

R. Paradise 30

Chapter 30

Su Xiao drove on the street at midnight, and the co-pilot was the young policeman.

At this time, the young policeman was tied to the throat by a belt, and the belt was firmly fixed on the back seat when Su Xiao used the brakes, the young policeman would choke, and his eyes would almost turn white.

“How far is it?” Su Xiao was already going at high speed. He was going at least 160 km/h, as there were very few vehicles on the street at midnight.

In this high speed, Su Xiao found one thing, he was still able to see things even though he was going so fast. The agility attribute not only improved his speed but also increased his reflex.

“We’re almost there, friend, please slow down, my son is only two years old.”

The young policeman was desperate, as he felt that today may be his last.

The kind of gaze Su Xiao showed previously, the young policeman was familiar with it, it was the look of a murderer.

The young policeman also noticed that Su Xiao was different from the general murderers because Su Xiao’s gaze was too cold, even colder than the serial killers he saw a year ago.

“Help me find my sword, and you can live.”

Su Xiao lit a cigarette and took a deep breath.

The young policeman sighed and finally nodded.

After driving into a community, Su Xiao came to the destination.

“Get off.”

Su Xiao held a dark pistol in his hand. This was the gun of the young policeman.

According to the guide of the young police, Su Xiao came to the front of the director’s house.

“Knock on the door.”

The young policeman hesitated and looked at the gun in Su Xiao’s hand. The gun was already pointed at him.

In desperation, the young police could only knock on the door.

“Don, don, don~.”

After knocking on the door several times, a faint footstep sound came from inside.

“Who is it? It’s midnight.”

A slightly tired female voice came from inside the door.

“It’s me, Xiao Zhang,”

After a dozen seconds, a middle-aged woman opened the door.

“Come in, it’s pretty late now, is something in the bureau...”

The middle-aged woman’s question stopped, and a black pistol was pointed at her head.

“Go back slowly, no sound.”

The middle-aged woman was scared, looking at Su Xiao, and after a while, she slowly retreated.

Su Xiao passed the young policeman to the room and entered the room, then softly closed the door.

When the middle-aged woman stepped back, she accidentally bumped into a vase half a meter high behind her.

“Pala, pala.” The broken ceramic sound was loud in the quiet living room.

“Don’t, don’t be impulsive, I didn’t mean it.”

Su Xiao did not pay attention to middle-aged women. His eyes were locked on the table in the living room. On the table, a sword holder was placed, and on it, his sword rested.

When he stepped forward, Su Xiao picked up his sword. He felt familiar, as he couldn’t help but smile.

“Mom, it’s noisy~.”

The door of a bedroom in front of Su Xiao was opened. A girl wearing a sling stood in the doorway with her eyes open.

The girl stared at Su Xiao, and her mouth was slightly open, and she wanted to shout.

Su Xiao raised his gun, he swayed the gun and told the girl to go back. The girl nodded quickly and slammed the door.

Because the sword had been found, Su Xiao went away under the eyes of the two people in the living room, and quickly left the place.

“Xiao Zhang, let’s call the police.”

The Middle-aged woman was too scared, and she even wanted to report to the police.

The policeman Xiao Zhang smiled with bitter and looked at the middle-aged women with some helplessness.

“I already informed the provincial office that the guy was well trained. I didn’t even know how he did it. This dangerous guy is not an ordinary person.”

When the thing about Su Xiao was informed of the provincial office, he had already taken on the high-speed rail to the neighboring city.

At this time, Su Xiao’s face changed a lot. He looked like a student. He could pretend to be a college student with a little makeup.

Arriving at the neighboring city, Su Xiao did not stop, just sat on a long-distance bus.

Through the bumps of the long-distance bus, Su Xiao's body was also slightly swinging. He seemed to have closed his eyes, but he actually checked the situation around him.

The child was crying, the two young girls in the front seat talking to each other, and the young man with the headphones was swaying in front of him.

“News: a vicious criminal appeared in the neighboring city.”

The video was played on the LCD screen in front of the bus suddenly, and Su Xiao's photo appeared.

“Criminal.....”

The passengers on the long-distance bus were attracted by this news.

Su Xiao sighed and thought that their action was swift. In less than six hours, his wanted order had already been issued.

But for Su Xiao, this kind of wanted threat was not significant. First of all, do not talk about his own strength, with his hiding ability, it was difficult for the police to find him.

After several turnovers, Su Xiao continued to hurry for four days. In the end, he did not know where he was and stopped.

Taking out the new mobile phone to check his position, Su Xiao found out that he was in DL city, a coastal town.

“Good place.”

DL City was surrounded by the sea on three sides. Even if he is caught by a large number of police officers, he can at most smuggle abroad.

What's more, his business was only a murder case. It was not very bad. At most, there was something abnormal about him being dead and resurrecting.

As for kidnapping the police, it will not be announced.

Not in the worst case, Su Xiao will not have to flee abroad.

Now the most important thing was to find a place to settle down. Su Xiao didn't want to go to a hotel. There were so many people in that kind of place that was not suitable for long term.

Standing on the busy street, Su Xiao felt hungry. These days, it was basically running on the road, and he did not have a decent meal.

Su Xiao found a restaurant and ordered a local crab.

The time was May, which was the most productive season for the crab. The crab had at least a pound more than usual.

Opening the hard crab shell and sip the secret sauce of the shop, he bit on it, and the delicious taste spread all over his mouth. The smooth and tender crab meat stimulates his taste buds, and the unique flavor of the seafood made him have an endless aftertaste.

“Boss, the bill please.”

Su Xiao put down the last crab shell in his hand.

The restaurant owner took the bill and walked up, looking at the crab shell on the table with some horror.

“This ~.” The boss was stunned by Su Xiao’s appetite because Su Xiao ate more than seven or eight servings of food which exceed ordinary people by a lot.

The enhancement of vitality meant that Su Xiao needed more energy as Power would not appear without reason, and required a lot of energy.

“A total is 789, you can give me 780.”

Su Xiao took out a few hundred dollars and handed them to the boss.

“Is there a rented house nearby? I am a student who just arrived here. I need to find a place to stay for a few months.”

After the boss took out his mobile phone and searched with it for a while, he pointed his mobile phone at Su Xiao, and the mobile phone wrote ‘DL City Rental Network’.

The owner looked at Su Xiao’s eyes at this time, seemed to say, ‘Young people, no one is looking for rent on the street now’.

Su Xiao laughed and wrote down the website then left the restaurant.

Walking on the bustling street, Su Xiao thumb quickly clicked on the screen of the mobile phone to check the website. This was a small local social networking site specializing in housing agencies.

After a long time, he found strange information.

“Excellent location, convenient transportation, starting from 100,000 dollars per month.”

In DL City, the rent of 100,000 dollars monthly was not ordinary, but it was not uncommon as well. It was doubtful that this did not indicate too much housing information, just left a phone number.

Su Xiao was not short of money, directly dialed the phone, housing for 100,000 dollars per month, the conditions of the house should be good, it should be the specifications of luxury villas.

The phone was quickly connected, and a hoarse male voice came.

“Let’s discuss in person, No. 37 Tianhai Road.”

After a simple sentence, he hung up.

Su Xiao was stunned for a moment, then shook his head as it was too troublesome.

There may be other hidden things. The price of 100,000 dollars per month was a bit strange. He did not want to participate in it, so he decided to choose other places.
