Chapter 981: Hello, demonic school hunk (Part 5)

Han Zai Zi came with her to the airport that day. He kept clinging to her, it really was a bit cute.

“You go first and I’ll come later!” He handed her a limited edition LV bag and said, “This is the ‘big surprise’ that I prepared for you, it’s an absolute treasure bag! Wait until you arrive at the hotel to open it!”

Han Zai Zi said this as he raised a brow like he was causing trouble.

“Thanks!” Luo Qing Chen’s lips twitched as she took it and then she turned to Luo Wan, “Mom, I’m leaving.”

“Un.” She nodded as she was unwilling to let her go.

Watching her walk into the security check, there were complicated emotions in her heart.

There was no absolute pleasure in this world. It was fine for nobles to be normal, living the way they wanted was a kind of happiness.

The blue sky with white clouds.

When the airplane took off the runway, she knew that this was a new chapter in her life.

Whether it was her or the previous host.

She suddenly understood why the system had her complete the Su Xiao Xiao side mission because this was what the original host wanted to do.

When she got off the plane and walked into the airport, she felt a bit uncomfortable.

There were many people in this country, it looked very busy.

Traffic jams should be what a lively city was like, she took her suitcase and headed to the hotel on the side.

But when she took two steps, a young man approaching attracted her attention.

This young man had a pair of handsome black slanted eyes that had a sharp look in them, thin pursed lips, sharp features, and a tall, but not overly buff body. The collar of his white dress shirt was slightly open and the sleeves were rolled up, it looked so good that people couldn’t look away.

With two more looks, that person put his hands in his pocket and his lazy eyes looked away.

(ˇ ^ ˇ) Is there a problem? What are you pulling away for!

Luo Qing Chen rolled her eyes before walking past him.

But she never thought that person would lose their balance, suddenly falling to the ground.

“Young master, young master!”

“Is there a doctor, can someone help!”

“Quickly save our young master!”

.....

The two rough looking bodyguards on the side were suddenly at a loss. Luo Qing Chen wanted to keep walking, but she couldn't stop her legs from stopping.

She suddenly turned and squatted down, “What is happening?”

“The young master's heart isn't good, he's already taken his medicine.”

“Call an ambulance.”

“We already did.”

She leaned over and put her hand over his heart. His figure was good, she could feel the strong muscles when her hand went over his chest.

When her hand came over his heart, she could feel that his heartbeat was weak.

She leaned over him and crossed her hands to perform CPR.....

Artificial respiration.....

Although she disdained this handsome fellow whose pride reached the heavens.

But all people were equal when it came to life.

After thirty chest compressions, she did artificial respiration before continuing the cycle.

But when she touched his slightly cool lips, the other side turned and pressed her on the ground. There was a dangerous glow in his deep eyes and his posture changed.

It went from artificial respiration to him pressing her on the ground.

The crowd all watched and Luo Qing Chen's face turned red as her heart skipped a beat.

The airport floor was a bit cold.....

Chapter 982: Hello, demonic school hunk (Part 6)

“Young master, you're awake!”

“Young master, are you alright!”

The two bodyguards were like dogs as they came over, looking over him with 'concerned' looks.

Li Si Nai's slender fingers touched his lips and that aura of the male lead was released as he reprimanded the two guards, “What are you two doing? Letting this female pervert touch this young master, don't you know that this young master hates physical contact the most?”

He was very angry. He had hated women the most when he was young, but he was very popular with women.

The only son of A City's richest man Li Jue Liang, so naturally he was pampered from a young age and he developed a personality that cared for no laws.

He had an aversion to being touched and he always felt uncomfortable when others touched him.

And this person actually kissed him!

This was definitely a female pervert, he couldn't take this!

"Sorry, young master!" The dogs immediately gave respectful bows, "After the young master fainted, we wanted to call an ambulance, but this girl suddenly came forward. We were worried about the young master, so....."

"Che." Li Si Nai immediately gave an angry snort of disdain, "You really are a female pervert."

"We also think so!" The bodyguards also nodded!

Luo Qing Chen looked at the two in disbelief before she gave a cold laugh, "You two.....are you putting on a play?"

Scammer? Actors? What a joke!

Is there a problem! You can't even differentiate between artificial respiration and kissing?

Li Si Nai impatiently waved his hand and the two bodyguards came forward, "This miss, please leave immediately, our young master doesn't want to see you."

