

R. Paradise 81

Chapter 81

Su Xiao lifted up his left foot carefully, escaped the ghouls' kagune which unconsciously swept. The strong wind blew Su Xiao's trousers, and the tip of the eyeless ghouls' kagune touched his trousers slightly.

“Tuzzzz.”

The trouser was cracked, Su Xiao frowned, these guys' are really strong, and their kagune was extremely sharp.

Su Xiao continued to move quietly, with his psychological qualities, even in more harsh circumstances, he could remain calm.

When Su Xiao walked halfway, Yuna passed through this dangerous area and passed through many gaps of eyeless ghouls.

Arima Kisho and Yuna stood in front of the opposite channel, their thumbs were pressed on the activation button of the Quinque, ready to protect Su Xiao.

After the previous battle, Su Xiao knew that the two were not bad teammates. Otherwise, he would not stay last to protect them.

Yuna's body was low, her long black hair hung down her shoulders. She carefully helped Su Xiao to observe every move of those eyeless ghouls.

Yuna suddenly raised one hand, and the other hand folded the index finger and middle finger and clicked on the palm of the hand.

This action meant 'stop'.

Su Xiao immediately noticed Yuna's action.

Yuna pointed to the two eyeless ghouls in front of Su Xiao. The two eyeless ghouls were backing at Su Xiao. He could not see the actions of the two eyeless ghouls.

Yuna pointed to the side, it meant to let Su Xiao change the road.

Su Xiao did not hesitate and chose another route. Now the three people were in the same boat. It could be seen from a distance between Arima Kisho and Yuna, the two will not leave Su Xiao and run away.

After a few steps, Su Xiao found that the two eyeless ghouls that Yuna had pointed out were in a state of waking, and the head swayed from side to side as if they felt something vaguely.

Su Xiao continued to move forward. Under the cover of Arima Kisho and Yuna, Su Xiao successfully walked more than 180 meters, and the victory was in sight.

“Boom, boom.”

Intensive footsteps came from behind.

The three's faces turned directly, those eyeless ghouls who had been taken away were back.

Su Xiao did not care about being exposed and stepped up quickly under the cover of the footsteps sound.

A few seconds later, Su Xiao successfully passed through this dangerous area, and the three gathered.

Because of the roaring footsteps, the ghouls on the space were all active.

Yuna made a gesture of victory, but at this moment, a ghoul suddenly appeared in her position behind her.

It was a normal ghoul, female, about thirty years old.

It was normal for the sudden emergence of the ghouls in the 24th district. In this case, the three people had already encountered more than a dozen times. However, the timing of this ghoul appeared made the three people somewhat helpless.

The three people's eyes immediately locked in the female ghoul, which was murderous.

“White Reaper!”

After the female ghoul saw Arima Kisho, she said a sentence with hatred.

Su Xiao knew that it was a bad thing, and the dragon flash appeared in his hands, and he threw it out with power after adjusting the feeling.

The female ghoul showed a crazy smile, she saw those eyeless ghouls.

She lived in the 24th district, so she recognized those ‘beasts’.

“Ahhhhhh!!!!”

A scream from the tunnel was heard.

“Snigger.”

“boom.”

Su Xiao's knife and Arima Kisho's golden electric ball arrived at the same time.

The female ghoul was first smashed by the dragon flash, and then lighted into coke and died.

But it was too late, the scream alarmed those eyeless ghouls, counting the number of eyeless ghouls that returned from the depths, at least five hundred.

A pair of eyes wrapped in a gray hard shell, deadly stared at the direction of those three people.

At this moment, all the sounds around disappeared.

Su Xiao turned his head stiffly. After seeing all the eyeless ghouls stood up, his head became numb, and a cold air rose from the soles of the feet, passing the spine straight to the top of the head.

Facing so many eyeless ghouls at the same time, it was definitely a dead end!

“Roar!.....”

The roaring whispered into a piece, and those eyeless ghouls used a way that stepped on the ground with their limbs rushed to the three people.

Before that, the three had already desperately rushed to the front. When they passed by the female ghouls' body, Su Xiao grabbed the handle of the dragon flash by one hand.

“Boom, boom...”

A large amount of dust rushed behind the three people, and those eyeless ghouls used their limbs landed on the ground as if they were beasts rushed to those three people.

The eyeless ghouls were extremely fast, running on four limbs and balancing by themselves using bikaku.

Ordinary ghouls, even in combat, were also walking upright, but these eyeless ghouls were complete beasts, and their bikaku perfectly replaced the tail.

The three people had not taken care of behinds and ran forward wildly.

Su Xiao's agility attribute was 13 points, he wasn't slow, but even so, those eyeless ghouls were slowly approaching them.

“This is not okay, sooner or later they will catch up.”

Although Arima Kisho ran at high speed, he was very calm.

After the three people passed a straight passage, there were two crossroads ahead.

“Byakuya, you go left, I will go right, you take Yuna and go first, I cut off behind.”

Su Xiao stayed behind previously, now Arima Kisho took the initiative to propose to stay behind.

“I wish you stay alive.”

Su Xiao nodded to Arima Kisho, he was not the kind of indecisive person.

Arima Kisho stopped his steps and stood in front of a crossroad.

Su Xiao and Yuna rushed directly into another crossroad, and Yuna shouted before entering the crossroad.

“Arima, you need to come alive.”

After shouting, Yuna rushed to the road.

“Boom.”

The crash came behind him, and Su Xiao turned his head and looked at the intersection behind him was blocked.

That was Arima Kisho's Quinque 'IXA', which had the ability to change its form.

“Boom, boom...”

There were constant crashes came, it supposed to those eyeless ghouls hit on the wall formed by 'IXA'.

'IXA' was very solid, but it could not stand the impact of this kind of hit.

After Su Xiao ran for a certain distance, the bang came from behind, and the wall formed by 'IXA' was broken.

About fifty or sixty eyeless ghouls rushed into the channel, fiercely chasing after Su Xiao and Yuna. Su Xiao did not pay attention to these eyeless ghouls but continued to move forward.

After running for a few minutes or so, Su Xiao's footsteps suddenly stopped, and Yuna hit him on his back.

"Why did not you run?"

Yuna had been out of breath, the previous battle plus the current running was not an easy task.

If the speed of the two is recorded, the two of them have already blasted the world sprint champion.

"If we keep escaping, we will be exhausted, we can't run faster than these beasts."

Su Xiao stood in the same place with the knife, and the dozens of eyeless ghouls quickly approached.

"I cover you, this Quinque for you to use first."

Yuna threw a Quinque to Su Xiao, and Su Xiao thought about it and pressed the button on Quinque. This was his first time using Quinque.

"Ka."

The silver-white metal box popped, and after the contact with the air, Quinque began to expand rapidly and climbed to his upper body.

This was not Quinque of the weapon genre, but Quinque of the armor genre, Su Xiao had seen this thing.

In the original work, Shinohara Yukinori used this Quinque of the armor genre, which was 'new' and was a recent development of CCG.

The black-blue Quinque armor was wrapped in Su Xiao, and the armor was somewhat heavy, which was very defensive.

After Su Xiao put on the 'new', the reincarnation park showed a hint.

[You wear Quinque 'new', power +3, agility-3, defense +2, and the movement speed is reduced by 30%. (Temporary state, after the release of the Quinque, the gain or reduction state disappears.)

With this Quinque and Su Xiao's knife skills, his combat power has at least doubled.

Chapter 82

"Byakuya, there is a switch in the 'Shi' near the back of his neck. If it is an inevitable situation, you can press it, but be sure to remember that after pressing the switch, you must take it off within one minute."

The switch in Yuna's mouth was the original state of the weapon. After starting that state, 'Shi' will be activated and begin to devour the flesh and blood of the user. At the same time, the performance of 'Shi' will be greatly improved.

"I understand."

Su Xiao adapted to the armor on his body. To be honest, if it was not a critical situation, he did not want to wear anything.

Although his strength and defense increased a lot, his speed was reduced.

It was okay in the narrow terrain of the underground passage. If he fights in other terrains, he may be killed by the enemy.

"Roar."

An eyeless ghoul rushed up, like a sinister dog, the bloody mouth was stretched to the limit, and the muscles on both sides of the cheeks even collapsed.

Su Xiao still stood in the same place, this heavy armor made some changes in his fighting style.

This was also a helpless move, agility dropped by 3 points, so Su Xiao was no longer flexible, and the increase of 3 points of strength made his smashing power soar.

Since agility was reduced, Su Xiao did not waste time to dodge.

With both hands holding the sword, Su Xiao tried his best use one strike to cut it off.

This sword could be said to be strong, the sharpness of the dragon flash + Qing Gang Yin + Shi's 3 points of strength.

Puchi!

Blood rushed out, and where Su Xiao's sword struck, the eyeless ghoul was cut off.

The blood of the eyeless ghoul was black and red, with a strong odor.

In the battle, Su Xiao had not taken care of the surrounding smell, killing the enemy comes first.

"Boom."

A special bullet was crossed by Su Xiao, and Yu Na fought, using the remote ability to cover Su Xiao.

