone acting weak and changing facts in front of her, this acting really was full marks!

"Don't be rude." Concubine Lian slowly came over and softly touched her face, "She is the crown princess, how could she casually hit you."

"Wan'er's words are true!" Du Wan Er said this while moving her red cheek forward, "There's even swelling!"

"Really?" Concubine Lian looked at Luo Qing Chen. Although it was just her tone, she was clearly trying to protect her.

"That's right! She said it correctly!" Luo Qing Chen looked up and admitted it.

"Concubine, did you hear it! She even admitted it! His highness hasn't even seen her and she's this arrogant!" Du Wan Er raised her head slightly. She looked very excited, like she was about to win.

But when she said this, concubine Lian's expression didn't look good. This Du Wan Er was used to being arrogant, so although she saw this, it was hard to say anything because of her relationship with the Du Family.

She was saying such audacious words in front of the crown princess, she wanted to make the elders help her, but she couldn't do it.

"Qing Chen greets concubine Lian." Luo Qing Chen's tone was calm, as she slowly gave a bow that silenced everyone present.

Chapter 916: Crossdressing: Crown highness' slight pampering (Part 48)

"Young miss Du told me again and again that his highness wouldn't like me, but this is a matter of the harem, so how is it related to her?"

She slightly knit her brows, but her eyes were as calm as water and her lips curled into a faint smile as she looked at concubine Lian, "I'm going into the palace to serve tea to the empress, but the time has already passed. She blocked my way and beat the empress' maid. This kind of rebellious behaviour, I wonder if the emperor would punish the Du Family if he knew!"

"You....." Du Wan Er tightly bit her lip, "You are spitting lies!"

"Alright!" Concubine Lian cleared her throat, "With this one around, Wan'er can't cause trouble."

As soon as her voice fell, concubine Lian ignored Du Wan Er and walked away.

This kind of woman, it wasn't suited to waste too much time on her.

If Du Wan Er really married into the palace, this idiot might even hurt her one day.

Luo Qing Chen watched concubine Lian leave before turning to Du Wan Er, "Your saviour is gone, do you want to scram?"

"You want me to scram!?" Du Wan Er roared in a grating voice, "How are you qualified to make me scram? Crown princess? Don't make me laugh so hard my teeth fall out! His highness will never like you! You can wait in the eastern palace for death, I, Du Wan Er will be waiting to laugh at you!"

"Young miss is right!"

"That's right, we'll never care about people like her! Truly disgusting, thinking that you could become a phoenix!"

"Young miss, don't be angry. She is someone that is a joke. Marrying his highness for her big sister and still having her nose high up!"

.....

"You want to see who is a joke?" When Luo Qing Chen was about to raise her hand to slap them, there was a familiar voice that came from behind.

There was a slight chill to it and an unknown excitement.

—
An hour ago, Hua Su Ye entered the palace early and found Qian Ye An on duty.

The night wind blew and Qian Ye An was stunned when he saw him.

Clenching his fist, he almost swung out.

“Greetings to your highness.” The imperial guards all bowed.

“Un.” Hua Su Ye gave a slight nod, but his eyes were fixed on Qian Ye An, “You....come with me.”

When the two went away, Qian Ye An said in an agitated tone, “Isn’t it your highness’ wedding night? What did you come looking for me for!”

“Wedding night?” He laughed at himself, “Marrying a girl that I’ve never met and would never love, what kind of wedding night is this!”

Hua Su Ye already no longer had time to investigate, he needed to find him and the fastest way was through Qian Ye An.

After that, it was fine to meet, run away, or do anything.

It’s fine.....to meet!

“Never met?” Qian Ye An slightly knit his brows as what happened quickly turned in his mind.

Suddenly he said in a voice of understanding, “Do you not know who Qing Chen is?”

“Qing Chen?” Hua Su Ye looked at Qian Ye An with a confused look, “You’re talking about my princess.....Luo Qing.....Chen.”

His expression changed as he kept talking. At that moment, it was like he connected everything together, changing the impossible into possible.....”

“It can’t be that your highness really doesn’t know that the girl who broke into the eastern palace and you kept behind is your current crown princess, right.....”