God damn!

[Ding!]

What ding, this treasure doesn't want to hear it! Shut up! (_)

Luo Qing Chen crossed her hands and looked at Li Si Nai with his hands in his pocket not far away, "Is there a problem with your heart?"

"What does it matter to you?" Li Si Nai's eyebrows twitched as he never expected Luo Qing Chen to ask this strange question.

When he turned, this was his first time looking into her eyes.

A clear pool that was clear to the bottom.

These words were the first impression in his mind, but she had already made a very bad impression.

There was a strange familiar feeling when he looked at that face that was immediately ignored by his brain.

"Oh." Luo Qing Chen understood and nodded very normally as she said, "Then I have to ask this young master, because your heart isn't good, do you think the most important organ in the human body is the heart?"

At this time, there was a raging flame in her heart, but she had a calm smile on her face. She was looking at this arrogant young master.

“He, he.” He gave a cold laugh as his eyes filled with disdain, “Idiot, it’s the brain, alright?”

“It’s the heart alright?” Luo Qing Chen picked up her LV bag and casually gave a shrug, “People can’t live without the heart.”

“Could it be that people can’t live without a brain?” Li Si Nai narrowed his eyes as he looked into her eyes, “You don’t even understand such simple medical knowledge and you dare say you were giving someone artificial respiration instead of forcing a kiss?”

“Ze, ze, ze.” Luo Qing Chen shook her head before walking past him with a faint smile, “I’ll only answer your first question.”

“What?”

“You’re living quite well without a brain.”

Quick Transmigration Female Lead: Male God, Never Stopping **Chapter 983: Hello, demonic school hunk (Part 7)**

After saying this, Luo Qing Chen didn’t even look back as she directly headed off towards her hotel.

This was simply an idiot, she had to meet this self-righteous.....young master!

Aiyo, was this person so narcissistic that he was hit in the head by a truck! This was simply.....

Right, he didn’t have a brain!

When she returned to her hotel, Luo Qing Chen took a shower and laid down on the bed.

She suddenly felt a bit hungry and remembered the limited edition LV bag Han Zai Zi gave her.

It felt much lighter when she picked it up, she didn’t know if it was a mistake.

She opened it to find that it was filled with letters and photo albums.

The words were beautifully written and it was all signed, watching you from afar.

“What is this, Han Zai Zi, what did you give me this for?”

Luo Qing Chen rolled her eyes and threw the bag on the side. She picked up her phone to send Han Zai Zi a text.

[I thought that you gave me something good, but what is this mess! `_* ——Luo Qing Chen]

While sending this, she looked through a few apps.

The previous host liked using social apps very much, she had everything from Weibo to WeChat. She opened up Weibo and wanted to pass the time, but she never thought she would be scared by the headline.

#A certain girl kissed the school hunk of the Royal Academy at the airport#

There were all kinds of replies underneath, they were all speaking up for this school hunk!

Of course, there were reasonable replies if you went a few pages down, but these reasonable replies were soon overwhelmed! The power of the internet really was strong!

For example——

Little Jasmine: Who the hell is this? She looks so ugly, how can she kiss our school hunk young master Li!
1199 Likes.

A Leaf: Ah, ah, ah! What kind of trash is she! 2301 Likes.

Ran Ran Is a Fairy: I think that girl looks not bad, but she must have never kissed before! 18 Likes.

West Summer replying to Ran Ran Is a Fairy: Scram! 456 Likes.

Chef Li replying to Ran Ran is a Fairy: What do you know? Our school hunk has never been touched by girls! 558 Likes.

.....

Luo Qing Chen fell down in her soft bed and angrily threw away her phone, “What the hell! Who are these people bullying this treasure!”

[Host, don't be angry, it isn't good for you to be angry!] The system said in a trembling voice since it had to announce something big.

Ah! Ze, ze, even you aren't fair to me, do you think this person can't be abused! This treasure won't be called Luo Qing Chen if this treasure isn't abused!

[Host, please calm down and stop cursing. For example, let's take a look at the male lead's affection for the previous host!]

Look at what, the previous host didn't even know the male lead, how could there be affection!

[Ke, ke.....The male lead did indeed have zero affection for the previous host, but it's not the same for the host!]

Ah? What do you mean!

[The male lead's affection for the host.....is negative twenty!]