As a user of 'Shi', Yuna also had the ability to close combat. Her Quinque had two forms, one was a sniper rifle, and the other was a sickle.

However, Su Xiao and Arima Kisho's ability with close combat were much stronger than Yuna.

It was not that Yuna didn't want to use fight closely, but she didn't want to be embarrassed in front of those two.

....

The slamming sound and the gunshot echoed in the passage.

Eyeless ghouls were not afraid of death, even if dozens of them were killed by Su Xiao, there was no retreat.

Su Xiao slashed a ghoul by one sword strike, and a bikaku spurred to his chest.

He subconsciously wanted to avoid, but after the Agility reduced by 3 points, his was much slower.

“Ding.”

The surface of the ‘Shi’ was hit by the bikaku made a sound of gold and iron colliding,

The hole of a finger thickness appeared on the surface of the ‘Shi’, the blood invaded, Su Xiao was injured, the attack power of the eyeless ghouls was strong enough to make people fear.

Su Xiao grabbed the kagune with one hand and dragged it hard. The longsword in his right hand stabbed in front, and slashed through its brain, the eyeless ghoul died after twitching for few times.

Dozens of eyeless ghouls made Su Xiao feel the pressure.

Fortunately, these ghouls were within his ability, and there was the cooperation of Yuna, the long sword in cut incessantly, and the number of eyeless ghouls was rapidly reduced.

Seeing this scene, Yuna was relieved.

Ten minutes later, the number of eyeless ghouls was reduced to only a few.

Su Xiao’s hand which was holding the sword was trembling a little, and he was about to collapse from exhaustion.

Before, being attacked by the primitive ghouls consumed a lot of physical strength, and now he was besieged by the eyeless ghouls, he was about to reach his limit.

Lifting his sore arm, Su Xiao slashed the last eyeless ghoul, a pool of blood appeared under his feet. It was his blood.

At this time, beside him, there were limbs scattered, and the surrounding meat walls were full of blood.

“it is finally over.”

Yuna walked forward in a hurry and wanted to support Su Xiao.

“Don’t come over, they’re coming again!”

Su Xiao’s face was a bit bitter, looking up at the dark passage in front of him.

“What.”

Yuna was stunned.

“Boom, boom...”

Intensive footsteps came from the front, and it was clear that the battle was not over yet.

“Are you serious?”

Yuna’s face showed a desperate expression.

“Yu Na, can the original state of the ‘Shi’ overdraw the strength?”

The situation was so bad, but Su Xiao did not give up. As long as he did not die, there was still a chance to fight.

“Yes, but...”

Su Xiao ignored the words of Yuna and raised his left hand to press the switch of the Shi on the back his neck.

“Ka.”

Su Xiao, who wore ‘Shi’, immediately felt it began to change.

The blood-red light emerged on the surface of the ‘Shi’, and it began to be active, the armor became a red-blooded tentacle and surged forward.

‘Shi’ had changed from the original blue-black to the bright red, it was the same as ghouls’ kagune.

Puchi

With the surge of ‘Shi’, Su Xiao felt that this thing was consuming his blood and even wanted to bite his flesh.

“This thing is really fierce.”

After three seconds, the ‘Shi’s’ events ceased, and it turned back into a dark red armor.

“Hooo.”

A black and red mist spread around Su Xiao.

“Here it comes!”

Su Xiao’s voice was very dull, his eyes shined red light, and ‘Shi’ formed a helmet that only leaked his eyes.

Su Xiao’s sight turned pale red, and his physical attributes increased dramatically.

[Shi you’re wearing has been activated, the state has changed, Strength +5, Agility +5, Vitality +5, and 2% Hp is lost per second. (Temporary state, after the release of ‘Shi’, the gain or reduction state disappears.)

The significant power rushed from all over his body.

Su Xiao roughly estimated the number of ghouls in front of him, and there were probably more than 60 eyeless ghouls.

“Cover me, I am going!”

Su Xiao squatted at the ground.

“Boom.”

The soil splashed and Su Xiao became a red shadow.

Puchi! Puchi!

The light blue sword strikes were joined together, Su Xiao directly rushed into the eyeless ghouls.

At this moment, Yuna even forgot to pull her Quinque's trigger, just staring at this scene.

“Is ‘Shi’ so strong?”

Yuna shook her head, pulled the trigger, and began to support Su Xiao.

Su Xiao's sight was getting redder, his heartbeat was getting faster and faster, as he counted silently in mind.

30 seconds, 31 seconds, 32 seconds.

When the time reached 40 seconds, Su Xiao snorted, and the ‘Shi’ was no longer satisfied with swallowing his blood, and began to bite his flesh.

“He!”

Su Xiao waved the sword for the last time and killed the five eyeless ghouls in front of him.

After this attack, Su Xiao felt weak, he was unable to fight any longer.

In front of him, there were still more than a dozen eyeless ghouls.

At this time, a slim figure rushed past him and stood in front of him.

The slim figure was Yuna, who held a large sickle, the sickle rotating, and going at an eyeless ghoul that rushed to Su Xiao.

“Such hard Body, Byakuya, I need ‘Shi’.”

Su Xiao pressed the button at the back of his neck again, and Shi's activity began to decrease.

Normally, ‘Shi’ should be separated from his body, but now ‘Shi’ actually bit him.

Su Xiao put the dragon flash beside his feet and put his hands on the ‘Shi’.

“Pala, pala.”

The tentacles of ‘Shi’ were cut off by Su Xiao as he threw it down.

Throwing the surging ‘Shi’ to Yuna, Su Xiao vowed that he will never wear this kind of thing again.

In another 20 seconds, ‘Shi’ would swallow his flesh cleanly. Within 1 minute, this thing will turn him into a pile of bones.

Chapter 83

The principle of ‘Shi’ was simple. It was similar to an engine, and human flesh was fuel.

The more flesh and blood provided, the stronger the ability of the ‘Shi’ erupted.

CCG was completely crazy to invent that. It was not as simple as injury to use ‘Shi’ often, and it may even reduce the user's life.

In CCG, not only Yuna was using ‘Shi’, but Shinohara Yukinori, Kuroiwa Takeomi, and others were using ‘Shi’.

This made Su Xiao suspected that the top of CCG did not care about the life of the Investigators. From the various actions of CCG's high-level vaguely showed an attitude, that is, as long as they could expel the ghouls, the Investigators lives did not matter.

Some high-ranking Investigators may have noticed this, but they had not given up because they were fighting for the faith.

.....

After taking over the 'Shi' thrown by Su Xiao, 'Shi' climbed to Yuna's upper body.

"It's time to take a rest for a while."

Yuna pressed the light at the back neck without hesitation, and 'Shi' was activated again.

After three seconds, the strength of Yuna with a sickle was at least several times higher.

"Time to cut you, hahaha."

Yuna made a strange smile, the sickle rotated, quickly killing the remaining dozens of eyeless ghouls.

In less than 30 seconds, more than a dozen eyeless ghouls were killed.

The speed that Yuna killed the ghouls was quick, but she fell faster. The 'Shi' had begun to bite Yuna.

"Save, save me."

Yuna, who had just been madly slaughtered, was kneeling at the moment and reached out to Su Xiao for help.

Su Xiao supported the wall and walked over to Yuna, and began to strip the 'Shi' from Yuna rudely.

"Clicking, clicking."

The sound of the clothes was shattered came. Although Su Xiao succeeded in stripping out the 'Shi' from Yuna, Yuna was stripped into a little white sheep, as she was naked.

Blood ran down through her white skin, Yuna ring on her chest by one hand and her body curled up.

"Don't peek here, hurry, the number of those ghouls is at least a thousand."

Although Yuna's appearance was tempting, now was not the time to think about it, the life-related danger was coming.

"But, this is too shameful."

Yuna still curled up on the ground, covering herself using her hands.

"Being shameful or becoming a corpse, choose one."

After that, Su Xiao walked slowly, he needs to leave the 24th district as soon as possible. It was more dangerous than imagined.

"Wait, wait for me."

Yuna couldn't care about being ashamed, barely stood up, took up Quinque, and followed Su Xiao.

“Please do not look back, I am now naked, Gosh, how can I go back to the ground with this appearance.”

Yuna followed by Su Xiao with strange poses, two Quinque boxes on her hand covered in front of her body.

“Wear this.”

Su Xiao took out a set of clothes in the storage space and threw it to Yuna. Yuna put the clothes neatly in just five seconds.

“Oops.”

Yuna's footsteps suddenly stopped, and her face was a bit ugly.

“What?”

Su Xiao looked at Yuna.

“The battle was too intense, and the compass was lost.”

Losing the compass after going deep into the 24th district had the possibility of getting lost. Once they get lost, the hope of surviving was very little.

“It doesn't matter, mark it along the way, according to the map I painted, we will be able to get out soon.”

Su Xiao used the dragon flash to write a word on the ground to represent the location of the passage, and took out the hand-drawn map and marked on it.

“I don't know how's Arima. Compared to the two of you, I am really useless.”

Yuna lowered her head and followed Su Xiao.

“Arima will not die.”

Yuna looked at Su Xiao inexplicably.

“If he dies so simple, I won't help him to finish off other things.”

