### Chapter 161: A Lousy A6 Can Make You This Crazy?

Zhou Huaijiang was dumbfounded by the scolding. Previously, when he ordered take-out or called for an errand, he would always ask them to throw away the trash.

But now, they actually cursed at him?

Who gave him the courage to do this?!

“You f\*cking wait. If I don’t file a complaint against you, my surname won’t be Zhou!”

“You can have as many last names as you want. You can even take my last name if you want.”

Lin Yi turned around and left after finishing his sentence. He didn’t want to entertain Zhou Huaijiang at all.

He walked to the door and saw a delivery guy with two bags of trash in his hands. He threw them into the trash can and picked up his phone to make a call.

“Hello, Ma’am. I’ve thrown out the trash for you. Please give me a five-star review. Thank you.”

“Okay, okay, okay, thank you.”

Lin Yi didn’t walk very fast. He looked around again and saw three delivery guys coming out one after another, two of them carrying trash.

They must have been taking out the trash for the customer.

There was also the weirdest one, a delivery guy carrying not only food but also more than ten packages.

If he wasn’t were not wearing a uniform, Lin Yi would have thought that he was a food delivery person.

Lin Yi wasn’t feeling too good about this scene.

Life was not easy, it was too difficult.

Just as Lin Yi was about to leave, he saw a man in a uniform carrying a broken table as he walked toward the bin with great difficulty.

Lin Yi didn’t stay idle as he ran over to help.

“Don’t worry, I’ll help you carry it.”

“Thanks, Bro.”

Lin Yi’s appearance saved the delivery guy a lot of trouble.

Panting, Lin Yi threw the table near the trash can and the two of them sat down on the steps to rest.

“Thanks, Bro, but I’m so fucking tired,” the delivery guy said as he pulled out two cigarettes. “Have one.”

“It’s not a big deal, there’s no need to thank me,” Lin Yi said with a smile as he took the cigarette.

Lin Yi had quit smoking after graduating from university. He would only smoke a few cigarettes when he was in an extreme situation like during the previous night.

However, Lin Yi was too embarrassed to refuse the cigarette as he was afraid of hurting the delivery guy’s pride.

“It’s too hard to do deliveries,” the delivery guy said. “Sometimes, I can’t even tell if I’m a garbage man or a delivery guy.”

“Why don’t you just reject them?”

“If you reject a customer, they’ll give you a bad review. Once the platform fines you, half a day’s work will be wasted. It’s so f\*cking hard to do this job,” the delivery guy said.

“Usually, people like us stay far away from people like you. There are too few landlords like you who take the initiative to help.”

Lin Yi chuckled. “Actually, I’m not a landlord. I’m just an errand boy. We’re pretty much the same.”

“No way, why aren’t you wearing your uniform then? Aren’t you afraid of getting fined?” The delivery guy said. “You’re so handsome, it’d be a waste for you to come out and run errands. You can just hook up with any rich lady and you’ll be able to live happily ever after.”

“Everyone has their own aspirations,” Lin Yi said with a smile.

“F\*ck, you’re still here!”

As the two were chatting, Lin Yi turned back to look at the yelling coming from not too far away.

He realized that the person who was talking was his previous customer, and he had two bags of trash in his hands.

“What? You want something from me?”

“Nothing. I just wanted to warn you that your five stars are gone, and I’m going to call in to complain. You can forget about this job.”

“Feel free,” Lin Yi said indifferently.

The delivery guy was stunned. “What happened to you, Bro?”

“He told me to take out the trash after I delivered the order. I didn’t pay him any attention, so he got angry out of humiliation.”

“That’s it?” The delivery guy stood up and said to Zhou Huaijiang,

“Sir, please calm down. It’s just two bags of trash. Don’t lower yourself to my friend’s level. If you call in with a complaint then we’ll have wasted our whole day. It’s obvious that you’re a kind person, so why lower yourself to our level?”

The delivery guy wanted to help Lin Yi out because Lin Yi had helped him earlier.

“Get lost, the trash can is right in front of me. Do I need you to throw it away?” Huaijiang cursed.

“This...”

The delivery guy didn't say anything after being scolded. He was angry, but there was nothing he could do. This was the money he earned, and he was indeed inferior in this situation.

“Alright, don't lower yourself to this kind of idiot,” Lin Yi said.

“Who are you calling an idiot?”

“I'm talking to you. Don't you have functioning ears? Do you want me to say it again?”

Hearing the arguments on both sides, the people around stopped to watch the commotion.

This was the first time they saw a delivery guy who went against the customer. Did he not want to work anymore?

“I know this person. His family seems to be quite rich. He seems to drive an Audi A6. He's a person of status.”

“Then this kid is finished. I reckon he will be toyed with to death.”

“These people really don't realize their status. They don't have any self-awareness at all.”

Zhou Huaijiang was so angry that he spun around on the spot. “A f\*cking errand boy. Who gave you the confidence to act so awesome? Let me tell you, I will not let this matter go so easily!”

“Then who gave you the confidence to act so awesome?”

“Aren't you afraid to find out? I'm the sales manager of Zhonghai Ruijia Petrochemical Company.”

As he spoke, Zhou Huaijiang took out his car keys and lit up the headlights of an Audi A6 parked not too far away.

“I earn 500,000 a year and drive the latest Audi A6. That's where my confidence comes from. How can you compare to me?!”

The delivery guy stood up and pulled Lin Yi back when he saw Zhou Huaijiang's Audi A6.

“Bro, calm down, that car isn't cheap. We can't afford to offend him. If you still want to eat, you better apologize to him, otherwise, there'll be no room for redemption at all.”

“Redemption? Why do you want to redeem yourself? There's no need to bother with a guy like that.”

“But we can't beat him. If he complains, you won't be able to do anything.”

“Haha, you know your place, Brother.” Huaijiang laughed.

“I won't make things difficult for you. I don't want people to say that I'm a bully. You just have to bow to me and apologize, and I won't hold it against you. I'll even give you a five-star rating.”

“A lousy Audi A6, and you're acting so arrogant?” Lin Yi laughed.

“Haha...”

Lin Yi's words made everyone burst out laughing.

"What's wrong with this kid? He's just an errand boy, how could he look down on someone who drives an A6?"

"I was wondering the same thing. Could he be the legendary keyboard warrior? But why is he also doing this in real life?"

"He's probably a newbie. After receiving a few bad reviews and complaints, he'll know who's the boss and who's the grandson."

"He's just an errand boy who hasn't been beaten up by society. What's the point of being cocky?"

Huaijiang fiddled with the car keys in his hand. "I'd really like to know what you're so cocky about. How dare you look down on my Audi A6?"

Lin Yi took out the car keys, and the Koenigsegg headlights lit up as the car door opened.

"That's where my confidence comes from."

### **Chapter 162: The Second Generation Rich Play Multiplayer**

"Then, that Koenigsegg is yours?"

"That's right, the Koenigsegg RS. I spent more than 30 million on it. It's enough to buy 60 Audi A6s," Lin Yi said lightly.

"What the f\*ck, it's a Koenigsegg RS worth 30 million!"

Zhou Huaijiang and the spectators were stunned.

It was hard to tell the difference between reality and illusions at this moment.

An errand boy actually took out a Koenigsegg car key?

What the f\*ck was going on?!

He was in a mess!

"Does this count as suitable confidence?"

Huaijiang's face alternated between red and white, feeling extremely embarrassed.

His face had been slapped.

The delivery man stared at Lin Yi's car key without blinking.

Who the hell was this rich kid undercover for?

"You, you're already so rich, so why are you still running errands?" Zhou Huaijiang asked, trembling.

"Can't I experience life?"

“Yes, you can... ...”

Zhou Huaijiang’s face turned green. He had a rich kid running errands for him in a 30-million-dollar car?!

This was enough to make him reach the peak of his life.

He’d have the capital to brag for the rest of his life if he had this.

“You are the sales manager of Ruijia Petrochemical Company, right?” Lin Yi asked with a smile.

“What, what’s wrong... ...”

“You’d better pray in your heart that I don’t have any connections in this area, or you’ll have to find another job.”

He didn’t know anyone at Ruijia Petrochemical Company, but with the Qin family’s connections in Zhong Hai, it shouldn’t be difficult to contact their boss.

“No, no, no, Brother, let’s talk this out. You’re such a big shot, don’t bother with me,” Zhou Huaijiang apologized.

“I’m too busy to recognize you, brother.”

Lin Yi patted the dust off his butt. “Good luck.”

Under everyone’s gaze, Lin Yi turned around and left.

The sound of Koenigsegg’s roar pulled everyone back to the present world.

It was as if to remind them that everything that had just happened was real.

That super-rich second generation was really here to experience life.

Not long after they left, Lin Yi’s phone rang. It was a complaint message and a bad review from the app.