???

(^ ^)

She really wanted to swear at this. Luo Qing Chen's mind quickly turned and she had an answer after three seconds.

Damn, he was the male lead?

[Yes, host!]

I want to give up the mission, I can't do this mission!

[Host, you'll lose all your experience, all your progress, all your items, and all your exchange points if you give up.]

You mean that I'll be back in the beginner village if I give up?

[Host! Give everything a try. At least they.....are all the same person.]

She was stunned and was in a daze for a bit. There was the Life Continuation Pool that flashed in front of her eyes and a person walking step by step while carrying her.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 984: Hello, demonic school hunk (Part 8)

She actually didn't care that much about the points, the experience points, and the world progress.

After all this time, she was already used to it.

She was used to traveling between the Chaos Space and the worlds, used to meeting the man with the same mark again and again.

Ancient and mysterious, making people confused.

But through eighteen worlds, that person had used different identities to pamper her.

This time she would.....endure!

Life wasn't always smooth and there would be stumbles when achieving a task.

Only by enduring can you do great things!

Un, that was how she convinced herself! (^ ^)

Ding dong.

With a ring from WeChat, she picked up her phone.

It was a text from Han Zai Zi. When she opened it, she was even more confused!

[It is something good! When you have things to eat, drink, and play, how is it not good! ——Han Zai Zi]

.....

What eat, drink, and play, these were clearly a bunch of letters.

She picked up the bag and took a photo of the contents before saying——

[Did you write me these letters because you were afraid that I would miss you? ——Luo Qing Chen]

022545699jpg.

[Damn!What is this, this isn't what I gave you! ——Han Zai Zi]

Luo Qing Chen knit her brows and went through the LV bag again. Other than these letters, there was a large notebook that had many sketches in them.

She knit her brows as she looked at the bottom right corner of the sketches——Nai.

Ding dong, ding dong, ding dong.

The rapid bursts of sounds from WeChat didn't interrupt her thoughts as everything that happened at the airport appeared in front of her eyes like a movie.

In the end, the picture in her mind froze on the two LV bags!

The same bag, there were only ten limited editions in the entire world!

This luck really was hard to find.....

[Is there anything else other than those! ——Han Zai Zi]

.....

[Quickly respond, I even gave you an 'action film', don't tell me you lost it! ——Han Zai Zi]

She didn't plan on replying to the bunch of texts from Han Zai Zi and only when the final round came did she jump into bed.

[You, you, you.....Let's break up, let's contact each other less in the future! Oh, no, it's if we're lucky enough to meet! 凸`_# ——Luo Qing Chen]

After turning off her phone, she went through the sketchbook to find any useful information.

She flipped through the entire sketchbook after half an hour and other than the handsome front, there was nothing else!

But thinking about it, no one would write their phone number in a sketchbook!

All that was left were the letters. She hesitated a long time whether she should open them or not.

On one hand, things like letters, whether they were texts or written were personal property. Not looking through them was something a dignified and noble treasure wouldn't do.

On the other hand, she was very angry with how arrogant that Li Si Nai acted with her. She thought that it wouldn't be anything if she read that brainless person's personal information!

After all, the LV bag Han Zai Zi gave her should have already been flipped through by Li Si Nai.

As long as thought about the 'action film' Han Zai Zi mentioned in WeChat, she was overcome with a feeling of despair!

Li Si Nai! Couldn't this male lead be gentle and kind? Why did she have to meet such a demon like character!

Oh my god, please help me!

Chapter 985: Hello, demonic school hunk (Part 9)

At the same time, at the Li Mansion.

Li Si Nai was leaning back on the sofa with a smirk on his face as he looked at everything.

The more normal ones were: Candy, spicy strips, jelly, pencils, notebooks, and etc.

The more abnormal ones were: 'Action movies', 'action movies', and 'action movies'!

"Ke, ke." His slender fingers picked up these films that came out fifty years ago and couldn't help laughing as he muttered to himself, "This female pervert really is a female pervert, even the things she brings are this open!"

He narrowed his eyes and he couldn't help thinking of what happened at the airport.

Also the way she was able to stop him from saying a single word, she really had a venomous tongue!

He had never seen anyone with a more venomous tongue than her.

Thinking of this, his lips couldn't help curling into a faint smile.

"Ha, ha, ha, ha!" The two bodyguards laughed with him.