Through the original book, Su Xiao only had little understanding of Arima Kisho. After personal contact with him, he found that Arima Kisho was a very smart guy, and he had many secrets.

“This side.”

Su Xiao passed a corner and just wanted to move on. He found that the meat wall on the side was a bit strange.

The meat walls in other locations were connected in one piece, but there was a gap of forty centimeters wide on the meat wall in front of him.

The gap was dark, Su Xiao took out a strong light flashlight and took it inside.

The gap in the meat wall was narrow outside, wide inside. In his position, he faintly saw some dusty items inside.

Yuna probed her head.

“This is a secret room?”

“It should be.”

Su Xiao put up the dragon flash and turned sideways into the gap of the meat wall.

“What’s inside, I have claustrophobia, can’t I go in?”

Yuna, who had never been killing ghouls cruelly, was now showing a fearful look.

“Those eyeless ghouls may appear at any time. If you want to fight with them, you can stay outside, but in your current state, you are likely to become a snack.”

When Su Xiao finished speaking, he had already squeezed into the depths of the gap, and space around became wide.

Su Xiao observed the situation in the secret room by the illumination of the strong flashlight.

A musty smell among the secret room and some unknown objects were placed in the room.

Some items like wooden tables, boxes, and these things were covered by a lot of dust and could not be seen clearly.

There was a room like a lab, and it was very old. There was no electronic equipment. A dust-filled balance in the corner showed the age of the lab.

“I hate narrow places.”

Yuna entered the closet sideways and shook the dust on her head.

The reason that Su Xiao entered this secret room was helplessness. His current state was very bad and needed to rest temporarily.

There was no danger here. Otherwise, he would never enter.

He asked Yuna to put the Quinque box in the gap of the meat wall to prevent the meat wall from suddenly closing.

Even if the Quinque box could not stop the gap of the meat wall from closing, it could also grant them time to escape. That thing was very hard, especially the ‘Shi’ box, which was made of special alloy.

“This is...A lab?”

“It should be, and it’s not new.”

Su Xiao walked over to a wooden table and wiped the dust off.

“Cough,cough.”

The dust fluttered, Su Xiao had a dry cough.

“Pa.”

Glassware fell to the ground and shattered.

Su Xiao subconsciously retreated and observed the glassware on the ground.

The glassware had broken. It could be recognized from the pieces that it was broken, the inner wall was dark yellow, and there were some suspicious black spots.

“There is such a place in the 24th district, I had never seen this before.”

Yuna was curious about the surrounding.

After Su Xiao confirmed that the secret room was not dangerous, he was sitting on the wall and taking out a bandage to wrap his wounds.

Yuna’s injuries were not serious, it was a skin trauma, and now she was losing power in the after-effects of using ‘Shi’, and it could be restored after a break.

Su Xiao was heavily injured. The successive battles made him severely distracted. Before that, he was bitten by the primitive ghouls a few times, and he was finally bitten by ‘Shi’.

“Let’s take a break for a few hours, then continue.”

Su Xiao took out the food and fresh water, and casually ate some things to recover his energy, indicating to Yuna to also eat some.

Take out a [salt rice ball], Su Xiao ate two, this thing could restore 10% of Hp and could speed up his wound healing speed.

As for the more advanced [golden fried rice], Su Xiao did not use it.

Only one [Golden fried rice] was left, which was the best restorative food he got now. It became obviously precious.

Yuna sat in front of Su Xiao, adding food and fresh water, and her supplies were all lost.

After eating a [Salt rice ball], Su Xiao felt that the pain had somewhat recovered.

The idea activated the brand, Su Xiao checked his existing CCG contribution values, and the primordial ghouls that he killed before, let him get a lot of CCG contribution points.

Just now he killed hundreds of eyeless ghouls and did not know if he could get the contribution points for them.

[superior Investigator, existing contribution value: 7723/10000.]

Su Xiao barely closed his eyes, he surprisingly got more than 5,000 points of CCG contribution points in the 24th district in a short time.

There was absolutely a huge secret here, and it was closely related to CCG.

If he can explore the secrets here, then...

Su Xiao was measuring that if he explores the secrets of the 24th district now, he may have to fight with CCG, but there will be huge gains.

It was not the time now, even if he fights, it will happen after he exchanges the bottle of blue quality medicine.

Chapter 84

After taking rest for a few hours in the secret room, Su Xiao opened his eyes.

“Let’s go out.”

The secret room was not a long-term place to stay, it was only suitable for a temporary rest, this environment was too bad, it may cause wound infection.

Yuna sat on the side and didn’t know when she had leaned on Su Xiao’s shoulder and made slight snoring.

Su Xiao pushed her shoulder, and Yuna woke up and jumped.

“What’s wrong, are there ghouls?”

Yuna’s appearance was normal. If they don’t be vigilant in the 24th district, they will end up dead.

“Those ghouls have gone.”

Su Xiao got up and came to the gap in the meat wall and passed sideways.

Yuna, who was suffering from claustrophobia, hesitated for a while, eventually biting her teeth and getting into the gap.

Returning to the underground passage of the 24th district, it was already quiet.

When Su Xiao entered the 24th district for the first time, he experienced a lot of danger.

After he entered the ghouls’ world, this time should be the most dangerous experience. Before in the 14th district, it was completely easy.

Su Xiao used his hand-drawn maps to identify the direction and continued moving ahead.

He recorded every channel of the route and left a mark on it.

Su Xiao’s footsteps stopped after two hours of travel in the intricate passages.

“Why did you stop?”

“We’ve been here.”

Looking at the ground, Su Xiao put an arrow on the map.

He was now moving in the wrong direction, toward the surface, but to the depth of the 24th district.

Without a clear direction, getting lost was common.

Su Xiao was not depressed. As long as he keeps trying, with his maps and markings in the passages, he will soon be able to walk out of the 24th district.

“boom.”

A muffled sound came from the side, behind a meat wall, someone was fighting.

“This is Arima. This was the voice of the large-scale discharged electricity of the ‘Narukami.’”

Yuna cheered, it meant that Arima Kisho did not die.

Su Xiao did not make a sound. He was discerning the source of the sound. It was a good thing to be able to gather. Arima Kisho now was a teammate. If it wasn't him block the passenger, he would've already died in the 24th district.

“This way.”

Su Xiao's footsteps accelerated, from the originally fast walking into running.

Walking through the passages like a maze, Su Xiao's footsteps were getting faster and faster, as he had a general understanding of the nearby routes.

The battle sound was getting closer and closer. After a corner, Arima Kisho appeared in the distance.

At this time, Arima Kisho wasn't elegant anymore, naked upper body, white hair stained with blood, and the pair of glasses was also missing.

“Why, why don't you talk to us, is it a shame to communicate with us in your mind?”

An old ghoul with a white hair looked at Arima Kisho with sadness.

“Don't waste time to talk about this, he is not our...”

Another old ghoul just wanted to talk, but Arima Kisho raised his 'Narukami' in his hand.

“Boom, boom.”

Two electric balls were shot, but the two old ghouls were not weak and flexibly avoided them.

Arima Kisho activated 'IXA' on his left hand.

Puchi! Puchi!

A part of 'IXA' had been changed and sneaked into the ground, and at this time it broke ground and directly put two ghouls into a skewer.

“Why, why do you...”

An old ghoul unwillingly looked at Arima Kisho, and he wanted to say something, but the life of the old ghoul was quickly lost, he was already not able to speak.

Arima Kisho's mouth opened and closed, he said something silently.

In the perspective of Su Xiao, he could just see the face of Arima Kisho, and his look was surprisingly sad. Is he sad to kill the two ghouls?

Su Xiao frowned tightly

The two dead old ghouls seemed to respect Arima Kisho somewhat?

Yes, it was respect, as if Arima Kisho had been their leader before.

CCG's strongest Investigator was the leader of ghouls? This kind of thing sounded ridiculous.

"Arima."

Yuna attempted to scream, and she saw that the situation was a bit strange as well.

Arima Kisho turned around and looked at the two. At this time, Arima Kisho closed his right eye.

"You are here, this exploration is over."

The atmosphere was a bit different, Su Xiao did not say anything, he had a lot of doubts about the CCG, and how can Arima Kisho have no secrets.

His first priority was to obtain a large amount of CCG contribution points, and then exchange them with the [human genetic strengthen fluid] and [crushing fairy].

The sum of the two required 28000 points of CCG contribution.

And now was not a time of mutual suspicion, there will be danger in the 24th district, from Arima Kisho's behaviors, he didn't seem to think of betraying.

At least after Arima Kisho entered the 24th district, he had been killing ghouls, and there was no situation of selling his teammates happened.

Unless Arima Kisho wanted to betray the CCG, he would not fight with Su Xiao.

"Arima, what's wrong with those two ghouls?"

Yuna, a neurotic girl, apparently had no intentions and directly asked her doubts.

"These are friends of mine. They used to pretend to be human. I was very young at the time. I didn't find out about this. It was already a lot of years ago. I didn't expect to meet them today, with the identity of an Investigator."

There was a bitter smile on Arima Kisho face, and blood dripping from his chin.

