

R. Paradise 25

Chapter 25

The little girl ran to Su Xiao in a few steps, looking at him with a smile.

“It’s me, I am Kanna, how about it, Am I cute?”

Little girl’s character was very lively, and she also turned around in front of Su Xiao.

Su Xiao looked carefully and found that the little girl in front of him was not Kanna.

“You are not Kanna.”

“You already discovered it? Sure enough, I should pay attention to the tone.”

The little girl was not being cute anymore.

“How about it, do you want to make a deal with me? I will help you understand the reincarnation paradise, you pay me 50 paradise coins.”

Su Xiao was now in need of understanding of the reincarnation paradise, and the fake Kanna in front of him was undoubtedly the best choice.

“Okay, how can I give you the paradise coins?”

Su Xiao’s straightforwardness made the little girl surprised.

“Aren’t you afraid that I will lie to you? You must know that there are many cheaters in the reincarnation paradise.”

[Dragon flash] appeared in Su Xiao’s hand, and he looked at the little girl with a cold eye.

“If you lie to me, you will die.”

The little girl chuckled.

“No wonder you are a newcomer, in addition to the arena in the reincarnation paradise, contractors cannot attack each other in any other locations, this is an absolute security point.”

“Oh, then I will do it in a different world.”

Su Xiao’s chilling eyes let little girl step back a few steps.

“Hey, hello, we are not enemies, and I will not lie to you.”

Su Xiao’s cold eyes made the little girl alarmed. The guy in front of her shouldn’t be provoked. He was the kind of cruel person that won’t blink when killing people.

She quickly thought and decided to leave first without doing business with Su Xiao.

[You receive the contractor 13013, 50 paradise coins.]

The little girl’s face immediately changed, and she looked at Su Xiao with some sadness.

“There are a lot of people here, let’s just go to a beverage shop and talk.”

The little girl sighed helplessly, walking in front of Su Xiao and Su Xiao followed.

“Sigh~, I didn’t want to do business with you. Since you had already paid for the paradise coins, then I will introduce myself. My name is Xi lo lo, and I am a worker of the reincarnation paradise.”

A Worker? Su Xiao was puzzled but did not speak.

Soon, Xi lo lo took Su Xiao to a beverage shop. The name of the beverage shop was a bit strange, and it was called [cat and dog].

“Welcome to... Is Xiao Xi, did you bring new customers?”

A mature woman with sexy dress greeted her, and the mature woman’s boobs were full, her legs were slender, she was wearing black stockings, and after wearing high heels, she was even as high as Su Xiao.

“Boss, I want watermelon juice, what do you want to drink?”

“Water.”

Su Xiao was just coping with it casually, he could not drink the drinks provided by strangers.

“Don’t worry. We are workers who are different from contractors, we won’t do bad things.”

Su Xiao’s finger tapped the table and asked: “What is a worker?”

Xi lo lo lightly coughed and began to answer Su Xiao, and soon Su Xiao knew what a worker was.

There were mostly two kinds of people in the reincarnation paradise. The first one was the contractor, and the other was workers like Xi lo lo.

Contractors needed to execute dangerous tasks frequently, but the workers were different. They were service personnel in the reincarnation paradise like selling goods and other things like that.

Workers were contractors who had lost their jobs because of the failure of the first world mission. Without these workers, the contractors would even have problems with eating.

It should be noted that the reincarnation paradise did not provide the functions of redemption, and these workers are required for daily needs.

It was an advantage to become a worker, that is, they could only enter another world once in two months.

The reason why Xi lo lo was afraid of Su Xiao was because she had to enter another world. If she encounters Su Xiao, unfortunately, she will have no possibility to survive with her power.

Xi lo lo took out a transparent tablet and handed it to Su Xiao.

“This is the specific information of the reincarnation paradise. You should check it first. This is notarized by the reincarnation paradise, it will not lie to you.

Su Xiao took over the tablet computer. This was some high end technology, it could project 3D stereoscopic images.

He gradually understood about the general situation of the reincarnation paradise.

The reincarnation paradise was vast, and the population wasn't counted, but there were definitely more than 100,000 people.

The reason why no one counts was because the mortality rate of the contractor in the reincarnation paradise was extremely high.

According to the information given by Xi lo lo, the contractor's mortality rate in the first world was 80%, the second world was 60%, the third world was 50%, and there were a lot of details behind. Su Xiao did not see it in detail.

From this horrible mortality rate, it could be seen how hard for the contractor to survive in the reincarnation paradise.

In the reincarnation paradise, most shops are opened by workers who are required to maintain the daily life of the contractor.

In the center of the reincarnation paradise, there were more than a dozen buildings built by the reincarnation paradise, including the property-enhanced hall mentioned earlier.

These dozens of buildings were very important to the contractors if they wanted to improve their strength, which was closely related to these buildings.

After reading the last message on the tablet, Su Xiao put down the tablet.

“It's mentioned here that the contractor can stay in the reincarnation paradise for three days, then return to the real world and wait for the next mission. Is it possible for me to return to the real world?”

Xi lo lo bit the straw and put away the tablet.

“Yes, after each contractor has experience in other worlds, he can stay in the reincarnation paradise for three days, and then the reincarnation will send the contractor back to the real world.

After returning to the real world, it will take about a week or so to receive a call from the reincarnation paradise, return to the reincarnation paradise, and begin the next task.”

When she talked about this, Xi lo lo's face became bitter and looked at Su Xiao with envy.

Workers were different from contractors, they could only return to the real world for three days each month.

“I miss my family.”

Xi lo lo who was holding her chin in her hands pouted.

“Right, there is one more thing. You can hide your appearance through the reincarnation paradise. In case someone wanted to take revenge on you in the real world, this also put your family in danger.

My current appearance was modified through the reincarnation paradise after I spent 500 paradise coins.”

Su Xiao just sighed and didn't care.

“Don't you hide your appearance? You can do it now.” Xi lo lo looked at Su Xiao strangely.

“No, I don't have a family anyway.”

Hearing Su Xiao's response, Xi lo lo no longer spoke. This smart little girl didn't dare to open Su Xiao wound again.

“The information you have already seen, so the deal is reached, kindly remind you, don't provoke the Sorcerer in the derivative world, those guys are monsters.”

Shrinking her neck, Xi lo lo showed a scared expression.

“Sorcerer? Is the Sorcerer very strong in the reincarnation paradise?”

The smile appeared in Su Xiao's face made Xi lo lo shook her head.

“Not very strong, they are super strong, any adventurous group will unrestrictedly recruit Sorcerer, you know, I have experienced two derivative worlds, I was paying for the protection of the Sorcerer.”

Su Xiao nodded, and his heart could not be calm for a long time. His current occupation was the shadow of the law, the natural enemy of the Sorcerer.

He suddenly had some expectations, whether those Sorcerers would still be so strong in front of him.

Su Xiao just accepted the inheritance of the shadow of the law, he did not understand the power of this profession.

Now it was not a question about whether a Sorcerer is strong in front of him or not, but whether a Sorcerer can survive after meeting him.