Lin Yi smiled. That person must have lost his temper and gave the bad review to vent his anger.

Lin Yi didn’t think much of it and put his phone back into his pocket. At most, he would just run one more case, and it would just waste some time.

In the afternoon, Lin Yi took on six jobs, but only received two five-star reviews.

Unfortunately, all six of them were male clients, and his looks didn’t help at all.

He even got a complaint from Zhou Huaijiang,

Other than the two good reviews, the rest of the clients all thought that Lin Yi’s purchases were a little more expensive than they’d expected, so they gave him a bad review.

This made Lin Yi complain that these people were too difficult to please.

For this reason, the probability of receiving a five-star review wasn’t high.

He glanced at the system page and saw that the mission progress had reached (6/10) , and it was already past four o’clock. Thus, it would be a little difficult to complete ten five-star reviews today.

“You have a new order, please check it carefully.”

He looked at the system order and saw that it was a request for him to buy medicine.

Moreover, the medicine he was supposed to buy was interesting. It was birth control!

He reckoned that there would be a big battle when he sent the medicine over.

Ring, Ring, Ring...

Just as Lin Yi was about to start working, his phone in his pocket rang. It was a call from Ji Qingyan.

“Mr. Lin, I haven’t finished my work yet.” Ji Qingyan said with a smile over the phone.

“I just took on a job. I’m getting ready to work.”

“It’s already four o’clock, why are you still working?”

“I can’t help it. I have to support my family in order to survive.”

“Tsk, if you still have to support your family, the rest of us truly won’t be able to survive,” Ji Qingyan said.

“Didn’t you say that you would go to my house today and cook for me? You won’t forget, right?”

“Don’t worry, I remember everything,” Lin Yi said with a smile. “I’ll pick you up after I take on this job.”

“Alright then, I’ll come over after I finish this job. Then we’ll go to the supermarket. My fridge is empty.”

“Alright, wait for me at the company.”

After chatting with Ji Qingyan for a while, Lin Yi hung up the phone and prepared to start working.

Lin Yi was quite willing to take on a job like buying medicine because the price was fixed. There wouldn’t be too much of a problem when it came to this.

Soon, Lin Yi drove to a relatively large pharmacy nearby.

The staff in the store all looked up when they heard the sound of Koenigsegg’s roar.

“Look, there’s a supercar outside!”

“This car is too cool, what brand is it?”

“I really don’t know. I think it’ll cost at least a few million, maybe even more than ten million.”

“Don’t look at the car first. Look at the young brother driving the car. He’s even more handsome than the car.”

“Look at his posture. He seems to be buying medicine in the shop. Don’t fight with me. Let me receive him later.”

“Can you not be so infatuated?” The middle-aged female store manager said.

“People like him are obviously rich second generation, and you three ancestors are poor peasants. You don’t deserve him at all. Stop dreaming. Just work honestly.”

“Li Sis, we’re just dreaming. Don’t throw cold water on us.”

The female store manager laughed.

“I really can’t do anything about you guys.”

Lin Yi saw the female store manager when he entered the store and walked straight over.

“Hello, I want to buy a box of birth control.”

“Birth control?!”

As staff members of the pharmacy, and as all of them were women, they were naturally familiar with this medicine.

“Looks like this little brother is going out to have a good time tonight.”

“I wonder who is so lucky to be pampered by him.”

“These women are really stupid. Why do they still want birth control? If anything happens, they won’t have to worry about the rest of their lives. It’s equivalent to half a foot in a rich family.”

“That’s right. If I could lose another 50 pounds, I would definitely have the confidence to seduce him,” a 200-pound female employee said.

On the other side, the manager had already taken out the birth control.

“Are you sure you only want one box?”

“Uh...”

Lin Yi felt like there was some misunderstanding, but he didn’t overexplain.

“One box will do.”

“Okay, wait a minute, I’ll write you an invoice.”

Lin Yi paid a few minutes later and left with the medicine.

“Li Sis, why did you ask him just now if he only wanted one box?” The salesgirl asked curiously.

“Do you think these rich second-generation kids are like ordinary people?” Sister Li rolled her eyes and said.

“They have several girls serving them in one night. One box is not enough.”

“Eh, Sister Li, you are so arrogant. Your life experience is really not something we can compare with. No wonder you can be the store manager. You are different from us.”

“Learn more in the future. Otherwise, even if you meet a rich second-generation kid in the future, you will not be able to serve him well.” Sister Li was a little proud. She smoothed her hair and said flirtatiously,

“If I were 20 years younger, I might be able to hook up with a rich second generation myself.”

## Chapter 163: Are You from the National Treasury?

After buying the medicine, Lin Yi drove to Zhongcai city to deliver it.

Dang dang Dang...

“Wait, I’m coming.”

Lin Yi knocked on the door and heard a response.

The door was opened and there was a woman standing at the door. She was wearing a short skirt and a tulle top, looking very sexy.

“It’s you!”

Lin Yi was surprised to see the person inside.

He didn’t expect to meet the same Mo Qingwan from a few days ago.

“What a coincidence, I ran into you here.” Lin Yi said with a smile.

“You run errands?” Mo Qingwan looked at Lin Yi in disbelief. The person standing there was really Lin Yi.

“What’s wrong? Can’t I run errands?”

Lin Yi took out the medicine from his pocket. “Thirty-eight dollars, cash or weChat?”

“Haha...”

Mo Qingwan crossed her arms in front of her chest. She didn’t pick up the medicine Lin Yi bought. She was gloating over Lin Yi’s misfortune.

“What’s wrong? Did you start running errands because you lost all your money doing business? It’s like the saying goes, ‘thirty years going east, thirty years going west’.”

Lin Yi laughed. “What I do shouldn’t have anything to do with you, right? Shouldn’t you just pay for the medicine first?”

Lin Yi was speechless. He’d wanted to run one more job and get a five-star review or something.

He didn’t expect to run into this person. The five-star review was probably going down the drain.

“Why are you in such a hurry for money? Are you that poor?” Mo Qingwan mocked.

“You’ve really opened my eyes. A few days ago, you were driving a Rolls-Royce Phantom, but now you’re just a errand boy. If you didn’t have the necessary ability, you wouldn’t have gone into business. Now that you’ve lost all your money, you should be able to recognize the type of person you really are.”

Lin Yi didn’t know what to say. He felt like something was wrong with Mo Qingwan after he rejected her.

Did she really want him to fail that bad?

"I'm afraid I'll have to disappoint you. My business is doing well, and the Phantom is still here. You don't have to worry about it."

"Who are you trying to fool? If you really still had a company to manage, why would you come out to run errands? Do you have nothing better to do?"

"You can think of it that way. I don't care." Lin Yi shrugged. He didn't want to argue too much with Mo Qingwan.

It was because retards were contagious.

"I don't want this medicine anymore. Take it back and return it." Mo Qingwan purposely made things difficult for him.

"You can't return medicine even after you buy it. Don't you have any common sense?"

"Then I don't care. I don't want it anyway. As for whether you can return it or not, that's your own business."

"Fine, forget it." Lin Yi didn't want to waste any more time with Mo Qingwan. He put the medicine away and prepared to leave.

"Lin Yi, don't be in such a hurry to leave." Mo Qingwan said wickedly. "I have nothing better to do, so I'll take a few pictures of you."

"Why do you want to take pictures of Me?" Lin Yi asked

"The famous genius from the Science and Technology School started running errands after his business failed. I need to share this big news with our classmates so that they can support you more in the future. That way you will get more business" Mo Qingwan said

"Didn't I just reject you? Is there a need to hold a grudge? Be more normal, so that your heart won't be twisted."

"Do I look like a person with a twisted heart to you?" Mo Qingwan said arrogantly.

"To be honest, I still have to thank you. If you hadn't rejected me back then, perhaps I would have suffered together with you, and the end result would have been to break up with you."

"However, God was kind enough to bless me for not being together with you, allowing me to meet my boyfriend now. He's much better than a penniless guy like you."

"Someone wants you? Are you out of your mind?"

"How dare you talk about my boyfriend like that! I'll tell him about it, then you won't even be able to run errands anymore!"

Lin Yi was speechless-he had no choice but to use his trump card against a retard like that.

However, at that moment, an impatient voice came from inside the room.

"What are you doing? What are you waiting for? Did you buy it yet? Let's get started."

Lin Yi was even more surprised to see the person who spoke.

Wasn't this Yang Tianbo's son, Yang Feng?

Yang Feng was using a towel to dry his hair as he spoke.

He seemed to be ready to have a round with Mo Qingwan.

However, when he saw Lin Yi, he froze as if he had a nail under his foot. He didn't expect to meet him here!

The meeting between Yang Feng and Mo Qingwan seemed to be a coincidence, but there was a connection between them.

The property management of the Far East Group where Mo Qingwan was originally from was handled by Yang Feng's family's Dinghui Property.