"I got it. I have had such a friend. It was my classmate. I personally killed them."

Ghouls hid between humans, Investigators and ghouls accidentally becoming friends happened often.

The Investigator was only a profession, they usually dressed like ordinary people, and the ghouls hid and found ways to integrate into human society.

Moreover, the situation in which the Investigator and the ghouls were mistaken as friends was not uncommon.

Yuna believed what Arima Kisho was saying, after all, they had been working together for a half year, that friendship will not be affected by this incident.

Can things really be that simple? At least Su Xiao will not fully believe that, but he will not suspicion of anything. Everyone had their own secrets. Everyone who thought about digging secrets would find themselves alone in the end.

Su Xiao took the map and led the way ahead, Arima Kisho and Yuna followed behind.

In the case of losing the compass, the maps in his hands were precious.

Su Xiao recorded every channel of the route, the hand-drawn map was getting better and better, and a red arrow was getting longer and longer, which was the road to the ground.

“There are footsteps.”

Su Xiao stopped and looked at the dim passage to the front.

“Run fast, it is white Reaper.”

There were more than a dozen ghouls that had just emerged. After seeing Arima Kisho, they turned around and ran.

Those three people were just standing in the same place, the three have to avoid battle as much as they can.

In the 24th district, most of the ghouls will directly escape after seeing Arima, and will not fight at all.

This situation undoubtedly sped up the process. After an hour, Su Xiao saw the metal door at the entrance.

Arima Kisho opened the metal door. After the three people walked out, the metal door was closed and locked.

This was to prevent the ghouls in 24th district from leaving the 24th district and flowing to the ground. As for whether it was effective or not, it was not known.

Through the straight passage, the light appeared ahead of them.

It was the sunlight, Su Xiao stayed in the ground for too long.

Blinking and getting out of the channel, Su Xiao returned to the ground and returned to the human world.

Although the time to go deep into the 24th district was not long, he had a feeling of being separated from the world for a pretty long time.

Taking a deep breath, the air on the ground was exceptionally fresh, without the smell from the 24th district.

Chapter 85

At noon, the sun was shining, at the backyard of the temporary branch of the 24th district, in front of a sparkling pool.

The breeze passed by, the trees by the pool rustled, and the birds sang on the tree branches.

Su Xiao leaned on a lounge chair with a glass of orange juice and some delicate snacks.

“Byakuya, why don't you come down.”

Yuna was wearing a bikini and swimming in the pool.

“The wounds can't touch the water.”

Su Xiao was covered with a bandage on his upper body and was lying casually.

The three people had returned to the division of the 24th district for a day. Although the time spent in the derivative world was very precious, Su Xiao's injury was not light, his physical strength was exhausted, and he needed a proper rest.

“Ah, boring guy.”

She discovered that Su Xiao would not swim with her, Yuna looked at the side at Arima Kisho.

Arima Kisho wore a pair of new glasses, sitting next to the pool, with a lot of bandages on his body, holding a book in his hand, the title of the book is “The Egg of The Black Goat.”

This book was written by Takatsuki Sen. If they ignore the identity of Takatsuki Sen, Takatsuki Sen is definitely a talented woman. Every book she writes is very popular.

In the original work, Takatsuki Sen, with the identity of a novel writer, could surprisingly interview CCG's Investigators, which showed her fame.

The content of “The Egg of The Black Goat” was a female murderer who had a kid. This child had a very normal life. On the way to growth, this child had inexplicably produced a desire to kill people. After that, the child struggled between the life of a normal person and the life of a murderer.

Su Xiao just looked at it a bit and judged that this should be Takatsuki Sen's experience.

Arima Kisho was focusing on reading and sometimes nodded as if he agreed with the contents of the book.

Now the three were relaxed, you can't see the fierce appearances they had in the 24th district.

Arima Kisho was in his thirties, he was like a scholar when reading a book.

Yuna was so innocent in the pool, and no one could tell that she had a crazy appearance of holding a sickle to slash ghouls.

Su Xiao's image was a 'lazy cancer', the whole body was soft and motionless. However, the light occasionally flashed in his eyes made people feel cold.

Being idle, Su Xiao took out dragon flash, and some tools to polish it, and began maintaining dragon flash.

His movements were skillful, although he could be found people to repair the durability in the reincarnation paradise, he still cherished the sword.

The blade in his hand was the most reliable thing, dragon flash helped him escape death many times.

It was a pity that dragon flash had been unable to keep up with his pace. Su Xiao held the sword and lifted it.

The blade flashed, as it abandoned by Samurai Ryuma before. If it were not damaged, then dragon flash would be at least a blue-grade weapon.

Su Xiao also wanted to find a way to repair the dragon flash, like those magical abilities in reincarnation paradise, it could indeed be done, but the price was not what he can pay.

Among the tips given by the reincarnation paradise, the repair materials were unheard of, three of which were blue materials, and several kinds of colors were not displayed at all, the quality only showed ??

Even if he was lucky enough to get the materials, he would also look for workers in the reincarnation paradise with 'master' skills.

These kinds of workers were completely gods in the reincarnation paradise. Every time they entered the derivative world, they had a team to protect them, no one was allowed to hurt them.

It was said that those guys could forge blue quality equipment, which was rare.

Of course, this was the information given by Xi lo lo, Su Xiao had not seen it with his own eyes.

“Ahh.”

Su Xiao sighed, he used dragon flash very smoothly, and even some used to it, but in helpless, he could only change a weapon, the quality of dragon flash was only white, too low, was the lowest level of equipment quality, Even the dragon flash's rate was as high as 10 points.

After maintaining dragon flash, Su Xiao continued to hang on the chair, his Hp had recovered to more than 80%, his injuries were mostly restored, CCG had free medicines, and its effect was very good, reaching to white quality.

Of course, although the medicine was good, it could only be used for free. If he wants to take it for himself, he will need to give contribution points.

He was currently injured while in work, so he had free treatment.

After Su Xiao's two-day break in the temporary division, the injuries won't affect him in fights anymore.

.....

In an office, Arima Kisho sat behind his desk.

“That is the case. The last exploration was very effective, and the General Administration commended it.”

Su Xiao eyebrows twitched.

“What's the reward?”

“Verbal rewards.”

Su Xiao's mouth twitched, the CCG General Administration was unexpectedly stingy.

“The next exploration will be tomorrow morning. Still, the three of us, prepare for it.”

Working in the 24th district was a matter of life and death, but Su Xiao did not care, he needed to get the CCG contribution points quickly.

“Dong, dong, dong.”

When the knocking of the door came, Arima Kisho said a sentence to ask the person to come in, and the door opened.

“Arima, sorry for disturbances, Byakuya, it’s a call for you.”

A staff member of the temporary branch walked into the office and handed the phone to Su Xiao with respect.

Investigators had a high status in CCG, which was not comparable to these ordinary staff.

Su Xiao took a phone call.

“I am Byakuya.”

There was a noisy voice on the other side of the phone, and Su Xiao heard a sound like ‘the phone is answered.’

“Byakuya, I am Marude Itsuki, I have good news to tell you.”

Marude Itsuki sounded very happy with a smile in his voice.

“It’s me, what good news.”

“There was a temporary order issued. Regarding the operation of the 11th district, the higher-ups wants you to come and help here.”

At the other side of the line, Maruchizaki patted on Shinohara Yukinori ‘s shoulder.

The two did not know what method was used, they surprisingly influenced the higher-ups of the CCG.

“Oh? Is that right? That’s okay.”

Su Xiao simply agreed because the reincarnation park gave a task.

[Camp mission: cover the battle.]

Difficulty level: Lv.4.

Mission description: Assist the ‘special countermeasures team’ against the Aogiri trees and ensure their victory.

Mission Information: The CCG camp mission will not be counted in the missions evaluation.

Mission period: Until the end of the 11th district operations.

Mission reward: 10,000 contribution points.

Failure penalty: none.

.....

This camp task was not simple, but the reward was rich, he needed CCG contribution points.

With the redemption function of the temporary branch of the 24th district, Su Xiao’s contribution points in the ghouls’ world had been equal to that of the paradise coins.

Su Xiao was very eager to get the two items in the logistics department of the 24th district, and he also had lots of possibilities to get it.

Hanging up the phone, Su Xiao put the phone on the desk in front of Arima Kisho.

“It seems that I have to go out for a while, and the headquarters temporarily transferred me to the special countermeasures class.”

Arima Kisho nodded.

“No problem, the exploration of the 24th district can be postponed, but the operations in the 11th district cannot be postponed.”

Arima Kisho did not stop him but agreed directly.

Half an hour later, Su Xiao took the vehicle to the 20th district. Although it was fighting in the 11th district, the gathering point of the ‘special countermeasures class’ was in the 20th district, and the CCG branch of the 11th district had been captured. This situation was somewhat helpless.

Chapter 86

Su Xiao got off at the branch of the 20th district and wore a special battle suit from the zero team. The white coat.

The zero team must wear this battle suit when attending missions.

“Thank you.”

After thanking the driver, Su Xiao got off the car and entered the branch of the 20th district.

“Byakuya-san, Marude-sama will set up a meeting on the 12th floor, please come with me.”