But then his face suddenly fell as he said, "You two, immediately find out who that girl is and where she's living. Bring all that information to me."

Taking away his most valuable letters and sketches, he wouldn't be the head of A City's four young masters Li Si Nai if he didn't pull her out!

The next morning, Luo Qing Chen had an admission form and prepared to go to the school she was attending in China, the Royal Academy.

Although she wasn't planning on giving up this mission, she didn't plan on looking for the male lead!

After all, people who weren't lovers didn't gather. This Li Si Nai, he was most likely attending the same school.

Of course, there was the chance he would be hostile to her at school.

The system played different cards most of the time, she wasn't certain which was true!

But, she didn't care! After all, there was a solution for everything!

At worst the net holding the fish would break and they would die together!

With this kind of ambition, she came to the school's office.

The principal nodded in satisfaction when he looked at her letter of recommendation and introduction letters, "Although you are a commoner, you have achieved excellent results. Especially your skills with the zither, it's the essence of the country."

There were two teachers standing on the side. One had a name tag and golden heels, with her eyes up in the sky.

The other one was dressed rather simply, with black rimmed glasses as she echoed, "Yes, I feel that she is also very excellent."

“Un.” The principal nodded before continuing, “Then teacher Gu, this student will be given to your second year F Class. I hope that you will be able to focus on your studies and dig out your talents!”

F Class? Luo Qing Chen’s first reaction was: Why F Class!

Although her identity was false, her results were real! Could it be that F Class was the best class in this school?

She silently followed behind teacher Gu with a confused look.

“I know that you have your doubts.” Teacher Gu explained, “The Royal Academy’s A to E classes are ranked according to the status of the student.....which means they are ranked based on how noble their status is!”

“Ah.” Luo Qing Chen was a bit surprised before pursing her lips to ask, “Then F Class.....”

“F Class is the most outstanding class in the second year.” In the first half, teacher Gu was looking up and had her chest puffed out, but she was like a deflated balloon in her second half. She said with a sigh, “But the students of F Class are all students that rely on scholarships, which means that in the eyes of the rich people.....they are commoners.”

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 986: Hello, demonic school hunk (Part 10)

“Oh.....” She nodded as she casually said, “I got it!”

“But you don’t need to worry, it’s actually quite good like this!” Teacher Gu kept trying to explain everything she needed to know on the way and she added in the end, “After all, everyone in the class is the same, so they won’t be bullied by the rich kids like before.”

Teacher Gu roughly explained the rules of the school to her. Luo Qing Chen could tell from her eyes that she wanted to protect every student.

Those caring eyes couldn’t deceive people!

It could be said that in the beginning, the ordinary and rich students were put in the same class.

But finally a commoner student became depressed from being bullied by the nobles and finally jumped off the roof of the school.

Although this rich student dropped out in the end, he only had to pay a large sum of money and transferred to another private school, not stopping his bullying at all.

In the end, to avoid something similar from happening again, the school separated them into A to F Classes. The commoners were all put in once class, so they wouldn’t be on the same floor as the rich students.

The rich students had their floors rebuilt, each one with their own elevator, swimming pool, convenience stores, and various entertainment rooms.

There was also a row of luxurious high rise buildings in the back. It was a school that focused both on studying and entertainment, it was a paradise.

Although the building for the commoners looked luxurious, they were filled with normal classes and the school dorms were for four people each.

Although she wanted to diss the school's unfair practices, the most important thing wasn't this!

Rather——

When Luo Qing Chen stood in front and everyone was applauding, she was looking at a girl who was leaning against the window and sitting in the corner.

She was the only one giving soft claps, but she wasn't looking at her.

"Classmate Luo Qing Chen, our class only has two empty spots, so you can pick which one you want to sit in." Teacher Gu said with a smile as everyone looked at her with envy.

Everyone thought that she would sit with F Class' hunk Su Jing, but there was no jealousy, most of those gazes were just of envy.

Luo Qing Chen didn't hate these gazes and she didn't hate being looked at by everyone.

But in the end, Luo Qing Chen moved past Su Jing's desk and stopped beside Su Xiao Xiao.

Although they were all surnamed Su, Luo Qing Chen saw that Su Xiao Xiao needed her at her desk more than Su Jing.

When she sat down beside Su Xiao Xiao, everyone looked at her in disbelief, but they didn't say anything.