When she was in the Far East Group, Mo Qingwan was still in charge of the logistics.

In addition to Yang Feng, she had already started to take over the family business one after another. After a while, she had some contact with Yang Feng.

When a scumbag man and scumbag woman met, there would naturally be sparks. Mo Qingwan also did not reveal that she had a boyfriend.

The two went on a few dates, but they didn't interact much.

It wasn't until Lin Yi appeared that Mo Qingwan broke up with her ex-boyfriend.

Mo Qingwan, who had no other choice, contacted Yang Feng. They chatted for a few minutes, and the two got back together. After this, they went to the hotel for the first time since she broke up.

"You, you two know each other?"

"Of course we do. Let me introduce you, my dear." Mo Qingwan said as she held Feng's arm.

"His name is Lin Yi. He's a classmate of mine from college. He made a lot of money starting his own business and even bought the Twin Towers. But he's not that kind of person. He lost all his money in just a few days, and now he's running errands for others. He's always so humble. Life sure is fickle."

The more Mo Qingwan spoke, the more excited she became. It was as if she'd opened up Pandora's box, and she couldn't stop.

"Back in school, he was the best student in our school. He even wrote me a love letter, but I ignored him."

"And before he went bankrupt, he went to my company to look for me, but I felt like he was too ambitious and too incompetent. He didn't have any inner talent, so he was just a rich man. I didn't agree to be with him. Now it looks like my prediction came true. He lost his billions so quickly. I don't think even a pig would be able to lose so much as quickly."

Pa!

Yang Feng slapped Mo Qingwan's face.

"Are you f\*cking courting death? How dare you slander Mr. Lin like this? Do you believe that I'll slap you to death?"

Mo Qingwan covered her face and fell to the ground. Her hair was disheveled and she looked like a ghost.

"You, why did you hit me? He's already bankrupt. He can't compare to you."

"Bankrupt my (ss next door." Yang Feng pointed at Qingwan's nose and cursed:

"Mr. Lin came out to experience life. Do you f\*cking think that everyone is like you, coming out to show off every day just because you have a few smelly dollars in your pocket? Are you from the national treasury?"

#### **Chapter 164: Wait Another 15 Years**

Yang Feng didn't know why Lin Yi was experiencing life, but he was sure that Lin Yi would not go bankrupt.

His father had discussed the property issue with Mr. Lin the day before.

How could he go bankrupt overnight?

"Experiencing... experiencing life?"

Mo Qingwan was like a retard. She just couldn't understand what Lin Yi was doing.

He was already so rich, so why was he still trying to experience life?

What was there to experience?

Wasn't it not enough to enjoy yourself?

"Mr. Lin, I'm really sorry. I really didn't know that this retard would offend you. I'll definitely teach her a lesson. I won't let her off so easily."

Lin Yi waved his hand. "If I argued with these retards every day, I'll probably be annoyed to death by them. I won't pursue the matter any further. Don't forget to give me a five-star review afterwards."

"No problem, that's for sure."

Lin Yi nodded. "You two can handle the rest. It's not convenient for me to get involved. Bye-bye."

"Don't, don't go." Mo Qingwan climbed up to Lin Yi with disheveled hair and hugged his thigh.

"Lin... Lin Yi... I know I'm wrong. Please help me say a favor. If you leave, Yang Feng will beat me to death."

Lin Yi shrugged. "I'm not a busybody. I can't interfere in your business, and we're both adults. You have to take responsibility for what you've done. Take care of yourself."

Lin Yi then turned around and drove to Chaoyang Group.

He received a five-star review on his phone very quickly. If nothing else, it should have been done by Feng.

The mission was now at 7/10, and he only needed one more day to complete it.

1

Lin Yi called Ji Qingyan when he reached the parking lot of Chaoyang Group, and the latter quickly came down while clutching her handbag.

Ji Qingyan was wearing a knee-length dress with blue sleeves and black high heels.

She looked cold and beautiful, exuding a strong aura.

“Let’s go to the supermarket, then we’ll go home.”

After getting into the car, Ji Qingyan’s character immediately broke. She was smiling, not giving off any of the previous aura at all.

“Your parents won’t appear again this time, right?” Lin Yi said with lingering fear.

“Don’t worry, I asked them several times when I left this morning. They said that they would leave after cleaning my house. It’s already past five o’clock at night, so they’ve definitely already left.”

“Alright. If that’s the case, we can still go to your house.”

“TSK.”

Ji Qingyan held her head high, then pulled on her seatbelt right through the two peaks.

“I heard that there’s a big supermarket on the lower level of Times Square. Let’s go and take a look. The things there are cheap and fresh. Moreover, you’re a diamond member there, so I reckon you can get a discount.”

“Times Square is a little far from here. There’s no need to go that far just to save money.”

“Let’s not talk about the distance first. If you look at me again, I’ll stop wearing my seatbelt.”

“I can’t help it, I can’t help it,” Lin Yi said embarrassedly.

“Besides, I’ve seen you in a swimsuit before. What’s there to be afraid of now?”

“How can it be considered the same? The last time I wore a swimsuit, weren’t you also wearing one?” Ji Qingyan said matter-of-factly.

“What’s the difference? Now you’re wearing your seatbelt, and I’m wearing mine too. If you think it’s unfair, look at me a few more times,” Lin Yi said.

“If you think it’s not enough, I can show you my legs. They’re white and slim, good enough for you to play with all night.”

“Pah Pah Pah Pah Pah...” Ji Qingyan turned and pinched Lin Yi’s face.

“What are you talking about? Aren’t you embarrassed? Hurry up and drive, I’m hungry.”

Lin Yi knew that Ji Qingyan was shy, so he didn't tease her anymore. He stepped on the gas and drove towards Times Square.

Just as Ji Qingyan had expected, the supermarket had only been open for a week, and it was still in its opening phase.

There were all kinds of things available in the supermarket and it wasn't a problem to buy everything in one go.

When the two of them entered the supermarket, the handsome man and beautiful woman duo immediately attracted the attention of countless people.

The women who were shopping here were a little better. They were more reserved and looked at Lin Yi a few more times before looking away.

On the other hand, the men were a little exposed as they continuously stared at Ji Qingyan.

They didn't care at all.

Ji Qingyan acted as if she was used to such gazes, as she didn't care too much. She walked side by side with Lin Yi in the supermarket, feeling at ease.

After shopping for almost half an hour, Lin Yi was filled with all kinds of emotions as he looked at the things in the shopping cart.

"Didn't we come here to buy groceries today?"

"Yes."

"You have the nerve to say yes?" Lin Yi pointed at the things in the shopping cart:

"What's with all the cakes and desserts you bought?"

Ji Qingyan chuckled, her eyes squinting into crescents.

"I'm going to put them in the fridge in the office. I'll eat some when I'm hungry."

"Look at your waist. How dare you eat them?"

"It's just three pounds. Do you have to say that about me?" Ji Qingyan said.

"And I ate the beef tenderloin and lobster you made yesterday. You have half the responsibility for the three pounds. Don't blame it all on my desserts. You have no right to criticize me."

Lin Yi was speechless.

The most frustrating thing in this world was that you knew that she was talking nonsense.

However, you couldn't find a reason to refute her.

After thinking about it carefully, it still seemed logical.

"Are you angry?"

Seeing that Lin Yi didn't speak, Ji Qingyan laughed.

“Alright, Alright, I don’t blame you for this. These are all desserts I bought. Now, go buy some vegetables.”

Lin Yi was once again stunned speechless.

Don’t blame me?

Can you even blame me?

With Lin Yi as a coolie, Ji Qingyan didn’t hesitate at all and bought a lot of things.

“That’s enough, I really can’t take it.” Lin Yi said speechlessly.

“Okay, okay, okay, wait a bit more, I want to buy some beef. The beef you made yesterday was really good, so make it for me again today.”

“Since you’re begging me like this, I’ll reluctantly do it again , I promise I’ll make you comfortable.”

“Hehe, that’s right.”

Ji Qingyan walked elegantly to the fresh meat section and picked up some beef. She was ready to let Lin Yi cook it for her.

“It’s done. Let’s go home now.”

“You only know how to eat.”

“Hehe, as long as you cook something good for me, I’ll be fine with anything you say. I’ll filter it automatically.”

“I really can’t do anything to you.” Lin Yi smiled and went to the door to settle the bill.

“Ma’am, please wait.”

Just as the two were about to leave, they suddenly heard someone talking behind them.

They turned around and saw a middle-aged man wearing a military green vest and a pair of washed white jeans. His hair was long and braided, but it seemed like he hadn’t washed it in a long time.

No matter how they looked at it, he looked like an artist who was studying Japanese action movies.

“You’re calling for me?” Ji Qingyan asked tentatively.

“Yes.”