A third-class Investigator had been waiting at the door.

At the door of the conference room, Su Xiao heard the unique roar of Marude Itsuki.

“What a joke, the equipment hasn’t been transferred yet? What’s going on?”

“Sorry, I will ask them to hurry up.”

“Marude-sama, these are the latest information, Aogiri tree have been assembled in the 11th district, and they are taking the initiative to fight.”

The conference room was noisy as it had become a temporary command center for the ‘special countermeasures mission’.

Su Xiao walked into the conference room, and his zero-team battle drew attention to him.

“Is this a member zero team?”

“Is the zero team also participating in this operation? I suddenly feel less nervous.”

As they whispered, Su Xiao went to Marude Itsuki.

The appearance of Marude Itsuki was awkward, his hair was messy, and his eyes were bloodshot.

“depending on the information on the 11th district, we are starting in two hours.”

Su Xiao was stunned, the time of the attack was somewhat rushed.

“So urgent?”

“We’re helpless, the bastards in the 11th district actually were actually taking the initiative to attack. Now the 9th, 10th, and 12th districts near the 11th district may be attacked at any time. We can’t sit and ignore it.”

Marude Itsuki hit the conference door with resentment and snorted.

Now the ‘special countermeasures mission’ was not ready, yet so there may be problems with this rush.

This was also why Su Xiao was transferred to the ‘special countermeasures mission’. Of course, it had to do Marude Itsuki and Shinohara Yukinori.

After all, the two were special Investigators. After joining together, the upper level of the CCG could not ignore the two people’s proposals.

There were three special Investigators in the ‘special countermeasure mission’, namely, Shinohara Yukinori, Marude Itsuki, and Iwao Kuroiwa.

Marude Itsuki was in charge of the battlefield command, Shinohara Yukinori and Iwao Kuroiwa were responsible for bringing teams to the battlefield. The two were actual combatants.

Iwao Kuroiwa was an old search officer with rich experience in fighting. He once was attacked by One-Eyed Owl twice, and he could retreat fully which showed his strength.

Like Shinohara Yukinori, Iwao Kuroiwa was also a ‘Shi’ user.

“Understood, but I have a weird feeling.”

Su Xiao put down the documents in his hand, whispering to Marude Itsuki for a few words.

After listening to Su Xiao’s words, Marude Itsuki’s face changed a little.

“This, there is no such possibility, we have to prevent it, I will pay attention to it, there are some Investigators who have such talents at CCG headquarters, I will temporarily transfer some.

Sure enough, it was true that we were looking for you. Please let’s rely on you during the battle. I want to avoid the casualties of the Investigator.”

Marude Itsuki changed his usual look and left the conference room seriously.

Su Xiao found an empty seat, sat down with relaxed and adjusted his state.

“Byakuya, you are here.”

The familiar voice came, and Su Xiao looked aside, that’s Shinohara Yukinori.

“Shinohara Yukinori-sama, how long until we start, after the end of this mission, I have to go back to the branch of the 24th district to continue exploring the underground of the 24th district.”

Su Xiao did not feel nervous; it made Shinohara Yukinori smile with bitterness.

Compared to Su Xiao, the Investigators around looked sad and nervous.

“We will start after one hour and thirty minutes, we have already started to assemble the team. What is the situation in the 24th district?”

Shinohara Yukinori sat down and wore a black battle suit.

“The periphery of the 24th district is still safe, there are a lot of ghouls inside. I suspect that there is a huge gathering point of ghouls in the center of the 24th district.”

The two chatted to kill time.

Not a long time passed, Marude Itsuki rushed back to the conference room busily.

“Shinohara Yukinori, How about the evacuation of the residents?”

Shinohara Yukinori stood up.

“Although the time is tight, it has already finished with the cooperation of the police, we can leave at any time.”

Marude Itsuki took a deep breath and picked up the phone on the side and looked at the search officers present.

“We are about going, guys!”

“Yes, sir!”

All the Investigators got up and walked out.

At the main entrance of the CCG branch, there was already a large row of cars waiting. CCG dispatched more than a thousand people this time, the cars could be described as magnificent.

Su Xiao found a car. When he just wanted to get in the car, he was shouted at by Marude Itsuki in the distance.

“Byakuya, go with me to the command car, I have something to discuss with you.”

Su Xiao walked to the front of the cars. There were a lot of people gathered here, it was very noisy.

There were leaders from various departments in Tokyo, as well as reporters from large groups of TV stations. After Marude Itsuki talked to them, he then entered the command car.

” Marude-sama, please let me know if this situation is optimistic this time.”

“Yeah, please convey some information to the citizens.”

The reporters rushed on with the 'long guns and short guns' but they were stopped by CCG staffs. Among the large group of reporters, a short and beautiful female reporter was squeezed out of the crowd because of her poor physical strength.

The female reporter looked anxious. This kind of serious news, she at least had to take a photo of Marude Itsuki, but now she didn't even see his appearance, don't even talk about taking pictures.

The female reporter stood with tears line in her eyes, and she felt that she was going to lose her job.

At this time, the female reporter found a special Investigator, the others wore a black combat suit, but the one she saw was actually wearing a white combat coat.

The reporter's keen instinct told her that this man was absolutely not ordinary and has the value of interviewing.

"Sir, please..."

The female reporter ran to Su Xiao quickly, but she was in a hurry, and her left foot stumbled on her right foot.

The female reporter bended in front of her body and the microphone in her hand seemed to be turned into a sharp sword become a pose of cutting in front.

Looking at the female reporter who rushed to the face, Su Xiao's eyes twitched and subconsciously evaded.

This person was too 'enthusiastic', did she want to insert the microphone into his mouth and interview him?

The interview with TOKYO's TV was really unique.

When the female reporter got up, Su Xiao had entered the command car, leaving a female reporter with tears.

20th district, Antique Café.

"It is not easy to sneak into the 11th district to rescue Kaneki Ken. The movement of CCG and the personnel of the Aogiri tree need to be considered.

According to the news reported, CCG dispatched thousands of people. It could be seen that CCG is going to fight with the Aogiri tree this time directly.

Even if we go to save Kaneki Ken, we will very likely be completely destroyed. "

After the store manager finished, he looked at Kirishima Toka, Fueguchi Hinami, Nishio Nishiki and so on. He said this to these three people.

The store manager did not want the three to save Kaneki Ken. He and Yomo Renji and the others already had a rescue plan.

The three were the targets of the protection from the Antique district, the store manager did not want them to be hurt.

“Hey, old man, what are you talking about, do you want to see him die?”

Nishio Nishiki was not strong, but he was not a person who is ungrateful. Kaneki Ken had helped him to save his girlfriend as a human being. Now Kaneki Ken had problems, Nishio Nishiki will not sit and ignore it.

“I am going to save him.”

Kirishima Toka said.

“I, I will go too.”

The timid voice of Fueguchi Hinami came.

The store manager sighed in mind.

“I have already understood everyone’s wishes. I have actually prepared the plan to save Kaneki Ken. I am only afraid that the three of you will be in danger.

If you want to save Kaneki Ken, you have to bet on your lives. ”

When they heard the store manager, the three people showed happy expressions.

The door was pushed, and a handsome purple man came in, that’s Shuu Tsukiyama.

“Hey.”

Nishio Nishiki’s body bowed and made a fighting posture. Shuu Tsukiyama saw that he had captured his girlfriend.

Kirishima Toka on the side was also wary.

Shuu Tsukiyama raised his arms, showing a sad expression.

“It’s really heartbreaking. My only friend, Kaneki Ken, was surprisingly taken away. How can I ignore it?

And, I have information to share with you, the CCG temporarily added a person, we generally call him, black reaper! ”

Hearing the name of the black reaper, the presence of the ghouls had changed their faces, including the store manager.

Chapter 87

The CCG’s cars passed through the road where many cars drove.

The road had been blocked, and other cars were forbidden to get on the road. Even so, the cars of the CCG were still moving slowly because there were too many vehicles.

The police opened the road in front, several helicopters passed on the air, the scene was unusually active.

At this moment, all the TV stations in Tokyo were broadcasting this scene.

“The CCG and the police cooperated with each other to attack the 11th district with an advanced amount of officers. The scene was manipulated by the special

Investigators such as Marude Itsuki, this operation dispatched several special Investigators.

This was the special Investigator Marude Itsuki's speech as follow."

Almost all the citizens of Tokyo paid attention to this scene in front of the TV and looked forward to Marude Itsuki's speech.

On the command car at the front of the car team, Marude Itsuki commanded carefully, and Su Xiao was also on the command car.

The space inside the command car was not small. The three sides of the car were equipped with dozens of screens of different sizes. This could make Marude Itsuki understand the battlefield more.

"Byakuya, help me cope with the TV stations, I don't have time now."

Marude Itsuki held a camera and asked Su Xiao to help him accept the interview.

Su Xiao's face turned black, he didn't want to be interviewed, it seemed to be very troublesome.

"This, I have not been interviewed before."

Marude Itsuki thought for a while and finally took off the Bluetooth headset.

"Do you see that white cloth, hold it up and block behind me?"