"Alright, let's get back to our topic. Our class was first in the final exams last time, but our art performance was second from last. I don't want you to work hard, but let's at least not be second to last, alright?"

"Teacher Gu, those people are rich and can buy the best things."

"Right, they can also hire people to act and dance, we can't compare to them!"

"But young master Li was really handsome playing the piano, I even recorded it!"

"Ze, ze, although I like young master Li very much, how could people like us be qualified to call his name in the eyes of the rich young misses....."

.....

When they said this, the class suddenly fell silent.

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 987: Hello, demonic school hunk (Part 11)

Teacher Gu gave an awkward cough before saying, "In short, everyone should just do their best. Let's start class!"

After all, all the students were high achieving students. They all returned to their studying state after gossiping.

“Hello, I’m Luo Qing Chen.” She lowered her head and looked at Su Xiao Xiao beside her.

On the surface, she was a very quiet girl with clean white skin and no makeup.

She didn’t even apply toner or cream, so her skin looked a bit dry.

“Un, hello.” She was a bit surprised and a bit of a gentle tone appeared in her voice, “I am Su Xiao Xiao.”

Then there was an awkward silence.

During class, Luo Qing Chen couldn’t say anything since the teacher was already looking at her.

Since she came to this F Class, she should be low-key!

When the bell rang, Luo Qing Chen was planning on talking to Su Xiao Xiao.

Su Xiao Xiao gave her a piece of white paper and there was a drawing of Luo Qing Chen standing in the front just now.

The moon white sweater, the light pink plaid skirt, and her short curly hair, it all looked very youthful.

“This is for me?” She pursed her lips, looking a bit surprised.

She spent most of her time wandering off in class, thinking of the hateful Li Si Nai from time to time, so she didn’t notice what Su Xiao Xiao was doing!

She never thought that she could make such a cute sketch during class, it was simply amazing.

“Un.” Su Xiao Xiao said with an embarrassed smile, “It’s to welcome you.”

She didn’t speak much, but Luo Qing Chen could feel the sincerity in her words.

“Thank you.” She said with a soft laugh, “It really is cute, much better than someone else’s sketches!”

“Ah?”

“Un.” Luo Qing Chen shook her head, “It’s, it’s nothing!”

Ding ling.

When she was planning to say something, there was a series of texts that came from her phone.

Who was still this old fashioned, ignoring WeChat and still using texts?

She took out her phone with a dissatisfied look.

There were three texts in her inbox, each one from an unknown number.

[Female pervert, do you know you got the wrong bag? ——Li Si Nai]

[Ha, ha! Right, All the things in your fake LV really opened my eyes! ——Li Si Nai]

[I know you’re at the Royal Academy. Quickly come to A Class to give me back my things or don’t blame me for going public! (~ o ~) ——Li Si Nai]

Damn! God damn! % ¥% ¥# ¥%#%.....

Luo Qing Chen couldn't help cursing him in her heart before cursing Han Zai Zi.

After angrily typing a few words in her phone, it caused all the surrounding students to look at her with a strange gaze.

[Announce it, announce it! Do it if you have the skills! You say it like I don't have your things! ——Luo Qing Chen]

[What letters! You know who you are! If we announce things at the same time, who do you think people will pay more attention to!? ——Luo Qing Chen]

[`_`* ——Luo Qing Chen]

The third one was just to show how angry she was!

After all, acquaintances couldn't lose face! The other side had sent three texts, isn't it unreasonable if she didn't also send three!

The sound of the text came again.

[Alright! Dumb female pervert, come to the south field in ten minutes, let's end this! ——Li Si Nai]

[Come! Who's afraid of who! Just bring your two bodyguards! If I'm afraid, it'll be my loss! ——Luo Qing Chen]

[1 v 1! ——Li Si Nai]

[Quick Transmigration Female Lead: Male God, Never Stopping](#)

Chapter 988: Hello, demonic school hunk (Part 12)

After Li Si Nai sent the last text, he was so angry that he slammed his phone down. The noisy A Class suddenly became without a sound!

“Young master Si, what is it? Why are you this angry!” Nan Luo Ze casually came up beside him with an elegant smile.

Nan Luo Ze, one of A City's four young masters. He was handsome, rich, and gentle. His girlfriends could fill three trucks, but he never had one for more than three days.