Chapter 917: Crossdressing: Crown highness’ slight pampering (Part 49)

He didn’t know how he charged to the eastern palace, he just wildly charged once he knew that she came to the palace alone.

The deepest secret hidden in his heart seemed to instantly spread.

He thought that he was in love with a man, he thought that he would run away with a man, he thought that if it was him, it was fine to be with a man.

But now he found that she was actually a girl and was the crown princess that his father had chosen for him.

Everything was an unbelievable coincidence that burned his mind with flames.

Until he saw her standing in front of him wearing female clothes.

[Ding, affection has increased by thirty. Mission completion rate is now 90%.]

Luo Qing Chen was stunned by such a high increase in affection.

The reason for this was because her female form was too shocking for Hua Su Ye!

“Your.....Your highness.” Du Wan Er’s expression became a bit stiff. She never expected the crown prince to appear here.

Based on the gossip she heard, the crown prince was very against his marriage and even hated it.

Every action he took at the wedding was enough to prove these rumours to be true.

But why was he standing by her side and holding her hand so tenderly.

No one knew just how nervous Hua Su Ye was at this moment. She was wearing female clothes right now and her hair was held by a long silver phoenix hairpin with flowers engraved. She had a pair of watery eyes that seemed incomparably clear.

He didn’t know how to describe his current feeling, but his heart was beating without stop.

The nightly thoughts of missing her completely filled his heart.

This was probably the most exciting thing in his life. He thought that it was impossible for this person to become his crown princess out of all the people his father and mother knew.

“I don’t forgive you.” He had a bit of anger in his eyes, but his hand held hers even tighter.

Luo Qing Chen just said, “Sorry.....”

She never told him the truth after all and she was wrong in this. But there was no one perfect in this world and who was confident that they didn’t regret anything when they made every decision.

She had also thought that if she revealed that she was a girl on the deserted island, would their story have been different?

But.....Who could be sure!

For Hua Su Ye, if it wasn’t for the emperor being in a rush to marry him, he wouldn’t have made his mind up so quickly!

“I don’t want you to apologize.....” His cold eyes narrowed. Although his tone was hard, he was unconsciously putting her behind him as he turned to Du Wan Er, “Who gave you the qualification to stop my princess? What is your identity in the palace and how are you qualified to stop her?”

Hua Su Ye’s words were completely domineering and didn’t give anyone any chance to resist.

There was no one in this world who could bully her, not even him! Not to mention these cats and dogs all around!

“Wan’er greets your highness.” Du Wan Er saw the situation wasn’t good, so she quickly bowed and spoke in a delicate voice. In her heart, there was a thought that no one knew about that came in her heart.

If his highness’ heart didn’t belong to anyone and she was lucky enough to bump into him, didn’t that mean that she had a chance!?

Chapter 918: Crossdressing: Crown highness’ slight pampering (Part 50)

“Scram.” He instantly answered Du Wan Er with concise words.

“Your.....Your highness.” Du Wan Er bit her lips in a stunned manner, “Are you.....speaking to me?”

“You can’t understand?” Hua Su Ye looked at her pretentious look and said in disgust, “Kneel and apologize to my wife before you scam, otherwise I can guarantee that master Du will not need to show up in court tomorrow!”

Now that concubine Lian and the eighth prince’s power were expanding, his father saw the Du Family as a thorn in his side, so that’s why he completely ignored Du Wan Er when picking the crown princess.

If he were to participate now, the Du Family would be completely defeated!

“I.....” Du Wan Er’s eyes opened wide and she knew that she had to submit!

This had developed too quickly, it was completely different from what she imagined!

How could Hua Su Ye care this much about Luo Qing Chen? Shouldn’t he be disgusted by her!

How is this possible.....

She hesitantly bowed down as she said, “Wan’er greets the crown princess.”

“I wanted you to kneel, do you not understand?” Hua Su Ye narrowed his cold eyes, “Someone, Du Wan Er has committed a crime. If she doesn’t kneel, teach her how to kneel!”

“Yes, your highness.”