The CCG badge was printed on the white cloth, and Su Xiao pulled up the white cloth and blocked it behind Marude Itsuki.

Marude Itsuki checked his haircut, cleared his throat, and turned on the camera.

"I am MarudeItsuki, the early stage of the operation is very smooth, but..."

Marude Itsuki said till this and suddenly stopped, thinking for a while.

"99% of the residents' safety is guaranteed by our lives. The remaining 1% needs to be coordinated by all residents. I hope that everyone and us will work together to regain peace in the 11th district."

After that, Marude Itsuki turned off the camera and was relieved.

This was a live broadcast and was directly conveyed to the citizens in Tokyo.

"Hey, have you recorded it? This pose is so stupid."

"Finished, what did we talk about."

Su Xiao put down the white cloth and threw the white cloth to the side randomly.

"Talking about letting me stay..."

Hadn't finished the sentences, there was a rush shouts in the headphones next to Marude Itsuki's hand, and the sound was so loud that even Su Xiao could hear it.

"Marude, the camera didn't turn off, what are you guys doing."

Marude Itsuki was stunned and hurriedly picked up the camera, his big face appeared on thousands of TVs.

This was going live in less than one minute.

Tv stations to increase the ratings of watching by residents, the conversation between Su Xiao and Marude Itsuki was not cut off.

At this moment, the citizens of Tokyo were somewhat shocked. The CCG logo they saw was surprisingly held by a young man with a white coat.

This interesting scene made many audiences interested in.

“This stupid machine, how can it become more complicated.”

Marude Itsuki did not find the switch for a long time but found an item which was suspected to be a battery.

With a slamming sound, this expensive camera was broken.

Su Xiao clearly saw that the body of Marude Itsuki was shaking, which showed that this thing was expensive.

.....

A half hour later, CCG’s car team arrived in front of the gathering point of Aogiri tree in the 11th district.

The car team stopped, and a large group of Investigators wearing battle suits rushed out of the car and began to lay off the offensive and defensive lines in front of the gathering point of Aogiri tree.

The gathering point of Aogiri tree was actually an abandoned building.

Marude Itsuki had been busy in the command car. Su Xiao walked down from the command car and jumped on the roof of the command car. He sat on the radar antenna. It was a high place and could clearly observe the battlefield.

The sound of running and shouting were endless.

“Hurry up! We need to lay off the defensive line within one minute.”

CCG’s defensive line was very simple, that is, using a bulletproof shield to form a wall in front of the vehicle.

This type of formation had two advantages. It was convenient for taking bombs and bullets in the car. Even if they were injured, they could hide in the car. All of these cars were bulletproof, and the bulletproof level was not low.

The battle line was quickly laid out, and the CCG combat personnel had good quality, they remained quiet after laying off the battle line.

It was about 8 o’clock in the evening, the sky was already dark, and the gathering point of Aogiri tree in front was also dark.

The rotten building of Aogiri tree's gathering point, the outer wall of the building, fell off, all the windows were violently removed by ghouls.

Although it was dark, Su Xiao could feel that there were many ghouls, at least a few hundred.

Marude Itsuki did not immediately issue an attack command, as if he was waiting for something.

On the top of a building nearby, some ghouls stood, and some sat on the ground.

“It's faster than I imagine.”

Takatsuki Sen with a bandage covered her body sat on the side of the building, looking at the people of CCG below.

“Ah.”

Tatara responded and turned to look at the people behind him. These were the cadres of Aogiri tree. He began to issue combat orders.

After explaining the specific tasks, Takatsuki Sen and Tatara left.

“do we have no problem this time, I saw that guy.”

There was only Tatara beside Takatsuki Sen who didn't use fake sounds. Tatara did not speak much, and he was also somewhat worried.

In Aogiri tree, Tatara and Marude Itsuki were somewhat similar, they were both battlefield commanders.

“Even if he is strong, he will still have limits. We at most lose most of our subordinates. As long as we can weaken the power of CCG, it will be worth.

Now the intentions of the CCG executives are obvious, we have destroyed the 'balance,' so they have to destroy us. ”

Tatara said to the end, he became somewhat aggressive.

Takatsuki Sen looked up at the sky, There was some helplessness and resentment in her eyes.

She was resentful to the unfair world and felt hopeless to live in this world.

“One day, I will make it, so ghouls don't have to hide in the dark underground. Certainly, I swear.”

Takatsuki Sen remembered her childhood. In the airy underground world, she spent her childhood until she reached the ground when she was fourteen years old. She picked up a pen and wrote a novel. In the same year, she formed the Aogiri tree.

.....

After waiting for people in CCG for a long time, Marude Itsuki received the order from the headquarters.

“Prepare to launch the light bombs and fire at them after launching the light bombs.”

With the command of Marude Itsuki, a light bomb was fired and flew to the sky obliquely.

Like the strong light of the sun shining around, and illuminated the gathering point of Aogiri tree.

In the two rows of windows at the height of the gathering point of Aogiritree, some ghouls with red robes were holding the rifles in their hands.

“Open fire!”

“Open fire!”

CCG and the ghouls ordered almost at the same time.

“Boom, boom, boom...”

Bullets bounced around the battlefield.

Su Xiao jumped from the roof of the car as he didn't want to be a target.

The situation was different from the imagination. Although CCG's equipment was more sophisticated, ghouls' protection was better. Koukaku was a natural bulletproof shield.

The battle reached the climax at the beginning, and both sides took out the strongest firepower in an attempt to destroy each other.

Su Xiao hid behind the tall, bulletproof shield, had a cigarette on his mouth, and he did not even take the gun in his hand.

Now, it was not the time for him to attack, there were more important things waiting for him.

If things go well, after this, he can redeem the bottle of [human genetic enhancement fluid].

Chapter 88

CCG and ghouls started shooting each other in the distance.

The ghouls in the gathering points of Aogiri tree were obviously more advantageous, their kagune were all shield-shaped. There were small holes in the kagune shield which did not affect the shooting, but also defended bullets.

The casualties of CCG began to expand. The two sides opened fire, and in less than five minutes, there were dozens of combatants were killed and injured.

Marude Itsuki in the command car saw this scene through the display screen, he looked somewhat unpleasant.

“How could we not dominate on the shooting?”

The adjutant on the side replied quickly.

“The enemy has kagune shields, it is very difficult to get rid of.”

Marude Itsuki snorted, got up and walked out from command car.

“Boom.”

Marude Itsuki kicked to open the back door of the car and didn't care about the bullets and fire in the surrounding area. He took a gun from the Investigator's hand and directly shoot for few times at the direction of Aogiri tree.

“Boom, boom, boom...”

There were three shots of bullets per time made by Marude Itsuki, one ghoul from the gathering point of Aogiri tree was killed.

This horrible way of shooting made those ghouls stay back behind the shields, the firepower was obviously weakened.

“Guys, let...”

When Marude Itsuki just wanted to shout, he heard a familiar sound came from afar.

Marude Itsuki was stilted to turn his head and looked at the direction that the sound came.

Juzo Suzuya was riding on a new motorcycle and stepping on the throttle.

“Hey, what do you want to do with my motorcycle.”

Marude Itsuki's tone showed how much he was worried.

Juzo Suzuya smiled pleasantly, and his eyes were laughing.

“Borrowing it.”

After that, Juzo Suzuya this angel with a screw loose rushed out.

“Stop!!”

Juzo Suzuya did not pay attention to the mourning of MarudeItsuki, riding a motorcycle to the gathering point of Aogiri tree.

“Hey, that, wait!!”

Marude Itsuki was too worried to talk normally, and his face was distorted. Su Xiao stood on the side, he could see tears in Marude Itsuki's eyes.

Su Xiao was very confused. Why did Marude Itsukitake have a motorcycle when he was doing the task? Was it for an emergency? It was not impossible knowing the character of Marude Itsuki.

Juzo Suzuya rode a motorcycle and rushed to a high slope.

“Boom!”

An explosion came, Marude Itsuki's motorcycle was sacrificed, Juzo Suzuya rushed to the gathering point of Aogiri tree habitually. After shooting for a while, the firepower points in the gathering point were all emptied.

The wreckage of the motorcycle was splashed, Su Xiao clearly saw that Marude Itsuki's tears that could not stop flowing.

“My limited motorcycle disappeared from the world.”

Marude Itsuki moved his nose and licked the tears on his face.

Although Juzo Suzuya ruined his motorcycle, it also opened the defense of the outer layer of Aogiri tree.

“Raid!”

After the angry screaming, Marude Itsuki lost all his power and fell to the ground.

A large group of people from CCG rushed into the gathering point of Aogiri tree.

“Marude Itsuki, I will go to the assigned location first.”

Su Xiao walked by Marude Itsuki.

Marude Itsuki, who already fell to the ground, raised his head and looked at Su Xiao.

“The back depends on you, don’t let ghouls escape. I have already arranged the team of bombs disposal that you said before. Now I am looking for possible explosives which may appear.”

Before the departure, Su Xiao had mentioned to Marude Itsuki that a large number of explosives might be buried in the gathering point of Aogiri tree. After making people of CCG into the gathering point, the ghouls of Aogiri tree will retreat from the back door and then fired the bombs.