The middle-aged man walked over with a smile. He took out a card from his pocket and handed it to Ji Qingyan with both hands.

“Let me introduce myself first. I’m Pan Wen, the business consultant of Bo Yuan Media. Everyone in the industry calls me Pan Laosan.”

Ji Qingyan didn’t move, and Lin Yi took Pan Laosan’s business card.

“What kind of business consultant are you?” Lin Yi asked.

“I’m a talent scout, to be honest. I think your girlfriend is pretty good. If she can get into the entertainment industry, she’ll definitely be a big hit.”

The young women around them were all envious when they learned of Pan’s identity.

“I didn’t expect to meet a talent scout in a place like this.”

“That woman sure is lucky to be identified by a talent scout in a supermarket. Wouldn’t she be rich if she entered the entertainment industry?”

“Look at her face. Even those A-list female celebrities might not be as good-looking as her. It’s only natural for talent scouts to target her.”

Lin Yi played with the business card in his hand and passed it back to Pan.

“Forget about the entertainment industry, you can ask someone else. I think the lady selling fish across the street is pretty good. I’ve already pointed out the way for you, so you have to cherish it.”

Pan’s expression was a little unnatural, but he still smiled.

“I know you guys are boyfriend and girlfriend, but it’s still up to your girlfriend to make the decision.”

“He’s always been the one in charge of my matters, so you can ask him.” Ji Qingyan said with a smile.

“If he agrees, then I’ll agree.”

Although it was a misunderstanding, Ji Qingyan didn’t bother explaining.

It wasn’t a big deal, and it was just a misunderstanding.

Lin Yi spread his hands. “You heard the answer already, so you can only say sorry.”

Pan hesitated for a long time. Ji Qingyan’s stunning looks made him unwilling to give up easily.

“Madam, I can put my hand on my heart and promise that as long as you follow me into the entertainment industry, I can guarantee that you will be very popular. Do you want someone else to control your fate?”

“And there’s something you may not know. I was the one who discovered the famous Liu Fangfei in the entertainment industry back then.”

“Oh my God, no way. Liu Fangfei was actually discovered by him? Ever since that palace drama became popular, she has been sitting on the throne of A-list actresses.”

“I heard that Liu Fangfei’s net income was 70 million last year, ranked in the top 20 of all the celebrities. I didn’t expect it to be discovered by this unattractive person. This is too surprising.”

Hearing the nearby discussions, Pan felt a little more confident.

“Lady, I think that your innate condition is more outstanding than Liu Fangfei’s. In less than a year, I guarantee that you’ll become an A-list actress with an annual income of over 100 million.”

Seeing how serious Pan Laosan was, Ji Qingyan held back her laughter and said to Lin Yi,

“An annual income of over 100 million. I’m a little tempted.”

Pan Laosan was so happy that he couldn’t close his mouth. He said to Lin Yi,

“Sir, your girlfriend already has plans to develop in the entertainment industry. I don’t think you can stop her.”

“I’ve always respected her choice. Since she said so, of course I won’t stop her.” Lin Yi said seriously.

Pan Laosan was delighted. “Are you sure?”

“Of course I’m sure.” Lin Yi said.

“But it’ll have to wait 15 years.”

### **Chapter 165: “You’re Not Married Yet, So You Have To Be Safe.”**

“What did you say? 15 years?” Pan Laosan’s face darkened,

“What do you mean, are you kidding me?”

“No, no, no, I’m not kidding you.” Lin Yi said.

“Didn’t you say that if she entered the entertainment industry, she could earn 100 million a year?”

“That’s right!” Pan Lao San patted his chest and said, “As long as she is willing to work hard, earning 100 million a year isn’t a problem.”

Hearing Pan Lao San’s promise again, the surrounding young women cast envious gazes.

They had never seen so much money even in their dreams.

If only they could earn 100 million a year.

Even if they could not earn 100 million, they would be very satisfied with 10 million.

“That’s why I want to know what you mean by 15 years from now.”

Lin Yi took out his phone, pulled out a bank message, and waved it in front of him.

“I have 1.5 billion here, so I can keep her for 15 years. If you add up all my other businesses, I still have a few billion left. 15 years is a conservative number, so it’s up to you to see if you can wait.” Lin Yi said with a smile.

“You, what did you say? You have 1.5 billion?!”

Pan Laosan was dumbfounded. Looking at the large number on his bank card, he felt like he was hallucinating.

This was too much. There was simply no way to count it.

Pan Laosan was not the only one who was dumbfounded.

The people around him were also horrified.

This man actually had 1.5 billion!

And it was not even in fixed assets!

Where the hell did this rich second generation kid come from?!

Was it a package deal?

“Do you have any other questions now?”

“No, no...”

“Then let’s contact each other again in 15 years. I hope you won’t change your profession when that time comes.”

Pan Laosan almost spat out a mouthful of blood. He repeatedly bowed and said politely,

“Please don’t tease me. I know I was wrong, so I should stop my wishful thinking. Please don’t lower yourself to my level. Sorry to bother you.”

After apologizing, Pan Laosan left dejectedly.

He really didn’t read the almanac when he went out. How did he meet such a powerful second-generation rich kid?

It was too difficult to be a talent scout when a beauty was booked by a second-generation rich kid.

“Let’s go and pay the bill,” Lin Yi said.

“Cough cough cough...”

Ji Qingyan coughed on purpose and said with a smile, “Mr. Lin, 100 million a year. Should we give a deposit first?”

“I can give you a deposit, but it has to be done according to the rules of the project. You have to let me see the plan first. If it’s suitable, I’ll pay you directly.”

“Sure, what plan do you want to see?”

Lin Yi glanced at Ji Qingyan’s peaks. “If that’s the case, the plan looks solid. But we’ll have to go over the details when we go back tonight.”

“You’re going to die! There are so many people here, and you dare to say something like that.” Ji Qingyan pinched the soft flesh on Lin Yi’s waist, her face blushing like a thief, afraid that others would hear her.

“Do you think 100 million is that easy to earn? You have to give something.”

“Stop talking. Even if you don’t think it’s embarrassing, I think it’s embarrassing.”

Lin Yi chuckled. “Now that you know it’s embarrassing, what are you going to do?”

“Just you wait. I’ll teach you a lesson when we get home.”

“How can I be afraid of you? Let’s go back and fight 300 men together. We have to decide who’s better today.”

“Let’s do it. Let’s see who’s afraid of who.”

After the fight, the two walked towards the door, paid the bill and left.

Outside the parking lot, Lin Yi’s Koenigsegg attracted a lot of envious onlookers.

The men were drooling when they saw Ji Qingyan beside Lin Yi.

This woman was much better looking than the car.

They drove all the way to Ji Qingyan’s Yunshui Villa.

The security guard opened the door when he saw Ji Qingyan sitting in the passenger seat. He didn’t say anything unnecessary.

“I remember this man was the one who sent President Ji back last time, but it seemed to be in a Pagani Zonda. Today, it’s the Koenigsegg RS. He’s so f\*cking rich,” the security guard said.

“After all, he’s a man who can conquer President Ji. I can’t be jealous of him.”

“F\*ck, I’m jealous.”

Lin Yi carried his things to the villa and asked again,

“Are your parents home?”

“Don’t worry, it’s six o’clock now. They must have left. Why are they so timid?” Ji Qingyan complained.

“Daughter, you’re back.”

Ji Qingyan, “...”

Lin Yi, “...”

The two stood at the door and looked at Ji Qingyan’s parents, feeling like a pair of deers in the headlights.

“You, didn’t you say that they were going to leave...”

“I... I didn’t know either.”

Seeing Lin Yi and Ji Qingyan come back together, Ji Antai and Song Minghui were stunned as well.

They didn’t expect their daughter to bring her boyfriend back.

“Mom, Dad, didn’t you say you were leaving in the morning? Why are you still...”

“Your mom said that the sheets in the other rooms hadn’t been washed in a long time, so she washed them for you. She was busy until the afternoon, thinking that we should eat together after you get off work,” Ji Antai said with a smile.

“Look at this mess. Why didn’t you tell us you were bringing Yi back? We should have left earlier.”

Lin Yi praised him in his heart.

He was a smart person.

“Why should you leave now? Lin Yi is already here, so you can just leave after dinner.” Ji Qingyan said.

“We won’t be having dinner.” Ji Antai smiled. “I don’t see Yi that often. He’s probably too reserved to have dinner with me. Let’s not talk about it today. We’ll meet again in the future.”

“Dad, it’s not as serious as you said. Lin Yi isn’t a shy person. We’ve already met. Don’t leave yet.” Ji Qingyan said embarrassedly.

“It’s fine. I know all about you youngsters, so I won’t be a third wheel here.”

Lin Yi was confused.

I don’t even know what that means. How do you know it?