The eunuchs who had been standing on the side went from onlookers to supporters, as they came forward with excited looks on their faces.

“Don’t touch me.” Du Wan Er bit her lip as her tears came out. She hated these half men half women things the most, she felt disgusted by them.

“Dong.” She kneeled down on the ground with her fists clenched, “Wan’er greets the crown princess!”

“I don’t accept it!” Luo Qing Chen gave a cold snort, walking past her at the same time without even looking back.

When Hua Su Ye followed her, he didn’t forget to turn his head and add, “Remember that in front of her, you must call yourself a servant.”

When his voice fell, Du Wan Er’s face turned pale and blue, almost fainting from her anger.

Of course, this wasn't Du Wan Er's final ending. Her ending was much worse than this humiliation.

Luo Qing Chen followed Hua Su Ye to the Praying Lotus Hall to serve the empress tea. He held her hand the entire time which surprised the empress a bit.

"You have to live well together in the future!" The empress sipped the tea before looking at Luo Qing Chen, "The crown prince is normally busy with politics, so Qing'er shouldn't mind!"

Luo Qing Chen naturally knew what the empress meant by that. It seemed like the news of Hua Su Ye spending the night in the study had been spread all over the palace.

It was no wonder Du Wan Er came looking for trouble this early. She thought that she was a crown princess that would never be favoured!

"Un, Qing'er understands!" Luo Qing Chen gave a dignified slight nod.

"No.....I'm not busy!" Hua Su Ye turned to look at her. Although there was a bit of pride in his voice, there was a pampering look in his eyes, "If I knew that it was you, I definitely.....wouldn't have gone to any study....."

"Oh? Ye'er's words has amused this one's interest." The empress looked at him with a faint smile, "It can't be that you think Qing'er looks too good that you regret being alone last night?"

"Un." He nodded without even thinking, "She looks good, better than anyone."

"Ha, ha." The empress couldn't help laughing, "I never thought that Ye'er would say such a thing. It seems like I don't need to worry about you in the future!"

"Empress, when the crown prince stood up for the crown princess, he really was handsome!" Huan Huan said on the side with a smile, "You can be assured!"

Chapter 919: Crossdressing: Crown highness' slight pampering (Part 51)

Luo Qing Chen and Hua Su Ye returned to the eastern palace after serving tea where red was hanging all over.

The only difference was that the male lead was standing by her side.

It was a male lead that was completely glowing!

Of course, as a 'liar', someone would inevitably talk about it.

"Did you deceive me on purpose, or....." Hua Su Ye sat in front of her at a porcelain table, looking into her clear eyes as he seriously asked this!

His tone was very soft, without any of the anger from before. It was like looking at her face with those slightly pursed lips, he couldn't find any way to blame her.

"I have a clear conscience, it was definitely unintentional!" She looked up and pursed her lips in a cute manner. She looked at Hua Su Ye as she shyly said, "The groom even ran away during the wedding night, I've been punished....."

“Sorry.....” Seeing her looking sad, he couldn’t help patting her head, “Then let’s get married again, alright?”

She thought about it before saying with a smile after a while, “Alright!”

[Ding, affection has increased by ten. Mission completion rate is now 100%.]

The wedding clothes fell and the red candles shook. A wedding without any real or false blessings, there were only their two sincere hearts.

Many years later, when he died, this warm and happy night remained in his mind.

He would be very happy being with her no matter where it was, but without her.....

In this story, Luo Qing Chen didn’t live long. After Hua Su Ye ascended the throne, concubine Lian and the eighth prince didn’t weaken.

In the court and the harem, in order to stabilize his position, she wiped out his enemies one by one.

In public and private, the Du Family was the first target. Du Wan Er was naturally arrogant, so it was easy making her fall into a plot.

Next was the eighth prince.....

The person who could shake Hua Su Ye’s position the most. Although he lived in the far south, he still had to be on guard.

She used the influence of the people in court to frame the eighth prince for treason. Once the hat of treason was put on, their entire family was cut down.

Whether the eighth prince was involved or not, he couldn’t avoid it.