He would always accept the girl's confession in a gentle tone and use a gentle tone to break up with them three days later.

Absolute love killer, never losing to a girl before!

“Young master Si, why are you so angry.....” Mi Xue Na pushed back the hair on her chest and a strong burst of perfume came forth.

“Scram!” Li Si Nai tightly knit his brows and spoke concisely, not giving her a chance to speak!

The scene became very awkward. There were the sounds of whispers and laughter from behind her that made Mi Xue Na's face gradually become more ugly.

Although she wasn't Li Si Nai's girlfriend, she was at least the only girl who touched his hand.

There was envy from various rich young misses, but she was happy to accept this jealousy.

“Ai, it’s another person who just won’t give up.”

“Didn’t she touch young master Si’s hand when she was handing out the worksheets? She thought that she was special in young master Si’s eyes, but now.....it seems like she’s the same as us!”

“Don’t run your mouths, big sister Na Na is different from all of you!” Yan Shui Qing viciously glared at them.

The two gossipers tilted their lips. Although they weren’t convinced, they didn’t dare offend Mi Xue Na head on since she was the daughter of the Mi Group. They were considered a rising star among the rich and someone not to offend.

Mi Xue Na rolled her eyes at those two girls before turning to Li Si Nai again, saying with a sweet smile, “Don’t be angry, isn’t it gym class next? Young master Si will definitely be handsome with all your three pointers.”

“Everyone will stay in class for the next class.” Li Si Nai’s face turned cold before picking up his school coat and putting it on his shoulder. The top two buttons of the white dress shirt were open and it showed off his handsomeness and domineering.

No one dared to ask why and no one dared to refute him.

They could only watch Li Si Nai disappear from the class and slowly follow him.

When they came to the court, they saw an unfamiliar figure.

The girl wasn’t wearing a uniform, she was just wearing a simple white sweater and clean cloth shoes, with skin as white as snow.

If she stood in the snow, she would seem like a pure white lily.

Simple, clean, and good to look at.

Of course, this was Luo Qing Chen’s first impression on the boys. As for the girls, her first impression was——

Fake! Fake! Fake!

Li Si Nai walked towards her step by step with his hands in his pocket. There was a bit of brown in his black hair and with his clean white uniform, school jacket over his shoulder, and that loose black tie, it gave him a very clean look. The arrogant eyes revealed a look that couldn’t be resisted, but there was a trace of anger in his eyes.

If she didn’t know what kind of person this was walking towards her, she might have been dazzled by how handsome he was.

It was like the youth from his drawings were coming out.

He wasn’t arrogant, he wasn’t black bellied, he wasn’t sharp tongued.

He was just quiet and clean.

It was a pity that she knew in her heart, this was just an illusion!

Chapter 989: Hello, demonic school hunk (Part 13)

“Give me the thing.” He stood in front of her and slowly stretched his hand with a sparkle in his eyes.

“There’s an ancient saying: One hand for giving the goods and one hand for receiving, if you come empty handed, you’ll be laughed to death.” Luo Qing Chen crossed her hands at her chest as she pursed her lips. She was revealing a faint smile, but her heart was filled with rage!

He did look good, but his temper was just too lacking, it was impossible to educate him!

“Female pervert, you’re not embarrassed to say you’re not a pervert! Do you know what was inside that LV bag of yours?” Li Si Hai looked at her with a meaningful smile.

She was clearly a female pervert and she was acting like a pure little girl, isn’t that very strange?

But he had to admit, this person’s dress really seemed.....a bit good!

“You.....” It was Luo Qing Chen’s first time being silenced by someone like this!

This was all Han Zai Zi’s fault, if it wasn’t his feeble mind, how could she lose?

“Nothing to say, right!” Li Si Hai saw that her face was a bit flushed and he narrowed his eyes, “You should just admit you were forcing yourself on me at the airport!”

It was true that his heart wasn’t good, but he didn’t accept any kind of contact with any girl!

Although he still missed the faint scent she had when she came close and the strawberry coloured lips that were a bit soft.

Aiya, what was he thinking? Wasn’t this time for serious negotiations?

Why was he thinking of this!

Li Si Nai shook his head and looked at Luo Qing Chen, “How about it, do you have anything else to say!”

“Of course.” She instantly replied with a hint of anger and a bit of a sparkle in her eyes.

She put her hands in her pocket and moved towards Li Si Nai step by step.