“My daughter.” Minghui held onto Ji Qingyan’s hand and said, “The hotel outside isn’t clean. If you have anything to do, come back home. I’ve already changed the bed sheets for you.”

Qingyan was horrified.

What the hell was that?!

“Now that you have a boyfriend, your father and I won’t come here anymore. Don’t act like a child. If you have a boyfriend, you have to learn how to take care of him.”

Qingyan was speechless. Since when did she act like a child?!

Antai looked at Lin Yi meaningfully.

“Son-in-law, I’ve raised my daughter for so many years. I’ll leave her in your care from now on. You have to take good care of her.”

“Don’t worry, Uncle. I’ll definitely take good care of her.”

“I think you’re a nice person too, but there’s one thing I have to remind you. You’re not married yet, so you have to be mindful of your safety.”

Eh...

This so-called father-in-law seemed to be jumping the gun!

Ji Antai and Song Minghui looked at each other. These young people were too unconcerned with safety.

“Dad, what nonsense are you talking about? Didn’t you want to leave? Hurry up and leave,” Ji Qingyan said.

1

“Okay, okay, okay.” Ji Antai pulled Song Minghui. “Let’s go quickly. Don’t delay them.”

**Chapter 166: Lin Yi, Not Bad!**

“Dad, don’t talk nonsense. We’re just here for a meal. Can you stop thinking about it?”

“Okay, okay, okay, we won’t think about it.” Antai said with a smile. “I’ll leave with your mom first.”

After Ji Qingyan’s parents left, Lin Yi sat down on the sofa.

“Tell me about yourself. Uncle and Auntie must think that I’m a casual person after all these misunderstandings. My reputation was ruined by you.”

“What do you mean by that? I’m the one at a disadvantage here.” Ji Qingyan said.

“I won’t be able to face them anymore.”

“You can’t compete with me. My innocence is more important.”

“Lin Yi, I think your skin is getting thicker.” Ji Qingyan rolled up her sleeves.

“I haven’t settled the score with you about the supermarket yet, and you want the whole 9 yards.”

“Come on, let’s go to the master bedroom upstairs and fight,” Lin Yi said.

“No bedroom, just the sofa.”

“No way, you like a place like the sofa? You’re a graduate of a famous school, but you’re moving way ahead of me.”

“Stop talking nonsense, I’ll teach you a lesson.”

Ji Qingyan’s temper flared up as well, and she no longer seemed like a female CEO anymore. She was like a shrew as she started messing around with Lin Yi.

Just as they were messing around, a white medicine box fell out of Lin Yi’s pocket.

“Hmm? What’s This?”

Ji Qingyan picked up the medicine box curiously, wanting to see what it was.

What was that?

Lin Yi was puzzled when he saw the white medicine box. He didn’t catch a cold, so what was the medicine box for?

Suddenly, Lin Yi’s expression froze as he thought of what it was.

Wasn’t this the birth control that he bought for Mo Qingwan?

What the f\*ck!

Lin Yi understood what was going on. He had a fight with Mo Qingwan, and after Yang Feng acted, he failed to give her the medicine.

He’d put it in his pocket without thinking too much about it, but didn’t expect it to fall out at this time!

What the f\*ck!

“Lin Yi, are you feeling unwell?” Ji Qingyan looked at the box. “What kind of medicine is this? I’ve heard of it before.”

Ugh...

Lin Yi wanted to stop her, but it was too late.

Ji Qingyan stopped talking, her face frozen in that instant, her face as red as fire.

This was the first time she’d seen something like this in her twenty years of life.

“Lin Yi, you came to me and bought this? What are you thinking?!”

“Well, I said it was a misunderstanding. Don’t you believe me?”

“Don’t believe you, my \*ss!” Ji Qingyan said angrily.

“It’s a misunderstanding. I bought this for a client, and they ended up not wanting it .”

“Stop trying to reason with me. I won’t believe you. Watch how I deal with you.”

The blush on Ji Qingyan’s face was still present, like the clouds in the sky.

“Ji Qingyan, I forbid you. You’d better surrender right now. You won’t be so lucky when I make my move.”

“No, wait. Wait for me to get into position. You can’t resist now.”

As she spoke, Ji Qingyan climbed onto Lin Yi and grabbed his hand. “Come on, let me see how you fight back.”

“You’re courting death.”

Lin Yi pulled out one hand. Ji Qingyan’s restraints didn’t work at all.

He grabbed Ji Qingyan’s soft waist and scratched her a few times.

Ji Qingyan, who was serious a moment ago, broke into laughter in a second. Even her body went soft.

“You cheater! You didn’t even tickle me!” Ji Qingyan was so happy that she couldn’t care less about Lin Yi anymore.

“Why should I tickle you? It’s just the beginning.”

Lin Yi sat up and pushed Ji Qingyan onto the bed.

However, Ji Qingyan couldn’t care less anymore. She was about to burst into tears from laughing.

Lin Yi grabbed onto her leg and tore her stockings off, tickling her.

“Haha... Ah... Haha...”

“Lin Yi, stop, I can’t take it anymore.”

“You can’t take it anymore?” Lin Yi said with a smile. “I haven’t used my strength yet.”

“No, no, no, I was wrong. be gentle, I can’t take it anymore.”

“Do you dare to do it again next time?”

“No, I don’t.”

“Cough Cough Cough.”

Just as the two of them were fighting, they suddenly heard a cough outside.

In an instant, both of them stopped moving. Did someone come in?

Lin Yi sat up from the sofa, and Ji Qingyan also got up to tidy up her clothes. She wanted to know what had happened.

Seeing the person standing at the door, Ji Qingyan wanted to cry, but no tears came out. “Dad, Mom, why are you back?”

Seeing that their daughter’s hair was disheveled and even her stockings were torn, together with the noise in the room just now, Ji Antai and Song Minghui looked like they understood everything.

“You two are really too much. It’s not even dark yet, why are you...”

Song Minghui said bitterly, “Even if you can’t wait, you should still go back to the room. We heard you shouting so loudly outside.”

“Yeah, the sheets have been changed. Why are you still on the sofa? I really don’t understand you youngsters,” Ji Antai said.

“Uncle, Auntie, don’t misunderstand. I said to go to the room, but Qingyan said to stay on the sofa,” Lin Yi said.

“Lin Yi, what nonsense are you talking about?” Ji Qingyan lowered her head, too shy to look at anyone.

“And, Mom and Dad, don’t misunderstand. It was Lin Yi tickling me just now, it’s not what you think.”

“Alright, alright. I know you’re shy and are too embarrassed to admit it,” Antai said.

The couple sighed together. They thought that their daughter was a traditional girl, but she turned out to be so advanced.

She actually pulled Lin Yi onto the sofa. This was too...

Sigh..

Her daughter was not that traditional after all.

“Dad, Lin Yi was really tickling me. Don’t get me wrong.” Ji Qingyan stomped her feet anxiously.

“Alright, there’s nothing to explain. We’re all adults, it’s normal.” Song Minhui said. “Otherwise, how will I be able to hold my grandchild in the future?”

As she spoke, Song Minhui nudged Ji Antai with her elbow. “Take your stuff. Let’s not stay here any longer. It’s a waste of their time.”

"I don't think I'll be needing this anymore," Antai said.

"Huh? Why can't you use it?"

"Look at what's on the coffee table."

Minghui looked in the direction that Antai was pointing at and was surprised to see a box of birth control!

Her expression immediately brightened up. "Not bad, young man. Not bad at all."

"Look, what did I say?" Antai said. "I told you Lin Yi was a serious person. He wouldn't mess around with your daughter. You should be relieved now."

"Yeah, not bad at all. I'm relieved to hand Qingyan over to him."

Qingyan was confused.

How did I mess around?

It was clearly him being a hooligan!

How could he still receive praise?

### **Chapter 167: Looking Down On You**

"Even if they've prepared it beforehand, you should keep it," Minghui said. "You don't need it this time, but you can still use it in the future."

"You're right."

Antai touched his pocket and took out two boxes of Durex'.

One was super thin, and the other had floating dots.

Lin Yi was about to give this so-called father-in-law a thumbs up!

He really was a person who knew how to live!

"Actually, we came back this time because we were afraid that you guys wouldn't be able to take proper safety precautions, so we bought these things for you guys. Now that there's nothing else, we'll be leaving first," Minghui said.

"Mom, we really..."

"Stop, stop, stop, stop, stop, stop." Minghui said. "Your dad and I will be leaving first, you guys can continue with your work."

With that, the old couple turned around and left. However, before they left, Song Minghui paused for a second before leaving.

"What are you looking at? Are you so worried that you can't bear to leave?" Ji Antai asked.

"That's not the case," Songinghui said.

“Qingyan is too open-minded. She refuses to go to the clean bedroom and insists on going to the sofa. When she has time, she has to clean her kitchen properly.”

“Uhm...”