As for concubine Lian, she was a veteran of the harem. She knew all the strategies, so even if Luo Qing Chen had the system, she couldn’t beat her.

But no matter how hard it was, she succeeded after three years.

A piece of white silk, a jug of poison wine, and a dagger.

She was wearing a water blue brocaded robe. Her eyes were as cold as ice as she looked at the defeated concubine Lian, “If you want to make it quick, I suggest you choose the white silk.”

“Luo Qing Chen, you think you’ve really won?” Concubine Lian was in a white brocaded robe with disheveled hair. She had a taunting smile on her lips, “I might die today, but you can only live a few years longer than me, right? The doctors have already told you that the blockage in your heart can’t be cured!”

Her heart trembled, but her face didn’t reveal a single ripple. The years of battle had harmed her body. She knew that she had to take care of concubine Lian as soon as possible or there would be consequences.

“Then you can take a look at the path to the yellow springs first.” She narrowed her eyes and said in a determined tone, “At least there will no longer be problems in the court and the harem, it’s worth it.”

“Ha, ha, ha, ha.” Concubine Lian picked up the poisoned wine and laughed into the sky, “Since ancient times, the emperor has been fickle. You have paved this path for him and when you die, he has many young and beautiful girls to choose from. You will be nothing more than ashes returning to the earth.”

As soon as her voice fell, she drained the poison wine.

Chapter 920: Crossdressing: Crown highness’ slight pampering (End)

In the three years after concubine Lian died, the court was stable. Hua Su Ye had a few talented confidants, so everything had been going smoothly.

It was just that.....she was sick in bed.

As the emperor, struggling in the court and helping the citizens, he was very exhausted from everything he did.

Adding in the fact that she was always lively, he didn’t doubt it too much.

It was probably because he never thought that her body had been that ruined.

It wasn’t until a heavy snowfall when she puked blood in the flower garden that the imperial doctor told him the truth.

At that moment, he felt his world about to collapse!

“The empress’ heart has been blocked these years and the root of the illness came a long time ago.” The imperial doctor was kneeling in front of Hua Su Ye, “The empress was afraid that the emperor would be distracted because of her, so she had this minister not mention it.....”

“Scram.” He angrily roared out before coming to her bed, “Qing’er, don’t be afraid. I’m here, I’ll always be with you.”

He had never called himself ‘this one’ in front of her because in his heart, she was his wife and there was no title in the palace.

“Un.” She had a slight smile on her pale face as she gave an obedient nod.

Actually the reason why she did all these things without caring about her body was one, to give Hua Su Ye a stable reign and second, because the system had told her that her body wouldn’t last.

She was filled with difficulty over how to use this short time.

But she knew that the person who left first would always have it easy and the one left behind would be filled with pain.

She didn’t want his reign to be in danger after she left and she didn’t want him to suffer from trouble from his enemies.

“Why didn’t you tell me.....” Hua Su Ye softly held her hand. His handsome appearance was completely gone as he sat there crying beside her.

“Because.....Ke, ke.....” She saw him crying and her eyes turned red. Her right hand softly touched his cheek and she gave him a warm smile, “I am still that little girl who likes to lie.....”

That year she fell into the river with him disguised as a man, becoming the only ones on a deserted island.

That year, the emperor gave the decree for her to become his crown princess.

Now that she was leaving, she was the only one in the palace.

He had never felt calm, but he was satisfied as long as she was here.

“But.....” He saw how she smiled as she called her a little girl and he couldn’t blame her. He could only say in a trembling voice, “After you are gone, what should I do.....”

What should he do?

In the nights when he hadn’t finished his decrees and he was tired, he remembered that he could hold her and fall asleep as soon as he finished.

Every time someone opposed him in court and he was angry, as long as he thought of her, he would deal with the situation with a calm mind.

Because he knew that as long as he reigned as emperor, he could keep her safe.

“You.....” Her voice was a bit soft as she gradually closed her eyes. Her lashes trembled as she said, “You have to live properly and let me see a prosperous world. If you’re really lonely one day, come and find me. I will probably be in another place.....waiting for you.....”

He fainted crying by her bed that night, but he never let go of her hand for even a second.