There were only the two of them in the courtyard, but there were all kinds of onlookers outside the courtyard.

There were a few whispering, there were some who took out their phones, being filled with excitement.

“Yi, who is this girl! Why isn’t she wearing a uniform!”

Who knows! Maybe she likes our young master Si, ai! Perhaps she’s a plotter!”

“She looks like a commoner, Mi Xue Na should be angered to death! Young master Si was even fierce to Mi Xue Na earlier for this commoner!”

.....

Mi Xue Na on the side heard this and she glared at Luo Qing Chen as she clenched her right fist.

All the onlookers could feel the anger coming from her and they closed their mouths.

After all, Mi Xue Na belonged to the first class rich people, so they couldn't match her.

Although they weren't afraid of her, why would they put themselves in the sight lines!

At the same time, in the center of the courtyard, Luo Qing Chen was in front of Li Si Nai. She looked up with a smile that was filled with mocking as she said, "Does mister Li Si Nai really think I forcefully kissed you at the airport?"

He was surprised, not knowing why he was suddenly feeling nervous.

He was even more nervous than when she fought with him.....

But he was calm on the surface as he narrowed his eyes, "Is it not?"

Luo Qing Chen gave a chuckle as her right hand came out, quickly grabbing his black tie and pulling him in her direction.

She stood on her tiptoes and kissed him without another word.

Soft and domineering, sweet and gentle.

Chapter 990: Hello, demonic school hunk (Part 14)

Li Si Nai was frozen in place, as his handsome eyes trembled and his heart beat fast without stopping.

Not long after, Luo Qing Chen let go and pushed him back as she looked up, "That's called a kiss!"

Everyone exploded in an instant.

A group of Li Si Nai's fans wildly ran onto the courtyard, cursing and screaming as they ran over.

It was like they were shouting from the bottom of their hearts: Let go of that handsome man, let me do it!

Li Si Nai pursed his lips and took a deep look at Luo Qing Chen. His right hand was raised to point at the group coming as he angrily roared out, "All of you scam for me. If you take another step forward, there's no need to show up to the Royal Academy tomorrow."

His voice sounded very nice, even roaring there was a deep tone and a soft magnetism to it.

When his voice fell, it turned silent.

No one dared to take a step forward, they just silently watched them.

Li Si Nai lowered his head and his right hand lifted Luo Qing Chen's chin. His fingers were a bit cold and the blue diamond ring sparkled. His actions were filled with a domineering sense.

“I, Li Si Nai have never lost in my life, let alone having someone teach me kissing.” His left hand came to her waist and his right hand took her neck. Without any hesitation, he kissed right now on those strawberry lips.

He easily broke through all her defenses and the faint taste of strawberries filled his lips.

At that time, Li Si Nai was no longer stunned, rather it was Luo Qing Chen!

She wanted to use a high position to teach this arrogant man the difference between kissing and artificial respiration!

But now it seemed like.....she was being taught back!

After a while, he reluctantly let her go. There was no longer the same hostility and anger in his eyes, rather there was an unknown gentleness, “Idiot, don’t you think my method of teaching is better? Isn’t it more standard?”

He didn’t know why he asked this. If it was any other girl who touched him, he would have roared out in rage and asked his bodyguards to throw that person out.

But he was feeling a bit strange today.

It was like he enjoyed the kiss, enjoyed the faint taste of strawberries, enjoyed her slightly angry appearance.....

He suddenly felt that women had changed in his eyes.

“Li Si Nai.” Luo Qing Chen bit her lip and clenched her fists. She took a deep breath and acted calm as she said, “Such a weak kiss and you still call yourself a veteran.”

She said with a chuckle, “Could it be that this is your first kiss?”

“Luo Qing Chen, what did you say!” It was like being hit by lightning for Li Si Nai. When he wanted to get back at her, the other side had completely knocked him down with her words!

Just what background did this girl have? She was so arrogant.

“Why do you call my surname!” Luo Qing Chen angrily looked at him, “It’s rude!”

“Hey, clearly you’re the one calling me by my surname!” Li Si Nai pulled down his black tie before saying, “You’re the rude one!”

.....

“I’m too lazy to talk to you, I’m hungry from arguing! Goodbye!” She looked around and saw that there were more and more people around. There were already over a hundred people here.

In this situation, it was better to withdraw first!