Antai paused for a moment. “If that’s the case, then I’ll have to clean my son-in-law’s car.”

The room quieted down after the two left. Lin Yi looked at the disheveled Ji Qingyan.

“Should we continue now that they’re gone?” Lin Yi asked.

“Continue, my ass.” Ji Qingyan said, pinching her waist. “Go do your own thing. You go to the kitchen, I’ll go change.”

“Are you saying that you’re going to move to the kitchen instead of the sofa?”

“Yeah.”

“Okay.”

Qingyan went upstairs and changed out of her clothes and stockings. She came down in loose pajamas with a pink apron in her hand, looking like a happy cat.

“Hehe, Lin Yi, you try this.”

Qingyan took the apron and tied it around Lin Yi’s waist. “I bought this before, but it didn’t work at the time.”

“I’m not against wearing an apron, but can you change it to a different color?”

“Pink is so pretty. I’ll take this one.” Ji Qingyan said with a smile. “Go and cook, I’ll help you cut the vegetables.”

“That’s not it. You’ll cause trouble here. Let me do it.”

“Are you looking down on me?”

“Yeah, I’m looking down on you.”

Ji Qingyan, “...”

“Tsk, you’re too kind. Go cook by yourself, I don’t care about you anymore.”

Ji Qingyan returned to the sofa, watching Lin Yi Cook as he cooked.

After about half an hour, Lin Yi came out with four dishes and a soup. Ji Qingyan’s eyes lit up.

“Lin Yi, you’re amazing, you made so many dishes in half an hour.”

“Wait, don’t worry, there’s still one dish left.”

“I can’t wait anymore, I can’t wait anymore.”

“You’re not eating the last one?”

“No.” Ji Qingyan shook her head like a rattle-drum. “Your Hangzhou pepper beef tenderloin is enough. It’s my favorite.”

“Alright then, I’ll eat it if you don’t want it.”

Lin Yi walked to the kitchen, opened the oven, and took out four golden caramel puddings.

“You, you made this?”

“Yeah,” Lin Yi said matter-of-factly:

“I thought you liked desserts, so I made a few. But you don’t seem to want them anymore, so I’ll have to digest them myself.”

“No, I said the wrong thing. Let me have one.”

“You’re so fat, are you sure you still want desserts?”

“It’s fine, wearing stockings can cover the meat on your legs.”

“What about my waist?”

“It has a girdle.”

“What about the fierce part?”

“Fierce...”

Ji Qingyan stopped abruptly. “Lin Yi, you tricked me again.”

Lin Yi chuckled and pushed the caramel pudding over.

“Eat more. Let your meat grow where it should.”

“Cheh, you rascal.”

Ji Qingyan stopped bickering with Lin Yi and took a bite of the freshly baked caramel pudding.

“Mhmm...”

Ji Qingyan’s eyes lit up as she waved her hands excitedly. “It’s so good. Try it, it’s so good!”

“Is it that good? It’s just something I whipped up.”

Ji Qingyan’s string of rainbow farts made Lin Yi embarrassed. “Let me try it...”

“Uh... wait.”

“What’s wrong?”

“You shouldn’t eat it.” Ji Qingyan took back the four crème brûlée pudding. “You only made four, I don’t have enough to eat. You can eat the rest, the egg flower soup is pretty good, so you should drink more soup.”

Lin Yi, “...”

As she ate the creamy puddings Lin Yi made, a look of unprecedented satisfaction appeared on her face. Her cheeks lifted and her eyes were sparkling.

“Lin Yi, why are you so good? You know everything.”

“I can’t help it. I’m just that good.”

“Yes, yes, very good.”

Maybe it was because the food was too delicious, but Qingyan’s appetite was amazing. She ate four creamy puddings and a big bowl of rice, which was beyond Lin Yi’s expectations.

“Chef Lin, go lie down on the sofa. I’ll clean up the rest.”

“Then I won’t stand on ceremony with you.”

“Of course. I’m a fair person.”

Lin Yi lay on the sofa and watched TV. Meanwhile, Ji Qingyan put the rest of the food in the fridge and took out the fruit. She cut it into pieces and placed them in front of Lin Yi.

“I’m not eating the fruit. Just get me a glass of water.”

Ji Qingyan rolled her eyes. “Don’t worry, there aren’t any stockings in the fridge. I’ve taken them somewhere else.”

“Uh, alright then.”

“Tsk, you were quite excited when you tore it up, and now you’re complaining about it.”

Ji Qingyan got up and went to the second floor. When she came back, she had a brown paper document bag in her hand.

“What’s this?”

“The procedures for the foundation can be completed now.”

Ji Qingyan had a rubber band in her mouth and combed her hair into a ponytail until it was neat and tidy.

“After the account information is completed, I’ll ask the finance department to send 10 million dollars to support your work.”

Lin Yi nodded. “Thank you for your hard work. Open your mouth and I’ll feed you a grape.”

Ji Qingyan opened her mouth obediently. “Throw it accurately. If it hits me, I’ll bite you.”

“Don’t worry, I was the star player in my class when I was in college. My shot was very accurate.”

As he spoke, Lin Yi threw a grape, but it wasn’t accurate. It hit Ji Qingyan’s chin and fell into her collar.

“Lin Yi, didn’t you say that your shot was accurate?”

“It was a mistake. I’ll help you look for it. I’ll definitely help you take the grape out.”

“Get out of the way. You only know how to take advantage of me.”

Ji Qingyan turned around and took the grape out of her pajamas before placing it on the coffee table.

Lin Yi took it and ate it.

“Why did you eat it? It’s dirty.”

“It’s not dirty. It’s just that this grape is different from the other grapes. It would be a pity to lose it.”

“What’s so different about it? Didn’t you pick it from a bunch?”

“This grape has the smell of milk, and the smell of milk is quite strong.”

### **Chapter 168: The Best-Looking Without Wearing It**

“Milky Smell?”

“Milky Smell?” Qingyan paused. “Why didn’t I notice it?”

As she spoke, she plucked another one, only to find that the smell was the same as before. There was no milky smell at all, so it was obviously a lie...

Hmm?

It didn’t take long for her to realize that what she was thinking was completely different from what Lin Yi was saying.

“Lin Yi, you’re going to die! How dare you flirt with me?”

“Did I?”

Lin Yi laughed out loud at Ji Qingyan’s hindsight.

This stupid and cute look was really irresistible.

“Tsk, I’m too lazy to bother with you.”

After being flirted with so many times, Ji Qingyan finally formed the ability to resist, so she didn’t bother too much about it.

“Oh right, are you free tomorrow?”

“I’m free all the time.” Lin Yi said. “What’s up?”

“Didn’t I contact two people for you? If you’re free tomorrow, I’d like to arrange for you to meet them. One of them is my schoolmate and junior, He Yuanyuan. She has a PhD in accounting at Yan University and was once the CFO of Meituan. She’s really strong. I had to say a lot of nice things to get her to join you.”

“I’m not familiar with the other one. She introduced him to me. His name is Qi Xianzhao. It’s said that he used to work for COO in a company in Silicon Valley. He should have the ability, but you have to meet and talk to him to see if he is suitable for this job. I can only act as a matchmaker.”

“Did they mention the specific salary?”

“This kind of question is more sensitive. I didn’t ask over the phone. You can talk about it in detail yourselves,” Ji Qingyan said.

“No problem. Let’s meet somewhere.”

“Tomorrow at 12 noon in my office. Is that ok?”

“It’s settled then.”

Looking at the time, he realized that it was getting late.

“I’m done eating and drinking, so I’m leaving now. You should rest early too.”

“I took your car back today. Come pick me up tomorrow. Otherwise, I’ll have to take a taxi.”

“Then I won’t leave. It’ll save me the trouble.” Lin Yi sat back down.

“Aren’t you ashamed? I didn’t even invite you, yet you want to stay at my place.” Ji Qingyan teased.

“Stop me if you can.”

“Hmph, I’ll just let you stay.”

As she said that, Ji Qingyan stomped up to the second floor in her plush slippers.

Not long after, she took out a set of gray and blue pajamas and stood in front of the railing on the second floor.

“Which one do you want to wear?”

“No way, you didn’t even know I was staying here, but you even bought pajamas?” Lin Yi said. “Did you invite me to your house with a premeditated plan?”

“Do you think I’m as shameless as you?” Ji Qingyan said proudly. “I left a set of pajamas at your house, and now I’ll leave one of yours at mine. We’ll call it even.”

“But I usually sleep naked, and I don’t have the habit of wearing pajamas.”

“Bah, bah, bah! You’re already an adult, so why aren’t you embarrassed? Who doesn’t wear pajamas?”

“It’s comfortable. Try It if you don’t believe me.”

“I don’t want to.” Qingyan said. “I think this blue one looks pretty good. You can wear this. If you want to go naked, go back to your room. Don’t let me see it.”