After listening to Su Xiao’s “guessing”, Marude Itsuki did not think too much and applied for the team of bomb disposal to the headquarters.

As a battlefield commander, Marude Itsuki needed to pay attention to any possible dangers, not to mention this very feasible plan.

The Aogiri tree did bury bombs in the original book. Su Xiao knew this. The contractors of the ghouls camp could also guess that the thing of buried bombs was exposed.

In addition to the threat of bombs, the two sides will fight by strengths, they will compare their respective skills to decide who lose or win.

Su Xiao walked slowly into the gathering point of Aogiri tree. He did not go to the upper layer full of ghouls but came to the front of the back door of gathering point of Aogiri tree.

He was here to wait for the ghouls of Aogiri tree to retreat.

The night wind blew, and there was bloody smell on the air. The sound of gunshots and screams in the gathering point were connected, but the position of the back door was quiet.

Su Xiao jumped on a three-meter cement pillar and sat silently waiting.

With his current strength attribute, three meters high was just a piece of cake, but the meaning of a piece of cake was a bit too pretentious, only medium difficulty.

The back door will not have too many ghouls temporary, and the surrounding area was quiet.

There were faint footsteps coming from the door.

“Oh, I seem to meet a tough enemy.”

A ghoul in a pink blouse with gold-rimmed sunglasses on his head walked out of the dark. The person dressed up not like men or women, he walked arrogantly, looking like a demon.

“I didn’t expect to have a harvest.”

Su Xiao jumped from the beam, moving his shoulders, holding dragon flash while walking to the person.

“If I remember correctly, you should be called Nico, SS class ghoul, clown member.”

When Nico heard Su Xiao’s words, Nico’s face changed, the relaxed look disappeared.

“You surprisingly know me, I originally didn’t want to fight with you, but now I can only kill you.”

Nico’s red eye emerged, and there was a kagune at the end of his spine, and RKnkaku.

According to the information from the original book, Nico was not weak. Although he was assigned as SS-class by CCG, the strength was not so simple as the SS-class.

This guy’s resilience was very abnormal. He was once pierced by gecko with one hand, but he was able to recover very quickly.

Nico slammed the high heels on his feet and rushed to Su Xiao.

Su Xiao put dragon flash across in front of him and stared at Nico.

After a few steps to rum in front of Su Xiao, Nico kicked Su Xiao’s head. Su Xiao escaped the attack from the side and turned back to kick to Nico’s belly.

Su Xiao did not use his sword as he used it to defend Nico’s kagune.

Except for very few ghouls, most ghouls’ close fight ability was weak.

In order to fight with ghouls, it was necessary to focus on the prevention of ghouls’ Kagune.

The fact was true. After kicking by Su Xiao, he stepped back by two steps, Nico’s Kagune took a roll and pulled to Su Xiao’s neck.

Holding dragon flash by both hands, Su Xiao took a deep breath and tried his best to cut Nico’s Kagune.

Puchi!

Nico’s Kagune was directly broken, and most of Kagune flew out of the distance.

“Ah,” Nico screamed, his expression looked like he was almost climaxing.

“This is really, so comfortable!”

Nico didn’t look like he was hurt, but he rushed to Su Xiao and didn’t care about the pain.

Su Xiao did not pay attention to Nico’s weird screams, he held dragon flash to cut Nico twice.

Puchi! Puchi

Nico's arm and the majority of his shoulders were cut, but Su Xiao frowned tightly. He felt something weird as if he was cutting liquid.

Nico stepped back for two steps, the broken Kagune had recovered and rolled entangling the broken arm and the majority of the shoulder on the air.

The broken arm and the shoulder were put on the wound, the dark red liquid surged, and Nico's injuries recovered.

Nico's resilience was surprisingly not worse than the wild metamorphosis.

"Come again."

Su Xiao's eyes were drooping, the ordinary attack could not hurt Nico.

A light blue arc appeared on the surface of the dragon flash, Qin Gang Yin was activated.

Since the ordinary attack could not hurt the enemy, then he will burn the enemy's energy by the true damage to defeat him.

Chapter 89

"Ga, ga."

A group of crows dancing and flying in the night sky, maybe they were little tired, as they landed on a pole that was mostly broken.

When the crow just landed, a loud sound came from below, the power pole broke, and a large piece of dust rose, the crows screamed and flew away.

"Cough, cough."

A person with rotten cloth and bloody faces got up on the ground.

"I said, this kind of attack and pain has no effect on me."

Nico licked the blood on his hand, he was covered with sword scars all over his body, and his entire face was evenly split in half.

If it was another ghoul, with this kind of injury he would have already died, but Nico didn't care, his face was full of smiles.

If looked closely at the injuries that Nico had, it could be seen that they were only a small amount of bleeding, and Nico had no muscles on his body, full of body tissues were similar to the transformation of kagune.

Didn't know when the kagune behind Nico had disappeared, It was integrated into his body.

"Such a weird body structure."

Su Xiao walked out from the back door, and the moonlight shone on him. Some blood could be seen on his body. It was not his blood.

After opening the Qing Gang Yin, dragon flash in Su Xiao's hands flashed out. In the night, the dragon flash was like a long sword composed of lightning, emitting blue light.

The effect of Qing Gang Yin on Nico was not obvious, the real damage was effective, but the injuries were completely ineffective.

The shemale in front of him was a super M, he did not care about the pain, or this guy will be more excited when he got more pains?

The sword scars on Nico were all true damage effects, and ordinary attacks were invalid.

Su Xiao seriously suspected that Nico's strength was much higher than the SS level, he was very likely an SS+ to SSS class ghoul.

If it's about resilience, then Nico is even stronger than Takatsuki Sen.

As for the attack power, Nico's weak punches could not hurt Su Xiao.

The current situation was that Su Xiao could not let Nico leave, while Nico could not hurt Su Xiao, and as for escaping, Nico could not escape as Su Xiao was too fast.

“What's wrong? Handsome guy, do you want to continue to fight? I have no problem with that.”

Nico smiled weirdly as if he was eager to be hurt by Su Xiao.

Su Xiao's lips were close, and the cold light appeared in his eyes.

With his body lowered, Su Xiao rushed to Nico, no more than five steps, he just rushed to the front of Nico.

Nico punched Su Xiao randomly, Nico's resilience was terrible, but his strength and speed were average.

Su Xiao stopped his footsteps and avoided the punch. Nico was full of opening. Su Xiao lifted his knee and slammed into Nico's crotch.

“Pala.” The shattering sound which may make people feel cold came from.

Nico made a strange scream, the pain in the balls wasn't something that an M could recover from.

Nico's balls were broken now, although it could be restored, he was also hurt as his sight turned black.

“Ahhhhh!”

A cry like a wolf, spread within a radius of half a kilometer.

Nico's body subconsciously bent forward, Su Xiao rushed to the left side of Nico and kicked on Nico's calf.

The calf was unnaturally twisted to the side. Su Xiao held the dragon flash and pierced into Nico's spine and limited Nico's actions.

Taking this opportunity, Su Xiao grabbed Nico's chin with his left hand, and his right hand on the top of Nico's head put all his power by both hands.

“Kaba.”

Nicole's head turned into a hundred and eighty degrees and squatted, the chin was on the top.

Su Xiao took the handle of dragon flash and took his sword to retreat. He looked at Nico in the not far distance.

The lower body was cut, the calf was severely fractured, the spine was pierced, and the head was rotated 180 degrees.

If Nico doesn't die, then Su Xiao will not have any ways to kill him.

As for cutting off Nico's head, Su Xiao had tried, and there was no feeling of cutting on the specific item. The blade was like to cut a pool of water.

Nico's body started to twitch, his both eyes were white.

"This really makes me feel so comfortable! Hahaha."

Obviously, Nico didn't die, Su Xiao looked at Nico speechless.

This guy's life value was still 86%, he only received true damage, ordinary attacks were invalid.

Su Xiao put away dragon flash and put it on the waist, turned around and walked inside the back door.

Fighting with Nico, this shemale was wasting time and energy.

It should take a long time for him to kill Nico. After he killed Nico, the battle between CCG and Aogiri tree will be over.

If the CCG side is defeated, his 10,000 contribution points will be a dream, and the bottle of blue-quality medication will not know how long it will take to get enough contribution points.

There will be battles later, it was unwise to consume too much energy now.

After Su Xiao left, Nico's body gradually returned to his original state.

"He was a terrible guy to be able to hurt me to this extent."

The smile on Nico's face disappeared. After hesitating for a while, he walked out into the distance. He has this ability to survive, but it isn't without a price.

To get this stubborn survivability, he needs to sacrifice a lot of things.

This was the fusion of kagune and his body. After the integration, he will lose many years from his life, his fertility will be lost, and will lose control while eating.

When Nico was eating, no one dared to approach, this was as same as Noro of Aogiri tree.

As long as people close to him, they will be attacked madly. Even if they are a close friend.

....

Su Xiao just entered the back door, and a group of ghouls with red robes ran out. These were members of Aogiri tree.