“Don’t you think this is unfair?” Lin Yi said, “You can do it too, then we’ll be even.”

“Bah bah bah, hooligan.” Ji Qingyan said, “Quickly put on pajamas as wearing jeans is uncomfortable. I’ll put your laundry in the bathroom, too. Don’t forget to sleep and wash them.”

“I know, I know, you talk too much.”

“You talk too much.”

After changing into the pajamas, Lin Yi found it fit quite well. Ji Qingyan's cognitive abilities was pretty good.

After washing up, Lin Yi went back to his room to rest. Just as he lay down, he received a phone call from Zhang Song.

"Are you asleep, Boss?"

"Not yet. When are you coming?"

Zhang Song chuckled, "My flight tomorrow will reach Zhonghai at about 4:00 in the afternoon. My girlfriend will also be coming."

"Even you have a girlfriend? Is God blind?" Lin Yi asked

"You don't have to tease me like that," Zhang Song said. "Her name's Yue Jiao. We've known each other for a long time. Her family's from Zhonghai too, so she's coming back with me."

"Alright then. I'll pick you guys up tomorrow." Lin Yi said.

"Thanks, Boss. I'll be staying with you for the next few days in Zhonghai."

"Come on, you're pretty good at making me poor."

Lin Yi hung up after a short conversation.

He'd wanted to sleep, but he wasn't sleepy at all after picking up Zhang Song's call.

It had been more than half a year since they last met.

He was a little excited just thinking about it.

However, judging from his tone, this coward was doing pretty well.

The next morning, Lin Yi woke up to find that Ji Qingyan was still asleep.

Knock, Knock, Knock

He knocked on the door a few times. "Don't sleep anymore, get up and go to work. Don't waste your time running errands."

"Don't rush me, I'll get up in five minutes."

There was only a murmur before the room went silent.

Lin Yi ignored Ji Qingyan. After washing up, Lin Yi heated up the leftovers from the previous night and prepared to fill his stomach.

Not long after, the door opened and the sound of washing could be heard.

When Ji Qingyan came down, she looked brand new.

"Lin Yi, look at my dress. Does it look good?" Ji Qingyan said as she lifted the hem of her dress.

"So-so. Hurry up and eat. The food will get cold soon."

“So-so?” Ji Qingyan pursed her lips. “I’ve been choosing for a long time. I’ll go and change it.”

“Uh, this dress isn’t so-so. Don’t change it, let’s eat,” Lin Yi said vaguely.

“I think you’re just tricking me. Even if I change into another dress, you’ll say it’s not pretty.”

“Don’t say that either.”

“Then what style of dress do you think I’ll look good in?” Qingyan looked at Lin Yi across the table. “I’ll go change into it for you.”

“I think it’d look best if you don’t wear anything at all.”

“No, I won’t...”

Qingyan rolled her eyes at Lin Yi. “You only know how to take advantage of me.”

Lin Yi dropped her off at the office after lunch. He didn’t forget to mention it when he got out of the car,

“Don’t forget to meet at 12:00 pm. I won’t leave until we meet.”

“Don’t worry, I won’t forget.”

Lin Yi said goodbye and drove off, ready to work.

The mission progress was currently at 7/10. If nothing unexpected happened, it wouldn’t be a problem for him to complete his task today.

“You have a new order, please check it carefully.”

Lin Yi took the order casually, thinking that it was a request to buy something, but it only said that he had to rush to Chunxi Road, and there was no other description.

Lin Yi felt a little strange, so he called to ask.

“Hello, I’m the errand boy. Do you only need me to get to Chunxi Road?”

“That’s right, just come straight here. I don’t need anything else.” The person who answered the call was a busy man, and he hung up after saying a few words.

Lin Yi didn’t think too much into it. He checked his phone and found that Chunxi Road was in the outskirts of Zhonghai City, and it was some distance away.

He had to hurry.

Lin Yi drove to Chunxi Road according to the GPS address.

He parked the car and looked around. There was a small county on one side of the road and farmland on the other side.

Other than that, he didn’t see anything special.

After searching for a long time, he still couldn’t find the person he was looking for, so he called his customer.

“Hello, I’m at Chunxi Road. Where are you?” Lin Yi asked.

“Where are you? Are there any landmarks around you?” The person asked.

“There’s a grocery store by the road, and there’s a Xin Xin Barbecue next to it.” Lin Yi said.

“Then keep walking. You’ll see me when you turn the corner.” The person said.

“Okay.”

After hanging up, Lin Yi walked forward. When he turned the corner, he saw five people standing a dozen meters away.

They were all errand boys, just like him.

Apart from that, a white BMW X 5 had fallen into a nearby ditch. Everyone was gathered around the car, thinking about how to get it up.

“What the f\*ck is going on? He called so many people over. Could it be that they want us to help him move the car?”

Why were there more and more of these employers nowadays?

### **Chapter 169: Go To My Grandfather’s Grave and Dance On My Head**

Lin Yi wasn’t in a hurry as he slowly walked over.

In the process, Lin Yi noticed that apart from the five errand boys, there were two men and a woman present.

They were all in their twenties, about the same age as him.

In front of them, there was a set of live broadcast equipment set up. It seemed quite professional.

Lin Yi was even more fascinated by this operation.

Could it be that they were going to carry out the car live?

“Brothers, sisters, sexy old friends, I am your host, MC Xiaoqiang!”

“Today, my car unfortunately fell into a ditch. If I call for a tow, it would cost at least 3,000 dollars, but there are always more solutions than difficulties. I issued six orders on Meituan and used less than 100 dollars. I called six errand boys and asked them to help me carry the car out.

“What’s this? This is the rich man’s thinking!

“We can’t think in a conventional way in the face of difficulties. This is building from scratch. Pay more attention to me and the host will teach you more about the rich man’s thinking! It’ll help you walk down the road to success!”

Lin Yi rubbed his chin when he saw the man called MC Xiaoqiang.

This guy was teaching the rich man’s thinking?

What a crazy person.

“Errand boy, what are you doing? Come here quickly. You’re the only one left,” Xiaoqiang called out loudly.

“What, what kind of beauty is this? This errand boy is too handsome.”

“I love him, I love him. Please contact me.”

“I already gave my husband medicine. Do I still have a chance?”

Xiaoqiang didn’t think that Lin Yi’s appearance would cause the comments in the broadcast to explode! He could use this wave of popularity to make a fortune.

“Everyone, listen to me. In the world of the rich, it’s useless to be good-looking. Whether you can succeed or not depends on your own talent. This is the key factor that determines a person’s fate.”

“Take me for example. I was born in the countryside and went to work in Zhonghai when I was 18 years old. With my intelligence, I slowly became the director of the factory. However, I know that the sky is wider still. A small clothing factory can not accommodate my talent, so I quit my job and started my own business. Now I even have a Beemer X5. This is the benefit of learning how to think like a rich man!”

“Just like this errand boy. Although he is very handsome, because he doesn’t understand rich people’s thinking, he can only do this kind of ordinary work. I have long reached the stage where I use my brain to make money. This is the difference between the thought process of the poor and the thought process of the rich.”

1

Thinking of this, Xiao Qiang’s lips curled into a smile.

This kid’s appearance was definitely a pleasant surprise.

Usually, the audience in his live broadcast room would come and go, and only around 1,000 people could be retained.

However, his appearance had already caused the number of people in the live broadcast room to break through the 1,500-person threshold!

He had to make good use of it when he lifted out the car later.

“Come, come, come, all of you come over.”

Xiaoqiang summoned the six errand boys to his side and said,

“What I need you to do today is to carry my car out, then I’ll give you five stars. Got It?”

The errand boys looked at the BMW X5 that had fallen into the gutter and frowned.

They didn’t mind the car, but there were only six people here. It was a bit difficult to carry such a big thing!

“Find a few more people. Six people is a bit too little,” Lin Yi said.

“Six people isn’t enough?” Xiaoqiang said, “You guys are all thick-skinned and can’t even lift a car? Are you trying to be lazy?”

“It’s the only way. I won’t be lazy, but this is a BMW X 5. You know its weight, so six people is indeed not enough,”

“Then let’s allow the people in the live broadcast room to judge. Is six people enough to lift a BMW X5?”

At this moment, the live broadcast room exploded again. The comments on the screen had reached a point where it was too much for the eyes to take in.

“Six people isn’t considered little. They just want to slack off. They don’t want to do any work that takes even a little effort.”

“Previously, one of my uncle’s trucks also fell into a ditch. At that time, my uncle and I lifted it up easily.”

“I don’t like these handsome people. If he dares to criticize me again, I’ll give him a bad review!”

Qiang pointed at the screen and said to Lin Yi,

“Look at him, two people lifted a truck. There are six of you, and you’re still complaining. Let me tell you, people like you who only want to make money for nothing but don’t want to give anything are the biggest taboos in rich people’s thinking.”