The number was about twenty, it seemed that they were successfully attracted CCG, and ghouls began to retreat.

Unfortunately, someone blocked their road.

“Who is this guy?”

Su Xiao stood in the darkness, those ghouls could only see the white coat faintly.

“Anyways, he is a human, and he does not have a Quinke, kill him.”

Aogiri tree’s ghouls rushed at Su Xiao without saying anything, but they didn’t know that they were rushing to die.

Fighting with Nico previously made Su Xiao feel a little annoyed, no one would like to fight with an undead.

Dragon flash was taken out, and the sword light turned into a thin silver line.

Puchi! Puchi!

Many ghouls had been intertwined with Su Xiao, only one round, five of them had fallen while full of blood.

The ghouls were so scared and looked at Su Xiao with trepidation.

Moonlight shone on Su Xiao’s upper body. He was stained with a few drops of blood on his cheeks and appeared in the sight of many ghouls.

“This guy is.”

An A-class ghoul’s teeth trembled as if he was in the Arctic snowfield, and the whole body was cold.

“Run, or we will die.”

The ghouls lost any thought to fight as they started to run away.

But under Su Xiao’s 13 points of agility attribute, they did not have the possibility to escape.

Three minutes later, a blood-filled arm trembled out of the back door, and the moonlight shone on his arm.

“Save...”

With a Puchi, a long sword pierced the head and blood dripped down the tip.

Pulling the sword and waving the blood off dragon flash, Su Xiao continued to guard the back door.

During the fight between CCG and Aogiri tree, killing ghouls had an additional contribution points bonus.

Each time he killed a ghoul, he could get 20 CCG contribution points.

Su Xiao was like an iron wall, which cut off the important escape route of the ghouls.

More of the ghouls of Aogiri tree tried retreat only to be blocked by Su Xiao. And they couldn’t escape in large groups, if they escape together, it will alert CCG .

There were at least more than a dozen, and at most 30, the ghouls of Aogiri tree were like sheep going to the back door to die from time to time.

A half hour later, a large number of bodies appeared near the back door.

Chapter 90

After repeated battles, Su Xiao felt somewhat tired and jumped on the concrete poll to rest temporarily. At a high place, the chances of being discovered could be reduced to prevent sneak attacks.

Wiping the blood on his hand, Su Xiao lit a cigarette, sitting on a three-meter-high poll suspended with a long knife in his hand.

In less than five minutes, and the rapid footsteps came, the ghouls of Aogiri tree came again.

Su Xiao sighed helplessly and jumped off.

“We won’t be able to pass from here.”

After that, Su Xiao rushed to those ghouls who were terrified.

.....

Below the gathering point of Aogiri tree, three people were hidden. They were the store manager Yoshimura Kuzen in the Antique district, Kaya Irimi, and the cute little girl Fueguchi Hinami.

“Kaya Irimi, what about CCG’s movements.”

The store manager spoke, and he was wearing Aogiri tree’s clothes.

“CCG is divided into four teams, three teams are offensive, one team is responsible for blocking the back, the team for blocking the back ..., no, that is not a team, it is just a person.

The man blocked the back door. So far, only one member of Aogiritree passed the back door, others were demolished.

The current situation was the CCG on the upper hand.”

After listening to Kaya Irimi’s answer, the store manager was silent for a while.

“A person guards the back door, is the person a human?”

Kaya Irimi looked at the store manager with surprise.

“Of course he is human, how can a ghoul in CCG.”

The store manager smiled bitterly, of course, there were some ghouls in CCG, but there were some things he could not say, those things were too dangerous.

“If it is human, it may only be two people. It seems that there is a ‘reaper’, I don’t know if he is black or white.

There is still a space for negotiation with white, but we can only fight with our full strength with black.”

The store manager got up, and his red eyes appeared.

“There is no way, I need to help Kirishima Toka get some time. Kaya Irimi, you leave with Fueguchi Hinami, and inform Kirishima Toka by the way, if you can't save Kaneki Ken within ten minutes, just be ready to retreat.”

Watching the store manager walk-in the distance, Kaya Irimi's lips opened and closed, it seemed she wanted to say something, but she did not know how to say.

“Kaya-nee, will the store manager face danger?”

Fueguchi Hinami's small face was bitter and looked worriedly at the store manager who walked away.

“No, the store manager is very strong.”

Kaya Irimi touched Fueguchi Hinami's head and forcibly smiled.

In the CCG, the name of reaper represented the person could expel the SSS class ghouls alone. How can Kaya Irimi not worry about the safety of the store manager?

If it weren't for the manager, Kaya Irimi would still be like a crazy 'wild dog', she hunted humans around, the store manager redeemed her from being a ghoul living by instinct to be a 'person'.

Kaya Irimi was more worried about the store manager who didn't fresh human flesh for a long time, resulting in a decrease in the concentration of Rc cells in his body.

” Hinami is really scared, there seems to be a very dangerous person there.”

Fueguchi Hinami's thin fingers were pointing in one direction, where Su Xiao stayed.

.....

At this time, the front main battlefield was aggressive, CCG's Investigators and ghouls of Aogiri tree were fighting forcibly in this rotten building.

In a dirty hallway filled with trash, Amon Kotaro held two long-handled knives and gasped heavily.

Two bodies were lying in front of him, S-class ghouls.

“Mado-san, you are right, don't give up until the last moment. I will never die until I avenge you.”

After Amon was ready to take a break, when he was ready to gather with a large team, he suddenly heard a strange sound.

Looking up, Amon saw a black shadow flying over the window, straight to the top of the building, the black shadow looked faintly like a human, abnormally tall, at least three to five meters.

“What is this?”

Amon suddenly had a bad feeling.

.....

After the hard battles of the large team of CCG,

Finally, most of the ghouls of Aogiri trees were eliminated.

This made CCG's Investigators looked somewhat proud. Under the leadership of two special Investigators, Shinohara Yukinori and Kuroiwa Takeomi, CCG's large team rushed to the top of the building.

According to the previous thermal induction observation, the rooftop gathered a large number of ghouls.

After Shinohara Yukinori brought his teams to the rooftop, the rooftop was empty, and there was no ghoul.

“This is Shinohara, we arrive at the top of the building, but those guys of the Aogiri tree aren't here, I feel that there is something strange.”

Shinohara Yukinori reported the situation to Marude Itsuki.

Marude Itsuki in the command car smiled. He had received a report before, they found many hidden explosive points in the gathering place of Aogiri tree. Now those explosive points had been removed.

“This is the ‘small cleverness’ played by the guys in Aogiri tree. Just forget it, ready to withdraw. This time is not a full-scale war, it's just a bait those guys put.”

Marude Itsuki explained the situation to Shinohara Yukinorithrough Bluetooth headset.

This was also the truth, Aogiri tree was not prepared to fight with CCG.

To be exact, Aogiri tree does not have the power to fight with CCG. CCG was far less simple than it was now.

“Then withdraw, we killed a lot of ghouls this time, and more importantly, we regained the 11th district.”

Shinohara Yukinori looked pleasant when he talked about that.

“Mr. Yukinori.”

Amon Kotaro did not know when to come to the top of the building.

“Amon, you are fine.”

Shinohara Yukinori looked at Amon Kotaro with concern, it seemed that the relationship between the two was good.

“Mr. Shinohara, I just saw it...”

“Boom!”

When Amon Kotaro was talking, a huge sound came, a huge thing hit on the roof.

“What?”

Shinohara Yukinori and others looked at the sound source.

“What happened?”

Marude Itsuki in the command car saw the ‘object’ fell on the roof through the display screen.

After Marude Itsuki asked, there was a long silence.

“Marude, that guy, Eto Yoshimura.”

Sugawara Yuki’s voice was low.

Through the green screen in front of him, Marude Itsuki also saw the scene of the rooftop.

Marude Itsuki changed his usual reckless look, and one hand pressed on the earphones, and the eyes were extremely cold.

“Shinohara Yukinori, only let those strong people stay. Even if others waste their lives, they will not be able to gain some time.

With the least number of people, help me fight for five minutes. ”

Marude Itsuki immediately switched channels and contacted with Su Xiao.

“Byakuya, are you still at the back door.”

The sound in the headphones was very noisy.

“Yes, but I am very busy right now.”

Su Xiao escaped a kagune which was going at him and killed the owner of kagune by one sword strike.

“Don’t care about the back door anymore. The roof needs support, Eto Yoshimura appeared. Now Shinohara Yukinori and other people are preparing to meet the enemy. They may not be able to fight with him.”

Su Xiao’s figure, which was fighting with more than a dozen ghouls, suddenly stopped.

These ghouls with horrified expressions looked at Su Xiao, their bodies kept tremble, some of the ghouls that were cut off from the limbs, lying on the ground and mourning.

“Understand, I will rush to the top of the building as soon as possible.”

“Please.”

At the end of the call, Su Xiao took over a piece of cloth and wiped dragon flash.

“Disappear from my sight within ten seconds.”

When they heard Su Xiao’s words, the dozens of ghouls instantly fled away. They had more than 30 companions originally, and now there were only 14 ghouls left.

After Su Xiao confirmed the direction, he began to move toward the top of the building.