Lin Yi rubbed his temples.

His head hurt.

He was about to get cancer from the second-hand embarrassment.

“There better be a limit to your bragging,” Lin Yi said. “I can’t do this job with six people. If you don’t call for more, I’ll leave.”

Qiang didn’t expect Lin Yi, an errand boy, to have such a bad temper. He rolled his eyes and said,

“You can ask me to look for more people, but if I get one more person, I’ll give you one less star. If I find two more people, I’ll give you two less stars, and so on. Whatever you do, it’s up to you.”

At that moment, Qiang’s assistant walked up to the screen and said to the people in the live broadcast room,

“Did you see that? The host is using the most typical rich people’s thinking right now, offering conditions and letting them resolve their conflicts on their own. For the sake of the five stars, they’ll definitely compromise. As long as you learn half of this, you’ll become a winner in life.”

“Forget it, you guys can play here by yourselves. I still have things to do.” Lin Yi waved his hand and turned around to leave.

“Don’t you want five stars? !” Qiang said, “Be careful, the platform will deduct your salary.”

“Do you think I lack that bit of money?”

Seeing Lin Yi leave, Qiang felt a little pitiful. Many of the female viewers were here for him.

His popularity dropped after he left.

“Don’t worry, everyone. Now that one of them has left, I’ll call someone else over.” Qiang said.

“But what I want to tell everyone is that a person like him who can’t keep his cool will never achieve anything in his life!”

“The biggest taboo in the rich’s mind is that they have high standards but low skills. They don’t want to do anything but to spend their money. How can there be such a good thing in the world?”

“Today, I can assure everyone that a person like him has no merits other than his good looks!”

“He is now an errand boy. Ten years from now, he will definitely still be an errand boy. In fact, he might not even be as good as he is now!”

“If there is an old friend who doesn’t believe me, let’s make a bet. If he can have any great developments ten years from now, I will go to my grandfather’s grave and perform a disco upside down.”

Hum Hum Hum.

Boom Boom Boom.

Waves of sound came from not far away, giving the scumbag and the others a fright.

“What’s going on? It sounds like a sports car!”

“F\*ck, what’s going on?!”

“Brother Qiang, look, there’s a supercar over there. Look at the sign, it looks like Koenigsegg!”

## **Chapter 170: Could He Be Senior’s Male Secretary**

“F\*ck, it’s a Koenigsegg!”

Seeing Lin Yi’s car, the cockroach panicked. “Get out of the way, don’t get in the way.”

At the same time, the cockroach picked up his phone and aimed it at the oncoming Koenigsegg!

“Guys, did you see that? This is the man with the mind of a rich man, and in the near future, this will also be my ride.”

After bragging, the cockroach felt refreshed, but he was surprised to find that the Koenigsegg had stopped in front of him!

“Cheh, it’s You!”

Seeing Lin Yi in the car, the cockroach was dumbfounded, and so were the people in the live broadcast room.

How did an errand boy come to drive a supercar?

“What, are you surprised to see me?” Lin Yi said, “Aren’t you talking about the mind of a rich man? Keep talking, I’m listening.”

“No, no, no, Big Brother, stop messing around. You’re already in Koenigsegg, so why would you still listen to me?”

“The main thing is that I think you’re doing a good job. Keep talking, you’ll get a reward.” Lin Yi said as he held his phone. “What’s your room number? I’ll buy you a rocket.”

Qiang’s face fell.

You’re already so rich, so don’t tease me anymore!

“Hey, didn’t you say that if this brother can be successful in the future, he will go to your grandfather’s grave and dance upside down? He is already in a Koenigsegg, so he should already be successful,” said a nearby errand boy.

“Yes, yes, yes. Where is your grandfather’s grave? We will send you there!”

“F\*ck, don’t f\*cking heckle!” Cockroach said in exasperation.

“What, do you dare not do it?”

The errand boys didn’t dare to show weakness either. They spoke their minds freely.

At this time, Qiang’s live broadcast room was in chaos.

“The errand boys are actually mysterious rich second generation!”

“If you don’t go to your grandfather’s grave and do an upside-down disco, we’ll close the stream!”

“Sexy host, do an upside-down disco on the grave.”

Looking at the errand boys not far away, Lin Yi said,

“Brothers, I’ll leave first. I wish you a bright future.”

“Thanks Bro.”

Seeing Lin Yi leave, Qiang was so angry that he grinded his teeth. Because a large number of fans had closed his stream, the viewership had dropped 30%!

It was over for him!

On the way back, his phone sent a push message, showing that the order was completed.

However, it was a bad review.

At the same time, there was another notification, reminding him that he only had a 58% positive review rate now. He was to improve the quality of his service, thus increasing his positive review rate.

Lin Yi didn’t pay too much attention to it. He crossed out the message and continued to take orders.

Fortunately, he met a female owner on the next order. Her looks became a bonus, and naturally, he received a five-star positive review.

Sitting in the car, Lin Yi sighed with emotion.

'I'm already out running errands, can't I escape the fate of having to rely on my looks to earn a living?'

The mission progress was now at (8/10), and Lin Yi was ready to take on another job.

He looked at his watch and realized that it was already 11:30.

He couldn't take on another job since he had to go to Ji Qingyan's company to meet his two future subordinates.

Lin Yi threw his phone aside and drove to Chaoyang Group.

When he arrived at her office, he found her focused on the documents on the table.

She even took a pen from time to time to record something.

However, other than that, there was no one else in the office.

Lin Yi looked at his watch and found that it was already 12 o'clock, but the person that she suggested wasn't in the office.

What was going on? Was he more important than her?

Creak.

Ji Qingyan looked up when she heard the door open. She saw that it was Lin Yi, and a smile appeared on her pretty face.

"You arrived at 12 o'clock sharp. You're pretty punctual."

Lin Yi sat on the sofa. "I came on time, but I don't think my two subordinates did."

Ji Qingyan smiled mischievously and pointed at her kitchen.

"What do you mean? Is she inside?"

"You'll know when you go in."

Lin Yi didn't know what Ji Qingyan was up to, but he still went in to take a look.

He found a few ingredients on the stove, and that even the side dishes such as scallions, ginger slices, and garlic were all cut.

Seeing this scene, Lin Yi could already guess the person who did this.

No one else would do this except for Ji Qingyan.

Lin Yi stood at the door, leaning against the door frame.

"President Ji, you said you wanted to meet at 12:00. You must be trying to trick me. Did you want me to make lunch for you?"

Ji Qingyan chuckled. "No, no, they're late, but you're just in time for lunch. I wanted to make it myself, but now that you're here, I don't think you need me anymore."

“It’s okay, I can give you a chance to show off.” Lin Yi gestured. “Please start your performance.”

“No, if I do it, the kitchen won’t be able to keep up.”

Ji Qingyan’s pretty eyes turned into crescents. “I can promise you that I’ll make you something delicious after I learn how to cook.”

“In that case, hopefully I can live a few more years until then.”

Since he was here, he wouldn’t waste any more time. He went into the kitchen and immediately started working.

About 40 minutes later, four dishes and a soup were served. Although they were simple home-cooked dishes, they were very appetizing.

“Chef Lin, it’s been hard on you. I squeezed some mango juice this morning and brought it over for you,” Ji Qingyan took the initiative to say.

“That’s more like it.”

The dishes were all served. Ji Qingyan’s appetite was high as she prepared to eat.

Ding Ding Ding.

Just as Ji Qingyan was about to use her chopsticks, she heard someone knocking on the door.

“Come in.”

The office door was pushed open and a man and a woman came in from outside.

The woman’s figure was not as tall as Ji Qingyan’s, but she was definitely not short. She had a good-looking oval face and wore a semi-standard suit. She looked very formal.

The man standing next to her looked ordinary, but he gave off a refined aura.

Unsurprisingly, the woman was Ji Qingyan’s junior, He Yuanyuan.

The other person was her friend, Qi Xianzhao.

“Yuanyuan, you’re here early.”

“We’re going to meet our new boss soon. We can’t be late, right?”

He Yuanyuan glanced at Lin Yi as she spoke, smiling,

“Not bad, Senior. I didn’t expect you to find such a handsome chef for a private session. I have much to learn from you.”

Obviously, He Yuanyuan and Qi Xianzhao didn’t expect Lin Yi to be their new boss.

Ji Qingyan almost laughed out loud. “Does he look like a chef to you?”

“Isn’t he?” He Yuanyuan looked him up and down. “He’s not your new male secretary, is he?”

“Why would I want a male secretary?” Ji Qingyan complained.

“Of course he has to be good-looking. He’s good-looking and can cook. That’s killing two birds with one stone,” He Yuanyuan joked.

“He’s tall, handsome, and has a good figure. He’s obviously Senior’s type.”
